JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

TUESDAY, JANUARY 3, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Tuesday, January 3, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

Absent—Supervisors Mead, Shannon—2.

Quorum present.

Supervisor Ratto presiding (on motion by Supervisor Colman).

Supervisors Mead and Shannon excused.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of December 27, 1938, was considered read and approved.

Appointment of Hon. John F. McGowan, as Supervisor, Vice Hon. George R. Reilly, Resigned.

The following certificate of appointment was read by his Honor the Mayor:

THE CITY AND COUNTY OF SAN FRANCISCO
STATE OF CALIFORNIA

To All to Whom These Presents Shall Come: Greeting:

Reposing special confidence in the fidelity and ability of John F. McGowan I do, by these presents, by virtue of the authority vested in me by the Charter of the City and County of San Francisco, appoint him a member of the Board of Supervisors in and for the City and County of San Francisco, he to hold said office for the term ending January 3, 1942, from and after the 3d day of January, 1939, vice George R. Reilly, resigned.

In Testimony Whereof, I have signed my name and have caused the seal of my office to be affixed hereto this 30th day of December, 1938.

ANGELO J. ROSSI, Mayor.

(Seal)

Attest: E. CULLENWARD, Executive Secretary to the Mayor.

Supervisor McGowan Inducted Into Office.

Supervisor John F. McGowan, appointed by his Honor the Mayor to fill the unexpired term of George R. Reilly, was presented to the Board by his Honor, Mayor Angelo J. Rossi, who paid a fine tribute to the youth, character and integrity of the new appointee, wishing him every success in his important position as a member of the Board of Supervisors.

Supervisor McGowan responded briefly, after the introductory re-

marks by his Honor the Mayor, thanking his Honor for the honor bestowed upon him and expressing his pleasure at becoming a member of the Board of Supervisors.

All members of the Board, in brief congratulatory addresses, welcomed Supervisor McGowan to the Board.

Dan Hagerty, national representative of the Fraternal Order of Eagles, was also heard at length expressing his pleasure at the appointment of Supervisor McGowan.

Numerous floral pieces from the admirers of the new Supervisor surrounded his desk. Mrs. McGowan, seated beside her husband, spoke very briefly, expressing her confidence in her husband, and assuring the Board that he would fulfill the trust imposed in him to the very best of his ability.

Whereupon, the Roll was again called and the following were noted present:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roconvieri, Schmidt, Uhl—9.
Absent—Supervisors Mead, Meyer—2.

Thereupon, Supervisor McGowan was duly declared inducted into office.

SPECIAL ORDER—2 P. M.

Appeal From Assessment for Costs and Expenses of Work on Certain Streets in Hunters Point District.

Appeal from the assessment for costs and expenses of the work on Boalt street between Innes and Fairfax avenues, and certain other streets in the Hunters Point District, Section A, by grading and sewering.

No protests being filed, assessments were confirmed and the Clerk was directed so to notify the Department of Public Works.

COMMUNICATION AND ANNUAL MESSAGE FROM HIS HONOR THE MAYOR.

The following communication and message was received from his Honor the Mayor and ordered spread at length in the Journal:

CITY AND COUNTY OF SAN FRANCISCO

Mayor's Office—200 City Hall

January 3, 1939.

Board of Supervisors, January 3, 2:46 p. m., 1939, San Francisco.

The Honorable the Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: As required by the Charter, I tender herewith a general statement of the condition of the affairs of the City and County of San Francisco.

My letter, containing suggestions and recommendations on matters of moment, is incomplete, awaiting certain necessary data; but it will be handed to you in time for your early consideration.

Respectfully,
ANGELO J. ROSSI, Mayor.

MAYOR'S ANNUAL MESSAGE.

Office of the Mayor, San Francisco.

January 3, 1939.

The Honorable The Board of Supervisors, San Francisco, California.

Gentlemen: My message, as required by the Charter, follows:

Radio Broadcasts.

Since 1932, there have been sent, from the Mayor's office, nearly four hundred weekly broadcasts, concerning the administration of the affairs of the departments under the Municipality. These broadcasts, provided through the generous courtesy of the National Broadcasting Company, are reaching a constantly increasing audience of interested citizens, taxpayers and students of municipal government. Many letters are being received, attesting the value of these talks by our City officials. I am informed that other cities, profiting by San Francisco's example, are bringing to their people similar information, with credit all around.

This means of reaching and coaching the public originated in San Francisco, and I wish, again, to tender the thanks of our people to Mr. Don Gilman, Vice-President of the National Broadcasting Company, for his continued cordiality and co-operation, in allowing these broadcasts to go on, without any cost to the City and County of San Francisco. These thanks go also to the announcers and staff, who have so ably and considerately assisted our efforts.

In 1934, the National Broadcasting Company generously allowed a program of Christmas hymns and carols from San Francisco to be broadcast throughout the Nation and Canada. That program caused such a flood of telegrams and letters to come to me, that this Christmas Eve Sing has become an annual fixture. This annual courtesy merits the approbation and sincere thanks of all our people. The San Francisco Municipal Chorus and local singers of high repute join generously and enthusiastically in this presentation of the classics of Yuletide.

Golden Gate Bridge.

Now in its second year of operation, this great structure continues to attract thousands of tourists to San Francisco. Normal vehicular traffic between San Francisco and the North Bay has been more than doubled because of the time-saving and economical facilities offered by the Golden Gate Bridge resulting in a greatly enlarged and more intimately connected Metropolitan Area around the Bay.

It is significant that the saving to the motoring public in lower tolls now exceeds the total interest and operating expenses of the Golden Gate Bridge and Highway District, to say nothing of the great value of time saved by persons crossing the Bay. These factors are far more than ample to justify the taxpayers' faith in this $35,000,000 structure. In addition, the Golden Gate Bridge will always be a major attraction to people throughout the world and San Francisco will continue to enjoy a consequent increase in tourist travel.

A total of 5,399,383 motor vehicles crossed the Golden Gate Bridge between May 2, 1937, and October 31, 1938, resulting in revenue of $2,609,705.18. This included 4,886,671 passenger autos, 25,564 autos with trailers, 10,601 motorcycles and tricars, 165,625 non-revenue government vehicles, 49,595 buses and 261,327 trucks. A daily average of 10,353 vehicles used the Bridge during this period. Pedestrians passing through turnstiles numbered 410,826.

The outlook for the Golden Gate Bridge is very encouraging. The abandonment of auto ferry service and the improvement of approach roads, including the Funston Avenue Approach now under construction, are factors that reflect daily increases in revenue thereby lessening any probable necessity for a district tax levy to meet interest and operating expenses.

San Francisco-Oakland Bay Bridge.

As in 1937, this year's beginning brings a radical change in trans-bay transportation methods. On November 12, 1936, the San Francisco-Oakland Bay Bridge was opened to automobile traffic. Within a few days of this writing, electric trains will be running across the Bay Bridge, outmoding the slower passenger ferries. San Francisco will be bound even more firmly to Northern California and her neighbors on the east shore of the Bay.

The past year has witnessed the start and completion of construction activities which have created these new transportation facilities. The handsome, modern Bridge Rail Terminal, constructed by the State Department of Public Works, stands finished on Mission street, extending its great length from Beale almost to Second street. The viaduct, connecting link between Bridge and Terminal, which encompasses almost nine blocks, is finished, as are all units of major construction work on the rail facilities.

Everything is in readiness for Bridge trains and the beginning of a new era in transportation for San Francisco.

More than 60,000 persons will pour daily into the City from Key System, Interurban Electric and Sacramento-Northern trains. The latter will provide the first direct rail connection from the State Capital at Sacramento into San Francisco, and Northern California counties will thus be furnished an additional convenient entrance into the metropolis.

Approved and recommended by the Board of Supervisors, the Terminal site will permit 50 per cent of the passengers to walk to their destinations, thus affording a saving of transportation cost. Bridge trains will provide an average time saving on the round trip of about thirty minutes. Every convenience has been considered. The design of the Terminal will reduce walking to a minimum and prevent congestion. Although the trains will enter the structure at elevation, the vertical distance between the track floor and the mezzanine or street car level is less than ten feet, and the distance from the mezzanine to the street level is an equal height. A series of stairs and ramps provide ample ingress and egress to and from trains, while the structure has as many as fifteen entrances and exits.

It must, however, be noted that the pouring of 60,000 persons daily into San Francisco city streets within this given area is a problem to be coped with. In order that the City be in a position to take advantage of the benefits offered by the new rapid transit facilities across the Bay, we must find means of eliminating congestion in the surrounding streets and of providing methods by which these persons may safely and swiftly be permitted to reach their destinations.

That San Francisco may expect to reap benefits from this new transit system is certain. By the end of the year, when the Bridge was twenty-five and one-half months old, the approximate total number of vehicles crossing the span was 19,000,000, carrying an estimated 42,000,000 persons. Important also as indicative of San Francisco commerce and industry, was the number of freight pounds transported across the span. As of December 1, 1938, this totaled 1,707,260,076.

Chamber of Commerce reports show continued increase in attendance of sports events, theaters and night clubs, and attribute it in large part to the Bridge facilities.

A new highway feeder to the Bridge was constructed during the year. This is the connection to Treasure Island, over which thousands of motorists will be driving on and after February 18. Although the Exposition was not "Open for Business," but was available to the public only under limited conditions, the total number of vehicles traveling the span to Treasure Island from October 27, 1937, to November 30, 1938, inclusive, is reported by C. H. Purcell, Chief Engineer of the Bridge, to number 124,858. In November, 1938, alone, there were 28,001 vehicles visiting to the Exposition.

It is clearly indicated that the number of persons wishing to motor to Treasure Island will be great, and here again we are faced with a transportation problem which we must solve.

I cannot urge too strongly that we seize every possible advantage offered by the rapid transit facilities of the Bay Bridge, both highway and railway. Commercial and industrial benefits are to be reaped, but we must take care that local transportation conditions do not nullify the advantages offered.

Federal Projects.

Honorable W. Arthur Newman, district engineer of Procurement Division of the Treasury Department, advises of the following Federal projects in San Francisco:

A new underground two-story storage vault has just been completed at the New Mint at an expenditure of $200,000; provided with all modern facilities, elevator and the latest vault protection. Planting and trees around the approaches of this building, and other improvements, have been made during the past year, and new flood lighting is now being installed on the exterior.

Plans are being completed in Washington for a new Appraisers Stores and Immigration Station, at a cost of $4,250,000, to replace the present old Appraisers Building. Work on this building should commence during the coming year. In addition to the above, many laboratories and the National Park Service will be located here.

A block of land has been purchased at Spear and Mission streets for the new Parcel Post Building, to cost $2,000,000. Surveys have been made and working drawings are nearing completion in Washington. Contracts are expected to be awarded for construction early in 1939.

In preparation for the Exposition, exterior painting, etc., is being done at the Custom House, Old Mint, and new flood lighting on the Fulton street facade of the Federal Office Building.

Half a million dollars is now being expended for modernization at the Alcatraz Island Penitentiary.

During the past few months additional improvements have been made to the recreation facilities at the Marine Hospital, and remodeling and improvements at the Post Office and Court House building, Seventh and Mission streets.

An appropriation of $300,000 is available for a new Quarantine Station at the Presidio. Site has not yet been selected.

Municipal Court.

For the period January 1st to November 15th, 1938, the following is a concise report of the administration of the Municipal Court of the City and County of San Francisco.

A total of 18,692 cases were handled, 11,787 having been civil actions and 6,905 small claims. In the Criminal Department, 101,060 proceedings were filed.

Official and pauper actions filed, and for which no fees were collected:

Civil Department, 253; Small Claims, 2,561.

Receipts, $216,701.75; expenditures, $198,622.99; excess receipts, over expenditures, $18,078.76.

Public Defender.

The work of this office increased during 1938 as the following will show: Cases handled in all courts 1,360, as against 1,163 in 1937; appearances in all courts, 3,123, as compared with 2,201, in 1937; Superior Court cases handled 510, as against 476 in 1937; approximately 43 per cent of all the cases were handled in the Criminal Department of the Superior Court.

During the past year, in the Municipal Court, 203 persons who were obviously guilty, on the advice of the Public Defender entered pleas of guilty in felony charges as compared to 159 during 1937. These

were certified to the Superior Court. These pleas of guilty saved much time to the courts and resulted in great saving to the City and County.

The office of Public Defender is conducted by Gerald J. Kenny, two assistants and one clerk-stenographer. Although not so required by the Charter, advice is given to indigent persons on civil matters. During 1938, 3,480, as compared to 3,086 in 1937, received advice or information.

The office of the Public Defender during 1938 was conducted on the same budget as in the previous year.

Police Department.

The 1937-8 annual report of the San Francisco Police Department gives a clear picture of its organization and operations, and also bears out our belief that crime is on the decrease in San Francisco and, if one were to compare our report with those of other cities of comparable size, it would be found that San Francisco has a lower ratio of crime per capita of population than any of those other cities.

Before drawing your attention to certain interesting statistics, may I again remind you that ours is one of the major seaports of the world and one of the most cosmopolitan cities; that there is great wealth here; that San Francisco is a mecca for tourists and famed as a convention city. Also, that when organized crime flourished in other metropolitan cities, San Francisco remained free of its scourge. And, although a check of the population of San Francisco reveals that our population has increased approximately 25 per cent during the past ten years, the numerical strength of our Police Department has not been increased proportionately but has, on the contrary, actually decreased, per capita of population.

Concluding the reorganization of the Police Deparament, as outlined and commenced in 1936-7, the North End Police District was consolidated with the Ellis-Polk and this new district is now known as the Northern District. The old North End Station was the fifth Police Station to be closed in accordance with the recommendations of the Survey Committee.

To give residents in the Bay View District more police protection by obviating the necessity of patroling officers losing considerable time journeying from the Ingleside Police Station to their posts of duty in the Bay View District, it was considered expedient to re-open the Bay View Station as a sub-station of the Ingleside. This was done, with a Sergeant in charge of each watch, and has resulted in more efficient covering of the district by patroling officers.

As a result of the reorganization of the Department, its salary total for the fiscal year 1937-38 was $41,880 less than for the preceding year, notwithstanding the fact that six new key positions in the Department and three civilian positions were created in accordance with the reorganization program. It is interesting also to note that the salary total for 1937-38 is $4,717 less than the average salary total for the past ten fiscal years.

San Francisco still leads other cities in the percentage of recoveries of stolen automobiles, our records showing that during the past fiscal year we recovered slightly more than 98.9 per cent of all cars reported to us as stolen. We find, too, that during 1937-8 our average of auto thefts was 13.98 per cent less than the average of such crimes for the preceding ten fiscal years. Over the same periods, our report shows that burglaries decreased by 28.31 per cent and robberies by 32.19 per cent. These are statistics of which any city could well be proud.

In comparing San Francisco with all California cities and with all cities throughout the United States, we find from figures compiled in Washington, D. C., that San Francisco has, per hundred thousand population, the lowest minimum during the past five years of the crimes of murder, rape, robbery and burglary.

Our figures for major crimes in San Francisco, as compared with cities of a similar size throughout the United States, prove conclusively that San Francisco is one of the best policed cities in the country. J. Edgar Hoover, Director of the Federal Bureau of Investigation, recently called San Francisco "The white spot of the nation" as far as its low ratio of crime is concerned.

The Bureau of Special Services—one of the six key point units of the Department created under the Police Reorganization Plan—has conducted vigorous drives against organized vice such as gambling and prostitution. In addition to continuous raids, arrests and vigorous prosecution in cases of illegal gambling within the City and County during the past fiscal year, 235 slot machines were destroyed.

Two of the details from the Bureau of Special Services which are unique in police organizations are deserving of commendatory mention. One of these is the detail of plain clothes officers which constantly patrols parks, playgrounds, neighborhoods of schools, theaters and other places where may be found the types of persons who prey on unsuspecting women and children. By repeatedly arresting such persons as vagrants or degenerates, the police have succeeded in reducing crimes against women and children to a minimum. So marked is our low rate of such crimes, that a number of other metropolitan cities have organized similar details for this purpose. Ours was the first city to drive against individuals who might perpetrate crimes against women and children. We are reaping the regards of these efforts.

The other special detail referred to, is the Big Brother Bureau. This detail functions to prevent crime by preventing the development of the criminal. Thus, during the past fiscal year the detail advised and materially assisted 1857 boys who were delinquent or potentially delinquent and as such, potential criminals. Again, other police departments are following our example and we find that in nearly every city police consider as a major crime preventive measure, the winning of the confidence and friendship of the city's boys, particularly those who are potential delinquents.

Although San Francisco is so laid out that traffic is a serious problem, the police, through their efforts and vigilance, have kept the streets safe for driving and traffic moves as swiftly and smoothly as conditions will permit. Our School Traffic Patrol, cooperating with and working under the jurisdiction of the Police Department, has maintained our proud record that not one child was killed at a school crossing during the past year.

As a P. W. A. Project, all departmental records for the past ten years were rearranged and filed in such a manner as to be of easy access. This project also included the drawing up of forms for crime reporting, charts, etc.

A new Identification Bureau, complete in every detail with chemical laboratory, fingerprint department, filing department, ballistic department, etc., has been constructed on the roof of the Hall of Justice, also as a W. P. A. project. This new construction group is absolutely fireproof and the most modern in the United States. It will have ample space for filing millions of fingerprints and photographs of criminals, in addition to the 1,500,000 at present on file.

Every celebration in San Francisco demands heavy police details to see that the event is not marred by crime or accident. With our comparatively small personnel, this means that many of our men are required to work hours over their regular tours of duty and it is not unusual for many to work two whole watches of eight hours each without a break. When one considers that such events as after-football game parties, Christmas and New Year are celebrated in San Francisco without a wave of crime accompanying them, one must appreciate the high calibre of the police who must work both day and night to achieve such results.

During June, 1938, there were nine national and two international

conventions held in San Francisco, which drew many thousands of delegates to the city. Most of these were accompanied by members of their families and in addition, there was the usual summer influx of tourists. Yet, not one of these thousands was victimized by thieves, confidence men or other criminals who might be expected to attempt to operate among such gatherings. The Northern California Hotel Men's Association adopted a resolution commending the San Francisco Police Department for its vigilance.

In the past fiscal year also, perhaps the largest gathering of people ever massed in a small area in San Francisco was policed successfully by our Department. The occasion was the Chinese Rice Bowl Party, when thousands of people packed the few blocks which comprise Chinatown, and traffic for blocks around was congested. There was not a single crime or accident reported as a result of these congestions. Our officers arrested two known pickpockets, recognized in the crowds on the streets before they had a chance to attempt to operate. At the same time, while this celebration was in progress and homes were left unguarded, police vigilance in the residence districts was such that there was no wave of house-breaking.

In line with its policy of anticipating every possible contingency and preparing to meet it, our Department during the past year has been working out an elaborate program for policing San Francisco and Treasure Island during the Exposition. These plans have called for hours of painstaking study on the part of our personnel of the photographs, descriptions and modus operandi of criminals from all over the world who might be drawn here by the Exposition.

I believe it will be found that The San Francisco Police Department is second to that of no other in the United States.

Fire Department.

The San Francisco Fire Department responded to 7670 alarms of fire during the first eleven months of the year, or an average of 23 each day, practically one every hour, day and night, throughout the year.

Fifteen per cent of these alarms were turned in for causes other than fires, or were false alarms, which adds up to about 19 actual fires starting every day in this city. Included therein were 46 second alarms, 17 third alarms, 3 fourth alarms, and one fifth alarm, and any one of these presented a serious hazard to the lives and property of our citizens, and unless promptly checked, might have caused a great conflagration.

This is the reason why San Francisco has to maintain a fire department of sufficient strength to meet all demands, an adequate force of well-chosen, well-trained, and properly disciplined personnel, combined with the best of mechanical equipment.

Our fire department today is composed of 47 engine companies, 16 hook and ladder truck companies, 12 chemical companies, one rescue squad, and 2 fire boat companies. These are augmented by special apparatus, consisting of 4 water towers, 2 searchlight engines, 1 air compressor, 1 fuel wagon, 1 wrecking truck, 1 coffee wagon, and 3 valve operating trucks.

New apparatus purchased during this year included 2 modern aerial trucks, equipped with quick-hoisting, 85 ft. extension ladders, especially designed to meet our local conditions, 2 pumping engines, 1 battery wagon, 2 water tank apparatus, 2 chief's automobiles, and 10,000 feet of fire hose.

For the protection of the Golden Gate International Exposition, a fire department was created on Treasure Island, consisting of 2 battalion chiefs, 2 chief's operators, 4 captains, 10 lieutenants, and 59 firemen, to serve during the duration of the Fair. In addition, one of the two fireboats of the city will be stationed on Treasure Island, adding 1 captain, 1 lieutenant, and 12 firemen to the force, not counting the 10 men constituting the marine crew of the boat.

The fire apparatus stationed on Treasure Island consists of 1 chief's automobile, 2 pumping engines, 2 hook and ladder trucks, 2 water wagons, 1 hosewagon with turret nozzle, one hose tender, and 13,000 feet of fire hose, to which will shortly be added one fire boat and 3000 feet of fire hose.

This amount of personnel and equipment must of necessity be maintained on Treasure Island, because of the long distance which fire apparatus from the mainland has to travel in response to alarms of fire, but regular assignments of city apparatus have been made, the same as in any high-value district of the city, and, in case of need, such apparatus will respond without delay.

The San Francisco Fire Department, including the Treasure Island contingent, is an organization which is forever striving to live up to the best traditions of the fire service. Well trained, well disciplined, and equipped with the best of modern fire apparatus, directed by a Chief Engineer of widely recognized ability, and a staff of officers who are experienced and competent, we may with confidence entrust the security of our lives and of our property to their care.

Civil Service Commission.

During the year ending December 1, 1938, the Civil Service Commission completed 99 examinations, 43 of which were promotive and restricted to civil service employees already in the service. There were 24,811 applications filed for these examinations and of this number 5545 of the candidates were successful in securing standing on lists of eligibles.

The Commission certified during the same period for permanent appointment in accordance with civil service provisions of the charter 810 persons. Appointments were made to 2320 temporary positions.

The Commission has rigidly enforced charter provisions governing civil service. The responsibilities of the Civil Service Commission in respect to classifications, pay schedules, appointments, and approval of payrolls extend into every department of the municipal government. By reason of this fact, it is inevitable that differences of opinion will arise between the Commission and the employees and department heads on occasion. The Commission must have the support of the various officials and department heads and employees in its effort to build a sound and vital merit system in the municipal government. We have heard in recent months of unfortunate occurrences in other civil service jurisdictions in this state and I commend the Civil Service Commission of San Francisco and its loyal staff for keeping the administration of civil service in San Francisco on a high plane of integrity. Differences of opinion over minor details are of no consequence and of no importance so long as we have an honest and virile civil service.

Board of Education.

Intense interest of our citizens in education was reflected in the approval of a $2,800,000 short-term bond issue for public school buildings at a special election held on September 27th. The vote in favor of these bonds was the largest ever given to any public school project in the history of the city.

The terms of this bond issue are most favorable to the citizens of San Francisco, in that 45 per cent of the cost of all buildings erected under its provisions will be furnished by the federal government as an outright gift under the terms of a P. W. A. grant.

While the school building program is largely one of replacement, the proceeds of the bond issue and other available funds will make possible the erection of a new senior high school in the Parkside District, a new junior high school in the outer Mission District, erection of a science building and two gymnasiums at the San Francisco Junior College at Balboa Park, a second unit of the new Samuel Gom-

pers Vocational School in the inner Mission District, and the completion of gymnasium and recreational facilities at the George Washington High School in the Park-Presidio District.

Buildings to be constructed under the bond issue are:

Permanent Junior College Buildings (Balboa Park), $400,000; Abraham Lincoln Secondary School—1st Unit (Parkside District), $750,000; Outer Mission District Secondary School, $900,000; Samuel Gompers Trades School—2nd Unit, $190,000; George Washington High School Auditorium, $250,000; Mission High School Playground, $65,000; Kindergartens—F. S. Key, Visitacion Valley, Glen Park, $85,500; total, $2,640,500.

In addition, the Board of Education has under way a supplemental building program totaling $1,793,400, forty-five per cent of which will be paid by the Federal Government and the balance from funds already on hand. These projects are:

Junior College Academic Unit, $800,000; George Washington Gymnasium and Field, $400,000; Horace Mann Gymnasium and Cafeteria, $125,000; Marina Junior High Auditorium, $200,000; Portola Junior High Auditorium, $79,500; Franklin School Addition, $53,200; Francis Scott Key Auditorium, $60,000; Lawton Auditorium and Kindergarten, $75,700; total, $1,793,400.

Although total estimated cost of the immediate building program is in excess of four million, four hundred thousand dollars, it should be noted that an amount in excess of eight millions, would be required, to bring the school building program up to present-day needs as expressed by the Board of Education, educational experts, parent-teacher association and community groups.

Jurisdiction of the Unified School District is vested in a Board of Education composed of seven commissioners nominated by the Mayor for five-year terms, one or more of which expire annually. It is interesting to note that five of the seven commissioners are now serving their second term in office and two are in their third term, providing stability of trusteeship for future years.

The position of commissioner of education has attracted the highest type of citizen and the increasing confidence of the people in their schools is manifested by the large majorities by which the nominees of the Mayor are confirmed each year.

As Executive for the Board of Education, the Superintendent of Public Schools has immediate jurisdiction over a junior college, eight high schools, ten junior high schools, eighty-two day elementary schools, a new trades school, a day continuation school and five evening adult education centers, the latter operating each evening during the school year. Included in the day schools are The Sunshine School for health and orthopedic cases, Gough School for the deaf, a diagnostic school and a school for retarded children.

During the fiscal year 1937-38, the cost of operating this far-flung system, accommodating 109,773 pupils, taught by 3072 teachers, was $9,826,242.30. Of this amount $4,636,817.39 was furnished by the State of California, almost half of the total cost, derived from the sales tax and apportioned on the basis of $60 for each child in the elementary school and $90 for each child in attendance at the high school or junior college level. It should be observed here that no state subvention is made for children at the kindergarten level which is fixed at the minimum age of 4 years and 9 months, by state law.

San Francisco Public Schools have been undergoing a gradual reorganization since 1923, from what is known to educators as an 8-4 basis (eight years of elementary school and four years of high school) to a 6-3-3 program, (six elementary grades, three years of junior high school and three years of high school). The total number of years in school is the same. The marked difference has been in the establishment of the junior high school. At present there are 10 junior high schools accommodating 12,649 pupils from 52 sixth grade elementary schools. Awaiting the erection of additional junior high schools,

the remaining seventh and eighth grade pupils are accommodated in 19 elementary schools containing seventh and eighth grades, graduating directly into three senior high schools which operate on a four-year program. It will thus be seen that the complete transition to the 6-3-3 program awaits the construction of additional junior high schools.

The problem of the Public Schools has gradually changed in recent years from one of educating a selected group of children in academic subjects to that of training a larger group for well-rounded citizenship, also. Our educators have recognized new responsibilities under the compulsory education laws, which set as a minimum that children must attend school until they attain their eighteenth year or are previously graduated from a senior high school. The Superintendent of Schools, and his Board of Deputy Superintendents, are keenly conscious of this problem and are constantly striving to attain better results.

Registration in the San Francisco Public Schools which suffered a slight decline because of a decreased birth-rate from 1933 to 1936 rose sharply in the year 1937-38 when 5489 additional pupils registered, bringing the total school population to 109,773, according to figures submitted by the Bureau of Educational Research, the statistical arm of the school department. Approximately 2500 of this number was graduated in December, 1937, thereby lessening the total for the last six monthts of that school year. The school population of San Francisco in many districts is stable but in others shows a marked fluctuation from year to year, thereby presenting a constant problem of housing. This is met at present in many schools by the erection of portable wooden bungalows which adjoin the main school building. At the present time there are 83 such structures in use to meet emergency conditions brought about by transient residents and change in population trends. In other districts, the permanent building population is accommodated by utilization of other special rooms originally intended for other purposes, such as the school auditorium or cafeteria, activities room and library. This problem is a constant one.

It was my pleasure to renominate for membership on the Board of Education for a five-year term, Honorable Richard E. Doyle. The splendid vote of confirmation given this nomination by the people was eminently justified by the outstanding service rendered by Commissioner Doyle since he became a member of the Board of Education in 1932.

Employees' Retirement System.

The Retirement System included 11,939 employees at June 30, 1938. During the fiscal year ending on that date, 187 members were retired because of age or disability and 112 active members died. Many of the positions thus vacated were not filled.

During 1937-38, 127 retired persons died, and on June 30, 1938, there were 1802 persons receiving allowances under the Retirement System, this number including aged and disabled members retired from the several departments and also retired firemen and policemen, and their widows, where retirement allowances were continued to them or death resulted while in performance of duty.

The administration of the State Compensation Insurance Law, as it affects all city employees, is centralized under the Retirement Board. Reports of all injuries among approximately 12,200 employees are made to the Retirement Office and claims are adjusted and benefits paid in accordance with the State law and Charter, the City and County acting as self-insurer in relation to all employees.

During the fiscal year 1937-38, 911 compensation cases were handled, under which either weekly benefits or medical expenses were paid. Approximately 1525 additional cases were handled which were not of sufficient severity to qualify for compensation benefits of any kind.

The investments of the Retirement Fund at June 30, 1938, totaled $21,635,892, as against $19,643,000 as of June 30, 1937.

Assessor.

The three main problems confronting the Assessor's Office during 1938 were:

1. The production of the annual Assessment Roll, totaling $971,901,241.

2. Continued studies in the application of modernized assessment standards to make San Francisco's Assessor's Office a model of fair and intelligent treatment to the taxpayers' problems.

3. Carrying on a complete physical inventory of every building in the City and County, coupled with a similar preliminary survey of all land.

A new low record was set this year in the number of taxpayers appearing before the County Board of Equalization to seek reductions. Only 279 applications were filed while in the past the Board has received over 2500 complaints in one year.

A complete, detailed record of over 45,000 buildings was set up by the Building Valuation Division this year, and so far, preliminary survey of 20,000 parcels of land made. When this survey is completed, San Francisco property owners will have visual evidence of the equitable distribution of the tax burden. This knowledge, that each person is bearing only his just share of taxes, will do away with most of the complaints heard against our local government.

National recognition was given to San Francisco's Assessor's Office this year when the National Association of Assessing Officials chose Assessor Russell L. Wolden as one of the six members of its executive committee—the first time the West has been so honored.

A comparison of the 1938 and the 1937 assessment rolls follows:

	1938	*1937*	*Increase*	*Decrease*
Land	$322,417,683	$324,542,933	.....	$ 2,125,250
Improvements	341,878,215	336,291,216	$5,586,999	.....
Tangible Personal Property	78,005,290	78,692,121	.....	686,831
Solvent Credits	121,647,347	132,169,286	.....	10,521,939
	$863,948,535	$871,695,556	$5,586,999	$13,334,020

Total	$971,901,241	$991,235,246	.....	$19,333,945*

*Decrease on intangible property only.

Tangible property (subject to full rate) shows increase.

Sheriff.

The following activities are indicated in the report of Daniel C. Murphy, Sheriff of the City and County of San Francisco, for 1938:

County Commissions, fees and mileage, $30,115.78; Cash Receipts under writs of attachment, executions, fee deposits by plaintiffs, and cash deposits by defendants in lieu of undertakings on release of attachments, etc., $170,385.70; Sales of Personal Property after deduction of County Commission and fees, $25,165.43; Sales of Real Property, $47,925.73; Receipts; Grand Total, $273,592.64.

Process and Papers Filed and Issued.

A classified list of all process and papers filed and issued for this same period is as follows:

Bonds (Personal and Surety), 66; Claims of Exemption—Notice of Preferred Claims—Releases—Third Party Claims, 1833; Claims and Delivery and Writs of Replevin, 121; Miscellaneous, 207; Notices, 301; Orders of Arrest, 102; Orders of Examination, 23; Orders to Show Cause, 300; Subpoena, 160; Summons (Civil Actions), 2310; Writs of Attachment (Personal Property), 7551; Writs of Attachment (Real Property), 193; Writs of Execution (Personal Property), 7255; Writs of Execution (Real Property), 101; Writs of Possession, 260; Certificates (Issued), 37; Deeds (Issued), 11; Total, 20,831.

Under and pursuant to such Writs of Attachment and Writs of Execution, most of the personal property levied upon consists in the form of garnishments. However, under that type of Writs, including Claim and Delivery and Writs of Replevin, the following personal property sales were consummated: Sales, 113; Amount, $25,165.43. The process under and pursuant to which these so-called evictions are made is termed "Writ of Possession" and will hereinafter be referred to by that name and will be enumerated under the classified list of process captioned: Writs of Possession received or filed, 266; Possession to Plaintiff, 194; Unexecuted, 45; Number of forcible evictions, 27.

County Jail—Numbers 1, 2, 3 and 4.

The monthly average population of inmates confined in all San Francisco County Jails for the fiscal year July 1, 1937, to June 30, 1938, both dates inclusive, is as follows: Total for 12 months, 8673.8; Average per month, 722.8. There were 445 Federal male and 35 Federal female prisoners received during this period with a daily average of 50. The amount (total) received from the United States government for maintenance and subsistence of Federal prisoners for the fiscal year July 1, 1937, to June 30, 1938, was $15,048. During the calendar year of 1938 there were 829 male patients and 531 female patients transported from the Detention Hospital to various State institutions. From our County Jails 147 male and 9 female prisoners were transported to State penitentiaries and other correctional institutions during this same period. The transportation of these persons is under the direct supervision of the Sheriff and follows the procedure authorized on January 13, 1936, of Ordinance 7.062, Bill 890. All surplus money received from this source is deposited with the Treasurer of the City and County of San Francisco by the Sheriff. This new procedure, adopted by the Sheriff, has resulted in a saving to the City and County of San Francisco of $6,061.35 during the last year.

Articles sold in County Jail stores for the convenience of prisoners amounted to $5,191.24, which was deposited with the Treasurer, as provided by ordinance.

Public Utilities Commission.

San Francisco's municipal utilities added to their record of improvement of service and profitable operation during the past year. I refer briefly in the following paragraphs to the operations of individual utilities during 1938:

Municipal Railway.

The Municipal Railway at the close of this calendar year had completed its twenty-sixth year of operation and has continued to furnish the best service possible to patrons and residents of San Francisco. The rate of fare has remained unchanged at 5 cents with free transfer privilege.

Revenues have continued to increase. Operating revenue for the year 1938 amounted to $3,778,716, an increase of $485,074, or approximately 14.7 per cent over the preceding year. This healthy increase in street

car riding for the fifth successive year is gratifying. Partially, this increase is due to increases in rates of fare granted to the larger of the two competing privately-owned street car companies operating in San Francisco.

The increase in patronage of the Municipal Railway during the past year resulted in serious overcrowding of street cars. Continuing its policy of placing profits back into the system in the form of increased service, the Public Utilities Commission added 120 extra car trips daily to the various Municipal lines in June and added 35 trips more in the month of August.

The increase in car and bus hours operated over the previous year was 68,552, or 7.7 per cent. All available street cars owned by the Municipal Railway are now in operation during peak hours of travel.

After providing for the cost of the additional service operated to keep pace with the increased travel, increasing the provision in cash for depreciation to $227,500, and providing $113,362 for accidents for the year, a cash surplus of $290,845 is found as against the cash surplus of $206,282 for the year 1937.

Ordinance No. 4.0521, which provides for sick leaves with pay for employees, required an expenditure of $38,500 by the Municipal Railway for the past year.

Track, roadway and equipment have been maintained in excellent condition, the sum of $385,352 having been expended for this purpose. Fifty-four car bodies and 11 buses and service trucks were overhauled and painted, 1.70 miles of single track were reconstructed, 111,591 square feet of asphalt paving were removed and 53,460 square feet of concrete paving base were replaced.

Capital expenditures and replacements amounted to $266,153, including $140,000 for construction of the Bay Bridge Terminal loop. Six new modern transit type motor coaches were purchased at a cost of $62,900 to replace obsolete equipment and improve service.

On December 1 the sum of $100,000 in bonds of the railway was retired from earnings, so that there now remains an indebtedness of only $1,400,000 against the Municipal Railway properties, which are conservatively valued at $10,000,000.

Over 98,100,000 passengers were carried during the year, an increase of 13,300,000 passengers over the previous year. This is the largest number of passengers carried in one year in the history of the Municipal Railway. Street cars and buses traveled a distance of 9,550,000 miles, an increase of 590,000 miles over last year. Cars and buses operated over 961,800 hours, or 68.500 hours more than the previous year.

Water Department.

The San Francisco Water Department continues to write an enviable record of achievement as it further demonstrates the wisdom of the citizens of San Francisco in acquiring ownership of this utility.

Effective January 1, 1938, new lowered rates were provided for large commercial and industrial users and for wholesale quantities to outside communities. This reduction is the fourth in a series inaugurated by the Public Utilities Commission and was designed to stimulate the sale of available surplus water and so increase revenues as to make possible further general rate reductions. This reduction also places San Francisco's water rates to large payroll industries on a comparable basis with those offered by other large cities, thus being a further general benefit to the entire City by helping to attract new industries. Benefits of the several rate reductions made under City ownership now approximate a saving to consumers of $1,000,000 yearly, with a total saving well in excess of $3,000,000, as compared to rates under the previous private ownership.

On May 1, 1938, Redwood City, induced by the lowered rates, doubled its water purchase to approximately 1 million gallons daily. The City

of Palo Alto has taken 1 1/3 million gallons daily since completion of the Palo Alto pipe line on August 3, 1938.

The full effect of these and other increases is not apparent in figures for this year as they have been in effect for only a part of the year. However, this aggressive policy of promoting sales has, despite the general business recession, increased water consumption for the first ten months of the year to 59½ million gallons daily, which is again an all-time high and represents a gain of ¼ million gallons daily over the preceding year.

Water sales revenue for the first ten months of the year amounted to $5,713,501 and net profit from operations was $2,566,353 as compared with $2,790,402 for the same period of the preceding year. The loss of $224,049 in net profit consists of a loss in revenue of $101,587 and an increase of $122,462 in expenses. The loss in revenue is due to rate reductions not yet offset by increased sales and to the general decline in business. The increased expenses are mostly due to additional interest payments on the 1933 Water Extension Bonds being charges to operations.

Maintenance work has been carried on so as to keep the Department's properties in their usual high state of efficiency.

The construction program under the $12,095,000 1933 Public Works Administration bond issue was completed during the year. The major items of this project, giving more reliable and greatly improved service to every section of the City, are briefly described as follows:

The installation of 21 miles of 54-inch to 76-inch pipe for a second Bay Crossing Pipe Line, making possible a total delivery of 114 million gallons daily of Hetch Hetchy and Calaveras water into the Crystal Springs Reservoir.

The laying of 18 miles of 60-inch pipe to transport an additional 53 million gallons daily of water from the Peninsula reservoir into San Francisco.

The construction in the City of three concrete lined and covered distributing reservoirs having a combined capacity of 185 million gallons and bringing the total storage capacity inside the City from the previous slightly more than two-day supply up to the present six-day supply. This storage within the City is of inestimable value in the event of serious damage to any of the transmission mains leading into the City.

The replacement of some 70 miles of inadequate 1½-inch and 2-inch mains with 6-inch and 8-inch mains, and the installation of an additional 55 miles of 6-inch to 60-inch mains in all sections of the City, thus greatly improving domestic service as well as adding immeasurably to the City's fire protection.

Careful laboratory control is maintained at all times to insure the high standard of sanitary and potable qualities of our water supply.

The fourth consecutive winter of normal rainfall has made possible the maintenance of maximum storage in the local Peninsula and Alameda reservoirs. An all-time high of 61 billion gallons of storage in these local reservoirs was reached at the end of the past run-off season.

A resume of the financial results of the City's operation of the Water Department from March 3, 1930, to October 31, 1938, shows gross income of $59,664,331 and operating expenses of $35,756,882. The net income of $23,907,449 was used for:

Contribution to the City's General Fund	$8,085,418
Bond Redemption	9,363,594
Additions and Betterments	4,528,198
Contributions to Hetch Hetchy Project	1,815,991
Miscellaneous	114,248

Hetch Hetchy and Utility Construction.

The enlargement of O'Shaughnessy Dam, raising the crest to a height of 312 feet above streambed and 430 feet above the lowest point of the foundation, was completed July 1, 1938, and the enlarged dam was dedicated with appropriate ceremones October 16. The increased ca-

pacity of 117 billion gallons now provided for in Hetch Hetchy Reservoir insures the uninterrupted supply of water for many years, in any required quantities, to San Francisco and neighboring communities and makes possible the operation of Moccasin power plant at full capacity throughout each year, with consequent increase in revenue from operation.

At Moccasin and at Priest Reservoir, nine new cottages have been built for employees.

Construction of the Palo Alto pipe line was completed, and the line placed in service. It serves the City of Palo Alto and Stanford University, and also supplies water to the Army Air Base at Sunnyvale through a line laid by the Army.

The $4,300,000 building construction work for the Golden Gate International Exposition on Yerba Buena Shoals (Treasure Island) under P.W.A. regulations, with the City acting as sponsor through the Public Utilities Commission, has been completed. The Commission's Bureau of Engineering supervised this work.

Hetch Hetchy Power.

As pointed out in my message of last year, the U. S. Government brought suit in the local U. S. District Court to enjoin the City from delivering Hetch Hetchy power to the Pacific Gas and Electric Company under the contract of July, 1925. Judge Roche on June 28, 1938, rendered his decision which was adverse to the City. In it he allowed the City six months in which to comply with his interpretation of Section 6 of the Raker Act. The City Attorney has appealed from Judge Roche's decision and the execution of the decision of the lower court has been stayed until the appellate court has ruled. September 7, 1938, the Public Utilities Commission submitted to the Board of Supervisors Plan Eight covering the acquisition of the local electric distribution plant of the Pacific Gas and Electric Company, and setting forth the financial results of municipal distribution under this plan.

The enlarged O'Shaughnessy Dam was used to its full capacity in storing water during the past year. This storage on the Tuolumne River greatly mitigated the damages from floods in the San Joaquin Valley several times during the year.

Street and Public Building Lighting.

The widening and improvement of streets has made it necessary to install many additional street lights of the modern type. Inability to provide funds for city-owned lamps has necessitated that these new lights be installed by the Pacific Gas and Electric Company under its annual street lighting contract. Also, new lights are being installed on the streets south of Market adjacent to the Bay Bridge Terminal, thus adequately lighting the pedestrian lanes leading to this important station.

During the year effective steps were taken toward reducing the cost of gas and electric supply to many City departments.

Street Railway Transportation.

Failure to secure approval of the Public Utilities Commission plans for rapid transit caused that body to take the only logical step toward necessary improvement of local transportation. The Commission submitted a proposal for the acquisition of the Market Street Railway and the combination of its property with that of the Municipal Railway in one system. This was submitted to the voters at the August primary and was defeated.

The Citizens' Transit and Traffic Commission, which I appointed, submitted a report which proposed the continuation of this Committee's activities over a period of between three and four years and its support with money to be raised by a special tax levy. The Committee's proposal was submitted on the August ballot and was likewise defeated.

Thus within little more than a year three different propositions have been submitted by the administration for the solution of this most important civic problem. None of them have received the support of the citizens. Not accepting defeat, I called together the City officials interested in traffic and transportation, and have put the problem up to them with the request that they submit at a very early date, a plan or plans which will relieve the present intolerable situation and meet the approval of the voters. They have submitted a number of suggestions for immediate relief and recommend the employment of an engineer to report on the entire problem.

During the year the Market Street Railway, under sanction from the California Railroad Commission, dropped the previously authorized 2-cent charge for transfers and raised its fare from 5 to 7 cents, or 4 rides for 25 cents. This fare has not provided the financial relief required by the railway and it has again petitioned the Railroad Commission for additional fare increase. To this request the Commission has replied by suggesting that the company first seek relief from the Board of Supervisors through the elimination of jitney competition and authority to abandon a number of unprofitable lines. If the Board of Supervisors fails to provide this relief, the Railroad Commission has indicated its willingness to comply with the company's request for a larger fare.

Local transportation is now poor and growing worse. Prompt and far-reaching action must be taken before irreparable damage is done our City.

Train service over the San Francisco-Oakland Bay Bridge will be commenced shortly. Both the Municipal and Market Street Railways lacked proper track connections to the terminal station. The Market Street Railway could not provide money for their half of the cost of building new facilities, necessitating that the Municipal Railway make the complete installation. The work is now nearing completion and under contract the Market Street Railway will pay rental and maintenance costs for the tracks which its cars use in serving transbay train passengers.

San Francisco Airport Department.

Marked progress in the major development program under way at San Francisco Airport has been made during the past twelve months. The work was begun a year ago with funds from the $2,850,000 bond issue endorsed by the voters in November, 1937, and today a 9200-foot seawall has been built around a 300-acre tide flat area being reclaimed for airport use. Actual reclamation work within the seawall enclosure is now under way, and when completed our airport will have a landing field area more than twice its present size, fully adequate for handling the largest transports now under production and those planned for the future.

On August 23, 1938, the City and County of San Francisco signed a contract with Pan American Airways which guarantees that our City will remain the nation's aerial gateway to the Orient. Taking advantage of the excellent seaplane facilities now provided at Treasure Island, our City's second airport after the Exposition, Pan American Airways have established their Pacific coast base at that site under a ten-year lease, with renewal option of another ten years. The company will spend some half million dollars in equipping the base with shops, ramps and quarters. Thus a dual purpose is served. San Francisco's Exposition guests from all over the world will have the enviable privilege of watching complete operations of the giant 72-passenger clippers, and our City's position of major importance in transoceanic and round-the-world air commerce is definitely assured.

The seaplane harbor being provided at San Francisco Airport will house an important base of the United States Coast Guard, for which Congress has already appropriated funds. Work on this seaplane har-

bor is progressing steadily. It will likewise provide facilities for all classes of seaplane and amphibian operations.

Within the next 30 to 60 days a radio facility of great importance is to be installed for our airport use. It is a radio range station, which will permit safe operation of aircraft under very poor weather conditions, and provide much greater regularity of schedule. Negotiations for the installation of a blind landing beam to work in conjunction with the radio range are also under way. This facility, just being perfected, is the last word in safe aircraft operation. It permits landings and takeoffs under conditions of zero ceiling and visibility.

Other improvements of the past year include lengthening and armor coating of the field's existing runways, providing additional paved taxi strips, the building of a new corporation yard for the airport shops and equipment, and improvement of the field's drainage and lighting equipment.

A new 35-foot power boat for emergency use has been added to the airport equipment, replacing a boat of much smaller design. It will carry some 35 people, and is fitted with complete equipment to cope with any emergency.

In the direction of air traffic at San Francisco Airport, our field is now classed as a "Control" Airport by the Civil Aeronautics Authority. Such a classification is given only to major air terminals where heavy interstate or foreign air commerce demands protection.

The Airport is now directly served by a detail of the United States Weather Bureau.

Scheduled air transport service to all parts of the country is available at San Francisco Airport over the routes of two major air lines, United Air Lines and Transcontinental and Western Air, Inc. Some 20 arrivals and 20 departures are scheduled daily. Traffic figures for the calendar year 1938 are as follows:

Passengers, arrivals and departures (excluding "through" passengers)	50,000
Air mail poundage "in" and "out"	1,040,000
Air express poundage "out"	109,500
Transport planes "in" and "out"	12,500

Hangar space at our field is now at a premium. Additional hangars are included in the development project.

Commercially and privately based planes at the field total 42. Commercial operators include 5 aircraft agencies, 7 flying schools, 10 charter services, 1 skywriter, 4 oil companies, and the leading airplane sales and service organization of the Pacific Coast.

In September, 1939, the final payment on the San Francisco Airport property will be made to the Mills Estate, completing the 10-year contract for purchase of 1,112 acres of land. Some 556 acres of this land borders the Airport proper on the west, and is admirably suited to the development of aircraft industries. In addition to this property, 1,113 acres of submerged land, bordering the Airport on the east, has been acquired by purchase and condemnation during the past three years, making a total of 2,225 acres available for airport and industrial use. This, together with the impressive development program under way on the field, should make San Francisco Airport one of the aviation centers of the world, supplemented by the Treasure Island Airport after the close of the Exposition.

Office of the Treasurer.

The Treasurer's Office is conducted under the provisions of the Federal Reserve Act of 1935 as amended, effective August 23, 1937, the provisions of the laws of the State of California, the charter, and the ordinances and resolutions of the Board of Supervisors. The following is a brief summary of the business of the office for the fiscal year 1937-1938:

Cash received, $76,223,335.90. Cash disbursed, $78,573,986.22. Total cash $154,797,322.12. Interfund and departmental accounts, $100,109,-438.23. Interest earned, inactive accounts, $53,110.17. Cash on hand at the close of business June 30, 1938, $21,432,465.27. Tax anticipation notes sold, $7,000,000.00. Inheritance tax collected $1,386,444.25. Commissions and fees earned for collecting the tax, $14,697.93. The collection of this tax is a state function and the commissions and fees earned are deposited to the credit of the General Fund.

The City and County handled fourteen P. W. A. accounts. Accounts are kept under the supervision and audit of the Federal Government.

The National City Bank of New York is the designated fiscal agency and paid $2,974,500.00 in bond redemption, and $3,607,800.00 in bond interest.

The securities of the Retirement System, amounting to $20,001,100.00, are in the custody of the Treasurer.

The Treasurer's Office handles the funds of the Islais Creek Reclamation District without compensation.

The audit at the close of the fiscal year showed the cash and accounting exactly correct.

Parks.

Once again park-loving San Franciscans are indebted to the Federal Works Progress Administration for many improvements in the recreation areas under the jurisdiction of the Park Commission.

The balustrade that heretofore crowned Telegraph Hill has been removed and a series of concrete bleacher seats installed on the easterly and northerly sides of this historic slope, thus enabling visitors to view the vistas of San Francisco Bay and the progress of the Exposition construction in comfort and with unobstructed vision.

Sutro Gardens, a famous beauty spot of the earlier decades, commanding a magnificant view of Seal Rocks and the ocean beach, has been relandscaped and the statuary refurbished by the W. P. A. during last year.

A parking area for approximately two hundred cars has been created on the Great Highway, at the foot of Lincoln Way, for the benefit of those who enjoy watching the breakers and listening to the roar of the surf.

Work is progressing favorably, under the direction of the W. P. A., on the Zoological Gardens at Fleishhacker Playfield, as well as on the Aquatic Park and Lincoln Park Clubhouse. The latter two should be open to the public prior to February.

Extensive gardening operations are being undertaken by the W. P. A. in the Arboretum area in Golden Gate Park, preparatory to the construction of the Arboretum building.

For those who engage in the sport of sailing miniature yachts on Spreckels Lake, a model-yacht clubhouse has been built by the W. P. A. and will be in use in time for the opening of the Exposition.

San Franciscans who engage in real yachting and motor-boating and use the busy Yacht Harbor on the Marina, will now find that the Harbor has been dredged to a suitable depth to accommodate any sized yacht now sailing on the Bay of San Francisco.

The intake of the largest outdoor swimming pool in the world, at Fleishhacker Playfield, which was destroyed during last winter's storms, has also been repaired and improved, so that the tank may be emptied and supplied with fresh sea water at any time.

From the above, it may readily be seen that our park system is keeping pace with the varied recreational requirements of our citizens.

No statement regarding our park system would be complete without an affectionate reference to "Uncle John" McLaren, whose personality is reflected in his greatest creation, Golden Gate Park. The Grand Old Man, whom many consider our First Citizen, is still, at the age of 92, building for the future. Under his incomparable guid-

ance the work of developing McLaren Park is progressing rapidly, and future generations of Mission dwellers will think with reverence of the man who conceived this beautiful recreation spot for the benefit of their district.

Recreation Department.

During this calendar year, the Recreation Commission operated more units than during any previous period of its existence. They included the following: 43 playgrounds, 27 schoolyards, 43 summer schoolyards, 8 school gymnasiums, 2 outdoor swimming pools, 1 camp, and 1 warehouse. Additional areas were placed under supervision, namely: Cabrillo, Crocker Amazon, and Angelo J. Rossi Playgrounds. The Chinese and Mission Playgrounds were adequately lighted for night use, and were well patronized. The beautiful and spacious Glen Park Community Center building, which contains a well-equipped gymnasium and auditorium, was completed and placed in operation for day and evening use.

Five new sites were under construction, with Fulton and Potrero Hill Playgrounds nearing completion. Two sites next in line for development are as follows: one in the Sunset District, and the other the Corona Heights property. Land for future playground sites is being purchased in five districts in San Francisco.

Each major activity showed a marked increase in its program scope and attendance. Two new activities were added to the list of 92 different activities conducted by the Recreation Department. The first of these was the adult choral group organized last spring for those who wish to enjoy recreation in this musical form. Sixty are enrolled in this group and they participate in city-wide programs such as the Christmas Eve Community Sing broadcast in the Civic Auditorium. The other new activity is a baseball game for blind people which is so designed that they may participate in this modified form of our national game. Blind people eagerly engage in this new activity at Jackson Playground.

The popularity of Camp Mather, Tuolumne County, was so widespread that to avoid a congested registration period, the Recreation Commission inaugurated a plan for early registrations. It was necessary to establish a waiting list because of the great number of registrations, and it was conservatively estimated that camp accommodated less than one-fifth of the people who directly applied for reservations. The normal twelve-weeks' season was extended two weeks to take care of the September holiday period.

The National Recreation Association conducted a successful four-weeks' Recreation Training Institute with an enrollment of 90 recreation workers. The purpose was to bring new inspiration to, and a clearer understanding of the objectives of the leisure-time field, and present a broader conception of recreation in relation to home, church, school, public and private recreation agencies.

The Recreation Department is planning active participation in the Golden Gate International Exposition.

The Director-at-large Plan in Recreation Work was extended and two new director-at-large positions were added. The Recreation Department continued its active interest in the Executive Coordinating Council whose accomplishments were the following: passage of two child welfare ordinances by the Board of Supervisors, establishment of additional district councils comprising a total of 11, representation on Board of Directors of the Coordinating Councils Incorporated, completion of surveys and city maps showing constructive community resources, and closer cooperation between all city departments. The combined work of all character-building agencies has brought about a reduction of juvenile delinquency in San Francisco. Among cities of its size, San Francisco ranks one of the lowest from the standpoint of juvenile delinquency.

Total expenditures in the department for the year ending June 30, 1938, amounted to $721,211.13 of which $145,810.41 was spent or encumbered for land.

Board of Permit Appeals.

The Board of Permit Appeals is comparable to the Small Claims Court inasmuch as appeals can be taken from the various departments and commissions having granting and revocating power with regard to permits and licenses without any cost whatever. There are five members appointed who sit as an Appellate Court with regard to permits and licenses, although the members of this Board are laymen. It is their duty when matters are appealed to them to hear both sides and make their decisions. I am happy to inform you that during the existence of this Board since the inception of the new charter, their decisions were appealed on only four occasions to the Superior Court and in each instance the Court upheld the decision of this Board.

On numerous occasions, appeals were taken where a permit was denied, due to a minor infraction of the law, while this Board has not the power to authorize anyone to violate any laws. In many instances, methods were suggested by which minor changes could be made so that the appellant would be conforming with our laws and the permit granted.

During the year just passed, this Board reversed 48 per cent of the cases appealed to them from other departments and commissions. In some instances these reversals added a great deal to our tax rolls where building projects were involved. Matters coming before this Board are usually decided within one week after the hearing, which adds a great convenience to the general public.

City Planning Commission.

Activities of the City Planning Commission during the past year were increased noticeably and an accounting would reveal that the scope of work performed and the service rendered to the public was greater than any preceding year since the inception of the Department. This increased activity might be explained by the fact that new methods of planning have been inaugurated and applied to the work of the Department's administration of its various duties.

Modern planning practice cannot be made effective and cannot be properly administered without first obtaining considerable basic factual material from which to work. We have been fortunate indeed to have been able to secure such data through the medium of W. P. A. projects. It is anticipated that by the end of the ensuing year, all the various projects now under way will have been completed, and departments of the municipal government will have available records and surveys that have long been desired. Among the outstanding are the City Wide Mapping Project; which, when completed, will consist of a large scale plot plan of each individual block in the city, showing thereon the use of the property, type of construction, all surface and sub-surface utilities and other pertinent information; and a Wood Model of the city at a scale of one inch to 100 feet. A portion of the Wood Model will be on exhibit at the World's Fair, on Treasure Island.

The Commission is pleased to report a representative attendance at the annual meeting of the League of California Municipalities, City Planning Division, at Santa Barbara from September 5th to 10th, inclusive. Two members of the Commission and the Secretary attended. The program dealt with planning topics of outstanding interest and importance and was of great educational value.

The Commission also reports that through its membership with the American Society of Planning Officials, a nationwide organization, we are continually in receipt of much valuable material on the newer and advanced planning methods that are being used and applied throughout the country.

During the past year, members of the Commission were given the opportunity to speak over the radio to the citizens of San Francisco on the general activities and administration of the Department. It was our endeavor to point out to the taxpayers and citizens through such addresses, the great importance and responsibility of providing and carrying out a well-devised plan for the future development of San Francisco. We suggested and invited the citizenry to become more acquainted with our problems and stressed the desire to promote educational programs on city planning.

In the year 1937, the City Planning Commission on its own motion, as provided by Charter, established building set-back lines on some 200 blocks in the Sunset and Parkside Districts. The official record entry of these set-back lines has been completed and an entirely new system installed for maintaining all old, as well as new entries. This involved the making of over a thousand separate maps. With this completed, work of establishing set-back lines in other sections of the city will be started, until the work shall have been completed throughout the entire city where such would be proper.

Section 24 of the Charter provides that no building permit or license affected by the Zoning or Set-back Line Ordinance shall be issued without the prior approval of the City Planning Commission.

At the end of the present year, the office has checked and acted on slightly over 8000 building permits, representing a building expenditure in San Francisco of over $23,000,000. Other Departments, collaborating in this connection, are the Department of Electricity, Department of Public Health, the License Bureau of the Tax Collector's Office and the Police and Fire Departments.

Ninety-five applications proposing the reclassification of property under the Zoning Ordinance were filed this year. This is a further increase over the corresponding period of last year. In each instance the particular property under consideration was visited personally by the Commission.

Sixteen applications proposing the establishment or change of Building Set-back Lines were considered by the Commission.

Numerous plans of proposed subdivisions and re-subdivisions of undeveloped areas have been studied by the Commission during the past year. The Charter makes it mandatory that the City Planning Commission shall make recommendations on all subdivisions of land laid out in building lots in the City and County.

War Memorial Trustees.

Again your attention is called to the War Memorial group as an outstanding part of San Francisco's Civic Center. The two great buildings, the War Memorial Opera House and the Veterans' Building, with the Court of Memory between, are a testimonial to San Francisco's respect for her living Veterans and reverence for her soldier dead, yet add to the enjoyment of all her citizens.

Open evenings, the San Francisco Museum of Art, on the fourth floor of the Veterans' Building, is one of the very few art museums in the country available for use at most convenient times and in a most central location. The public has reacted to these conditions and daily hundreds view the exhibits and attend the lectures, receiving pleasure and profit therefrom. Nearly 175,000 people have passed through the splendidly lighted and equipped galleries within the last year. The Museum is rapidly becoming the art center of the West.

No other city has provided such ample accommodations for its organizations of Veterans and their auxiliary units as has San Francisco in its Veterans' Building. Four floors, devoted to offices, meeting rooms, club room, auditorium, etc., serve one hundred and fifty different organizations. That these facilities are appreciated is proven by their use by more than three-quarters of a million people during

the year passed. The Veterans' Building is one of the busiest places in the city. It serves not only Veteran groups in all their activities, but other large portions of our constituent citizenry as well, and provides a center for patriotic, recreational and educational activities which is unexcelled.

The Opera House has continued to maintain its position of preeminence among the music halls of the country. A glamorous opera season, bringing to San Francisco the world's greatest artists, concerts by many of these artists and others, and an incomparable symphony season, have given to San Francisco's music lovers the best of music in the best of surroundings. Again our neighbor city, Los Angeles, produced a season of opera using San Francisco's own Opera Company and the stars appearing in her Opera House.

Not only do the War Memorial buildings, under the administration of the Board of Trustees, serve directly thousands of our citizens, but also indirectly many more are served in the advertising value accruing from the mere presence of the group. Visitors from all over the world daily inspect the Opera House, view the Brangwyn murals in the Veterans' Auditorium and the fine quarters provided for our Veterans, attend the Museum galleries, then leave to spread the word that truly San Francisco is a city of high cultural aims. The use of the War Memorial auditoriums for conventions, which has grown tremendously, adds to the fame of this classic group.

The Board of Trustees of the War Memorial consists of eleven members. The President of the Board during 1938 was John Handlin Threlkeld, and the President-elect is Ralph J. A. Stern.

Art Commission.

The accomplishments of the Art Commission, arbiters in all matters pertaining to the esthetic welfare of the municipality, as outlined in the City Charter, were particularly significant during the last year.

Due to the program of the Federal Art Project, the artistic responsibility of the San Francisco Building on Treasure Island and the Beautification Campaign for 1939, the services of the Commission have been in constant demand. All works of art executed by the Federal Art Project for civic purposes, the painting and sculpture of the San Francisco Exposition Building and school building program have received the studied consideration and constructive criticism of the Committee of Architecture and the Committee of Painting and Sculpture. Supervision of all works of art by the Commission placed in parks, squares and public buildings have continued, with splendid cooperation from the various boards and agencies involved.

Activities of the Art Commission in other fields were also important, particularly that of music. In these days of international antagonism and unrest, there is but one peace understandable in all languages and nations—the peace, glory and inspiration that music alone affords. It is this city's business and contribution to our citizens to play an important part in the presentation of good music. The municipal Symphony Concerts with the services of our splendid symphony orchestra, Municipal Chorus, the Ballet and Opera, have offered the foremost musical events at prices within the reach of all—a leadership in which we are justly proud.

I am sure that the Art Commission during the year of 1939, realizing their cultural responsibility in connection with the San Francisco Golden Gate International Exposition, will exceed their previous records and bring not only to our own people but to the guests of our city, the finest in Art and Music.

San Francisco Museums.

The continued importance of the M. H. de Young Memorial Museum and the California Palace of the Legion of Honor in the cultural life

of San Francisco is again attested by an attendance at these two municipal museums of approximately 800,000 for the year 1938.

Among the exhibitions held at the California Palace of the Legion of Honor during the year, the collection of 77 paintings by Venetian artists of the 15th through the 18th centuries was of singular importance. These fine paintings, by many of the most famous artists of all time, whose work belongs to a distinctive school, were lent through the courtesy of American collectors in all parts of the country, and attracted over 49,000 visitors.

Also of great interest was the exhibition of fine European porcelain from the private collection of Mrs. Alma de Bretteville Spreckels, donor of the Legion of Honor building and of many of its outstanding exhibits; the latest of these gifts is a collection of 37 pieces of sculpture by the noted French artist Theadore Riviere.

Other exhibitions included a collection of Old Master drawings, lent by Sir Robert and Lady Witt; the Art Institute of Chicago's 17th International Watercolor Exhibition and 48th Annual American Painting Exhibition; several groups of American paintings, including a collection by artists west of the Mississippi; one by Maryland painters; groups of water colors, drawings, abstractions and sculpture by American artists; paintings by John Steuart Curry, William Glackens, Richard Lahey, Emile Walters, Leon Kroll, Rinaldo Cuneo, and groups of California artists.

Among other gifts to the California Palace of the Legion of Honor during the year were two sculptures by Natalie von Wolff, a small bronze figure entitled "Wirbeltanzer" and a stone bust entitled "Masurischer Bauer", both the gift of Dr. Mary Layman; a glazed terra cotta head of Governor Hunt of Arizona by Beniamino Bufano, the gift of Mr. and Mrs. Forrest Engelhart; a collection of twelve drawings and water colors by Simeon Pelenc presented by Mrs. Simeon Pelenc; and two globes, one celestial and one terrestrial, by Jodicus Hondius, dating from about the year 1600 and presented by Mrs. James L. Flood.

Outstanding at the M. H. de Young Memorial Museum was the exhibition of three centuries of European and American domestic silverware. This large collection of over 600 items, assembled by the museum mainly from Pacific Coast collectors but partly from Eastern and European sources, was displayed in a specifically designed setting and attracted large numbers of visitors for a period of several weeks. The exhibition was representative of the work of many of the most skillful craftsmen of Europe and America, and displayed the development of this art from the 17th to the early 19th century.

Another important exhibition showed examples of fine laces drawn from work produced over a period of three centuries. Other textile exhibitions were lent by private collectors and drawn from the Museum's large collections, illustrating the products of looms in all parts of the world.

A number of exhibitions of prints were displayed, including etchings, engravings, dry prints, lithographs, aquatints, block prints and photographs, representative of the work of American, European and Oriental artists.

Stage designs by Jo Mielziner and Rex Whistler and miniature theater models from ancient times to the present, the latter from the Federal Theater Project, were shown as was a remarkable collection of reproductions of pre-historic rock pictures. Paintings by school children; art and craft work by adult classes of the San Francisco evening high schools; work by the Art Section of the Northern California Junior College Association; posters by the French artist, Cassandre; original drawings from the former humorous weekly, "Puck"; art of the American Indians; Polish peasant paper cuts; and Swedish applied arts, formed other exhibitions. A large collection of photo-

graphs of the Midwinter Fair of 1894 attracted much attention on account of its historical interest and in connection with the coming Golden Gate International Exposition.

Among the acquisitions of the M. H. de Young Memorial Museum during the year was a fine collection of French and German stained glass windows dating from the 13th to the 16th centuries, presented by Mr. William Randolph Hearst; a painting of the Holy Family by the Flemish artist, Jacob Jordaens (1593-1678), presented by Mr. William Kress; a Dutch chest, and an oil portrait of Miss Boothby by Sir Joshua Reynolds (1723-1793), presented by Miss Carlotta Mabury; a South German painting entitled "The Death of the Virgin" dating from the second half of the 15th century and presented by the Newhouse Galleries; and a limestone statue of the Madonna and Child of the French School of Metz dating from about the year 1340.

The educational department has carried on its regular activities for the past year for both adults and children. Regular lectures and gallery tours have been held for the public, illustrating current exhibitions and permanent material and special work has been conducted with study groups, schools, clubs, universities, and other organizations. Two new and most successful activities are the exhibition room for the blind and the children's puppet plays and classes at the de Young Museum. A creative art class for adults has also been held this year.

San Francisco Public Library.

In reviewing the activities of the Library Department for the past year, it is interesting to find a great increase in the use of its various facilities. A large part of this increase was caused by persons working on the numerous literary, historical and other research, and on federal projects. The resources of all departments of the library are taxed to the utmost through these projects.

The circulation of books for home reading was approximately 4,000,000, an increase of about 500,000 volumes over the previous year. No record is kept of the books used for reference and research work in the various departments of the main library and branches; but, a careful estimate shows that the combined amount of books used at the library as well as at home would total around 12,000,000.

During the last fiscal year $94,500 was spent for books. In addition to supplying all the current books for the main library and twenty-one branches, the library enriched its main collection with items from the secondhand book markets of the world. Rare art books, out-of-print historical works, important sets of English literature and many other valuable works were secured. These will prove of permanent value to the collection and of great service to the scholar and research worker.

A committee, with Mr. Sylvester Andriano as chairman, recommended a collection of books in the Italian language, including the classics, art, history, biography and general literature. These books have been received and have been catalogued and are now available to the public.

The rapid growth of the book collection has made it necessary to rearrange the entire collection in the stacks. Of the seven decks at present five and one-half are practically filled. It was also necessary to add two large units to the public card catalog in the Circulation Department on the second floor for the thousands of card entries for the new additions to the book collection.

A complete inventory of the main library and branches was taken and all the desirable missing material replaced.

In accordance with the city's program of cleaning up for the 1939 Exposition, extensive repairs and renovations have been made at the main library and branches. This included the cleaning and painting

of the various branch buildings, both inside and outside, lacquering the floors and refinishing all the chairs and tables. At the main library, the general reading room was repainted and the travertine marble walls of the main entrance, vestibule and grand stairway were cleaned. The Piazzoni murals were cleaned and the indirect lighting system over them replaced.

The official photographs and documents of the Panama Pacific International Exposition, which were turned over to the library some time ago, were made available to the executives of the 1939 Exposition and they were also of great assistance to the publicity and art departments. This collection gives a photographic history of the 1915 Exposition from the ground-breaking to the finished exhibits. The complete collection of all printed matter has also been of much assistance.

The Max Kuhl collection of fine printing and binding has been enriched during the year by a number of valuable works presented by Mr. Albert M. Bender. This collection now ranks among the outstanding ones in Western America.

Among the many gifts of books and music presented to the library was an interesting and useful collection of books in Spanish given by the Pan American Society. This Society has presented the Library with similar collections during the past few years.

A number of educational and interesting lectures were held in the assembly room and many seasonal displays in the exhibition room which attracted a large number of visitors.

The many activities of the children's department at the main library and branches have done much to bring a large number of young people to the library, where they are guided in the proper selection of their reading material, both for school work and also for recreation.

The West Portal Branch, which was begun in February as a P. W. A. project, is nearing completion and should be open to the public in May, 1939. This branch building was well planned and, when completed, will prove a beautiful and up-to-date addition to the branch system.

The Bernal District, long without adequate library service, will be the next to have a branch building. This will also be a P. W. A. project and will probably be started in January, 1939.

Chief Administrative Officer.

The year 1938 marked several matters of progress in the Department of Public Health. The 1938 Health Bond Issue, together with P. W. A. grant in the amount of 45 per cent brought additional moneys for new hospital construction to $2,283,470.

During the past year new wards were opened in the San Francisco Hospital and the Laguna Honda Home, caring for 65 indigent cases. Work is now in progress at the San Francisco Hospital for modernizing the X-Ray Department and rebuilding and increasing the facilities at the Hassler Health Home for chronic tubercular cases. Additional facilities have been provided for a new Maternity Hospital and also a new ward for ear, nose and throat cases. The Emergency service and the extension of the service supplied by city physicians and allied agencies have made our Health Department one of the outstanding health departments in the country.

The Department of Public Works has announced the completion of the Richmond Sunset Sewage Treatment Plant at a total cost of $986,000. Two sections of the Nineteenth Avenue Boulevard were completed during the year and work is now proceeding on the Park Presidio Boulevard from Fulton Street to the Presidio, providing a connecting link to the Golden Gate Bridge Approach. Work has already started on the school building program and the sum of $5,445,759 is available for the construction of schools, as set out in reports included in this message.

With the addition of three new motor-driven flushers and five new pick-up trucks, the efficiency of the Street Cleaning Department will be greatly increased.

County Offices have been functioning efficiently under the guidance of the various department heads, with careful thought given to effecting economies as provided in the program adopted last year. I am appreciative of the splendid cooperation given by the various department heads and employees under the jurisdiction of this office. The program of efficiency and economy is carried out in our plans for the ensuing year.

Department of Finance and Records.

This department embraces the functions and personnel of the offices of the Tax Collector, Registrar of Voters, County Clerk, Recorder, and Public Administrator, and is under the supervision of a director who is appointed by the Chief Administrative Officer. The expenses of the Director's office for the calendar year 1938 were $8,018.65.

The five subsidiary divisions clear all their requisitions, purchase orders, pay rolls, etc., through the Director's office from whence they are, after approval, forwarded to either the Purchasing Division, or to the Civil Service Commission as the case demands. All their requests for either permanent or temporary employments must also be approved by the Director.

Tax Collector.

The Tax Collector reports that Real Estate and Secured Personal Property Taxes collected for the fiscal year ending June 30, 1938, amounted to $28,916,302.35; Unsecured Personal Property taxes (exclusive of Delinquent Revenue collections) amounted to $952,314.69.

The Bureau of Delinquent Revenue collected delinquent Unsecured Personal Property taxes and various delinquent accounts from other departments totaling $170,321.58 for the fiscal year. This was an increase of $26,899.87 over the fiscal year ending June 30, 1937.

In the Bureau of Licenses, the collections of various license and inspection fees amounted to $349,526.03.

The total collections for the office were $30,388,464.65.

Registrar of Voters.

The year 1938 showed much activity in the office of the Registrar of Voters and the work accomplished cannot be expressed in figures alone. Two major elections, the August Primary and the November Gubernatorial, as well as a Special Election kept the regular force as well as a large temporary staff very busy with the vast amount of detail necessary as the prelude to conducting any election smoothly and efficiently and with as little discomfort as possible to the voting public.

The following figures are of interest:

	Primary August 30th	*Special September 27th*	*General November 8th*
Total registration	319,417	319,096	340,575
Total vote	189,756	151,061	252,597

Registration figures of 340,575 establishes a new all-time high for San Francisco and shows an increase of 52,797 new registrations during the past year. In addition to this large increase, this office also registered 54,684 electors who had changed their residences; 444 who reregistered but such registrations were canceled when found already registered. Also, this office was called upon to change political affiliations of 3758.

The August Primary found eight political parties participating—a

record in itself, and 564 candidates, an unusually large number, taxing the limits of the voting machines to such an extent that it was necessary to provide paper ballots for candidates of some of the minor parties.

Voting under the Absentee Voter's Law is growing larger and becoming more expensive with each succeeding election; the following figures speak for themselves:

Election	*In Office*	*By Mail*	*Invalids*	*Voids*	*Total*
August 30, 1938.....	1054	504	459	259	2276
September 27, 1938.....	192	87	298	51	628
November 8, 1938.....	1519	1068	837	325	3749

In addition to its regular work, this office issued approximately 10,000 certificates of registration, mostly to mechanics desiring to establish their residential qualification as well as approximately 2000 certificates for old age pension purposes, Approximately 12,000 papers, other than affidavits of registration, were notarized.

Besides the three public elections above referred to, this office conducted the election during April and May for Members of the Health Service Board of the Federation of Municipal Employees, at which election 6143 votes were cast.

Nine petitions of State propositions, aggregating 211,825 signatures were filed in this office, and after examination, were certified to the Secretary of State.

Voting machines used at all elections gave general satisfaction and again demonstrated their efficiency and correctness in recording the will of the voters. Again, I would urge a central warehouse sufficiently large to accommodate all the machines, as well as to protect them from possible miscreants and from unfavorable weather conditions.

The continued increase in registration and upbuilding of our outlying residential districts will compel this office to increase the number of voting precincts during the coming year, and before the 1940 elections I feel that it will be necessary to add to the number of voting machines now owned by the City and County. At the November election all machines except two were used (which were held for emergency purposes). Had we 15 or 20 more they could have been used in several large precincts where voters were compelled to wait in line for a considerable time in order to vote.

In addition to all other work in this office it will be necessary to check the names of the 319,417 registered for the August Primary and the 340,575 registered for the General Election against the affidavits of registration, the rosters of voters and the indexes to the register used at both such elections and cancel the registrations of all those who failed to vote thereat; and having canceled such registrations it will be necessary to advise them of such fact and the need to again register before being eligible to vote. This tremendous job is made compulsory on this office by the permanent registration law.

County Clerk.

Re-arrangement of the main office of the County Clerk at the City Hall, installation of flat files, photographic copying and a central cashier system, have all had a year or more of actual test in operation. These improvements have met with universal approval and have provided better and more modern service, resulting in substantial economies.

Continuance of the W. P. A. project for restoration and repair of old records, under Mr. Philip Fitzgerald, has brought about an improved condition of these documents, both at the main office, and at the Juvenile Court, 150 Otis Street.

The total of moneys for 1937-8 for fees, criminal fines and forfeitures, totals $132,456.67, compared to $130,118.46, for the previous year.

Public Administrator.

The report of the operations of the Office of the Public Administrator, covering the period from January 2nd to November 30th, is summarized as follows:

	1937	1938	Increase (Decrease)	Increase (Decrease) %
Number of estates wherein Public Administrator took possession	320	308	(12)	(3.75%)
Number of estates in which final accounts have been settled and allowed	229	304	75	24.67%
Administrator's commissions collected and paid into County Treasury	$29,849.37	$32,019.59	$2,170.22	
Attorney's fees collected and paid into County Treasury	29,854.38	32,019.58	2,165.20	
Total commissions and fees paid into Treasury	59,703.75	64,039.17	4,335.42	6.77%
Total cost of operation of office	36,175.87	37,441.16	1,265.29	3.38%
Profit	23,527.88	26,598.01	3,070.13	11.54%

Recorder.

For the calendar year 1938 the Recorder reports receipt of recording fees amounting to $124,353.90; paid out for salaries during the year, $94,617.08; excess, receipts over salaries, $29,736.82.

During the year this department copied, free of charge, for veterans and their dependents, for the United States and for this State and its political subdivisions, some 2,868 documents containing 12,170 folios.

The various departments are operating efficiently, and the work is well in hand.

Department of Electricity.

This department manufactured, installed and maintained fire alarm boxes, police boxes, traffic control devices and street signs.

Radio receiving sets were maintained and repaired in Fire Department and Police Department cars and motorcycles, and in 19 Police Stations and offices. Teletype system, consisting of 14 teletypes, maintained for the Police Department.

Installed 20 fire alarm boxes, making a total of 1,548 boxes in service. Monthly tests of fire alarm boxes totaled 18,423. Total number of signals transmitted 39,007.

In the Inspection Bureau, 20,263 applications were received, 61,736 inspections made, and 21,642 installations approved. Inspection fees and other revenue received amounted to $94,424.50.

Inspections of overhead line construction totaled 4,718.

There were manufactured in the machine shop 108 traffic signals, 15 fire alarm boxes, 18 police boxes, and 2 combination fire and police boxes, 2 beacon reflector lights, and 195 street signs.

Automatic Stop and Go Traffic signals were installed at 22 new intersections, making a total of 184 intersections controlled by automatic signals.

Total expenditures amounted to $202,920.00.

Real Estate Department.

About 378 acres of additional land in San Mateo County is being acquired by the City for the San Francisco Airport, including 40 acres for a radio beacon site.

Third Street, between Burke and Channel Streets, is being widened from 80 feet to 100 feet. To date 28 parcels of land have been purchased for this project. Some of the buildings have already been razed or relocated to conform with the new street lines.

In addition to a number of month to month leases, the department has awarded two 10-year leases and a three-year lease of City-owned property at a total rental of $81,300.

Following approval of the school bonds, a new school site in the block at the northeast corner of Seneca and Otsega avenues is being purchased for the immediate construction of the Outer Mission Junior High School.

During the year 1938 the department has purchased 151 parcels of land for various projects at a cost of $581,877. A total sum of $17,228 has been obtained from the sale of municipally owned real property and improvements. Approximately $141,000 has been collected as rentals plus about $50,000 from the use of the Civic Auditorium.

Sealer of Weights and Measures.

The report of the Sealer of Weights and Measures, covering the calendar year 1938, shows:

Scales sealed, 21,881; adjusted, 1,509; condemned, 387; confiscated, 65; total, 23,842.

Weights tested, 23,790; adjusted, 27; condemned, 3; confiscated, 55; total, 23,875.

Lineal and liquid measures tested, 26,738; adjusted, 252; condemned, 542; confiscated, 259; total, 27,791.

Gasoline pumps inspected, 4,688; adjusted, 59; condemned, 158; confiscated, 1; total, 4,906.

Meters inspected, 4; condemned, 3; confiscated, 1; total, 8.

Merchandise in packages reweighed, 232,175; condemned, 1,775; total, 233,950.

Complaints received and adjusted, 65; establishments visited, 12,748; certificates issued, 11,473.

Arrests, 6; convictions, 6; fines, $305.

Department of Public Works.

The following major projects were completed during the calendar year 1938:

Sewers.

Section "F" of the Alemany Sewer, located on the line of Selby Street extended from Evans Avenue to Napoleon Street, was constructed at a cost of $50,000 from moneys derived from the 1929 Sewer Bond Issue.

The Richmond-Sunset Sewage Treatment Plant was completed in accordance with the initial program, at a cost of $986,600; it is expected to place it in operation in January, 1939. With the completion of this first step in the development of the plant, it will be possible to clarify the sewage and thereby eliminate pollution at the north shore beaches. As funds become available, it is intended to add a dehydration plant that will provide satisfactory fertilizer which can be utilized in Golden Gate Park or in other parks within the City. It is intended also to make extensions to the plant in order to produce three million gallons daily of clarified effluent that will be available for irrigation purposes in Golden Gate Park.

Boulevards and Streets.

The following projects were completed during the year from moneys derived from the County Road Fund: La Salle Avenue, Mendell Street to Third Street, property purchase, $13,500; Market Street from Grant Avenue to Leavenworth, concrete parking lanes constructed, $15,500; Castro Street Extension, Duboce Avenue to Divisadero; this connects Divisadero Street on the north to Castro Street on the south, thereby

giving convenient access to traffic from the Western Addition to the Mission District. The work consisted of grading, drainage, retaining walls, and pavements, $49,000; Parker Avenue, a contract has been entered into for the construction of a drainage tunnel and shafts in Parker Avenue between Anza and Turk Streets. It is hoped materially to reduce the movement of this sliding area so that grading and pavements may be constructed at an early date, $40,000.

The following projects are the larger ones completed during the year under the Street Improvement Ordinance. City aid was derived from the County Road Fund: Girard Street from Ward to Mansell Street, $4,000; grading and sewers, total cost $8,000. Taraval Street from Montalvo to Twelfth Avenue, $13,000; repaved, concrete parking lanes, new curbs, new street lighting system, total cost $22,000. Golden Gate Heights, 80 per cent completed, $12,000; curbs, sidesewers, pavement constructed, total cost $25,000. Hunters Point District, 17 blocks, $14,000; grading and sewers, total cost, $57,600.

W. P. A. Street Work.

Performed with San Francisco sponsorship derived from the County Road Fund. Amount shown is the City's contribution for materials: Broadway, Mason to Davis Street, $15,500, widened and concrete parking lanes constructed; Franklin Street, Market Street to Bay Street, $47,000, widened, resurfaced, concrete parking lanes constructed; Castro Street, Twenty-fourth to Twenty-sixth Street, $6,000, widened, resurfaced, concrete parking lanes constructed; Mississippi Street, Mariposa to Nineteenth Street, $5,000, resurfaced; Bernal Heights Boulevard, graded, $7,000; O'Shaughnessy Boulevard, $7,000, graded and retaining walls constructed.

Special Gas Tax Street Improvement Fund, Second ¼c Gas Tax.

The following projects were completed during the year with moneys derived from the second one-quarter cent gas tax, known as the Special Gas Tax Street Improvement Fund, and applicable only on major streets: Laguna Honda Boulevard from Lawton Street to Plaza, $57,000, concrete curbs, pavements and sewers constructed; Market Street, Van Ness Avenue to Gough Street, $20,000, widened and resurfaced, thus providing concrete parking strips; Golden Gate Avenue, Market Street to Van Ness Avenue, $32,000, widened and resurfaced, thus providing concrete parking strips; Polk Street, Market to Grove Street, $13,000, widened and resurfaced, thus providing concrete parking strips; Third Street, Howard to Channel, $58,000, widened and resurfaced, thus providing concrete parking strips; Third and Islais Creek Bridge, $27,000, fender system constructed; Sixth Street Bridge over Channel Street Waterway, $8,000, north approach reconstructed, miscellaneous repairs; traffic striping, $15,000; land acquisition, $252,000. Property estimated at a total value of $252,000 has been acquired on various major streets, which will be widened eventually, notably Army Street from Bryant to Harrison Street, and Third Street from Eighteenth Street to Islais Creek; Bay Street, from The Embaracadero to Polk Street, widened and resurfaced. Work performed by W. P. A. forces and sponsored by the City and County of San Francisco in amount of $32,000.

State Highway Trust Fund.

Nineteenth Avenue: Two contracts were completed from moneys derived from the State Highway Trust Fund, which is also known as the first one-quarter cent gasoline tax, the first contract being from Taraval Street to Sloat Boulevard, and the second from Lincoln way to Lawton Street, the improvement cost of these two sections being $230,000. Land purchase for the remaining two sections, at an estimated cost of $450,000, is progressing.

Plans and specifications for the next section to be improved, namely,

that between Pacheco and Taraval Streets, will shortly be completed, and construction will start during the early part of 1939.

Park-Presidio Boulevard from Golden Gate Park to the Presidio: A contract for this important link of the State Highways within San Francisco, serving the Golden Gate Bridge, has been awarded at an approximate cost of $106,000.

Miscellaneous.

Bernal Avenue from Randall Street to Diamond Street, $50,000, repaving, stairs, coping, lights and sidewalks.

Hospital Buildings.

There is available in the 1938 Health Bond Issue, together with P. W. A. grant in the amount of 45 per cent allowed, the sum of $2,283,470, which will be expended on the following improvements:

Laguna Honda Home: Two new wards known as M and N will be constructed, and the wards K, L, F and G will be remodeled at an estimated construction cost of $803,300; new elevators, generators and pumps will be installed at an estimated construction cost of $93,000; a new concrete garage building will be constructed at a cost of $23,500; alterations to the Infirmary and Service Building are to be made at a total estimated cost of $138,750; furniture and equipment are to be purchased at an estimated cost of $82,000.

San Francisco Hospital: Alterations to the present Service Building are to be made and new X-ray rooms constructed and furnished at an estimated construction cost of $200,000; new concrete lodges are to be constructed at a cost of $10,000; three gate shelters are to be constructed at a cost of $18,000; addition to the present laundry and construction of new garage at a cost of $34,000; ground improvements adjacent to the Psychopathic Building at an estimated cost of $38,000.

New elevator and cubicles are to be constructed in the Psychopathic Building at a cost of $25,000; furniture and equipment for the San Francisco Hospital is to be purchased at a cost of $112,000.

Hassler Health Farm: A new kitchen and dining room building to be constructed at a cost of $43,000; ward building to be constructed at a cost of $100,000; sewage treatment plant to be constructed at a cost of $34,000; concrete water tank to be constructed at a cost of $9,500; children's building and doctors' residence to be constructed at a cost of $100,000; duplex residence for housing internes and nurses to be constructed at a cost of $15,000; dormitory type cottages, 8 in number, and a service building, to be constructed at a cost of $120,000; furniture and equipment to be purchased at a cost of $25,000; under the P. W. A. regulations all of the above work will be under construction by January 1, 1939.

School Buildings.

There is available for schoolhouse construction work the sum of $5,445,759, the money being derived from the 1938 School Bond Issue and the School Fund in the amount of $2,995,168, together with the grant from the P. W. A. of $2,450,951. This money is to be expended on the following school projects: 1. San Francisco Junior College, Science Building, estimated to cost $1,070,000; 2. San Francisco Junior College, Gymnasium, $380,000; 3, George Washington High, Gymnasium and Athletic Field, $425,000; 4. George Washington High Auditorium, $238,000; 5. Mission High Athletic Field, estimated to cost $60,000; 6. Portola Jr. High School Auditorium estimated to cost $65,000; 7. Visitacion Valley Kindergarten, estimated to cost $23,000; 8. Lawton School Kindergarten and Auditorium, estimated to cost $70,500; 9. Glen Park School Kindergarten, estimated to cost $21,000; 10. Samuel Gompers Trade School, second unit, estimated to cost $175,000; 11. Francis Scott Key, Auditorium and Kindergarten, estimated to cost $90,000; 12. Horace Mann Junior High, Gymnasium and Cafeteria,

estimated to cost $154,000; 13. Marina Junior High School, Auditorium, estimated to cost $183,000; 14. Abraham Lincoln Secondary High School, estimated to cost $685,000; 15. Outer Mission High School, estimated to cost $716,000. In accordance with the P. W. A. regulations each unit mentioned above is to be under way and will be by January 1, 1939.

Schools, Miscellaneous.

San Francisco Junior College: During the year of 1938 a contract was completed for the foundation and concrete work for the San Francisco Junior College at a cost of $32,977. Lawton School: Additional classrooms were constructed at a cost of $10,491; Lowell High School: A new Boys' Gymnasium was constructed at a cost of $120,000; in addition to this new construction there was expended for miscellaneous remodeling and alterations, together with painting work on the various schools, the sum of $72,000; all bureaus of the Departments are performing their respective functions with required efficiency and the various operations of each bureau under budget appropriations are being creditably discharged.

Street Cleaning.

With the addition of three new motor-driven flushers, together with the purchase of five new pickup trucks, the department will increase its efficiency.

Streets.

With the exception of the track areas of the Market Street Railway Company our streets throughout the City are in excellent condition, considering the appropriation allowed annually.

Comparative Statement of Building Operations.

Following is tabulation which shows that, while commercial building has been less in San Francisco during the calendar year 1938, residence construction has increased almost 25 per cent:

	Jan. 1, 1938 to Dec. 17, 1938, Inclusive		*Calendar Year 1937*

Department of Public Health.

General health conditions on the basis gained from available statistics for eleven months were slightly better for 1938 than for 1937. The death rate shows a significant decrease, the crude rate for 1938 being 12.2 per thousand as compared with 13.7 in 1937. The trend of a rising birth rate, which has been in evidence since 1935, has continued through 1938 with the rate of 12.3, the highest in ten years. The remarkable infant mortality rate of 32, which was an all-time low for

San Francisco in 1937, will be approximated in 1938 and may, if anything, show a slight improvement over last year.

The total reported cases of communicable diseases for the year is about 4100 less than for 1937. This is largely due to a lowered reported incidence of influenza, lobar pneumonia, chickenpox, scarlet fever, gonorrhea and tuberculosis. Whooping cough and measles show a definite increase in reported cases.

Venereal disease reported in San Francisco continues to increase. This is due to new interest stimulated by the nation-wide campaign at present being waged. The Wassermann Survey, instituted late in 1937, has continued throughout 1938. To date approximately 9000 persons have had this test performed with about seven per cent being positive. Among the positive reactors about half had no knowledge of the condition before the examination and they have since been placed under treatment. Again, as during last year, additional help has been obtained from the State Department of Public Health by allotment of Federal funds supplied under the Social Security Act for venereal disease work. This year a branch clinic is to be established which will take care of a large group of persons, who are not reached by the ordinary diagnostic clinic service.

The Exposition grounds at Treasure Island have called for increased activity of the department's inspectors. Among the accomplishments may be mentioned the approval of the sewage disposal, the approval of the plans of the water supply lines, and approval of the installation of the water supply lines at Treasure Island. In addition, there is a bi-weekly sampling of the drinking water used on the Island. There has been regular inspection of all plumbing and all buildings wherein foodstuffs will be handled.

The Department of Public Health inspection service has instituted a campaign for the control of trichinosis and now enforces the following procedures in combating this disease: 1. On hog ranches: Eradication of the rat population and proper sanitation of the buildings. 2. Abattoirs: Examination of ten diaphragms a month from each shipment of garbage-fed hogs, examination to be made in laboratories approved by the Director of Public Health. This examination is made to determine whether hog carcasses are infested with trichinae or not. 3. In the manufacture of sausage such as salami, mettwurst, etc., customarily eaten raw and containing raw pork, an Executive Order was issued, requiring that in the manufacture of such sausage each one hundred pounds of material shall contain at least three and one-half pounds of salt, then stuffed into casings and held in a retaining room for 25 days before being distributed and sold to the general public. 4. In addition, the general public has been informed that all port and pork products must be thoroughly cooked before being served.

Public eating places have been furnished with placards, advising the thorough cooking of raw pork and pork products, for the guidance of their cooks. Meat markets have been furnished with the same placards to post in a conspicuous place in order to acquaint the public with the fact that raw pork and pork products must be thoroughly cooked.

In addition to playing host to many of the visiting physicians, the Department of Public Health conducted two very interesting exhibits during the convention of the American Medical Association; one of the work done by the department in conjunction with the public schools on special education and classes for the physically handicapped; another, in the Bureau of Vital Statistics dealt with interesting charts of birth and death rates, and charts of the incidence of various communicable diseases.

Our institutions are to be enlarged and brought up to date. This is made possible by the bond issue of $1,600,000 voted by the people last year together with an allocation of 45 per cent from Federal funds under the Public Works Administration.

In December ground was broken for the new hospital unit at the Laguna Honda Home. Bids will be received during the month of January for the erection of three gate houses and garage at the San Francisco Hospital, the erection of a new ward building at an approximate cost of $94,000 at the Hassler Health Home, and for a new Service Building to contain dining room, kitchen, commissary, etc., at an approximate cost of $42,000. During January and February bids will be obtained and contracts awarded for the remodelling of the Service Building, Pharmacy, Diet Kitchens, and X-Ray Laboratories of the San Francisco Hospital; and for mechanical equipment of the Laguna Honda Home, a new garage and the alteration of the Infirmary in that institution.

At the Hassler Health Home there will be erected buildings to house 200 chronic tuberculosis cases to be moved from San Francisco Hospital, as well as a building for convalescent children.

The new maternity unit of the San Francisco Hospital was opened with accommodations for 230 patients, constituting one of the most modern hospital divisions devoted to obstetrical service. With this new division the San Francisco Department of Public Health assumes a prominent position for this type of work in the nation.

One of the outstanding problems with which the Department has been connected for the past five years has been sewage disposal plants and the cleaning up of our beaches of the very unsanitary conditions existing. This year has brought forth some very fine results. A sewage disposal plant of fifteen million gallons capacity in Golden Gate Park is practically completed. Sewage has been diverted from the Northern shores through means of a pumping station and a gravity tunnel, and the military authorities are conducting the work of intercepting sewerage from the Presidio Reservation into city mains. Completion of this work will mean the cleaning up of the beaches from Fleishhacker Pool on the South to Pier 37 on the North.

The department maintained its record established in recent years in the number of scientific articles published. The Director of Public Health and his associates prepared numerous articles for publication among which was the Second Edition of the Handbook of Accepted Remedies. The articles published were: The Determination of Sulfanilamide in Urine and Blood. The Hospital Problem of Alcoholism. The "Scoop" as a Source of Bacterial Contamination of Ice Cream. Soda Fountains and the Public Health. The Scientific Parade to (a Better) Old Age. Incidence and Control of Trichinelliasis in San Francisco. Incidence and Type of Heart Disease in San Francisco School Children. A Program for Cooperation with Public Health Service in Control of Disease. Food Handler Examinations. Acute Anterior Poliomyelitis. Human Rabies in California. A Statistical Survey of 140 Cases of Ophthalmia. Neo-Natal Mortality in San Francisco. Necropsies in Hospital.

In addition to the above, monthly articles dealing with various aspects of public health appeared in the Bulletin of the San Francisco County Medical Society.

For the second year, the Department of Public Health took an active part in the practical training of the School of Health Officers and Sanitarians conducted by the University of California under the Social Security Act. These men, coming from the Western States, received actual instruction and field work supplementing the theoretical work which they have received at the University.

Health Service Board.

The Health Service Board was organized May 8, 1937, under the provisions of Charter Section 172.1. After nine months' study of health insurance systems the Board submitted Plan No. 1 to the Retirement System Board for its approval. That approval having been given by unanimous vote to the Retirement Board, service was scheduled to begin March 16, 1938, and the Controller was instructed to deduct

$2.50 per month from the compensation of City employees to meet the expenses of the system.

The Controller made the deduction but impounded the money subject to the decision of the Supreme Court as to the legality of the Charter provision and the plan adopted by the Health Service Board.

On September 2, 1938, the Supreme Court handed down its decision upholding the legality of the system on all contested points. The following quotation from the decision of the court is illuminating in the approval it gives to the Health Service System:

"It is a familiar observation that the courts are not concerned with the policy of duly-enacted law, but only with their validity; and in our opinion the present legislation violates no constitutional guarantees. But it may be pointed out, in this connection that the overwhelming vote of City employees in favor of the measure was matched by the reception of the plan by the members of the medical profession. Over a thousand physicians, a majority of the licensed practitioners in the City, and nearly all of the City's hospitals, agreed to furnish services under the plan. And petitioner's brief states that among those who have joined the staffs are the president of the State Board of Health, the president of the California State Medical Association and past presidents of that association, the president of the San Francisco County Medical Society and several past presidents of that society, the president of the American College of Physicians, and leading members of the staffs of the medical schools of the University of California and Stanford University."

And in another decision filed the same day the Court refers to the San Francisco Health Service System as an example worthy of imitation.

Upon this legal approval the system was made operative beginning October 1, 1938.

On December 1st, there were 9,615 employees of the City and School District in the system. Dependents of these employees to the number of 5,238 had come in.

Approximately $32,000 a month is deducted from the payrolls for the Health Service Fund. Slightly less than 10% of this is set aside for the administrative fund. The balance goes to pay for medical services of doctors, hospitals, laboratory, ambulances, etc. The agreement with the doctors is that their fees may be cut below an agreed standard if the receipts of any one month are not sufficient to pay the full fee schedule. Thus far, however, they have been paid the full fee. It is believed, however, that during the "sick months" some deficit may occur which, however, will be compensated for by the surplus of the "health months."

The system has evoked the praise of representative employees and has been used as a model by the California Medical Association for its proposed Statewide health service.

Juvenile Probation Department.

During 1937-1938, a total of 1620 new cases passed through the Court as against 1407 for the year previous; 3741 children were cared for by us during that period as against 3526 the previous year. The Detention Home during that year cared for 1547 children.

During 1937-1938, $561,477 was expended for maintenance of minors. Reimbursements from the State, Federal Government, Parents, etc., amounted to $243,368. The cost of State School commitments was $19,907.

The Public Welfare Commission—The Public Welfare Department.

The participation of government in the field of welfare continues to be one of great importance. The need of many people for general relief and public assistance, in the broad aspect, has not lessened during this past year, and indeed, in some groups has increased definitely. In San Francisco, all three levels of government operate to

meet the need of various groups of people falling into the categories of the unemployed, the indigent, the aged, the blind and the dependent children.

As you undoubtedly know, the federal government participates in the program through two agencies: the Works Progress Administration administers the work relief program; and, the Social Security Board makes grants-in-aid to the State for aid to the needy aged, to the needy blind and to dependent children. The State participates through two agencies, also: the State Relief Administration, through its local office, provides direct relief to the unemployed not assigned to Works Progress Administration projects; and, the State Department of Social Welfare supervises the work of the counties and makes grants-in-aid from state and federal funds to the counties for aid to the needy aged, to the needy blind and to dependent children. The City and County of San Francisco, through its Public Welfare Department, administers direct relief to the unemployable dependent group and public assistance to the needy aged, to the needy blind and to dependent half-orphan children and carries on certain other welfare activities. During the fiscal year of 1937-1938 the Public Welfare Commission also had the function of planning the allocation of the moneys appropriated by your Honorable Board for sponsors' contribution to Works Progress Administration projects operating in San Francisco. With the beginning of the current fiscal year (1938-1939) this function was replaced under my own immediate administration, at the suggestion of the members of the Public Welfare Commission.

The building plans for housing the Department, as outlined to you a year ago, were amended, being changed from a project under the Works Progress Administration to a proposed project under the Public Works Administration. The defeat of the bond issue proposal before the popular electorate in the special election of September 30, 1938, postponed such plans indefinitely. Meanwhile the City and County has entered into a lease for quarters at 335 Fell Street, four blocks from the Civic Center, where most of the personnel and services of the Department will be housed as soon as alterations now under way have been completed.

As to the extent of the work of the Public Welfare Department, you may be interested in knowing of the number of cases and persons who received public assistance and direct relief in November, 1938:

Old Age Assistance	9196 persons	$301,831
Blind Aid	460 persons	22,384
Aid to Dependent (Half-Orphan) Children	590 families with 1487 children	28,116
Supplementary Aid to Dependent Children	253 families	5,060
Indigent Relief	3698 cases — with 6262 persons	107,616

In each of these categories there have been increases over the number of persons carried one year ago. It is to be noted, however, that certain factors operating in all four groups are beyond the control of local government. Liberalized provisions of the California Welfare and Institutions Code have permitted eligibility requirements to be met by a larger group of aged persons, more especially, but also in the blind and the dependent children groups as well. A changed interpretation of employability under the arbitrary standards set up by the State Relief Administration has resulted in an increase in the indigent relief load.

The total costs of public welfare have increased, not only in San Francisco but in California, and this statement probably holds for most states of the nation, if the entire program is considered. The greatest single burden, as you probably know, is the cost of old age aid. There was recognition of this fact and its effect on the counties, in the extraordinary session of the State Legislature in March of 1938, to the end that the sum of six millions of dollars was made available

for pro-rated distribution to the counties during 1938-1939. San Francisco, on the basis of our case load as compared with the total load for the State receives slightly more than 7 per cent of the half million dollars apportioned each month.

In the general election of November the voters passed a constitutional amendment giving to the State Legislature the power to deal with unemployment relief. It is my expectation that this will result in the integration of the two separate programs now in operation for unemployment relief and indigent relief. It is of vital importance to the interests of economy as well as to the welfare of our citizens on relief, that this consolidated program be administered under local authority, with State financial participation on all cases, so that an undue tax burden does not fall on real property. A bill which will bring about these desired results is being prepared for presentation to the Legislature.

I am sure that it is your wish, as it is mine, that we might see such changes in the general economic conditions that there might be a decrease in the general unemployment problem, since this would reflect itself, undoubtedly, in the other phases of the public welfare problem. I am certain, however, that San Francisco is determined to meet the need for public welfare services so long as that need exists, by appropriate budgetary provision. To do less would be to deny the truth of the dictum which we are all proud to quote: "San Francisco is the city that knows how."

Coroner.

The Coroner of the City and County of San Francisco, Dr. T. B. W. Leland, reports an active period from January 1 to November 1, 1938.

The Coroner's Office handled 2253 cases during the ten months for which the report is made, being eighty-one less than in the previous year, to November 1st.

Inquests held, 2253; jurors summoned and serving, 751; autopsies performed, 1924; pathological examinations, 1460; toxicological examinations, 1890.

Of the eighty-seven motor vehicle fatalities shown, as against ninety-six for the year previous, fifty-nine were pedestrians and twenty-nine deaths occurred at intersections. Sixty-six occurred between 6 p. m. and 6 a. m. A decrease this year compared with last of three deaths occurred in the number of fatalities to children under fifteen years of age, which is noticed with happiness. In this group, I am glad to note that no death occurred among our precious school children, going to or from school, or in zones patrolled by school-boy traffic officers.

Homicides showed a decrease, numbering sixteen, as against twenty-seven. Street-car fatalities showed a decrease, from fourteen to ten, as also did death from carbon monoxide, from fifteen to five. Suicides decreased, 202 as compared with 210 in 1937.

Accidental falls accounted for one hundred and forty-four deaths, an increase of eleven. Deaths, due to chronic alcoholism, show a decrease from thirty-one to fifteen.

Juries made fourteen recommendations. Money received for certification of papers and deposited with the Treasurer, $747. At auction sale of uncalled for effects of deceased persons, $286.04.

The recently completed and beautifully-furnished Municipal Mortuary has occasioned most favorable comment on the part of our citizenry and by out-of-town visitors, especially by the latter, as it is unique, probably being the only one of its kind in the United States.

This City is given high credit for humane handling of the bodies of deceased persons coming under the Coroner's jurisdiction. Also, there is most favorable comment upon the kindly courtesy and consideration rendered relatives and friends of deceased persons.

The Municipal Mortuary offers an opportunity for bereaved people, without means to defray the expenses of a private funeral, to hold their services here without expense to them whatever. Our system circum-

vents the necessity, in the case of persons of limited means, of facing burial in the Potter's Field.

Upon our recommendation, graves are donated: in the case of Catholic persons, by the Archbishop, and in the case of Protestant persons, by the Masonic and other Protestant private cemeteries. The bodies of Jewish persons dying without means are cared for by the Hebrew Burial Association.

Services are held in the mortuary, with all the respect and ceremony attendant upon funeral services similarly held in private establishments. Where the denomination is unknown the Salvation Army generously offer their impressive service. This is a comparatively new system and is offered without cost to the taxpayers.

Agricultural Commissioner.

Inspection of all inter and intrastate shipments of plants, bulbs and seed is the responsibility of this Department. During 1938 the total amount of incoming nursery stock was 2626 shipments, 1,217,134 packages, with only 12 rejections. Nurseries inspected, 143; private homes inspected, 10. Nursery stock inspected for interstate shipment out of California, 895 shipments and 1304 packages. Shipments to points out of the United States, 193 shipments and 1415 packages.

Retail Store Inspection: 4206 stores inspected for the condition of fruits, nuts, vegetables, honey and eggs. Fruits, nuts and vegetables reconditioned: 920 packages; remarked: 2219 packages; dumped: 495 packages. Honey remarked: 6532 packages. Eggs remarked: 21,066 dozen; reconditioned: 3111 dozen; dumped: 15 dozen.

Wholesale Fruit and Vegetable Market: 1996 inspections; reconditioned: 19,661 packages; remarked: 19,842 packages; dumped: 14,973 packages.

There were 7372 shipments for export amounting to 4,581,156 packages inspected.

There were 1456 inspections of potatoes, onions, beans, rice, eggs, butter, cheese, cereals, dried fruits, alfalfa hay, red oat hay, crushed oats, rolled barley, bran, rice straw, corn, wheat and birdseed for City institutions, with only 8 rejections.

The revenue taken for export work and City institutions together for the year will amount to approximately $8,000.

Purchasing Department.

During my term as a Supervisor, I secured passage of legislation, establishing a Central Purchasing Bureau, the administration of which has always had my interest and support. Centralized purchasing is a sound principle of business in government, because it combines the requirements of all using agencies into purchases of large volume, resulting in lower prices; widens competition; permits commodity standards to be established, thus reducing the number and variety of articles purchased; enables purchases to be made when conditions are most favorable for buying; and definitely fixes responsibility for the buying of all supplies in the vested head of a centralized purchasing department.

This centralization and control of purchasing in the government of San Francisco has demonstrated that it is a practical, economical and efficient method of procurement of supplies for public agencies, with resulting benefits to the taxpayer.

During 1938, a total of 52,734 purchase orders were issued, involving an expenditure of $5,284,396.36. By comparison with the previous year, while the volume of orders was greater, the value of purchase orders issued and the administration cost of the Purchasing Department were less than in 1937. A summary of the number of purchase orders issued and the expenditures are: General and Miscellaneous Departments, 27,085 orders, $2,437,511.49; education, 5,687 orders, $654,580.38; Health Department, 6,014 orders, $819,417.50; utilities (exclusive of Water Department), 4,898 orders, $596,970.94; Water Department, 4,107

orders, $328,506.42; Works Progress Administration, 3,570 orders, $272,-556.29; unemployment relief, 1,373 orders, $174,853.34.

The policy of aiding home industry, wherever it is legally possible, is constantly receiving our attention.

Cash discounts earned during the year were quite satisfactory, but continued efforts are currently being made to realize the maximum savings possible. The year's work shows increasing co-ordination in the operation and savings of the Department, especially in the buying and accounting divisions, the repair shops, garages, storerooms and central warehouse. The Purchasing Department of San Francisco is an excellent demonstration of the fact that centralization and the observance of sound principles and procedure is not incompatible with the highest business ideals.

San Francisco-San Mateo Livestock Exposition Buildings.

In general, the condition of the entire project is as follows: The main pavilion and arena building has been completed. The water and sewer systems under construction make this building a functioning unit, and the acquisition of additional seats will make it suitable for almost any public gathering.

Grading and excavation is about 90 per cent complete. This grading and surfacing has been done on the track, parking area, paths and roadways.

A project has been written by Works Progress Administration for completion of the entire area, including the grading, surfacing on the land, track and parking area, paving of roadways, fencing of the grounds. and planting and landscaping the property.

The activity of the Works Progress Administration upon this project provided employment of 61,400 man days of labor in 1938.

Projects included: Five thousand-foot storm and sanitary sewer system installed. The W. P. A., in co-operation with the San Francisco Water Department, laid five thousand lineal feet of 12-inch high-pressure water main. This main was connected with the San Francisco Water System. A three thousand-foot irrigation system was installed. The entire athletic field was loamed and fertilized. An area of 120,000 square feet was landscaped. Two hundred twenty-seven thousand cubic yards of earth have been excavated. All concrete footings under the proposed horse stall units, and under the cattle, sheep and swine buildings have been laid. There were used in these footings, 1,800 cubic yards of concrete and 120 tons of reinforcing steel.

District Attorney.

During the year 1938 this office participated in and conducted approximately 37,000 court hearings; issued 18,850 citations; conducted 16,500 citation hearings; was represented at all sessions of the Grand Jury during the year, both regular and special, and collected and turned into the City Treasurer's office in bail money the total sum of $715,457.

In addition to the above, this office participated in all Coroner's inquests wherein suspicion of crime in connection with deaths was present, attended all meetings of the Parole Board, all meetings of the Traffic Committee on safety matters, met with groups of merchants and organizations interested in the various phases of the Unfair Practices Act and prepared and gave instructions and lectures on the same to such groups for the purpose of averting law violations and court prosecutions.

The total cost of conducting the office for the year was $110,780. I am informed that this is lower than that of any other District Attorney's office of comparable size in the United States.

Of the cases handled by the office of the District Attorney during the year 1938, of the 37,000 court hearings, approximately 1,350 were felony cases that reached the Superior Court, and approximately 35,650 were misdemeanor cases disposed of in the Municipal Court; approxi-

mately 300 were crimes involving children, disposed of in the Juvenile Court.

Of the total number of approximately 18,850 citations issued, 9,500 were issued by the Bureau of Domestic Relations of this office, dealing with failure to provide for minor children, indigent wives and aged parents and similar domestic cases; 2,400 were issued by the Fraud Bureau of this office, dealing with crimes of frauds, swindles and violations of the Corporate Securities Act, misleading advertising and various other rackets; 6,500 were issued by the Warrant and Bond Office dealing with miscellaneous offenses, felony and misdemeanor alike, and with violations of City Ordinances; 450 were issued by the deputy in charge of the Juvenile Court work, relating particularly to sex offenses and juvenile delinquencies. Hearings on citations were approximately as follows: Bureau of Domestic Relations, 9,000; Fraud Bureau, 2,100; Warrant and Bond Office, 6,500; Juvenile Department, 400.

The Warrant and Bond Clerk's Department, aside from the issuance of citations as above noted, prepared 48,000 complaints and 15,000 warrants were issued upon these complaints.

Out of 185 narcotic cases disposed of during the year, 171 were convictions. These figures pertain to proceedings in the Superior Court.

City Attorney.

During the calendar year 1938 there was a great increase in the amount of litigation in the office of the City Attorney, carrying with it a great amount of work in an advisory capacity. This increase was reflected, not only in the number of actions filed against the City and its officers, but also in the matter of adjustments between tne different departments and persons who had dealings with them.

During the year two new departments were added to those already in existence in the municipal government, to-wit, the Health Service Bureau and the Federal Housing Bureau. Immediately upon the Health Service Bureau being established, a question arose as to whether it had the right to function along the lines provided in the Charter. The matter was promptly carried to the Supreme Court by this office and the court held that it was a proper function of the municipality to maintain a Health Service Bureau. However, this office has ruled that it operates independently of the municipality itself and its functions are not a financial charge against the City.

The State Housing Authority was brought into being by an act of the State Legislature enacted at the 1938 special session of the Legislature. Under the provisions of the Act, the Housing Authority has the right to call upon the City Attorney for legal services. This the Authority did, but owing to his limited staff, it was necessary for the City Attorney to provide a part-time assistant to serve the Authority. The Authority has been paying for this assistant.

During the year, 496 claims for injuries arising in the different branches of this government were filed, 286 of which have ripened into suits against the City and, undoubtedly, many more will do so, for the reason that while a claim for damages against the City must be filed within sixty days after the occurrence on which the claim is based, from one to two years are allowed, in which to commence an action against the City.

This office has been particularly fortunate in the litigation of the Municipal Railway, as the amount paid out in damages is less than that paid in any previous year. This office does not claim entire credit for this situation, for, undoubtedly, the employees of our Municipal Railway are doing their best to operate their street cars in a most careful manner.

The courts have somewhat tightened up in the matter of allowing damages for injuries arising from defective sidewalks, but still this is a prolific source of litigation against the City. We are hopeful of

getting some amendments to the State law which will relieve the City of some of this liability.

During the year nearly 200 actions have been brought to trial. These actions affected every department in the City Government.

Under the direction of the Board of Supervisors this office has commenced 21 suits to abate existing nuisances and has also commenced 12 actions in eminent domain to acquire property needed for municipal purposes.

During the year the Richmond sewer was completed and some 21 actions have been brought against the City for damags to adjacent property by reason of the construction of the sewer. None of these actions have as yet been tried and the courts have not determined whether the liability rests upon the City or the contractor.

The United States Circuit Court of Appeals reversed the decision of the United States District Court in the so-called one-man car case and this case is now on appeal to the Supreme Court of the United States.

The action brought by the United States government to enjoin the City from continuing the distribution of its hydroelectric power through the agency of the Pacific Gas and Electric Company was decided adversely to the City by the United States District Court and this case is now pending on appeal in the United States Circuit Court of Appeals.

The City has been represented in the usual number of rate cases before the Railroad Commission of the State of California. Many of them were not of extreme importance to the City, the City being only incidentally interested. The City did, however, have a direct interest in the application of the Market Street Railway Company for an increase in fare. This case was heard on two separate occasions and finally resulted in the Railway Company being allowed a seven cent fare. This fare became effective on January 1, 1939.

UNFINISHED BUSINESS.

Final Passage.

Thereupon, the following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Authorizing Supplemental Appropriation of $126,000 for the Purchase of Twelve Motor Buses for Operation by the Municipal Railway.

(Code No. 9.051)

Bill No. 1784, Ordinance No. 9.051533, as follows:

Authorizing a supplemental appropriation of $126,000 from the surplus existing in the Municipal Railway Operating Fund to the credit of Appropriation No. 865.400.00 for the purchase of twelve motor buses for operation by the Municipal Railway.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $126,000 is hereby appropriated from the surplus existing in the Municipal Railway Operating Fund to Appropriation No. 865.400.00 for the purchase of twelve motor buses for use in the extension of the Municipal Railway service.

Explanation of Vote.

Supervisor Uhl, in explaining his vote, stated he would vote for the foregoing appropriation, although he felt there should be three more buses ordered in order to give complete crosstown service.

Finally Passed.

Thereupon, the roll was called and the foregoing ordinance was *finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Authorizing lease of city-owned land at northwest corner of Ocean and Phelan avenues.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 93 of the Charter and in accordance with the recommendation of the Public Utilities Commission, the Director of Property is hereby authorized and directed to arrange for leasing that certain City-owned tract of land situated in the City and County of San Francisco, State of California, and bounded on the south by Ocean avenue, on the east by Phelan avenue, on the north by land of the Roman Catholic Archbishop of San Francisco and on the west by Westwood Park.

Section 2. The above described land may be leased as a whole or subdivided, subject to confirmation by the Public Utilities Commission and the Board of Supervisors.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Mead, Shannon—2.

Appropriation of $800 for Construction of Safety Island at Fell and Stanyan Streets.

(Code No. 9.051)

Also, Bill No. 1796, Ordinance No. 9.051535, as follows:

Authorizing a supplemental appropriation of $800 from Appropriation No. 848.900.00 to the credit of Appropriation No. 848.943.00 for the construction of a safety island at Fell and Stanyan streets.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $800 is hereby appropriated and set aside from Appropriation No. 848.900.00 to the credit of Appropriation No. 848.943.00 for the construction of a safety island at Fell and Stanyan streets.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Mead, Shannon—2.

Final Passage.

The following recommendations of Streets Committee, heretofore passed for second reading, were taken up:

Ordering the Improvement of Macondray Street, Easterly From Leavenworth Street, and Leavenworth Street, Northerly From Macondray Street.

(Code No. 12.0611)

Bill No. 1794, Ordinance No. 12.0611106, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the Assessment District, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors, November 22, 1938, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

The said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in three (3) installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of Macondray street, easterly from Leavenworth street, and Leavenworth street, northerly from Macondray street, by the construction of the following items:

Item No.	Item
1	Brick manholes complete
2	8-inch vitrified clay pipe sewer
3	6-inch vitrified clay pipe side-sewers

Also, Bill No. 1795, Ordinance No. 12.0611107, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the Assessment District, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors, December 5, 1938, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of

Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten (10) installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of Moraga street between Fortieth avenue and Forty-first avenue, where not already improved, by the construction of the following:

Item No.	Item
1	Armored concrete curb
2	Asphalt-concrete pavement, consisting of a 6-inch Class "F" concrete base and a 2-inch asphaltic concrete wearing surface
3	6-inch vitrified clay pipe side-sewers

The Assessment District hereby approved is described as follows:

Within the exterior boundary of all those certain lots delineated, designated, and numbered respectively as:

Block 1903, Lots 24 and 25;

being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Mead, Shannon—2.

Limiting Heights of Buildings and Changing Zone Classification on Property in Marina District.

Privilege of the Floor.

C. Courney Moore, attorney, representing William F. Sharp and Bertha Sharp, on being granted the privilege of the floor on motion by Supervisor Colman, presented the following protest against final passage of the following ordinances, providing for the limiting the heights of buildings and the reclassification of the use to which certain property may be put, in the Marina District:

To the Honorable Angelo J. Rossi, Mayor of the City and County of San Francisco, and to the Honorable Board of Supervisors of the City and County of San Francisco:

We, the undersigned, William B. Sharp and Bertha F. Sharp, the owners of the following described parcel of land situate in the City and County of San Francisco, to-wit:

Commencing at a point on the westerly line of Buchanan street 884 feet 16 inches northerly from the northerly line of Marina boulevard to the southerly line of Lewis street as it appears on Assessor's Map, thence westerly 81 feet 3 inches, thence at a right angle southerly 309 feet 4½ inches to the center line of Tonquin street, now officially closed, thence at a right angle easterly 81 feet 3 inches to the westerly line of Buchanan street, thence at a right angle northerly and

along the westerly line of Buchanan street 309 feet 4½ inches to the point of commencement.

desire to serve on you and file with you our formal protest to the final passage by the Board of Supervisors and the signing thereof by the Mayor of those two proposed ordinances purporting to rezone the property bounded by Laguna street to the east, Beach street and Marina boulevard to the south, Webster street to the west, and the northerly line of Lewis street to the north, said ordinances being as follows: a proposed ordinance regarding reclassification of the use to which this property may be put, which is Bill No. 1759 and Ordinance No. 13.025, and the ordinance limiting height of buildings in the same territory, which is Bill No. 1746, Ordinance No. 11.0828.

The undersigned have been the owners of the property hereinbefore described for a period of approximately 32 years, and ever since the time of the first zoning this property has been zoned as light industrial. During all of said period of 32 years said property has been taxed on the assessment rolls of San Francisco. The undersigned acquired this property through mesne conveyances from the State of California and the City of San Francisco who conveyed this property to the predecessors in title of the undersigned as a permanent waterfront of San Francisco.

The undersigned are also the owners of the major interests in approximately thirty blocks of waterfront lying north of Lewis street.

On June 7th, 1938, the undersigned agreed to sell both the property north and south of Lewis street to Mrs. Grace Perego, who is engaged in the real estate and building business in San Francisco, for a sum that would net the undersigned at least $300,000 for such property. Mrs. Perego has furnished us satisfactory proof that she has been successful in financing such purchase. We desire to inform you that because of the proposed zoning restrictions embodied in the two ordinances heretofore referred to, Mrs. Grace Perego has notified the undersigned that if such zoning restrictions become effective with regard to the property south of Lewis street as hereinbefore described, that she will not complete the said transaction which contemplated the purchase of the property both north and south of Lewis street.

All of the property, both north and south of Lewis street, is at the present time submerged under the waters of the Bay at a depth of twenty to thirty feet, and will require the building of a rip-rap wall, together with the necessary fills. This development will require the expenditure of large sums of money. We are creditably informed by competent people who have made a study of this project that from a practical standpoint the rezoning of this property under the proposed ordinances as first residential, coupled with a restriction on the height of any building to forty feet, means that no practical use can be made of the land in question for residential purposes, because the cost of reclamation and fill would be so prohibitive that there would not be an adequate return on any investment made for the development of this property. It is therefore necessary to erect flats and apartment houses on this reclaimed land in order to make it commercially profitable to reclaim it. Since under the proposed ordinances this property cannot be used for light industrial or second residential, thereby allowing the erection of flats, business houses and apartment houses, and since from a practical standpoint it cannot be used as first residential because no adequate return can be had on the amount of any investment needed for the development of this property, the result is that this property cannot be used for any purpose whatsoever, with the further result that as long as these ordinances remain in effect the value of this property has not been merely diminished, but has been actually destroyed, and our property is being absolutely confiscated, although without doubt taxes will still continue to be levied upon it. Not only are these two ordinances confiscatory of this property, but in addition they will as aforesaid result in the loss to the undersigned

of approximately $300,000, which profit would have accrued from a sale of the property both north and south of Lewis street.

Our attorney advises us that in his opinion these particular ordinances are not based upon consideration of public health, safety, morals or general welfare applied fairly and impartially, but on the other hand are discriminatory, unreasonable, oppressive, arbitrary and confiscatory, and that said ordinances are therefore unconstitutional, illegal and invalid and that the same, so far as they prevent the use of our property for business or apartments, are not reasonable or necessary for any of the purposes set forth in the Charter of San Francisco under which said ordinances were passed, and that said ordinances further violate the Constitution of California and of the United States. in that we are being deprived of our property without due process of law and without reasonable necessity for the accomplishment of any legal purpose.

We desire to further inform you that in case said proposed ordinances are adopted through passage by the Honorable Board of Supervisors and signing by the Mayor, we prepose to commence action to have the same declared void and invalid, and if they are so declared void and invalid but as a result of the passage of said ordinances the deal with Mrs. Grace Perego falls through and fails of consummation, if we have the legal right so to do we propose to hold not only the City and County of San Francisco but every member of the Board of Supervisors who votes in favor of said ordinances, and the Mayor, if he signs the same, responsible in damages.

Dated January 3rd, 1939.

WM. B. SHARP,
BERTHA F. SHARP.

Referred to City Attorney.

Mrs. Grace Perego, representing her clients, proposed subdividers of the property in the Marina District, for which limitation of the heights of buildings and zone reclassification would be affected by the proposed ordinances, presented the following protest against final passage of proposed legislation:

For the record I desire to express and file with the Board the following specific grounds of opposition, in addition to all other legal grounds of objection that may exist:

1. The proposed restrictions as to use and height are not necessary for the protection of the public health, safety, comfort, convenience, morals or general welfare.

2. The proposed restrictions are unreasonable, arbitrary, oppressive and discriminatory by reason of the use to which adjoining and nearby property is put with the approval, consent and permission of the City and County of San Francisco.

3. The proposed restrictions are invalid for the reason that they are intended to establish an easement of view in favor of other property owners, to the prejudice of the owners of the property sought to be restricted and without compensation to such owners.

4. The proposed restrictions are invalid for the reason that they are for a purely esthetic purpose.

5. The proposed restrictions are invalid for the reason that the character of structures which would be permitted thereunder would not justify the expenditure made necessary by filling and similar work of preparing for construction, and consequently the restrictions would result in a confiscation of the property involved.

6. The proposed restrictions are not intended by the City and County of San Francisco to operate as an exercise of the police power under the Charter and zoning ordinance, but are admittedly intended to prevent beneficial and economic use of the property by private owners

in order to enable the City and County to acquire the same for some future public use at a depreciated valuation.

January 3, 1939.

GRACE PEREGO.

Referred to City Attorney

Explanations of Votes.

Supervisor Brown, as explanation of his vote, repeated substantially his explanation of two weeks previous, and stated that because he felt the proposed ordinances were, in effect, confiscatory, depriving the owners of the use of their property without due process of law or proper compensation therefor, he would vote against their passage.

Supervisor Colman stated that in voting "Yes," he was doing so with the understanding that every effort would be made to purchase the land affected, the Park Commission including in its budget, sufficient amount to allow for the purchase of the land on an installment plan, and his Honor the Mayor approving the appropriation. In view, further, of the fact that three-fifths of the land affected by the proposed legislation is not held under option, and the question of its sale will not be discussed by the owner, the Pacific Gas and Electric Company, before March, 1940, and apparently the company is favorable to the Mayor's proposal to purchase the land, Supervisor Colman announced he would vote for final passage of both proposed ordinances.

Final Passage.

Thereupon, the following recommendations of Public Buildings, Lands and City Planning Committee, heretofore passed for second reading, were *finally passed* by the following vote:

Limiting Heights of Buildings, Territory Bounded by the Northerly Line of Lewis Street, Laguna Street, Beach Street and Marina Boulevard.

(Code No. 11.08)

Bill No. 1746, Ordinance No. 11.0828, as follows:

Limiting the height of buildings hereafter to be erected in a certain district in the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. No building shall be erected in the City and County of San Francisco to a height greater than forty (40) feet within the territory bounded by the northerly line of Lewis street on the north, by Laguna street on the east, by Beach street and Marina boulevard on the south, and by Webster street on the west.

Section 2. No addition to or alteration or improvement of any building within the above described district shall be made which shall increase the height of any building as limited by this ordinance.

Section 3. No limitation of the height of building in the City and County of San Francisco as provided by this ordinance shall apply to public buildings, churches, schools, steeples, towers, domes, cupolas, belfries (not used for human occupancy), nor to chimneys, gas holders, skylights, ventilators, water tanks, flag staffs, railings, weather vanes, nor to other similar structures such as are usually erected or maintained above the roof line of buildings.

Section 4. The method of determining the height of buildings for the purpose of this ordinance shall be the same as provided in Ordinance No. 1008 (New Series), and the provisions of Section 78 shall apply within said territory.

Section 5. No building permit shall be issued by the Board of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 6. Any person, firm, or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding $500 or by imprisonment for a term of not exceeding six months, or by both such fine and imprisonment. Such person, firm, or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued, or permitted by such person, firm, or corporation, as herein provided.

Finally passed by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
No—Supervisor Brown—1.
Absent—Supervisors Mead, Shannon—2.

Proposed Ordinance Regarding Reclassification of the Use to Which Certain Property May Be Put.

(Code No. 13.02)

Also, Bill No. 1759, Ordinance No. 13.025, as follows:

Reclassification of the use to which certain property in the City and County of San Francisco may be put and defining the boundaries of the property so reclassified.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The property hereinafter described is hereby reclassified from Light Industrial to First Residential District:

All that certain real property situate, lying and being in the City and County of San Francisco and bounded by Laguna street to the east, Beach street and Marina boulevard to the south, Webster street to the west, and the northerly line of Lewis street to the north.

Section 2. No building permit shall be issued by the Board of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 3. Any person, firm, or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding $500 or by imprisonment for a term of not exceeding six months, or by both such fine and imprisonment. Such person, firm, or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued, or permitted by such person, firm or corporation, as herein provided.

Finally passed by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
No—Supervisor Brown—1.
Absent—Supervisors Mead, Shannon—2.

NEW BUSINESS.

Code Repealing Ordinance and Amendatory Ordinances.

Privilege of the Floor.

Controller Harold J. Boyd, on being granted the privilege of the floor at the request of Supervisor Uhl, explained the purposes of the

following recommendations of the Judiciary Committee, repealing or amending certain obsolete, ineffective or duplicate ordinances, made necessary to provide for the effectiveness of the San Francisco Municipal Code.

Final Passage.

Thereupon, the following emergency ordinances, recommended by the Judiciary Committee, were taken up:

Code Repealing Ordinance.

(Series of 1939)

Bill No. 1, Ordinance No. 1, as follows:

Absent—Supervisors Mead, Shannon—2.

Motion to Rescind Action.

Subsequently, during the proceedings, Supervisor Brown questioned the legality of appropriations set forth in the foregoing bill, and moved that the action of the Board, whereby the foregoing bill had been passed for second reading, be rescinded, and that the matter be referred to the City Attorney for formal opinion.

Privilege of the Floor.

William D. Coghlin, representative of the Associated General Contractors, on motion by Supervisor Brown, was granted the privilege of the floor and protested the foregoing appropriations, stating they were in violation of the Charter provisions requiring all contracts over $1,000 to be awarded only after receipt of bids thereon.

Supervisor Roncovieri objected to rescinding the action already taken, inasmuch as, if before the time of final passage, the City Attorney should rule the appropriations to be illegal, final passage of the ordinance could then be refused.

Motion Failed.

Thereupon, the roll was called and the motion to rescind the action of the Board whereby Bill No. 8 was passed for second reading was *defeated* by the following vote:

Ayes—Supervisors Brown, McSheehy, Meyer—3.
Noes—Supervisors Colman, McGowan, Ratto, Roncovieri, Uhl—5.
Absent—Supervisors Mead, Schmidt, Shannon—3.

Passed for Second Reading.

Passed for second reading by the follwoing vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.
Absent—Supervisors Mead, Shannon—2.

Action Rescinded.

Subsequently during the proceedings, on motion by Supervisor McSheehy, seconded by Supervisors Colman and Uhl, the action of the Board of Supervisors, whereby the foregoing bill was passed for second reading, was rescinded.

Thereupon, Supervisor McSheehy, seconded by Supervisor Uhl, moved that the matter remain on the Calendar for one week.

No action taken.

The City Attorney, at the request of Supervisor McSheehy, explained the need for the proposed appropriations.

Segregation of Items.

Supervisor McSheehy, thereupon, voiced opposition to the proposed appropriation of $7,500 to provide funds for litigation in re the Raker Act, and requested segregation of the several appropriation items, in order that he might vote on each item.

Thereupon, the roll was called on the first item, Appropriation No. 867.604, to provide funds for litigation *In re Raker Act*, $7,500, and the appropriation was approved by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Meyer, Ratto, Roncovieri, Uhl—7.
No—Supervisor McSheehy—1.
Absent—Supervisors Mead, Schmidt, Shannon—3.

The roll was called on the second item, Appropriation No. 867.604.00.1, to provide funds for litigation in the case of *Williams v. City and County of San Francisco* in the matter of riparian rights on the Tuolumne River, $4,000, and the appropriation was approved by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Uhl—8.

Absent—Supervisors Mead, Schmidt, Shannon—3.

The roll was called on the third item, Appropriation No. 867.604.00.2, to provide funds for litigation in the case of *Meridian, Ltd.*, v. *City and County of San Francisco*, involving water rights from the Tuolumne River, $2,500, and the appropriation was approved by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Uhl—8.

Absent—Supervisors Mead, Schmidt, Shannon—3.

Explanation of Vote.

Supervisor McSheehy, before the roll was again called on passage for second reading of the foregoing ordinance, explained his vote, saying that although he was in favor of two of the appropriations contained therein, he must, in order to be consistent, vote against the passage of the Bill. He stated further, that he would, in the future, for record purposes, insist on separate legislation for such appropriations.

Passed for Second Reading.

Thereupon, the roll was called and the foregoing Bill was passed for second reading by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Meyer, Ratto, Roncovieri, Uhl—7.

No—Supervisor McSheehy—1.

Absent—Supervisors Mead, Schmidt, Shannon—3.

Passed for Second Reading.

The following recommendations of the Finance Committee were taken up:

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Report on Transportation.

The following was read by Supervisor Uhl:

Time for Action by the Board of Supervisors on Traffic Matters.

It was a case of passing the buck to request the Mayor on November 15, 1937, to appoint a Citizens' Committee to devise plans for rapid transit and empower said committee to recommend the solution it considers best. Thirteen months have passed. What has been accomplished? Nothing. A Charter amendment which the Citizens' Committee sponsored for the employment of a consulting traffic engineer, at approximately $80,000 a year for three years, covering salaries, etc., was defeated. Rightly so. Therefore, the recent suggestion of the Citizens' Committee to resubmit to the voters a proposal for the employment of a consulting traffic engineer is unwarranted.

The City has in its employ, in the Public Utilities Commission and the Board of Works, including the heads of these Departments, engineers whose salaries are upward of $50,000 a year. I am certain they have the ability to devise ways and means of improving traffic and transportation conditions. If not, the answer must be there is no solution to the problem or inefficiency.

I desire to read into the record Mayor Rossi's letter to the Citizens' Committee on Rapid Transit under date of December 7, 1938. Also the traffic reports submitted to the Mayor by the Chief Administrative Officer, Alfred J. Cleary, and his staff, under date of December 5, 1938, the Public Utilities Commission's letter under date of December 2, signed by E. G. Cahill, Manager of Utilities; letter from Wm. J. Quinn, Chief of Police, dated October 17, 1938, and letter to Mayor Rossi by the Mayor's Sub-committee dated December 6, 1938. (Read reports.)

The report of the Sub-committee, which comprises E. G. Cahill, chairman, Alfred J. Cleary and Wm. J. Quinn, to Mayor Rossi, dated December 6, states in part as follows:

"After careful consideration of the proposals made by the Public Utilities Commission, your Sub-committee unanimously agreed with all of the recommendations in all of these proposals. We especially wish to call your attention to the recommendation for the employment, at the earliest possible date, of a consulting engineer, with the experience and knowledge necessary to correlate the reports and recommendations submitted to the traffic and transit committee by your various department heads concerned with traffic regulation and to compile a final report on matters vital to the problems of traffic and transit control."

INASMUCH AS MR. CAHILL STATES IN HIS LETTER TO MAYOR ROSSI, UNDER DATE OF DECEMBER 2, THAT MR. PAUL OST, CHIEF ENGINEER OF THE ELECTRIC POWER BUREAU, IN THE EMPLOY OF THE PUBLIC UTILITIES COMMISSION, AND HIMSELF, AN EXPERT ON TRAFFIC AND TRANSPORTATION, WHY THEN HAS NOT THE PUBLIC UTILITIES COMMISSION MADE A STUDY DURING THE PAST SEVERAL YEARS OF MASS TRANSPORTATION?

A second proposal the Sub-committee unanimously approved is the proposal made by the Public Utilities Commission for the purchase of twelve buses. The purchase of the twelve buses has since been approved by the Board of Supervisors. It is now proposed, however, that four modern trolley cars be purchased. I am agreeable to the purchase of one modern up-to-date street car until the plan for mass transportation has been approved. One modern trolley car is sufficient for demonstrating purposes. Available funds should be used for purchase of more buses.

Proposal No. 3. Mr. Cahill states in his letter of December 2: "Many

reports dealing with traffic and transportation in San Francisco have been made by eminent engineers after careful investigation and study."

The last important traffic survey was made July 31, 1937, by Mr. Miller McClintock, traffic consultant of the Traffic and Transportation Associates, Inc., 1 Park avenue, New York. The taxpayers of San Francisco paid $20,000 for the services of Mr. Miller McClintock and his deputy, besides a federal appropriation of $140,000 for a comprehensive study of all important factors affecting the safe and orderly movement of persons and vehicles over the streets of the community, and on the basis of such study to design methods for the reduction of traffic accidents and congestion. Said operations began January 7, 1937, and were concluded and submitted to Mr. Wm. Worden, Director of Board of Works, on July 31, 1937.

A PERTINENT QUESTION. WHAT ACTION, IF ANY, HAS BEEN TAKEN ON THE McCLINTOCK REPORT? EITHER THE McCLINTOCK REPORT IS OF VALUE OR $20,000 OF THE TAXPAYERS' MONEY HAS BEEN WASTED, PLUS $140,000 APPROPRIATION FOR W.P.A. SERVICES.

Regarding financing. Mr. Cahill proposes: "The consulting engineer should also make recommendations as to the best method or methods of financing a comprehensive all-embracing city transportation system, and estimates of proposed financial results to be obtained from operating the proposed combined system and new structures."

In one breath, Mr. Cahill recommends the above and in the next breath, he states that "In considering this report it must be borne in mind that the people have twice turned down proposals for major changes in the transportation system." The people have decidedly indicated they will not purchase the Market Street Railway system. It, therefore, seems advisable to begin an education campaign covering bus transportation by the establishment of two major bus routes: One on Cabrillo street, from Forty-eighth avenue, via Cabrillo street, Arguello boulevard, Golden Gate avenue, Sixth, Mission, Fremont streets, returning on Market street, via Golden Gate avenue, etc., to Cabrillo street to Forty-eighth avenue. The second route from Market and Fifth streets, via Fifth, Brannan, Potrero, Bay Shore, Alemany boulevard, Nineteenth avenue to terminal, Sloat boulevard. Without a doubt these bus routes will operate at a profit and by demonstrating their value will unquestionably insure a favorable vote on the part of the citizens for financing a complete bus service.

The Sub-committee unanimously approved the full report of Alfred J. Cleary, Chief Administrative Officer, and Department heads, which report boiled down is as follows:

1. Passage by the Legislature of a prima facie law.
2. Progressive timing of signals. (No reason why this cannot be done immediately.)
3. Establishment of parking area on Embarcadero. (A matter that comes under the jurisdiction of the Embarcadero and should be promptly followed up by the Exposition Committee, inasmuch as the parking area is for the benefit of Exposition visitors.)
4. One-way streets. (Those recommended should be approved immediately.)
5. Traffic School. (Not pertinent to the subject of traffic and transportation.)
6. Pedestrian Traffic. (A study covering necessity for eliminating the grade crossing of Market street by pedestrians.)

It is regrettable that no reference has been made to the McClintock report, inasmuch as the report was filed with a department head under the Chief Administrative Officer. Mr. McClintock's report refers particularly to four lanes, to one-way streets, to "limited way" plans, etc. Mr. McClintock also makes the following statement:

"San Francisco has witnessed many changes in transportation methods and it seems that at the present time these changes are continuing.

The street railways today impair the efficiency of a disproportionate amount of street area, in so far as automobile traffic is concerned."

Many other suggestions are advanced in the McClintock report, and it is therefore surprising that no reference has been made to the Miller McClintock report as of July 31, 1937.

The Sub-committee also unanimously approved all of the recommendations contained in the report of Wm. J. Quinn, Chief of Police, which recommendations, boiled down, are as follows:

1. Placing the power to regulate traffic in the Police Department.
2. Appropriation of $6,000 for traffic accident bureau.
3. Adoption by Legislature of a "prima facie" law.
4. One hundred additional police officers for traffic duty.
5. Heavily traveled streets to have traffic lanes.
6. Repeal of traffic ordinance, making Geary boulevard an arterial.
7. Signs directing traffic.

Regarding the important report of Captain Goff, the Sub-committee makes no comment except to say, "We consider that there is much valuable data contained therein, and suggest it be referred to the consulting engineer." I refer to an important matter to which Captain Goff calls attention, "congestion on Stockton street". Captain Goff recommends either routing the Stockton street line over Fourth to the Southern Pacific Depot or that the car line be removed to the east curb. The Captain states that rigid control must be obtained from Market to Sutter street and very little can be done until the deplorable condition in the first block of Stockton street is remedied.

I respectfully suggest the following regarding the deplorable congested conditions on Stockton street:

1. Routing the Stockton street line down to Sutter to Plan X Depot.

2. No parking on Stockton street. This will permit of four lanes.

Immediate consideration should be given to the deplorable conditions on Stockton street. I cannot too strongly urge the Board of Supervisors to devote themselves to this matter of traffic and transportation and giving immediate consideration to the following:

1. One-way Streets. Approve recommendation of Mr. A. J. Cleary, Chief Administrative Officer, to make First street a one-way street, southerly from Market to Natoma. Also Fremont made a one-way street, northerly from Natoma to Market street.

2. Necessary steps to have the Legislature adopt a prima facie law, as proposed by Mr. Alfred J. Cleary.

3. Request the Public Utilities Commission to have Mr. Paul J. Ost devise a city-wide mass transportation plan.

4. Re-routing the Stockton street line down Sutter street to Plan X Depot.

5. Request the City Engineer to give report and approximate cost of the following underpasses:

One on Sixth-Taylor; one on Tenth-Polk.

Much of the Fifth and Seventh street vehicular traffic would be diverted to the Sixth street underpass, and much of the Ninth street traffic would be diverted to the Tenth street underpass. Mr. McClintock states that The Embarcadero tunnel carried over 900 vehicles during the peak hour.

6. Left-hand turns. Immediate consideration of "No Left-hand Turns" in the following area:

Powell street, from Market to north side of Bush.

East on Bush street to Market, and west on Market to Powell.

No left-hand turn at the following intersections on Mission street:

At Fremont, First, Second, New Montgomery, Third, Fourth, Seventh, Eighth and Tenth streets.

7. Vehicles leaving parking lots or garages required to make only right-hand turns.

8. Study and report by the Engineer on an elevated way from Sixth and Mission, via Sixth at an angle, crossing Southern Pacific proper-

ties, to and along Iowa, and at an angle, crossing property south of Army to Bay Shore boulevard approximately at Oakdale, and the approximate cost of same.

Such an elevated way will materially speed up traffic and relieve the congestion and toll of life which has been taken on Potrero avenue, not to mention the congestion of traffic on Potrero avenue and Bay Shore boulevard.

9. No parking on Stockton street, with necessary man power to enforce same. Would make available four lanes and speed up traffic. Likewise, no parking on Bush street to Larkin. Four lanes would be available and traffic would be materially speeded up.

Regarding Howard street. Captain Coff states Howard street should be made into a great traffic arterial; that the street does not carry one-half the traffic it should; that street cars should be removed. I am in full accord with Captain Goff's recommendation, and immediate steps should be taken to notify the Market Street Railway to discontinue its street car operation on Howard street.

Captain Goff's suggestion for narrowing sidewalks on Kearny street has much merit and should be given consideration.

ADOLPH UHL.

Discussion of Traffic and Transportation Problem Proposed.

Following the reading of the foregoing report, Supervisor Uhl moved that the Board, at its next meeting, sitting as a Board of Supervisors, start discussing the situation and see what can be done to speed up traffic and transportation in San Francisco.

Motion *failed for want of a second.*

Approval of Suggestions for One-Way Streets.

Immediately thereon, Supervisor Uhl moved that the Board approve Chief Administrative Officer Cleary's suggestions regarding one-way streets.

Motion *failed for want of a second.*

Underpasses at Sixth and Market and at Tenth and Market.

After brief discussion, and objections by Supervisor Colman, to proposals incorporated in the report as read, Supervisor Uhl moved that the Department of Public Works and the City Engineer be requested to furnish a report to the Board on the question of underpass, at Sixth street and at Tenth street, thus relieving Market street from a great deal of cross traffic.

No second.

Reference to Public Utilities Committee.

Thereupon, the report presented by Supervisor Uhl was *referred to the Public Utilities Committee.*

Invitation to Attend Meeting of Glen Park Community Club for Installation of Officers.

The Clerk read communication from the Glen Park Community Club, inviting the members of the Board to attend the Installation of Officers on Tuesday evening, January 10, 1939.

Copies of communication *ordered sent to all members of the Board.*

Federal Low Cost Housing Project.

Supervisor McSheehy presented, for Supervisor Mead, communication from the San Francisco District Industrial Union Council, requesting the Board to use its influence and cooperation to start the proposed $15,000,000 Federal Low Cost Housing Project without further delay.

Referred to Fire, Safety and Police Committee.

Recommendation on Policy of Additional One-Cent Gas Tax Levy Requested.

Supervisor Ratto presented communication from the Redwood Empire Association, Supervisors' Unit, requesting a recommendation on a proposal for an additional one-cent gas tax levy, and if such tax is levied, a recommendation as to the allocation of funds.

Referred to Joint Finance and Streets Committee.

Proposal for Amendment to Raker Act.

Supervisor Brown reviewed his proposal, made at the meeting of the Board of Supervisors on December 27, 1938, whereby he moved that the Board of Supervisors memorialize Congress to amend the Raker Act so as to permit the private distribution of Hetch Hetchy electric energy, to which motion Supervisor McSheehy objected. Supervisor McSheehy had objected to the presentation of the matter in form of a motion, holding that such proposal should be presented by formal resolution.

In laying the groundwork for resolution which he was planning to present, Supervisor Brown read editorial published in the San Francisco Chronicle, commending his proposal. Subsequently, during the discussion, at the request of Supervisor McSheehy, he read editorial from the San Francisco News, opposing the proposed memorialization of Congress.

Supervisor Brown stated, also, that he was going east, and, if the Board should so decide, he would be glad to go to Washington and interview the Secretary of the Interior and other officials to determine their attitude on the proposed Raker Act Amendment. However, on objection thereto being raised by Supervisor McSheehy, Supervisor Brown withdrew his request or suggestion to interview Secretary Ickes and other officials.

Thereupon, Supervisor Brown presented the following resolution:

Memoralizing Congress to Amend the Raker Act.
(Series of 1939)

Resolution No. ——, as follows:

Whereas, the litigation over distribution of Hetch Hetchy power under the provisions of the Raker Act has resulted, thus far, unfavorably to the City and County of San Francisco: and

Whereas, the City and County of San Francisco faces a loss of over $2,000,000 in revenue annually should a reversal of the court's decision not be secured in the higher courts; and

Whereas, such loss will mean an increase of approximately 30 cents in the tax rate; and

Whereas, Federal hydro-electric projects elsewhere are allowed to dispose of part or all of their power output to privately-owned power companies; and

Whereas, there exists an ambiguity in section 6 of the Raker Act, concerning which ambiguity the above-mentioned litigation is being conducted; now, therefore, be it

Resolved, That it is the sense of the Board of Supervisors of the City and County of San Francisco that the Act of Congress, approved on December 19, 1913, and commonly known as the Raker Act, should be amended by amending section 6 thereof so that the ambiguity contained in said section 6 restricting the City and County of San Francisco from selling its electric energy generated on the Hetch Hetchy project should be amended to the end that the City and County of San Francisco may sell and dispose of its electric energy as may be determined by its local officers; and, be it

Further Resolved, That this Board of Supervisors memorialize the Congress of the United States to so amend said Raker Act.

Referred to Public Utilities Committee.

Commending San Francisco Chamber of Commerce for Sponsorship of "Sell San Francisco" Campaign.
(Series of 1939)

Supervisor McGowan presented:

Resolution No. 6, as follows:

Whereas, on Wednesday, December 28, 1938, there was formally opened a campaign known as "Sell San Francisco" sponsored by the San Francisco Chamber of Commerce and Sales Managers Association jointly; and

Whereas, this campaign was enthusiastically received by the thousands who attended the opening meeting at the Civic Auditorium and spontaneously endorsed by City officials; and

Whereas, this campaign will serve to enlighten the world in general and, in particular, those people who have distorted ideas about conditions as they exist in San Francisco, by placing before them honest and true information concerning conditions of our beloved City—a city which is forging ahead industrially; leading every port in the United States in shipping with the exception of New York; increasing her freight car loadings; maintaining her leadership in the West in finance, banking and insurance, to mention a few of the accomplishments; now, therefore, be it

Resolved, That this Board of Supervisors commends most highly the San Francisco Chamber of Commerce and Sales Managers Association for their sponsorship of "Sell San Francisco"; and be it

Further Resolved, That this Board takes this occasion to wish Godspeed to the thousands of salesmen and others who will carry on the work, without whom its success would be impossible.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Mead, Shannon—2.

In Memoriam—Judge Daniel S. O'Brien
(Series of 1939)

Supervisor McGowan presented:

Resolution No. 7, as follows:

Whereas, death has called the Honorable Daniel S. O'Brien, for eighteen years Judge of our Municipal Court, who also served the City faithfully and well for many years as a member of the State Legislature and as Assistant City Attorney to former City Attorney Percy V. Long; and

Whereas, Judge Dan S. O'Brien in public life and in private life endeared himself to thousands by his earnest, considerate and humane character as a just judge and also as a fine, loyal and sincere friend and counselor of all who were privileged to know him; now, therefore, be it

Resolved, That the City of San Francisco has suffered a great loss in the untimely death of Daniel S. O'Brien and expresses itself deeply at his passing; and be it

Further Resolved, That this Board adjourns today out of respect to the memory of the late Judge Daniel S. O'Brien.

Unanimously adopted by rising vote.

In Memoriam—Arthur T. McQuaide.
(Series of 1939)

Supervisor McSheehy presented:

Resolution No. 8, as follows:

Whereas, our Heavenly Father has summoned Arthur T. McQuaide to his eternal reward; and

Whereas, Arthur T. McQuaide, a member of the San Francisco Police

Department for a period of over 40 years, distinguished himself as a brave, capable and conscientious officer of the Police Department—a splendid citizen of San Francisco—faithful and loyal to those who had the privilege of his friendship; and

Whereas, his loss will be deeply felt, not only by the Department of which he was a prominent member and to which he gave unselfishly of his efforts, but by the community at large; now, therefore, be it

Resolved, That this Board when it adjourns today does so out of respect to the revered memory of Inspector Arthur T. McQuaide.

Unanimously adopted by rising vote.

In Memoriam—Walter O. Salisbury.

(Series of 1939)

Supervisor McSheehy presented:

Resolution No. 9, as follows:

Whereas, Walter O. Salisbury, a member of the San Francisco Police Department, has been summoned to his eternal reward; and

Whereas, Walter Salisbury, measuring up to the finest traditions of the Department, met his untimely end as the result of an endeavor to protect the life of the prisoner with whose custody he was charged; and

Whereas, Officer Salisbury's heroic act is worthy of the highest commendation; now, therefore, be it

Resolved, That this Board of Supervisors notes with sincere regret the unfortunate passing of Officer Salisbury, and takes this opportunity to express to his bereaved widow and family its heartfelt sympathy.

Unanimously adopted by rising vote.

Requesting Appointment of Citizens' Committee for Celebration of 150th Anniversary of Fall of the Bastile.

(Series of 1939)

Supervisor Roncovieri presented:

Resolution No. 10, as follows:

Whereas, the reverberations of "The shot heard round the world," that announced the birth of this country's struggle for freedom from despotic intolerance, struck responsive chords in the souls of those lovers of liberty who were, but a few years later, destined to lead a movement designed to sweep away the canker of a debased feudalism which held that peoples existed only for the privilege of despots and the profits of their cringing satellites; and

Whereas, to the ears of those lovers of liberty, the echoes of that first shot by those embattled farmers at Lexington Bridge were, on that memorable morning of a century and a half ago, translated by the people of France to the martial exhortations, "à la Bastile! à la Bastile!"; and

Whereas, the date of July 14, 1789, should ever be remembered as the beginning of that active struggle for Liberty, Equality and Fraternity, the prime motive of which was to make all men equal before the law; and

Whereas. it is most fitting and proper that we, a people who have been singularly blessed with those fruits which our friends of France, who aided us, were later striving to obtain, should rejoice with those who celebrate the destruction of that feudal symbol of man's inhumanity to man; therefore, be it

Resolved, That his Honor, the Mayor, be and he is respectfully requested to appoint a citizens' committee to arrange for the proper celebration on July 14, 1939, of the one hundred and fiftieth anniver-

sary of that ever to be remembered event in the history of man's struggle for political liberty, the Fall of the Bastile.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Mead, Shannon—2.

Providing for Negotiations With P. G. and E. Co. for Exchange of Property in Marina District as Offset to Back Taxes Due for Distribution of Gas for Other Than Lighting Purposes.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. ——, as follows:

Whereas, it has been stated by City Attorney John J. O'Toole that there should be due the City and County of San Francisco from the Pacific Gas and Electric Company, several hundred thousand dollars covering back taxes, for distribution of gas for other than lighting purposes; and

Whereas, it is desirable for the City to acquire certain properties owned by the Pacific Gas and Electric Company north of Bay street between Webster and Laguna for extension of the Marina Parking and future extension of the Yacht Harbor; now, therefore, be it

Resolved, That the City Attorney and the Director of Real Estate be instructed to negotiate with the Pacific Gas and Electric Company for the exchange of their holding north of Bay street between Webster and Laguna, as offset to the back taxes that should have been paid by the Pacific Gas and Electric Company to the City and County of San Francisco covering distribution of gas for other than lighting purposes.

Referred to Public Utilities Committee.

Announcement of Candidacy for Mayor.

Supervisor Uhl, under his name at Roll Call, announced that he would be a candidate for the office of Mayor, at the ensuing municipal election.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:37 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors January 9, 1939.

SPECIAL ORDER—2:15 P. M.

Salary Standardization.

December 19, 1938—Supervisor Uhl called out of committee proposed salary standardization legislation.

December 27, 1938—Supervisor Uhl moved that the Civil Service Commission be requested to bring its report on salary standardization up to date, in time for the meeting of the Board of Supervisors on January 9, 1939, and that the matter of salary standardization be considered on that date, at 2:15 p. m.

Report of Finance Committee on Salary Standardization.

December 27, 1938.

To the Board of Supervisors.

Gentlemen: The Salary Standardization document proposed by the Civil Service Commission has been carefully considered by your Finance Committee, in all its aspects, keeping in mind both those employees for whom the Civil Service Commission has recommended salary increases, and the taxpayers who will be called upon to pay these increases.

The Civil Service Commission is the official fact-finding body in salary standardization matters. The recommendations of the Civil Service Commission are based upon a long and costly study of salaries prevailing in private employments. Your Finance Committee is not in an expert position to question the accuracy of all of these recommendations, and therefore, for the time being, accepts them without comment. However, we deem it our duty to inform you, that the San Francisco Bureau of Governmental Research and the Junior Chamber of Commerce, do question a large number of the salary increases

recommended by the Civil Service Commission. There are also a number of employees who claim that their proposed salary increases should be higher. Your Finance Committee recommends that all these controversial claims be heard by the Board of Supervisors sitting as a Committee of the Whole.

It is the will of the people, as expressed in their Charter, and in the *Prevailing Wage Law* of the State of California, that all salaries in the public service shall equal the salaries prevailing in private employments; and the Charter imperatively makes it the duty of the Board of Supervisors to put this principle into practice through the Civil Service Commission.

It is with a sincere desire to be equally just to both employees and taxpayers, that your Finance Committee has been carefully considering the ability of the taxpayers to carry, in the next fiscal year, the total increased tax burden due to Salary Standardization, and amounting to $856,549.68. There is a limit beyond which the tax rate for the General Fund cannot be raised; that limit is fixed by the Charter at $1.65, and San Francisco is now within $.112 of this limit. Within the limit of $1.65 all the essential services of the City and County government, and all salaries for these essential services must be provided and maintained.

It is too early to predict the amount of money that will be available to put all the salary standardization recommendations of the Civil Service Commission into effect. San Francisco is facing *the possible loss of* $1,150,000 *of Hetch Hetchy revenues* during the next six months of the present fiscal year, *and* $2,300,000 *annually thereafter.* San Francisco is also facing an *increase in expenditures* for all forms of relief. These relief expenditures have been mounting annually by leaps and bounds during the last few years, so that the taxpayers' share of the total cost of San Francisco relief, amounting to $3,989,273.93 for this present fiscal year, is actually $1,386,214.63. And no one can foretell when, and at what point, the cost of relief will stop increasing, especially since the legislative trend is to liberalize old-age pensions, and all other forms of relief.

Prospective mandatory increases in *Relief Expenditures* imposed by the Legislature, and prospective loss of millions in *Hetch Hetchy Revenues,* naturally command extreme caution in predicting, at this time, how many, and how much, of the salary standardization adjustments can safely be put into effect.

Notwithstanding this serious situation, your Finance Committee fully recognizes the fact that, in the case of the per diem men in the various crafts, the City is paying them lower wages than actually prevail in private employment. That this is unfair, no one will gainsay, since Organized Labor and Private Industry have *signed* agreements as to well-settled scales of wages. There is no question that these wages are actually being paid to the members of all the crafts, by all employers, except San Francisco, the largest employer. If one large employer, like San Francisco, refuses to recognize the existing wage scales agreed upon between Organized Labor and Employers in private industry, this well-established wage structure, built up through years of industrial strife and sacrifice, is in danger of being destroyed. *Industrial harmony between employers and employees can be maintained only when ALL EMPLOYERS subscribe to the same wage agreements with Organized Labor.*

A scrupulous regard for the rights of all concerned, demands that recognition be given to the wage scales existing under signed agreements between Organized Labor and Employers in Private Industry, and that these same wage scales be adopted by the City for its workers.

The increased cost of paying all of the 898 per diem men on a parity with the wages actually being paid in private employment will require an additional $177,066.36 in next year's budget. Every effort should be made to provide the funds for at least this salary adjustment, and for as many more adjustments for other employees, as it

may be financially possible to accomplish. The entire subject of salary standardization is one of financial possibility, and some time will be required before we can have a more definite financial picture.

Meanwhile, as a preliminary step in the solution of the salary standardization problem, your Finance Committee is of the opinion that the present wage scales paid by San Francisco to all member crafts of organized labor, should be brought up, in next fiscal year's budget, to the scales mutually agreed upon between Organized Labor and Employers in private industry. AND WE SO RECOMMEND!

Your Finance Committee also recommends that the study and consideration of salary standardization, and hearings thereon, for all other employees, proceed uninterruptedly; but that final *action* thereon be deferred until such time as Hetch Hetchy revenues are assured, and the proposed liberalization of old-age security and other forms of relief expenditures are definitely settled by the Legislature.

In conclusion, your Finance Committee appeals to every department of the City and County government to assist the Board of Supervisors in keeping down the tax rate, by exercising the strictest economy in every possible way, and by limiting budget requests to minimum needs, in order that it may be possible to make effective further salary adjustments. *It is self-evident that salary standardization, of necessity, must be limited by the City's income, which in turn is limited by law. The pattern cannot be larger than the cloth, and no benefits can be promised or implied, that cannot be safely financed.*

Respectfully submitted,

YOUR FINANCE COMMITTEE,
ALFRED RONCOVIERI,
GEORGE R. REILLY.

Communication From Civil Service Commission Showing Additions and Revisions Necessary to Put Salary Standardization Report on a Current Basis.

January 6, 1939.

Honorable Board of Supervisors, City Hall, San Francisco.

Gentlemen: Pursuant to the request of your Honorable Board, contained in your resolution adopted December 27, 1938, we transmit herewith the additions and revisions necessary to bring up to a current basis our report concerning Salary Standardization, which was submitted to the Board of Supervisors on February 16, 1938.

The additions set forth in Section 1 below include the proposed schedules for new classes added to the classification of positions since February 16, 1938, by the Civil Service Commission, in accordance with the provisions of Section 141 of the Charter.

The revisions are set forth in Section 2 below and are in accordance with (a) new wage agreements fixed for basic crafts in private employment since our Salary Standardization report of February 16, 1938, was formulated, and adjustment of rates for related classifications necessary to reflect these new rates being paid in the basic crafts, and (b) correction of errors in the rates heretofore proposed for fifteen classes due to incorrect interpretation of data.

This latter group includes fourteen classes of nurses employed by the City and County of San Francisco. When we submitted our February 16, 1938, report, we based our recommendations on interpretation of the data available. Data from Los Angeles County was interpreted as rates for a six-day work week. Subsequently we found that the rates in Los Angeles were being paid for a five-day work week. In view of this information, the Civil Service Commission recommends that the rates for those nursing classes listed in Section 2 be revised as set forth therein. We also desire to correct the rate proposed for Class B312 Senior Bookkeeping Machine Operator. This classification requires the experience and qualifications of a Senior Bookkeeper and

therefore should carry the same rate of pay. This correction is also included in Section 2.

Section 1—Proposed rates for new classes added after February 16, 1938:

P214 Head Nurse, Pediatric	150-175	160-180
P216 Head Nurse, Psychiatric	150-175	160-180
P304 Instructor of Nursing	175-200	180-200
B312 Senior Bookkeeping Machine Operator.	200-225	200-245

There have been a large number of requests from individuals and from employee and labor groups for further upward revisions in the rates recommended in the February 16, 1938, report. We have tabulated the requests received from one employee group alone, and the additional cost of the changes requested would amount to over $98,000. The Civil Service Commission has denied all of these requests without prejudice for the reasons that

1. extended hearings were held by the Salary Standardization Advisory Board and the Civil Service Commission prior to the submission of the February, 1938, recommendations and careful consideration was given to all protests and requests;

2. data in our possession do not support higher rates than the rates included in that report;

3. no new or conclusive data are now presented which warrant a change in our original recommendation;

4. if the Civil Service Commission reopens hearings on any of the rates recommended to your Honorable Board in February of last year, which were recommended after full investigation and extensive hearings and consideration, simple justice and equity would require reconsideration and study of all similar requests and there would unquestionably be a large number of new requests received;

5. we do not have the time or the facilities or the funds to undertake an extensive and general re-examination of rates in private employment, nor could this be completed prior to the time the budget for the fiscal year 1939-40 is adopted by the Board of Supervisors.

In this connection, we believe that the rates recommended by the Civil Service Commission to your Honorable Board represent substantial justice to all employees. We believe further that the rates recommended are as liberal as can be established under the charter provisions on the basis of the data we collected in the extensive surveys and investigations conducted over a period of more than a year. Your Honorable Board will recall that the recommendations were formulated by the Civil Service Commission with the advice and assistance of a Salary Standardization Advisory Board, consisting of the following:

Mr. Cameron King, San Francisco Federation of Municipal Employees.

Mr. John A. O'Connell, San Francisco Labor Council.

Mr. George Skaller, Civic League of Improvement Clubs.

Mrs. Warner Clark, San Francisco Center, California League of Women Voters.

Mr. William H. Nanry, Bureau of Governmental Research.

Mr. Donzel Stoney, Downtown Association and Chamber of Commerce.

Mr. James J. Maher, staff of the Civil Service Commission.

Mr. W. L. Henderson, staff of the Civil Service Commission.

The work was carefully, conscientiously and sympathetically done and the rates reported represent the unanimous judgment of the Civil Service Commission and the majority opinion of the members of the Salary Standardization Advisory Board. Even so, it would be most unusual if a work of this magnitude and of such an involved character could be accomplished without some mistakes and errors. With that thought in mind, the Commission has denied all requests for changes that have been received since our report was originally submitted and, as we stated above, without prejudice, with the intention of taking up these requests during the coming year if the present recommendations are adopted by the Board of Supervisors. This is particularly necessary in the case of certain employments that occur only in the Controller's office, as none of the employees of that office took advantage of the opportunity offered to submit protests or additional data to the Civil Service Commission.

May we say to you also that once salary standardization is adopted, the schedules will not be fixed for all time but must be constantly reexamined in the light of changing conditions in order to reflect each year current prevailing conditions.

We advise you further that we will send you shortly a list of classifications which have been retitled since our original report, but these involve no salary increases of changes in salary schedules.

Respectfully,

CIVIL SERVICE COMMISSION,
H. M. McKINLEY, President.
M. S. MAXWELL, Commissioner.
HARRY K. WOLFF, Commissioner.
W. L. HENDERSON, Secretary.

Motion for Postponement of Consideration.

Supervisor Ratto, seconded by Supervisor Mead, moved that the Board, when it recesses, does so to reconvene on Wednesday, January 11, 1939, at 8 p. m., to sit as a Committee of the Whole for the purpose of consideration of Salary Standardization.

Privilege of the Floor.

Mr. James E. Ricketts, representing the Building Trades Council, on being granted the privilege of the floor, stated that his organization had no objection to the proposed hearing on Wednesday evening, providing a full Board is present.

On Supervisor Colman announcing that it would be impossible for him to be present on Wednesday, but that he could be in attendance on Thursday evening, the Board was polled and the following Supervisors announced they would be present Wednesday evening:

Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl.

Amendment to Motion.

Supervisor Uhl, seconded by Supervisor Mead, moved as an amendment to the motion by Supervisor Ratto that the Board meet on Wednesday evening, at 8 p. m., sitting as a Committee of the Whole, and continue their hearings each evening until the consideration of Salary Standardization is completed.

No action taken.

Original Motion Carried.

Whereupon, the roll was called and the original motion was *carried* by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—8.

Absent—Supervisors Brown, Roncovieri, Shannon—3.

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Supplemental Appropriation of $15,000 From Surplus in Municipal Railway Operating Fund for Completion of Switch and Signal Systems Necessary for Operation of Street Cars to and From Bay Bridge Terminal Station.

(Code No. 9.051)

Bill No. 1799, Ordinance No. 9.051538, as follows:

Authorizing a supplemental appropriation of $15,000 from the Municipal Railway Operating Fund Surplus to provide funds to complete the switch and signal systems deemed necessary for the safe and most economical operation of street cars to and from the Bay Bridge Terminal Station.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $15,000 is hereby appropriated out of the Municipal Railway Operating Fund Surplus to the credit of Appropriation No. 865.500.01, to provide the necessary funds to complete the switch and signal systems deemed necessary for the safe and most economical operation of street cars over the tracks to and from the Bay Bridge Terminal Station.

Finally passed by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Brown, Shannon—2.

Supplemental Appropriation of $1,728.24 From Surplus in San Francisco Water Department Revenue Fund to Pay for Extra Work in Excess of 10 Per Cent of Estimated Contract Price for Gathering and Delivering Walnuts on Sunol Walnut Orchard, Sunol, Season of 1938.

(Code No. 9.051)

Also, Bill No. 1800, Ordinance No. 9.051539, as follows:

Authorizing a supplemental appropriation of $1,728.24 from the surplus in the San Francisco Water Department Revenue Fund to pay for extra work in excess of 10 per cent of the certified estimated contract price for gathering and delivering of walnuts on the Sunol Walnut Orchard, Sunol, Alameda County, season of 1938.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $1,728.24 is hereby appropriated out of the surplus existing in the San Francisco Water Department Revenue Fund to the credit of Appropriation No. 866.200.00, for the purpose of paying for extra work in excess of 10 per cent of the certified estimated contract price under San Francisco Water Department Contract No. 189: "For the Gathering and Delivering of the Walnut Crop on the

Sunol Walnut Orchard, Sunol, Alameda County, Season of 1938." The contract as awarded was predicated on an estimated yield of 100 tons of walnuts and the actual tonnage harvested amounted to 129.647 tons. By reason of the necessity of preserving the walnut crop and retaining to the City an income that otherwise would have been lost, the contractor, Charles H. Schween & Son, was ordered to proceed with the harvesting of said excess over estimated tonnage.

Finally passed by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.
Absent—Supervisors Brown, Shannon—2.

Supplemental Appropriation of $112,000 From Municipal Railway Depreciation Fund for Purchase of Four New Street Cars.

(Code No. 9.051)

The following recommendation of the Finance Committee was taken up:

Bill No. 1801, Ordinance No. 9.051540, as follows:

Authorizing a supplemental appropriation of $112,000 from the Municipal Railway Depreciation Fund for purchase of four new street cars and incidental expenses in connection therewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $112,000 is hereby appropriated out of the Municipal Railway Depreciation Fund to the credit of Appropriation No. 65.913.14, to provide funds for the purchase of four new street cars, spare parts therefor and the engineering and traveling expenses in connection with the preparation of plans, specifications and the inspection of construction of said cars.

Discussion.

During discussion on the foregoing proposed appropriation for the purchase of four new street cars for the Municipal Railway, Supervisor Uhl read into the record the following telegram from the Transit Research Corporation of New York City, received in reply to wires sent by the Clerk at Supervisor Uhl's request:

David A. Barry, Clerk, Board of Supervisors, City of San Francisco:

Re wires fourth and fifth, check of date furnished C. F. Hirshfeld our Chief Engineer by Paul J. Ost letter January fourth, nineteen thirty-nine, indicates standard PCC car will operate successfully on Municipal Railway with very minor changes. This car is front entrance center exit which we take you to mean by Peter Witt design. Transmit Research does not market cars but controls patents and licenses manufacturers to build and operators to use under agreements requiring our approval design. Standard single end car currently selling approximately sixteen thousand five hundred dollars in East which with freight to San Francisco and royalty two hundred and fifty dollars brings total delivered cost approximately seventeen thousand five hundred dollars. Unable give price standard double end car as all cars purchased to date are single end design. Writing further details.

CHARLES GORDON.

Following the reading of the telegram from the Transit Research Corporation, and after discussion, during which Mr. E. G. Cahill, Manager of Utilities, again explained his reasons for the requested appropriation. Supervisors McSheehy and Uhl expressed opposition thereto. Supervisors McGowan and Schmidt signified their approval.

Final Passage.

Thereupon, the roll was called and the foregoing bill was *finally passed* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt—7.
Noes—Supervisors McSheehy, Uhl—2.
Absent—Supervisors Brown, Shannon—2.

Motion to Reconsider.

Before the result of the foregoing vote had been announced, Supervisor Uhl changed his vote from *no* to *aye* and moved reconsideration at the next meeting of the Board.

The vote then stood:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
No—Supervisor McSheehy—1.
Absent—Supervisors Brown, Shannon—2.

Suspension of the Rules for the Purpose of Immediate Reconsideration.

Thereupon, Supervisor Colman moved for suspension of the rules for the purpose of immediate reconsideration.

Motion *failed* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt—7.
Noes—Supervisors McSheehy, Uhl—2.
Absent—Supervisors Brown, Shannon—2.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Brown, Shannon—2.

Final Passage.

The following emergency ordinance, recommended by the Finance Committee, was taken up:

Appropriation of $89.20 From Emergency Reserve Fund to Credit of Coroner's Office to Take Care of Cost of Gasoline and Oil for Three Vehicles Operated by the Coroner's Department.

(Series of 1939)

Bill No. 21, Ordinance No. ———, as follows:

Appropriating the sum of $89.20 from the Emergency Reserve Fund to the credit of the Coroner's Office, Appropriation 833.318.57, to take care of the cost of gasoline and oil for the three vehicles operated by the Coroner's Department. An Emergency Ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $89.20 is hereby appropriated and set aside from the Emergency Reserve Fund to the credit of Appropriation 833.318.57 to cover the cost of gasoline and oil for the three vehicles operated by the Coroner's Department. A constant and considerable increase in the number of calls received by the Coroner's Office makes this additional appropriation necessary.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists and funds must be immediately provided for the uninterrupted operation of the Coroner's Office. The nature of said emergency being that the use of oil and gas in carrying out the work of said Coroner's Office has exhausted the amount estimated in the annual budget and appropriation ordinance and that the operation of said motor vehicles is necessary for the uninterrupted operation of the office of the Coroner and the same cannot be operated without the purchase of oil and gas for said vehicles.

Finally passed by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Brown, Shannon—2.

Passed for Second Reading.

The following recommendations of the Finance Committee were taken up:

Appropriation of $12,510 From Surplus in Water Department to Pay Taxes on Water Property in San Mateo, Santa Clara and Alameda Counties.

(Series of 1939)

Bill No. 22, Ordinance No. ———, as follows:

Authorizing an appropriation of $12,510 from the surplus in the Water Revenue Fund to provide additional funds for the payment of taxes upon Water Department properties in San Mateo County, Santa Clara County and Alameda County for the fiscal year 1938-1939.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $12,510 is hereby appropriated out of the surplus in the Water Revenue Fund to the credit of Appropriation No. 866.812.00, Taxes, to provide funds for the payment of taxes upon Water Department properties in San Mateo County, Santa Clara County and Alameda County. Said taxes are now ascertained to amount to $257,510, and the amount appropriated for the said purpose in the annual appropriation ordinance for the fiscal year 1938-1939 is $245,000.

Passed for second reading by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Brown, Shannon—2.

Authorizing Compromise of Claim of Elizabeth Pruitt in the Sum of Seven Thousand Five Hundred Dollars ($7,500).

(Series of 1939)

Also, Bill No. 23, Ordinance No. ———, as follows:

Authorizing compromise of claim of Elizabeth Pruitt in the sum of Seven Thousand Five Hundred Dollars ($7,500).

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The City Attorney having recommended the settlement and compromise of the action of Elizabeth Pruitt v. City and County of San Francisco, a municipal corporation, for the recovery of damages for personal injuries sustained by Elizabeth Pruitt while a passenger in an automobile at Lombard street and Van Ness avenue on May 30, 1936, when same was struck by fire apparatus, which suit is numbered 267,971 upon the records of the Superior Court of the State of California, in and for the City and County of San Francisco, said action being for the recovery of damages in the sum of Fifty-three Thousand Seven Hundred Fifty Dollars ($53,750), and said plaintiff having agreed to accept the sum of Seven Thousand Five Hundred Dollars ($7,500) in full settlement of all her claims for injuries and damages, said City Attorney is hereby ordered and authorized to compromise said pending litigation by the payment of the sum of Seven Thousand Five Hundred Dollars ($7,500) for full release of all claims and demands held by said Elizabeth Pruitt against the City and County of San Francisco, and the Controller of the City and County of San Francisco is hereby authorized and directed to draw his warrant for said sum.

Passed for second reading by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Brown, Shannon—2.

Regulating Storage or Parking of Automobiles Delivered to Public Garages.

(Series of 1939)

Supervisor Mead presented:

Bill No. ———, Ordinance No. ———, as follows:

Adding a new section to be numbered Section 312 to Chapter IV, Article 9, of the San Francisco Municipal Code, regulating the storage or parking of automobiles delivered to public garages and providing for filing of bond in connection therewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A new section, to be numbered Section 312, is hereby added

to Chapter IV, Article 9, of the San Francisco Municipal Code, to read as follows:

Section 312. Whenever any person, firm or corporation, the agent or employee thereof, owning, maintaining, operating or having control of any public garage within the City and County of San Francisco accepts an automobile or truck from the bailee thereof, it shall be the duty of said person, firm or corporation to park or store said automobile or truck under the roof of the same garage to which it is delivered by the bailee and under no circumstances, except for the safety thereof, shall said automobile or truck be removed from the premises to which it is delivered by the bailee, unless prior to the contract of bailment, said person, firm or corporation, the agent or employee thereof, orally informs said bailee that said automobile or truck is to be parked or stored upon the roof of said garage or is to be removed from the premises to which it has been delivered by the bailee to some other location, designating such location, and under no circumstances shall any such truck or automobile be parked or stored upon any public street, alley, lane or court.

It shall be the duty of any person, firm or corporation owning, maintaining or operating any public garage which accepts for parking or storage automobiles or trucks which are not parked or stored upon the premises to which they are delivered by the bailee thereof to post a bond with the Police Commission, in an amount to be fixed by said Commission, not less than ten thousand ($10,000) dollars, conditioned for the safe handling and keeping of said automobiles or trucks.

Referred to Fire, Safety and Police Committee.

Authorizing Execution of Agreement With Housing Authority of the City and County of San Francisco.

(Series of 1939)

Supervisor Ratto presented:

Resolution No. ————, as follows:

Resolution authorizing the City and County of San Francisco to enter into a municipal cooperation agreement with the Housing Authority of the City and County of San Francisco, which said agreement is contained in this resolution.

Whereas, the Housing Authority of the City and County of San Francisco has made application for a loan from the United States Housing Authority for the development of a low rent housing project within the City and County of San Francisco, known as Holly Park-Potrero Project, and intends to make further applications for loans for the development of other low rent housing projects within the City and County of San Francisco; and

Whereas, the United States Housing Authority has approved said application for loan for the development of said Holly Park-Potrero Project, but has required as a condition precedent to the advancement by it of any funds or moneys under said loan that the City and County of San Francisco and the Housing Authority of the City and County of San Francisco enter into a Municipal Cooperation Agreement substantially in the form as hereinafter set forth; now, therefore, be it

Resolved, That the City and County of San Francisco enter into a contract with the Housing Authority of the City and County of San Francisco substantially in the following form:

"MUNICIPAL COOPERATION AGREEMENT BETWEEN THE CITY AND COUNTY OF SAN FRANCISCO AND THE HOUSING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO.

"This Agreement made and entered into between the City and County of San Francisco, herein called 'the City,' and the Housing Authority of the City and County of San Francisco, herein called 'the Authority,'

"W I T N E S S E T H :

"Whereas, the Authority has made application for a loan from the United States Housing Authority for the development of a low rent housing project within the City and County of San Francisco, known as Holly Park-Potrero Project, and intends to make further applications for loans for the development of other low rent housing projects within said City and County; and

"Whereas, the United States Housing Authority has approved said application for loan for the development of said Holly Park-Potrero Project, but has required as a condition precedent to the advancement by it of any funds or moneys under said loan that the City and the Authority enter into this agreement; and

"Whereas, heretofore, to-wit, on the 20th day of July, 1938, the City and the Authority entered into an Equivalent Elimination Agreement in respect to said Holly Park-Potrero Project and the parties hereto are desirous of further mutually affording the fullest cooperation in the development of said project; and

"Whereas, the City is authorized and empowered under the terms of the Housing Cooperation Law of the State of California to enter into agreements with or without consideration (which may extend over any period notwithstanding any provision or rule of law to the contrary) with the Authority respecting action to be taken by the City pursuant to the powers granted by said Housing Cooperation Law,

"Now, therefore, pursuant to the provisions of said Housing Cooperation Law, and for and in consideration of the mutual promises herein contained, the rent housing projects now or hereafter undertaken within the City and County of San Francisco by the Authority with respect to which a contract or contracts to obtain Federal annual contributions have been made or will be made with the United States Housing Authority.

"1. The term 'Project' shall mean any one of such projects which is to be aided under a separate Annual Contributions Contract between the Authority and the United States Housing Authority relating solely to annual contributions on that particular project.

"2. The City agrees that during the period commencing with the date of the acquisition of any part of the site or sites for each project and continuing throughout the useful life of such projects, it will not levy, impose or charge any taxes or special assessments against the projects or against the Authority, and will furnish without cost or charge to the Authority, or the tenants thereof, municipal services and facilities for such projects and the tenants thereof, of the same character as those furnished without cost or charge for other dwellings and inhabitants in the City including, but not limited to: fire, police and health protection and services; street maintenance, street-lighting on public streets within any project and the boundaries thereof and main sewer maintenance on or under public streets within the boundaries of the projects and the boundary streets thereof, and the streets providing ingress to or egress from the projects; that it will maintain in good repair and working order any and all municipal facilities provided for the use and benefit of the projects and the tenants thereof. The term 'useful life of such projects,' as used in the foregoing, shall mean the period of physical usefulness of the said projects for the purpose of providing dwelling accommodations, but in no event less than the number of years during which any of the bonds issued to aid in financing the development of such projects shall remain outstanding.

"3. The City promises and agrees, in so far as may be consistent with the general welfare of the City as determined by the City Planning Commission or other municipal authorities having jurisdiction, to afford the Authority every cooperation in the planning or re-planning, zoning or re-zoning to an appropriate site and neighborhood classification the areas in the City within which the Projects shall be located and that the City, in so far as may be consistent with the general welfare of the City as so determined, will cooperate in the vacating and closing of any streets, roads, roadways, sidewalks, alleys or other

places located in said projects or adjacent thereto to the extent that the Authority finds that such action is necessary in the development of the projects.

"4. The Authority agrees to dedicate for municipal purposes land which may be owned or acquired by the Authority and which the Authority determines to use for streets and alleys within the boundaries of the projects, or for the purposes of providing ingress thereto, and egress therefrom. The City agrees to accept such dedication except in so far as such dedication may be determined by the Director of Public Works or municipal authorities having jurisdiction to be inconsistent with the general welfare of the City. In making such dedication, the Authority may reserve to itself, its successors, and assigns, the right to conduct and maintain in, under or above the dedicated premises water or gas mains or pipes, electric and telephone wires, conduits and steam and sewer pipes for the purpose of furnishing and distributing such utilities to the projects. The City agrees, in so far as the same may be consistent with the general welfare of the City as determined by municipal authorities having jurisdiction, to grant appropriate easements, licenses or permits giving to the Authority the right to conduct and maintain any of such utilities in, under or across any public streets, or alleys dividing the project site into two or more parts so as to enable the Authority to furnish and distribute such utilities to the entire project, or any part thereof.

"5. The City agrees to waive such building, inspection and rezoning fees as might be payable by the Authority if it is or becomes subject to the payment of such fees.

"6. Nothing in this agreement shall be construed as limiting the power of the City to furnish aid and cooperation other than and in addition to the matters not particularly described in this agreement.

"7. The Authority agrees that it will use its best efforts to develop the projects as rapidly as possible, to operate and maintain such projects for families of low income, and to keep the City fully informed as to the status of the projects.

"8. The City consents to the assignment of this agreement for the protection for the owners of any bonds issued to aid in the financing of the development of the projects.

"9. This agreement shall continue in full force and effect with respect to the projects as long as the title thereto (except for the lien, or title conveyed to the Trustee under the Indenture securing bonds issued to aid in the development of the projects) be held by the Authority, or some other public body, or agency of the State.

"IN WITNESS WHEREOF, the City and County of San Francisco, California, and the Housing Authority of the City and County of San Francisco have respectively caused this agreement to be duly executed in triplicate as of.....day of....., 1939.

"Secretary."

Be It Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors thereof be and they are hereby authorized to execute said agreement in triplicate for and on behalf of the City and County of San Francisco.

Referred to Joint Finance and Public Welfare Committee.

Commending San Francisco Police Department.

(Series of 1939)

Supervisor Ratto presented:

Resolution No. 20, as follows:

Whereas, the year 1938 ended with 22 less fatalities, as a result of the operation of automobiles in San Francisco, than did the year 1937; and

Whereas, no major or organized criminal activities were perpetrated in this community during the past year; and

Whereas, New Year's Eve saw many less infractions of the law than in previous years; and

Whereas, these improved conditions may be attributed solely to the diligent efforts of the members of the Police Department who labored long and arduously to protect the lives and property of our people; now, therefore, be it

Resolved, That this Board of Supervisors notes with a high degree of satisfaction the courteous and competent actions of the members of the San Francisco Police Department and takes this opportunity, on behalf of the people of the City and County of San Francisco, to express its commendation thereof and to offer its sincere gratitude therefor.

Adopted by the following vote:

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Colman, McSheehy—3.

Quorum present.

Supervisor Shannon presiding.

Supervisor McSheehy was noted present at 9:20 p. m.

Supervisor Brown on leave.

Expressions of Welcome to Supervisor McGowan as Member of the Board of Supervisors, by President Shannon.

President Warren Shannon, prior to taking up consideration of Salary Standardization, requested an opportunity of addressing himself to Supervisor McGowan. President Shannon expressed regret at not being present when Supervisor McGowan was inducted into office, and welcomed him as a member of the Board, stating that because of his acquaintanceship with the Supervisor's father, and because of the reputation already established, he knew that Supervisor McGowan would prove a very efficient aid to the city government.

Appointments to Committees.

President Shannon announced the following appointments to committees:

Supervisor McGowan, Chairman of Fire, Safety and Police Committee, and member of Judiciary, Legislative and Civil Service Committee and Public Buildings, Lands and City Planning Committee.

Supervisor Mead, Chairman of Rules Committee and member of Finance Committee.

Consideration of Salary Standardization.

The following report by the Finance Committee was presented:

January 11, 1939.

To the Honorable the Board of Supervisors.

Gentlemen:

Your Finance Committee is informed by the Civil Service Commission that the total amount of salary standardization will cost $856,549.68. There is no question but that the employees of our City should be paid an amount equal to the wages paid in private employment.

However, we must also consider our finances and the possibility of placing a burden on our taxpayers which they cannot meet. With this consideration foremost in mind we recommend a program which we trust will meet with the approval of the Board as well as of the

people, and at the same time eventually make effective the increases recommended by the Civil Service Commission.

Therefore, we propose that the wages of the per diem employees be increased so that said wages will match the wages paid in private employment, and we also recommend an increase in the wages of our institutional help to the amount recommended by the Civil Service Commission. We further recommend that the salaries of other City employees affected by standardization be raised over a period of three budget years to the amounts called for by the new salary schedule.

In this connection we recommend that the Board of Supervisors adopt the following resolution as a declaration of policy:

Resolved, That, as a preliminary and progressive step in the solution of the salary standardization problem, the present wage scales paid by the City to per diem men and to institutional workers be brought up to full parity with the wage scales paid in private employment as recommended by the Civil Service Commission; said increases to be effective July 1, 1939; and be it

Further Resolved, That the Board of Supervisors continue to give consideration to the salary standardization report submitted by the Civil Service Commission, with the above policy in view, and that salary increases except as to per diem employees and institutional help be brought up to the amount recommended by the Civil Service Commission within the next three fiscal years.

Respectfully submitted,

ALFRED RONCOVIERI.
WARREN SHANNON.
DEWEY MEAD.

Committee of the Whole.

On motion by Supervisor Mead, the Board resolved itself into a Committee of the Whole, President Shannon to preside.

Privilege of the Floor.

Mr. Cameron King, Chairman of the Executive Committee of the Federation of Municipal Employees, and spokesman for the Federation, announced his support of the Building Trades and Labor Council requests, and suggested that discussion be taken up by Division.

Remarks by the Controller.

At his own request, Controller Harold J. Boyd was granted the privilege of the floor, and stated that later on in the proceedings he would again ask to be heard in regard to several of the workers in the Controller's office, but at this time, if he were a member of the Board, he would be rising to a question of personal privilege. During the past three days, Mr. Boyd continued, it had been brought to his attention that in so far as standardization was concerned, one of the customs of the City Hall was being carried out, and that custom was, and it was becoming more annoying to him every day, the custom of, whenever there was a particularly tough job to be done, blaming the Controller. Mr. Boyd requested the opportunity of making a statement for the record. His statement was: Statements have been circulated that in so far as the wage for organized crafts is concerned, that the Controller is opposed to a correction. That, gentlemen of the Board, is not true. The Controller recognizes the mandate of the people, and the mandate of the people, so far as organized labor is concerned is that those members of organized labor who work for the City and County shall be paid exactly the same wage as members of organized labor who work for private employments. The Board of Supervisors, in the face of signed wage agreements that organized labor has as a result of fifty years of hard work, are recognizing this mandate of the people. I want the members of the Board to know,

and I want to make this statement for the purpose of the record, that the Controller believes that you have got to put these wage scales into effect. I have never opposed anything that organized labor wants. I am particularly behind organized labor in its present problem, because the law requires that these wage scales be put into effect. I thank you.

Method of Procedure in Hearings.

Supervisor Mead, seconded by Supervisor Roncovieri, pursuant to suggestion by Mr. King, moved that the various divisions of the report be considered in order, after which the matter of salary standardization in general, may be discussed.

No objection, and *so ordered.*

Privilege of the Floor.

Thereupon, the privilege of the floor was granted the following speakers:

Mr. Fred Levy, representing the Federation of Municipal Employees, requested change in the salary range for Classification O-62, Superintendent of Grounds, Recreation Department. Civil Service Commission recommends salary range of $200-225. Range requested is $200-275.

Mr. O'Rourke, President San Francisco Property Owners League, was granted the privilege of the floor, but he yielded to James P. Sweeney, Attorney, who requested, on behalf of his clients that all action on Standardization of Salaries be deferred. Mr. Sweeney opposed any increases in salaries and announced the intention of his organization to sponsor a Charter amendment limiting all City salaries, except for the Mayor, to a maximum of $6,000 per year.

Mr. Cameron King, being again granted the privilege of the floor, requested a change in the salary range of Classification O-208, General Foreman, Sewer Connections and Repairs, to $250-325 per month, in order to maintain proper relationship between salaries of employees and foreman.

Mr. King requested that the range for Classification O-214, Assistant Superintendent, Bureau of Sewer Repairs, be amended to read $300-400. He requested, also, that the range for Classification O-216, Superintendent, Bureau of Sewer Repairs, be amended to read $425-500.

Mr. Vid Larson requested that range for Classification O-6, Ambulance Driver, be amended to read $200-225 per month.

Mr. William Nanry presented tabulation compiled by the Bureau of Governmental Research, in support of the Bureau's contention that the adoption of Salary Standardization, as reported by the Civil Service Commission would eventually mean an increase of $1,336,444 in the City salaries instead of the Civil Service Commission's estimated increase of $856,549.68.

Mr. Thomas J. Hawkins, President of the Laborers' Organization, requested a salary of $6.50 per day for members of his organization.

Mr. Vid Larsen requested that the salary for Classification, J-156, Switch Repairer, a new classification fixed by the Commission at 81¼c per hour, should be fixed at the rate of $7 per day.

Mr. Hugo Ernst, representing culinary workers, "I" Classification, stated that the recommendations for that division, were, as a whole, satisfactory.

Mr. Hardy, International Vice-President, Building Services Association, representing institutional workers, declared that the recommendations for the "I" Classification were not agreeable. He cited, par-

ticularly, Classification I-204, Porter, the duties of which correspond to those of Janitor, but whose salary range is much lower.

Mr. Michael Rowan, Business Agent for Institutional Help, requested amendment to range for Classification I-2, Kitchen Helpers, to read $106-115; Classification I-116 to read $106-115; Classification I-204 to read $106-115. Mr. John O'Connell spoke in support of statements made by Mr. Rowan.

Mr. H. S. Foley, representing Street Railway Employees, Division No. 518, presented arguments in support of the following requests for changes in salary ranges. Requests presented for changes in salary ranges are: S-110, Inspectors, $175-200; S-102, Conductors, 80c per hour; S-104, Motormen, 80c per hour; Bus Operators, 85c per hour.

Mr. Frederick M. Levy, President, San Francisco Federation of Municipal Employees, requested changes in salary ranges, as follows: R-56, Playground Director, maximum salary not less than $225 per month; R-3, Assistant Superintendent, Recreation Department, $300-400; D-60 Jailer, $180-200.

Mr. Stanley R. Leavell, representing Foremen's Association of the School Department, requested salary range for C-107, working Foreman, $170-195.

Mr. Vid Larsen announced that he had requests from several groups for changes in salary ranges, mentioning specifically the Classifications C-102, C-104, C-106, J-78, a group in the Assessor's Office under the B Classification, employees in Purchasing Department in Classifications B-358 through B-372, employees in Classification P, Nursing Division, and employees in Classification G-2, Land Appraiser and G-17, Chief Personal Property Appraiser.

Motion to Recess.

Supervisor Uhl moved that the Board, sitting as a Committee of the Whole, recess until Thursday, January 12, 1939, at 8 p. m.

No second.

Supervisor McSheehy announced that he could not be present at the time proposed for the next hearing and asked if a meeting could not be arranged for the following week.

Thereupon, the Controller, at the request of the Chair, informed the Board of the necessity for the earliest possible determination of policy regarding standardization of salaries, in view of the short time before the departmental budget requests must be filed in his office.

Whereupon, the Chair suggested that possibly the recommendation of the Finance Committee could be acted upon, after which the various requests presented might be considered, some of which the Committee, possibly would be willing to recommend.

Mr. Harry K. Wolff, Civil Service Commissioner, called the Board's attention to the necessity of re-reference to the Commission, of all proposed changes to the report of the Commission, stating that study and recheck of proposed amendments, as required by the Charter, would take at least two or three months. He stated further that any changes, if warranted, could be made at a later date, and urged the adoption of salary standardization report as presented.

Mr. Cameron King disagreed with the contentions of Mr. Wolff as to the time necessary to review proposed changes to the report of the Commission, after which, Mr. Wolff reiterated his former statements. Mr. John O'Connell and Mr. James Ricketts supported the report of the Civil Service Commission and urged the immediate adoption of salary standardization as reported by the Commission.

Motion to Adopt Finance Committee Report.

Thereupon, Supervisor Roncovieri moved the adoption of the Finance Committee's report.

On objection by Supervisor Uhl to some of the proposals in the Commission's report, and his announcement that he intended to take up seriatim some of the proposals therein, Supervisor Roncovieri did not press his motion.

RECESS.

Whereupon, Supervisor Schmidt, seconded by Supervisors Uhl and Meyer, moved recess, to reconvene on January 12, 1939, at 8 p. m., which motion was *carried* by the following vote:

Ayes—Supervisors McGowan, Mead Meyer, Ratto, Schmidt, Uhl—6.
Noes—Supervisors McSheehy, Roncovieri, Shannon—3.
Absent—Supervisors Brown, Colman—2

DAVID A. BARRY,
Clerk.

THURSDAY, JANUARY 12, 1939, 8 P. M.

The Board of Supervisors, sitting as a Committee of the Whole, reconvened on January 12, 1939, at 8 p. m., pursuant to recess.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McGowan, Mead, Meyer, Ratto, Uhl—6.

Absent—Supervisors Brown, McSheehy, Roncovieri, Schmidt, Shannon—5.

Supervisor Ratto presiding, on motion by Supervisor Colman.

Supervisor Brown on leave.

Privilege of the Floor for Presentation of Requests for Changes in Salary Ranges.

The following requests for changes in salary ranges as reported by the Civil Service Commission were heard:

Ernestine Schwaab, representing Field Nurses, requested that the Classifications, P-52, P-54, P-58 and P-101 have restored the salary ranges as recommended in the 1930 report, namely: P-52, Field Nurse, $165-195; P-54 $200-230; P-58, Director of Field Nursing, $275-350 and P-101, Chinese Visiting Nurse, $165-195.

Mr. Frederick Levy requested salary range for Classification P-122, Director of Institutional Nursing to be fixed at $300-400.

Mr. P. L. Schlesinger, representing Civil Service Building and Maintenance Local No. 66a, requested salary ranges as follows:
C-102, Janitress, $130-145; C-104, Janitor, $145-160; C-107, Working Foreman Janitor, $170-195; C-152, $145-160; O-58, $145-160; J-78, $155-200.

Mr. Vid Larsen, representing the Federation of Municipal Employees, requested salary range for B-311, Bookkeeping Machine Operator, $175-200.

Mr. Cameron King requested the following changes in salary range: U-142, Assistant Superintendent, City Distribution, $500-600; U-144, Superintendent, City Distribution, $600-700.

Mr. Chas. H. Rohrer, representing International Brotherhood of Electrical Workers, Local 202, presented the following requests for changes in Salary Range: E-2 Line Inspector, $240-290; E-120, Governorman, $150-190; E-122, Power House Operator, $175-215; J-162, Car Repairer Welder, $8.80 per day; M-202, Car Repairer, $1 per hour; M-206,

Sub-Foreman Car Repairer, $1.10 per hour; M-208, Foreman Car Repairer, $1,25 per hour.

During the above presentation, Mr. Michael Rowan, representing institutional workers, explained again the status of Kitchen Helpers and Porters, and reiterated his request, previously made, for an increase in the salary range for those classifications.

Controller Boyd, on being granted the privilege of the Floor, again urged the promptest possible action on the question of salary standardization, in order that, when adopted, the necessary clerical work can be completed before the presentation of budget requests to the Controller. If Salary Standardization should be adopted prior to February 6, the necessary tabulations could be completed in time.

Mr. Cameron King again read from the Charter, Section 151, referring to amendment of schedules of compensation, and repeated his interpretation thereof. Mr. Henderson, Secretary of the Civil Service Commission, replied thereto, stating the procedure which the Commission would, and must, according to its understanding of the charter provisions, follow.

Reference of Proposed Amendments to Civil Service Commission.

Supervisor Mead expressed the thought that regardless of the amount involved, the Board should submit to the Commission the various requests made, and presented the following Resolution, which the Clerk read:

Reference to Civil Service Commission of Requests for Changes in Schedule of Compensations.

(Series of 1939)

Resolution No. 40, as follows:

Whereas, in accordance with the provisions of section 151 of the Charter the Board of Supervisors, through the Civil Service Commission, has caused the schedule of compensations to be proposed, which schedule is known as the Salary Standardization Schedule Report, and is now before this Board for adoption, amendment or rejection; and

Whereas, amendments to various items of such schedule of compensations have been proposed to this Board; now, therefore, be it

Resolved, That proposed amendments be referred to the Civil Service Commission in accordance with the provisions of said Charter, section 151, for report as to what other changes and the cost thereof each such proposed amendment would require to maintain an equitable relationship with other rates in such schedule, preference in said report being given to institutional workers, said Commission to make its report by February 6, 1939. Discussion.

Supervisor Colman, in discussing the proposed resolution just presented, stated that he believed the "dead-line" when any requests for changes in salary ranges should be set for Monday, January 16, 1939, and that any such requests received in writing should be forwarded to the Commission for report.

Thereupon, Supervisor Mead stated he had no objection to such procedure, his reason for presenting the resolution at this time being to have those requests already received in the hands of the Commission at the earliest possible moment.

Whereupon, Mr. W. L. Henderson, Secretary of the Civil Service Commission, on being granted the privilege of the floor, read the following excerpts from the communication sent by the Commission to the Board under date of January 6, 1939:

There have been a large number of requests from individuals and from employee and labor groups for further upward revisions in the rates recommended in the February 16, 1938, report. We have tabulated the requests received from one employee group alone, and the additional cost of the changes requested would amount to over $98,000. The Civil Service Commission has denied all of these requests without prejudice for the reasons that

1. extended hearings were held by the Salary Standardization Advisory Board and the Civil Service Commission prior to the submission of the February, 1938, recommendations and careful consideration was given to all protests and requests;

2. data in our possession do not support higher rates than the rates included in that report;

3. no new or conclusive data are now presented which warrant a change in our original recommendation;

4. if the Civil Service Commission reopens hearings on any of the rates recommended to your Honorable Board in February of last year, which were recommended after full investigation and extensive hearings and consideration, simple justice and equity would require reconsideration and study of all similar requests and there would unquestionably be a large number of new requests received;

5. we do not have the time or the facilities or the funds to undertake an extensive and general re-examination of rates in private employment, nor could this be completed prior to the time the budget for the fiscal year 1939-40 is adopted by the Board of Supervisors.

In this connection, we believe that the rates recommended by the Civil Service Commission to your Honorable Board represent substantial justice to all employees. We believe further that the rates recommended are as liberal as can be established under the charter provisions on the basis of the data we collected in the extensive surveys and investigations conducted over a period of more than a year.

Your Honorable Board will recall that the recommendations were formulated by the Civil Service Commission with the advice and assistance of a Salary Standardization Advisory Board, consisting of the following:

Mr. Cameron King, San Francisco Federation of Municipal Employees.
Mr. John A. O'Connell, San Francisco Labor Council.
Mr. George Skaller, Civic League of Improvement Clubs.
Mrs. Warner Clark, San Francisco Center, California League of Women Voters.
Mr. William H. Nanry, Bureau of Governmental Research.
Mr. Donzel Stoney, Downtown Association and Chamber of Commerce.
Mr. James J. Maher, staff of the Civil Service Commission.
Mr. W. L. Henderson, staff of the Civil Service Commission.

The work was carefully, conscientiously and sympathetically done and the rates reported represent the unanimous judgment of the Civil Service Commission and the majority opinion of the members of the Salary Standardization Advisory Board. Even so, it would be most unusual if a work of this magnitude and of such an involved character could be accomplished without some mistakes and errors. With that thought in mind, the Commission has denied all requests for changes that have been received since our report was originally submitted and, as we stated above, without prejudice, with the intention of taking up these requests during the coming year if the present recommendations are adopted by the Board of Supervisors. This is particularly necessary in the case of certain employments that occur only in the Controller's office, as none of the employees of that office took advantage of the opportunity offered to submit protests or additional data to the Civil Service Commission.

May we say to you also that once salary standardization is adopted, the schedules will not be fixed for all time but must be constantly reexamined in the light of changing conditions in order to reflect each year current prevailing conditions.

We advise you further that we will send you shortly a list of classifications which have been retitled since our original report, but these involve no salary increases of changes in salary schedules.

Respectfully,
CIVIL SERVICE COMMISSION,
H. M. McKINLEY, President.
M. S. MAXWELL, Commissioner.
HARRY K. WOLFF, Commissioner.
W. L. HENDERSON, Secretary.

He concluded his remarks in stating that in his judgment the reference to the Commission of requests as submitted was sounding the death-knell to Salary Standardization.

After further brief discussion, during which it was brought out that the understanding of the Board was that the submission of requests for amendments to the various Salary Ranges to the Commission was not reference to the Commission of the report, but merely requests for information thereon, and that if report of the Civil Service Commission should not be received before the dead line previously suggested (February 6, 1939) that the Board could then act on the report of the Commission.

Mr. Cameron King questioned the inability of the Commission to complete its reports on requests to be presented in time for action thereon by the Board.

Messrs. John O'Connell, James E. Ricketts and John Hewes, all representing labor, took exception to remarks by Mr. King.

Request for Consideration of Salary Standardization Report Seriatim.

Supervisor Uhl announced that while he desired the adoption of Salary Standardization, there were some recommendations of the Commission respecting employments in some of the higher salary brackets which he could not approve, and that he would, therefore, before adoption of the report, request that it be considered seriatim.

RECESS.

On motion by Supervisor Uhl, the Board, at the hour of 10:40 p. m., recessed, to reconvene at 10 a. m., Friday, January 13, 1939, to continue its consideration of salary standardization.

DAVID A. BARRY, Clerk.

FRIDAY, JANUARY 13, 1939, 10 A. M.

The Board of Supervisors, sitting as a Committee of the Whole, reconvened on January 13, 1939, at 10 a. m., pursuant to recess.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

President Warren Shannon presiding as Chairman.

Supervisor Brown on leave.

Resumption of Hearing on Salary Standardization.

Supervisor Uhl filed with the Clerk two requests from Classification B-408, General Clerk Stenographers, and request from Classification P-216, Head Psychiatric Nurse, Psychopathic Division, San Francisco Hospital, for change in proposed salary ranges, following which, he reviewed the proceedings of the Board heretofore had regarding salary standardization.

Opinion from City Attorney.

The Clerk, at the request of Supervisor Mead, read the proposed resolution, referring to the Civil Service Commission all requests for changes in salary ranges, after which the City Attorney stated that, in his opinion, the adoption of such resolution did not mean the taking of any action on the schedules of compensation proposed by the Civil Service Commission. That report of the Commission would still be before the Board for action. However, if the report of the Commission pursuant to the resolution just proposed would be such as to make the Board want to make any change in the schedules of compensation as proposed by the Commission, then the entire matter would have to be referred back to the Commission. The City Attorney, also, repeated his former advice, that the Board could not standardize salaries piece-meal, now that it had the full report of the Civil Service Commission.

Objections to Charges that Board Has Delayed Adoption of Standardization of Salaries.

Supervisor Roncovieri called attention to the suggested deadline of February 6, for adoption of Salary Standardization, and objected to statements made that the Board was responsible for delay in adopting such standardization, since last year, 1938, said report of the Civil Service Commission had not been presented in time for consideration

of the Board prior to the presenting the departmental budget requests to the Controller on February 15th.

Request for Opinion as to Adoption of Resolution Proposed by the Finance Committee.

Supervisor Mead read the following proposed resolution, heretofore presented by the Finance Committee:

"Resolved, That, as a preliminary and progressive step in the solution of the salary standardization problem, the present wage scales paid by the City to per diem men and to institutional workers be brought up to full parity with the wage scales paid in private employment as recommended by the Civil Service Commission; said increases to be effective July 1, 1939; and be it

"Further Resolved, That the Board of Supervisors continue to give consideration to the salary standardization report submitted by the Civil Service Commission, with the above policy in view, and that salary increases except as to per diem employees and institutional help be brought up to the amount recommended by the Civil Service Commission within the next three fiscal years."

After reading the foregoing, Supervisor Mead asked the City Attorney if, assuming that the resolution proposed by him, referring the various requests for changes in salary ranges to the Civil Service Commission should be adopted, the Board would then have the right to adopt the resolution as presented by the Finance Committee.

Opinion of City Attorney.

In reply thereto, the City Attorney stated that the resolution just read was practically a declaration of policy; that the Board must reject or accept the compensations as reported by the Civil Service Commission.

Discussion.

During the ensuing discussion, Mr. Rowan, previously heard in behalf of the institutional help, objected to the acceptance of the report of the Commission, stating that the adoption of the report would bring the institutional help only up to the minimum, which they are receiving at the present time.

Supervisor Roncovieri, in reply, stated that such was not the intention; the intention being, at once to give the institutional workers the full amount of the recommended salary.

The City Attorney again advised the Board that the adoption of the Finance Committee's proposed resolution would be adopting salary standardization piecemeal, which the Board could not do. However, the resolution proposed by Supervisor Mead could be adopted, and then, if information should be received from the Civil Service Commission for action, the Board could adopt standardization.

Supervisor Schmidt suggested that the Commission might present to the Board increased salaries for certain groups, aside from complete standardization schedule, thus obviating the necessity of accepting or rejecting the whole report.

Opinion.

In reply thereto, the City Attorney stated that before the Board could so act, it would have to send the report back to the Commission.

In reply to suggestion that the entire matter could be settled if the Civil Service Commission could make its report on requested changes at a certain period of time, Mr. Henderson, representing the Commission, stated that in his best judgment, that could not be done.

Motion that Committee of the Whole Arise and Report.

Supervisor Uhl moved that the Committe of the Whole arise and report.

Motion not pressed.

Privilege of the Floor as to the Views of the Federation.

Mr. Cameron King, at the request of Supervisor McSheehy, stated that he believed the Resolution offered by Supervisor Mead should be adopted, because it would give to some two thousand employees of the city their only chance for the creation of the proposed schedules. The adoption of the resolution would also be complying with the Charter provisions requiring submission to the Civil Service Commission of any proposed changes in the schedules as proposed by the Commission. Mr. King stated further that if the Commission finds it impossible to report back to the Board on proposed amendments, the Federation would then, of course, be in favor of the adoption of the Salary Standardization report as presented by the Commission.

Discussion as to Ultimate Cost of Salary Standardization, Based On Report of Civil Service Commission.

Supervisor Roncovieri called attention to the differences of opinion between the Civil Service Commission and the Bureau of Governmental Research as to the ultimate cost to the City and County of San Francisco of the adoption of Salary Standardization as proposed by the Commission, and presented the following resolution for consideration by the Board.

Controller to Investigate Reports of Civil Service Commission and Bureau of Governmental Research with Respect to Ultimate Cost to the City and County of Adoption of the Civil Service Commission's Report Thereon.

(Series of 1939)

Resolution No. 23 as follows:

Whereas the Civil Service Commission has declared that the total cost of providing for all salary increases recommended by the Civil Service Commission in the Standardization of Salary Ordinance will amount to $876,897 for the fiscal year 1939-1940 and no estimate of the ultimate cost in future years has been made by the Civil Service Commission, and

Whereas, the Bureau of Governmental Research has declared that the total cost of providing for salary increases recommended by the Civil Service Commission in the Salary Standardization setup, will amount ultimately to $1,367,000 annually; now, therefore, be it

Resolved, That, except for the wages of per diem men and institutional workers, the Controller of the City and County of San Francisco be hereby directed to investigate the facts and figures submitted by the Civil Service Commission and the Bureau of Governmental Research and report his findings to the Board of Supervisors.

Point of Order.

Supervisor Uhl raised the point of order that the Resolutions presented by Supervisor Mead and by the Finance Committe were before the Board, and that time, being of the essence in the matters under consideration, it was most important to get to the Civil Service Commission, requests already presented to the Board for changes in salary compensations.

Point of Order Not Well Taken.

The Chair ruled the point of order not well taken, since any Supervisor has the right to introduce a resolution bearing on the subject under consideration at any time.

Motion for Adoption of Resolution.

Thereupon, Supervisor Roncovieri, seconded by Supervisor Colman, moved adoption of resolution just presented.

Privilege of the Floor.

However, before action on the resolution presented by Supervisor Roncovieri, Mr. Henderson was granted the privilege of the floor, and defended the report as to cost of adoption of Salary Standardization, based on the report of the Civil Service Commission.

Committee of the Whole Arises and Reports.

Thereupon, Supervisor Uhl renewed his motion that the Committee of the Whole arise and report.

No objection and *so ordered.*

Reconvention of Board.

Supervisor Mead moved reconvention as a Board of Supervisors.

No objection.

After reconvening as a Board of Supervisors, President Shannon announced that there was, before the Board, the report of the Finance Committee, the Resolution presented by Supervisor Mead and the Resolution presented by Supervisor Roncovieri.

Adopted.

Thereupon, on motion by Supervisor Mead, seconded by Supervisor Uhl, that the Resolution presented by Supervisor Mead be considered immediately, following resolution was considered and taken up:

Reference to Civil Service Commission of Requests for Changes in Schedule of Compensations.

(Series of 1939)

Resolution No. 40, as follows:

Whereas, in accordance with the provisions of section 151 of the Charter the Board of Supervisors, through the Civil Service Commission, has caused the schedule of compensations to be proposed, which schedule is known as the Salary Standardization Schedule Report, and is now before this Board for adoption, amendment or rejection; and

Whereas, amendments to various items of such schedule of compensations have been proposed to this Board; now, therefore, be it

Resolved, That proposed amendments be referred to the Civil Service Commission in accordance with the provisions of said Charter, section 151, for report as to what other changes and the cost thereof each such proposed amendment would require to maintain an equitable relationship with other rates in such schedule, preference in said report being given to institutional workers, said Commission to make its report by February 6, 1939. Such proposed amendments are as follows:

Adopted by the following vote:

Ayes—Supervisor Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

Adopted.

The following resolution, presented by Supervisor Roncovieri, was, on motion by Supervisor Roncovieri, seconded by Supervisor Colman, taken up:

Controller to Investigate Reports of Civil Service Commission and Bureau of Governmental Research with Respect to Ultimate Cost to the City and County of Adoption of Civil Service Commission's Report Thereon.

(Series of 1939)

Resolution No. 23, as follows:

Whereas, the Civil Service Commission has declared that the total cost of providing for all salary increases recommended by the Civil Service Commission in the Standardization of Salary Ordinance will amount to $876,897 for the fiscal year 1939-1940 and no estimate of the ultimate cost in future years has been made by the Civil Service Commission; and

Resolved, That, except for the wages of per diem men and institutional workers, the Controller of the City and County of San Francisco be hereby directed to investigate the facts and figures submitted by the Civil Service Commission and the Bureau of Governmental Research and report his findings to the Board of Supervisors.

Adopted by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

Re-reference to Committee of Resolution Presented by Finance Committee.

After brief discussion, and suggestion by Supervisor McSheehy that action on resolution presented by the Finance Committee be postponed, Supervisor McSheehy moved that the resolution be laid on the table.

However, on the suggestion by Supervisor Roncovieri that later findings might require changes in the resolution as proposed, it might be better to rerefer the resolution to the Finance Committee, Supervisor McSheehy did not press his previous motion, but moved that the resolution presented by the Finance Committee be rereferred to Committee.

No objection, and *so ordered*.

ADJOURNMENT.

There being no further business, the Board, at the hour of 11:50 a. m., adjourned.

DAVID A. BARRY, Clerk.

MONDAY, JANUARY 16, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Monday, January 16, 1939, at 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

Quorum present.

President Shannon presiding.

Supervisor Brown on leave.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of January 9, 1939, was considered read and approved.

Privilege of the Floor.

Mr. Eric Cullenward, Jr., representing the Fiesta Committee for the opening of the Golden Gate International Exposition, at the request of President Warren Shannon, on being granted the privilege of the floor, presented to each member of the Board, on behalf of the Committee, a complete outfit to be worn during the Fiesta. President Shannon, on behalf of the Board, accepted the outfits presented.

Diving Exhibition at Exposition.

President Shannon requested Supervisor Ratto to take the Chair temporarily while he presented a matter of real importance to the Board. After introducing to the Board, Mr. William Reed, a deep sea diver, who had worked on both Bridge projects in San Francisco Bay, and outlined to the Board the efforts of Mr. Reed to secure from the Exposition Company a concession to show deep see diving and activities incidental thereto, Mr. Reed, at the request of Supervisor Shannon, was granted the privilege of the floor.

After Mr. Reed had briefly outlined some of his experiences as a deep sea diver, and had informed the Board as to his efforts in obtaining the desired concession at the Exposition, only to learn that the concession had been granted to a "showman" from Southern California, Supervisor Shannon, as President of the Board and Chairman of the Exposition Committee, requested the Clerk to communicate with Mr.

Leland Cutler and Mr. Fred Weddleton to the end that an explanation be given to the Exposition Committee of the Board as to the reason for not giving Mr. Reed an opportunity to make a presentation of what he had to offer in this proposed diving exhibition.

After considerable discussion as to what the Board could do in the matter, President Shannon announced that, there being no objection, he, himself, would take up the matter with Mr. Leland Cutler with the view of seeing what could be done in the matter for Mr. Reed, as well as to see what might be done to promote a better understanding between the Exposition authorities and the Exposition Committee of the Board.

Letter from the Mayor.

President Shannon presented his Honor the Mayor, who delivered to the Board his report on municipal affairs, as follows:

Office of the Mayor, San Francisco.

January 3, 1939.

To the Honorable
The Board of Supervisors,
San Francisco, California.

Gentlemen:

Conforming with Section 25 of the Charter of the City and County of San Francisco, again it becomes my duty and pleasure to render to you an annual report of our municipal affairs, and to comment on outstanding matters pending and make suggestions for future consideration.

Herein many important problems of City government are touched upon. Your attention is called to detailed analyses of the various departments and activities in the annual message accompanying this letter.

During 1938 our industrial situation has been assisted materially by the energies of The Golden Gate International Exposition in the construction of its many buildings for exhibits and concessions and the preparation of Treasure Island for the opening in February. I have named a Citizens' Committee to insure complete cooperation of our people with that great enterprise, especially in making the opening one of dignity and influence, befitting the importance of the occasion.

I tender hearty thanks and sincere congratulations to that able group of our fellow citizens who have accepted the responsibility for this colossal undertaking from the outset. To the State of California and the Federal Government our united thanks should go for making possible generous contributions from Federal and State funds to provide adequate exhibits of our varied resources.

The culmination of this great undertaking, shouldered so intrepidly by these leaders, already deeply immersed in their own vexing problems, presents to us an example and an opportunity, unique in the history of our beloved City. Happily, our people have awakened to it; and, despite a period fraught with deep international unrest and disquietude, they are rallying enthusiastically and optimistically. We are determined to do our part, as one man, so that the possibilities to the Bay Region, so surely to be achieved by an Exposition of singular beauty, design and educational value, builded upon a site unexampled in the history of similar international efforts, may be brilliantly demonstrated.

In 1914, when plans were fully matured and ready for fulfillment, the Panama Pacific International Exposition was threatened with disaster by the withdrawal of war-torn foreign powers from its list of exhibitors. Nothing daunted, the public-spirited executives of that generation went manfully to the task of bringing harmony out of threatened chaos and produced an Exposition unchallenged in splendor,

architecture and artistic merit—unequalled by anything theretofore contrived in the history of such colossal enterprises.

Our leaders and citizens of today are not less eager or capable than those of 1915. This is the hour in which our determination to stand together must be crystallized. Now is the time to ignore idle critics, always willing to undermine the intelligently directed undertakings of those who are capable of dreaming great dreams and bringing about their realization.

In a few days the opening of The Golden Gate International Exposition will present us with a new inspiration—one which if followed with zeal and patience will show conclusively to the world that San Francisco's people can match the dauntless courage of the men of 1915, with equal promise of world-wide commendation and appreciation.

Let us turn deaf ears to those who stand uselessly by, damning with faint praise the sturdy efforts of those who would make San Francisco a sure magnet of world attraction in 1939.

We are a people who rise to greater heights when threatened with the direst calamities. We have suffered vicissitudes which have seldom fallen to the lot of our sister cities. We know the values that lie in an Exposition, successfully carried out, for we have launched two and both are in the list of acknowledged successes. This spirit will not down! Every one of us will put our shoulder to the wheel for Treasure Island and the success of its dazzling jewels of art, education and industrial progress.

In the group of gems of architectural genius here gathered, that which represents San Francisco will stand out in the memories of all who will visit it. We have assured ourselves of the best in design, modern accommodation and general good taste, in setting forth this charming contribution of the people of San Francisco and to the millions who will visit Treasure Island, and it will be ready, in every detail, on February 18th, the opening day.

Looking onward, San Francisco's industrial situation shows a tendency to make forward strides on the pathway toward prosperity. Our City operates on a cash basis and we have, for the sixth successive year, a balanced budget. We can still proudly say that, without impairment of governmental efficiency, we have the lowest tax rate of any major city in this great Nation. We still have by far the lowest percentage of tax delinquency. Our bonds continue to sell at the lowest rate in our City's history. Our tax anticipation notes were marketed during 1938 at an interest rate as low as of 35/100 of one per cent.

I think we can safely say, as we look back on a year of some difficulty, that we have weathered it well.

Relief.

While at all times we have striven to conserve the money of the taxpayer, not one of our fellow citizens has at any time been denied the necessities of life. San Francisco is a humane City. Our citizens are second to those of no other metropolis in seeing and satisfying, most generously, the need of those of us who are, for the time, less privileged and less fortunate, greatly through no fault of their own. The manful way in which our people have shouldered these excessive burdens makes me proud, indeed, to be intrusted with the authority of Executive.

The increase for December, 1938, over December, 1937, for indigent relief, old age and blind aid, and half-orphan aid, averaged eighteen per cent. This is exclusive of hospitalization and institutional care.

The total number of persons involved in the above-named groups, plus those on W. P. A. and S. R. A., were 55,464 as of December 1, 1938.

The marked increase in the aged aid group—7030 persons in November, 1937, to 9196 in November, 1938, is noted particularly. I consider it a sacred duty to answer these demands, to the utmost of our ability.

Transportation.

I can only reiterate what has been said in previous messages. Your Honorable Board authorized me to appoint a Citizens' Committee. This Committee recommended a Traffic Commission to devise means of quickening and governing the flow and safety of our increasing vehicular traffic. This proposition failed to receive a favorable vote of the people.

This is not only the most important but the most pressing issue before us. The impetus in traffic, to be brought about by the opening of the Exposition, demands a solution at the earliest moment possible. I am constantly in touch with heads of departments who have the responsibility of this grave and vexing problem; also with the Executive Committee of the Citizens' Transportation Committee, and at a very early date I hope to be able to recommend to your Honorable Board a definite plan of procedure which will tend to solve this problem.

Many well-meaning citizens, as well as some of our public officials, are constantly advancing proposals by which they hope to better traffic conditions. Shoals of communications have reached the Mayor's office, offering solutions.

I pledge my most earnest and unflagging cooperation with these united forces, to find a sound, constructive, business-like remedy for existing conditions, to the end that our people and our visitors may find here traffic facilities and regulations on a par with those of the most advanced municipalities.

Our Municipal Railway has rendered a signal service to the City. I heartily recommend its extension, as rapidly as funds are available.

Bridge Tolls.

I call attention to my previous messages pertaining to this subject; which in importance goes hand in hand with the proper handling of our traffic. We all hope that, soon, it will be possible to eliminate toll charges at the gateways to our City, via the San Francisco-Oakland Bay Bridge and the Golden Gate Bridge. These are highways, no less than those which proceed over terra firma, through tunnels and across rivers, creeks, and eroded country, short cuts which involve millions in expense, often to save a trifling mileage.

Our gigantic bridges form the most economical improvement in our State Highway System that has been achieved in its long history. In their time and labor saving phases they cannot fail to be of advantage to every taxpayer in California. All of us can see that, with bridge tolls removed, the utmost facilities of these monumental spans will often be taxed to care for the flow which will clamor for admission to and through San Francisco.

Police and Firemen.

Promotion from the ranks in these most vitally protective departments is necessarily slow. The number of officers in the higher ranks must be comparatively small and the turn-over low.

In New York City, policemen in the lower ranks are graded according to length and quality of service, and limited increases in salaries, at stated intervals, take the place of raises in rank. Thus, the tried officer does not have to remain on the same pay as that accorded the "rookie." I am sure that the fairness of this method of recognition cannot fail to result in a finer morale and greater loyalty and zeal on the part of men thus considered; and I recommend that due and prompt consideration be given to the submission of a Charter Amendment providing that similar recognition be made of the faithful police and firemen of San Francisco, who so ably and courageously uphold our prestige as the safest City in America.

Radio Broadcasts.

In expressing the appreciation of our people for the free use of all local radio stations, whenever issues of importance to the public have

arisen, I would especially mention the generosity of N. B. C., which has carried out the sending from the Mayor's office of over four hundred broadcasts, given by our department heads, weekly, since 1932. These talks have demonstrated their value, as countless inquiries have shown.

Our "Christmas Sing," broadcast every Christmas Eve from Exposition Auditorium, has found listeners in all parts of the world. This program is nationally popular. The generous use of their talents, permitted by local singers and musicians, gives us an annual Christmas offering of such quality as to give it first rank among such seasonal programs the world over.

Housing.

The Housing Authority of the City and County of San Francisco has applied for a loan on two definite sites, one at Holly Park and the other in the Potrero. Applications have been approved by President Roosevelt, and contracts for loan, under the United States Housing Authority, are now pending.

Development proposed under these two projects will cost $2,202,839. Actual construction should begin by the first of June. Under consideration are other localities for projects. San Francisco's commission has formulated a program to utilize, as soon as possible, under sound procedure, the earmarked fund of $15,000,000 set aside for this City by the United States Housing Authority.

Harbor Control.

The destiny of San Francisco is inseparably linked with its peerless harbor. Upon the development of our waterfront depends the future greatness and prosperity of this City.

San Francisco has fought for home rule for its waterfront; but so far without success. We must redouble our efforts to regain control of these facilities. If it is good business for the State of California to manage San Francisco's harbor, then it is good business for the State to manage all harbors within its jurisdiction. Until the State does take such control, San Francisco must continue to ask for the same consideration which is given to the other cities of California.

Power Distribution.

I have always favored municipal distribution of our hydro-electric power and I recommend that Plan 8, approved by Secretary of the Interior Harold L. Ickes, which was submitted to your Honorable Board by the Public Utilities Commission on September 7, 1938, be submitted to the people for their approval at a special election, at the earliest possible time.

Financing Public Improvements.

Experience has shown us that it is extremely difficult to finance necessary public improvements, which can only be financed by bond issues which can only be passed by two-thirds vote. Many proposed issues have been voted down, because their benefits would seem to accrue to a limited section of the city. It is therefore the duty of the legislative, as well as the executive branch of our government to find means to carry out such improvements.

Our Controller has suggested a plan whereby an amount would be set up each year which would eventually take care of needed capital expenditures. New York City has a plan which enables its Board of Estimates to appropriate monies for the same purpose. I am a strong advocate for the pay-as-you-go plan. But whether we approve the recommendation of our Controller or favor the New York plan, State legislation, and possibly a Constitutional Amendment, would have to be enacted to enable us to adopt either of the suggestions. However, I take this opportunity of suggesting that if San Francisco is to continue as one of the outstanding cities of the world, this matter should

receive the prompt attention of your Honorable Board, to the end that we may keep apace of needed public improvements.

I extend to your Honorable Board hearty thanks for consideration and support given on many occasions and to my fellow officials, generally, who have exerted their energies so consistently and intelligently for the betterment of our municipality.

If we, as public officials, continue to recognize and fulfill our duties and responsibilities, San Francisco is sure to achieve her destiny in the vanguard of world cities.

Respectfully,

ANGELO J. ROSSI,
Mayor.

Message received, *filed and made part of the record.*

SPECIAL ORDER—2 P. M.

Hearing of Appeal, Rezoning of Southeasterly Corner of Laguna and Pine Streets.

Appeal from decision of the City Planning Commission, by its Resolution No. 1889, dated December 1, 1938, denying application to rezone from Second Residential District to Commercial District, property located at the southeasterly corner of Laguna and Pine streets.

Consideration Postponed.

At the request of Supervisor Uhl, who announced that the Attorney for parties interested in the above matter, was unable to be present because of illness, consideration thereon was *postponed for one week, and made a Special Order of Business for Monday, January* 23, 1939, *at* 2 *p. m.*

SPECIAL ORDER—3 P. M.

Hearing of Appeal, Rezoning of Northwesterly Corner of Nineteenth Avenue and Rivera Street.

Appeal from decision of the City Planning Commission, by its Resolution No. 1890, dated December 1, 1938, approving application to rezone from Second Residential District to Commercial District, property located at the northwesterly corner of Nineteenth avenue and Rivera street.

Action Deferred.

On statement by the City Attorney that there was still some doubt as to the sufficiency of property representation on appeal from the decision of the City Planning Commission in the above matter, consideration was *postponed for one week and made a Special Order of Business for Monday, January* 23, 1939, *at* 3 *p. m.*

MOTION TO RECONSIDER.

Supplemental Appropriation of $112,000 From Municipal Railway Depreciation Fund for Purchase of Four New Street Cars.

(Code No. 9.051)

Bill No. 1801, Ordinance No. 9.051540, as follows:

Authorizing a supplemental appropriation of $112,000 from the Municipal Railway Depreciation Fund for purchase of four new street cars and incidental expenses in connection therewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $112,000 is hereby appropriated out of the Municipal Railway Depreciation Fund to the credit of Appropriation

No. 65.913.14, to provide funds for the purchase of four new street cars, spare parts therefor and the engineering and traveling expenses in connection with the preparation of plans, specifications and the inspection of construction of said cars.

Finally passed by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt—7.
Noes—Supervisors McSheehy, Uhl—2.
Absent—Supervisors Brown, Shannon—2.

Before the result of the foregoing vote was announced, Supervisor Uhl changed his vote from "No" to "Aye" and moved for reconsideration at the next meeting of the Board.

Motion by Supervisor Colman for suspension of the rules for the purpose of immediate consideration *failed* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt—7.

The vote now stands:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
No—Supervisor McSheehy—1.
Absent—Supervisors Brown, Shannon—2.

Motion.

Pursuant to action of the Board at the meeting of January 9, 1939, consideration of motion by Supervisor Uhl, to reconsider the action of the Board whereby the foregoing bill was finally passed on January 9, 1939, was taken up.

Postponement of Reconsideration Refused.

Supervisor Uhl, seconded by Supervisor McSheehy, moved, that due to the absence of Manager of Utilities, Mr. E. G. Cahill, and Mr. Paul Ost, action on the motion for reconsideration be postponed for one week.

Supervisor McSheehy explained his reason for seconding the motion to postpone action on motion for reconsideration, stating he was seconding the motion to see if the expenditure of $112,000 for the purchase of four street cars could not be stopped. He stated further that he believed that appropriation could be better spent for the purchase of some fourteen or fifteen buses, some of which could be used to replace the present street car servic on Howard street and Van Ness Avenue South. Supervisor McSheehy objected, also, to the expenditure of funds for the proposed engineering investigation in connection with the purchase of street cars. He objected, also, to appropriations from the Municipal Railway Depreciation Fund, stating that in his opinion, such expenditures would ultimately result in an increased car fare on the Municipal Railway.

Supervisor Colman expressed opposition to postponement of action on the motion for reconsideration, stating that since Mr. Cahill had twice explained his reasons for the requested appropriation, his presence at this time was not necessary.

Supervisor Roncovieri also expressed opposition to postponement.

Roll Call on Motion to Postpone.

Thereupon, the roll was called and the motion to postpone action for one week on Supervisor Uhl's motion for reconsideration *failed* by the following vote:

Aye—Supervisor McSheehy—1.
Noes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.
Absent—Supervisor Brown—1.

Thereupon, Supervisor Uhl, the motion for postponement of reconsideration having failed, read from copies of correspondence from the Transit Research Corporation, and debated at length against the necessity for any appropriation for engineering studies and investigation in connection with the proposed purchase of street cars.

Privilege of the Floor.

Mr. Cleve Shaffer, at the request of Supervisor Uhl, on being granted the privilege of the floor, opposed the proposed appropriation, stating that in his opinion, it was about $20,000 too high. Mr. Shaffer stated that the City of Pittsburgh whose topography, he said, was very similar to that of San Francisco, to satisfy itself that the PCC cars would serve that city, borrowed one of the cars from Cleveland for test purposes. These tests proved the cars satisfactory. Accordingly, Mr. Shaffer suggested that San Francisco borrow from Pittsburgh, at a probable expense of $1,000, one of these cars for experimental purposes here, thus obviating the necessity of expensive engineering studies.

Reconsideration Refused.

Thereupon, the roll was called and reconsideration was *refused* by the following vote:

Ayes—Supervisors McSheehy, Uhl—2.

Noes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Absent—Supervisors Brown, Schmidt—2.

Whereupon, the Chair declared the foregoing ordinance authorizing an appropriation of $112,000 for the purchase of four street cars and for engineering studies in connection therewith.

Finally passed by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

No—Supervisor McSheehy—1.

Absent—Supervisors Brown, Shannon—2.

Discussion.

The following statement was presented and read by Supervisor McSheehy:

January 16, 1939.

To the Honorable Board of Supervisors,
City Hall, San Francisco, Calif.

Gentlemen: On January 3rd this Board passed for second reading Bill No. 10 authorizing an expenditure of $14,000, approved as to form by the City Attorney, recommended by the Manager of Utilities. $7,500 of this amount is to be expended by the City Attorney in connection with the Raker Act litigation now pending in the courts. Almost this entire amount of $7,500 is to be paid to Robert Searls, who has been appointed special counsel to represent the City in this litigation.

To date Mr. Searls has received $3,850 for services rendered, but I dare say he will receive $6,000 out of this $7,500 appropriation, making a total of $9,850 in trying to defeat the very act he helped to construct.

For ten years previous to 1926 Mr. Searls was special counsel, paid direct by the City of San Francisco to do all legal work pertaining to the Hetch Hetchy project. Under his advice and guidance the 24-hour contract with the Pacific Gas and Electric Company was entered into.

Four years ago he protested, in my presence before Secretary Ickes in Washington at a public hearing, the enforcement of Section 6 of the Raker Act, and when asked the direct question of whom he represented, he stated that he represented himself. Yet he paid all of his expenses from San Francisco to Washington, and stayed at the best hotel, and presented data that must have taken him a long time to compile.

In November, 1925, the 24-hour Hetch Hetchy contract was the issue, and a slogan was coined, "Sell-outs Against the Clean-outs." Every Supervisor, including now Mayor Rossi, who voted for the 24-hour contract was defeated. The City Attorney, the late Mr. George Lull, was also defeated by our now City Attorney John O'Toole, who was on the clean-out ticket.

The very first act in 1926 of the newly elected Supervisors was to request the resignation of Robert Searls, special counsel for the Hetch Hetchy project, and we did this because it was under his guidance and counsel that the Hetch Hetchy distributing system was brought down to Newark alongside of the Pacific Gas and Electric Company's step-down station. An injunction taken out by Adolph Uhl, now a Supervisor, prevented the use of Hetch Hetchy bond funds for the erection of a distributing system here in San Francisco. The power is now being sold to the Pacific Gas and Electric Company for

$2,000,000 and the Company in turn makes distribution here in San Francisco for $10,000,000.

In other words, gentlemen, I look upon Mr. Searls as an ardent opponent of the distribution of Hetch Hetchy power. And why he has been again employed as special counsel for Hetch Hetchy, I cannot understand. There are some twenty-five hundred registered attorneys here in San Francisco, and why the Mayor, the City Attorney and the Manager of Utilities selected Mr. Searls, I'd like to know.

Gentlemen, I feel a great mistake will be made in the employment of Mr. Searls. I did not know he was employed last year; if I did I would have protested his employment. I know now, and I ask you to join me in this protest, and in so doing you will show you honestly believe in the distribution of Hetch Hetchy power.

Respectfully,

(Sgd) JAMES B. McSHEEHY,
Supervisor.

Supervisor McSheehy followed his written statement with oral arguments, protesting the appropriation of $7,500, as set forth in the bill under discussion, to provide funds for litigation in re Raker Act.

Supervisor Uhl objected to references about him made by Supervisor McSheehy, regarding the distribution of Hetch Hetchy electrical energy.

City Attorney O'Toole replied to arguments presented by Supervisor McSheehy concerning the retaining of Mr. Robert Searls to represent the City in the pending litigation.

Supervisor Colman complimented the City Attorney on his selection of an attorney to represent the City and County in the pending litigation, and urged the Board to approve the appropriation set up therefor.

Final Passage.

Thereupon, the roll was called and the following bill was *finally passed* by the following vote:

Appropriation of $14,000 From Surplus in Hetch Hetchy Power Operative Fund for Litigation re Raker Act.

(Series of 1939)

Bill No. 10, Ordinance No. 11, as follows:

Authorizing a supplemental appropriation of $14,000 from the surplus in the Hetch Hetchy Power Operative Fund to provide funds for the Litigation in re Raker Act $7,500; *Williams* v. *City and County of San Francisco* $4,000; and *Meridian, Ltd.*, v. *City and County of San Francisco* $2,500.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $14,000 is hereby appropriated out of the surplus existing in the Hetch Hetchy Power Operative Fund to the credit of:

Appropriation 867-604-00, to provide funds for litigation in re Raker Act, $7,500;

Appropriation 867-604-00-1, to provide funds for litigation in the case of *Williams* v. *City and County of San Francisco* in the matter of riparian rights on the Tuolumne River, $4,000;

Appropriation 867-604-00-2, to provide funds for litigation in the case of *Meridian, Ltd.*, v. *City and County of San Francisco*, involving water rights from Tuolumne River, $2,500.

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

No—Supervisor McSheehy—1.

Absent—Supervisor Brown—1.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Appropriation of $930 for Creation of Position of General Clerk, Purchasing Department, at $155 Per Month.

(Series of 1939)

Bill No. 11, Ordinance No. 12, as follows:

Reappropriating $930 out of the surplus existing in Appropriation No. 833.101.00 to the credit of Appropriation No. 833.101.00 and creating the position of 1 B-222 General Clerk at $155 per month in the Purchasing Department and providing the compensation therefor, for the period January 1, 1939, to June 30, 1939.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $930 is hereby reappropriated and set aside out of the surplus existing in Appropriation No. 833.101.00 to the credit of Appropriation No. 833.101.00 to provide funds for the compensation of 1 B-222 General Clerk at $155 per month for the six-month period January 1, 1939, to June 30, 1939.

Section 2. The position of 1 B-222 General Clerk is hereby created. This position is a reclassification by the Civil Service Commission of the position of B-18 Chief Accountant, the occupant of which retires December 31, 1938, funds only having been provided therefor in the 1938-1939 Budget for the six-month period ending that date.

Finally passed by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

Supplemental Appropriation of $8,320 From Surplus in Municipal Railway Operating Fund for Operation of Street Railway System to and From Bay Bridge Terminal.

(Series of 1939)

The following recommendation of the Finance Committee was taken up:

Bill No. 24, Ordinance No. ....., as follows:

Authorizing a supplemental appropriation of $8,320 from the surplus in the Municipal Railway Operating Fund to Provide for temporary salaries $8,000, and pension and retirement allowance $320, for the operation of the street railway system at the San Francisco Bay Bridge Terminal Station and signal and switch systems in connection therewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $8,320 is hereby appropriated out of the existing surplus in the Municipal Railway Operating Fund to the credit of:

Appropriation No. 865.102.00—Temporary Salaries.....$8,000
Appropriation No. 865.806.00—Pension and Retirement Allowance 320

to provide funds to enable the Municipal Railway to furnish services necessary for the operation of the street railway system at the San Francisco Bay Bridge Terminal Station and of the signal and switch systems in connection therewith. One-half of the cost of said operation is to be paid by Market Street Railway Company.

Motion for Postponement.

Supervisor McSheehy called attention to reported traffic congestion resulting from the operation of the newly established service over the Bay Bridge and the operation of street cars to and from the new terminal, and requested that Mr. Cahill be sent for to report thereon.

Upon being informed that Mr. Cahill was not available for questioning, Supervisor McSheehy, seconded by Supervisor Uhl, moved that consideration of the appropriation for $8,320 from surplus in Municipal Railway Operating Fund for operation of the street railway system to and from the Bay Bridge Terminal be postponed for one week.

Objection to Postponement.

Supervisor Colman objected to postponement, stating that the street cars were already operating, and that the requested amount was necessary to pay salaries and expenses of such operation. Supervisors McGowan and Roncovieri also expressed opposition to postponement.

Explanation of Reason for Seconding Motion.

Supervisor Uhl explained his reason for seconding motion for postponement, stating that a delay of one week would make no difference in payment of salaries, and that a delay of one week would afford an opportunity to question Mr. Cahill regarding the Municipal Railway.

Postponement Refused.

Whereupon, the roll was called and the motion for postponement *failed* by the following vote:

Aye—Supervisor McSheehy—1.

Noes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisor Brown—1.

Passed for Second Reading.

Thereupon, the roll was again called and the foregoing bill was *passed for second reading* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

No—Supervisor McSheehy—1.

Absent—Supervisor Brown—1.

Passed for Second Reading.

The following recommendation of the Finance Committee was taken up:

Creating Revolving Fund for Office of Assessor, and Repealing Ordinance No. 9.0112, Creating Present Assessor's Revolving Fund.

(Series of 1939)

Bill No. 25, Ordinance No. ....., as follows:

Creating revolving fund for the office of the Assessor, to be known as the "Assessor's Revolving Change Fund," and providing for the administration thereof and making appropriation therefor and repealing Bill No. 610, Ordinance No. 9.0112.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A revolving fund to be known as the "Assessor's Revolving Change Fund" is hereby created, which shall not exceed the sum of two thousand ($2,000) dollars and which said fund shall be exclusively used by the Assessor for the purpose of making change for those persons who pay the taxes on unsecured personal property in his office.

Section 2. There is hereby appropriated from the moneys in the General Fund not otherwise appropriated or encumbered, the sum of two thousand ($2,000) dollars, which said sum shall be payable to the Assessor for the purpose of establishing the above-mentioned revolving change fund.

Section 3. Bill No. 610, Ordinance No. 9.0112, entitled, "Creating revolving fund for the office of the Assessor to be known as the Assessor's Revolving Change Fund and providing for the administration

thereof and making an appropriation therefor," passed by the Board of Supervisors, August 27, 1934, is hereby repealed.

Passed for second reading by the following vote:

Declaration of Policy Re Possible Salary Increases for Employees in High Salary Brackets—Subject to Salary Standardization.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. ——, as follows:

Whereas, in considering the subject of salary standardization, the

taxpayers' ability to pay must be considered and the general financial condition of our City, as a whole; and

Whereas, the people have authorized salary standardization and it is a mandate upon the Board of Supervisors to put into effect the wishes of the people; and

Whereas, the wage-earners in the lower brackets should have first consideration in any increases to be granted in order that they may have the necessities of life under our standard of living; and

Whereas, those wage-earners in the higher brackets are maintaining a proper standard of living; now, therefore, be it

Resolved, That the employees earning under $6,000 a year, but in the higher brackets be given not more than $50 per month increase at this time; and be it

Further Resolved, That the employees earning over $6,000 per year receive increased salaries when conditions warrant such increases and that at the earliest possible moment all salaries be brought up to those existing in private industry for like service.

SPECIAL ORDER—2 P. M.

Hearing of Appeal, Rezoning of Southeasterly Corner of Laguna and Pine Streets.

Appeal from decision of the City Planning Commission, by its Resolution No. 1889, dated December 1, 1938, denying application to rezone from Second Residential District to Commercial District, property located at the southeasterly corner of Laguna and Pine streets.

Privilege of the Floor.

Mr. Melvin I. Cronin, attorney, appeared on behalf of the appellants.

Mr. Robert P. Troy, representing the Bush Street Improvement Club, protested the proposed rezoning. He presented also a communication from the Reverend W. Stockey, urging that the City Planning Commission be sustained because of the proximity of the proposed gasoline service station to the Morning Star School. Father Zimmerman, representing the Morning Star School, also protested the proposed rezoning. Mr. Wallberg, resident in the district, also opposed the proposed rezoning. Mr. Morrissey presented petition opposing the proposed rezoning.

Mr. Mark Jorgensen represented the City Planning Commission.

City Planning Commission Sustained.

Thereupon, the following resolution, presented by the Public Buildings, Lands and City Planning Committee, was *refused adoption* by the following vote:

Rezoning Southeasterly Corner of Laguna and Pine Streets.

(Series of 1939)

Resolution No. ....., as follows:

Resolved, That the decision of the City Planning Commission, by its Resolution No. 1889, dated December 1, 1938, denying application to

Ayes—Supervisors Mead, Meyer, Ratto—3.

Noes—Supervisors Brown, Colman, McGowan, McSheehy, Roncovieri, Schmidt, Shannon, Uhl—8.

SPECIAL ORDER—2:30 P. M.

Hearing of Appeal, Rezoning Southwesterly Corner of Cayuga and Geneva Avenues.

Appeal from decision of the City Planning Commission, denying application to rezone from First Residential District to Commercial District, property located at the southwesterly corner of Cayuga and Geneva avenues.

Privilege of the Floor.

Mr. Milton Marks, attorney, appeared in behalf of the appellants. Mrs. Rose Walker for the Southern Council of Civic Clubs and Mr. Alfred Engalls, vice-president of the Cayuga Improvement Club, both opposed the rezoning of the southwesterly corner of Cayuga and Geneva avenues.

Mr. Jefferson E. Peyser, represented Mr. Simone Guisto, property owner, requesting the rezoning.

Mr. Mark Jorgensen represented the City Planning Commission.

City Planning Commission Overruled.

Thereupon, the following resolution, presented by the Public Buildings, Lands and City Planning Committee, was *adopted* by the following vote:

Rezoning Southwesterly Corner of Cayuga and Geneva Avenues.

(Series of 1939)

Resolution No. 49, as follows:

Resolved, That the decision of the City Planning Commission, by its Resolution No. 1886, dated December 1, 1938, granting application to rezone property located at the southwesterly corner of Cayuga and Geneva avenues, from First Residential District to Commercial District, is hereby disapproved.

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

SPECIAL ORDER—3 P. M.

Hearing of Appeal, Rezoning of Northwesterly Corner of Nineteenth Avenue and Rivera Street.

Appeal from decision of the City Planning Commission, by its Resolution No. 1890, dated December 1, 1938, approving application to rezone from Second Residential District to Commercial District, property located at the northwesterly corner of Nineteenth avenue and Rivera street.

Opinion from City Attorney.

The Clerk read an opinion from the City Attorney, in which the Board was advised that the appeal presented was defective, because of the lack of sufficient representation of property within the 300-foot distance from the property sought to be rezoned. The City Attorney

advised that in his opinion, only those owners of property on record on the current Assessor's Block Book can be considered, and that property in the name of the Veterans' Welfare Board, though being sold under contract to certain purchasers, can be represented on an appeal only by the Veterans' Welfare Board, but not by the person who has a contract to purchase same.

Consideration Postponed.

Thereupon, Supervisor McSheehy, stating that he thought the protestants in the matter should have, if possible, the right to present their case, moved that the entire matter be postponed to Wednesday, January 25, at 8 p. m.

No objection and *so ordered*.

UNFINISHED BUSINESS.

Amendment.

Supervisor Ratto moved that the foregoing bill be amended by the addition of the following, to be numbered Section 2:

Section 2. The funds appropriated by this ordinance shall be expended on the basis of competitive bidding, as provided in Section 95 of the Charter, for rental of equipment and purchase of materials exclusively for the specific projects herein set forth, and none of these funds shall be expended except through the medium of private industry, and no portion of the funds herein mentioned shall be allotted to or expended by any governmental agency not operating under or bound by the provisions of Section 95 of the Charter of the City and County of San Francisco.

Privilege of the Floor.

William D. Coughlin, representative of the Associated General Contractors, on being granted the privilege of the floor, explained that the purpose of the foregoing proposed amendment was merely to allow the Purchasing Department to call for bids for the purchase of materials and equipment to be used for the reconstruction and widening of the several streets named in the bill. Mr. Coughlin stated that the proposed amendment was agreeable to Mr. Clyde Healy, Assistant City Engineer in charge of WPA projects.

Passed for Second Reading.

Thereupon, no objection being voiced to the proposed amendment, the same was duly *accepted*, and the foregoing bill, as amended, was *passed for second reading*, as follows, by the following vote:

Reappropriating $28,900 From Surplus in County Road Fund for Reconstruction and Widening of Certain Streets.

The following recommendation of the Finance Committee was taken up:

Resolution No. ————, as follows:

Resolution authorizing the City and County of San Francisco to enter into a municipal cooperation agreement with the Housing Authority of the City and County of San Francisco, which said agreement is contained in this resolution.

Whereas, the Housing Authority of the City and County of San Francisco has made application for a loan from the United States Housing Authority for the development of a low rent housing project within the City and County of San Francisco, known as Holly Park-Potrero Project, and intends to make further applications for loans for the development of other low rent housing projects within the City and County of San Francisco; and

Whereas, the United States Housing Authority has approved said application for loan for the development of said Holly Park-Potrero Project, but has required as a condition precedent to the advancement by it of any funds or moneys under said loan that the City and County of San Francisco and the Housing Authority of the City and County of San Francisco enter into a Municipal Cooperation Agreement substantially in the form as hereinafter set forth; now, therefore, be it

Resolved, That the City and County of San Francisco enter into a contract with the Housing Authority of the City and County of San Francisco substantially in the following form:

"MUNICIPAL COOPERATION AGREEMENT BETWEEN THE CITY AND COUNTY OF SAN FRANCISCO AND THE HOUSING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO.

"This Agreement made and entered into between the City and County of San Francisco, herein called 'the City,' and the Housing Authority of the City and County of San Francisco, herein called 'the Authority,'

"WITNESSETH:

"Whereas, the Authority has made application for a loan from the United States Housing Authority for the development of a low rent housing project within the City and County of San Francisco, known as Holly Park-Potrero Project, and intends to make further applications for loans for the development of other low rent housing projects within said City and County; and

"Whereas, the United States Housing Authority has approved said application for loan for the development of said Holly Park-Potrero Project, but has required as a condition precedent to the advancement by it of any funds or moneys under said loan that the City and the Authority enter into this agreement; and

"Whereas, heretofore, to-wit, on the 20th day of July, 1938, the City and the Authority entered into an Equivalent Elimination Agreement in respect to said Holly Park-Potrero Project and the parties hereto are desirous of further mutually affording the fullest cooperation in the development of said project; and

"Whereas, the City is authorized and empowered under the terms of the Housing Cooperation Law of the State of California to enter into agreements with or without consideration (which may extend over any period notwithstanding any provision or rule of law to the contrary) with the Authority respecting action to be taken by the City pursuant to the powers granted by said Housing Cooperation Law,

"Now, therefore, pursuant to the provisions of said Housing Cooperation Law, and for and in consideration of the mutual promises herein contained, the City and Authority agree as follows:

"1. The term 'Projects' as used in this agreement shall mean any low rent housing projects now or hereafter undertaken within the City and County of San Francisco by the Authority with respect to which a contract or contracts to obtain Federal annual contributions have been made or will be made with the United States Housing Authority.

"The term 'Project' shall mean any one of such projects which is to be aided under a separate Annual Contributions Contract between the Authority and the United States Housing Authority relating solely to annual contributions on that particular project.

"2. The City agrees that during the period commencing with the date of the acquisition of any part of the site or sites for each project and continuing throughout the useful life of such projects, it will not levy, impose or charge any taxes or special assessments against the projects or against the Authority, and will furnish without cost or charge to the Authority, or the tenants thereof, municipal services and facilities for such projects and the tenants thereof, of the same character as those furnished without cost or charge for other dwellings and inhabitants in the City including, but not limited to: fire, police and health protection and services; street maintenance, street-lighting on public streets within any project and the boundaries thereof and main sewer maintenance on or under public streets within the boundaries of the projects and the boundary streets thereof, and the streets providing ingress to or egress from the projects; that it will maintain in good repair and working order any and all municipal facilities provided for the use and benefit of the projects and the tenants thereof. The term 'useful life of such projects,' as used in the foregoing, shall mean the period of physical usefulness of the said projects for the purpose of providing dwelling accommodations, but in no event less than the number of years during which any of the bonds issued to aid in financing the development of such projects shall remain outstanding.

"3. The City promises and agrees, in so far as may be consistent with the general welfare of the City as determined by the City Planning Commission or other municipal authorities having jurisdiction, to afford the Authority every cooperation in the planning or re-planning, zoning or re-zoning to an appropriate site and neighborhood classification the areas in the City within which the Projects shall be located and that the City, in so far as may be consistent with the general welfare of the City as so determined, will cooperate in the vacating and closing of any streets, roads, roadways, sidewalks, alleys or other places located in said projects or adjacent thereto to the extent that the Authority finds that such action is necessary in the development of the projects.

"4. The Authority agrees to dedicate for municipal purposes land which may be owned or acquired by the Authority and which the Authority determines to use for streets and alleys within the boundaries of the projects, or for the purposes of providing ingress thereto, and egress therefrom. The City agrees to accept such dedication except in so far as such dedication may be determined by the Director of Public Works or municipal authorities having jurisdiction to be inconsistent with the general welfare of the City. In making such dedication, the Authority may reserve to itself, its successors, and assigns, the right to conduct and maintain in, under or above the dedicated premises water or gas mains or pipes, electric and telephone wires, conduits and steam and sewer pipes for the purpose of furnishing and distributing such utilities to the projects. The City agrees, in so far as the same may be consistent with the general welfare of the City as determined by municipal authorities having jurisdiction, to grant appropriate easements, licenses or permits giving to the Authority the right to conduct and maintain any of such utilities in, under or across any public streets, or alleys dividing the project site into two or more parts so as to enable the Authority to furnish and distribute such utilities to the entire project, or any part thereof.

"5. The City agrees to waive such building, inspection and rezoning fees as might be payable by the Authority if it is or becomes subject to the payment of such fees.

"6. Nothing in this agreement shall be construed as limiting the power of the City to furnish aid and cooperation other than and in addition to the matters not particularly described in this agreement.

"7. The Authority agrees that it will use its best efforts to develop the projects as rapidly as possible, to operate and maintain such projects for families of low income, and to keep the City fully informed as to the status of the projects.

"8. The City consents to the assignment of this agreement for the protection for the owners of any bonds issued to aid in the financing of the development of the projects.

"9. This agreement shall continue in full force and effect with respect to the projects as long as the title thereto (except for the lien, or title conveyed to the Trustees under the Indenture securing bonds issued to aid in the development of the projects) be held by the Authority, or some other public body, or agency of the State.

"IN WITNESS WHEREOF, the City and County of San Francisco, California, and the Housing Authority of the City and County of San Francisco have respectively caused this agreement to be duly executed in triplicate as of the.....day of....., 1939.

Be It Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors thereof be and they are hereby authorized to execute said agreement in triplicate for and on behalf of the City and County of San Francisco.

Privilege of the Floor.

Mr. William A. O'Brien, attorney, and Mr. Albert J. Evers, executive director and secretary of the Housing Authority of the City and County of San Francisco, on being granted the privilege of the floor, explained the foregoing legislation and the need for prompt and favorable action.

Mr. E. J. Carroll, representing the apartment house owners, and Mr. E. P. Troy, for the Divisadero Street Merchants' Association, opposed the immediate adoption of the foregoing resolution.

Motion for Postponement.

Thereupon, Supervisor McSheehy, seconded by Supervisor Brown, moved that further consideration of the entire matter be postponed for one week, that the matter remain on the Calendar and be made a Special Order of Business for Monday, January 30, 1939, at 2:30 p. m.

Privilege of the Floor.

Mr. William A. O'Brien, representing the Housing Authority, Mr. A. Watchman, Mr. James E. Ricketts, Mrs. Stroman and Mrs. Annie Scanlon, all opposed postponement.

Mrs. Douglass, representing the Central Council of Civic Clubs, Mrs. Thomas R. Best, Mr. Murphy, member of the board of directors of the Central Council of Civic Clubs, urged postponement as requested.

Amendment to Motion.

Supervisor Roncovieri, seconded by Supervisor Uhl, after lengthy discussion of the motion for postponement, moved, as an amendment to the original motion, that the entire matter be postponed until Wednesday evening, January 26, 1939, at 8 o'clock, and that the Board, at the conclusion of its business, recess, to reconvene at that hour.

Amendment to Motion Accepted as Original Motion.

Thereupon, no objection to the amendment to the motion being voiced, Supervisors McSheehy and Brown accepted same as the original motion, and the Chair declared same as carried.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Appointment of Citizens' Committee for Proper Observance of Army Day.

(Series of 1939)

Supervisor Colman presented:

Resolution No. 50, as follows:

Resolved, That his Honor the Mayor be and is hereby requested to appoint a Citizens' Committee to arrange for the proper observance of Army Day, April 6, 1939.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Petitioning Postmaster for Establishment of Branch Postoffice in Sunset District.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 51, as follows:

Whereas, home building and the population have greatly increased in the Sunset District during recent years; and

Whereas, because of lack of a postoffice substation in this district, the residents are greatly inconvenienced, particularly with regard to parcel post service; now, therefore, be it

Resolved, That this Board of Supervisors, on behalf of the people of the Sunset District, does hereby petition Postmaster William H. McCarthy and does respectfully urge that a branch postoffice be established in the Sunset District.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Memorializing Congress to Favorably Consider the Extension of Subsection (3), Section 203 (b), Title II, of the Federal Housing Act for a Period of Two Years Commencing With July 1, 1939, and Ending June 30, 1941.

(Series of 1939)

Supervisor Mead presented:

Resolution No. 52, as follows:

Whereas, under Subsection (3), Section 203 (b), Title II of the Federal Housing Act the Federal Housing Administrator is possessed of powers to insure small-home mortgages for a period not to exceed twenty-five (25) years; and

Whereas, on July 1, 1939, under the stipulations of the amended act, these powers will either expire or be modified; and

Whereas, the provisions of Subsection (3), Section 203 (b), Title II of the Federal Housing Act has been instrumental in the recovery of the building and allied industries resulting in employment for thousands of members of the Building Trades crafts; and

Whereas, under these provisions thousands of families in the moderate income class became home-owning and tax-paying citizens; and

Whereas, if these provisions are not extended a decline will result in the building and allied industries, a decrease in employment, a loss of taxes and the door of opportunity to own a home of their own closed to families of moderate income; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby respectfully urge the Senators and Representatives in Congress to extend Subsection (3), Section 203 (b), Title II of the Federal Housing Act for a period of two years commencing with July 1, 1939, and ending June 30, 1941, in order that the building and allied industries may continue to improve their condition, that labor in the building trades may enjoy steady employment and that our American families of moderate income be granted an opportunity to purchase a home of their own.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Appointment of Citizens' Committee to Arrange for Reception and Entertainment of Officers and Men of the Seventh Naval Division of Italian Navy During Coming Visit to San Francisco.

(Series of 1939)

Supervisor Ratto presented:

Resolution No. 53, as follows:

Whereas, the Seventh Naval Division of the Italian Navy, under the command of Rear Admiral Edoardo Somigli, will visit the City and County of San Francisco between March 11 and March 21 of this year; and

Whereas, a great percentage of our population is comprised of Italian people and their descendants, who have done much for the economic and cultural betterment of San Francisco; now, therefore, be it

Resolved, That his Honor the Mayor be and he is hereby requested to appoint a Citizens' Committee to arrange for a suitable reception and entertainment for the officers and men of the Seventh Naval Division of the Italian Navy during its stay in San Francisco's harbor.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Memorializing State Legislature to Increase Tuberculosis Subsidies to the Counties.

(Series of 1939)

Supervisor Schmidt presented:

Resolution No. 54, as follows:

Whereas, it has come to the attention of the Board of Supervisors of the City and County of San Francisco that the proposed budget of the State of California contemplates that the State tuberculosis subsidy of $3 per week now being paid to the counties to meet State requirements be cut to $1.50 per week per patient; and

Whereas, such a reduction would seriously affect the expense to the taxpayers of San Francisco and eventually bring about a curtailment in the treatment of tubercular patients; and

Whereas, it is a matter of fact that the subsidy should be increased rather than reduced; now, therefore, be it

Resolved, That this Board of Supervisors does hereby memorialize the Legislature of the State of California and does urge that the tuberculosis subsidy to counties be increased; and be it

Further Resolved, That copies of this resolution be forwarded to the Governor of the State of California, the State Director of Finance and the San Francisco delegation in the Legislature.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Adopted.

The following recommendation of the Public Buildings, Lands, and City Planning Committee was *adopted* by the following vote:

Fixing Date for Hearing of Appeal, Abolishment of Set-Back Lines, Northerly Side of Judah Street From Twenty-third Avenue to a Point 57 Feet 6 Inches Westerly Therefrom.

(Series of 1939)

Resolution No. 55, as follows:

Resolved, That the time for hearing the appeal from the decision of the City Planning Commission disapproving application to abolish

set-back lines on the northerly side of Judah street from Twenty-third avenue to a point 57 feet 6 inches westerly therefrom, is hereby set for Monday, January 30, 1939, at 2 o'clock p. m.

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Enforcement of Ordinances Requiring Fire Escapes.

Supervisor Mead presented communication from the Women's Safety League, transmitting copy of resolution adopted by that organization requesting stricter enforcement of fire escape ordinance.

Clerk directed to ascertain from Fire Chief Brennan why ordinances are not, or cannot be, enforced.

Petition From Nurses for Discontinuance of Charges Made for Board and Laundry.

Supervisor Ratto presented copy of petition signed by 205 nurses asking discontinuance of charges made of $22.50 per month for board, and $2.50 per month for laundry.

Referred to Civil Service Commission.

Need for Prison Ward at San Francisco Hospital.

Supervisor Uhl called attention to an article in the January issue of the Police Signal, entitled "Need for Prison Ward at San Francisco Hospital," and requested that the Clerk be directed to communicate with the Chief Administrative Officer and the Director of Public Health, to ascertain what, if anything, should be done toward the establishment of such a ward.

No objection and *so ordered.*

Recommendations Concerning Management of Traffic and Transportation in the Terminal Area.

The Clerk presented and read a communication from his Honor, the Mayor, transmitting copy of recommendations concerning the management of traffic and transportation in the Terminal area, made by him and by Mr. Charles Purcell.

Referred to Streets Committee.

Request for Memorialization of Congress to Amend the Raker Act.

The Clerk presented a communication from the Municipal Conference Committee, urging that Congress be memorialized to amend the Raker Act to permit the continuance of the existing arrangement for the disposal of Hetch Hetchy power.

Referred to Public Utilities Committee.

Question of Personal Privilege.

Supervisor Roncovieri rose to a question of personal privilege, stating:

"A few months ago an incident occurred in the course of debate on the subject of a bond issue for the purchase of the Market Street Railway.

"Supervisor Uhl, out of a clear sky, pointedly said to me, 'You are trying to fool the people.'

"Having faithfully and honorably served the best interests of the people over a long period of time, the sting of this sudden and undeserved attack instantly aroused in me an uncontrollable resentment.

"I replied in terms which I have ever since keenly regretted. For my part in this incident, and regardless of the provocation, I now publicly offer my apology to the members of this Board, and to Supervisor Uhl in particular."

In reply thereto, Supervisor Uhl said: "I am sorry that I said anything to provoke you, and you are certainly a bigger man than I give you credit for being in offering this apology, which I sincerely accept."

Requesting an Appropriation of $750 as San Francisco's Proportion for the Maintenance by the County Supervisors' Association of Representation at Sacramento.

Supervisor McSheehy called attention to request for an appropriation of $750, as San Francisco's proportion, for the maintenance by the County Supervisors' Association of representation at Sacramento, and urged that San Francisco share in the expense of providing for such representation, stating that he felt it to be poor economy not to become a party in such representation. Controller Harold J. Boyd reminded the Board of its Advisory Committee on State Legislation, and suggested that the matter be referred to that committee.

Referred to Advisory Committee on State Legislation.

Request to Be Excused From Attendance at Meetings.

Supervisor Colman announced that it would be necessary for him to be absent from the Board meetings on the first two Mondays in February, and requested so to be excused.

No objection and excuse *granted.*

RECESS.

There being no further business, the Board, pursuant to motion previously carried, at the hour of 6:40 p. m., recessed, to reconvene on Wednesday, January 25, 1939, at 8 p. m.

DAVID A. BARRY, Clerk.

SPECIAL ORDER.

Hearing of Appeal, Rezoning of Northwesterly Corner of Nineteenth Avenue and Rivera Street.

Appeal from decision of the City Planning Commission, by its Resolution No. 1890, dated December 1, 1938, approving application to rezone from Second Residential District to Commercial District, property located at the northwesterly corner of Nineteenth avenue and Rivera street.

The foregoing matter, postponed from January 23, 1939, was taken up:

Opinion from City Attorney.

The following opinion of the City Attorney was read by the Clerk:

Opinion of City Attorney.

January 25, 1939.

Subject: Who are entitled to subscribe their names to a written protest from a ruling of the City Planning Commission.

Dear Sir: This will acknowledge receipt of your request for an opinion on the following queries:

1. If property appears on the current Assessor's Block Book as assessed to the Veterans' Welfare Board as the "owner" thereof, and it is conceded that the Veterans' Welfare Board holds the legal title thereto, but is selling the same under contract to certain purchasers, may the contract purchasers sign their own names to a written protest from a ruling of the Planning Commission as the "owners" thereof?

2. Should it be determined that the Veterans' Welfare Board is the only one entitled to sign said protest as the "owner" of the property affected, may a written protest from the Veterans' Welfare Board be accepted, when received on January 6, 1939, which is more than 30 days after the City Planning Commission resolution thereon?

Opinion.

Section 117 of our Charter provides that an appeal may be taken from a ruling of the City Planning Commission by filing a written protest with the Board of Supervisors subscribed by the "*owners*" of 20 per cent of the property affected.

In conformity with the requirements of this same Charter provision, the Board of Supervisors passed Ordinance No. 13.011, covering the procedure in city planning matters. The ordinance in connection with appeals provides, in part, as follows:

"Property owners affected may appeal to the Board of Supervisors from any ruling of the City Planning Commission by filing protests in writing against such ruling with said Board of Supervisors within thirty days of the date of the City Planning Commission's resolution thereon, which protests shall state the reasons therefor and *shall designate the location of the property owned by the protestant or protestants by the Assessor's block and lot number, and the post office address of each protestant. Such appeal shall be sent to the City Engineer for checking, and he shall inform the Board of Supervisors as to the percentage of property delineated upon the map mentioned in Section* 1 *hereof, the owners of which have joined in said protest or appeal.*

It clearly appears herefrom that the City Engineer is to check the signatures submitted as against the Assessor's Block Book to determine the percentage of property "owners" who have joined in the protest. This then is the measure by which it is to be determined who is the "owner" of the property entitled to subscribe to a protest from a ruling of the City Planning Commission, namely, those who appear on the current Assessor's Block Book as the "*owners*" of the property affected.

Where the method is thus set forth by legislative enactment determining that the "owners" of property entitled to subscribe to a protest from a ruling of the Planning Commission are those whose names appear on the Assessor's Block Book, that legislative determination may not be disregarded.

A case decided by the Supreme Court of the State of California on this very point is that of *Kahn* v. *Board of Supervisors*, 79 Cal. 388.

In this case it was held the requirement of the act of 1872 that a petition for the improvement of Montgomery avenue shall be signed by owners of a majority of the frontages whose names are named on the last preceding assessment roll, is mandatory, and no signatures of persons whose names did not there appear can be regarded by the courts. Signatures by executors and administrators must be rejected as unauthorized. The signature of the president and secretary of a corporation must also be rejected in the absence of proof of authority from the board of directors.

In a later case the Supreme Court of Arkansas, in the case of *Ahern* v. *Board of Improvement District No. 3*, reported in 61 S. W. Rep. at page 575, gave most careful consideration to the right of property owners whose names were not of record to join in protests. In that case the court held that it was improper to include property belonging to an estate where the protest was signed by the executor. Also it was improper to include property of an estate signed by the widow of the deceased owner although she might have been in possession of the property.

In the case of *City of South Omaha* v. *Tighe*, decided by the Supreme Court of Nebraska and reported in 93 N. W. at page 946, the court said:

"Evidence that the petitioners have no title of record to the premises described in the petition will support a finding that the petitions were unauthorized and insufficient where the only finding of ownership is the recitals of the petitions themselves."

The Supreme Court of Kansas in the case of *Hammond* v. *City of Ottawa*, reported in 275 Pac. at page 141, stated:

"When a protest against a street improvement is presented, the governing body of the city must determine sufficiency of the protest. Sufficiency of the protest depends on residence, ownership, and area. The record will always show ownership at the time of adoption of resolution to improve, which is the decisive time. No matter how many owners in fact there may be holding unrecorded deeds, they are not qualified to protest. The recorded plat will also show area of ownership, and *this court is of the opinion the city authorities need not look beyond the record.*"

In view of these decisions, I am of the opinion that in order to authorize a person to file a protest for an appeal of a ruling of the City Planning Commission, the signer must be the owner of the record title and it is not sufficient that he or she should have the right to acquire the title; that is, that he or she may have a valid contract to purchase the property which authorizes the protest.

While the language of the Charter is general and does not attempt to define the term "owner" the Charter gives the Board of Supervisors, to set up by ordinance, the necessary procedure to deal with the zoning of property. This, your Board of Supervisors has done, by Ordinance No. 13.011, and from this ordinance it is quite evident that it was the intention of the Board that the Assessor's Block Book should be relied upon to ascertain the names of the owners.

Therefore, it appears to me, in those cases where the protest has been signed by those whose only right in the property is the right to purchase it under existing contracts, that they should not be considered in determining the requisite area to support the protest. In the instant case I am advised by the Assistant Engineer that if the protest of those purchasing property under contract within the area are not considered that the protest falls short of the necessary 20 per cent.

You also called to my attention that the Veterans' Welfare Board did, after the expiration of the 30 days allowed for the appeal, join in a protest of certain persons with whom it had contracts to sell its property. This office has heretofore ruled that all protests must be filed within the time limited by the Charter.

You are, therefore, advised that in my opinion you have no jurisdiction to consider this appeal.

Yours very truly,

(Signed) JOHN J. O'TOOLE,
City Attorney.

Privilege of the Floor.

The City Attorney explained briefly his opinion, and stated that it was with regret that he must advise the Board that the appeal was defective, and, therefore, void, and that the Board had no jurisdiction in the matter.

Russell D. Powell expressed his regrets that the opinion of the City Attorney was unfavorable to the appellants, but that he must, of course, abide by the ruling of the Board.

Stricken from the Calendar.

Thereupon, Supervisor Uhl, Chairman of the Committee on Public Buildings, Lands and City Planning moved, with sincere regrets, that the matter be stricken from the calendar.

So ordered.

Recommendation of Finance Committee.

The following recommendations of the Finance Committee, heretofore postponed from January 23, 1939, were taken up:

Authorizing Compromise of Claim of Jean Miller, a Minor, in the Sum of $1,500.

(Series of 1939)

Bill No. 48, Ordinance No. ....., as follows:

Authorizing compromise of claim of Jean Miller, a minor, in the sum of fifteen hundred ($1,500) dollars.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The City Attorney having recommended the settlement and compromise of the action of Jean Miller, a minor, against the City and County of San Francisco, a municipal corporation, for the recovery of damages for personal injuries sustained by said Jean Miller on August 31, 1938, as a result of being struck by an automobile owned by the Department of Public Works and operated by one Thomas Curran, at or near the intersection of Market street extension and Danvers street, which suit is numbered No. 284426 in the Superior Court, said action being for the recovery of twenty-five thousand ($25,000) dollars and said plaintiff having agreed to accept the sum of fifteen hundred ($1,500) dollars in full settlement, said City Attorney is hereby ordered and authorized to settle said pending litigation by the payment of the sum of fifteen hundred ($1,500) dollars, and the Controller of the City and County of San Francisco is hereby authorized and directed to draw his warrant for said sum.

Recommended and approved by the City Attorney.

Recommended and approved by the Department of Public Works Director.

Approved as to funds available by the Controller.

Privilege of the Floor.

The City Attorney, on being granted the privilege of the floor, explained briefly the reasons for his recommending the foregoing compromise.

Passed for Second Reading.

Thereupon, the foregoing bill was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Authorizing Execution of Agreement With Housing Authority of the City and County of San Francisco.

(Series of 1939)

Resolution No. 56, as follows:

Resolution authorizing the City and County of San Francisco to enter into a municipal cooperation agreement with the Housing Authority of the City and County of San Francisco, which said agreement is contained in this resolution.

Whereas, the Housing Authority of the City and County of San Francisco has made application for a loan from the United States Housing Authority for the development of a low rent housing project within the City and County of San Francisco, known as Holly Park-Potrero Project, and intends to make further applications for loans for the development of other low rent housing projects within the City and County of San Francisco; and

Whereas, the United States Housing Authority has approved said application for loan for the development of said Holly Park-Potrero Project, but has required as a condition precedent to the advancement by it of any funds or moneys under said loan that the City and County of San Francisco and the Housing Authority of the City and County of San Francisco enter into a Municipal Cooperation Agreement substantially in the form as hereinafter set forth; now, therefore, be it

Resolved, That the City and County of San Francisco enter into a contract with the Housing Authority of the City and County of San Francisco substantially in the following form:

"MUNICIPAL COOPERATION AGREEMENT BETWEEN THE CITY AND COUNTY OF SAN FRANCISCO AND THE HOUSING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO.

"This Agreement made and entered into between the City and County of San Francisco, herein called 'the City,' and the Housing Authority of the City and County of San Francisco, herein called 'the Authority,'

"WITNESSETH:

"Whereas, the Authority has made application for a loan from the United States Housing Authority for the development of a low rent housing project within the City and County of San Francisco, known as Holly Park-Potrero Project, and intends to make further applications for loans for the development of other low rent housing projects within said City and County; and

"Whereas, the United States Housing Authority has approved said application for loan for the development of said Holly Park-Potrero Project, but has required as a condition precedent to the advancement by it of any funds or moneys under said loan that the City and the Authority enter into this agreement; and

"Whereas, heretofore, to-wit, on the 20th day of July, 1938, the City and the Authority entered into on Equivalent Elimination Agreement in respect to said Holly Park-Potrero Project and the parties hereto are desirous of further mutually affording the fullest cooperation in the development of said project; and

"Whereas, the City is authorized and empowered under the terms of the Housing Cooperation Law of the State of California to enter into agreements with or without consideration (which may extend over any period notwithstanding any provision or rule of law to the contrary)

with the Authority respecting action to be taken by the City pursuant to the powers granted by said Housing Cooperation Law,

"Now, therefore, pursuant to the provisions of said Housing Cooperation Law, and for and in consideration of the mutual promises herein contained, the City and Authority agree as follows:

"1. The term 'Projects' as used in this agreement shall mean any low rent housing projects now or hereafter undertaken within the City and County of San Francisco by the Authority with respect to which a contract or contracts to obtain Federal annual contributions have been made or will be made with the United States Housing Authority.

"The term 'Project' shall mean any one of such projects which is to be aided under a separate Annual Contributions Contract between the Authority and the United States Housing Authority relating solely to annual contributions on that particular project.

"2. The City agrees that during the period commencing with the date of the acquisition of any part of the site or sites for each project and continuing throughout the useful life of such projects, it will not levy, impose or charge any taxes or special assessments against the projects or against the Authority, and will furnish without cost or charge to the Authority, or to the tenants thereof, municipal services and facilities for such projects and the tenants thereof, of the same character as those furnished without cost or charge for other dwellings and inhabitants in the City including, but not limited to: fire, police and health protection and services; street maintenance, street-lighting on public streets within any project and the boundaries thereof and main sewer maintenance on or under public streets within the boundaries of the projects and the boundary streets thereof, and the streets providing ingress to or egress from the projects; that it will maintain in good repair and working order any and all municipal facilities provided for the use and benefit of the projects and the tenants thereof. The term 'useful life of such projects,' as used in the foregoing, shall mean the period of physical usefulness of the said projects for the purpose of providing dwelling accommodations, but in no event less than the number of years during which any of the bonds issued to aid in financing the development of such projects shall remain outstanding.

"3. The City promises and agrees, in so far as may be consistent with the general welfare of the City as determined by the City Planning Commission or other municipal authorities having jurisdiction, to afford the Authority every cooperation in the planning or re-planning, zoning or re-zoning to an appropriate site and neighborhood classification the areas in the City within which the Projects shall be located and that the City, in so far as may be consistent with the general welfare of the City as so determined, will cooperate in the vacating and closing of any streets, roads, roadways, sidewalks, alleys or other places located in said projects or adjacent thereto to the extent that the Authority finds that such action is necessary in the development of the projects.

"4. The Authority agrees to dedicate for municipal purposes land which may be owned or acquired by the Authority and which the Authority determines to use for streets and alleys within the boundaries of the projects, or for the purposes of providing ingress thereto, and egress therefrom. The City agrees to accept such dedication except in so far as such dedication may be determined by the Director of Public Works or municipal authorities having jurisdiction to be inconsistent with the general welfare of the City. In making such dedication, the Authority may reserve to itself, its successors, and assigns, the right to conduct and maintain in, under or above the dedicated premises water or gas mains or pipes, electric and telephone wires, conduits and steam and sewer pipes for the purpose of furnishing and distributing such utilities to the projects. The City agrees, in so far as the same may be consistent with the general welfare of the City as determined by

municipal authorities having jurisdiction, to grant appropriate easements, licenses or permits giving to the Authority the right to conduct and maintain any of such utilities in, under or across any public streets, or alleys dividing the project site into two or more parts so as to enable the Authority to furnish and distribute such utilities to the entire project, or any part thereof.

"5. The City agrees to waive such building, inspection and rezoning fees as might be payable by the Authority if it is or becomes subject to the payment of such fees.

"6. Nothing in this agreement shall be construed as limiting the power of the City to furnish aid and cooperation other than and in addition to the matters not particularly described in this agreement.

"7. The Authority agrees that it will use its best efforts to develop the projects as rapidly as possible, to operate and maintain such projects for families of low income, and to keep the City fully informed as to the status of the projects.

"8. The City consents to the assignment of this agreement for the protection for the owners of any bonds issued to aid in the financing of the development of the projects.

"9. This agreement shall continue in full force and effect with respect to the projects as long as the title thereto (except for the lien, or title conveyed to the Trustees under the Indenture securing bonds issued to aid in the development of the projects) be held by the Authority, or some other public body, or agency of the State.

"IN WITNESS WHEREOF, the City and County of San Francisco, California, and the Housing Authority of the City and County of San Francisco have respectively caused this agreement to be duly executed in triplicate as of the.....day of....., 1939.

Committee of the Whole.

On motion by Supervisor McSheehy, seconded by Supervisor Meyer, the Board resolved itself into a Committee of the Whole, President Shannon to preside as Chairman.

Privilege of the Floor.

E. J. Carroll, representing the Apartment House Owners' Association, requested that Charles A. Christian, attorney for the association, present the views of his association.

Following the presentation by Mr. Christian, Mr. Carroll announced that his association desired several amendments to the proposed resolution as recommended by the Finance Committee.

Upon an announcement by the Chair that it might be well to have the proposed amendments before the Committee of the Whole, if some Supervisor cared to propose same, in order that the Committee might have before it, in its deliberations, the complete picture, Supervisor Brown announced that he would present the proposed amendments.

Amendments Proposed.

Thereupon, Supervisor Brown proposed the following amendments:

1. In the second paragraph, fifth line, after the word "Project," "and intends to make further applications for loans for the development of other low rent housing projects within the City and County of San Francisco," making that paragraph read as follows:

"Whereas, the Housing Authority of the City and County of San Francisco has made application for a loan from the United States Housing Authority for the development of a low rent housing project within the City and County of San Francisco, known as Holly Park-Potrero Project; and"

2. In the paragraph beginning with the numeral "1," second line after the word "now," strike out the words "or hereafter," making that paragraph read as follows:

"1. The term 'Projects' as used in this agreement shall mean any low rent housing projects now undertaken within the City and County of San Francisco by the Authority with respect to which a contract or contracts to obtain Federal annual contributions have been made or will be made with the United States Housing Authority."

3. In the paragraph beginning with the numeral "2," second line, after the words "any part of the," insert the words "said Holly Park-Potrero Project," and after the word "sites," delete the words "for each project." Also, in same paragraph, wherever it appears, change the word "projects," to "project," making the paragraph read as follows:

"The term 'Project' shall mean any one of such projects which is to be aided under a separate Annual Contributions Contract between the Authority and the United States Housing Authority relating solely to annual contributions on that particular project.

"2. The City agrees that during the period commencing with the date of the acquisition of any part of the said Holly Park-Potrero Project site or sites and continuing throughout the useful life of such project, it will not levy, impose or charge any taxes or special assessments against the project or against the Authority, and will furnish without cost or charge to the Authority, or the tenants thereof, municipal services and facilities for such project and the tenants thereof, of the same character as those furnished without cost or charge for other dwellings and inhabitants in the City including, but not limited to: fire, police and health protection and services; street maintenance, street-lighting on public streets within any project and the boundaries thereof and main sewer maintenance on or under public streets within the boundaries of the project and the boundary streets thereof, and the streets providing ingress to or egress from the project; that it will maintain in good repair and working order any and all municipal facilities provided for the use and benefit of the project and the tenants thereof. The term 'useful life of such project,' as used in the foregoing, shall mean the period of physical usefulness of the said project for the purpose of providing dwelling accommodations, but in no event less than the number of years during which any of the bonds issued to aid in financing the development of such project shall remain outstanding."

4. Delete paragraph beginning with the numeral "8."

Privilege of the Floor.

Following the presentations of the above proposed amendments, the privilege of the floor was granted to the following, who opposed the proposed agreement, and advocated the approval of the amendments offered:

Joseph Brown, representing the Apartment House Association.

E. N. Ayer, representing the Apartment House Owners' and Managers' Association.

Charles Rousseau of the Apartment House Owners' and Managers' Association.

George Allen, president of Central Council of Civic Clubs.

R. T. O'Rourke, president of San Francisco Property Owners' League.

James Mahoney of Upper Noe Valley Improvement Club.

E. J. Carroll, representing the Apartment House Owners' Association.

The following speakers, on being granted the privilege of the floor, spoke in favor of the proposed legislation, as originally presented, and expressed opposition to the amendments offered:

William O'Brien, attorney for the Housing Authority, who answered some of the objections raised, stating that the proposed legislation is merely a declaration of policy of cooperation with the Federal Housing Authority; that the City and County of San Francisco had already entered into an agreement to destroy a sub-standard dwelling unit for every new unit that was to be erected; that the proposed agreement was the best that could be obtained from the Federal Housing Authority and that if further concessions were to be requested, the Federal Housing Authority would most likely decide San Francisco did not want their help. Mr. O'Brien stated further that time was of the essence in the matter; that applications for the full $15,000,000 would have to be submitted very soon; that the local authority had nearly exhausted the loan from the City and County of $20,000. He further informed the Board it still had a check on any future projects, inasmuch as the Authority would have to obtain from the Board another elimination agreement for each project proposed. As to tax exemption, the contract had no effect. Such exemption was already provided for in State and Federal legislation, and that the tax exemption constitutes the community's only contribution to the project. As to failures, to date not a single housing authority has a single project completed and occupied to date, hence there could be no record of a failure. Regarding eligibility for occupancy, only those persons whose income is not more than five times the amount of rental would be eligible for occupancy, and in addition, such proposed occupants must come from a sub-standard dwelling.

Alexander Watchman, member of the Low Cost Housing Commission, presented statistics regarding sums allocated to various states, together with amounts of money already earmarked for projects already approved. He urged the adoption of the proposed resolution.

Mrs. Langstroff, president of the San Francisco Center, League of Women Voters; Herman Stuyvelaar, secretary of the C. I. O.; James E. Ricketts of the San Francisco Building Trades Council; Z. R. Brown, secretary-treasurer of the Maritime Federation of the Pacific; Albert Evers of the San Francisco Housing Authority; Jack Leonard, representing the Construction Laborers Union; Rev. Saul E. White, rabbi; Daniel Del Carlo, president of Bay District Council of Painters, and Mrs. Strohman all spoke briefly in support of the proposed agreement.

Committee of the Whole Arises.

Supervisor Mead moved that the Committee of the Whole arise and report.

No objection and *so ordered.*

Amendments Proposed.

Thereupon, Supervisor Brown moved that the amendments, as proposed before the Committee of the Whole, be incorporated in the resolution before the Board.

Supervisor McSheehy offered a courtesy second.

Discussion on Proposed Amendments.

Supervisor Colman announced his opposition to the proposed amendments on the grounds that from the opinions expressed by the City Attorney, the rights of the people of San Francisco were fully protected in the proposed resolution and that the proposed amendments, in his opinion, were neither advisable nor necessary.

Supervisor Uhl annouuced that the Federal Housing Commissioner, Mr. Nathan Strauss, had stated that the Federal Commission would respect any opposition by citizens in the vicinity of a proposed project, and in view of that fact, as well as the belief that he entertained, that the proposed projects would not create any competition with owners of apartment houses and other dwellings, they would support the proposed resolution.

Supervisor McSheehy, in explanation of his vote, cited the history leading up to the creation of the San Francisco Housing Authority.

Point of Order.

Supervisor Uhl, during the remarks by Supervisor McSheehy, rose to a point of order, stating that the Supervisor was not speaking to the motion, that is, the inclusion of the proposed amendments in the resolution before the Board.

The President ruled the point of order well taken.

Thereupon, Supervisor McSheehy stated that while he felt the entire matter should be postponed, in order that reports could be received from Los Angeles County and from Oakland, as to what they were doing in the matter, and as to the type of resolution, if any, that had been adopted in their respective localities, he would not so move. He expressed, however, opposition to the proposed amendments, stating that he had seconded Supervisor Brown's motion, merely to afford an opportunity for discussion thereon by the Board.

Supervisor Brown explained his reason for offering the proposed amendments, stating it was his desire to restrict the Housing Authority to a tax exemption on the single Holly Park-Potrero Project, already presented to the Board for approval, and to eliminate any blanket authority to create other tax exempt building projects in San Francisco.

Proposed Amendments Defeated.

The roll was called and the motion to incorporate in the proposed resolution, the several amendments offered, was *defeated* by the following vote:

Aye—Supervisor Brown—1.

Noes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Explanations of Votes.

Before the roll was called on the resolution as presented, the following explanations of votes were made:

Supervisor Colman announced that he would vote in favor of the resolution as submitted, stating that San Francisco has sub-standard housing, which in effect constitutes slums, and that a fair sized proportion of the population of San Francisco is improperly housed under present decent American standards. It is a problem which has been attacked for years and no solution has been reached because of the fact that it does not offer proper investment for private capital. This solution offered is practical, logical and humanitarian. Statistics show that from 80 to 800 per cent more of juvenile delinquencies occur in sub-standard dwellings than in other parts of a city. Prevention of such delinquencies has a real value from every point of view, and this is an experiment that should be made.

Supervisor McGowan explained his vote, saying that he believed all members of the Board were very familiar with all the provisions of the proposed agreement. He believed the proposed legislation was sound, progressive and constructive, and he intended to vote therefor.

Supervisor McSheehy stated he had not changed his mind in reference to the cloudiness of the resolution the Board had previously passed, and he would write to Los Angeles and to Oakland, and ask for copies of legislation they had passed. However, he would vote for the proposed resolution, because he was entirely in accord with it and with the President's proposal which initiated the Federal legislation providing for low cost housing projects.

Supervisor Brown announced his intention to vote for the resolution. He stated he did not believe that the volume of 416 proposed units would have any material effect on the apartment house industry in San Francisco, and he was perfectly willing to go along with the experiment. However, he expressed his reliance upon statements by the City Attorney that before any other projects are gone ahead with, an equivalent elimination of sub-standard units will be had, and by elimination, he meant the removal from market of rentable houses in San Francisco.

Supervisor Uhl announced that the real reason for postponing action on the matter under consideration was to afford the attorney for the Apartment House Association to present his findings thereon. However, he felt the entire discussion had been a benefit to everyone present. He favored adoption of the resolution.

Supervisor Roncovieri, in explanation of his vote, read from report by Nathan Strauss, United States Director of Housing, as to the necessity for such legislation, and the expected benefits to be derived therefrom because of removal of slums and better housing conditions.

Adopted.

Thereupon, the roll was called and the proposed resolution, as recommended by the Finance Committee, was *adopted* by the following vote:

Authorizing Execution of Agreement With Housing Authority of the City and County of San Francisco.

(Series of 1939)

Resolution No. 56, as follows:

Resolution authorizing the City and County of San Francisco to enter into a municipal cooperation agreement with the Housing Authority of the City and County of San Francisco, which said agreement is contained in this resolution.

Whereas, the Housing Authority of the City and County of San Francisco has made application for a loan from the United States Housing Authority for the development of a low rent housing project within the City and County of San Francisco, known as Holly Park-Potrero Project, and intends to make further applications for loans for the development of other low rent housing projects within the City and County of San Francisco; and

Whereas, the United States Housing Authority has approved said application for loan for the development of said Holly Park-Potrero Project, but has required as a condition precedent to the advancement by it of any funds or moneys under said loan that the City and County of San Francisco and the Housing Authority of the City and County of San Francisco enter into a Municipal Cooperation Agreement substantially in the form as hereinafter set forth; now, therefore, be it

Resolved, That the City and County of San Francisco enter into a contract with the Housing Authority of the City and County of San Francisco substantially in the following form:

"MUNICIPAL COOPERATION AGREEMENT BETWEEN THE CITY AND COUNTY OF SAN FRANCISCO AND THE HOUSING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO.

"This Agreement made and entered into between the City and County of San Francisco, herein called 'the City,' and the Housing Authority of the City and County of San Francisco, herein called 'the Authority,'

"WITNESSETH:

"Whereas, the Authority has made application for a loan from the United States Housing Authority for the development of a low rent housing project within the City and County of San Francisco, known as Holly Park-Potrero Project, and intends to make further applications for loans for the development of other low rent housing projects within said City and County; and

"Whereas, the United States Housing Authority has approved said application for loan for the development of said Holly Park-Potrero Project, but has required as a condition precedent to the advancement by it of any funds or moneys under said loan that the City and the Authority enter into this agreement; and

"Whereas, heretofore, to-wit, on the 20th day of July, 1938, the City and the Authority entered into an Equivalent Elimination Agreement in respect to said Holly Park-Potrero Project and the parties hereto are desirous of further mutually affording the fullest cooperation in the development of said project; and

"Whereas, the City is authorized and empowered under the terms of the Housing Cooperation Law of the State of California to enter into agreements with or without consideration (which may extend over any period notwithstanding any provision or rule of law to the contrary) with the Authority respecting action to be taken by the City pursuant to the powers granted by said Housing Cooperation Law,

"Now, therefore, pursuant to the provisions of said Housing Cooperation Law, and for and in consideration of the mutual promises herein contained, the City and Authority agree as follows:

"1. The term 'Projects' as used in this agreement shall mean any low rent housing projects now or hereafter undertaken within the City and County of San Francisco by the Authority with respect to which a contract or contracts to obtain Federal annual contributions have been made or will be made with the United States Housing Authority.

"The term 'Project' shall mean any one of such projects which is to be aided under a separate Annual Contributions Contract between the Authority and the United States Housing Authority relating solely to annual contributions on that particular project.

"2. The City agrees that during the period commencing with the date of the acquisition of any part of the site or sites for each project and continuing throughout the useful life of such projects, it will not levy, impose or charge any taxes or special assessments against the projects or against the Authority, and will furnish without cost or charge to the Authority, or the tenants thereof, municipal services and facilities for such projects and the tenants thereof, of the same character as those furnished without cost or charge for other dwellings and inhabitants in the City including, but not limited to: fire, police and health protection and services; street maintenance, street-lighting on public streets within any project and the boundaries thereof and main sewer maintenance on or under public streets within the boundaries of the projects and the boundary streets thereof, and the streets providing ingress to or egress from the projects; that it will maintain in good repair and working order any and all municipal facilities provided for the use and benefit of the projects and the tenants thereof. The term 'useful life of such projects,' as used in the foregoing, shall mean the period of physical usefulness of the said projects for the purpose of providing dwelling accommodations, but in no event less than the number of years during which any of the bonds issued to aid in financing the development of such projects shall remain outstanding.

"3. The City promises and agrees, in so far as may be consistent with the general welfare of the City as determined by the City Planning Commission or other municipal authorities having jurisdiction, to afford the Authority every cooperation in the planning or re-planning, zoning or re-zoning to an appropriate site and neighborhood classification the areas in the City within which the Projects shall be located and that the City, in so far as may be consistent with the general welfare of the City as so determined, will cooperate in the vacating and closing of any streets, roads, roadways, sidewalks, alleys or other places located in said projects or adjacent thereto to the extent that the Authority finds that such action is necessary in the development of the projects.

"4. The Authority agrees to dedicate for municipal purposes land which may be owned or acquired by the Authority and which the Authority determines to use for streets and alleys within the boundaries of the projects, or for the purposes of providing ingress thereto, and egress therefrom. The City agrees to accept such dedication except in so far as such dedication may be determined by the Director of Public Works or municipal authorities having jurisdiction to be inconsistent with the general welfare of the City. In making such dedication, the Authority may reserve to itself, its successors, and assigns, the right to conduct and maintain in, under or above the dedicated premises water or gas mains or pipes, electric and telephone wires, conduits and steam and sewer pipes for the purpose of furnishing and distributing such utilities to the projects. The City agrees, in so far as the same may be consistent with the general welfare of the City as determined by municipal authorities having jurisdiction, to grant appropriate easements, licenses or permits giving to the Authority the right to conduct and maintain any of such utilities in, under or across any public streets, or alleys dividing the project site into two or more parts so as to enable the Authority to furnish and distribute such utilities to the entire project, or any part thereof.

"5. The City agrees to waive such building, inspection and rezoning fees as might be payable by the Authority if it is or becomes subject to the payment of such fees.

"6. Nothing in this agreement shall be construed as limiting the power of the City to furnish aid and cooperation other than and in addition to the matters not particularly described in this agreement.

"7. The Authority agrees that it will use its best efforts to develop the projects as rapidly as possible, to operate and maintain such proj-

ects for families of low income, and to keep the City fully informed as to the status of the projects.

"8. The City consents to the assignment of this agreement for the protection for the owners of any bonds issued to aid in the financing of the development of the projects.

"9. This agreement shall continue in full force and effect with respect to the projects as long as the title thereto (except for the lien, or title conveyed to the Trustees under the Indenture securing bonds issued to aid in the development of the projects) be held by the Authority, or some other public body, or agency of the State.

"IN WITNESS WHEREOF, the City and County of San Francisco, California, and the Housing Authority of the City and County of San Francisco have respectively caused this agreement to be duly executed in triplicate as of the.....day of....., 1939.

President, Senate and Congress Memorialized to Appropriate $875,000,000 Recommended by President for Continuance of WPA Program.

(Series of 1939)

Supervisor Mead presented:

Resolution No. 57, as follows:

Whereas, there have been dismissed from the Works Progress Administration Program some three thousand citizens on account of lack of funds to continue the various projects in which these worthy people were engaged; and

Whereas, additional dismissals will immediately follow unless immediate steps are taken to place funds at the disposal of the Works Progress Administration for continuance of the various employments affected; and

Whereas, increasing unemployment at this time should not be countenanced by the people of this nation in such trying times; now, therefore, be it

Resolved, That the Senate and the Congress be memorialized to appropriate $875,000,000 recommended by the President for social security; and be it

Further Resolved, That copies of this resolution be telegraphed to the President and representatives from California in the Senate and the Congress in the hope that immediate steps be taken to end this chaotic situation.

Recommendations re Management of Traffic and Transportation in Bay Terminal Area.

The following communications were read by the Clerk:

OFFICE OF THE MAYOR
SAN FRANCISCO

ANGELO J. ROSSI

January 19, 1939.

The Honorable the Board of Supervisors, San Francisco, California.

Sirs: I attach hereto copy of a letter from Mr. E. G. Cahill, Manager of Utilities, with a copy of the recommendations concerning the management of traffic and transportation in the Terminal area, made by him and Mr. Chas. Purcell.

I commend the enclosures, in so far as they affect your Honorable Board, to your prompt consideration and action.

Sincerely,

(Signed) ANGELO J. ROSSI,
Mayor.

Subject: Recommendations for Management of Traffic in the Bay Bridge Terminal Area.

Honorable Angelo J. Rossi, Mayor, City and County of San Francisco, City Hall, San Francisco, Calif.

Dear Sir: At your request Mr. Charles Purcell and I had a conference on January 16, 1939, concerning traffic conditions adjacent to the Bay Bridge Terminal at Mission and First streets.

The result of this conference was that Mr. Purcell and I made five joint recommendations for the management of traffic and transportation in the Terminal area. I enclose herewith copy of our recommendations. You will note that all of the five matters require action by either the Board of Supervisors or the Police Commission.

I recommend to you, with the full concurrence of Mr. Purcell, that you forward these recommendations to the Board of Supervisors and to the Police Commission for action necessary to put our recommendations into effect at the earliest possible date.

Very truly yours,

E. G. CAHILL,
Manager of Utilities.

In Memoriam—Eugene Lacy.

(Series of 1939)

Supervisor McSheehy presented:

Resolution No. 58, as follows:

Whereas, Almighty God in His wisdom has summoned to his eternal reward Eugene Lacy, well-known character in the religious, fraternal and political life of San Francisco, who served the City faithfully and well as Deputy County Clerk for over thirty years, and

Whereas, During his lifetime "Gene," as he was known by his many friends, was greatly admired for his splendid character, his kindly human understanding, his unstinting charity to those in need, his amiable disposition, and his desire to be of service, and

Whereas, In his passing the City suffers the loss of a most valued public servant, and those who were privileged to know him, the loss of a devoted and sincere friend; now, therefore, be it

Resolved, That this Board of Supervisors expresses its deep sorrow in the passing of "Gene" Lacy, good citizen, faithful city employee and well-beloved friend, and be it

Further Resolved, That when this Board adjourns it does so out of respect to his revered memory.

Unanimously adopted by rising vote.

ADJOURNMENT.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Salary Standardization.

Supervisor Roncovieri, Chairman of the Finance Committee, announced that he believed that the Finance Committee had reached an agreement with respect to salary standardization. He, thereupon, presented the Committee's recommendation that organized labor crafts and per diem employees be allowed the full amount of wage as set forth in the report from the Civil Service Commission; institutional workers be allowed the full amount of wages or salaries as set forth in the salary standardization recommendation of the Civil Service Commission; other employees, 10 per cent of the amount to bring their compensation to the amount in the proposed salary schedule. Provided, however, that no increases in salaries be allowed which would increase the compensation of any employee above $500 per month.

Consideration of Salary Standardization.

Following the reading of the foregoing statement, and brief discussion thereon, Supervisor Roncovieri, seconded by Supervisor Mead, moved, that after the completion of the day's business, the Board recess, to reconvene at 3 p. m., Wednesday, February 1, 1939, to consider salary standardization.

No objection and *so ordered.*

Statement by Supervisor Colman.

During the discussion on salary standardization, and before the foregoing motion for recessing to Wednesday, February 1, 1939, Supervisor Colman announced that as he was leaving the City on Tuesday, January 31, and had been excused from attendance at the next two meetings of the Board, it would be impossible for him to vote on salary standardization. However, he had given the matter a great deal of thought and would be glad to vote on the matter at any time, if it were possible, and he did not want anyone to feel that he was running out on any issue.

Granting Permission for Use of Chambers, Friday, February 10, 1939, 8 P. M.

Pursuant to request by the California Federation for Political Unity, Supervisor McSheehy, seconded by Supervisor Uhl, moved that their request for permission to use the Supervisors' Chambers on Friday evening, February 10, 1939, at 8 p. m., for a meeting to discuss civic matters, be granted.

No objection and *so ordered.*

Mayor to Appoint Citizens' Committee for "Eagles Day."

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 72, as follows:

Whereas, his Honor Mayor Angelo J. Rossi will soon issue a proclamation declaring Sunday, August 27, 1939, "Eagles Day,"

And whereas, such proclamation will constitute notice to the members of this great order throughout California to prepare for a trek to Treasure Island, where its annual State convention will be held; now, **therefore, be it**

Resolved, That his Honor the Mayor be and is hereby requested

to appoint a Citizens' Committee to arrange for the proper reception and entertainment of those delegates who will be our guests on "Eagles Day."

In Memoriam—Daniel J. Sheehan.

(Series of 1939)

Supervisor McSheehy presented:

Resolution No. 73, as follows:

Whereas, our Heavenly Father has summoned to his eternal reward Daniel J. Sheehan, retired merchant of San Francisco; well-known in fraternal and religious circles and a prominent member of the Knights of Columbus; and

Whereas, during his lifetime Daniel J. Sheehan was a loving husband, an ardent supporter of all worthy and charitable enterprises, a zealous worker for the organization to which he gave much of his time and effort and in which he distinguished himself for earnest and competent leadership—at one time heading a distinguished Knights of Columbus Pilgrimage to Rome; and

Whereas, Mr. Sheehan will be deeply mourned by those who were privileged to know him and work with him and will ever be remembered for his kindly and humanitarian character and charitable deeds; now, therefore, be it

Resolved, That this Board of Supervisors notes with sincere regret the passing of Daniel J. Sheehan and expresses its heartfelt condolences to his bereaved widow; and be it

Further Resolved, That when this Board adjourns it does so out of respect to his memory, and that an engrossed copy of this resolution be sent to the widow of the late Daniel J. Sheehan.

Unanimously adopted by rising vote.

Memorializing Congress to Increase Appropriations for the Central Valley Water Project from Ten Million Dollars to Twenty Million Dollars.

(Series of 1939)

Supervisor Mead presented:

Resolution No. 74, as follows:

Whereas, the reduction in the Federal W. P. A. appropriation will tend to increase the relief load in the State of California, and San Francisco in particular; and

Whereas, this makes it necessary for the State and local communities to assume a much greater relief burden during the next fiscal year than was originally anticipated; and

Whereas, the only way this relief load can be met is by speeding up construction work on public projects now under way; now, therefore, be it

Resolved, That we urge upon Congress and the National Administration the importance and necessity of increasing the appropriations proposed for continuance of construction of the Central Valley Water Project from the budget amount of $10,000,000 to not less than $20,000,000; and be it

Further Resolved, That we urge upon the U. S. Bureau of Reclamation and all of its engineering staff the urgency and necessity of ex-

pediting all of the preliminary engineering and planning, to the end that every possible section of this great project may be placed under actual construction, thus providing employment relief just as quickly as possible; and be it

Further Resolved, That we call the attention of the Bureau of Reclamation, in particular, to the possibility of beginning actual construction on the Friant Division, which would provide employment relief in the San Joaquin Valley area, where this condition is especially acute at this time; and be it

Further Resolved, That we call the attention of the National Administration to the fact that any slowing down of the construction work on this project, due to lack of funds, will have an adverse effect on employment conditions in the City and County of San Francisco, because many of the artisans and mechanics now engaged on that work are from this area and they will be returned to the relief rolls of this City and County unless this construction work proceeds with the greatest of dispatch.

Memorializing Senate and Assembly to Pass Bill Allocating Gas Tax Funds for Maintenance and Operation of Golden Gate Bridge.

(Series of 1939)

Supervisor Schmidt presented:

Resolution No. ....., as follows:

Whereas, a bill is being presented to the State Legislature having for its purpose the allocation of gas tax funds for the Golden Gate Bridge maintenance and operating expenses; and

Whereas, the City and County of San Francisco and the other eight counties comprising the Redwood Empire assumed the burden of building an important link of the State highway system; and

Whereas, the State highway authorities have budgeted one million dollars to pay maintenance and operating costs of the San Francisco-Oakland Bay Bridge; and

Whereas, in all justice and fairness this discrimination against the Golden Gate Bridge Highway District should be removed; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record requesting the State Legislature to pass the bill permitting the use of gas tax funds for maintenance and operating expenses of the Golden Gate Bridge, thereby removing the unjust discrimination against said bridge; and be it

Further Resolved, That copies of this resolution be sent to the Governor of California, the State Legislature, the Senators and Assemblymen from San Francisco, and the Boards of Supervisors of the Golden Gate Bridge and Highway District.

Referred to Streets Committee.

Support of Appropriation of $875,000,000 for Relief.

The following telegram from Congressman Franck R. Havenner was presented to the Board and read by the Clerk:

David A. Barry, Clerk, Board of Supervisors, City Hall, San Francisco.

Your telegram quoting resolution adopted by Board of Supervisors urging Congress to appropriate $875,000,000 for relief has been received. I voted for this amount in the House and will use my best efforts to obtain an additional appropriation in the future.

FRANCK R. HAVENNER, M. C.

RECESS.

There being no further business, the Board, at the hour of 3:40 p. m., recessed, to reconvene on Wednesday, February 1, 1939, at 3 p. m.

DAVID A. BARRY, Clerk.

WEDNESDAY, FEBRUARY 1, 1939, 3 P. M.

In Board of Supervisors, Wednesday, February 1, 1939, 3 p. m.

The Board of Supervisors met pursuant to recess.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt—7.

Absent—Supervisors Brown, Colman, Schmidt, Shannon—4.

Supervisor Colman previously excused by the Board.

Street Car Specifications.

Pending the arrival of the City Attorney and the Controller, whose presence had been requested, Suprvisor Uhl read the following communications and requested that they be made part of the record.

January 25, 1939.

Mr. E. G. Cahill, Manager of Utilities, City Hall.

Dear Mr. Cahill: Quoting from transcript covering our conversation at the meeting of the Board of Supervisors, under date of January 9, 1939, statements were made as follows:

"SUPERVISOR UHL: I take it you are thoroughly familiar with the creation of the president's car and the fact that $750,000 was spent in the creation of that car by the employment of experts? You are familiar with that fact?

"MR. CAHILL: I am familiar with that fact.

"SUPERVISOR UHL: Have you had it up with the companies or with the Research Transit Bureau that promoted this car, to know whether or not they can meet the conditions in San Francisco?

"MR. CAHILL: No, sir, I have not taken that matter up, because I have had no means wherewith to do so, either myself or through the engineers."

Mr. Cahill, I opposed your request for an appropriation of $24,000 to cover the expense of sending engineers East to check the plans and specifications of the PCC car on the grounds that plans and specifications could be had for the asking. Your proposal to send engineers East in advance of looking over plans and specifications of the PCC car is inconceivable, and since you have not taken up the matter with the Transit Research Corporation, which corporation controls the PCC car, "*because you have had no means wherewith to do so,*" I am pleased to hand you herewith the plans and specifications of said car, which plans and specifications are submitted gratis with the compliments of the Transit Research Corporation.

As an engineer you know plans and specifications precede construction. Therefore, since you are an engineer and have in your employ engineering experts, I presume you will go over the plans carefully and set forth the changes in construction which you feel might be necessary to meet the conditions of the Municipal Railway Lines, submitting same to the Transit Research Corporation, which corporation controls the patents of this car, for their approval, and what, if any, additional cost is involved.

Yours very truly,

ADOLPH UHL, Supervisor.

Communication made part of the record, in accordance with request.

January 25, 1939.

Honorable Angelo J. Rossi, Mayor, City Hall.

Sir: Enclosed herewith is copy of my letter of today submitted to Mr. E. G. Cahill, Manager of Utilities, along with plans and specifications of the President's Conference Car, known as the PCC car.

I am certain the contents of my letter will convince you of the wasteful expenditure of upward of $24,000 to send engineers East to check the PCC car. I presume you have not seen photographs of the PCC car, so I enclose herewith photographs of same, showing the seating arrangements, etc. If the arrangements are not acceptable to Mr. Cahill, he and his engineers can rearrange. It is highly absurd to send engineers East to do so.

I am disappointed, of course, that you refuse to accept my challenge to debate on the subject of transportation. Will you not reconsider? You say you have had the subject of transportation in hand for seven years. Well, today's transportation facilities in San Francisco stand as a monumental failure.

Respectfully submitted.

ADOLPH UHL, Supervisor.

Communication made part of the record, in accordance with request.

Salary Standardization.

Pursuant to motion made at the meeting of January 30, 1939, consideration of salary standardization was taken up.

Protest from Hospital and Institutional Workers' Union, Local No. 250.

Supervisor Roncovieri presented a communication from the Hospital & Institutional Workers' Union, Local No. 250, protesting recommendations affecting institutional help.

Referred to Civil Service Commission for report.

Finance Committee Report.

Supervisor Roncovieri presented recommendations of the Finance Committee, that organized labor crafts and per diem employees be allowed the full amount of wage as set forth in the report from the Civil Service Commission; institutional workers be allowed the full amount of wages or salaries as set forth in the salary standardization recommendation of the Civil Service Commission; other employees, 10 per cent of the amount to bring their compensation to the amount in the proposed salary schedule. Provided, however, that no increases in salaries be allowed which would increase the compensation of any employee above $500 per month.

Report from Controller on Cost of Salary Standardization.

The following communication from the Controller was read by the Clerk:

February 1, 1939.

The Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: Pursuant to the instructions contained in your Resolution No. 23, the following is submitted:

Estimated cost to bring the compensation for the organized trades and crafts up to the amount provided in the proposed salary schedule	$199,523
Estimated cost to bring the compensation for the institutional workers up to the amount provided in the proposed salary schedule, in accordance with seniority of employees	101,380
Estimated cost to bring the compensation for other employees up to the amount provided in the proposed salary schedule, in accordance with seniority of employees	572,399
Total estimated cost to bring the compensation for all of the above groups up to the amount provided in the proposed salary schedule, in accordance with seniority of employees	$873,302

Yours very truly,

HAROLD J. BOYD, Controller.

Committee of the Whole.

Supervisor Mead, seconded by Supervisor Uhl, moved that the Board resolve itself into a Committee of the Whole, the same Chairman to preside.

No objection and *so ordered.*

Privilege of the Floor.

E. J. Carroll, on being granted the privilege of the floor, requested that proponents of the proposed legislation be heard first, to be followed by opponents, insisting that to be the ordinary procedure in all debates.

Supervisor Uhl explained the situation and wherein it differed from the ordinary debate, and, therefore, procedure applicable to debates did not necessarily apply.

Harry K. Wolff, Civil Service Commissioner, recited a summary of procedure followed by the Commission in arriving at the recommendation submitted.

Andrew J. Gallagher, representing himself, expressed approval of salary standardization, but protested the proposed 10 per cent of amount to bring the "white collar" employee up to the amount provided in the proposed salary schedule in accordance with his seniority, stating that amount should be at least 33⅓ per cent.

George Skaller, representing the Civic League of Improvement Clubs, likewise expressed approval of salary standardization, but protested the proposed 10 per cent amount of normal increase for the "white collar" employee for the coming year and urged that this classification be given the same consideration as the crafts and institutional workers.

Major Ringole, also of the Civic League of Improvement Clubs, supported the views of Mr. Skaller and Mr. Gallagher.

R. K. O'Rourke, president of San Francisco Property Owners' League, opposed the adoption of salary standardization, and repeated the statement made at a previous meeting, that his organization intended to sponsor a Charter Amendment limiting all City salaries to not over $6,000 per year.

L. A. Ireland, representing the Employing Printers' Association; E. J. Carroll and Charles A. Christian, representing the Apartment House Owners' and Lessees' Association, protested establishment of salary standardization.

Mr. Carroll, in support of his protest against the adoption of salary standardization, cited the increase of the tax rate, from $1.65 in 1905, to a possible rate of $4.25 during the coming fiscal year.

In reply thereto, Supervisor Roncovieri called attention to the fact that of the present tax rate, 91 cents is required to pay for bond interest and redemption, 68 cents is required for schools, 66 cents for public welfare, and other amounts made mandatory by the charter, for all of which the state legislature or the people, themselves, by their own vote, are responsible, leaving only $1.37 to provide for the essential governmental services and over which the Supervisors have any control.

Mr. William H. Nanry, representing the Bureau of Governmental Research, while expressing approval of standardization of salaries in principle, objected to many of the items in the schedule as proposed, and to the conclusions arrived at by the Civil Service Commission.

Mr. Will Merryman, representing the Chamber of Commerce, and Mr. Don Fletcher, of the Junior Chamber of Commerce, agreed with Mr. Nanry's contentions.

Mr. Harry K. Wolff, on again being granted the privilege of the floor, in reply to statements made by Mr. Nanry and others, reviewed the activities of the Advisory Board and the Commission and again cited the reasons which prompted the submission to the Board of the Commission's report.

Committee of the Whole Arose.

Thereupon, on motion duly made, the Committee of the Whole arose.

On motion by Supervisor Meyer, seconded by Supervisor McSheehy, the matter of Salary Standardization was taken into the hands of the Board.

The following bill presented by the Finance Committee was read by the Clerk:

An Ordinance Fixing Schedules of Salaries and Wages to Be Paid Employees of the City and County Whose Salaries and Wages Are Subject to the Provisions of Section 151 of the Charter, and Providing for the Method of Making Said Compensation Schedules Effective for the Fiscal Year 1939-40.

(Series of 1939)

Bill No. ....., Ordinance No. ..... as follows:

An ordinance fixing schedules of salaries and wages to be paid employees of the City and County whose salaries and wages are subject to the provisions of Section 151 of the Charter, and providing for the method of making said compensation schedules effective for the fiscal year 1939-40.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to the provisions of Section 151 of the Charter, the salaries and wages set forth herein and hereinafter referred to as the compensation schedules shall be the compensations fixed and provided for the several classifications of employment in the San Francisco municipal service which are subject to the provisions of Section 151 of the Charter, subject, however, in so far as increases in salaries and wages for the fiscal year 1939-40 are concerned, to the provisions and conditions hereinafter set forth.

Section 2. No increases in salaries or wages shall be made operative or effective for the fiscal year 1939-40 under the said compensation schedules except that (a) those employees serving in classifications, the salary or wage for which is fixed herein on a per diem basis or a per hour basis or on a monthly basis without provision for seniority increases and who are receiving on June 30, 1939, less than the salary or wage herein fixed for the classification under which such employees are employed, shall be advanced, effective July 1, 1939, to the rate fixed herein for the classification under which such employees are employed; (b) all permanent employees serving in classifications, the maximum salary or wage for which is fixed herein at $125 per month or less shall be advanced effective July 1, 1939, to the amount herein fixed for their respective classification in accordance with the years of service such employees have served under civil service appointment if such appointment is subject to civil service; (c) in addition to the increases in compensation authorized and provided under subsections (a) and (b) of this section, all other increases in salaries authorized under the said compensation schedules and based on seniority of employees shall be effective as follows: Ten per cent of the amount of said increases computed to the nearest dollar commencing July 1, 1939; forty-five per cent of accrued increases computed to the nearest dollar commencing July 1, 1940, and the remainder thereof commencing July 1, 1941; but provided, however, that no increase in salary under the provisions of this section shall be allowed or authorized during the fiscal year 1939-40 which will cause the salary of any employee to exceed $500 per month.

Section 3. Employees entering the service on or after July 1, 1939, shall enter the service at the entrance rate fixed in the said compensation schdules for the classification to which such employee is appointed; provided that no new employee shall be paid more than other appointees then serving in the same classification under the same appointing officer.

Section 4. Employees being promoted to a new classification shall enter such promotive classification at the entrance rate fixed in said compensation schedules for the classification to which such employee is being promoted; provided that an employee receiving in the lower class a rate in excess of the minimum for the promotive class shall not be reduced in salary.

Section 5. No salary paid as of June 30, 1939, to an employee who is regularly holding his position shall be reduced so long as such employee continues to regularly hold such position.

Section 6. Salaries and wages herein fixed are gross compensations. Deductions shall be made from the salaries or wages of employees as herein specified for maintenance and other accommodations as provided by law, and charges therefor shall be as fixed by law, provided, however, that no charge shall be made for maintenance furnished employees in institutions unless such employees use such accommodations and maintenance. Wages fixed herein on a per hour or per diem basis are for eight hours' work per day.

Section 7. Department heads are hereby directed to prepare and submit their budget estimates of personal services for the fiscal year 1939-40 in accordance with the provisions of this ordinance.

Section 8. If it shall be determined that any salary or wage fixed in the said compensation schedules is contrary to the provisions of section 151 of the Charter, such determination shall not affect the validity of any other salary or wage fixed in the said compensation schedules.

Amendment Proposed.

Supervisor Meyer stated that in adopting salary standardization, he believed it should be done properly, and moved that section 2, after the words "shall be effective as follows:" be amended to read as follows: "Thirty-three and one-third per cent of the amount of said increases computed to the nearest dollar commencing July 1, 1939; thirty-three and one-third per cent of accrued increases computed to the nearest dollar commencing July 1, 1940, and the remainder thereof commencing July 1, 1941; but provided, however, that no increase in salary under the provisions of this section shall be allowed or authorized during the fiscal year 1939-40 which will cause the salary of any employee to exceed $500 per month."

Motion seconded by Supervisor McGowan.

Objection to Amendment.

Supervisor Roncovieri, in objecting to Supervisor Meyer's proposed amendment, stated that under the terms of the report as presented by the Finance Committee, the total sum which the taxpayers would have to pay this year would be about $340,000. That amount represented the cost to bring the compensation for the organized trades and crafts up to the amount provided in the proposed salary schedule—the prevailing union scale; the amount to bring up to the proposed salary schedule, in accordance with seniority, the compensation for the institutional workers; and ten per cent of the cost to bring the compensation for other employees up to the amount provided in the proposed salary schedule, in accordance with their seniority. An attempt was made, continued Supervisor Roncovieri, to divide, as nearly as possible, the total sum of $876,000 into three equal parts. It was, however, found impossible to make the division absolutely equal, because of the committee's decision that organized labor and crafts, and institutional workers and those

employees receiving less than $125 per month, should receive the full amount provided in the proposed salary schedule. Since the labor groups have no prospect of looking forward to salary increases due to seniority, as did the "white collar" group, it was felt that the "white collar" group would be willing to help provide 100 per cent of proposed increases to the labor group and institutional workers, based on the idea that the people would not stand for more than $340,000 salary increases, if they stood for that at all. In concluding, Supervisor Roncovieri asked the Controller what additional sum would be necessary to furnish 33 1/3 per cent of amounts provided in proposed salary schedule instead of the 10 per cent recommended by the Finance Committee.

In reply thereto, the Controller stated that to meet the Finance Committee's recommendation it would require some $358,000 instead of the $340,000 as estimated, and that an additional sum of $133,560 would be required if the proposed amendment should be voted, making a total of $490,000.

Supervisor Roncovieri, thereupon, continued, stating that his reason for opposing the amendment was, that he wished to ease the burden on the taxpayer as much as possible. To provide the amount necessary, if the amendment should be adopted, would require six cents in the tax rate, whereas, to carry out the committee's recommendation would require only four cents.

Supervisor Roncovieri said that this addition of one-hundred thirty-three odd thousand dollars to an already heavy burden "will be the straw that breaks the camel's back." There is a movement on foot to defeat salary standardization by means of a taxpayer's referendum. For these reasons he was opposed to the amendment.

In the interest of the taxpayers and of the city employees, Supervisor Roncovieri pleaded for the defeat of Supervisor Meyer's amendment.

Explanations of Vote.

Supervisor McGowan expressed his views, stating that he seconded the motion for amendment, believing that salary standardization would be approved by the Board, and that since the City would eventually have to pay any increases imposed by virtue of the adoption of salary standardization, he felt it would be more equitable to divide the proposed increases equally instead of in the proportions suggested by the committee.

Supervisor Uhl presented an argument in favor of the proposed amendment, and pointed out that the difference of two cents in the tax rate, between the committee's proposal and the proposed amendment, would, to the average small home owner whose property was assessed at $3,000, amount to only $.60, and to the owner of property assessed at $20,000 would amount to but $4.

Amendment Carried.

Thereupon, the roll was called and the amendment was *carried* by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—7.

No—Supervisor Roncovieri—1.

Absent—Supervisors Brown, Colman, Shannon—3.

Thereupon, the Chair announced that the bill was before the Board amended to read as follows:

An Ordinance Fixing Schedules of Salaries and Wages to Be Paid Employees of the City and County Whose Salaries and Wages Are Subject to the Provisions of Section 151 of the Charter, and Providing for the Method of Making Said Compensation Schedules Effective for the Fiscal Year 1939-40.

(Series of 1939)

Bill No. 59, Ordinance No. ....., as follows:

An ordinance fixing schedules of salaries and wages to be paid employees of the City and County whose salaries and wages are subject to the provisions of Section 151 of the Charter, and providing for the method of making said compensation schedules effective for the fiscal year 1939-40:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Section 151 of the Charter, the salaries and wages set forth herein and hereinafter referred to as the compensation schedules shall be the compensation fixed and provided for the several classifications of employment in the San Francisco municipal service which are subject to the provisions of Section 151 of the Charter, subject, however, in so far as increases in salaries and wages for the fiscal year 1939-40 are concerned, to the provisions and conditions hereinafter set forth.

Section 2. No increases in salaries or wages shall be made operative or effective for the fiscal year 1939-40 under the said compensation schedules except that (a) those employees serving in classifications, the salary or wage for which is fixed herein on a per diem basis or a per hour basis or on a monthly basis without provision for seniority increases and who are receiving on June 30, 1939, less than the salary or wage herein fixed for the classification under which such employees are employed, shall be advanced, effective July 1, 1939, to the rate fixed herein for the classification under which such employees are employed; (b) all permanent employees serving in classifications, the maximum salary or wage for which is fixed herein at $125 per month or less shall be advanced effective July 1, 1939, to the amount herein fixed for their respective classification in accordance with the years of service such employees have served under civil service appointment if such appointment is subject to Civil Service; (c) in addition to the increases in compensation authorized and provided under subsections (a) and (b) of this section, all other increases in salaries authorized under the said compensation schedules and based on seniority of employees shall be effective as follows: Thirty-three and one-third per cent of the amount of said increases computed to the nearest dollar commencing July 1, 1939; thirty-three and one-third per cent of accrued increases computed to the nearest dollar commencing July 1, 1940, and the remainder thereof commencing July 1, 1941; but provided, however, that no increase in salary under the provisions of this section shall be allowed or authorized during the fiscal year 1939-40 which will cause the salary of any employee to exceed $500 per month.

Section 3. Employees entering the service on or after July 1, 1939, shall enter the service at the entrance rate fixed in the said compensation schedules for the classification to which such employee is appointed; provided that no new employee shall be paid more than other appointees then serving in the same classification under the same appointing officer.

Section 4. Employees being promoted to a new classification shall enter such promotive classification at the entrance rate fixed in said compensation schedules for the classification to which such employee is being promoted; provided that an employee receiving in the lower class a rate in excess of the minimum for the promotive class shall not be reduced in salary.

Section 5. No salary paid as of June 30, 1939, to an employee who is regularly holding his position shall be reduced so long as such employee continues to regularly hold such position.

Section 6. Salaries and wages herein fixed are gross compensations. Deductions shall be made from the salaries or wages of employees as herein specified for maintenance and other accommodations as provided by law, and charges therefor shall be as fixed by law, provided, however, that no charge shall be made for maintenance furnished employees in institutions unless such employees use such accommodations and maintenance. Wages fixed herein on a per hour or per diem basis are for eight hours' work per day.

Section 7. Department heads are hereby directed to prepare and submit their budget estimates of personal services for the fiscal year 1939-40 in accordance with the provisions of this ordinance.

Section 8. If it shall be determined that any salary or wage fixed in the said compensation schedules is contrary to the provisions of Section 151 of the Charter, such determination shall not affect the validity of any other salary or wage fixed in the said compensation schedules.

Privilege of the Floor.

Mr. William H. Nanry, on being granted the privilege of the floor, by motion of Supervisor Uhl, requested, that since his organization had had no opportunity to study the proposed ordinance, further consideration thereof be postponed at least until the following meeting of the Board.

Motion to Postpone.

Thereupon, following brief discussion on request by Mr. Nanry, Supervisor Uhl, seconded by Supervisor Roncovieri, moved that the matter remain on the Calendar and be made a Special Order of Business for Monday, February 6, at 2 p. m.

After objections raised by Supervisors Ratto, Meyer and McSheehy, and Controller Harold J. Boyd, because of amount of clerical work made necessary by the adoption of salary standardization, prior to the submission to the Controller on February 15, of the budget estimates for the coming fiscal year, the roll was called on the motion, as follows:

Ayes—Supervisors Roncovieri, Uhl—2.

Noes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt —6.

Absent—Supervisors Brown, Colman, Shannon—3.

Chair declared the motion had *failed*.

Seriatim Consideration of Ordinance.

Thereupon, Supervisor Roncovieri requested that the proposed ordinance be taken up seriatim, announcing that he was in favor of the ordinance down to the second letter "b" (after the letter "c"). He expressed the desire to vote in favor of those portions of section 2, indicated by the letters "a" and "b", but desired to vote against Supervisor Meyer's amendment raising the ten per cent to thirty-three and one-third per cent.

Roll Call on Provisions Objected To.

Thereupon, the roll was called on that portion of proposed ordinance reading "Thirty-three and one-third per cent of the amount of said increases computed to the nearest dollar commencing July 1, 1939"; as follows:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—7.
No—Supervisor Roncovieri—1.
Absent—Supervisors Brown, Colman, Shannon—3.

Chair declared that portion *approved.*

The roll was called on that portion of proposed ordinance reading "thirty-three and one-third per cent of the amount of accrued increases computed to the nearest dollar commencing July 1, 1940," as follows:
Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—7.
No—Supervisor Roncovieri—1.
Absent—Supervisors Brown, Colman, Shannon—3.

Chair declared that portion *approved.*

The roll was then called on that portion of proposed ordinance reading "and the remainder thereof commencing July 1, 1940;" as follows:

Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—7.
No—Supervisor Roncovieri—1.
Absent—Supervisors Brown, Colman, Shannon—3.

Chair declared that portion *approved.*

Thereupon, Supervisor Roncovieri announced that he had no objection to the remaining portion of the proposed ordinance.

Passage for Second Reading.

In explanation of his vote on the proposed ordinance, Supervisor Roncovieri expressed again his opposition to the portions just voted on, although he intended to vote "Aye" on the ordinance itself.

Thereupon, the roll was called and the foregoing ordinance was *passed for second reading* by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
Absent—Supervisors Brown, Colman, Shannon—3.

Meeting of Highway Commission.

At his request, Supervisor Ratto was authorized to attend a meeting of the State Highway Commission, at Sacramento, on Friday, February 3, 1939.

ADJOURNMENT.

There being no further business, the Board, at the hour of 6:35 p. m., adjourned.

SPECIAL ORDER—2 P. M.

Rezoning of Southwest Corner of Oxford Street and Silver Avenue.

Appeal from decision of the City Planning Commission denying application to rezone from First Residential District to Commercial District, by its Resolution No. 1897, dated January 5, 1939, property located at the southwest corner of Oxford street and Silver avenue.

Privilege of the Floor.

Mr. C. Harold Caulfield, attorney, representing the appellant, presented arguments in favor of the requested rezoning, and urged that the decision of the City Planning Commission thereon be disapproved.

Mrs. Florence E. McLeod, of 734 Silver avenue, and Mrs. Sarah Travers, of 718 Silver avenue, property owners, objected to proposed rezoning.

Mr. Mark Jorgensen, Secretary of the City Planning Commission, presented the views of the Commission.

City Planning Commission Overruled.

Thereupon, the following resolution, presented by the Public Buildings, Lands and City Planning Committee, was *adopted* by the following vote:

Disapproving Decision of City Planning Commission Denying Application to Rezone Property at the Southwesterly Corner of Oxford Street and Silver Avenue.

(Series of 1939)

Resolution No. 85, as follows:

Resolved, That the decision of the City Planning Commission, by its Resolution No. 1897, dated January 5, 1939, denying application to rezone from First Residential District to Commercial District, property located at the southwesterly corner of Oxford street and Silver avenue, is hereby disapproved.

Adopted by the following vote:

Ayes—Supervisors Brown, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Colman, McSheehy—2.

SALE OF BONDS—3 P. M.

Sealed bids for the purchase of certain bonds of the City and County of San Francisco, State of California, were received by the Board of Supervisors up to the hour of 3 o'clock p. m., on Monday, February 6, 1939, and opened by said Board at said time.

The bonds offered are described as follows:

$650,000 "Airport Bonds, 1938," dated January 1, 1938, comprising 65 bonds of $1,000 denomination, maturing each year 1940 to 1949, inclusive.

The said described bonds will bear interest at a rate or rates not exceeding 6 per centum per annum, as shall be named by the bidder. Bidders for said bonds shall specify in their bids the interest rate or rates desired, not exceeding 6 per centum per annum. Interest on said bonds will be payable semi-annually July 1 and January 1. Said bonds will not be sold at a price less than the par value thereof, together with accrued interest, at the rate or rates named, on said bonds to date of delivery.

The right is reserved by the Board of Supervisors to reject any and all bids.

The bonds offered are tax exempt, State and Federal.

No alternative bids will be considered by the Board of Supervisors.

All proposals for the purchase of said bonds shall be accompanied by a deposit of 5 per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, for a like amount, provided that no deposit need exceed the sum of $10,000, and that no deposit need be given by the State of California, which money or checks shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him if his bid is accepted.

The bonds will be awarded to the bidder or bidders offering to purchase the same, at the lowest rate or rates of interest, and if two or more bidders offer to purchase the bonds bearing the same lowest rate or rates of interest, the bonds will be awarded to the bidder offering to purchase the same at such rates of interest and in such amounts that the net interest cost to the City and County of San Francisco of the accepted bid will be the lowest net interest cost, considering the amount of interest to be paid on said bonds during the life thereof at the rates specified, and deducting any premium or premiums bid in addition.

The approval of Orrick, Dahlquist, Neff & Herrington, attorneys, San Francisco, as to legality of these bonds will be furnished to the successful bidder without cost.

This notice is given pursuant to the direction of a resolution of the Board of Supervisors adopted January 23, 1939.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, the consideration of which had been temporarily postponed, were subsequently during the proceedings taken up:

Pursuant to inquiry by Supervisor Uhl, the Chief Administrative Officer stated that while he had originally recommended the appointment of Mr. J. Emmet Hayden, the appointment of Mr. Hayden as San Francisco Exposition Commissioner was made on the recommendation of the Golden Gate International Exposition Company, following three

years of satisfactory service with the Exposition Company, during which he had been successful in securing the participation of every northern California County in the Exposition, with the exception of Del Norte County. The Assistant Commissioner was to be Mr. Foster.

Regarding appointment as Hostess, Supervisor Uhl requested the Clerk to inquire from the Mayor if the appointment had been made, and if so, who is to be hostess.

Thereupon, the roll was called and the following bills were *finally passed* by the following vote:

The following recommendation of Public Welfare Committee was taken up:

Migration of Indigents to California.

(Series of 1939)

Resolution No. 84, as follows:

Whereas, the continued migration of tens of thousands of indigent unemployed and unemployable persons from other states to California is creating social and economic problems that threaten the very foundation of our State, by undermining our wage structure, both for skilled and unskilled labor, by overcrowding our hospitals and medical facilities, by congesting our schools, and by creating rural slums of tents and shanty towns to the serious menace of the health of our communities; and

Whereas, these people are now encouraged to migrate to and to remain in the State of California by aid extended them by the Farm Security Administration pending such time as they become eligible under California law for public assistance; and

Whereas, the establishment of permanent residence in this State by these indigents and their certification to relief and old age pensions would tax the State beyond its capacity to pay and lead to the levying of confiscatory taxes upon our property; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, California, that we endorse the activities of the California Citizens' Association in bringing about public recognition of this problem; that we subscribe to the petition asking speedy Federal action in relieving this State of this onerous problem; and that we draw to the attention of the Boards of Supervisors of other counties our action and request that they take similar action.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Salary Standardization.

Supervisor Brown, prior to his being excused from the meeting, announced that since reconsideration of the subject of salary standardization would not be in order until the next meeting on February 13, 1939, when it would then be before the Board for final passage, he would, at that time, oppose the passage thereof in its present form.

Recommendation of the Finance Committee on Salary Standardization.

The following report and recommendation of the Finance Committee on Salary Standardization is inserted herein as a matter of record:

January 30, 1939.

To the Honorable Board of Supervisors,

Gentlemen:

Your Finance Committee recommends the following method of making all compensation schedules recommended by the Civil Service Commission for all employees effective for the fiscal year 1939-40:

Total amount required to provide 100% salary increases for all employees		$876,897
Less the salary increases which will cause any employee to receive more than $500 per month		11,700
		$865,197

FIRST FISCAL YEAR, JULY 1, 1939-40

Amount required to pay 100% of salary increases to per diem crafts, including laborers	$177,066	
Amount required to pay 100% of salary increases for institutional workers and for all other employees receiving less than $125 per month	$105,086	$282,152
Total amount required to pay per diem crafts and institutional workers, and all other employees receiving less than $125 per month		282,152
Total amount required to pay white collar salary increases to 100%		$583,045
Allow 10% of $583,045 in first fiscal year for salary increases for white collar employees	58,304	58,304
Total amount required for first fiscal year beginning July 1, 1939	$340,456	
Balance required to pay white collar employees in two succeeding fiscal years		$524,741

SECOND FISCAL YEAR, JULY 1, 1940-41

Pay ½ of balance of $524,741	$262,370.50	$262,370.50

THIRD FISCAL YEAR, JULY 1, 1941-42

Pay ½ of balance of $524,741	$262,370.50	$262,370.50
Total paid in three fiscal years	$865,197	

Thus, in first fiscal year beginning July 1, 1939, white collar workers will receive 10% of their increase.

In the second fiscal year beginning July 1, 1940, white collar workers will receive 45% of their increase.

In the third fiscal year beginning July, 1941, the white collar workers will receive 45% of their increase.

The above figures are subject to modification pending completion of the Controller's survey and report as to the total cost of salary standardization.

ALFRED RONCOVIERI,
DEWEY MEAD,
Finance Committee.

Appointment of Mr. Charles H. Purcell to Study the Transit and Transportation Problem of San Francisco.

The following communication and recommendation of his Honor the Mayor was presented, and read by the Clerk:

February 6, 1939.

To the Honorable the Board of Supervisors,
City Hall, San Francisco, California.

Gentlemen:

Attached is a copy of a resolution authorizing the City and County of San Francisco to enter into a contract with Mr. Charles H. Purcell to conduct a study of the transit and transportation problem of said City and County and to coordinate all efforts now being made to solve the problem created by traffic and transportation.

May I recommend to you favorable action on this resolution?

Yours sincerely,

ANGELO J. ROSSI, Mayor.

Authorizing the City and County of San Francisco to Enter into a Contract with Charles H. Purcell as in this Resolution Provided and Authorizing the Mayor and the Clerk of the Board of Supervisors to Execute Said Contract for and on Behalf of said City and County.

(Series of 1939)

Resolution No. —, as follows:

Resolved, That the City and County of San Francisco enter into a contract with Charles H. Purcell, a civil engineer, wherein and whereby said Charles H. Purcell will be retained by the City and County of San Francisco for a period of five years at the rate of Twenty Thousand Dollars ($20,000) per year for the purpose of making a survey for and on behalf of the City and County of San Francisco looking to the solution of the traffic and transit problems of said City and County of San Francisco, and coordinating the activities of its various officers, boards and commissions in so far as the same apply to said traffic and transit problems, which said survey will involve the study of existing street railway conditions, vehicular and pedestrian traffic, the opening of new and additional streets and the building of additions and improvements to the Municipal Railway and the possible unification of privately owned street railways with said Municipal Railway system, as well as the substitution of buses in place of street railway cars where the same is feasible, and that in addition to the compensation paid to said Charles H. Purcell for his services he be reimbursed for the following employments to be made by him and for expenses incurred by him in the carrying out of his said contract, to-wit:

One chief engineer at a salary not to exceed $7,200 per year.

One structural engineer at a salary not to exceed $4,800 per year.

Two engineering draftsmen at a salary not to exceed $2,400 per year each.

One stenographer at a salary not to exceed $1,800 per year.

Expenses for office rent not to exceed $2,400 per year.

Office expenses not to exceed $2,400 per year.

Said reimbursement for said sums to be made monthly and only when said expenses are incurred by said Charles H. Purcell and proper vouchers showing payment of the same are filed with the Controller.

Be It Further Resolved, That when said agreement is approved by this Board of Supervisors that the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors be and they are hereby authorized and empowered to execute said agreement for and on behalf of the City and County of San Francisco.

Referred to Joint Finance, Streets and Public Utilities Committee.

Committee Meeting for Consideration of Foregoing Proposed Appointment.

Thereupon, Supervisor Roncovieri announced a meeting of the Joint Committee on Wednesday, February 8, 1939, at 2 p. m.

Memorializing Congress to Use San Francisco Bay as the Base and Headquarters for One-Half of the United States Fleet.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 86, as follows:

Whereas, because of present conditions in the Far East it would seem prudent that the Pacific Coast, frontier to the Western States and their great wealth of natural resources, should be provided with adequate protection from any possible aggressor nation; and

Whereas, geographically and strategically, San Francisco Bay is the logical base, on the Pacific Coast, for naval operations; and

Whereas, San Francisco Bay is the greatest and most model harbor in the world; landlocked; sheltered on all sides; with an abundance of deep water channels and mooring locales; and

Whereas, San Francisco and its environs possess the finest facilities on the Pacific Coast necessary to supply, equip and maintain the greatest armada afloat, including ship yards, piers and wharves, construction and repair shops and an unlimited number of skilled personnel with a knowledge peculiar to ship building, maintenance and repair; now, therefore, be it

Resolved, That this Board of Supervisors does hereby memorialize the Secretary of the Navy and does urge that one-half of the United States Fleet be assigned permanently for operations in Pacific Waters, with San Francisco Bay as its headquarters and base; and be it

Further Resolved, That copies of this resolution be sent to the President of the United States, to the Vice-President, to the Secretary of the Navy, to Senator Hiram W. Johnson and to Congressmen, Franck R. Havenner and Richard J. Welch; and be it

Further Resolved, That copies of this resolution be sent to the Boards of Supervisors of all the counties on San Francisco Bay, with the request that similar action be taken by them.

Adopted by the following vote:

Ayes—Brown, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Colman, McSheehy—2.

Providing for Granting of Emergency Relief to Non-Residents of the City and County of San Francisco.

(Series of 1939)

Supervisor Brown presented:

Bill No. —, Ordinance No. —, as follows:

Providing for the Granting of Emergency Relief to Dependent Non-

Residents of the City and County of San Francisco, Defining Certain Terms used in this Ordinance, Determining the Amount and Character of Relief which may be Granted to Dependent Non-Residents and Authorizing the Public Welfare Commission to Administer said Relief and to make Rules and Regulations Regarding the Granting of said Relief and to Incur, on Behalf of the City and County of San Francisco, the Cost of Transporting Non-Resident Indigents to Another County or State.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A "non-resident" of the City and County of San Francisco, as used in this ordinance, shall mean any person within the said City and County who does not possess all of the qualifications, and who does not come within all of the descriptions contained and specified in sections 2555 and 2556 of the Welfare and Institutions Code of the State of California.

The term "emergency relief" as used herein shall mean such relief as, in the judgment of the Director of Public Welfare, may be necessary to relieve the immediate needs of any dependent non-residents.

Section 2. The Board of Supervisors of the City and County of San Francisco does hereby select and designate the Public Welfare Commission of the City and County of San Francisco as its agency for the giving of emergency relief to dependent non-residents in the City and County of San Francisco, and said Public Welfare Commission is hereby authorized and empowered to make such rules and regulations for the giving and granting of said relief, and for the administration thereof, and to determine the conditions under which said relief may be granted or under which said relief may be refused.

Section 3. Said Public Welfare Commission shall not grant any emergency relief to any dependent non-resident of the City and County of San Francisco for a period longer than sixty (60) days in any one year; provided, however, that in the case of the illness of any dependent non-resident, or of any member of his or her immediate family, the Public Welfare Commission may extend the granting of said relief to said dependent non-resident for a further period of not more than thirty (30) days.

Section 4. Whenever the Public Welfare Commission shall ascertain that a dependent non-resident is within the City and County of San Francisco and has a place of residence in any other county in the State of California, or in any other state, the said Public Welfare Commission may, in its discretion, provide the necessary funds to return said dependent non-resident to the place of his or her residence; and in cases where any dependent non-resident has relatives or friends residing in another county or in another state who are willing to provide for the care of said dependent non-resident, the Public Welfare Commission may, in its discretion, incur the necessary expense of transporting said non-resident dependent to such place as he or she may be cared for.

Section 5. The Director of Public Welfare may, without the consent of the Public Welfare Commission, grant emergency relief to dependent non-residents as in this ordinance provided for a period of not exceeding ten (10) days when it is not practicable for the Public Welfare Commission to determine the absolute necessity for said relief; provided that the Director of Public Welfare shall make a report to the Public Welfare Commission at its meeting following the granting of said relief, or any relief so granted, and no further relief shall be granted to said non-resident, without the approval of the Commission.

Section 6. Any dependent non-resident who has received relief from the City and County of San Francisco for a period exceeding sixty (60) days prior to the effective date of this ordinance shall not be entitled to receive any additional relief, save and except such relief as may be given due to the illness of said dependent non-resident or the imme-

diate members of his or her family, and which said last-mentioned relief shall not be given for a period of more than sixty (60) days.

Section 7. The Public Welfare Commission shall make monthly reports to the Board of Supervisors showing the amount of relief granted to dependent non-residents and the character thereof, as well as all expenditures incurred by the said Public Welfare Commission in transporting dependent non-residents to their places of residence or to other places where they may be cared for.

Referred to Public Welfare Committee.

Report on Meeting of California Highway Commission, in Sacramento, Friday, February 10, 1939.

Supervisor Ratto reported on meeting of the California Highway Commission, in Sacramento, February 10, 1939, which he was authorized to attend by the Board, at its meeting of February 1, 1939. In reporting thereon, Supervisor Ratto referred to resolution presented by Supervisor Schmidt, on Monday, January 30, 1939, and referred to the Streets Committee. This resolution proposed the memorializing of the State Senate and Assembly to pass a bill allocating Gas Tax Funds for maintenance and operation of the Golden Gate Bridge. This proposed use of gas tax funds, the attorney for the Highway Commission, ruled to be illegal, since the Golden Gate Bridge was not a part of the State highway system, such use of funds would be illegal.

Plan No. 8 for Distribution of Hetch Hetchy Power.

Supervisor Mead presented Plan No. 8, recommended by the Public Utilities Commission, for the distribution of Hetch Hetchy power, and moved that consideration thereof, be made a special order of business for Tuesday, February 14, 1939, at 3 p. m., the Board to sit as a Committee of the Whole.

No objection and *so ordered.*

Proposed Harbor Development.

Supervisor Uhl moved that Assemblyman Joseph Gilmore be invited to appear before the Board on Tuesday, February 14, 1939, at 2:45 p. m., to address the Board on the subject of proposed legislation covering San Francisco Harbor and India Basin, proposed by him for consideration in the State Legislature.

No objection and *so ordered.*

Citizens' Committee for Convention of National Council of Catholic Women of the United States.

Supervisor Uhl moved that his Honor the Mayor be requested to appoint a citizens' committee to arrange for the proper reception of delegates to the Convention of the National Council of Catholic Women of the United States, to be held in San Francisco, September 9 to 14, 1939.

So ordered.

Exemplification of Fiesta Spirit.

Supervisor Ratto, seconded by Supervisor McGowan, moved, that in keeping with the coming opening of the Exposition, and in exemplification of Western Hospitality and the prevailing fiesta spirit, all members of the Board of Supervisors be requested at the next meeting of the Board, to dress in full western regalia.

Motion *carried.*

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:05 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors February 14, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

TUESDAY, FEBRUARY 14, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Tuesday, February 14, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McGowan, Mead, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors McSheehy, Meyer—2.

Quorum present.

President Warren Shannon presiding.

Supervisor McSheehy excused because of illness.

Supervisor Meyer was noted present at 2:40 p. m.

During the proceedings, President Shannon's presence being necessary at a meeting of the Retirement Board, he was excused for a short time, during which Supervisor Mead took the chair.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of February 6, 1939, was considered read and approved.

SPECIAL ORDER—2 P. M.

Hearing of appeal against assessments for costs and expenses of the work or improvement on Esmeralda avenue between Winfield street and Elsie street, including the crossing of Esmeralda avenue and Elsie street, by paving, etc.

No protests being filed, the Clerk was directed so to notify the Department of Public Works.

SPECIAL ORDER—2:45 P. M.

Assemblyman Joseph Gilmore invited to address the Board on proposed State legislation providing for improvement of San Francisco Harbor, and especially India Basin.

Remarks by Assemblyman Gilmore.

State Assemblyman, Joseph Gilmore, pursuant to invitation, addressed the Board, reciting action taken in the State Legislature relative to removal of old hulls, etc., situated on City and private property. Under terms of House Resolution No. 57, unanimously passed by the State Assembly, the Harbor Commissioners are requested to devise ways and means of removing old hulls, etc., at the foot of Evans avenue. The Harbor Commissioners have already spent some $3,500 in removing such obstructions from state property, but have not had any authority to remove those on City or private prop-

erty. However, the Chairman of the Harbor Commission has expressed willingness to do everything possible to bring about the cleaning up of this condition. Mr. Gilmore urged that the Board take some action looking to the correcting of this condition. He also urged that the Board endorse Assembly Bill No. 2168, providing for an appropriation for the completion of India Basin and the construction of sea wall.

Reference to Streets Committee.

Thereupon, Supervisor Ratto moved that the entire matter be referred to the Streets Committee, an investigation be made, and an estimate of the cost of removal of old hulls, etc., especially from City property, after which the entire subject-matter should be taken up with the Harbor Board to see what arrangements might be made therefor.

No objection and *so ordered.*

An Ordinance Fixing Schedules of Salaries and Wages to Be Paid Employees of the City and County Whose Salaries and Wages Are Subject to the Provisions of Section 151 of the Charter, and Providing for the Method of Making Said Compensation Schedules Effective for the Fiscal Year 1939-40.

(Series of 1939)

The following recommendation of the Finance Committee, heretofore passed for second reading, was taken up:

Bill No. 59, Ordinance No. ....., as follows:

An ordinance fixing schedules of salaries and wages to be paid employees of the City and County whose salaries and wages are subject to the provisions of Section 151 of the Charter, and providing for the method of making said compensation schedules effective for the fiscal year 1939-40:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Section 151 of the Charter, the salaries and wages set forth herein and hereinafter referred to as the compensation schedules shall be the compensation fixed and provided for the several classifications of employment in the San Francisco municipal service which are subject to the provisions of Section 151 of the Charter, subject, however, in so far as increases in salaries and wages for the fiscal year 1939-40 are concerned, to the provisions and conditions hereinafter set forth.

Section 2. No increases in salaries or wages shall be made operative or effective for the fiscal year 1939-40 under the said compensation schedules except that (a) those employees serving in classifications, the salary or wage for which is fixed herein on a per diem basis or a per hour basis or on a monthly basis without provision for seniority increases and who are receiving on June 30, 1939, less than the salary or wage herein fixed for the classification under which such employees are employed, shall be advanced, effective July 1, 1939, to the rate fixed herein for the classification under which such employees are employed; (b) all permanent employees serving in classifications, the maximum salary or wage for which is fixed herein at $125 per month or less shall be advanced effective July 1, 1939, to the amount herein fixed for their respective classification in accordance with the years of service such employees have served under civil service appointment if such appointment is subject to Civil Service; (c) in addition to the increases in compensation authorized and provided under subsections (a) and (b) of this section, all other increases in salaries authorized under the said compensation schedules and based on seniority of employees shall be effective as follows: Thirty-three and one-third per cent of the amount of said increases computed to the nearest dollar commencing July 1, 1939; thirty-three and one-third per cent of accrued increases computed to the nearest dollar commencing July 1, 1940, and the remainder thereof commencing July 1, 1941; but provided, however, that no increase in salary under the provisions of this section shall be allowed or authorized during the fiscal year 1939-40 which will cause the salary of any employee to exceed $500 per month.

Section 3. Employees entering the service on or after July 1, 1939, shall enter the service at the entrance rate fixed in the said compensation schedules for the classification to which such employee is appointed; provided that no new employee shall be paid more than other appointees then serving in the same classification under the same appointing officer.

Section 4. Employees being promoted to a new classification shall enter such promotive classification at the entrance rate fixed in said compensation schedules for the classification to which such employee is being promoted; provided that an employee receiving in the lower

class a rate in excess of the minimum for the promotive class shall not be reduced in salary.

Section 5. No salary paid as of June 30, 1939, to an employee who is regularly holding his position shall be reduced so long as such employee continues to regularly hold such position.

Section 6. Salaries and wages herein fixed are gross compensations. Deductions shall be made from the salaries or wages of employees as herein specified for maintenance and other accommodations as provided by law, and charges therefor shall be as fixed by law, provided, however, that no charge shall be made for maintenance furnished employees in institutions unless such employees use such accommodations and maintenance. Wages fixed herein on a per hour or per diem basis are for eight hours' work per day.

Section 7. Department heads are hereby directed to prepare and submit their budget estimates of personal services for the fiscal year 1939-40 in accordance with the provisions of this ordinance.

Section 8. If it shall be determined that any salary or wage fixed in the said compensation schedules is contrary to the provisions of Section 151 of the Charter, such determination shall not affect the validity of any other salary or wage fixed in the said compensation schedules.

Section 9. The compensation schedules for classifications included in Division A—Building Trades Service, as set forth in the Civil Service Commission's classification of positions, are as follows, subject to the provisions of this ordinance:

Privilege of the Floor.

On motion by Supervisor Colman, Mr. William Merryman, representing the Chamber of Commerce, was granted the privilege of the floor to present protests by the Chamber of Commerce and other organizations against the final passage of the salary standardization ordinance. Thereupon, he read the following communication:

February 14, 1939.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: In order that justice may be done to the municipal employees and to the taxpayers, and for the best interests of our city as a whole, we earnestly request that your Honorable Board of Supervisors carefully consider the protests of the taxpayers of San Francisco against certain portions of the proposed salary standardization ordinance.

The Taxpayers' Committee Against Charter Violation wishes it to be understood that it is not making objection to all items in the ordinance. The Committee believes that salary standardization is a mandate of the Charter, but also believes that the Charter provisions relative to the method of setting up salary standardization is also a mandate.

Investigation of the rates proposed for the various classifications has convinced the Committee that certain rates are justifiable. To those rates the Committee makes no objection. We refer to the proposed rates for the per diem journeymen craftsmen and laborers, and practically all other per diem and hourly rates. These rates seem to be justified by the facts and to be in conformity with the Charter. We refer, also, to the rates of the institutional workers. These rates seem to be justified by the facts and to be in conformity with the Charter.

With respect to substantial numbers of the other classifications, the Committee believes that the recommended rates are not in conformity with the Charter provisions that municipal employees' salaries shall be standardized at a *rate not higher* than *prevailing* rates for like service in private employment or in other governmental agencies. In addition to the personal knowledge of members of the Committee as to prevailing rates paid for various job classifications, the Committee has had available to it results of very recent studies made by the State of California, by the San Francisco Chamber of Commerce and by other agencies, public and private. On the basis of this information the Committee cannot escape the conclusion that serious errors must have crept into the methods used for the collection and analysis of data.

In order to prevent serious injustice to those employees whose rates are apparently justified by the facts, the Taxpayers' Committee Against Charter Violation respectfully requests that the Board of Supervisors seek to determine some method whereby these rates can be established without adopting the schedule as a whole.

Very truly yours,

TAXPAYERS' COMMITTEE AGAINST CHARTER VIOLATION,
CARL G. BROWN, Chairman.

Motion for Approval in Part of Compensations Contained in Salary Standardization Schedules and Re-reference to the Civil Service Commission of All Compensations Questioned as Excessive and in Violation of the Charter.

Supervisor Roncovieri stated that he would uphold the integrity of the Charter at all costs, and would not, by his vote, violate its provisions, which he had taken an oath to protect and support. He was ready to vote for approval of every compensation item recommended by the Civil Service Commission not questioned as a viola-

tion of the Charter, and proposed a re-reference to the Civil Service Commission for recheck and report to the Board of Supervisors of all other compensation items contained in the salary standardization schedules prepared and recommended by the Civil Service Commission.

Thereupon, Supervisor Roncovieri, seconded by Supervisor Colman, offered the following motion:

I move that all compensations for the per diem crafts, the laborers and the institutional employees receiving less than $125 per month which are contained in the salary standardization schedules prepared and recommended by the Civil Service Commission for adoption by the Board of Supervisors, and which said compensations admittedly do not exceed the prevailing rates for like service in private employment or other comparable governmental organizations, and therefore, are in accord with Charter provisions, be and the same are hereby approved in full as recommended, and ordered made effective on July 1, 1939; and further, that such of all other compensations contained in said salary standardization schedules which are questioned by any citizen or organization as excessive and therefore in direct violation of the Charter, be and they are hereby re-referred to the Civil Service Commission for its immediate reconsideration and careful recheck to determine if there be any Charter violations as alleged, and for a report thereon to the Board of Supervisors, after having held open and public hearings at which all interested persons shall be given full opportunity to present evidence.

Objection to Motion.

The following statement was presented by Supervisor McGowan, and at his request was made part of the record:

I have listened with a great deal of attention to the arguments advanced by opponents of standardization and I have made a personal study of the subject since my inauguration into office. I have faced this problem with an open mind and with a sincere desire to be fair and just to all concerned. I cannot refrain, however, at this time from stating that in my opinion the action of this Board is not only in compliance with the mandate of our Charter but it has made effective a condition which has long been delayed.

A great deal has been said by those opposing standardization that they would avail themselves of the "referendum" provision of our Charter in defeating the action of this Board. While it is true that in proper cases the "referendum" is a wise and a salutary measure, nevertheless, I cannot see even as a layman how a "referendum" ordinance, even if adopted, would remove the positive duty charged to this Board of carrying out the provisions of Section 151 of the Charter.

It requires no legal expert to tell us what the duty of the Board is regarding standardization of compensation. Section 151 of the Charter says in clear and explicit language that the Board of Supervisors shall have power and it shall be its duty to fix by ordinance from time to time salaries, wages and compensation of every kind and nature except pensions or retirement allowances and salaries definitely set by the Charter. It will be noticed that the mandatory word "shall" is used. No one will deny that the standardization has been given a lot of thought and that a great deal of research has been done thereon by our Civil Service Commission, which is the fact-finding body. Opponents of standardization were largely responsible for the adoption of the Charter and consequently they must be charged with responsibility for the provisions of Section 151. Can it be possible that a mandatory duty resting upon this Board can be defeated by a "referendum" ordinance? Let me say that to my lay mind it appears absurd. I know that an ordinance cannot defeat a Charter provision, I know that an ordinance cannot amend a Charter provision, and I know that if a referendum ordinance were adopted in this particular case the question would be precisely the same—that is, the

mandatory language of Section 151 would still compel us as a Board of Supervisors to standardize salaries.

As a member of this Board I am not responsible for the enactment of Section 151. Opponents to standardization are. They deemed the Section a sound one in 1931. Do they deem it equally sound now? If they do, then we have carried out their mandate. If they now deem Section 151 as unsound, they should face the issue squarely and present a Charter amendment repealing, amending or modifying the Section. But in all fairness they cannot "have their cake and eat it." If the action of this Board or of any other public body has been or is illegal, or if we have acted arbitrarily or abused our reasonable discretion, then there is a remedy before our courts. Our action in such cases can be corrected by a writ of mandate. If the opponents of standardization feel that we have not followed the Charter, then why not proceed in the good old-fashioned American way by going into a court of justice where everyone will be given a hearing. I am sure no member of this Board will object to retracing his steps if it has been shown that he unwittingly has acted contrary to law. The question to my mind resolves itself into the simple proposition, has this Board functioned as provided for in Section 151 of the Charter? If it has, its duty has been performed and the law has been obeyed. If it has not, the remedy is in a court of justice or by a direct amendment of the Charter, as I have already indicated. Referring our ordinance to the people will not solve the question for the simple reason that it will not remove the mandate set forth in Section 151.

To my mind, our opponents realize that we have acted in strict conformity with the very Charter they proposed in 1931. Without being sarcastic or discourteous, I am inclined to think that their troubles are that they were hoist with their own petard. Briefly stated, they object to the allowance of reasonable increases in salaries to men and women who labor for a living. But, gentlemen, there is a considerable difference beteen 1931 and 1939. In 1931 there was gloom and despair in the minds of the people of our nation; 1939 has seen that gloom and that despair swept aside. The opponents of standardization who are responsible for Section 151 did not have the vision to foresee or anticipate that in the immediate succeeding years we would have a national government and a social economic policy demanding the broader distribution of the things of life by and through organization on the part of our workers. They did not anticipate nor foresee the establishment of National Labor Relations Bureaus. They did not foresee the five-day week. They did not foresee that labor was demanding its reasonable and rightful share of the necessary things of life. Nineteen thirty-one saw millions of our working people in bread lines with practically no organized activity to combat that condition. Nineteen thirty-nine shows a different picture. It shows social security; it shows reasonable old-age pensions; it shows improved conditions for working men and women in general; and it shows national, state, county and municipal governments making a scientific survey so that every man, woman and child will have some reasonable guarantee against poverty and distress. The forward steady advance of labor in general has reached an economic standard far higher than could be seen or anticipated in 1931.

A great deal has been said in criticism of our municipal employees and the salaries they receive. I offer no apology for the men and women in our public service. They come into public services as a result of competitive examinations. They come in from private life well trained in their respective professions or callings. They serve this community faithfully and well. Their services are efficient and for the reasonable salary they receive they render 100 per cent service in return. While standardization has been delayed for many years to the detriment of many of our municipal employees, it is but just and proper that it should be made effective and that while labor marches with a clear eye and a steady step to its objective goal, a

fairer distribution of wages to those who render service to the municipality should not be delayed nor forgotten. If the denial of fair-play and just treatment to those who labor for a living in the employment of our municipality is the basis for continuance in office, then I say that the quicker we realize that we are being made objects of a base betrayal and the sooner we stand as men among men the sooner shall we recognize our birthright as Americans. I know and you know that the action of the members of this Board who face this question calmly, legally, deliberately, and in accordance with traditional American fair-play will not regret their acts even though they may be temporarily clouded by a smoke screen of propaganda.

Gentlemen, our duty is clear. The mandate of Section 151 is explicit. The research of the Civil Service Commission has been well considered. Our deliberations have been impartial. Our duty has been performed. We stand upon the rock of fair-play to those who toil for a living and notwithstanding unwarranted criticism, our American common man will vindicate our act and approve our conclusion.

Supervisor Colman, in reply to statement by Supervisor McGowan, agreed that the matter should be discussed very calmly. The question is not the approval of standardization, but the approval of schedules as presented by the Civil Service Commission. Supervisor Colman held that many of the rates as recommended were contrary to the Charter—they did not conform to the prevailing wage paid in private employment or in comparable governmental agencies. He contended that conditions did not warrant payment of salaries recommended, citing that 60,000 persons in San Francisco were obtaining relief, through the various agencies, at an annual cost to the Federal, State and City governments of $24,450,000. Supervisor Colman, also, questioned the increased cost to the City should the schedules of compensation as presented by the Civil Service Commission be approved. He felt the cost would approximate more nearly the estimate submitted by the Bureau of Governmental Research than that submitted by the Civil Service Commission.

Opinion by City Attorney.

The City Attorney, having been asked if the foregoing motion presented by Supervisor Roncovieri was in proper form, and legal, subsequently during the proceedings replied that it did not comply with Section 151 of the Charter. The City Attorney stated that the Board could *approve* the schedules as presented; it could *amend* the report, and if it does so amend, it must refer the matter back to the Civil Service Commission; the Board could *reject* the report. This motion did not constitute an amendment. The City Attorney stated further that if the schedule, as proposed, should be rejected, the Board could ask the Civil Service Commission to make a separate standardization of corelated positions. The only danger in that procedure would be in not knowing when the new report would be returned, and the Board might find itself in the same position, with regard to standardization, as it was in the past year.

In reply to question by Supervisor Ratto, the City Attorney stated that if salary standardization should be approved, and then certain salaries should be determined not to be in line with salaries in private employment, the Board could, of course, amend same; once salary standardization has been adopted, it would always be subject to amendment.

The City Attorney, replying to further questioning by Supervisor Roncovieri, as to how the Board could adopt some of the rates as submitted without adopting the schedule as a whole, stated that if the Board of Supervisors thought the schedule, as submitted by the Civil Service Commission, is in violation of the Charter, it should know well enough what to do with it. The Board could adopt the schedule, amend the schedule, or reject it. It would have no right to adopt part of the schedule.

Motion to Reject Schedule.

Thereupon, Supervisor Roncovieri moved to reject the salary standardization schedule as submitted by the Civil Service Commission, and that the Commission be requested to standardize the per diem crafts, the laborers and institutional employees receiving less than $125 per month.

Privilege of the Floor.

Mr. William Nanry, on being granted the privilege of the floor, reminded the Board that there are some rates of compensation on a monthly basis which are determined by or derived from per diem rates, and they should be so expressed.

Motion Ruled Out of Order.

The Chair, after brief discussion, ruled the previous motion out of order, pursuant to opinion by the City Attorney.

Motion to Postpone.

Thereupon, Supervisor Brown, seconded by Supervisor Uhl, moved that the Board postpone official action on the proposed salary standardization ordinance until Thursday evening, February 16, 1939, at 8 p. m., at which time the Board convene as a Committee of the Whole, and that the Board continue thereafter with night sessions until such time as it completes its hearings on specific objections.

Motion Ruled Out of Order.

The Chair ruled the motion out of order, stating that it is the duty of the Civil Service Commission to do that work.

Appeal From the Decision of the Chair.

Thereupon, Supervisor Brown, seconded by Supervisor Colman, appealed from the decision of the Chair.

At the request of the Chair, Supervisor Colman put the appeal.

Before the roll was called on the question of appeal from the decision of the Chair, Supervisors Brown and Shannon made statements as follows:

Statement by Supervisor Brown.

Supervisor Brown stated that his reason for making the motion was to allow sufficient time for the presentation, by those opposed to salary standardization in its present form, of data which, in their opinion, would represent true standardization, and for the consideration by the Board of such data. He stated further that it is the right of the Board to offer amendments to the salary standardization ordinance, and that the sole purpose of the motion was to secure information on which to base amendments.

Statement by Supervisor Shannon.

The Chair stated that suggested amendments were offered in the Board about a month previous and had been referred to the Civil Service Commission for report, which report the Board was awaiting. According to Section 151 of the Charter, as he interpreted it, it was the duty of the Civil Service Commission, and not of the Board, to make any further changes in the proposed schedules.

Chair Sustained.

Thereupon, the roll was called and the decision of the Chair that the foregoing motion was out of order was *sustained* by the following vote:

Ayes—Supervisors McGowan, Mead, Meyer, Ratto, Schmidt, Shannon—6.

Noes—Supervisors Brown, Colman, Roncovieri, Uhl—4.

Absent—Supervisor McSheehy—1.

Privilege of the Floor.

Mr. Harry K. Wolff, president of the Civil Service Commission, at the request of Supervisor Ratto, on being granted the privilege of the floor, reviewed the procedure followed during the consideration of data from which the proposed schedules were derived, and commented on the fact that during the deliberations precedent to the Commission's recommendations to the Board, none of the present objectors to proposed schedules of compensation appeared or voiced any objections to such schedule. However, a courteous reception would be given to anyone objecting to the present proposed schedules, if the present proposal be adopted. Mr. Wolff objected to piecemeal standardization, and read communications from the Bureau of Governmental Research prompting such objection. If the present proposed schedule should be rejected, extensive hearings and deliberations would then be necessary.

Explanation of Vote.

After further prolonged discussion, Supervisor Uhl explained his intended vote, saying that he intended to vote for the ordinance as presented, since the present objectors thereto had had months during which to make known their objections, but had not done so, nor do they at the present time set out in detail their objections, but come in with a blanket objection. During the course of his remarks, he cited several specific examples of what he considered improper recommendations, but stated that he was willing to accept Mr. Wolff's statement that the Commission would be willing to correct any errors that might be brought to its attention, and he felt it would be radically wrong for the sake of a possible $150,000, which, it had been stated, might possibly be saved during the first year under salary standardization if certain objections could be met, to tie up the whole matter of salary standardization.

On motion by Supervisor Brown, no objection being raised, the entire matter of salary standardization was taken into the hands of the Board.

Motion to Consider Salary Standardization Ordinance Seriatim.

Supervisor Brown stated that he had no argument with the theory or practice of salary standardization, nor had he any argument with any of the findings of the Civil Service Commission. However, the proposed ordinance sets up standards of wages that cannot be justified by the facts, in his opinion, and standards that are exorbitant, and he felt that there was still time to work out a program of salary standardization that would be acceptable in major parts to all groups in San Francisco.

Following the above statement, Supervisor Brown moved that the entire matter be taken up seriatim.

Motion Ruled Out of Order.

Thereupon, the Chair ruled the motion to be a dilatory tactic, and, therefore, out of order.

Appeal From the Decision of the Chair.

Supervisor Brown, seconded by Supervisor Colman, appealed from the decision of the Chair.

Chair Sustained.

Supervisor Colman, at the request of the Chair, placed the appeal, and the Chair was *sustained* by the following vote:

Ayes—Supervisors McGowan, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—7.

Noes—Supervisors Brown, Colman, Roncovieri—3.

Absent—Supervisor McSheehy—1.

Statement by Supervisor Roncovieri.

Supervisor Roncovieri repeated his objections to any schedules contained in the proposed salary standardization ordinance, to which objections had been raised, and he reiterated his intention not by his vote knowingly to violate any of the provisions of the Charter. He thereupon read Section 1 of Bill No. 59 and signified his complete accord therewith, as follows:

Section 1. Pursuant to the provisions of Section 151 of the Charter, the salaries and wages set forth herein and hereinafter referred to as the compensation schedules shall be the compensation fixed and provided for the several classifications of employment in the San Francisco municipal service which are subject to the provisions of Section 151 of the Charter, subject, however, in so far as increases in salaries and wages for the fiscal year 1939-40 are concerned, to the provisions and conditions hereinafter set forth.

Continuing his statement, Supervisor Roncovieri read the following portion of Section 2, and expressed his agreement therewith:

Section 2. No increases in salaries or wages shall be made operative or effective for the fiscal year 1939-40 under the said compensation schedules except that (a) those employees serving in classifications, the salary or wage for which is fixed herein on a per diem basis or a per hour basis or on a monthly basis without provision for seniority increases and who are receiving on June 30, 1939, less than the salary or wage herein fixed for the classification under which such employees are employed, shall be advanced, effective July 1, 1939, to the rate fixed herein for the classification under which such employees are employed; (b) all permanent employees serving in classifications, the maximum salary or wage for which is fixed herein at $125 per month or less shall be advanced effective July 1, 1939, to the amount herein fixed for their respective classification in accordance with the years of service such employees have served under civil service appointment if such appointmnt is subject to Civil Service;

Thereupon, he read the remainder of Section 2, as follows, and announced that since objection has been raised thereto by certain citizens and organizations that it is in violation of the Charter and that he would not vote for it until its legality is determined, to wit:

(c) in addition to the increases in compensation authorized and provided under subsections (a) and (b) of this section, all other increases in salaries authorized under the said compensation schedules and based on seniority of employees shall be effective as follows: Thirty-three and one-third per cent of the amount of said increases computed to the nearest dollar commencing July 1, 1939; thirty-three and one-third per cent of accrued increases computed to the nearest dollar commencing July 1, 1940, and the remainder thereof commencing July 1, 1941; but provided, however, that no increase in salary under the provisions of this section shall be allowed or authorized during the fiscal year 1939-40 which will cause the salary of any employee to exceed $500 per month.

In concluding his remarks, Supervisor Roncovieri stated that he believed sincerely that in approving Section 1, as read, and the first portion of Section 2, as read, the Board would be following the Charter. The remainder of the ordinance, he stated, if approved, would be, in the opinion of certain citizens and organizations, in violation of the Charter in many instances, and he would not knowingly violate the Charter by voting therefor.

Rejection of Complete Standardization and Request for Schedule of Compensations for Partial Standardization.

Supervisor Brown, seconded by Supervisor Roncovieri, moved that the schedule of salary standardization submitted by the Civil Service Commission as of February, 1937, be and the same is hereby rejected and not approved, and that said Civil Service Commission be and they

are hereby requested to forthwith submit to this Board of Supervisors a partial standardization of co-related employees which will include per diem workers in the crafts, laborers, foremen, subforemen and superintendents whose salaries are based on per diem rates, and that said Civil Service Commission also submit a standardization of the compensations of the employees in the several institutions of the City and County of San Francisco who are receiving less than $125 per month; further, that the Civil Service Commission be and is hereby requested to submit said additional recommendations on standardization not later than the 27th day of February, 1939.

Motion *failed* by the following vote:

Ayes—Supervisors Brown, Colman, Roncovieri—3.

Noes—Supervisors McGowan, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—7.

Absent—Supervisor McSheehy—1.

Explanation of Votes.

Before the roll was called on final passage of salary standardization ordinance, as presented, explanations of votes were made as follows:

Statement by Supervisor Colman.

Supervisor Colman, in explanation of his vote, stated that in voting for the proposed salary standardization ordinance, the Board would be voting, not for $157,000, but, for a period of time, at least, for complete standardization. The Board would be putting into the tax rate a figure more nearly approximating $1,300,000 than $800,000 or $900,000, he believed. Supervisor Colman characterized the remarks and arguments of the President of the Civil Service Commission as unsatisfactory in the extreme, stating that while nobody had attacked his integrity or impugned any improper motive to him, yet all his remarks seemed to be building up a straw man and knocking it down, without once answering the points that were really brought up. If the Civil Service Commission compiled data from which they drew their conclusions, then that data was not sound. Supervisor Colman also questioned the accuracy of statement by Supervisor Uhl that the prevailing wage for machine operators in San Francisco is $185, stating that not a machine operator gets such salary. The Commission, continued Supervisor Colman, may have erred by receiving data from firms that was not correct. Mr. Uhl must have known that the prevailing wage for clerks is not $150 a month. Supervisor Colman stated further that he did not criticise Mr. Wolff in his opinion, but that he did respectfully disagree with him. Therefore, Supervisor Colman declared he would vote against final passage of the proposed ordinance, although, as he had previously stated, he was not opposed to certain compensations therein, as, for example, the building trades crafts, where there can be no question as to the prevailing wage.

Statement by Supervisor Brown.

Supervisor Brown stated he desired the record to show that having been refused an opportunity to consider the proposed salary standardization ordinance seriatim, although he would have voted in favor of the per diem men's increases, the hospital workers' increases and various building craft increases, not being permitted segregation of the various other items he must vote against the ordinance.

Statement by Supervisor Roncovieri.

Supervisor Roncovieri announced that he desired the same explanation as made by Supervisor Brown recorded also as an explanation of his vote.

Final Passage.

Thereupon, the roll was called and the ordinance fixing schedules of salaries and wages to be paid employees of the City and County, whose

salaries and wages are subject to salary standardization, was *finally passed* by the following vote:

Ayes—Supervisors McGowan, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—7.

Noes—Supervisors Brown, Colman, Roncovieri—3.

Absent—Supervisor McSheehy—1.

Motion to Reconsider.

However, before the result of the previous vote had been announced, Supervisor Brown changed his vote from "*No*" to "*Aye*" and gave notice of reconsideration at the next meeting of the Board.

The vote then stood:

Ayes—Supervisors Brown, McGowan, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—8.

Noes—Supervisors Colman, Roncovieri—2.

Absent—Supervisor McSheehy—1.

Final Passage.

The following recommendations of the Streets Committee, heretofore passed for second reading were taken up:

Approved by the Mayor.

Discussion.

The City Attorney, in reply to questioning by Supervisor Uhl, stated that in his opinion the proposed appropriation from the Municipal Railway Operating Fund and from the Municipal Railway Reconstruction and Replacement Fund, for the purchase of trackless trolleys, was legal; the building of the "N" line of the Municipal Railway was financed from the depreciation fund and the Supreme Court had held that to be proper.

Thereupon, Supervisor Uhl inquired of Mr. Cahill, Manager of Utilities, why he was contemplating the purchase of nine trackless trolleys, when a much greater number of gasoline buses, which would be far more flexible, could be purchased for approximately the same amount. Supervisor Uhl expressed opposition to the purchase of trackless trolleys, but announced that he was heartily in favor of gasoline buses. Supervisor Uhl objected, also, to the diversion of funds from the Municipal Railway accounts when the balances therein were so low. In connection therewith, he read communication from the Controller showing those balances.

At the request of Supervisor Schmidt, Mr. Cahill explained the reasons for the purchase of trackless trolleys rather than gasoline buses. He stated that although the gasoline buses are more flexible than are trackless trolleys, and have a perfectly sound place in any scheme of transportation where the estimated load is between 500 and 1000 passengers per hour, they could not provide for the expected load on this proposed route.

Mr. Cahill reported that the capacity of the trackless trolleys which he intended to purchase was about 40 passengers seated, with a standing capacity of about 40 more. Under the present circumstances, would not consider the purchase of any buses of such capacity that they could not negotiate any of the routes in San Francisco, hence he would not consider the purchase of the larger, 41-passenger buses.

Privilege of the Floor.

Mr. Frank O'Brien, representing the Central Mission Improvement Association; Mr. Andrew J. Gallagher, of the Southern Promotion Association, and Mr. George H. Allen, president of the Central Council of Civic Clubs, were granted the privilege of the floor and recommended the passage of the foregoing bill to provide for the establishment of trolley bus line as outlined. However, Mr. Gallagher presented a communication from the National Lead Company, dated February 10, 1939, and addressed to the Southern Promotion Association, opposing the proposed routing of the trolley bus line, and urging that the line more closely follow the route of the present Market Street Railway Company No. 35 line.

Explanation of Vote.

Supervisor Uhl, in explanation of his vote, stated that he was in favor of purchase of gasoline buses, when funds are available, due to their greater flexibility. In the East Bay district, Supervisor Uhl continued, there are 44 bus routes operating successfully with buses of 41-pas-

senger capacity. The same service, he felt, would be most desirable in San Francisco. Although he intended to vote "No" on the present proposal, he did not intend his vote to be considered as a vote against buses in general, but only against the trackless trolleys.

Authorizing the City and County of San Francisco to Enter Into a Contract with Charles H. Purcell.

(Series of 1939)

The following recommendation of Joint Committee on Finance, Streets and Public Utilities was taken up:

Resolution No. 92, as follows:

Authorizing the City and County of San Francisco to enter into a contract with Charles H. Purcell as in this resolution provided and authorizing the Mayor and the Clerk of the Board of Supervisors to execute said contract for and on behalf of said City and County.

Resolved, That the City and County of San Francisco enter into a contract with Charles H. Purcell, a civil engineer, wherein and whereby said Charles H. Purcell will be retained by the City and County of San Francisco for a period of five years at the rate of twenty thousand dollars ($20,000) per year for the purpose of making a survey for and on behalf of the City and County of San Francisco looking to the solution of the traffic and transit problems of said City and County of San Francisco, and coordinating the activities of its various officers, boards and commissions in so far as the same apply to said traffic and transit problems, which said survey will involve the study of existing

street railway conditions, vehicular and pedestrian traffic, the opening of new and additional streets and the building of additions and improvements to the Municipal Railway and the possible unification of privately owned street railways with said Municipal Railway system, as well as the substitution of buses in place of street railway cars where the same is feasible, and that in addition to the compensation paid to said Charles H. Purcell for his services he be reimbursed for the following employments to be made by him and for expenses incurred by him in the carrying out of his said contract, to-wit:

1 chief engineer at a salary not to exceed $7,200 per year.
1 structural engineer at a salary not to exceed $4,800 per year.
2 engineering draftsmen at a salary not to exceed $2,400 per year each.
1 stenographer at a salary not to exceed $1,800 per year.
Expenses for office rent not to exceed $2,400 per year.
Office expenses not to exceed $2,400 per year.

Said reimbursement for said sums to be made monthly and only when said expenses are incurred by said Charles H. Purcell and proper vouchers showing payment of the same are filed with the Controller; and be it

Further Resolved, That when said agreement is approved by this Board of Supervisors that the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors be and they are hereby authorized and empowered to execute said agreement for and on behalf of the City and County of San Francisco.

Discussion.

Supervisor Uhl, in opposing the adoption of the foregoing resolution, referred to report on traffic survey made in Chicago at a cost of $56,000. A similar survey and report for San Francisco would cost probably about $2,500 per month and would require from six to eight months for completion. He further stated that Mr. Purcell is a construction engineer, not a traffic engineer. Mr. Uhl held, also, that any coordination of various city departments was the responsibility of the Mayor and the Chief Administrative Officer, and that no outside employment was necessary therefor. He announced, also, that he would oppose a contract with Mr. Purcell, even if it meant going to court.

Report on Qualifications of Mr. Purcell.

As reply to statements made concerning Mr. Purcell, and his qualifications for the proposed employment, Supervisor Ratto presented the following statement, which was read by the Clerk and ordered made part of the record.

Charles Henry Purcell was born at North Bend, Nebraska, January 27, 1883, a son of John and Mary (Gillis) Purcell. His paternal grandfather came to the United States from Ireland during the Civil War period, and settled at Freehold, near Albany, New York.

John Purcell, father of Charles Henry, was born in New York, but settled later in Nebraska with his three brothers, Thomas, William H. and Charles A. Purcell. They were early pioneers of North Bend.

Mary (Gillis) Purcell, mother of Charles Henry Purcell, was a daughter of John Gills of Cape Breton, Nova Scotia, superintendent of a coal mine there.

Mr. Purcell received his early education in the public schools of North Bend, Nebraska, where he completed high school. He entered Stanford University in 1903, but transferred back to the University of Nebraska, from which he was graduated in 1906, with the degree of Bachelor of Science in Civil Engineering. He had already started his engineering experience during his sophomore and junior years in the Nebraska university by working Saturdays and vacations as an engineering draftsman for the Burlington Railroad.

After graduation he served for a period as resident engineer of the Union Pacific Railroad at Rock Springs, Wyoming. His various engineering occupations thereafter took him from New York to Peru. In 1911 he was chief engineer of the Washington Northern Railroad, Cape Horn, Washington; bridge engineer of the Oregon State Highway Department, 1912; bridge engineer for Multnomah County, Oregon, engaged especially to design and construct the Columbia River Highway bridges, 1913.

After this job was accomplished he returned to the Oregon State Highway Department as bridge engineer, where he remained until 1917. In this year Mr. Purcell was appointed bridge engineer for the United States Bureau of Public Roads and in 1919 was named district engineer for the Bureau at Portland, Oregon. In February, 1928, he was appointed State Highway Engineer for the State of California.

Because of his record and brilliant qualifications, Mr. Purcell was appointed secretary of the Hoover-Young Commission in 1929. Purpose of the Commission was to make a survey and prepare preliminary plans and designs for the proposed San Francisco-Oakland Bay Bridge. The Commission adopted the bridge plan prepared under Mr. Purcell's direction and in January, 1931, because of engineering qualifications and exceptional organizing ability, he was appointed chief engineer for the newly created San Francisco-Oakland Bay Bridge division of the California Department of Public Works, in addition to his post as State Highway Engineer. His task was not only to construct the bridge but to negotiate for its financing.

Charles H. Purcell is an associate member of the American Society of Civil Engineers, and a recognized national authority on public highways. He is also a member of the National Executive Committee of Ten of the American Association of State Highway Officials and is a representative of the United States on the Permanent International Commission of the Permanent International Association of Road Congresses.

Mr. Purcell was appointed a member of a committee of twelve nationally known highway engineering experts by Secretary of Agriculture Henry Wallace in June, 1937, to promote maximum safety and highway utility; official title—Special Committee for the Consideration of Administrative and Design Policies for Highways.

He served as president of the American Association of State Highway Officials in 1938.

In November, 1937, Mr. Purcell was appointed executive officer, California Commission for the 1939 Golden Gate International Exposition.

He holds honorary degrees of Doctor of Laws from the University of California and Doctor of Engineering, University of Nebraska.

Adopted.

Thereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

The following resolution, presented by the Public Utilities Committee, was taken up:

Granting Permit to Market Street Railway to Operate Buses in Conjunction with and as Supplement to No. 19 Line, Over Polk Street.

(Series of 1939)

Resolution No. 93, as follows:

Resolved, That Market Street Railway Company, a corporation, be

and it is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate automobile buses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

Commencing at the intersection of Brannan and Ninth streets, thence along Ninth street to and across Market street to Larkin street; thence along Larkin street to Post street; thence along Post street to Polk street, and thence along Polk street to Fort Mason and North Point street.

Being known as Line No. 19.

That said permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Market Street Railway Company shall be deemed to be an assent to all of said terms and conditions, and for the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said buses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same all rights and privileges herein granted shall cease and determine, and the said permit, or any of the privileges thereby granted or exercised thereunder, shall not, in any proceeding instituted by the City of San Francisco to acquire the system of said Market Street Railway Company, be deemed an asset or thing of value to said system.

(b) That said buses will at all times be operated by skilled operators, and in the operation of the same the said Market Street Railway Company will comply with all State and municipal rules, laws and regulations relating to the operation of said buses.

(c) Market Street Railway Company is hereby authorized to operate its street cars as at present operated during what is known as the morning and afternoon rush periods, said rush periods being approximately between the hours of 7 o'clock a. m. and 9 o'clock a. m., and 3 o'clock p. m. and 6 o'clock p. m. as traffic requires; the company may operate its buses and street cars, as traffic may require, over and along the route as hereinabove set forth, and said operation shall be without prejudice to any of the other rights now owned or held by Market Street Railway Company under its operating permit dated February 9, 1931.

(d) That said permit to operate buses, as herein set forth, shall not be assigned or transferred without consent of the Board of Supervisors, and before the same shall become effective the Market Street Railway Company shall file with the Board of Supervisors a written acceptance of said permit, in which it shall agree to accept said permit subject to all of the conditions herein contained.

Every owner, lessee, tenant, occupant, proprietor or manager of any dairy or dairy farm shall cause every part thereof and the appurtenances to be put and shall thereafter cause the same to be kept in a cleanly and wholesome condition and shall cause every part thereof in which any person may sleep, dwell or work to be adequately lighted and ventilated according to the direction of and to the satisfaction of the Director of Public Health; and proper accommodations for urinals, water closets, bath tubs and washing utensils shall be provided, according to the direction and to the satisfaction of the Director of Public Health.

REGULATION 19. HEALTH OF EMPLOYEES. The Director of Public Health or his representatives shall inspect all buildings connected with the dairy, or dairy farms, and all persons who directly or indirectly come in contact with the industry, and where deemed necessary he shall demand a certificate of health or make a physical or other examination to establish the health of any or all persons on a dairy or dairy farm. The dairyman shall keep informed as to the health of all employees and the members of their households. No person connected with the dairy shall enter a house where it is known that there has been an infectious disease, until it has been disinfected. No employee or other person who has been in contact with any infectious disease shall be permitted in the dairy.

REGULATION 20. SALE OF MILK TO BE STOPPED WHEN COMMUNICABLE DISEASE OCCURS. No person with throat infection or who is otherwise ill shall be admitted to the stable or milk room.

The existence of smallpox, typhoid fever, diphtheria, scarlet fever, measles or other contagious diseases on, or in the vicinity of, the dairy farm shall be promptly reported to the Director of Public Health, and the sale of milk shall be stopped until its resumption is authorized by said Director.

The following recommendation of Committee on Fire, Safety and Police was taken up:

Regulating the Designation of Portions of Streets and Sidewalks as Being Exempt, in Whole or in Part, from the Stopping or Parking of Automobiles, Providing for the Marking Thereof, and for the Defraying of the Cost of Said Marking, and for the Issuance of Permits for Said Marking and for the Fee for Said Permits.

(Code No. 11.02)

Bill No. 1645, Ordinance No. 11.0241, as follows:

Regulating the designation of portions of streets and sidewalks as being exempt, in whole or in part, from the stopping or parking of automobiles, providing for the marking thereof, and for the defraying of the cost of said marking, and for the issuance of permits for said marking and for the fee for said permits.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Police Commission shall have power to regulate traffic, including the location and use of traffic control devices for that purpose. Said Commission shall also have power to designate portions of streets and sidewalks as being exempt, in whole or in part, from the stopping or parking of automobiles or motor vehicles in front or alongside of said portion so designated.

Section 2. Designations of portions of streets and sidewalks as being places, exempt in whole or in part from the stopping or parking of automobiles, and other motor vehicles, shall be and they are hereby separated into two classes, to be known respectively as Class "A" and Class "B."

Class "A" shall mean and include that portion of any street or sidewalk, exempt in whole or in part from the parking of automobiles, or other motor vehicles, where said exempt portion is used or intended to be used for the purpose of providing some special facility in carrying on the business of some person, firm, or corporation, or in using his or its property.

Class "B" shall mean and include that portion of the street or sidewalk, exempt wholly or in part from the parking of automobiles, or other motor vehicles when such exemption is intended for the use of the public and not included within the meaning of Class "A."

Section 3. Whenever the Police Commission upon the application of any person, firm or corporation makes a Class "A" designation, it shall notify the Tax Collector of that fact. The Police Commission shall also furnish the Tax Collector with the name and address of the applicant and the location of the place to be painted.

Section 4. Whenever any person, firm or corporation desire to obtain a "Class A" designation of a certain portion of any sidewalk, application therefor shall be made to the Police Commission upon forms to be provided by the Commission. Said application shall be signed by the applicant, and shall state the exact location of said "Class A" designation, the length thereof, the nature of the business conducted or carried on by the applicant and the reasons for asking for said designation.

A fee of five dollars shall be paid by the applicant to the Police Commission to defray the cost of making the necessary survey and investigation by the Police Department as to the advisability and necessity of making said designation. No portion of said fee shall be returned to the applicant whether said application is granted or denied.

Section 5. Upon receipt of the said application it shall be the duty of the Chief of Police to cause said application to be investigated and from said investigation to determine whether said application should

be granted, having due regard for the effect of said designation upon the use of said street by the public generally and by other persons doing business or owning property adjacent to said requested designation, as well as to the same being necessary to said applicant. The Chief of Police shall have full power to grant or refuse said application. If the same is refused the application shall not be renewed for a period of six months. If the same is granted the Chief of Police shall send a copy thereof with the approval, either in whole or in part, to the Tax Collector, and upon the payment by the applicant to the Tax Collector of the fee to defray the cost of painting said designation, the Tax Collector shall issue a license to said applicant which shall, during the existence thereof, authorize said applicant to maintain said designation. The fee to defray the cost of painting said designation shall be six cents per lineal foot for each lineal foot of space included in said designation. Upon the presentation of said license to the Chief of Police, showing the payment of the necessary fee to defray the cost of painting said designation the said designation shall be painted under the supervision of the Chief of Police. It shall thereupon remain the designation of the applicant until said permit and license to maintain it is revoked by the Chief of Police, provided that at least once during each six months the applicant or owner of said designation shall pay to the Tax Collector the necessary cost at the rate hereinbefore specified to repair the same, whereupon it shall be the duty of the Tax Collector to advise the Chief of Police of said payment, and it thereupon will become the duty of the Chief of Police to cause said designation to be repainted. Should any applicant desire a more frequent repainting of said designation he may obtain the same by the payment of the requisite fee therefor to the Tax Collector.

Section 6. Notwithstanding any provisions in this ordinance to the contrary, the Police Commission shall have full power to revoke any designation made as in this ordinance provided. When a designation has been revoked by said Police Commission, the Tax Collector shall be notified to that effect, and no further license for the specific place covered by Class "A" designation shall be made unless the Police Commission at some subsequent time may make a new Class "A" designation for the place involved. It shall be the duty of the Chief of Police to revoke any designation when the same is not repainted as herein provided.

Section 7. Applications for designations of Class "B" shall be made to the Police Commission, and in connection therewith, no filing fee shall be required. Should the said Class "B" designation be made by the Police Commission, no license fee shall be imposed for the painting or repainting of same.

Section 8. All designations made by the Police Commission before the effective date of this ordinance shall remain in full force and effect until revoked by said Commission. After the effective date of this ordinance, the painting of Class "A" designations shall be done only upon the payment of the lineal foot license rate herein specified, and at least every six months.

Section 9. No person shall paint any street or sidewalk, or portion thereof, except in conformity with this ordinance. Painting done or maintained in violation of this ordinance may be removed by the Police Department without notice.

Section 10. The term "loading zone" as used herein shall not be construed to include or apply to vehicle stands established under the ordinances of the City and County of San Francisco for the use of taxicabs, sightseeing buses, limousines and other public vehicles for hire and the provisions of this ordinance shall not be applicable to such vehicle stands nor to such public vehicles for hire.

Section 11. Every person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than $500, or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

Adopted.

The following resolution, presented by the Finance Committee, was adopted by the following vote:

Authorizing Sale of $2,000,000 Tax Anticipation Notes.

(Series of 1939)

Resolution No. 87, as follows:

Whereas, Ordinance No. 9.03310, heretofore enacted by the Board of Supervisors of the City and County of San Francisco, authorized the issuance of certain Tax Anticipation Notes, the same to be issued as needed for the immediate requirements of the City and County in order to meet and pay the appropriations heretofore made for the current fiscal year, as authorized by the Charter of the City and County, which appropriations will become due and payable prior to June 30, 1939, and which may be paid in advance of receipt of the income for said fiscal year; and

Whereas, in order to meet the said immediate requirements of the said City and County it is necessary to forthwith issue and offer for sale Tax Anticipation Notes as authorized by said ordinance above mentioned to the amount of two million ($2,000,000) dollars; now, therefore, be it

Resolved, That the President of the Board of Supervisors of the City and County of San Francisco, the Controller of said City and County, and the Treasurer thereof, be and they are hereby authorized and directed to execute and issue for and on behalf of the City and

County of San Francisco, the aforesaid Tax Anticipation Notes, to the amount of two million ($2,000,000) dollars, and that said notes be offered for sale by this Board of Supervisors; and be it

Further Resolved, That the Clerk of the Board be and he is hereby directed to advertise in the official newspaper of the City and County of San Francisco a notice of the sale of said Tax Anticipation Notes to the amount of two million ($2,000,000) dollars, and that sealed bids or offers for all or any part of said notes will be received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, the 20th day of February, 1939, and that said Tax Anticipation Notes will be sold at the lowest net interest cost to the City and County of San Francisco computed from the date fixed for the presentation of bids to May 10, 1939; and be it

Further Resolved, That Orrick, Dahlquist, Neff & Herrington, attorneys at law, are employed to furnish legal opinion on validity of the above mentioned Tax Anticipation Notes authorized by Ordinance No. 9.03310, the fee therefor to be $600.

Directing the Market Street Railway Company to Cease Operating Its Street Cars on Howard Street From The Embarcadero to Army Street and on Any Part of Said Howard Street Between The Embarcadero and Army Street and to Remove Their Rails and Tracks From Said Street, to the End That the City and County of San Francisco, Through Its Public Utilities Commission, May Operate Trolley Buses Over and Along Howard Street From The Embarcadero to Army Street.

(Series of 1939)

Supervisor McGowan presented:

Bill No. ——, Ordinance No. ——, as follows:

Directing the Market Street Railway Company to cease operating its street cars on Howard street from The Embarcadero to Army street and on any part of said Howard street between The Embarcadero and Army street and to remove their rails and tracks from said street, to the end that the City and County of San Francisco, through its Public Utilities Commission, may operate trolley buses over and along Howard street from The Embarcadero to Army street.

Whereas, the people of the City and County of San Francisco did adopt an amendment to the Charter of the City and County of San Francisco granting to said Market Street Railway Company and its predecessors in interest, an operating permit authorizing it to continue to operate certain street railways in the City and County of San Francisco, the franchises for which railways had expired or were about to expire, for a continual period of twenty-five years.

Whereas, in said Charter amendment it was expressly provided that that certain franchise granted under Order No. 1532, approved November 28, 1879, for the operation of a railway on Howard street from Steuart street to Twenty-sixth street; and

Whereas, since the approvement of said amendment, said Market Street Railway Company and its predecessors in interest have been operating a street railway on Howard street from Steuart street to Twenty-sixth street without any franchise or permit to so do; and

Whereas, the Public Utilities Commission of the City and County of San Francisco has expressed its intention of extending its municipal railroad so as to provide the service over and along Howard street from The Embarcadero to Army street by way of trolley buses to be operated over and along said street.

Now, therefore, be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That the Market Street Railway Company be, and it is hereby directed to cease the operation of street cars over and along Howard street from Steuart street to Twenty-sixth street, and within thirty (30) days after the effective date of this ordinance to remove its rails, tracks, ties and equipment now used in the operation of said street cars over and along Howard street from Steuart street to Twenty-sixth street, and to forthwith restore the pavement on said street so that the same will conform to the existing pavement now on Howard street.

Section 2. That after the effective date of this ordinance the City Attorney is hereby directed to take the necessary legal proceedings to prevent said Market Street Railway Company from operating street cars over and along Howard street from Steuart street to Army street and that if said Market Street Railway Company shall refuse or neglect to remove said rails, ties and equipment and to restore the pavement of said Howard street as in this ordinance provided, the City Attorney is hereby directed to take the necessary legal proceedings to compel the Market Street Railway Company to do so.

Referred to Public Utilities Committee.

In Memoriam—Pope Pius XI.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 95, as follows:

Whereas, Pope Pius XI has been summoned to his place near the throne of Almighty God; and

Whereas, this great man, born in moderate circumstances, worked long and arduously, developing his intellect and acquiring the experience which was to fit him for the tremendous responsibility which was to be vested in him as head of the Roman Church; and

Whereas, the reign of Pope Pius XI was fraught with greater political strife than the world has ever witnessed; with more severe economic problems than ever before confronted civilization and with the birth of more theories and doctrines inimical to the recognized and proven forms of government and religion than had ever before been conceived; and

Whereas, through all this strife and chaos, Pope Pius XI stood firm and strong, like a beacon light, pointing the way and revealing the dangers of the tempestuous wave of isms which threatened our political, social and economic structures; and

Whereas, his Holiness Pope Pius XI stood adamant in the tenet of Christ forbidding persecution of any people, and raised his voice in emphatic protest against such action; and

Whereas, the world suffers through the loss of the great and good man, his Holiness Pope Pius XI, and shall miss his inspired counsel as well as his modest and kindly personality; now, therefore, be it

Resolved, That this Board of Supervisors notes with sincere regret the passing of Pope Pius XI and takes this opportunity to pay tribute to his memory; and, be it

Further Resolved, That a copy of this resolution be sent to his Excellency John J. Mitty, Archbishop of San Francisco.

MONDAY, FEBRUARY 20, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Monday, February 20, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor McSheehy—1.

Quorum present.

President Shannon presiding.

Supervisor McSheehy excused because of illness.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of February 14, 1939, was considered read and approved.

MOTION TO RECONSIDER.

On February 14, 1939, Supervisor Brown moved to reconsider the action of the Board whereby Bill No. 59, providing for standardization of salaries, was *finally passed.*

Motion.

Pursuant to notice given at the meeting of February 14, 1939, Supervisor Brown, seconded by Supervisor Colman, moved that the Board reconsider its action whereby Bill No. 59, providing for Standardization of Salaries, was finally passed.

Protest Against Salary Standardization Ordinance.

Supervisor Roncovieri announced that since the meeting of the Board on February 14, 1939, at which time the Salary Standardization Ordinance was finally passed, a number of protests against the action of the Board at that time and a protest from the Bureau of Governmental Research, indicating specifically those compensations claimed to be in excess of compensations paid in private employment and for comparable public employment, and, therefore, in violation of the Charter. Because of the opinions expressed in these letters and in the protest from the Bureau of Governmental Research, continued Supervisor Roncovieri, he was opposed to the ordinance under consideration, and would not vote to violate the Charter.

Supervisor Uhl presented a communication from Mrs. Lovell Langstroth, president of the San Francisco Center of the California League of Women Voters, favoring the raising of those salaries below the minimum, to the minimum, and the increase of compensations of per

diem employees to the full scale being paid in private employment, but requesting that no action be taken on other salary schedules.

Supervisor Colman stated that he had been given a supplemental letter from the San Francisco Center endorsing salary standardization, but expressing the belief that not even the most equitable schedule of compensations could be put into effect in any one year. The San Francisco Center favored the raising of those salaries below the minimum, as expressed in communication presented by Supervisor Uhl. The San Francisco Center also endorsed the increase of compensations of per diem employees and institutional workers, but requested that all other schedules be resubmitted to the Civil Service Commission for reconsideration.

Communications.

Thereupon, at the request of Supervisor Roncovieri, the following communications were read by the Clerk and ordered printed in full in the Journal of Proceedings:

San Francisco Center of the California League of Women Voters.

February 17th, 1939.

Mr. Adolph Uhl, 357 Ellis Street, San Francisco, Cal.

Dear Mr. Uhl: You are of course aware of the San Francisco Center's endorsement of the principles of salary standardization and our resulting representation on the Salary Standardization Advisory Committee.

As a result of our study of the matter, and our participation on the Advisory Committee, when a salary standardization ordinance was before the Board of Supervisors last March, we recommended that only that portion of the schedules which raised below-minimum salaries to a minimum be adopted, and that any further salary adjustments be deferred.

The matter is currently before you, and we wish at this time to reiterate our previous recommendations that those schedules which will raise below-minimum salaries to a minimum be adopted. In addition, we recommend that the wages of per diem employees be raised to meet schedules established by organized labor, covering similar occupations in private industry. We further reiterate our position of a year ago that no action be taken at this time on other salary schedules.

We urge therefore that you take no action at the present time other than that which will accomplish the objectives outlined above.

Sincerely yours,

Saralee Langstroth.

Real Estate Association of San Francisco, Inc.

February 17, 1939.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: At a special meeting of the Board of Directors of the Real Estate Association of San Francisco, Inc., held February 17, 1939, the following resolution was adopted by a majority of the Directors:

"Resolution

"Whereas, the Board of Supervisors has proposed a salary standardization ordinance for municipal employees; and

"Whereas, the City Charter provides that the salaries of municipal employees shall be standardized at a rate not higher than the highest prevailing rates for like service in private employment; and

"Whereas, the proposed schedule includes rates which are higher than the highest and thereby violates the Charter; and

"Whereas, this ordinance, if allowed to go into effect, will result in a heavy increase in taxes and place a crushing burden on taxpayers, home owners and property owners generally; now, therefore, be it

"Resolved, That the Real Estate Association of San Francisco, Inc., hereby goes on record as opposed to the salary standardization ordinance for municipal employees in its present form, and endorses a referendum against this measure, if necessary; be it

"Further Resolved, That this organization hereby joins with other civic groups and the taxpayers' committee against Charter violations to support a referendum of this ordinance; and, be it

"Further Resolved, That copies of this resolution be sent to his Honor the Mayor, Angelo J. Rossi, the Board of Supervisors of the City and County of San Francisco, and the Taxpayers' Committee Against Charter Violations, 333 Pine St., San Francisco."

Trusting that you will give your very serious consideration to our interests in this matter, we remain

Yours truly,

Board of Directors of San Francisco, Inc.
By Aida Lewis, Executive Secretary.

Madison & Burke.

February 6, 1939.

Mr. Alfred Roncovieri, 2450 Vallejo Street, San Francisco, Calif.

Dear Mr. Roncovieri: I wish to register a most vigorous protest against any increase in the existing tax rate. I note by the papers that you contemplate expenditures which will raise the rate to a possible $4.30. Inasmuch as I consider $4.04 excessive, it is obvious that I also consider $4.30 extremely excessive.

My mother, Mrs. J. M. Kepner, and I pay real estate taxes in the City and County of San Francisco, for this year, amounting to $8,065.22 and we find it a considerable burden.

The total amount of taxes seems to me to be far in excess of the proper proportion to the total amount of income derived from the properties involved.

I trust that you will give this matter serious consideration.

Very truly yours,

Stuart Kepner.

San Francisco Hotel Association, Inc.

February 14, 1939.

To the Honorable the Board of Supervisors of the City and County of San Francisco, City Hall.

Gentlemen: We herewith augment the protestations of the various Civic Organizations regarding salary increase of City employees now under your consideration, for reasons such as:

1. Unfair, unjust, unreasonable, unwarranted and unsafe.
2. It would encourage regimentation and set a formula to further encourage racketeers to annihilate small business.
3. That a comparative wage scale should be arranged for and tabulated, which in our opinion would temporarily at least erase any such unwise and drastic action on your part.

Will you, therefore, with your usual kindness, refrain for such a time that all of us have our feet on the ground?

Yours very sincerely,

San Francisco Hotel Association,
By R. H. Crummey,
Executive Secretary.

Lafayette Club, Inc., San Francisco, California.

February 7, 1939.

Mr. David A. Barry, Clerk, Board of Supervisors.

Dear Mr. Barry: We wish to inform you that at their meeting, last night, a majority of the members of the Lafayette Club endorsed a resolution disapproving the action of the Board of Supervisors in the matter of salary standardization.

It was pointed out, and rightly so, that should the ordinance be approved at the next meeting of the Board, the matter of salaries for City employees may become a political football in the near future, offering no security or safeguard for the taxpayers or for the employees themselves.

The majority of the members of the Lafayette Club therefore went on record as opposed to the proposed ordinance and strongly urged the Honorable Board of Supervisors to reconsider their action.

We shall appreciate your bringing this letter to the attention of the Board at their next meeting.

Very truly yours,

Albert J. Aubert, President.
Norbert Bouvier, Secretary.

Marina Home Owners' Protective Association.

February 13, 1939.

Board of Supervisors, City Hall, San Francisco, Calif.

Gentlemen: The Marina Home Owners' Protective Association has gone on record as opposing the Salary Standardization Ordinance now pending before your Board for final passage.

A copy of the resolution adopted by this organization at its meeting on February 9, 1939, is enclosed.

Respectfully yours,

Albert Landa, President.

3739 Webster Street.

Resolution.

Whereas, the Board of Supervisors has passed a Salary Standardization Ordinance for Municipal employees with most salary rates far higher than those being paid by other Governmental agencies and in private employment; and

Whereas, this ordinance appears to be clearly in violation of the City Charter which provides that pay for Municipal employees shall not be higher than prevailing employment; and

Whereas, there appears to be discrimination in the new salary schedules in favor of certain groups of Municipal employees, particularly those in executive classification, as against other groups of employees; and

Whereas, the salary rates set up in the new ordinance are not sup-

ported by fact and will result in a heavy increase in the tax rate of San Francisco; now, therefore, be it

Resolved, That the Marina Home Owners' Protective Association hereby goes on record as being opposed to the so-called Salary Standardization Ordinance in its present form; and, be it

Further Resolved, That this organization respectfully requests the Board of Supervisors to reconsider this ordinance for the best interests of the public welfare of San Francisco; and, be it

Further Resolved, That copies of this resolution be sent to the Board of Supervisors and his Honor, Mayor Angelo J. Rossi, and to the Taxpayers' Committee Against Charter Violation, 333 Pine Street, San Francisco.

Approved: February 13, 1939.

Merced Manor Property Owners' Association.

February 11, 1939.

Hon. Board of Supervisors, San Francisco, California.

Gentlemen: The taxpayers represented by our organization have, through their Board of Directors, instructed me to enter a very strong protest against the proposed standardization wage plan being voted on by your Board.

We are advised that if this measure is passed it would be illegal and contrary to provisions of the City Charter.

Raising the pay of the per diem and institutional help might be within the provision of the Charter but many other proposed items do not come within such provisions.

We therefore ask your Board to refer this matter back to the Civil Service Commission to make necessary corrections for the other classifications which we believe are in violation of the Charter, or for a negative vote on this issue.

Respectfully,

H. C. Harkness, President.

The Olympic Club, San Francisco.

February 2, 1939.

Board of Supervisors, San Francisco, Cal.

Dear Sirs: With lowered rentals and higher taxes on real estate, and large necessary expenses ahead for our City Government to meet with still higher taxes, we bitterly protest the raise in the wages of City employees as absolutely *unnecessary* and *unwarranted*.

Yours truly,

The Melone Co.,
Henry C. Melone, President.

North End Improvement Association.

February 16, 1939.

To the Honorable the Board of Supervisors,
City Hall, San Francisco.

Gentlemen: The following resolutions have been adopted by this Association:

Whereas, in the process of the standardization of the salaries of

municipal employees, the Charter provides that such salaries shall equal those that are received for similar work in private employment; therefore, be it

Resolved, That the North End Improvement Association hereby goes on record in favor of the proposition that the Board of Supervisors should conduct their revision of the present schedule of salaries, with the purpose in view of bringing about an actual equality of public and private compensation;

Resolved, That, in the estimate of the salaries received by municipal employees, consideration should be given to the fact that such employees are guaranteed permanence of tenure of their positions, and to the further fact that they are entitled to retirement salaries at the end of their active service;

Resolved, That, in the establishment of the revised salaries, these perquisites should be translated into their actual monetary value, and should be regarded as an equivalent of the cash that they represent; and be it further

Resolved, That, to impose upon the taxpayer and property owner, in the face of the present depression, a greater burden than is justified by such a calculation, would be a gross injustice to one section of the population, in the interest of another section,—an act that clearly was not contemplated or intended by the framers of the City Charter.

Very truly yours,

North End Improvement Association,
By Frank Fischer, Secretary.

Hotel Worth.

February 3, 1939.

Supervisor Alfred Roncovieri, City Hall, San Francisco, California.

Dear Sir: We wish to make an emphatic protest against pay scales set in salary standardization ordinance adopted by the Board of Supervisors February first. The salaries specified are exorbitant and out of all reason, ranging up to double what would be paid for the same work elsewhere. Is this not a direct violation of Charter provisions?

We trust that you will exercise your influence to protect the interests of taxpayers and voters in San Francisco.

Yours very truly,

(Mrs. F. N. Hawes)
Alice H. Hawes,
James H. Hawes.

February 17th, 1939.

The Board of Supervisors, San Francisco, California.

Gentlemen: I have been thinking a great deal of the movement to increase the salaries of City employees.

I am reliably informed that on the average they are already paid more highly than employees doing similar work for liberal and generous employers in private industry.

It is easy to criticize but I do protest against the proposed increase with all sincerity and hope that it does not come to pass, especially in view of the burden of taxation to which we submit willingly to provide for our pressing necessities.

Respectfully yours,

Juliette B. Shelton.

San Francisco Bureau of Governmental Research.

February 14, 1939.

The Honorable Board of Supervisors, City and County of San Francisco,
City Hall, San Francisco, California.

Gentlemen: Relative to the salary standardization ordinance, which comes before your honorable Board today, we are transmitting, herewith, a compilation made by the San Francisco Bureau of Governmental Research.

In opposing adoption of the ordinance by your Board on Wednesday, February 1st, the Director of the Bureau stated that if future hearings on the subject were held by your Board, he would submit criticisms of many of the rates in the Civil Service Commissions schedule in addition to the small number of rates mentioned by him at that time as examples.

This compilation deals with the salary standardization rates for approximately 440 of the 689 classes included in the ordinance. For many individual classifications the comment thereon indicates the belief of the Bureau that such rates were not established in the manner required by the Charter. In many other cases the comments indicate that no data as to prevailing rates in private or other public jurisdictions were reported by the Civil Service Commission's staff, as a basis for the rate recommended.

Respectfully submitted,
San Francisco Bureau of Governmental Research.
By W. H. Nanry, Director.

*For services as needed, based upon amount of time required. Salaries for respective positions to be fixed annually in budget and salary ordinance.

Note: Re Classes K4-K58 inclusive: Although some data were collected from other governmental agencies, this was not used. We understand that the rates proposed were recommended by a small committee of local attorneys. It is probable that if available data had been collected from a sufficient number of governmental agencies, the rates could have been established in the manner specified and required by the Charter.

The data collected from other governmental agencies do not appear to justify various of the recommended rates.

Note: It is our understanding that—similar to the rates in the Legal Division—rates for professional services in the Medical Division were established on the basis of recommendations by the deans of nearby medical schools, and not in the manner required by Charter. Had sufficient information been secured from comparable governmental organizations and institutions, data as to "prevailing" rates would have been available. Lack of such data accounts in part for the many rates shown as "up to (maximum)". Certain of these maxima represent rates now paid by the City. Most, however, are higher than present City rates, with no "prevailing rate" basis therefor, and will no doubt result in increased payroll costs in the near future.

Opinion From City Attorney.

The City Attorney, in reply to question by Supervisor Uhl as to the propriety of the action of the Board in voting that no salary increases should be allowed during the coming fiscal year that would increase the compensation of any employee above $500 per month, stated, after reading a portion of the proposed Salary Standardization ordinance, that such action of the Board did not constitute a piecemeal standardization, but merely postponed the effective date of certain recommendations contained in said ordinance. Such action, therefore, was within the right of the Board.

Statement by Supervisor Colman.

Supervisor Colman, in urging the Board to rescind its previous action in finally passing the Salary Standardization ordinance, stated that he was not concerned with the postponement for a period of three years, of the effective date for full payment of increases in salary granted under the provisions of the ordinance. The ordinance brings upon the taxpayers, inevitably, the maximum in a short time, when the taxpayers will have to carry the entire burden. Supervisor Colman stated further that he would not oppose any standardization recognizing the services of people in the higher brackets, but would always vote for them providing they were not being paid any higher than the prevailing wage on the outside. In speaking for reconsideration, Supervisor Colman repeated his remarks made while opposing the ordinance for which reconsideration was being sought, calling attention to those, who, through federal, state or local agencies, are receiving aid, estimating that approximately 65,874 people in San Francisco are recipients of some $24,625,000 annually, of which $2,500,000 is paid directly by the City and County of San Francisco, although the total amount must eventually, through some form of taxation, be paid by the people of San Francisco. Therefore, continued Supervisor Colman, it behooves the Board to think of this condition before adding a million dollars, plus, to our tax rate. Supervisor Colman stated his own thought as to the added cost imposed by the ordinance under consideration, to the City's payroll, was that the added cost would be nearer one and one-half million dollars than some eight hundred thousand dollars. He added further, that if the proposed ordinance became effective, experience had taught him that it would be most unlikely that any amendments would be made reducing any of the salaries fixed therein, and that employees affected would reach the maximum compensation of their position much quicker than estimated by the Civil Service Commission. He repeated his former statements regarding the proposed minimum salaries of several clerical classifications, contending that the beginning wage in private employments for clerks was not $150, nor did machine operators receive $185 per month. Janitors, elevator operators and telephone operators do not receive the beginning wage paid by the City and County. Supervisor Colman also touched on many advantages received by City employees which are not enjoyed by those privately employed, stressing particularly the security of position. He disagreed with several recommendations of the Civil Service Commission, citing the relative importance of position of Secretary to the Mayor, with the positions of Chief of Police or Chief of the Fire Department, stating that the responsibilities of the Mayor's Secretary were in no way, shape or manner equal to the responsibilities of the Chief of Police or the Chief of the Fire Department, yet the commission was proposing for them a higher salary.

Although, Supervisor Colman stated, he was very prone to follow experts, he did not feel that the Civil Service Commission were experts in this instance and he could not support their findings, when his own sense and business experience told him they were wrong in many instances. He felt the Commission had erred in presenting

facts to the Board by which they had reached their conclusions. He urged the Board not to belittle the protests presented by the various groups that represent the people of San Francisco and are entitled to their own views in any matter touching the expenditure of their money. These groups feel that the proposed standardization is going too far, and their requests for rehearing should be considered.

In conclusion, Supervisor Colman said that in his opinion, it would be American, it would be democratic, to hold another hearing and let the entire matter be threshed out once more, and for that reason he was going to vote for reconsideration.

Statement by Supervisor Roncovieri.

Supervisor Roncovieri, in explaining his position regarding reconsideration, stated he did not wish to prolong the discussion or to act in any way that is dilatory, as the chair had stated at the last meeting. However, he did wish to repeat what he had said previously: That the Civil Service Commission is the official fact-finding body. He had never questioned, continued Supervisor Roncovieri, the compensations for the various employments recommended by that Commission, but the Bureau of Governmental Research has made a study of the compensations and finds that many of them are out of line and therefore, are violations of the Charter. The Bureau of Governmental Research has petitioned the Board for the right to be heard on these specific violations of the Charter, and Supervisor Roncovieri declared himself to be in favor of granting that hearing.

In further explanation of his reasons for voting in favor of reconsideration of the action of the Board whereby the ordinance providing for standardization of salaries was finally passed on February 14, 1939, Supervisor Roncovieri stated that if reconsideration should be had, he would move as follows:

"I move that the schedule of salary standardization submitted by the Civil Service Commission as of February, 1938, be and the same is hereby rejected and not approved, and that said Civil Service Commission be and they are hereby requested forthwith to submit to this Board of Supervisors a partial standardization of co-related employees which will include per diem workers in the crafts, laborers, foremen, sub-foremen and superintendents whose salary is in any way based on per diem rates, and that said Civil Service Commission also submit a standardization of the compensations of the employees in the several institutions of the City and County of San Francisco who are receiving less than $125 per month. Further that the Civil Service Commission be and is hereby requested to submit additional recommendations on standardization not later than the 15th day of March, 1939."

"For this reason," continued Supervisor Roncovieri, "I intend to vote in favor of reconsideration, believing it to be the right thing to do, not only to the taxpayers, but to the very people the Board wishes to protect, whose salaries and wages are admitted to be correct.

"I am supporting the motion to reconsider this ordinance for the following reasons:

"1. A large number of organizations, citizens and taxpayers have requested the Board to grant them a hearing on many compensations which they specifically point to as violations of the Charter. A petition to be heard in a matter which vitally affects our city's taxpayers must not be evaded on any pretext whatsoever. The right of petition is sacred.

"2. I favor a careful recheck and revision of all compensations which are claimed to be in violation of the Charter. If this recheck is not granted the increases in compensation for those employees who are admittedly entitled to them will be seriously jeopardized.

"3. I shall not, by my vote, violate the provisions of the Charter, which I have taken an oath to protect and support.

"4. I am ready to vote for approval of every compensation item recommended by the Civil Service Commission which is not questioned as a violation of the Charter.

"5. Those compensation items that are questioned as a violation of the Charter I refuse to approve until their legality is cleared.

"To summarize at the risk of repetition I have said repeatedly that I regard the Civil Service Commission as the official fact-finding body in the matter of salary standardization: After a long period of study and research the Civil Service Commission submitted its findings and recommendations to the Board of Supervisors as required by the Charter. It is reasonable for the Board of Supervisors to presume them correct. However, outstanding organizations, citizens and taxpayers make the claim and specifically point to a number of compensations as being in violation of the Charter. Commissioner Wolff said in effect that it would not be surprising if unintentional errors had crept into a work of such magnitude. Therefore, I believe we should approve all of the proposed compensations for the per diem crafts, the laborers and the institutional workers and such other compensation as are admittedly correct and temporarily withhold approval of those that are questioned in order to give these organizations an opportunity to be heard and thus clear the matter satisfactorily. Salary Standardization is an absolute necessity. It is designed to prevent injustices to employees and to taxpayers, by preventing salary favoritism where employees working alongside of each other on the same job are paid a variety of salaries. I favor salary standardization when it is fair and just, and in accordance with the letter and spirit of the Charter. It protects and benefits both employees and taxpayers alike. A large part of the Salary Standardization is admitted by all to be correct, and this part should be approved. I have repeatedly and earnestly tried to have this uncontested part of the Salary Standardization approved, but without success. However, there is another part of Salary Standardization which it is claimed violates the provisions of the Charter. Whether true or false, this is a serious charge. Without any personal prejudice whatever against this part (the clerical or white collar employments), I favor the petition of the taxpayers who ask for a hearing on the subject, in order to give them an opportunity to prove their point, that a violation of the provisions of the Charter will take place if Salary Standardization is adopted at this time. Nothing is settled until settled right. Give these taxpayers the hearing they ask. Many of them have not been heard. If the contested part of Salary Standardization is right, there is nothing to fear. It will be approved. If, however, it violates the letter and the spirit of the Charter in any way, it should be amended until it is in harmony with the Charter provisions. In view of this, I believe we should temporarily halt our approval of Salary Standardization so as to give these organizations an opportunity to be heard, and have the matter cleared up. For these reasons I am voting for reconsideration of the vote by which the Salary Standardization Ordinance was passed last week.

Statement by Supervisor Brown.

Supervisor Brown, the maker of the motion for reconsideration, in closing stated that he felt the matter had been quite well covered and that no good purpose would be served by enlarging on the situation. He stated it to be his intention, should his motion prevail, to renew his motion of the previous week, to re-refer to the Commission, the entire matter, that all protestants might be heard; that a more equitable and more truly just standardization of salaries scale than that proposed by the ordinance under consideration might be adopted. He stated further that he had no objection to salary standardization based upon what, in

his opinion, would be a direct representation of salary standards as they really exist, nor had he any desire to see any city employee receive any less than the same job would pay in private employment, or elsewhere in public employment. At the same time, he did not see why because he held office of a quasi public nature, a man should be entitled to more pay than his fellow citizen or taxpayer down town. The proposed standardization, he repeated, in his opinion went too far, but if the Board really wanted salary standardization to prevail on the proper basis, then it should be put on a proper basis so that those people not properly paid could have their salaries or wages brought up to proper standards and those being properly paid would have a permanent, all-time guarantee that their present wages would be continued.

Reconsideration Refused.

Thereupon, the roll was called and the motion to reconsider the action whereby the Board had finally passed the ordinance providing for salary standardization, *failed* by the following vote:

Ayes—Supervisors Brown, Colman, Roncovieri—3.

Noes—Supervisors McGowan, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—7.

Absent—Supervisor McSheehy—1.

HEARING OF PROTEST—2 P. M.

SPECIAL ORDER—2 P. M.

Rezoning of Northeasterly Corner of Nineteenth Avenue and Santiago Street.

Appeal from decision of the City Planning Commission, by its Resolution No. 1904, dated January 5, 1939, granting application to rezone from Second Residential District to Commercial District, property located at the northeasterly corner of Nineteenth avenue and Santiago street.

Discussion.

Mr. W. M. Rosenblum, respondent, urged that the decision of the City Planning Commission, granting application to rezone from Second Residential to Commercial District, property located at the northeasterly corner of Nineteenth avenue and Santiago street, be sustained.

Mr. Angus Holden, representing property owners within three hundred feet of the property sought to be rezoned, and Mr. Russell A. Powell, representing the Parkside Improvement Club, requested the decision of the City Planning Commission be disapproved.

Mr. Al Johnson represented the City Planning Commission.

City Planning Commission Sustained.

Thereupon, the following resolution, presented by the City Planning Commission, was *refused adoption* by the following vote:

Rezoning of Northeasterly Corner of Nineteenth Avenue and Santiago Street.

(Series of 1939)

SALE $2,000,000 OF TAX ANTICIPATION NOTES—2 P. M.

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No. 9.03310, in the amount of two million dollars ($2,000,000) were received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, February 20, 1939, and were opened by said Board at said time.

The Tax Anticipation Notes are described as follows, to-wit:

Notes in the amount of two million dollars ($2,000,000) in denominations of ten thousand dollars ($10,000) each, to be dated as of the day of delivery thereof and to be payable to bearer on May 10, 1939, and issued under authority of Ordinance No. 9.03310 and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1938-1939 without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year 1938-1939 in which said money represented by said notes respectively shall be borrowed and shall be repaid from the first moneys received from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes of said fiscal year 1938-1939 irrespective of the date the same shall be so received.

Said notes shall bear interest at the rate or rates not to exceed six (6) per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said notes.

The said notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to May 10, 1939. If two or more bidders offer to purchase said notes at the same lowest rate or rates of interest, the Board of Supervisors shall determine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any or all bids.

All proposals for the purchase of said notes shall be accompanied by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check or cashier's check for said five (5) per cent payable to David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit need exceed the sum of ten thousand dollars ($10,000); which deposit of money or check shall be forfeited by the bidder in case he fails to accept and pay for the notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Dahlquist, Neff & Herrington, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes will be furnished to the successful bidder or bidders for said notes without cost.

This notice is given pursuant to direction of Resolution No. 87 (Series of 1939) of the Board of Supervisors, adopted Tuesday, February 14, 1939.

Bids.

The following bids were presented, opened, read, and referred to the Finance Committee:

1. Weeden & Co. By Vernon E. Kimball—We will pay you par and accrued interest to date of delivery for $2,000,000 par value of Tax Anticipation Notes of the City and County of San Francisco to bear interest at the rate of one-half of one per cent (.50%) per annum.

2. Wells Fargo Bank & Union Trust Co. By R. H. Rebele, Assistant Vice-President—For all, but not for any part less than all, of Two Million Dollars ($2,000,000.) Legally issued City and County of San Francisco Tax Anticipation notes, dated as of the day of delivery thereof, and maturing May 10, 1939, we bid you the sum of Two Million Dollars ($2,000,000) face value, plus a premium of Two and 00/100 Dollars ($2.00), said notes to bear interest at the rate of twenty-four one hundredths of one per cent (.24%) per annum from the date of delivery to May 10, 1939.

3. American Trust Company—Bankamerica Company. By American Trust Company. L. H. Empey, Assistant Cashier—For the Two Million Dollars ($2,000,000.00) par value legally issued Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed Notice of Sale, we hereby bid you par; said notes to be in the denomination of ten thousand dollars ($10,000.00) each and to be dated as of the day of delivery; said Notes to bear interest at the rate of twenty-two hundredths of one per centum (.22%) per annum, said interest to be paid at maturity of said Notes (May 10, 1939).

(Successful bid.)

Adopted.

Subsequently, the Finance Committee reported and recommended the following resolution:

Sale of $2,000,000 Tax Anticipation Notes.

(Series of 1939)

Resolution No. 97, as follows:

Whereas, after due notice given as provided by Ordinance No. 9.03310 that sealed proposals for the purchase of Two Million (2,000,000) Dollars Tax Anticipation Notes of the City and County of San Francisco would be received up to the hour of 3 o'clock p. m. on Monday, February 20, 1939; and

Whereas, three bids were received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; therefore, be it

Resolved, That the bid of American Trust Company, Bankamerica Company, By American Trust Company, L. H. Empey, Assistant Cashier, being the best bid offered, is hereby accepted, to-wit:

For the Two Million Dollars ($2,000,000.00) par value legally issued Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed Notice of Sale, we hereby bid you par; said Notes to be in the denomination of ten thousand dollars ($10,000.00) each and to be dated as of the day of delivery; said Notes to bear interest at the rate of Twenty-Two Hundredths of One Per Centum (.22%) per annum, said interest to be paid at maturity of said Notes (May 10, 1939).

The above bid is made with the understanding that, if successful, we shall be furnished, at no expense to ourselves, with the unqualified opinion of Messrs. Orrick, Dahlquist, Neff and Herrington, attorneys-at-law, San Francisco, California, approving in all respects the legality of the above-described Notes.

As evidence of our good faith, we hand you herewith a Cashier's Check for Ten Thousand Dollars ($10,000.00) with the understanding that this check is to be applied as part payment if our bid is accepted, otherwise it is to be promptly returned to us.

"Respectfully submitted, American Trust Company, Bankamerica

Company, By American Trust Company, L. H. Empey, Assistant Cashier."

The Clerk is directed to return the checks to the unsuccessful bidders.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Resolved, In accordance with the recommendation of the Park Department, that the City and County of San Francisco, a municipal corporation, enter into a written agreement with California Packing Corporation, a corporation, for the right and privilege of using and purchasing the following described real property or a portion or portions thereof, situated in the City and County of San Francisco, State of California, subject to the terms and conditions set forth in said agreement:

Beginning at the point of intersection of the northerly line of Beach street and the westerly line of Hyde street; running thence westerly along the northerly line of Beach street 412 feet and 6 inches to the easterly line of Larkin street; thence at a right angle northerly along the easterly line of Larkin street 275 feet to the southerly line of Jefferson street; thence at a right angle easterly along the southerly line of Jefferson street 412 feet and 6 inches to the westerly line of Hyde street; thence at a right angle southerly along the westerly line of Hyde street 275 feet to the point of beginning.

Being all of 50 Vara Block No. 288.

Said right to purchase said property, and to use the same for municipal purposes prior to the acquisition thereof shall be upon the terms and conditions set forth in the written agreement therefor prepared by the Director of Property and approved by the City Attorney and this day presented to this Board for its approval. It is understood that the City and County of San Francisco may purchase the above described land for the sum of $142,500, according to the terms and conditions of said agreement; and be it

Further Resolved, That said written agreement as presented be and is hereby approved, and that the Mayor and the Clerk of the Board of Supervisors, are hereby authorized and directed to execute the same on behalf of the City and County of San Francisco, a municipal corporation; and be it

Further Resolved, That upon said agreement becoming effective, that the sum of $10,000 be paid for the tract of land described as Parcel 1 in said agreement, and that the City and County of San Francisco accept a deed to said Parcel 1. Said sum of $10,000 shall be payable from Appropriation No. 812.600.05. Nothing contained in this resolution or in said agreement shall be construed to obligate

the City and County of San Francisco to complete the purchase of any of the parcels described in said agreement, except Parcel 1.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Commending William Randolph Hearst for His Exposition of "America's Foreign Policy."

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 112, as follows:

Whereas, the Honorable William Randolph Hearst in a nation-wide broadcast on the night of February 19, 1939, delivered an address entitled "America's Foreign Policy"; and

Whereas, in said address Mr. Hearst analyzed the theories and motives of militaristic and imperialistic nations of Europe and Asia and pointed out in clear and concise terms the danger to our American people in becoming involved in the entangling and complicated alliances and agreements of said militaristic and imperialistic nations, and did further point out and declare as a truism that our American Government was and is now the only genuine democracy which can speak as such to the world in the interest of peace and international good-will; and

Whereas, in concluding his scholarly an well-analyzed address Mr. Hearst stated: "All patriotic Americans heartily endorse and support President Roosevelt's demand for impregnable national defense on land, on sea, and in the air. By all means let America arm invincibly for defense, but with proper provisions that its armament be used only for defense, and for the preservation of American rights and liberties and institutions,—NOT for the promotion of alien principles, and the perpetuation of alien despotisms and imperialisms." Therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, State of California, does hereby commend Mr. Hearst for the splendid exposition of "America's Foreign Policy" and said Board of Supervisors does hereby endorse the stand taken by Mr. Hearst to the end that our national defense will be impregnable on land, on sea, and in the air, and that said national defense shall be used only for the defense and in the preservation of American rights, liberties and institutions, to the exclusion of alien principles, alien despotisms and imperialisms.

Commending Don V. Nicholson; S. F. World's Fair Premiere Committee and Various Districts of San Francisco for the Success of "Fiesta Week".

(Series of 1939)

Supervisor Ratto presented:

Resolution No. 114, as follows:

Whereas, the San Francisco World's Fair Premiere Festival Committee, under direction of Don V. Nicholson, is to be credited with the tremendous success of the district Fiesta idea in which the various districts of our City were headquarters for the revelry of the throngs who gathered to celebrate "Fiesta Week" and the opening of the Golden Gate International Exposition; and

Whereas, "Fiesta Week" was enthusiastically received by the entire population of our City and everybody imbued with the spirit of "Fiesta Week" spontaneously responded to the slogan, "Go West", and thousands donned cowboy outfits, typical of the early days of the West, and Mexican regalia, typical of the days when California was

ruled by the Mexican Government, and a large number grew whiskers to represent the miners who in '49 streamed to California by the lure of gold; and

Whereas, "Fiesta Week", culminating in a huge downtown parade, was a great success, not only as far as the enjoyment of the people of our beloved City was concerned, but for the effect it had on the business of the districts, where an increase of 20 to 25 per cent in business was registered as a result of those activities; now, therefore, be it

Resolved, That this Board of Supervisors takes this opportunity to extend its heartiest congratulations to Don V. Nicholson and to the San Francisco World's Fair Premiere Festival Committee for the wonderful success of "Fiesta Week", and highly commends the various districts for their hearty cooperation and splendid contribution to this outstanding achievement.

Absent—Supervisor McSheehy—1.

Commending the Board of Management of the S. F. Bay Exposition Company for the Construction of the G. G. I. E. and in Particular for the San Francisco Building.

(Series of 1939)

Supervisor Colman presented:

Resolution No. 115, as follows:

Whereas, the many thousands who attended the Golden Gate International Exposition since its opening, February 18th, 1939, have been thrilled with the beauty of its magnificent structures; the enchantment of its fountains and gardens; its magnitude and the awe-inspiring splendor of its illuminating system, which is considered the most beautiful ever achieved at any Exposition; and

Whereas, the official headquarters for San Francisco, the host city of the Exposition at Treasure Island, is the San Francisco building, wherein there is housed vivid dioramas picturing the varied, glamorous and colorful history of our beloved City, exhibits depicting San Francisco's achievements, and spacious reception rooms for official functions; now, therefore, be it

Resolved, That this Board of Supervisors expresses its profound appreciation to the Board of Management of the San Francisco Bay Exposition Company for the construction of the Golden Gate International Exposition, replete with its many beautiful structures, and particularly for the San Francisco building, a splendid edifice of distinguished artistic design, attractive, exquisite in detail and marked with an atmosphere of hospitality characteristic of our City, and urges the citizenry of San Francisco to attend the Golden Gate International Exposition as many times as possible, visit all the splendid exhibits, the Palace of Fine Arts containing priceless paintings of Europe and of America; the State buildings showing the varied products of commerce and industry and the federal exhibit of national defense, as well as the wonderful displays from Mexico, Central and South America, Australia, the South Seas and the mystic Orient; and especially to acquaint themselves with the San Francisco building and avail themselves of all it has to offer in entertainment, information and open-hearted hospitality.

Adopted by the following vote:

Privilege of the Floor.

Mr. Weesley Peoples, colored, on being granted the privilege of the floor, at the request of Supervisor Uhl, outlined to the Board the difficulties the colored race was encountering, in securing lodging facilities for exposition and convention visitors to San Francisco.

Referred to Exposition Affairs Committee.

Diesel Powered Buses.

Supervisor Uhl read a news item wherein it was stated that Diesel-powered buses with engines of an entirely new design are being manufactured for the Fifth Avenue Coach Company and the New York City Omnibus Corp. and requested that the attention of Mr. E. G. Cahill, Manager of Utilities, be called to this article.

Fill for Runway at San Francisco Airport.

Supervisor Uhl announced that his attention had been called, by a prominent dredging concern, that a large runway is being built at the San Francisco Airport, and the possibility of using material dredged from a shell deposit for a fill on the runway under construction. Supervisor Uhl stated that he had been informed that the work could be done faster and at less cost by using this shell deposit than by using the contemplated earth fill. He thereupon, requested the following:

1. Statement as to estimated cost of filling the new runway at the San Francisco Airport with shells to be dredged from the adjacent bay.
2. Statement of estimated cost of making the fill with earth.
3. Will the result of the earth fill on said runway necessitate dredging the mud that will be displaced by the rock shelf?

Also, Supervisor Ratto, in connection with above, requested information from the Public Utilities Commission as follows: How much increase in value will accrue to the land in South San Francisco after the hill is leveled and the site opened for new industrial projects?

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:30 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, February 27, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

plumbing ordinances of the City and County *of San Francisco*, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under fifty (50°) degrees Fahrenheit within said chest.

Section 21. Section 486 of Chapter V, Part II, San Francisco Municipal Code, is hereby amended to read as follows:

SEC. 486. **Permits Required by Vendors of Milk.** No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use, or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, *cream or milk food products*, but no permit shall be granted to anyone where raw milk is received at a central *skimming or* cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk *or raw cream* into the City and County of San Francisco from any central *skimming or* cooling *station* outside the City and County shall be granted unless said milk *or cream* so cooled and shipped or transported comes from dairy farms *or plants* scoring at least seventy-five (75%) per cent, and otherwise complying with the provisions of this Article, and unless said *skimming or* cooling *station* is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk *or cream* is handled as required by this Article, and unless the person owning or operating said *skimming or* cooling *station* shall pay the salary and maintenance of a special inspector appointed by the Director of Public Health, who shall supervise the production of market milk on dairy farms supplying said *skimming and cooling station or* plant, and whose duty it shall be also to inspect and sample all milk received at said *skimming and cooling station or* plant. Said inspector shall also perform such other duties not inconsistent with the provisions of this section, as shall be assigned to him by the Director of Public Health.

Funds sufficient to defray the salary and maintenance of said inspector shall be deposited monthly with an authorized representative of the City and County of San Francisco.

Section 22. Section 486(a) of Chapter V, Part II, San Francisco Municipal Code, is hereby amended to read as follows:

SEC. 486(a). **Application for Permits.** In order to procure permits required by this section the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, *cream or milk food products*, the number of cows in the possession of such applicant, the average quantity of milk, *cream or milk food products* procured, produced or handled and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which milk, *cream or milk food products are* to be imported, sold, exchanged or distributed.

If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk, *cream or milk product* as food for any human being, and that the pro-

duction, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this Article, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Section 23. Section 486(b) of Chapter V, Part II, San Francisco Municipal Code, is hereby amended to read as follows:

SEC. 486(b). **Assignment of Permits.** No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in *his* discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this Article or of any law relating to the production, transportation, storage, sale or distribution of milk, *cream or milk food products*, such permit may be revoked without notice.

Section 24. Section 487 of Chapter V, Part II, San Francisco Municipal Code is hereby amended to read as follows:

SEC. 487. **Procedure for Renewal of Permits Revoked for Cause.** When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred ($500.00) dollars with two (2) sureties approved by the Director of Public Health conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk, *cream or milk food products*.

Section 25. Section 488 of Chapter V, Part II, San Francisco Municipal Code is hereby amended to read as follows:

SEC. 488. **Statements of Permittees.** As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant, *skimming and cooling station* or dairy farm in, or bringing milk, *cream or milk food products* into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement, *sworn to before an officer qualified to administer oaths*, of the sources and amounts of the supply of the milk, *cream, milk fat and milk food products* imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required of applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Section 26. Section 488(a) of Chapter V, Part II, San Francisco Municipal Code, is hereby amended to read as follows:

SEC. 488(a). **Official Number of Permits.** When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Two (2) or more pasteurizing plants or dairy farms under the same ownership

or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, ice milk, buttermilk, *or other milk food products* are sold, marketed, delivered or peddled, shall have the name and address and permit number *of the firm producing or processing the milk or milk food products handled or conveyed thereon or sold or peddled or delivered therefrom* plainly painted thereon in letters at least three (3) inches high and one and one-half (1½) inches wide, on both sides of such vehicles, or if such milk *or milk food products are* sold or exposed or offered for sale, delivery, distribution, or exchange within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, as to be plainly apparent.

Section 27. Section 488(b) of Chapter V, Part II, San Francisco Municipal Code, is hereby amended to read as follows:

SEC. 488(b). **Renewal of Permits.** Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between *December* 1st and January 15th of *the following year*, and said permit shall be renewed, provided the applicant complies and conforms to all the provisions as set forth in this Article; *and provided further that the permit of any producer who fails to ship for a period of ninety (90) days is automatically revoked.*

No person shall operate a pasteurizer for the pasteurization of milk or other milk products until he shall have applied to the Department of Public Health for and obtained a license to do so. Before a license to operate a pasteurizer is issued to any applicant he shall by an oral and written examination and demonstration satisfy the Director of Public Health that he possesses a thorough knowledge of the provisions of this Article and the Agricultural Code of the State of California relating to the pasteurization of milk or milk products. Any license to operate a pasteurizer may be revoked by the Director of Public Health upon evidence or proof that the holder thereof failed or neglected to comply with all the laws, rules and regulations governing the pasteurization of milk and milk products.

This subsection will remain in force until such time as like provisions are incorporated in the Agricultural Code of the State of California.

Section 28. Section 489 of Chapter V, Part II, San Francisco Municipal Code, is hereby amended to read as follows:

SEC. 489. **Right of Entry and Inspection.** In order to carry out the *purposes* and provisions of this Article, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk *cream or milk food products* authorized under the provisions of this Article, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress, and ingress to all places where milk, *cream and milk food products are* stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk, *cream or milk food products*, for the purpose of consumption in the City and County of San Francisco.

It shall be the duty of the said Director of Public Health to cause the dairy farms and *other* establishments from which milk, *cream or milk food products* brought into the City and County of San Francisco *are* obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this Article and all orders issued by said Director are constantly complied with.

It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this section.

It shall be the duty of the owner, agent or manager of any pasteurizing plant, dairy farm, *or other establishment* from which milk, *cream, or milk food products are* brought into the City and County of San Francisco to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk, *cream, or milk food products*, obtained from such pasteurizing plant, *skimming or cooling stations* or dairy *farms, contaminated*, impure or unwholesome.

Section 29. Section 491 of Chapter V, Part II, San Francisco Municipal Code, is hereby amended to read as follows:

SEC. 491. **Milk Coming From Outside the City and County to Be Exposed for Inspection.** It shall be the duty of all owners or consignees of milk, *cream or milk food products* brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk, *cream or milk products* shall not be detained for inspection for a longer period than one (1) hour. It shall be the duty of the owner or consignee of milk, *cream or milk food products* brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk, *cream or milk food products* shall not be detained for inspection a longer period than one (1) hour.

Section 30. Section 492 of Chapter V, Part II, San Francisco Municipal Code, is hereby amended to read as follows:

SEC. 492. **Milk Coming from Outside the City and County to Be Plainly Marked.** It shall be the duty of all owners or consignees of milk *or cream* brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one (1) tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of Shipper.....
Address.....Permit No.....

Section 36. Section 499 of Chapter V, Part II, San Francisco Municipal Code, s hereby amended to read as follows:

SEC. 499. **Regulations of Director.** The Director of Public Health is hereby uthorized to make such rules and regulations not in conflict with this Article or the state law for the purpose of carrying out the provisions of this Article.

REGULATION 1. ERECTION, ALTERATION AND MAINTAINING OF NSANITARY MILK PLANT OR DAIRY FARM STRUCTURES PROHIBITED. No person shall in any dairy, or dairy farm, erect or cause or permit to be rected by alteration, or maintain, any stable, milk house or any other building or structure which, or any part of which, shall be inadequate or defective in respect to strength, ventilation, light, drainage, or any other usual, proper or necessary provision or precaution for the security of health or life.

REGULATION 2. PLANS AND SPECIFICATIONS FOR PASTEURIZING PLANTS, SKIMMING AND COOLING STATIONS AND DAIRY PRODUCTS PLANTS. When required, plans and specifications in duplicate of the pasteurizing plants, skimming and cooling stations and dairy products plants for which application for inspection is made, also of new plants and plants to be remodeled, must be submitted to the Director of Public Health.

REGULATION 3. PLANS AND SPECIFICATIONS FOR DAIRY FARM STRUCTURES. Plans and specifications for dairy farm structures shall be as provided in the Agricultural Code and as fixed by regulation of the Director of Agriculture of the State of California.

REGULATION 4. WATER SUPPLY. Dairy farms, pasteurizing plants, skimming and cooling stations or milk products plants shall be supplied with an abundance of pure water. Water from wells or springs which are not protected against the entrance of flood and surface water shall not be used for cooling milk or cleaning utensils.

REGULATION 5. EXAMINATION OF WATER. A sample of the water shall be furnished the Director of Public Health at any time requested.

REGULATION 6. SITE OF DAIRY STRUCTURES. The milking barn and milk house shall be located in a desirable place away from any contaminating surroundings.

Ample elevation shall be provided to permit carrying sewage away from the structure for at least fifty (50) feet from the milking barn and at least one hundred (100) feet from the milk house. In case natural drainage is not available, the site shall be properly graded so the low point of floor levels will be at least fifteen (15) inches above the surrounding ground level.

The milk house shall be located to the windward of milking barn, corrals, feed sheds, etc., whenever possible.

REGULATION 7. CORRALS, FEED RACKS, CALF AND BULL PENS. Corrals shall not be located closer than twenty-five (25) feet from the milking barn nor closer than fifty (50) feet from the milk house and shall be properly graded and drained.

Feeding racks, calf and bull pens shall not be located closer than one hundred (100) feet from the milk house or fifty (50) feet from the milking barn.

REGULATION 8. MILK HOUSE CONSTRUCTION. (a) **LOCATION AND ARRANGEMENT.** The milk house shall not be less than six (6) feet nor more than fifteen (15) feet from the milking barn and may be under the same roof (extended) as the milking barn. It shall contain at least two (2) rooms; first the milk room which shall be used for cooling and handling milk; second, the wash room for cleaning, washing and sterilizing milk handling utensils and equipment. Compressor, boiler, milking machine motor, etc., shall not be located in milk room. Boilers or heaters that emit smoke, soot, oil or objectionable odors shall not be permitted in the wash room.

(b) **RECEIVING TANK AND POURING PLATFORM.** The receiving tank shall be located on the outside wall of the milk room. The wall behind same shall be finished with smooth cement plaster which shall extend three (3) feet on each side of the tank and three (3) feet above the tank if roof construction will permit and shall extend down to floor. The platform and steps shall be of concrete, masonry or steel construction, properly installed to eliminate all corners and pockets difficult to clean. A rustless pipe with appropriate flanges or other rustless metal shall be placed in the wall at the necessary height to

carry the milk conductor pipe. The hole in the wall used for the conductor pipe shall be equipped with an outside swinging shutter to exclude flies. The pouring platform shall be provided with an adequate roof. Where the roof over the pouring platform is a part of the extended barn roof, it shall be equipped with a satisfactory ventilator.

(c) FLOORS. The floors shall be constructed of concrete at least four (4) inches thick and shall be troweled smooth and true, and shall positively drain to the outlets. A cove of two-inch radius is required at meeting point of floor and walls. A sand cushion of at least six (6) inches shall be placed under concrete floor on soil other than sandy loam. On heavy soils or heavy fills where shifting of soil is probable the floor and walls shall be properly reinforced with steel.

(d) WALL AND CEILING CONSTRUCTION. The inside walls, partitions and ceilings shall be constructed of concrete, masonry or cement plaster and shall have a smooth finish. All walls shall be of concrete or masonry to a height of not less than three (3) feet six (6) inches.

In certain areas, when deemed advisable ceilings and walls above three (3) feet six (6) inches concrete walls, may be constructed of wood installed in a manner that will prevent warping, buckling, etc. However, in all instances, the entire wall or walls behind external milk coolers shall be cement plaster or masonry.

(e) CEILING HEIGHTS. Main ceiling height shall be nine (9) feet from the floor. Where necessary, because of roof construction, ceiling may follow rafters down to the plate which low point, however, shall not be less than seven (7) feet three (3) inches above the floor.

(f) DOORS AND WINDOWS. Milk house shall be equipped with an adequate number of doors and windows. Doors on outside of building shall be properly screened and screen doors shall open outward. Windows shall be of a size to admit sufficient light. Windows and door screens shall be of standard sixteen (16) mesh. Window screens shall be mounted on removable frames and shall open outward. Where solid doors are used in conjunction with screen doors they may open in. Where a combination screen and solid door is used it shall open outward. A screen door shall be installed between the milk room and the wash room. This door shall open into the wash room. Wooden door frames shall not extend closer than six (6) inches from the floor.

(g) VENTILATION. At least one (1) wall ventilator shall be installed horizontally not more than six (6) inches nor less than three (3) inches above the floor in both the milk room and wash room. The ventilators shall be of a size that will provide one (1) square inch of ventilation for each square foot of floor space for each room. The bottom surface of the opening shall slope down toward the floor. Removable screens shall be installed on the outside of these ventilators and removable shutters may be installed when deemed necessary. Ceiling vents leading to roof ventilators shall be required in both milk room and wash room. These shall be at least twenty-four (24) inches in size and shall be equipped with removable fly escape. Roof ventilators shall be of a size large enough to properly ventilate the room. These must exclude dust, rain, birds, trash, etc.

(h) DRAINAGE. Drainage from the milk house may be through the wall or under the door in the wash room to the gutter in the barn, or it may be by-passed around the barn and connected with the barn drain. If the floor drains are used, they shall be screened to exclude trash, have a satisfactory water trap, be properly vented and sewer lines shall contain clean-out plug. If desired, the milk house drainage may be independent of the barn drainage.

(i) PAINTING. All inside woodwork must be properly painted with a light colored waterproof paint.

(j) REFRIGERATION. Equipment to satisfactorily cool market milk shall be provided. When refrigeration boxes are installed they shall not extend into the milk room to the extent of jeopardizing working space.

REGULATION 9. MILKING BARN CONSTRUCTION. (a) SIZE. A milking barn of adequate size shall be provided for all dairies producing market milk.

(b) LIGHT AND VENTILATION. The milking barn shall have at least four hundred (400) cubic feet of air space and at least three (3) square feet of window space with or without glass for each cow.

(c) STALLS. The stall or standing platform shall not be less than three (3) feet wide for each cow and shall be from four (4) feet ten (10) inches to five (5) feet from stanchion curb to gutter depending on the size of the cattle. In the walk-through type barn, the platform shall be seven (7) feet long.

(d) LITTER ALLEY. The litter alley exclusive of gutter shall be not less than four (4) feet nine (9) inches wide behind a single string of cows. In head-out double barns, the litter alley shall be at least eight (8) feet wide between gutters. In the walk-through type barn, the litter alley shall be at least six (6) feet wide including gutter.

(e) FEED ALLEY. The feed alley in single and two-string head-out barns, shall be a minimum distance of five (5) feet nine (9) inches wide between stanchion line and wall. In two-string head-in barns, a minimum of ten (10) feet between stanchions is required. The feed alley floor shall be elevated at least as high as the top of the stanchion curb.

(f) WALK-THROUGH ALLEY. In the walk-through barn, the alley in front of the cows shall be at least four (4) feet nine (9) inches wide.

(g) GUTTERS. In both the walk-through type and standard stanchion barn a trench gutter is required. It shall be not less than fourteen (14) inches wide and four (4) inches deep, sloping one-half (½) inch across its bottom to the litter alley, and shall have a uniform depth for its entire length. Gutters shall not continue through end walls but shall have outlet through the door.

(h) CURBS-STANCHIONS AND MANGERS. The curb shall be at least six (6) inches thick, and twelve (12) inches high from the stall floor. The corners shall be rounded off. Steel stanchions or surfaced wood stanchions may be used. The lower horizontal member shall be at least two (2) inches above the stanchion curb. Stanchion posts shall be anchored to top of curb by U-shape strap iron anchors or equivalent; a wood sill is prohibited. The mangers shall have a minimum width of two (2) feet three (3) inches with a back wall at least as high as the curb. Sharp corners shall not be permitted. The mangers shall have a low point eight (8) inches out from the curb and at least three (3) inches above standing platform. A true lengthwise slope must be provided and a drain at least three (3) inches in diameter installed at low end for easy cleaning.

(i) FLOOR SLOPE AND FINISH. The entire floor, including the alleys, gutters, mangers and curbs shall slope lengthwise one (1) inch in each ten (10) feet. The standing platform and litter alley shall slope one (1) inch toward the gutter. The gutters, mangers, curbs and feed alleys shall be finished smooth with a steel trowel. The standing platform and litter alley shall be given true, even surface with a wood float, and, to eliminate being too slippery, a final finish with a stiff rattan barn broom, or other suitable instrument, drawn toward the gutter. A sand cushion of at least six (6) inches shall be placed under concrete floor on soil other than sandy loam. On heavy soils or heavy

fills where shifting of soil is probable the floor and walls shall be properly reinforced with steel.

(j) WALLS. All walls shall be of masonry or reinforced concrete and shall be at least three (3) feet six (6) inches in height above the floor. Walls shall be finished smooth on the inside with the top ledge on open walls rounded.

(k) VENTILATORS. Adequate ventilation shall be provided for the milking barn.

(l) WASH SINK. A stationary hand wash basin connected with the water supply piping shall be provided convenient to the line of travel between the barn and pouring platform. Said basin to be equipped with individual soap and towels.

(m) PAINTING. Only waterproof paints or oils shall be used in the barn.

(n) RAMP. A concrete ramp with non-skid surface and of adequate size shall be provided. It shall be constructed so that it will not drain into the corral.

(o) FEED STORAGE ROOMS. Grain and feed storage rooms shall be properly partitioned off from the milking barn proper.

REGULATION 10. TOILETS. Each dairy shall be provided with adequate toilet facilities. Each toilet shall be of a sanitary type, properly flyproofed and accessible.

REGULATION 11. CLEANSING AND WASHING OF UTENSILS, ETC. (a) WASHING. On dairy farms and in pasteurizing plants, skimming and cooling stations and dairy product plants, all cans, bottles and utensils shall be thoroughly washed in water containing lye, sodium carbonate (sal soda) or some substitute containing a mixture of these or some other suitable cleansing compound, with or without soap.

(b) RINSING AND STERILIZING AFTER WASHING. After being washed off, all cans, bottles and other utensils shall be thoroughly rinsed in a tank or tub having a constant inflow of clean, fresh water. The rinsing tank or tub, while in use, must have a constant inflow and outflow of water. After being rinsed, all cans, bottles and other milking utensils shall be effectively sterilized by the action of live steam. After being so subjected to live steam, said cans, bottles, or other milk utensils shall not be allowed to stand in any place where they are exposed to dirt, dust, flies, or other contamination.

(c) WASH TRAYS. Wash trays and rinsing tanks used for the cleansing of cans, bottles and other milking utensils shall not be used for any other purpose.

(d) CLEANING OF BRUSHES. All brushes, scrapers and other appliances used in cleaning cans, bottles and other utensils must be sterilized daily and at all times must be free from incrustations and dirt.

(e) DAILY CLEANSING OF WASH TANKS AND FLOORS. Wash trays and tanks for cleansing and rinsing milk utensils and the floors of the wash room must be cleaned daily.

REGULATION 12. CARE OF HERD. (a) HAIR CLIPPING. All long hairs about udders and flanks must be clipped and tails of cows must be kept short enough to clear the ground.

(b) SICK ANIMALS. Sick cows, or cows showing signs of tuberculosis, contagious abortion, mammitis, mammary abscess, disease of the udder or teat, or actinomycosis (lumpjaw), or other evidence of ill health, or suspected of

being ill shall be at once removed from the main stable and the milk of such shall be discarded.

REGULATION 13. MEN AND ANIMALS MUST BE CLEAN. No milk shall be taken from any cow, goat, or other milk-producing animal unless such animal shall be in a clean condition; nor shall any such milk be taken from any animal except by an employee or other person who is himself in a cleanly and healthy condition.

REGULATION 14. FEEDING AND WATERING THE HERD. (a) WHOLESOME FEED. The feed provided for dairy herds must be sweet and clean and of such a nature as to give no odor to, or otherwise affect the taste or character of the milk. Fermented beet pulp, vegetable refuse, or swill, are positively prohibited.

(b) MANNER AND TIME OF FEEDING. Cows shall be fed liberally and regularly; that is, in the same way and at the same hour every day.

(c) SELECTION OF RATION. The selection of the ration shall be supervised and any change therein approved by the Director of Public Health.

(d) DRY AND DUSTY FEED. No dry or dusty feed shall be given within one (1) hour previous to milking. If its use is necessary, it must be sprinkled before it is fed.

(e) FEED TO BE SEPARATED FROM HERD. All foodstuffs must be kept in an apartment separate from the animals.

(f) DRINKING WATER. Pure water shall be given at regular and frequent intervals.

REGULATION 15. CARE AND DELIVERY OF MILK. (a) EMPTYING OF MILK BUCKETS, STRAINING OF MILK. Immediately after receiving each pail as filled, the milk shall be taken to the milk house and emptied into a strainer from a platform outside the milk house. It shall be then promptly strained through a fine wire gauze and a layer of absorbent cotton protected on either side by a layer of cheese cloth, or equally good strainer.

(b) COOLING OF FRESH MILK. The milk after being drawn and strained shall be cooled at once to a temperature of forty-five (45°) degrees Fahrenheit, except when milk is delivered to a central skimming and cooling station within two (2) hours after being drawn. Milk intended for consumption in San Francisco must be shipped within four (4) hours after it is drawn.

(c) MIXING OF MILK PROHIBITED. Night and morning milk shall not be mixed, nor shall ice be put into the milk.

(d) STORING OF MILK. Milk may be stored, while on the farm, in the regular refrigerator room or in an ice box in the milk room. The ice box shall be thoroughly scrubbed at least once daily and indirectly trapped to prevent the entrance of sewer gas.

(e) WIRING OF SHIPPING TANKS AND CANS. All tanks and cans in which milk is transported from the dairy farm into San Francisco and all empty containers returned to the dairy farm, shall have the covers securely wired to the handles on each side of the tank or can.

(f) DRINKING MILK FROM COVERS PROHIBITED. No person shall drink from any vessel or utensil, or the cover thereof, which is used for the delivery of milk, nor shall any tank, can, bottle or utensil used for the purpose of delivering milk be used for any other purpose.

(g) USE OF MILK TANKS OR UTENSILS FOR HEATING MILK, CREAM OR MILK PRODUCTS PROHIBITED. It shall be unlawful to place any milk tank, can or utensil used in the delivery of milk, cream or milk products on or about a stove or other heating apparatus.

(h) MILK CANS MUST NOT BE LEFT ON SIDEWALK. Milk cans containing milk or empty, delivered to or received from grocery stores, bakeries, delicatessen stores, restaurants, depots or other similar places shall not be left upon the sidewalk or street.

(i) TRANSIT OF MILK, CREAM OR MILK PRODUCTS FROM POINT OF ENTRY TO DAIRY. The transit of milk, cream or milk products from point of entry into San Francisco to the dairy depot, pasteurizing plant or dairy products plant shall be made within one (1) hour from the time of arrival.

(j) CARE AND DELIVERY OF MILK, CREAM OR MILK PRODUCTS TO CONSUMER. While awaiting delivery to the city, milk, cream or milk food products shall be stored at a temperature of not more than forty-five (45°) degrees Fahrenheit and kept free from contamination.

REGULATION 16. MILKERS AND MILKING. (a) PERSONAL HYGIENE OF EMPLOYEES. Milkers and employees shall be clean in habits and appearances.

(b) OUTER GARMENTS, CARE OF. A special suit of clean, outer garments and cap shall be worn during milking and at no other time; when not in use, these must not be kept in the stable or living room, but in a clean and well ventilated place.

(c) MILKERS TO WASH HANDS BEFORE MILKING. Before beginning to milk the milkers' hands shall be carefully washed with soap and then rinsed in clean water.

(d) CLEANING OF UDDERS AND FLANKS. No milk shall be taken from any cow, goat or other milk-producing animal unless such animal shall be in a clean condition. The udder and surrounding parts of every cow shall be cleaned before each milking.

All milking stools must be of a type approved by the Director of Public Health and must be cleaned after each milking.

(e) WET MILKING AND USE OF EMOLLIENTS PROHIBITED. The milkers' hands shall be kept clean and dry when milking; they shall not come in contact with the milk. The use of vaseline, lard, oil or other substances is strictly prohibited on cows' teats during the process of milking.

(f) REJECTION OF FORE MILK. The first three (3) or four (4) streams of milk from each teat shall be discarded.

(g) HOURS AND MANNER OF MILKING. Milking shall be done in a quiet, clean and thorough manner, and at the same hours daily.

(h) BLOODY AND STRINGY MILK. If the milk from a cow is bloody or stringy, or thick, or it has an unnatural appearance, or if manure gets into it, it shall be discarded and the pail washed and sterilized before it is used again.

(i) MILK OF COWS SEPARATED FROM HERD. Cows separated from the herd shall be milked after all others are milked, and this milk must not be used except as food for stock.

(j) DOMESTIC ANIMALS AND OTHERS EXCLUDED FROM MILK ROOM. Milkers and other helpers not directly concerned in the straining, separating

and filling of containers shall not be allowed within the milk house while the milk is being strained or handled; nor shall any domestic animals be allowed therein.

(k) CLEANING OF MILK ROOM. The milk house shall be washed and hosed down twice daily with fresh water.

REGULATION 17. EMPLOYEES' LIVING QUARTERS. The living quarters of the employees of all dairies or dairy farms shall be contained within buildings or structures which shall be wholly separate, distinct and disconnected from the buildings or structures wherein the cattle of such dairies may be housed; the beds in all such living quarters, and in every room in which beds are kept or provided for such employees shall be separated by a passageway of not less than two (2) feet, horizontally; and all such beds shall be so arranged that under each of them the air shall freely circulate, and there shall be adequate ventilation; and five hundred (500) cubic feet of air space shall be provided and allowed for each bed or employee, and no more beds shall be permitted than those provided for according to the terms of this Article, unless free and adequate means of ventilation exists, to be approved by the Director of Public Health, and a special permit in writing be granted therefor, specifying the number of beds or the cubic air space which shall under special circumstances be allowed.

REGULATION 18. OWNERS MUST KEEP QUARTERS CLEAN AND PROVIDE BATH AND OTHER CONVENIENCES. Every owner, lessee, tenant, occupant, proprietor or manager of any dairy or dairy farm shall cause every part thereof and the appurtenances to be put and shall thereafter cause the same to be kept in a cleanly and wholesome condition and shall cause every part thereof in which any person may sleep, dwell or work to be adequately lighted and ventilated according to the direction of and to the satisfaction of the Director of Public Health; and proper accommodations for urinals, water closets, bath tubs and washing utensils shall be provided, according to the direction and to the satisfaction of the Director of Public Health.

REGULATION 19. HEALTH OF EMPLOYEES. The Director of Public Health or his representatives shall inspect all buildings connected with the dairy, or dairy farms, and all persons who directly or indirectly come in contact with the industry, and where deemed necessary he shall demand a certificate of health or make a physical or other examination to establish the health of any or all persons on a dairy or dairy farm. The dairyman shall keep informed as to the health of all employees and the members of their households. No person connected with the dairy shall enter a house where it is known that there has been an infectious disease, until it has been disinfected. No employee or other person who has been in contact with any infectious disease shall be permitted in the dairy.

REGULATION 20. SALE OF MILK TO BE STOPPED WHEN COMMUNICABLE DISEASE OCCURS. No person with a throat infection or who is otherwise ill shall be admitted to the stable or milk room.

The existence of smallpox, typhoid fever, diphtheria, scarlet fever, measles or other contagious diseases on, or in the vicinity of, the dairy farm shall be promptly reported to the Director of Public Health, and the sale of milk shall be stopped until its resumption is authorized by said Director.

Final Passage.

The following recommendation of the Committee on Fire, Safety and Police, heretofore passed for second reading, was taken up:

Regulating the Designation of Portions of Streets and Sidewalks as Being Exempt, in Whole or in Part, from the Stopping or Parking of Automobiles, Providing for the Marking Thereof, and for the Defraying of the Cost of Said Marking, and for the Issuance of Permits for Said Marking and for the Fee for Said Permits.

(Code No. 11.02)

Bill No. 1645, Ordinance No. 11.0241, as follows:

Regulating the designation of portions of streets and sidewalks as being exempt, in whole or in part, from the stopping or parking of automobiles, providing for the marking thereof, and for the defraying of the cost of said marking, and for the issuance of permits for said marking and for the fee for said permits.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Police Commission shall have power to regulate traffic, including the location and use of traffic control devices for that purpose. Said Commission shall also have power to designate portions of streets and sidewalks as being exempt, in whole or in part, from the stopping or parking of automobiles or motor vehicles in front or alongside of said portion so designated.

Section 2. Designations of portions of streets and sidewalks as being places, exempt in whole or in part from the stopping or parking of automobiles, and other motor vehicles, shall be and they are hereby separated into two classes, to be known respectively as Class "A" and Class "B."

Class "A" shall mean and include that portion of any street or sidewalk, exempt in whole or in part from the parking of automobiles, or other motor vehicles, where said exempt portion is used or intended to be used for the purpose of providing some special facility in carrying on the business of some person, firm, or corporation, or in using his or its property.

Class "B" shall mean and include that portion of the street or sidewalk, exempt wholly or in part from the parking of automobiles, or other motor vehicles when such exemption is intended for the use of the public and not included within the meaning of Class "A."

Section 3. Whenever the Police Commission upon the application of any person, firm or corporation makes a Class "A" designation, it shall notify the Tax Collector of that fact. The Police Commission shall also furnish the Tax Collector with the name and address of the applicant and the location of the place to be painted.

Section 4. Whenever any person, firm or corporation desire to obtain a "Class A" designation of a certain portion of any sidewalk, application therefor shall be made to the Police Commission upon forms to be provided by the Commission. Said application shall be signed by the applicant, and shall state the exact location of said "Class A" designation, the length thereof, the nature of the business conducted or carried on by the applicant and the reasons for asking for said designation.

A fee of five dollars shall be paid by the applicant to the Police Commission to defray the cost of making the necessary survey and investigation by the Police Department as to the advisability and necessity of making said designation. No portion of said fee shall be returned to the applicant whether said application is granted or denied.

Section 5. Upon receipt of the said application it shall be the duty of the Chief of Police to cause said application to be investigated and

from said investigation to determine whether said application should be granted, having due regard for the effect of said designation upon the use of said street by the public generally and by other persons doing business or owning property adjacent to said requested designation, as well as to the same being necessary to said applicant. The Chief of Police shall have full power to grant or refuse said application. If the same is refused the application shall not be renewed for a period of six months. If the same is granted the Chief of Police shall send a copy thereof with the approval, either in whole or in part, to the Tax Collector, and upon the payment by the applicant to the Tax Collector of the fee to defray the cost of painting said designation, the Tax Collector shall issue a license to said applicant which shall, during the existence thereof, authorize said applicant to maintain said designation. The fee to defray the cost of painting said designation shall be six cents per lineal foot for each lineal foot of space included in said designation. Upon the presentation of said license to the Chief of Police, showing the payment of the necessary fee to defray the cost of painting said designation the said designation shall be painted under the supervision of the Chief of Police. It shall thereupon remain the designation of the applicant until said permit and license to maintain it is revoked by the Chief of Police, provided that at least once during each six months the applicant or owner of said designation shall pay to the Tax Collector the necessary cost at the rate hereinbefore specified to repair the same, whereupon it shall be the duty of the Tax Collector to advise the Chief of Police of said payment, and it thereupon will become the duty of the Chief of Police to cause said designation to be repainted. Should any applicant desire a more frequent repainting of said designation he may obtain the same by the payment of the requisite fee therefor to the Tax Collector.

Section 6. Notwithstanding any provisions in this ordinance to the contrary, the Police Commission shall have full power to revoke any designation made as in this ordinance provided. When a designation has been revoked by said Police Commission, the Tax Collector shall be notified to that effect, and no further license for the specific place covered by Class "A" designation shall be made unless the Police Commission at some subsequent time may make a new Class "A" designation for the place involved. It shall be the duty of the Chief of Police to revoke any designation when the same is not repainted as herein provided.

Section 7. Applications for designations of Class "B" shall be made to the Police Commission, and in connection therewith, no filing fee shall be required. Should the said Class "B" designation be made by the Police Commission, no license fee shall be imposed for the painting or repainting of same.

Section 8. All designations made by the Police Commission before the effective date of this ordinance shall remain in full force and effect until revoked by said Commission. After the effective date of this ordinance, the painting of Class "A" designations shall be done only upon the payment of the lineal foot license rate herein specified, and at least every six months.

Section 9. No person shall paint any street or sidewalk, or portion thereof, except in conformity with this ordinance. Painting done or maintained in violation of this ordinance may be removed by the Police Department without notice.

Section 10. The term "loading zone" as used herein shall not be construed to include or apply to vehicle stands established under the ordinances of the City and County of San Francisco for the use of taxicabs, sightseeing buses, limousines and other public vehicles for hire and the provisions of this ordinance shall not be applicable to such vehicle stands nor to such public vehicles for hire.

Section 11. Every person, firm or corporation violating any of the

provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than $500, or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

Finally passed by the following vote:

Approved by the Civil Service Commission, W. L. Henderson, Personnel Director.

Discussion.

Supervisor Colman announced that several citizens had inquired as to the effect this proposed reclassification would have on the status of Miss Lotus Coombs, head clerk-stenographer in the Mayor's Office. Supervisor Colman commended Miss Coombs highly on her efficiency as secretary to the many Mayor's Citizens' Committees. He stated, also, that he believed the duties of the position sought to be reclassified to be substantially the same as in the past, and felt that the purpose of the proposed reclassification was to permit an increase in salary, and feeling such method for obtaining increased salary not to be proper, he must vote *no* on the proposed legislation.

Supervisor Brown stated that since the foregoing matter appeared on the calendar previously, at which time he was opposed to it, he had made an investigation of the situation and he had been assured that the passage of this proposed legislation would have no effect at all upon the status of Miss Coombs, who would continue in her present duties, and he would, therefore, vote in favor thereof.

President Shannon, Supervisor Roncovieri and Supervisor Uhl all were agreed that the passage of the foregoing bill could in no way affect the status of Miss Coombs.

Mr. Eric Cullenward, executive secretary to the Mayor, and Mr. W. L. Henderson, Secretary, Civil Service Commission, outlined the duties and the responsibilities of the employment sought to be reclassified.

Thereupon, Supervisor Colman reiterated his intention to vote *no*, stating that if he received additional information on the subject that would cause a change of mind, he would vote *yes* on final passage.

Passed for Second Reading.

Whereupon, the roll was called and the foregoing bill was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, McGowan, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.
Noes—Supervisors Colman, Schmidt—2.
Absent—Supervisor McSheehy—1.

Congratulating the Personnel of Treasure Island.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 124, as follows:

Whereas, Treasure Island has thrown open its gates of gold, inviting the world to come and view its wonders, enjoy its splendor and participate in the entertainment which it provides; and

Whereas, it is a most difficult task to embark upon a project of this magnitude and to make it function smoothly and with a minimum of inconvenience to those whom it serves; and

Whereas, this most difficult task has been handled with dispatch and aplomb by the personnel of the Exposition and notably the guides, guards and cashiers, under the patient and intelligent guidance of Mr. J. C. Wilson, chief of that division; now, therefore, be it

Resolved, That on behalf of the People of the City and County of San Francisco, this Board of Supervisors publicly acclaims the fine spirit and good work of the personnel on Treasure Island, and expresses to them its hearty gratitude therefor; and be it

Further Resolved, That copies of this resolution be sent to Mr. Leland Cutler, president of the Golden Gate International Exposition Company, and to Mr. J. C. Wilson, Chief of the Division of Personnel.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor McSheehy—1.

Commending and Honoring Workmen on Treasure Island and San Francisco Bridges.

(Series of 1939)

Supervisor Mead presented:

Resolution No. 125, as follows:

Whereas, upon the shoals of Yerba Buena Island, in San Francisco Bay, there rests in a field of blue-green velvet, like a great opal solitaire, a fairy city—Treasure Island—the setting for the Golden Gate International Exposition, conceived and produced to commemorate the completion of the San Francisco-Oakland Bay Bridge and the Golden Gate Bridge; and

Whereas, although these colossal structures, together with Treasure Island and the Expositon, constitute a far greater tribute than is possible through human plaudits, it is fitting that some audible expression of our heartfelt appreciation be given to those artisans whose skill and energy are reflected in the inherent glory of these man-made wonders; now, therefore, be it

Resolved, That this Board of Supervisors, acting on behalf of the People of the City and County of San Francisco, does hereby tender felicitations and an expression of deepest gratitude to the workmen who made these great projects possible; and be it

Further Resolved, That this Board does pause, for the People, to pay honor and respect to the memories of those fine, brave men who lost their lives in these progressive and constructive works, and to reiterate to the bereaved survivors of their families, earnest and sympathetic condolences; and be it

Further Resolved, That copies of this resolution be sent to the State Federation of Labor, to the San Francisco Building Trades Council and to the San Francisco Labor Council.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor McSheehy—1.

City Attorney to Appear Before the State Railroad Commission When the Petition of the Pacific Greyhound Bus Application Is Under Consideration to Present Argument for a Fair and Equitable Commutation Rate for Bus Service Over the Golden Gate Bridge.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. ....., as follows:

Whereas, San Francisco is vitally interested in the establishment of

a fair and equitable commutation rate for bus service over the Golden Gate Bridge between San Francisco and the northern counties; and

Whereas, it is conservatively estimated that increased use of the bridge in the immediate ensuing years will show a healthy condition of bridge finances due to additional revenues and the new rate schedule for higher truck tolls, as well as the discontinuation of the service now furnished by the Northwestern Pacific Railroad Co., between Marin County and San Francisco; and

Whereas, it is the expressed and confident prediction of the general manager of the Golden Gate Bridge District that the continued growth of traffic will show a profit in the years 1940 and 1941; now, therefore, be it

Resolved, That the City Attorney be and he is hereby directed to appear before the California State Railroad Commission when the petition of the Pacific Greyhound bus application is under consideration and present argument for a fair and equitable commutation rate that will inure to the benefit of San Francisco and the commuters from Marin and other northern counties.

Referred to Public Utilities Committee.

Governor Requested to Separate Traffic Lanes on San Francisco-Oakland Bay Bridge to Prevent Head-On Collisions.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. ....., as follows:

Whereas, a considerable number of fatalities have occurred on the San Francisco-Oakland Bay Bridge; and

Whereas, in several instances the head-on collision costing life was due to motorists crossing into the opposite lane, the most recent being when a motorist crossed from the second lane to the fifth lane; and

Whereas, it is evident, judged by past experience, that fatalities will occur so long as a motorist can cross to an opposite lane; now, therefore, be it

Resolved, That His Excellency Culbert L. Olson, Governor of the State of California, be requested to instruct the Toll Bridge Authority to separate the lanes on the San Francisco-Oakland Bay Bridge, going in opposite directions, by any method that will put a stop to fatalities caused by head-on collisions.

Referred to Public Utilities Committee.

Endorsing Senate Bill No. 1094, Increasing Judges of the Superior Court of the State of California, in and for the City and County of San Francisco From Sixteen to Twenty.

(Series of 1939)

Supervisor Mead presented:

Resolution No. ....., as follows:

Whereas, Senate Bill No. 1094, introduced by Senator John F. Shelley of San Francisco, provides for increasing the number of judges of the Superior Court of the State of California, in and for the City and County of San Francisco, from sixteen to twenty; and

Whereas, the last increase in the number of said judges occurred in the year 1914; at which time said number was increased from twelve to sixteen; and

Whereas, since the year 1914 the population of San Francisco has increased in excess of 50 per cent and the business of said Superior Court has increased in like proportion; and

Whereas, the additional judges provided for in said Shelley bill are necessary for the due and proper administration of justice in the City and County of San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors favors the adoption of said

Senate Bill No. 1094 by the Legislature of the State of California, and that copies of this resolution be forwarded to the Senate and Assembly of the State of California.

Referred to the Finance Committee.

Enlargement and Development of San Francisco Yacht Harbor.

Supervisor Uhl presented resolution adopted by the San Francisco Yacht Harbor Association, requesting the enlargement and development of the Yacht Harbor, the purchase of property therefor and the completion of a unit of the Yacht Harbor extension breakwater eastward, to provide for the accommodation of boat owners.

Authorizing Execution of Agreement with Agricultural District 1A for Sewer Construction.

(Series of 1939)

Also, Resolution No. 135, as follows:

Authorizing the City and County of San Francisco to enter into an agreement with Agricultural District No. 1A to connect a sewer, disposing of its sewage, with certain sewers in the City and County of San Francisco upon condition that all sewers necessary for the purpose of making said connection shall be built without expense to the City and County of San Francisco and that all sewers constructed within the limits of the City and County of San Francisco shall be and become the property of the City and County of San Francisco, and providing for the joint upkeep of said sewers and any sewage disposal plants used in connection therewith.

Whereas, Agricultural District No. 1A is about to construct a sewer from its building on its property and is desirous of connecting the same with certain sewers in the City and County of San Francisco; now, therefore, be it

Resolved, That permission is hereby granted to said Agricultural District No. 1A to connect a sewer caring for the sewage from its property with a new sewer to be constructed approximately 800 feet in length from the end of the existing sewer at the west property line of Schwerin street, approximately 697 feet south of the south property line of Sunny Dale avenue, said last mentioned sewer to be approximately 800 feet in length extending in an easterly direction from the point of commencement. Said Agricultural District No. 1A will have permission to connect with said last mentioned sewer upon condition that it constructs its sewer to the point of connection and also that it constructs said 800-foot sewer all without cost to the City and County of San Francisco in accordance with the plans and specifications to be prepared by the Director of Public Works of said City and County of San Francisco. That when either of said sewers are constructed within the limits of the City and County of San Francisco they shall become and remain the property of the City and County of San Francisco; and be it

Further Resolved, That no sewage except the sewage from Agricultural District No. 1A shall be discharged into either of said sewers without written approval of the Director of Public Works of the said City and County of San Francisco; and be it

Further Resolved, That said agreement shall provide that whenever any disposal plant is necessary to care for the sewage into which said sewage from said Agricultural District No. 1A is discharged, said District shall bear a proportionate amount of the cost of construction and maintenance of said sewage disposal plant; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco be and they are hereby authorized to execute this agreement for and on behalf of the City and County of San Francisco.

Approved as to form by the City Attorney.

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the assessment district, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors February 28, 1939, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten (10) installments; that the period of time after the time of the payment of the first installment when each of the succeeding

installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Seventeenth street (N. ½) between 324.85' and 349.85' east of Temple street by the construction of a redwood bulkhead, three (3) feet in height, including the removal of material from the sidewalk area and roadway.

The assessment district hereby approved is described as follows:

Within the exterior boundary of that certain lot delineated, designated and numbered as Block No. 2646, Lot No. 17, being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

Ordinance Amending Sections 2 and 15 of Ordinance No. 1.075 (Bill No. 1734), Enacting the San Francisco Municipal Code; an Emergency Ordinance.

(Series of 1939)

Bill No. 98, Ordinance No. 76, as follows:

An ordinance amending Sections 2 and 15 of Ordinance No. 1.075 (Bill No. 1734) enacting the San Francisco Municipal Code; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2 of Ordinance No. 1.075 (Bill No. 1734) is hereby amended to read as follows:

Section 2. *Short Title, Reference to Code in Prosecutions—Designation in Ordinances.* The Municipal Code shall be known as the "San Francisco Municipal Code," and it shall be sufficient to refer to said code in any prosecution for the violation of any provisions thereof or in any proceeding brought thereunder to refer to a section or sections of either Part I or Part III or to a section or sections of one of the codes contained in Part II; it shall also be sufficient to designate any ordinance adding to, amending or repealing any portion of said code as an addition or amendment to or a repeal of such portion of the "San Francisco Municipal Code."

Section 2. Section 15 of Ordinance No. 1.075 (Bill No. 1734) is hereby amended to read as follows:

Section 15. *Printing and Distribution.* From and after the effective date of the Municipal Code and as often as deemed necessary, the Board of Supervisors, by resolution, may direct the Clerk, through the Purchasing Department, to arrange for the printing in a bound volume and distribution to departments, boards, commissions, bureaus, offices or any officer or employee thereof and to the public, of the Municipal Code, and the Board of Supervisors, by resolution, may fix a reasonable charge, not to exceed the cost of publication and distribution, for copies of the Municipal Code. The Clerk is hereby directed to have printed in sufficient number portions of the Municipal Code in pamphlet form and slips containing additions, amendments or repeals proper for pasting into the Municipal Code or in the pamphlets for distribution without charge.

Section 3. *Emergency Measure.* This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, to-wit: To provide for the proper reference in prosecutions or proceedings and for amendments, additions and repeals in printed form so that there shall be uninterrupted operation of all City and County departments and offices.

Adopted.

The following recommendation of the Public Utilities Committee was taken up:

Governor to Request Toll Bridge Authority to Provide for Separated Traffic Lanes on S. F.-Oakland Bay Bridge to Prevent Head-On Collisions.

(Series of 1939)

Resolution No. 136, as follows:

Whereas, a considerable number of fatalities have occurred on the San Francisco-Oakland Bay Bridge; and

Whereas, in several instances the head-on collision costing life was due to motorists crossing into the opposite lane, the most recent being when a motorist crossed from the second lane to the fifth lane; and

Whereas, it is evident, judged by past experience, that fatalities will occur so long as a motorist can cross to an opposite lane; now, therefore, be it

Resolved, That His Excellency Culbert L. Olson, Governor of the State of California, be requested to instruct the Toll Bridge Authority to separate the lanes on the San Francisco-Oakland Bay Bridge, going

in opposite directions, by any method that will put a stop to fatalities caused by head-on collisions.

Adopted by the following vote:

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request to Rescind Action on Howard Street Bus Line.

Supervisor McSheehy presented communication requesting that action making appropriation of $228,000 for Howard Street Bus Line be rescinded.

Motion to Rescind.

Whereupon, Supervisor McSheehy moved to rescind the following ordinance, heretofore passed on February 27, 1939:

Appropriation of $228,000 from Surpluses in Municipal Railway Funds for Establishment of Trolley Bus Line Along Howard Street and Van Ness Avenue South, from Beale to Army Streets.

(Series of 1939)

Bill No. 63, Ordinance No. 63, as follows:

Appropriating $144,000 from the surplus existing in the Municipal Railway Operating Fund and $84,000 from the surplus existing in the Municipal Railway Reconstruction and Replacement Fund for the purpose of establishing a trolley bus line from Beale street to Army street and return, along certain streets.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $228,000 is hereby appropriated and set aside out of surplus existing in the following funds in the amounts indicated:

Municipal Railway Operating Fund	$144,000
Municipal Railway Reconstruction and Replacement Fund (65.913.00)	84,000
	$228,000

to the credit of the following appropriations in the amounts indicated:

Appropriation No. 865.400.00	$126,000
Appropriation No. 865.500.00	102,000
	$228,000

for the purchase of equipment and for the purchase and construction of pole lines and feeders, overhead wires and storage and service structures and any other structures and appurtenances necessary for extending the Municipal Railway System in the Mission District of the City and County of San Francisco by means of a trolley bus line from Beale street along Howard street and Van Ness avenue South to Army street; thence along Army street to Shotwell street to Twenty-sixth street; thence along Twenty-sixth street to Van Ness avenue South; thence returning via Van Ness avenue South and Howard street to Beale street.

Ayes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon—9.

No—Supervisor Uhl—1.

Absent—Supervisor McSheehy—1.

Statement of Supervisor McSheehy.

I favor the bus route on Howard street and have so for a number of years but I think a great mistake is being made in placing trackless trolley route on Howard street because the cost is twice what it should be if busses were placed on Howard street; therefore, the Mission District is only receiving one-half the service it should be getting by the placing of trackless trolleys on Howard street instead of busses on Howard street.

Motion to Rescind Action Defeated.

Whereupon, the motion to rescind action on Bill No. 63, Ordinance No. 63, was *defeated* by the following vote:

Ayes—Supervisors McSheehy, Uhl—2.

Noes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisor Brown—1.

Passed for Second Reading.

The following recommendations of the Finance Committee were taken up:

Providing for Amount Per Diem, Officers and Employees, Traveling Expense on Official Business.

(Series of 1939)

Bill No. 99, Ordinance No. ....., as follows:

Providing for the amount per diem for the fiscal year 1938-1939 for officers and employees of the City and County of San Francisco for traveling expenses, exclusive of transportation and Pullman charges, and excluding traveling expenses incurred in the discharge of routine duty, and directing the Controller to establish rules for payment of claims for traveling expenses.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. During the fiscal year 1938-1939 any officer or employee of the City and County of San Francisco, except in the discharge of routine duties, who shall, under the authority of law or ordinance, leave the City and County for the purpose of performing any official duty for or on behalf of the City and County; or for the purpose of ren-

dering any service to, or for the City and County, or for the purpose of officially representing said City and County, or any commission or department thereof, said officer or employee shall be allowed as the expense incident to said service the actual cost of transportation, including Pullman charges, if any, together with an amount not to exceed fifteen dollars per day for each and every day while said officer or employee is absent on said official business.

Section 2. Allowance for traveling expense shall be based upon the most efficient, direct and economical mode of transportation required by the occasion, provided, however, that at the option of the person authorized to leave the City and County of San Francisco on official business, travel may be accomplished, in the State of California, by such means as the person so authorized deems proper. In extraordinary or emergency cases, transportation to points outside the State of California may be contracted in the most expeditious and expedient manner.

Section 3. The number of days which shall be used as the basis for computing the allowance for expense other than transportation hereunder shall not exceed the number of days required in traveling and in attending to the business or to the purpose for which the trip is made.

Section 3(a). Provided, however, that if necessary, two additional days be allowed to consummate traveling arrangements and that days taken up by unavoidable accidents or illness while en route and certified to by a duly licensed physician or surgeon, shall be construed as days devoted to official business.

Section 4. The Controller shall establish rules for the payment of all amounts payable pursuant to section 1 hereof, and for the presentation of such vouchers as he shall deem proper in connection with expenditures made pursuant to said section. No allowance shall be made for traveling expense provided for in this ordinance unless appropriation for such expense has been made by annual or supplemental appropriation ordinance enacted in accordance with the provisions of the Charter.

Section 5. The Controller shall advance the sums necessary for traveling expenses, but proper account and return must be made of said sums so advanced by the person receiving the same within ten days after said person returns to duty in the City and County of San Francisco.

Section 6. Ordinance No. 9.0568 is hereby repealed.

Opposing Federal Legislation Having for Its Purpose the Taxation of Municipal Obligation Bonds.

Supervisor Roncovieri read letter from Paul V. Betters, executive director of U. S. Conference of Mayors, advising of proposed legislation taxing municipal bonds. Supervisor Roncovieri moved that the Board of Supervisors go on record as opposed to the proposal now before Congress to tax municipal bonds and that our Senators and Congressmen be requested to oppose any federal legislation having for its purpose the taxation of municipal obligations.

So ordered.

Charters for Members of Board.

Supervisor Uhl moved that the Clerk supply each member of the Board with a Charter containing all the amendments to date.

So ordered.

Relative to Street Work Adjacent to Trans-Bay Terminal Building.

Supervisor Uhl presented communication from Southern Promotion Association, by C. E. Rinehart, president, calling attention to the fact that they are reducing sidewalk widths on First street between Market street and Mission street at the expense of San Francisco property owners who have to pay for reconstructing their area walls and moving back their sidewalk elevators, all for the convenience of commuters from the East Bay. The subject matter of the communication is "Are We Facing Isolation?"

Referred to Streets Committee.

Statement of Supervisor McGowan re Vote on Howard Street Bus Line.

Supervisor McGowan asked for a call of the Board, and requested the presence, especially, of Supervisor McSheehy. He said in part:

I wish to express my personal opinion of the oft repeated remark by Supervisor McSheehy that "vote cast by members of the Board would be a record against them."

I have only been a member of this Board of Supervisors for a short time, but I can assure you that during that time I have carried on according to my oath of office.

It goes without saying that a man's vote is a record and could be held against him. Were that not the case a vote would be meaningless. However, if I vote as I see fit I do not fear now nor at any time in the future what effect it may have on my candidacy for office. I wish Mr. McSheehy to know that I resent keenly his remarks this afternoon with regard to bus service on Howard street, and especially the vote by which Bill No. 63, Ordinance No. 63, was passed one week ago. This ordinance was passed in good faith and with the thought that it would be beneficial to the residents of the district affected.

I shall continue to vote as I see fit without fear of consequences or effect on my political career.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:05 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors March 13, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

SPECIAL ORDER—2 P. M.

Rezoning Southwesterly Corner of Bay Shore Boulevard and Silver Avenue.

Appeal from the decision of the City Planning Commission denying application to rezone from Second Residential District to Commercial District, property located at the southwesterly corner of Bay Shore boulevard and Silver avenue.

Privilege of the Floor.

Mr. Tulley, attorney, representing the appellants, and Mr. Howard McGurrin urged that the decision of the City Planning Commission be not approved.

Rose M. Fanucchi, attorney, representing the respondents; Dr. Adeline Cereghino Williams, representing the Portola Women's Improvement Club, and Hugh E. Bowen, representing the Merchants' Association on San Bruno avenue, all opposed the sought rezoning.

Mr. Mark Jorgensen represented the City Planning Commission.

City Planning Commission Sustained and Rezoning Denied.

Thereupon, the following resolution, presented by the Public Buildings, Lands and City Planning Committee, was *refused adoption* by the following vote:

Appeal, Rezoning of Southwesterly Corner of Bay Shore Boulevard and Silver Avenue.

(Series of 1939)

Resolution No. ....., as follows:

Resolved, That the decision of the City Planning Commission, by its Resolution No. 1908, denying application to rezone from Second Residential District to Commercial District, property located at the southwesterly corner of Bay Shore boulevard and Silver avenue, is hereby disapproved.

Noes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Uhl—8.

Absent—Supervisors Roncovieri, Schmidt—2.

Excused—Supervisor Shannon.

Supervisor Shannon requested to be excused from voting on the foregoing matter, because, due to the lateness of his arrival at the meeting he had not heard the arguments advanced either for or against the sought rezoning.

SPECIAL ORDER—3 P. M.

Endorsing Senate Bills 261 and 347, Re San Francisco State College.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the Advisory Committee on State Legislation, created on September 13, 1937, by Resolution No. 3514 of this Board, was authorized to study proposed legislation affecting the City and County of San Francisco in the interim between State legislative sessions, and such legislation as may be presented to the California Legislature for consideration and approval and to make reports of the said studies to this Board of Supervisors for its consideration; and

Whereas, in regular meeting held in the Controller's office on March 3, 1939, a quorum being present, the said Advisory Committee on State Legislation gave consideration to and reported favorably on Senate Bill 261, an act making an appropriation for the acquisition of real property for the San Francisco State College, and Senate Bill 347, providing for sale of property and new construction in connection with San Francisco State College; now, therefore, be it

Resolved, That this Board of Supervisors records itself as being in favor of Senate Bills 261 and 347 and urges its legislative representatives in Sacramento to support the said measures.

Privilege of the Floor.

Mr. Adolph Petry, representing the Haight-Fillmore District, Inc., opposed any change of site for the State College. Mr. Dimple, speaking for the merchants in the district, and Mrs. Baumann, representing the Eureka Valley Improvement Association, objected to any change of location for the college.

Mr. Clifford Worth, president of the Associated Students at the San Francisco State College, explained the need for the proposed change of location, and urged the Board to adopt the resolution endorsing Senate Bills 261 and 347. Mrs. Rose Walker, speaking for herself, supported Mr. Worth.

Matter in Hands of the Board.

Supervisor Uhl, following the taking of the matter into the hands of the Board, on his own motion, in explaining his opposition to the

matter under consideration, called attention to the high-speed boulevard on which the proposed site fronts, and the resultant danger to attendants at the school. Supervisor Uhl also objected to the use of the 62 acres in the proposed site for the State College, which would, of course, mean its removal from the Assessment Roll.

Supervisor McSheehy expressed opposition to the proposed change of site for the State College.

Refused Adoption.

Thereupon, the roll was called and the foregoing resolution was *refused adoption* by the following vote:

Ayes—Supervisors Brown, Colman, Shannon—3.
Noes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—7.
Absent—Supervisor Roncovieri—1.

Acquisition of Additional Land Near Present College Site.

Thereupon, Supervisor Ratto, seconded by Supervisor McSheehy, moved that the Advisory Committee on State Legislation appoint a committee to go to Sacramento and state our position taken today and that a new bill asking for an appropriation for the purchase of additional land adjacent to the present college be requested to be presented to the State Legislature.

Statement by Supervisor Colman.

Supervisor Colman, thereupon, expressed opposition to the motion just presented, stating he was in favor of endorsing Senate Bills 261 and 347, but did not think it advisable to advocate the appropriation of money for purchase of additional land at the present location, fearing that it would have the effect of defeating the whole proposal for a teachers' college in San Francisco. Therefore, he announced, he would have to vote "No" on the motion. However, no action on the motion was taken.

Privilege of the Floor.

Mr. William J. Varley, president of the Southern Council of Civic Clubs, on being granted the privilege of the floor, objected strenuously to the action taken by the Board.

Supervisor Colman, again taking the floor, agreed with Mr. Varley, stating that, in his opinion, a serious error had been made, and suggested that the action of the Board be rescinded.

Action Rescinded.

Whereupon, Supervisor Mead moved that the action of the Board, whereby the resolution endorsing Senate Bills 261 and 347, re San Francisco State College, was refused adoption, be rescinded.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Shannon, Uhl—8.
Absent—Supervisors McSheehy, Roncovieri, Schmidt—3.

Re-reference to Committee.

Thereupon, on further motion by Supervisor Mead, the entire matter was *re-referred to the Advisory Committee on State Legislation for further consideration.*

CONSIDERATION OF MAYOR'S VETO.

The following communication was received from his Honor the Mayor on March 10, 1939:

March 9, 1939.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: On February 27th your Honorable Board passed Bill No. 1645, "Regulating the Designation of Portions of Streets and Sidewalks as Being Exempt, in Whole or in Part, from the Stopping or Parking of Automobiles, Etc."

Predicated on a letter addressed to me on March 1st, by the Director of Public Works, in which he asked that certain corrections be made as outlined in a proposed amended ordinance, I am returning herewith Bill No. 1645, *disapproved.*

At the same time, I am submitting to you for consideration a suggested amended ordinance, which has the approval of the Department of Public Works and the Board of Police Commissioners. The changes from the original ordinances have been made in caps, and underlined.

Very truly yours,

ANGELO J. ROSSI, Mayor.

Veto Sustained.

On motion by Supervisor McGowan, the Mayor's veto of Bill No. 1645, "Regulating the Designation of Portions of Streets and Sidewalks as Being Exempt, in Whole or in Part, from the Stopping or Parking of Automobiles, Etc.," was *sustained* and the proposed substitute therefor was *referred to the Committee on Fire, Safety and Police* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon—9.

No—Supervisor Uhl—1.

Absent—Supervisor Roncovieri—1.

Explanation of Vote.

Before the foregoing vote was called, Supervisor Uhl requested that the proposed ordinance presented by his Honor the Mayor be read by the Clerk, in order that knowing what was proposed therein he would know whether or not to vote to sustain the Mayor's veto. Therefore, the suggested ordinance not having been read, Supervisor Uhl announced that he would vote against sustaining of the veto.

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Appropriation of $55,000 from Surplus in Depreciation Fund, Municipal Railway, for Preparation of Plan or Plans Looking Toward Solution of Transportation Problem.

(Series of 1939)

The following recommendations of the Finance Committee were taken up:

Bill No. 105, Ordinance No. ....., as follows:

Authorizing an appropriation of $55,000 from the surplus existing in Appropriation No. 65.913.00 to the credit of Appropriation No. 802.500.00 for the purpose of having a plan or plans prepared looking toward solution of the transportation problem.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $55,000 is hereby appropriated and set aside from the surplus existing in Appropriation No. 65.913.00 to the credit of Appropriation No. 802.500.00 for the purpose of having a plan or plans prepared looking toward solution of the transportation problem.

Approved as to form by the City Attorney.
Recommended by the Manager of Utilities.
Approved by the Public Utilities Commission.
Approved as to funds available by the Controller.
Approved by the Mayor.

Discussion.

Supervisor Uhl announced his objections to the employment of Mr. Purcell, repeating briefly objections previously advanced. Supervisor Uhl objected, further, to a five-year employment, holding that from twelve to fourteen months is sufficient time to complete any plans for the solution of the City's transportation problem.

Supervisor McSheehy also expressed opposition to the foregoing appropriation, stating that he felt it to be a waste of public funds. He

objected, also, to appropriations from Municipal Railway funds for any such purpose.

Supervisor Colman, in speaking for the passage of the foregoing, stated he felt the hiring of Mr. Purcell to be a most constructive measure looking to the solution of the transportation problem, and for that reason he was glad to vote for the appropriation in question, as well as for the appropriation immediately following.

Passed for Second Reading.

Thereupon, the foregoing bill was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Meyer, Ratto, Schmidt, Shannon—7.
Noes—Supervisors McSheehy, Uhl—2.
Absent—Supervisors Mead, Roncovieri—2.

Authorizing an appropriation of $55,000 from the accrued surplus in the County Road Fund to the credit of Appropriation No. 802.500.00 for the purpose of having a plan or plans prepared looking toward solution of the traffic problem.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $55,000 is hereby appropriated and set aside from the accrued surplus in the County Road Fund to the credit of Appropriation No. 802.500.00 for the purpose of having a plan or plans prepared looking toward solution of the traffic problem.

Approved as to form by the City Attorney.

Recommended by the Director of Public Works.

Approved by the Chief Administrative Officer.

Approved as to funds available by the Controller.

Approved by the Mayor.

The discussion preceding the previous roll call, being applicable to the foregoing bill, the roll was again called and the foregoing bill was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Schmidt, Shannon—8.
Noes—Supervisors McSheehy, Uhl—2.
Absent—Supervisor Roncovieri—1.

Supervisor Mead, who had been absent during the roll call next preceding, requested he desired the record to show that had he been present, he would have voted "Aye" thereon.

Passed for Second Reading.

The following recommendation of the Finance Committee was taken up:

Amending Salary Ordinance to Provide for Deductions from Salaries for Maintenance Furnished and Accepted by Employees.
(Series of 1939)

The following recommendation of the Finance Committee was taken up:

Bill No. 111, Ordinance No. ....., as follows:

An ordinance amending Ordinance No. 9.053128, entitled, "An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1939; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year; an emergency ordinance," by amending Section 2 thereof as it pertains to charges for employees' maintenance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2 of Ordinance No. 9.053128 is hereby amended to read as follows:

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective

positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, except as such proposed schedule or compensation is amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein and the salary shall remain at the said entrance rate during the current fiscal year; provided, however, that persons who have acquired permanent status in a position who are re-employed in the same position after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a City department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the Prevailing Wage Resolution and in effect at the time of the award of said contract shall be paid to employees performing work under such contract.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided. The compensation fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter includes the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on pay rolls and time rolls.

Charges for any and all maintenance furnished *and accepted by* employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on time rolls and pay rolls, and deductions for such maintenance shall be indicated and made on time rolls and pay rolls in accordance with the following schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers:

	For those receiving $80 per month or less in cash	*For those receiving more than $80 per month in cash*
1 meal per day	$ 6.00 per Mo.	$10.00 per Mo.

	Per Mo.
Complete family maintenance furnished the Superintendent of Laguna Honda Home and the Superintendent of the San Francisco Hospital	$150
Complete family maintenance furnished the Resident Physician and Superintendent of Hassler Health Home	75
House furnished the Superintendent and the Assistant Superintendent, Alameda Division of the Water Department, and the Assistant Superintendent of the Peninsula Division of the Water Department	25
House furnished the Superintendent of the Peninsula Division of the Water Department	50

House furnished the Head Pump Operator of the Peninsula and Alameda Division of the Water Department..... 25
House furnished the Engineer, Stationary Steam Engines, at the Water Department 15

The letters B., R. & L. used in this ordinance to indicate deduction shall be construed to mean Board, Room or House and Laundry and deductions made in accordance with the schedule herein fixed for such accommodations.

Privilege of the Floor.

Mr. Charles M. Wollenberg, representing the Department of Public Health, stated that the Department of Public Health did not object to the passage of the foregoing ordinance. However, the department has not sufficient funds to take care of the increased cost of furnishing money in lieu of meals to institutional employees, which increased cost would be about $15,000 per month.

Mr. Michael Rowan, representing institutional workers, urged passage of the proposed amendment to the salary ordinance.

Temporary Postponement.

The attendance of Mr. Ross, from the Controller's Office, and Mr. Slevin, from the City Attorney's Office, having been requested, further consideration of the foregoing matter was, on motion by Supervisor McSheehy, seconded by Supervisor Uhl, *temporarily postponed and made a Special Order of Business at 4 p. m.*

Consideration Resumed.

Subsequently during the proceedings, the hour of 4 p. m. having arrived, consideration of the foregoing matter was resumed.

The Controller, at the request of Supervisor Colman, stated that undoubtedly funds to take care of the increased cost of furnishing money in lieu of meals or other facilities to institutional employees, could be found in surpluses of various health departments' appropriations for a period of about two and one-half months from the probable effective date of the proposed salary ordinance amendment until the end of the current fiscal year.

Passed for Second Reading.

Thereupon, the foregoing ordinance was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

Passed for Second Reading.

The following matters, referred to the Board by the Finance Committee, without recommendation, were taken up:

Establishing Procedure for Expenditure of Interest Accruing to Windel Bequest Fund.
(Series of 1939)

Bill No. 108, Ordinance No. ....., as follows:

An ordinance establishing a procedure for the expenditure of interest accruing to the Windel Bequest Fund; authorizing the Public Welfare Commission to direct the expenditure of money from this bequest fund; repealing all orders or ordinances or parts of orders or ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Henri F. Windel, whose death occurred September 1, 1897, bequeathed the sum of Twenty-five Thousand Dollars ($25,000)

". . . in trust . . . to the Mayor, and Board of Supervisors of the City and County of San Francisco . . ." to be by them and their successors invested to the best advantage, the interest accruing thereon to be paid out from time to time to the destitute women and children of the City and County of San Francisco in such a manner as the Mayor and Board of Supervisors may deem most proper and beneficial. By operation of law the amount distributed to this trust was reduced to Fifteen Thousand Five Hundred Four Dollars and Forty-one Cents ($15,504.41).

The Public Welfare Commission of the City and County of San Francisco is therefore authorized and it shall be its duty to direct disbursement of interest accruing to the Windel Bequest Fund for the purposes of said trust as provided in this ordinance.

Section 2. Aid granted under the provisions of this ordinance by the Public Welfare Commission shall only be granted after proper investigation shall have determined that the proposed recipients are destitute and are residents of the City and County of San Francisco.

Section 3. The Public Welfare Commission shall certify to the Controller the names of the persons to receive aid and the amount of the aid that is to be granted to each. The Controller is hereby authorized and directed to draw warrants on the Treasurer against said fund in favor of the persons and in the amounts certified.

Section 4. The Treasurer is hereby authorized and it shall be his duty to pay from the moneys in said fund the aforementioned warrants for aid.

Section 5. The accounting in connection herewith shall be maintained in a manner to be prescribed by the Controller. The Controller shall audit said accounts at least once each year and shall report on the condition thereof to the Mayor and to the Board of Supervisors.

Section 6. All orders or ordinances or parts of orders or ordinances in conflict herewith are hereby repealed, but only to such extent as said conflict may exist.

Approved as to form by the City Attorney.

Passed for second reading by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

Establishing Procedure for Expenditure of Interest Accruing to Olsen Bequest Fund.
(Series of 1939)

Also, Bill No. 109, Ordinance No. ....., as follows:

An ordinance establishing a procedure for the expenditure of interest accruing to the Olsen Bequest Fund; authorizing the Public Welfare Commission to direct the expenditure of money from this bequest fund; repealing all orders or ordinances or parts of orders or ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Fritz S. Olsen contributed the sum of One Thousand Dollars ($1,000) in the name of his mother, Mrs. Sophie Olsen, to the City and County of San Francisco on January 5, 1920, to be invested to the best advantage, the interest accruing thereon to be paid out from time to time to the destitute women and children of the City and County of San Francisco in such manner as the Mayor and the Board of Supervisors may deem most proper and beneficial.

The Public Welfare Commission of the City and County of San Francisco is therefore authorized and it shall be its duty to direct disbursement of interest accruing to the Olsen Bequest Fund for the purposes of said trust as provided in this ordinance.

Section 2. Aid granted under the provisions of this ordinance by the Public Welfare Commission shall only be granted after proper investigation shall have determined that the proposed recipients are destitute and are residents of the City and County of San Francisco.

Section 3. The Public Welfare Commission shall certify to the Controller the names of the persons to receive aid and the amount of the aid that is to be granted to each. The Controller is hereby authorized and directed to draw warrants on the Treasurer against said fund in favor of the persons and in the amounts certified.

Section 4. The Treasurer is hereby authorized and it shall be his duty to pay from the moneys in said fund the aforementioned warrants for aid.

Section 5. The accounting in connection herewith shall be maintained in a manner to be prescribed by the Controller. The Controller shall audit said accounts at least once each year and shall report on the condition thereof to the Mayor and to the Board of Supervisors.

Section 6. All orders or ordinances or parts of orders or ordinances in conflict herewith are hereby repealed, but only to such extent as said conflict may exist.

Approved as to form by the City Attorney.

Establishing Procedure for Expenditure of Interest Accruing to Robinson Bequest Fund.

(Series of 1939)

Also, Bill No. 110, Ordinance No. ....., as follows:

An ordinance establishing a procedure for the expenditure of interest accruing to the Robinson Bequest Fund; authorizing the Public Welfare Commission to direct the expenditure of money from this bequest fund; repealing all orders or ordinances or parts of orders or ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Henry E. Robinson, by his will executed in the State of New York, bequeathed ". . . to the Mayor, common council and commonality of the City and County of San Francisco, Cal., the sum of Forty Thousand Dollars ($40,000), in trust, to be by them and their successors invested to the best advantage, the interest accruing thereon to be paid out from time to time to the destitute women and children of the City of San Francisco, Cal., in such a manner as such Mayor and common council may deem most proper and beneficial."

The Public Welfare Commission of the City and County of San Francisco is therefore authorized and it shall be its duty to direct disbursement of interest accruing to the Robinson Bequest Fund for the purposes of said trust as provided in this ordinance.

Section 2. Aid granted under the provisions of this ordinance by the Public Welfare Commission shall only be granted after proper investigation shall have determined that the proposed recipients are destitute and are residents of the City and County of San Francisco.

Section 3. The Public Welfare Commission shall certify to the Controller the names of the persons to receive aid and the amount of the aid that is to be granted to each. The Controller is hereby authorized and directed to draw warrants on the Treasurer against said fund in favor of the persons and in the amounts certified.

Section 4. The Treasurer is hereby authorized and it shall be his duty to pay from the moneys in said fund the aforementioned warrants for aid.

Section 5. The accounting in connection herewith shall be maintained in a manner to be prescribed by the Controller. The Controller shall audit said accounts at least once each year and shall report on the condition thereof to the Mayor and to the Board of Supervisors.

Section 6. All orders or ordinances or parts of orders or ordinances in conflict herewith are hereby repealed, but only to such extent as said conflict may exist.

Approved as to form by the City Attorney.

Passed for second reading by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

Approving Map Showing Grade Changes on Coso Avenue: Stoneman Street, Aztec Street and Bonview Street, and Declaring Intention to Change and Establish Grades in Accordance Therewith.

(Series of 1939)

The following recommendation of the Streets Committee was taken up:

Resolution No. ....., as follows:

Resolved, That that certain diagram entitled "Grade Map showing the proposed change and establishment of grades on Coso Ave., between Winfield St., and Bonview St.; On Stoneman St., between Bonview St., and Shotwell St.; on Aztec St., between Coso Ave., and Shotwell St., and on Bonview St., between Coso Ave., and a line at right angles to the easterly line of, 83.09 ft. southerly from Coso Ave.", approved the 15th day of February, 1939, by Director of Public Works Order No. 9933, be and is hereby approved; and be it

Further Resolved, That it is the intention of the Board of Supervisors to change and establish grades on Coso avenue, between Winfield street, and Bonview street; on Stoneman street, between Bonview street, and Shotwell street; on Aztec street, betwen Coso avenue, and Shotwell street, and on Bonview street, between Coso avenue, and a line at right angles to the easterly line of, 83.09 feet southerly from Coso avenue, at the points specified and at the elevations above City base as shown upon said map.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades.

The Director of Public Works is hereby directed to cause to be conspicuously posted along the streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

These proceedings are instituted in accordance with the "Change of Grade Act of 1909." The "San Francisco Call-Bulletin" is hereby designated as the newspaper in which this resolution shall be published.

Privilege of the Floor.

Mrs. Volhart of 28 Aztec street, on being granted the privilege of the floor by motion of Supervisor Uhl, protested against the proposed change of grades on Aztec street.

The Clerk read communication from the City Engineer, outlining his recommendations regarding proposed grade change on Aztec street.

Consideration Postponed.

Thereupon, on motion by Supervisor Uhl, further consideration of the foregoing resolution was *continued for one week.*

Memorializing Congress to Amend the Raker Act.

(Series of 1939)

The following recommendation of the Public Utilities Committee was taken up:

Resolution No. ....., as follows:

Whereas, the litigation over distribution of Hetch Hetchy power under the provisions of the Raker Act has resulted, thus far, unfavorably to the City and County of San Francisco; and

Whereas, the City and County of San Francisco faces a loss of over $2,000,000 in revenue annually should a reversal of the court's decision not be secured in the higher courts; and

Whereas, such loss will mean an increase of approximately 30 cents in the tax rate; and

Whereas, Federal hydro-electric projects elsewhere are allowed to dispose of part or all of their power output to privately owned power companies; and

Whereas, there exists an ambiguity in Section 6 of the Raker Act, concerning which ambiguity the above-mentioned litigation is being conducted; now, therefore, be it

Resolved, That it is the sense of the Board of Supervisors of the City and County of San Francisco that the Act of Congress, approved on December 19, 1913, and commonly known as the Raker Act, should be amended by amending Section 6 thereof so that the ambiguity contained in said Section 6 restricting the City and County of San Francisco from selling its electric energy generated on the Hetch Hetchy project should be amended to the end that the City and County of San Francisco may sell and dispose of its electric energy as may be determined by its local officers; and be it

Further Resolved, That this Board of Supervisors memorialize the Congress of the United States to so amend said Raker Act.

Consideration Postponed.

Consideration of the foregoing recommendation was, on motion by Supervisor Brown, *postponed 2 weeks, and made a Special Order of Business for Monday, March* 27, 1939, *at* 2:30 *p. m.*

Adopted.

The following recommendation of his Honor the Mayor was taken up:

Leave of Absence—Chief William J. Quinn.

(Series of 1939)

Resolution No. 143, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, William J. Quinn, Chief of Police, is hereby granted a leave of absence for a period of ten days, commencing April 14, 1939, with permission to leave the State.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Commending Governor Olson for His Intention to Adjust the Salary of Dr. Robert Gordon Sproul, President of the University of California.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 144, as follows:

Whereas, because of refusal to sever his connection with the institution whose destinies he has so efficiently guided, thereby depriving himself of deserved pecuniary benefits, Dr. Robert Gordon Sproul, president of the University of California, has displayed a quality rare in men; a quality worthy of highest commendation; a quality which demonstrates the reason for his popularity and for the high standing enjoyed by the college over which he presides; and

Whereas, as an incident to the event which had its happy culmination in Dr. Sproul's decision to remain in the work he loves, among those by whom he is loved, it developed that the salary received by Dr. Sproul is wholly inadequate and disproportionate to the services rendered; and

Whereas, his Excellency Governor Olson has intimated that some adjustment in Dr. Sproul's salary will be sought; now, therefore, be it

Resolved, That this Board of Supervisors, recognizing the value of Dr. Sproul's services, and appreciating the monetary sacrifice which he has made, does hereby commend his Excellency the Governor for his intention to increase Dr. Sproul's salary, and does respectfully urge that steps be immediately taken to transform this laudable intention to reality.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

President to Appoint Committee—Salinas Fair and Rodeo, July 13 to 16, 1939.

(Series of 1939)

Supervisor Ratto presented:

Resolution No. 145, as follows:

Resolved, That the President of this Board be and he is hereby requested to appoint a committee of Supervisors to represent the City and County of San Francisco at the Salinas Fair and Rodeo to be held at Salinas July 13 to 16, 1939.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

Commending W. P. A. Clean-Up Workers.

(Series of 1939)

Supervisor Schmidt presented:

Resolution No. 146, as follows:

Whereas, the Works Progress Administration has recently inaugurated a clean-up and shine-up drive in the City Hall; and

Whereas, the Committee rooms, the main office, the Supervisors'

offices, as well as the chambers of the Board have all come in for a very thorough cleaning of the walls, cleaning and waxing of floors and furniture; and

Whereas, this work has all been done in a most capable, efficient and thorough manner, highly creditable to these workers; now, therefore, be it

Resolved, That the Board of Supervisors most highly commends the workers who have so efficiently performed their arduous tasks, and expresses its appreciation to the officials of the Works Progress Administration for the good work done.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

Requesting Information from Governor Olson as to Time Necessary and Cost of Having Plan for Transportation Made by State Railroad Commission.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. ....., as follows:

Whereas, transit conditions in San Francisco are deplorable; and

Whereas, at the earliest possible date a plan for transportation for San Francisco should be completed; and

Whereas, the Railroad Commission of the State of California has the facilities for making a complete plan for transportation; and

Whereas, the Railroad Commission is not empowered to offer its services gratis to the City and County of San Francisco for making a plan for transportation; now, therefore, be it

Resolved, That the Board of Supervisors memorialize his Excellency Culbert L. Olson, Governor of California, requesting—

1. At what cost will the Railroad Commission make a plan of transportation for the City and County of San Francisco upon the assumption that no transit facilities exist in the City and County of San Francisco.

2. The approximate time necessary to make such a plan.

And Be It Further Resolved, That the Board of Supervisors express its appreciation to his Excellency Culbert L. Olson for his co-operation in this vital matter.

Referred to Public Utilities Committee.

Regulation of Trailer Camps.

Supervisor Brown called attention to the need for legislation to provide for the regulation of trailer camps, especially in view of anticipated visits to San Francisco because of the Exposition.

Subsequently, under his name during roll call, Supervisor Schmidt, Chairman of the Public Health Committee, announced a meeting of that Committee to be held on March 21, 1939, at 4:30 p. m., for the consideration of such ordinance, which had been filed with the Committee.

Lighted Signs at City Limits.

Supervisor Brown read portions of letter, addressed to himself, calling attention to dilapidated sign on Bay Shore boulevard, at the City limits, and suggesting the replacement of a modern, neon-lighted sign, welcoming visitors to San Francisco, or the removal of the sign.

Referred to Clean-Up Committee.

San Francisco Harbor Control.

Supervisor Shannon filed with the Board, on behalf of the Advisory Committee on State Legislation, the report, "Case for San Francisco Harbor Control." He announced that copies of report were being sent to each Supervisor, and urged that each Supervisor study same carefully.

Disposal of Property Resulting from Closing Streets.

Supervisor Uhl requested an opinion from the City Attorney as to the legality of disposing of property resulting from street closing, and if sale of such property is legal, the City Attorney be requested to draft necessary legislation to provide and regulate such disposal.

Report on Investigation of Traffic Facilities.

Supervisor Uhl moved that Mr. Cahill be invited to be present at the next meeting of the Board, Monday, March 20, 1939, at 2:30 p. m., and bring with him reports, in writing, made by Messrs. Ost and Bendel, covering their findings on trackless trolleys, gasoline buses, trolley cars, etc., resulting from their recent trip East.

So ordered.

Soil Conservation, San Mateo County.

Supervisor Uhl presented communication from Mr. M. A. Grant, County Engineer, San Mateo County, relative to formation of Soil Conservation District, and requesting cooperation in having necessary legislation passed therefor.

Lombard Street Widening.

Supervisor Brown moved that the Streets Committee be requested to give immediate consideration to the widening of Lombard street, using the funds available in the County Road Fund for the acquisition of property necessary for the widening.

No objection and *so ordered.*

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:30 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, March 20, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, MARCH 20, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Monday, March 20, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl--9.

Absent—Supervisors Colman, Roncovieri—2.

Quorum present.

President Shannon presiding.

Supervisor Colman excused.

Supervisor Roncovieri was noted present at 2:20 p. m.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of March 13, 1939, was considered read and approved.

SPECIAL ORDER—2:30 P. M.

Report of Messrs. Ost and Bender on their recent investigation of street cars, trackless trolleys, gasoline buses, pursuant to motion by Supervisor Uhl, Monday, March 13, 1939.

Communication from Manager of Utilities.

The Special Order set for 2:30 p. m., being called up, the Clerk read the following communication from Mr. E. G. Cahill, Manager of Utilities:

March 15, 1939.

Subject: Request for Report on Transportation Facilities, Trackless Trolleys, Gas Buses, Etc.

Mr. David A. Barry, Clerk, Board of Supervisors, City Hall, San Francisco, California.

Dear Mr. Barry: I have your letter of March 14, in which you inform me that at the meeting of the Board of Supervisors held Monday, March 13, 1939, Supervisor Uhl moved that I be invited to be present at next Monday's meeting, Special Order at 2:30 p. m., and bring with me reports compiled by Messrs. Ost and Bendel on their recent trip east, having to do with transportation facilities, trackless trolleys, gas buses, etc.

Please be advised that no such report has been received by the Public Utilities Commission and when it is received it will be in the form of specifications for street cars and trolley buses. After the Public Utilities Commission shall have passed upon these specifications they will be delivered to the Purchaser of Supplies with request to advertise for public bids to fill the purchase orders which will accom-

pany them. As it is a difficult engineering matter to prepare these specifications, they will not be available for some time.

Very truly yours,

E. G. CAHILL,
Manager of Utilities.

Consideration Postponed.

Thereupon, further consideration of the requested report was *postponed for two weeks and made a Special Order of Business for Monday, April 3, 1939, at 2:30 p. m.*

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Authorizing Lease of Certain Airport Property.

(Series of 1939)

Bill No. 92, Ordinance No. ....., as follows:

Authorizing the Director of Property to arrange for leasing certain airport lands herein described, pursuant to recommendation of the Public Utilities Commission.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 93 of the Charter, and in accordance with the recommendation of the Public Utilities Commission, the Director of Property is hereby authorized to arrange for leasing the following described City-owned real property situated in the County of San Mateo, State of California:

All that portion of the San Francisco Airport lands as described in agreement between Mills Estate Incorporated and City and County of San Francisco, dated August 16, 1930, recorded September 4, 1930, in Book 559, page 1, Official Records of San Mateo County, lying west of the Bay Shore Highway.

Containing 555 acres, more or less.

Section 2. The lease shall not become effective until the City obtains possession of the above described land which will probably be on or about September 1, 1939.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Providing for Amount Per Diem, Officers and Employees, Traveling Expense on Official Business.

(Series of 1939)

Also, Bill No. 99, Ordinance No. 96, as follows:

Providing for the amount per diem for the fiscal year 1938-1939 for officers and employees of the City and County of San Francisco for traveling expenses, exclusive of transportation and Pullman charges, and excluding traveling expenses incurred in the discharge of routine duty, and directing the Controller to establish rules for payment of claims for traveling expenses.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. During the fiscal year 1938-1939 any officer or employee

of the City and County of San Francisco, except in the discharge of routine duties, who shall, under the authority of law or ordinance, leave the City and County for the purpose of performing any official duty for or on behalf of the City and County; or for the purpose of rendering any service to, or for the City and County, or for the purpose of officially representing said City and County, or any commission or department thereof, said officer or employee shall be allowed as the expense incident to said service the actual cost of transportation, including Pullman charges, if any, together with an amount not to exceed fifteen dollars per day for each and every day while said officer or employee is absent on said official business.

Section 2. Allowance for traveling expense shall be based upon the most efficient, direct and economical mode of transportation required by the occasion, provided, however, that at the option of the person authorized to leave the City and County of San Francisco on official business, travel may be accomplished, in the State of California, by such means as the person so authorized deems proper. In extraordinary or emergency cases, transportation to points outside the State of California may be contracted in the most expeditious and expedient manner.

Section 3. The number of days which shall be used as the basis for computing the allowance for expense other than transportation hereunder shall not exceed the number of days required in traveling and in attending to the business or to the purpose for which the trip is made.

Section 3(a). Provided, however, that if necessary, two additional days be allowed to consummate traveling arrangements and that days taken up by unavoidable accidents or illness while en route and certified to by a duly licensed physician or surgeon, shall be construed as days devoted to official business.

Section 4. The Controller shall establish rules for the payment of all amounts payable pursuant to section 1 hereof, and for the presentation of such vouchers as he shall deem proper in connection with expenditures made pursuant to said section. No allowance shall be made for traveling expense provided for in this ordinance unless appropriation for such expense has been made by annual or supplemental appropriation ordinance enacted in accordance with the provisions of the Charter.

Section 5. The Controller shall advance the sums necessary for traveling expenses, but proper account and return must be made of said sums so advanced by the person receiving the same within ten days after said person returns to duty in the City and County of San Francisco.

Section 6. Ordinance No. 9.0568 is hereby repealed.

Finally passed by the following vote:

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Colman, Roncovieri—2.

Privilege of the Floor.

Miss Tarpy, owner of some the property affected by the foregoing proposed legislation, protested the passage thereof, in so far as it affected her property, claiming that sidewalks fronting her property had already been constructed.

In reply thereto, Mr. Elmer Jordan, representing the Bureau of Engineering, and Mr. A. D. Wilder, Director of Public Works, explained the situation, stating the sidewalk in question did not meet the specifications required.

At the request of Supervisor McSheehy, the Director of Public Works promised to present a written report covering the entire matter.

Final Passage.

Thereupon, the foregoing ordinance was *finally passed* by the following vote:

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

Final Passage.

The following recommendations of the Streets Committee, heretofore passed for second reading, were taken up:

Ordering the Improvement of Seventeenth Street (North Side), East of Temple Street, by the Construction of a Redwood Bulkhead.

(Series of 1939)

Bill No. 95, Ordinance No. 93, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the assessment district, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors February 28, 1939, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten (10) installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Seventeenth street (N. ½) between 324.85′ and 349.85′ east of Temple street by the construction of a redwood bulkhead, three (3) feet in height, including the removal of material from the sidewalk area and roadway.

The assessment district hereby approved is described as follows:

Within the exterior boundary of that certain lot delineated, designated and numbered as Block No. 2646, Lot No. 17, being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

Finally passed by the following vote:

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—9.
Absent—Supervisors Colman, Roncovieri—2.

The following recommendation of the Finance Committee was taken up:

Approving Appropriation for Contract No. 4 Extension of Junipero Serra Boulevard From Cypress Lawn Cemetery to Sneath Lane.

(Series of 1939)

Resolution No. 161, as follows:

Whereas, the Board of Directors of Joint Highway District No. 10, at a special meeting held March 14, 1939, adopted its Resolution No. 182, reading as follows:

"Resolution No. 182 of Joint Highway District No. 10 of the State of California, levying an assessment upon the counties comprising said District for the financing of the payment of costs and expenses of Contract No. 4, from Cypress Lawn Cemetery to Sneath Lane (grading and construction of drainage system), deducting therefrom contribution of the State of California, the balance to be apportioned between the counties comprising said District in the proportions agreed upon at the formation of the District.

"Whereas, The Board of Directors of Joint Highway District No. 10 of the State of California, at its regular meeting of February 2, 1939, received and considered the report of the Engineers of Joint Highway District No. 10 of the State of California providing for the financing of Contract No. 4, from Cypress Lawn Cemetery to Sneath Lane, a distance of three miles (grading and constructing drainage structures, no pavement), at an estimated cost of $426,000.00, the work proposed to be done under WPA Contract Project No. 665-08-1-84; and

"Whereas, The Sponsors' share of the cost of said estimated amount is 20%, or $86,000.00; and

"Whereas, Heretofore said Engineers' report on said WPA contract was duly submitted to the State Highway Engineers for approval; and

"Whereas, After certain changes and additions the State of California has finally approved the proposed financing program for Contract No. 4 under WPA and has agreed to contribute 50% of the sponsors' share, to-wit, $43,000.00; and

"Whereas, The Board of Directors have fully considered said report:

"Now, therefore, be it Resolved, That the report of the Engineers for the financing of Contract No. 4 as aforesaid is hereby approved and filed, and the assessment for the same against the said Counties shall be in the following amounts:

"Total amount of sponsors' share (20% of $426,000.00)	$86,000.00	
Contribution of the State of California (50%)	43,000.00	
Balance		$43,000.00

Balance of $43,000.00 to be apportioned as follows:		
San Francisco (85% of balance)	$36,550.00	
San Mateo (15% of balance)	6,450.00	$43,000.00
Total		$86,000.00

"Said amounts assessed against said Counties are the proportionate amounts to be borne by the said Counties as fixed and determined at the formation of this District, said assessments being based upon the benefits that will accrue to said Counties by the construction of said Contract No. 4 (grading and construction of drainage system) of the Junipero Serra Boulevard Extension.

"And be it Further Resolved, That said assessments against the Counties mentioned herein shall be payable on condition that the State of California contribute the sum of $43,000.00 of the total sponsors' share of said cost of construction.

"And be it Further Resolved, That the Secretary shall certify to this resolution and transmit certified copies to the Director of Public Works of the State of California and the Boards of Supervisors of the Counties of San Mateo and the City and County of San Francisco.

"Dated: March 14, 1939. Ayes: Gallagher and Roncovieri. Noes: None. Absent: Lynch. I hereby certify that the foregoing resolution was adopted by the Directors of Joint Highway District No. 10 of the State of California. (Signed) Mary R. Schwab, Assistant Secretary."

Now, Therefore, be it Resolved, That the aforesaid Resolution No. 182 be and the same is hereby approved; and be it

Further Resolved, That the Director of Public Works be and he is hereby authorized and requested to include in his budget for the fiscal year 1939-40 the sum of $36,550, San Francisco's portion of the total amount of $426,000 necessary for financing of the payment of costs and expenses of Contract No. 4 from Cypress Lawn Cemetery to Sneath lane.

Intention to Close and Abandon a Portion of Orange Alley.

(Series of 1939)

Resolution No. 158, as follows:

Resolved, That the public interest required that the certain following described portion of Orange alley be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Orange alley more particularly described as follows, to-wit:

Beginning at a point on the westerly line of Orange alley, distant thereon 84.417 feet northerly from the northerly line of Twenty-fourth street, said point being on the northerly line of the property now, or formerly owned by Ida I. Gush; thence running northerly along said line of Orange alley 41.083 feet to the northerly terminus of said alley; thence deflecting 83 degrees 39 minutes 31 seconds to the right and running northeasterly along said northerly terminus 15.092 feet to the easterly line of aforesaid alley; thence deflecting 96 degrees 20

minutes 29 seconds to the right and running southerly along said easterly line 42.750 feet to the easterly prolongation of the said Gush northerly property line; thence at right angles westerly along said prolongation 15 feet to the point of beginning.

Said closing and abandonment of said portion of Orange alley shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Orange alley in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

Recommending Inclusion of Sausalito Lateral in State Highway System.

(Series of 1939)

Also, Resolution No. 159, as follows:

Whereas, Senator John F. Shelley has introduced into the State Senate of California a bill known as Senate Bill No. 1123, which has for its object and purpose, the inclusion in the State highway system of that portion of the northern approaches to the Golden Gate Bridge known as the Sausalito Lateral, together with its extension through the City of Sausalito and thence along the former route of the main Redwood Highway to the Waldo Junction; and

Whereas, the making of said proposed new road a State highway and a part of the secondary highway system of the State of California, being a part of Route 56, would afford a needed and desirable alternate route on the north to and from the Golden Gate Bridge, and the improvement of such route would greatly benefit the traveling public; and

Whereas, the improvement of said route will eliminate heavy grades and thus facilitate the movement of farm products, building materials and other commodities, and lessen the cost of the transportation thereof; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that this Board does hereby endorse the said Senate Bill No. 1123 and does urge upon the representatives of this City and County the importance of passing such bill, and does further recommend to the Legislature of the State of California that said addition to Route 56 be added to the secondary system of highways of the State of California.

Approving Map Showing Grade Changes on Coso Avenue: Stoneman Street, Aztec Street and Bonview Street, and Declaring Intention to Change and Establish Grades in Accordance Therewith.

(Series of 1939)

The following recommendation of the Streets Committee was taken up:

Resolution No. ....., as follows:

Resolved, That that certain diagram entitled "Grade Map showing the proposed change and establishment of grades on Coso Ave., between Winfield St., and Bonview St.; On Stoneman St., between Bonview St., and Shotwell St.; on Aztec St., between Coso Ave., and Shotwell St., and on Bonview St., between Coso Ave., and a line at right angles to the easterly line of, 83.09 ft. southerly from Coso Ave.", approved the 15th day of February, 1939, by Director of Public Works Order No. 9933, be and is hereby approved; and be it

Further Resolved, that it is the intention of the Board of Supervisors to change and establish grades on Coso avenue, between Winfield street, and Bonview street; on Stoneman street, between Bonview street, and Shotwell street; on Aztec street, between Coso avenue, and Shotwell street, and on Bonview street, between Coso avenue, and a line at right angles to the easterly line of, 83.09 feet southerly from Coso avenue, at the points specified and at the elevations above City base as shown upon said map.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades.

The Director of Public Works is hereby directed to cause to be conspicuously posted along the streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

These proceedings are instituted in accordance with the "Change of Grade Act of 1909." The "San Francisco Call-Bulletin" is hereby designated as the newspaper in which this resolution shall be published.

Deletion of Aztec Street from Proposed Legislation.

Supervisor Ratto, after announcing that apparently considerable opposition had arisen regarding the proposed improvement of Aztec street, moved that all reference to Aztec street be deleted from the foregoing resolution, and that the resolution, as amended by such deletion, be adopted.

Motion *failed for want of a second.*

Privilege of the Floor.

Mrs. Blessing, a resident of Stoneman street, on being granted the privilege of the floor, by motion of Supervisor Ratto, urged the adoption of the resolution, as presented, in order that the proposed improvements might be completed.

The following recommendation of the Public Utilities Committee was taken up:

City Attorney to Appear Before the State Railroad Commission When the Petition of the Pacific Greyhound Bus Application Is Under Consideration to Present Argument for a Fair and Equitable Commutation Rate for Bus Service Over the Golden Gate Bridge.

(Series of 1939)

Resolution No. 162, as follows:

Whereas, San Francisco is vitally interested in the establishment of a fair and equitable commutation rate for bus service over the Golden Gate Bridge, between San Francisco and the northern counties; and

Whereas, it is conservatively estimated that increased use of the bridge in the immediate ensuing years will show a healthy condition of bridge finances due to additional revenues and the new rate schedule for higher truck tolls, as well as the discontinuation of the service now furnished by the Northwestern Pacific Railroad Co., between Marin County and San Francisco; and

Whereas, it is the expressed and confident prediction of the general manager of the Golden Gate Bridge District that the continued growth of traffic will show a profit in the years 1940 and 1941; now, therefore, be it

Resolved, That the City Attorney be and he is hereby directed to appear before the California State Railroad Commission when the petition of the Pacific Greyhound bus application is under consideration and present argument for a fair and equitable commutation rate that will inure to the benefit of San Francisco and the commuters from Marin and other northern counties.

Authorizing the Mayor of the City and County of San Francisco to Execute Bond to Indemnify the Government of the United States Against Certain Lost Checks Forwarded by Said Government for Water Supplied to Various Federal Buildings in the City and County of San Francisco Which Said Checks Were Not Received by the San Francisco Water Department.

(Series of 1939)

Resolution No. 194, as follows:

Whereas, on April 14, 1936, the Government of the United States forwarded to the San Francisco Water Department Check No. 2175466 for $259.40 and an additional Check No. 2175467 for $81.35; and

Whereas, said checks were not received by the San Francisco Water Department and before issuing duplicate checks in lieu thereof the Government of the United States demands a bond in the sum of $375

to indemnify said Government against any loss arising upon any checks issued for the above mentioned sums; and

Whereas, the City and County of San Francisco is desirous of issuing said bond and receiving payment for said checks; now, therefore, be it

Resolved, That Angelo J. Rossi, the Mayor of the City and County of San Francisco be, and he is, hereby authorized and empowered to execute for, and on behalf of the City and County of San Francisco, any bond required by the Government of the United States to indemnify said Government on the issuance of any new checks in lieu of those above referred to.

Amending the San Francisco Municipal Code by Adding Sections 240, 241, 242, 243, 244, 245, 246 and 247 to Article 2, Part III Thereof, Regulating the Operation or Use of Bicycles and the Licensing of Same; and Regulating the Business of Buying and Selling Second-Hand Bicycles, Etc.

(Series of 1939)

Bill No. 120, Ordinance No. ....., as follows:

An ordinance amending the San Francisco Municipal Code by adding Sections 240, 241, 242, 243, 244, 245, 246 and 247 to Article 2, Part III thereof, regulating the operation or use of bicycles propelled wholly or in part by muscular power, upon streets and public highways in the City and County of San Francisco; licensing same, and regulating the business of buying second-hand bicycles; the business of selling new and second-hand bicycles, etc.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The San Francisco Municipal Code be and the same is hereby amended by adding Sections 240, 241, 242, 243, 244, 245, 246 and 247 to Article 2, Part III thereof, the same to read as follows:

Sec. 240. No person shall operate or use a bicycle propelled wholly or in part by muscular power upon any streets or public highways of the City and County of San Francisco, without first obtaining from the Tax Collector, a license therefor.

Sec. 241. The Tax Collector is hereby authorized and directed to issue, upon written application, bicycle licenses which shall be effective for one calendar year. All such licenses shall be dated January 1st of the year issued. When issued, such licenses shall entitle the licensee to operate such bicycle for which the license has been issued, upon all the streets and public highways, exclusive of the sidewalks thereof, in the City and County of San Francisco.

Sec. 242. The Tax Collector shall provide each year metallic license plates and seals, together with registration cards and isinglass holders therefor. Said metallic license plates and registration cards shall have numbers stamped thereon in numerical order, beginning with number 1, and shall indicate the year for which they are issued, and shall have the letters "SFBL" stamped thereon. Such metallic license plates shall be suitable for attachments upon the frames of bicycles. It shall be the duty of the Tax Collector to attach one such metallic license plate to the frame of each bicycle and to issue a corresponding registration card to the licensee upon the payment of the license fee. Such metallic license plate shall remain attached during the valid period of such license. The Tax Collector shall keep a record of the date of issuance of each license, the person to whom issued and the number thereof.

Sec. 243. All persons engaged in the business of buying second-hand bicycles are hereby required to make a daily report to the Chief of Police, giving the name and address of the person from whom each bicycle is purchased, the description of each bicycle purchased, the frame number thereof, and the number of the metallic license plate found thereon, if any. All persons engaged in the business of selling new or second-hand bicycles are hereby required to make a daily report to the Chief of Police, giving a list of all sales made by such dealers, which list shall include the name and address of each person to whom sold, the kind of bicycle sold, together with a description and frame number thereof, and the number of the metallic license plate attached thereto, if any.

Sec. 244. It shall be the duty of every person who sells or transfers ownership of any bicycle to report such sale or transfer by returning to the Tax Collector the registration card issued to such person as licensee thereof, together with the name and address of the person to whom said bicycle was sold or transferred. Such report shall be made within five (5) days of the date of said sale or transfer. It shall be the duty of the purchaser or transferee of such bicycle to apply for the transfer of registration therefor, within five (5) days of said sale or transfer.

Sec. 245. No persons shall wilfully or maliciously remove, destroy, mutilate or alter the number of any bicycle frame licensed pursuant to this section.

Sec. 246. No person shall remove, destroy, mutilate or alter any license plate, seal or registration card during the time in which said plate, seal or card is operative. Nothing in this section shall prohibit the Tax Collector from stamping numbers on the frame of bicycles on which no serial number can be found, or on which the number is illegible or insufficient for identification purposes.

Sec. 247. For the first annual license issued pursuant to this section, the sum of fifty (50c) cents shall be paid. For each annual renewal of any such license, or for the issuing of a duplicate for a lost, destroyed or defaced license plate, the sum of twenty-five (25c) cents.

Directing the City Attorney to Oppose Any State Legislation Designed to Defeat the Removal of Laurel Hill Cemetery.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. ....., as follows:

Whereas, at a meeting of the lot owners of Laurel Hill Cemetery held on March 16, 1939, which meeting was attended by City Attorney John O'Toole, plans were discussed to overcome Ordinance No. 17.194 (Bill 937), ordering the abandonment and removal of the bodies from Laurel Hill Cemetery; and

Whereas, according to report of persons attending the meeting, City Attorney O'Toole stated that it might be possible to introduce a bill in the Legislature transferring Laurel Hill Cemetery to the State Park Commission, which Commission would then have jurisdiction over Laurel Hill and thus defeat the ordinance; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, that the City Attorney is hereby directed and instructed to oppose before the Legislature any bill that might be introduced which will override Ordinance No. 17.194, ordering the abandonment of Laurel Hill Cemetery and the removal of the bodies therefrom, as

sustained by referendum vote of the people of the City and County of San Francisco, at election held November 2, 1937.

Referred to Joint Public Welfare and Judiciary, Legislative and Civil Service Committee.

Gentlemen: In accordance with the call of the Chair, the Advisory Committee on State Legislation met in the office of the Controller at 11 a. m., March 21.

After giving consideration to Hon. Jack Shelley's Senate Bill 261, an act making an appropriation for the acquisition of real property for the San Francisco State College, and Hon. Jack Shelley's Senate Bill 347, providing for sale of property and new construction in connection with San Francisco State College, it was regularly moved, seconded and unanimously carried that the bills be referred without prejudice to the Board of Supervisors for its consideration at the special meeting to be held Wednesday, March 22.

Yours very truly,

THELMA BENSON, Secretary,
Advisory Committee on State Legislation.

Communications.

Before proceeding with discussion on proposed legislation, a news story, published by the San Francisco News, March 21, purporting to outline the developments at Sacramento regarding Senate Bills 261 and 347 was read by the Clerk. Communications from the Greater Excelsior Improvement Club, Inc., and from Southern Council of Civic Clubs, urging the Board to endorse the proposed State legislation, were read by the Clerk.

Telegram from State Assemblyman Ray Williamson opposing the proposed legislation and urging the Board not to endorse same was received and read.

Privilege of the Floor.

Mr. Adolph Petry, representing the Haight-Fillmore District, Inc., Haight-Market-Guerrero Improvement Association, Eureka Valley Promotion Association, the Divisadero Street Merchants' Association and other organizations; Mr. Eugene Pfaeffle, representing Market Street-Guerrero Improvement Club; Mr. Jerry Watkins, representing Tax Limit League; Mrs. A. B. Baumann of the Eureka Valley Promotion Association; all expressed opposition to Senate Bills 261 and 347, providing for a change of the site of the San Francisco State College.

Mrs. Josephine Morcombe, representing herself; Mr. Vernon Rees, representing the Associated Students; Mr. W. J. Varley of the Southern Council of Civic Clubs, and Catherine J. Foley, representing Excelsior District and Twenty-first Assembly Regular Democratic Club, all urged the endorsement by the Board of the proposed State legislation.

Reconvened as Board of Supervisors.

On motion duly made and carried, the Committee of the Whole resolved itself into a Board and took up consideration of the following resolution:

Endorsing Senate Bills 261 and 347, Re San Francisco State College.

(Series of 1939)

Resolution No. 165, as follows:

Whereas, the Advisory Committee on State Legislation, created on September 13, 1937, by Resolution No. 3514 of this Board, was authorized to study proposed legislation affecting the City and County of San Francisco in the interim between State legislative sessions, and such

legislation as may be presented to the California Legislature for consideration and approval and to make reports of the said studies to this Board of Supervisors for its consideration; and

Whereas, in regular meeting held in the Controller's office on March 3, 1939, a quorum being present, the said Advisory Committee on State Legislation gave consideration to and reported favorably on Senate Bill 261, an act making an appropriation for the acquisition of real property for the San Francisco State College, and Senate Bill 347, providing for sale of property and new construction in connection with San Francisco State College; now, therefore, be it

Resolved, That this Board of Supervisors records itself as being in favor of Senate Bills 261 and 347 and urges its legislative representatives in Sacramento to support the said measures.

Discussion.

In discussing the proposed legislation, Supervisor Mead stated that according to the findings of authorities, forty acres is the minimum required for such particular type of college. The present available acreage is far too small. The present buildings are inadequate, and are fire traps. Due to lack of space and facilities students partaking in athletics are obliged to change into gym clothes at the college, and then cross Market street, go down McCoppin street and across Valencia, to gymnasium in an annex to the Salvation Army Building, a distance of about three and one-half blocks. For many athletics it is necessary to go even farther, to the athletic field at Fourteenth and Valencia streets. Such conditions are extremely bad, especially for the girls who, in gym outfits, were obliged to pass cafes and other like places and be subject to embarassing remarks because of their necessary dress. Therefore, continued Supervisor Mead, a change should be made, and it being impossible for that necessary change to be made in the present vicinity, he would vote in favor of the proposed resolution.

Suggested Appointment of Committee.

Supervisor McSheehy expressed a desire to cooperate with the State legislators, and announced he would move that a committee of three members be appointed to go to Sacramento and ascertain the facts in the entire matter. However, on explanation by Supervisor McGowan that time would not permit such action, Supervisor McSheehy did not press his motion and no action was taken thereon.

Explanations of Vote.

In explanation of his vote, Supervisor Uhl stated: It isn't a fact that I am opposed to the idea of some additional ground for this college. I have just been handed on my request the following information: That the High School of Commerce has enrolled 1383 girls and 1178 boys or a total of 2561 students and they have an athletic field adjoining the High School of Commerce. If the information were given us as to where and what location is desired, I would be better able to vote whether or not I would approve of same, but before this body last Monday and again today was stressed the fact of the 62 acres out at Lake Merced from Nineteenth avenue down to the Lake. We were told today that one of the colleges has 25 acres, another has 34 and with larger enrollments than we have at San Francisco. The thing that alarms me is that you are eliminating from taxation, lands in San Francisco. I still take it they have the 62 acres in mind. Now, if you take that off the tax rolls, there will be a fight in the Legislature to take off the 40-odd acres of Laurel Hill Cemetery. If you remove those acres you are putting on the shoulders of the taxpayers additional taxation. Accordingly, I shall certainly vote *no* against approval of the matter.

In explanation of his vote, Supervisor McSheehy stated that in the vote on the proposed resolution, the Board was not committing itself

to any site. He stated he did not consider himself making any commitment as to a site for the college and he requested the record so to indicate.

Adoption.

Thereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt—6.

No—Supervisor Uhl—1.

Absent—Supervisors Brown, Colman, Roncovieri, Shannon—4.

ADJOURNMENT.

There being no further business, the Board at the hour of 11:45 a. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, March 27, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—9.

Absent—Supervisors Roncovieri, Shannon—2.

Quorum present.

President Shannon was noted present at 2:25 p. m., when he took the Chair, Supervisor Ratto presiding until his arrival, on motion by Supervisor Mead.

Supervisor Roncovieri excused on account of illness.

APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of Monday, March 20, 1939, and recessed meeting of Wednesday, March 22, 1939, were considered read and approved.

Adopted.

The following resolution, called out from Exposition Affairs and Industrial Development Committee by Supervisor Ratto, was taken up:

Mayor Appoints Citizens' Committee to Arrange for Observance of Columbus Day.

(Series of 1939)

Resolution No. 166, as follows:

Whereas, because of the fact that this year is Exposition year in San Francisco, it is intended to conduct a celebration on Columbus Day which will surpass in magnitude and grandeur any such previous event; and

Whereas, much time and preparation will be required in order to perfect detailed plans for such a celebration; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to appoint a Citizens' Committee to arrange for this proposed exceptional observance of Columbus Day, in 1939, at his earliest convenience.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

SPECIAL ORDER—2:30 P. M.

The following recommendation of the Public Utilities Committee was taken up:

Memorializing Congress to Amend the Raker Act.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the litigation over distribution of Hetch Hetchy power under the provisions of the Raker Act has resulted, thus far, unfavorably to the City and County of San Francisco; and

Whereas, the City and County of San Francisco faces a loss of over $2,000,000 in revenue annually should a reversal of the court's decision not be secured in the higher courts; and

Whereas, such loss will mean an increase of approximately 30 cents in the tax rate; and

Whereas, Federal hydro-electric projects elsewhere are allowed to dispose of part or all of their power output to privately owned power companies; and

Whereas, there exists an ambiguity in Section 6 of the Raker Act, concerning which ambiguity the above-mentioned litigation is being conducted; now, therefore, be it

Resolved, That it is the sense of the Board of Supervisors of the City and County of San Francisco that the Act of Congress, approved on December 19, 1913, and commonly known as the Raker Act, should be amended by amending Section 6 thereof so that the ambiguity contained in said Section 6 restricting the City and County of San Francisco from selling its electric energy generated on the Hetch Hetchy project should be amended to the end that the City and County of San Francisco may sell and dispose of its electric energy as may be determined by its local officers; and be it

Further Resolved, That this Board of Supervisors memorialize the Congress of the United States to so amend said Raker Act.

Note—Supervisor McSheehy announced in Committee that he would file a minority report on above recommendation.

Minority Report of Supervisor McSheehy in Reference to Resolution Calling for the Amendment of Section 6 of the Raker Act.

To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: Some three months ago Supervisor Brown introduced the following resolution:

Whereas, the legislation over distribution of Hetch Hetchy power under the provisions of the Raker Act has resulted thus far unfavorably to the City and County of San Francisco; and

Whereas, the City and County of San Francisco faces a loss of over $2,000,000 in revenue annually should reversal of the court's decision not be secured in the higher courts; and

Whereas, such loss will mean an increase of approximately 30 cents in the tax rate; and

Whereas, the Federal Hydro Electric Projects elsewhere are allowed to dispose of part or all of their power output to privately owned power companies; and

Whereas, there exists an ambiguity in section 6 of the Raker Act covering which ambiguity the above-mentioned legislation is being conducted; now, therefore, be it

Resolved, That it is the sense of the Board of Supervisors of the City and County of San Francisco that the Act of Congress approved on December 19, 1932, and commonly known as the Raker Act should be amended by amending section 6 thereof so that the ambiguity contained in said section 6 restraining the City and County of San Fran

cisco from selling its electrical energy generated on the Hetch Hetchy Project should be amended to the end that the City and County of San Francisco may sell and dispose of its electric energy as may be determined by its local officials; and be it

Further Resolved, That this Board of Supervisors memorialize the Congress of the United States to so amend said Raker Act.

Gentlemen, as is stated in this resolution, the Raker Act was passed and signed by the President of the United States on December 19, 1913, and it granted to the City and County of San Francisco the right of way and use of public lands in the Yosemite and Stanislaus National Parks, and elsewhere, for the purpose of constructing, maintaining and operating reservoirs, dams, conduits and other structures necessary for the use of water and power. The act was fought by the power companies, nature lovers and others, for months, and the framers of the act knew if there were any flaws in the act advantages would be taken and the intent would not be carried out. With that thought in mind the act was drafted with such care that three Secretaries of the Interior under three different Presidents have informed the Board of Supervisors and the City and County of San Francisco that it must distribute its power generated in Hetch Hetchy.

I will not attempt to go into details in reference to the Hetch Hetchy Project, but in passing may I say that the people of San Francisco invested $160,600,000 and it took 21 years to complete the Project. Seven elections were held authorizing bonds for Hetch Hetchy and all these elections were carried by an average of 10 to 1 in favor. Three elections were held asking for obligation bonds to construct a distributing system here in San Francisco, and two elections were held asking for revenue bonds, which only take a majority vote. All five of these bond issues were defeated, and in the annual report of the Pacific Gas and Electric Company as to their receipts and disbursements for a number of years they certified to large sums of money that were used in the defeat of these bond issues, and the same was allowed as part of the maintenance cost by the railroad commission.

The first setback that the City and County of San Francisco received in reference to the distribution of hydro electric power was on July 29, 1926, when Adolph Uhl, now a member of this Board, case designated as *Uhl* vs. *Badaracco*, 199 Cal. 270, by a mandamus suit prevented the use of Hetch Hetchy bond money for the distribution of Hetch Hetchy power. This placed the City in a very embarrassing position and necessitated the holding of five elections for bonds for the distribution of our own hydro electric power, all of which were defeated as stated.

Gentlemen, may I draw your attention to what happened on December 19, 1913, when President Wilson signed the Raker Act? I remember the day well, and if you should go into the files of the newspapers here in San Francisco you would find that the City as a whole was as jubilant over the passage of the Raker Act as they were four weeks ago at the opening of Treasure Island. It was a day of great rejoicing. Now think of what is happening here today some twenty-six years later. We have a resolution introduced by a member of this Board asking us to have Congress amend the Raker Act so as to permit the sale of hydro electric power that this City has spent in round figures the sum of $160,600,000 to obtain, and have this power distributed direct by the Pacific Gas and Electric Company. In passing may I say that the gross receipts for power sold to the citizens of San Francisco last year were $17,000,000. For power and gas they received as much money annually almost as the Tax Collector collected for all real estate in the entire City of San Francisco, and today we are being asked to place our stamp of approval on a request to rescind the Raker Act as enacted on December 19, 1913.

Gentlemen, may I call your attention to the fact that at the hearings in Congress and in the Senate, which consumed some six months, every effort was made by the power companies and the nature lovers to prevent the passing of this act, and Congressmen Raker, Thompson

and Sumners, along with Senator Norris, were most emphatic that section 6 of the Raker Act should be so written that we would never attempt to sell our power to a power company. The following is a quotation of section 6:

Section 6. . . . that the grantee is prohibited from ever selling or letting to any corporation or individual excepting municipal or municipal water districts or irrigation districts, the right to sell or sublet the water or the electric energy sold or given to it or him by said grantee.

I do not know of anything that could be clearer. Supervisor Brown states that this section is ambiguous. Webster defines ambiguity as something that is uncertain or doubtful. Can anyone claim that section 6 is uncertain or doubtful? I do not think so, nor did the men who wrote that section of the act, as they were all attorneys.

The contention of Supervisor Brown that section 6 of the Raker Act is ambiguous is silly. I do not think, gentlemen, that any attention should be paid to such a statement.

The last paragraph of the resolution before us today requests that we memorialize Congress to amend the Raker Act. Should six members of the Board cast their vote in the affirmative it would mean that we, the representatives of the people of San Francisco, are a group who have no civic pride, no vision, no ideals, just simply a body of men who are ready to acknowledge that we cannot distribute our own hydro electric power and request that a private corporation distribute the same.

Gentlemen, think of the effect it will have on the Congress of this United States as to our stability, sincerity and our gratitude. Place yourselves in their position and ask yourselves what you would do if some favor was asked by the City of San Francisco, the City That Does Not Know How, to distribute its own hydro electric power, but wishes to sell it to the Pacific Gas and Electric Company so it can sell it back to the people of San Francisco for a higher price than any city of comparable size is paying for hydro electric power in the United States. Think it over; remember, we are representing 700,000 people, and we have received more favors from the Congress of the United States than any other city of comparable size in the United States. Therefore, I plead to you, as the oldest member of this Board in point of service, to vote for this minority report and in so doing you will reject the majority report as printed on today's calendar.

Respectfully,

JAMES B. McSHEEHY,
Supervisor and Member of Public Utilities Committee.

Committee of the Whole.

On motion by Supervisor Brown, the Board resolved itself into a Committee of the Whole, President Shannon acting as chairman, for the purpose of hearing all citizens interested in the matter under discussion.

Privilege of the Floor.

On motion by Supervisor Brown, the privilege of the floor was granted to all citizens who desired to discuss the proposed amendment to the Raker Act.

Proponents of the proposed amendment to the Raker Act were heard as follows: Mr. Edward J. Lynch, attorney, representing San Francisco Hotel Association; Mr. George Skaller of the Civic League of Improvement Clubs; Mr. Norton, representing the Park-Presidio Improvement Clubs; Mr. E. C. Easton, representing the North Central Improvement Association; Mr. Wesley McKenzie of the Central Council of Civic Clubs; Mr. Braunsweiger of the Park-Presidio Improvement Club; Mr. Joseph Cummings of the Down Town Association; Mr.

George Baker, Citizens' Voters Unity Council; Mr. P. J. Campbell, stockholder of the Pacific Gas and Electric Company, representing himself; Mr. Henry Warfield of the Citizens' Voters Unity Council; Mr. Henry Columbat of the Lafayette Club; Mr. J. C. Berendsen, representing the Steuben Society; Mr. Kenneth Smitteeo of the Real Estate Board; Mrs. Hazel Davis of the Women's Civic Interest Club; Mr. Dennis Donohue, president Retail Dry Goods Association; and Mr. Lawrence Freckke, representing himself.

The following citizens appeared in opposition to the proposed amendment to the Raker Act:

Mr. John O'Connell, San Francisco Labor Council; Mr. George William Schultz, representing the American Political Economy Association; Mr. A. Watchman of the San Francisco Labor Council; Mr. W. P. Shields, representing Labors Non-Partisan League; Mr. Fred Smith, representing the C. I. O.; James E. Ricketts, representing San Francisco Building Trades Council; and Mr. Albert P. Wagner of the San Francisco Public Ownership Association.

Committee of the Whole Arises.

Supervisor Brown, following the hearing of citizens, moved the Committee of the Whole arise and report progress to the Board.

No objection.

Reconvening of Board.

Thereupon, Supervisor Brown moved that members reconvene as a Board of Supervisors.

No objection and *so ordered.*

In Hands of the Board.

On motion by Supervisor McSheehy, the entire matter was taken into the hands of the Board.

Substitute for Committee's Recommendation.

Following brief discussion by Supervisor Colman, endorsing the Committee's recommendation, Supervisor Schmidt presented the following as a substitute for the recommendation of the Committee:

Submitting Question of Amending Section 6 of the Raker Act to the People.

(Series of 1939)

Resolution No. ....., as follows:

Resolved, That it be the sense of this Board of Supervisors that the question of amending the Raker Act with respect to the distribution of electric power be submitted to the people for decision at the next municipal election, as follows:

Shall the Board of Supervisors of the City and County of San Francisco request the Congress of the United States to amend Section 6 of the Raker Act to permit the distribution of part or all of the Hetch Hetchy power by privately owned companies?

In offering the foregoing as a substitute for the original resolution presented, Supervisor Schmidt stated he felt that a decision should not be made by the Board of Supervisors, as such, but that the people, themselves should decide the matter.

Re-reference to Committee.

Objection to consideration of the substitute resolution offered by Supervisor Schmidt, the entire matter was *re-referred to the Public Utilities Committee.*

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Appropriation of $55,000 from Surplus in Depreciation Fund, Municipal Railway, for Preparation of Plan or Plans Looking Toward Solution of Transportation Problem.

(Series of 1939)

Bill No. 105, Ordinance No. 101, as follows:

Authorizing an appropriation of $55,000 from the surplus existing in Appropriation No. 65.913.00 to the credit of Appropriation No. 802.500.00 for the purpose of having a plan or plans prepared looking toward solution of the transportation problem.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $55,000 is hereby appropriated and set aside from the surplus existing in Appropriation No. 65.913.00 to the credit of Appropriation No. 802.500.00 for the purpose of having a plan or plans prepared looking toward solution of the transportation problem.

Approved as to form by the City Attorney.

Recommended by the Manager of Utilities.

Approved by the Public Utilities Commission.

Approved as to funds available by the Controller.

Approved by the Mayor.

Objections.

Supervisor McSheehy reiterated his objections previously made to the appointment of Mr. Purcell, stating that he felt the proposed appropriation to be a waste of public funds. He stated further, that the appropriation would be much better expended for the purchase of seven or eight buses, which would offer a real relief.

Supervisor Uhl questioned the legality of the proposed appropriation, and requested an opinion from the City Attorney as to the legality of proposed appropriation for the preparation of plan or plans looking to the solution of the transportation problem.

Subsequently during the proceedings the foregoing matter, having been temporarily postponed, was again taken up.

Motion for Postponement.

Supervisor Uhl moved that further consideration be postponed until the next meeting of the Board, April 3, 1939.

Motion *failed for want of a second.*

Finally Passed.

Thereupon, the roll was called and the foregoing bill was *finally passed* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Shannon —6.

No—Supervisor Uhl—1.

Absent—Supervisors Brown, McSheehy, Roncovieri, Schmidt—4.

Amending Salary Ordinance to Provide for Deductions from Salaries for Maintenance Furnished and Accepted by Employees.

(Series of 1939)

Also, Bill No. 111, Ordinance No. 111, as follows:

An ordinance amending Ordinance No. 9.05312S, entitled, "An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1939; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year; an emergency ordinance," by amending Section 2 thereof as it pertains to charges for employees' maintenance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2 of Ordinance No. 9.05312S is hereby amended to read as follows:

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, except as such proposed schedule or compensation is amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein and the salary shall remain at the said entrance rate during the current fiscal year; provided, however, that persons who have acquired permanent status in a position who are re-employed in the same position after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a City department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the Prevailing Wage Resolution and in effect at the time of the award of said con-

tract shall be paid to employees performing work under such contract.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided. The compensation fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter includes the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on pay rolls and time rolls.

Charges for any and all maintenance furnished *and accepted by* employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on time rolls and pay rolls, and deductions for such maintenance shall be indicated and made on time rolls and pay rolls in accordance with the following schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers:

Final Passage.

The following matters, presented by the Finance Committee without recommendation and heretofore passed for second reading, were taken up:

Establishing Procedure for Expenditure of Interest Accruing to Windel Bequest Fund.

(Series of 1939)

Bill No. 108, Ordinance No. 104, as follows:

An ordinance establishing a procedure for the expenditure of interest accruing to the Windel Bequest Fund; authorizing the Public Welfare Commission to direct the expenditure of money from this bequest fund; repealing all orders or ordinances or parts of orders or ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Henri F. Windel, whose death occurred September 1, 1897, bequeathed the sum of Twenty-five Thousand Dollars ($25,000) ". . . in trust . . . to the Mayor, and Board of Supervisors of the City and County of San Francisco . . ." to be by them and their successors invested to the best advantage, the interest accruing thereon to be paid out from time to time to the destitute women and children of the City and County of San Francisco in such a manner as the Mayor and Board of Supervisors may deem most proper and beneficial. By operation of law the amount distributed to this trust was reduced to Fifteen Thousand Five Hundred Four Dollars and Forty-one Cents ($15,504.41).

The Public Welfare Commission of the City and County of San Francisco is therefore authorized and it shall be its duty to direct disbursement of interest accruing to the Windel Bequest Fund for the purposes of said trust as provided in this ordinance.

Section 2. Aid granted under the provisions of this ordinance by the Public Welfare Commission shall only be granted after proper investigation shall have determined that the proposed recipients are destitute and are residents of the City and County of San Francisco.

Section 3. The Public Welfare Commission shall certify to the Controller the names of the persons to receive aid and the amount of the aid that is to be granted to each. The Controller is hereby authorized and directed to draw warrants on the Treasurer against said fund in favor of the persons and in the amounts certified.

Section 4. The Treasurer is hereby authorized and it shall be his duty to pay from the moneys in said fund the aforementioned warrants for aid.

Section 5. The accounting in connection herewith shall be maintained in a manner to be prescribed by the Controller. The Controller shall audit said accounts at least once each year and shall report on the condition thereof to the Mayor and to the Board of Supervisors.

Section 6. All orders or ordinances or parts of orders or ordinances in conflict herewith are hereby repealed, but only to such extent as said conflict may exist.

Approved as to form by the City Attorney.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

Establishing Procedure for Expenditure of Interest Accruing to Olsen Bequest Fund.
(Series of 1939)

Also, Bill No. 109, Ordinance No. 105, as follows:

An ordinance establishing a procedure for the expenditure of interest accruing to the Olsen Bequest Fund; authorizing the Public Welfare Commission to direct the expenditure of money from this bequest fund; repealing all orders or ordinances or parts of orders or ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Fritz S. Olsen contributed the sum of One Thousand Dollars ($1,000) in the name of his mother, Mrs. Sophie Olsen, to the City and County of San Francisco on January 5, 1920, to be invested to the best advantage, the interest accruing thereon to be paid out from time to time to the destitute women and children of the City and County of San Francisco in such manner as the Mayor and the Board of Supervisors may deem most proper and beneficial.

The Public Welfare Commission of the City and County of San Francisco is therefore authorized and it shall be its duty to direct disbursement of interest accruing to the Olsen Bequest Fund for the purposes of said trust as provided in this ordinance.

Section 2. Aid granted under the provisions of this ordinance by the Public Welfare Commission shall only be granted after proper investigation shall have determined that the proposed recipients are destitute and are residents of the City and County of San Francisco.

Section 3. The Public Welfare Commission shall certify to the Controller the names of the persons to receive aid and the amount of the aid that is to be granted to each. The Controller is hereby authorized and directed to draw warrants on the Treasurer against said fund in favor of the persons and in the amounts certified.

Section 4. The Treasurer is hereby authorized and it shall be his duty to pay from the moneys in said fund the aforementioned warrants for aid.

Section 5. The accounting in connection herewith shall be maintained in a manner to be prescribed by the Controller. The Controller shall audit said accounts at least once each year and shall report on the condition thereof to the Mayor and to the Board of Supervisors.

Section 6. All orders or ordinances or parts of orders or ordinances in conflict herewith are hereby repealed, but only to such extent as said conflict may exist.

Approved as to form by the City Attorney.

Finally passed by the following vote:

Absent—Supervisor Roncovieri—1.

Establishing Procedure for Expenditure of Interest Accruing to Robinson Bequest Fund.
(Series of 1939)

Also, Bill No. 110, Ordinance No. 106, as follows:

An ordinance establishing a procedure for the expenditure of interest accruing to the Robinson Bequest Fund; authorizing the Public Welfare Commission to direct the expenditure of money from this bequest fund; repealing all orders or ordinances or parts of orders or ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Henry E. Robinson, by his will executed in the State of New York, bequeathed ". . . to the Mayor, common council and commonality of the City and County of San Francisco, Cal., the sum of Forty Thousand Dollars ($40,000), in trust, to be by them and their successors invested to the best advantage, the interest accruing thereon to be paid out from time to time to the destitute women and children of the City of San Francisco, Cal., in such a manner as such Mayor and common council may deem most proper and beneficial."

The Public Welfare Commission of the City and County of San Francisco is therefore authorized and it shall be its duty to direct disbursement of interest accruing to the Robinson Bequest Fund for the purposes of said trust as provided in this ordinance.

Section 2. Aid granted under the provisions of this ordinance by the Public Welfare Commission shall only be granted after proper investigation shall have determined that the proposed recipients are destitute and are residents of the City and County of San Francisco.

Section 3. The Public Welfare Commission shall certify to the Controller the names of the persons to receive aid and the amount of the aid that is to be granted to each. The Controller is hereby authorized and directed to draw warrants on the Treasurer against said fund in favor of the persons and in the amounts certified.

Section 4. The Treasurer is hereby authorized and it shall be his duty to pay from the moneys in said fund the aforementioned warrants for aid.

Section 5. The accounting in connection herewith shall be maintained in a manner to be prescribed by the Controller. The Controller shall audit said accounts at least once each year and shall report on the condition thereof to the Mayor and to the Board of Supervisors.

Section 6. All orders or ordinances or parts of orders or ordinances in conflict herewith are hereby repealed, but only to such extent as said conflict may exist.

Providing for and Regulating the Granting of Relief to Non-Resident Indigents.

(Series of 1939)

The following recommendation of the Public Welfare Committee was taken up:

Bill No. 123, Ordinance No. ....., as follows:

Providing for the granting of emergency relief to dependent non-residents of the City and County of San Francisco, defining certain terms used in this ordinance, determining the amount and character of relief which may be granted to dependent non-residents and authorizing the Public Welfare Commission to administer said relief and to make rules and regulations regarding the granting of said relief and to incur, on behalf of the City and County of San Francisco, the cost of transporting non-resident indigents to another county or state.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A "non-resident" of the City and County of San Francisco, as used in this ordinance, shall mean any person within the said City and County who does not possess all of the qualifications, and who does not come within all of the descriptions contained and specified in Sections 2555 and 2556 of the Welfare and Institutions Code of the State of California.

The term "emergency relief" as used herein shall mean such relief as, in the judgment of the Director of Public Welfare, may be necessary to relieve the immediate needs of any dependent non-residents.

Section 2. The Board of Supervisors of the City and County of San Francisco does hereby select and designate the Public Welfare Commission of the City and County of San Francisco as its agency for the giving of emergency relief to dependent non-residents in the City and County of San Francisco, and said Public Welfare Commission is hereby authorized and empowered to make such rules and regulations for the giving and granting of said relief, and for the administration thereof, and to determine the conditions under which said relief may be granted or under which said relief may be refused.

Section 3. Said Public Welfare Commission shall not grant any emergency relief to any dependent non-resident of the City and County of San Francisco for a period longer than sixty (60) days except as hereinafter provided; provided, however, that in the case of the illness of any dependent non-resident, or of any member of his or her immediate family, the Public Welfare Commission may extend the granting of said relief to said dependent non-resident for a further period of not more than thirty (30) days.

Section 4. Whenever the Public Welfare Commission shall ascertain that a dependent non-resident is within the City and County of San Francisco and has a place of residence in any other county in the State of California, or in any other state, the said Public Welfare Commission may, in its discretion, provide the necessary funds to return said dependent non-resident to the place of his or her residence; and in cases where any dependent non-resident has relatives or friends residing in another county or in another state who are willing to provide for the care of said dependent non-resident, the Public Welfare Commission may, in its discretion, incur the necessary expense of transporting said non-resident dependent to such place as he or she may be cared for.

Section 5. The Director of Public Welfare may, without the consent of the Public Welfare Commission, grant emergency relief to dependent non-residents as in this ordinance provided for a period of not exceeding ten (10) days when it is not practicable for the Public Welfare Commission to determine the absolute necessity for said relief; provided that the Director of Public Welfare shall make a report to the Public Welfare Commission at its meeting following the

granting of said relief, of any relief so granted, and no further relief shall be granted to said non-resident, without the approval of the Commission.

Section 6. Any dependent non-resident who was, on the 15th day of March, 1939, receiving emergency relief through the Board of Supervisors of the City and County of San Francisco or through the Public Welfare Commission thereof, may, if the conditions on which the allowance of said relief was made have not changed, continue to receive said relief through the agency of the Public Welfare Commission until the 1st day of September, 1939, and the Board of Supervisors does hereby declare that said persons, as long as the conditions on which the granting of said relief were based have not changed, are entitled to emergency relief pursuant to the provisions of Section 2501 of the Welfare and Institutions Code, to and until the 1st day of September, 1939, at which time it is presumed that due provisions will have been made by the Federal Government or by the government of the State of California for the care of non-residents who are entitled to emergency relief.

Section 7. The Public Welfare Commission shall make monthly reports to the Board of Supervisors showing the amount of relief granted to dependent non-residents and the character thereof, as well as all expenditures incurred by the said Public Welfare Commission in transporting dependent non-residents to their places of residence or to other places where they may be cared for.

Privilege of the Floor.

Mr. W. P. Shields, representing Labors Non-Partisan League, on being granted the privilege of the floor, protested the passage of the foregoing bill, as presented, although agreeing that legislation to provide for the granting of relief to non-resident indigents is advisable and necessary.

Consideration Postponed.

Thereupon, after brief discussion, on motion by Supervisor McSheehy, seconded by Supervisor Mead, further consideration of the foregoing matter was *postponed for one week, and made a Special Order of Business on April* 3, 1939, *at* 2:30 *p. m.*

Adopted.

The following recommendation of the Joint Public Welfare and Judiciary Committee was taken up:

Directing the City Attorney to Oppose Any Legislation Which Will Provide for the Acquisition by the State of California of Laurel Hill Cemetery as a State Park.

(Series of 1939)

Resolution No. 170, as follows:

Whereas, the Board of Supervisors has been advised that it is the intention of the directors and lot owners of Laurel Hill Cemetery to endeavor to obtain legislation which will permit Laurel Hill Cemetery being taken over by the State as a State Park in contravention of Ordinance No. 17.194, ordering abandonment of said cemetery and the removal of the bodies therefrom; and

Whereas, said last-mentioned ordinance was sustained by referendum vote of the people of the City and County of San Francisco at an election held on November 2, 1937; now, therefore, be it

Resolved, That the City Attorney be and he is hereby directed and instructed to oppose before the Legislature of the State of California any appeal or measure which may be introduced and which will pro-

vide for the acquisition of said Laurel Hill Cemetery as a State Park, or which will, in any way override Ordinance No. 17.194 above mentioned.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

Adopted.

The following recommendation of the Public Health Committee was taken up:

Abatement Proceedings — 1450 Clay Street.

(Series of 1939)

Resolution No. 171, as follows:

Resolved, That in accordance with the recommendation of the Department of Public Health, the Board of Supervisors of the City and County of San Francisco, State of California, does hereby declare that the premises numbered, known and designated as 1450 Clay street, in the City and County of San Francisco, be and the same is hereby declared to be a public nuisance and the City Attorney of said City and County is hereby directed to abate the same in conformity with the provisions of Section 731 of the Code of Civil Procedure of the State of California.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

Approving Communication Sent to Governor Olson, and Authorizing Appointment of Committee to Appear Before the State Highway Commission, at Sacramento, March 31, 1939, on Behalf of the City and County of San Francisco, in the Controversy Existing in Connection With Construction of Funston Avenue Approach of the Golden Gate Bridge.

(Series of 1939)

The following resolution, presented by Supervisor Roncovieri, was taken up:

Resolution No. 172, as follows:

Whereas, The City and County of San Francisco has been treated most unfairly by the former State Highway Commission in its refusal to divide the P. W. A. subvention for the Funston Avenue Approach to the Golden Gate Bridge, and

Whereas, Supervisor Alfred Roncovieri, Chairman of the Finance Committee of this Board, has, in a letter addressed to Governor Olson, fully explained the injustice which was done to San Francisco in this matter, and

Whereas, In addition to the fact that San Francisco has already agreed to assume a financial responsibility for the construction of this approach and has also been denied its rightful share of the P. W. A. subvention which was granted therefor according to current items in the press, alleging the State's purported inability to meet even that meager contribution of three hundred odd thousand dollars which would have been its share of the cost of the approach (after deducting San Francisco's contribution of $550,000 and the P. W. A. subvention of eight hundred odd thousand dollars), it is now proposed that San Francisco shall be saddled with the obligation to pay the remainder of that which was originally the State's share of

the cost of this project, agreed to over the seal of the Department and the signatures of the official representatives thereof, and

Whereas, If the representations contained in the aforementioned reports be true, it is imperative that the City and County of San Francisco take immediate steps to prohibit such action; now, therefore, be it

Resolved, That this Board of Supervisors does hereby approve the letter sent to Governor Olson by Supervisor Roncoveri; and be it

Further Resolved, That the President of this Board be and is hereby authorized to appoint a committee to appear before the State Highway Commission at its meeting on Friday, March 31, to urge that fair treatment be accorded San Francisco in all phases of the controversy existing in connection with the construction of the Funston Avenue Approach to the Golden Gate Bridge.

Statement by Supervisor Brown.

In consideration of the foregoing resolution, Supervisor Brown announced that he was not opposed to the proposed legislation, but he did wish to make a statement.

At the time of the original bond issue by which the Golden Gate Bridge was built, the State of California went on record with commitment that they would build the northerly and southerly approaches to the Bridge. The State finally built the northerly approach. However, only after a lot of pressure and effort did they agree even to share a part of the cost of the Funston avenue approach. The City and County of San Francisco eventually agreed to contribute one-third the total cost of the Funston avenue approach. The State agreed to finance the balance of the cost. Subsequently the State obtained federal grant to aid in the construction. Supervisor Brown continued the history of events prompting the presentation of the proposed resolution, concluding by expressing his opinion that not only should the State pay its two-thirds cost of the approach as agreed, but that the City and County of San Francisco should receive its fair share of the P. W. A. grant.

Adopted.

Thereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

Appointment of Committee.

President Shannon, following the preceding roll call, announced that he felt that every member of the Board who could do so should attend the meeting of the State Highway Commission in Sacramento on Friday, March 31st. Therefore, pursuant to the authorization granted by the resolution just adopted, President Shannon appointed on the requested committee, all members of the Advisory Committee on State Legislation, together with every member of the Board who could attend the meeting, Supervisor Brown, chairman.

Communication.

March 11, 1939.

His Excellency,
Governor Culbert L. Olson,
State Capitol,
Sacramento, California.

Your Excellency:

With sympathetic understanding for your recent illness and with no desire unduly to burden you at this busy and important time, I nevertheless believe it imperative that you be apprised of a situation which

is both unjustifiable and intolerable and which in fairness and decency should be corrected.

I refer to the unfair treatment which the City and County of San Francisco has received from the State Highway Commission in connection with the Funston Avenue Approach to the Golden Gate Bridge.

Briefly, the essential facts are as follows:

Shortly before the completion of the Golden Gate Bridge it was learned that no money had been included in the bridge bond issue for the construction of approaches. The State Highway Commission then agreed to, and did in fact, construct the Waldo Approach on the Marin County side of the Bay at a cost to the State of approximately $2,000,000, and San Francisco out of its own gas tax funds appropriated $40,000 toward the construction of the approach in the Marina; however, no provision was made for the Funston Avenue Approach through the Presidio Federal Reservation.

Pressure was then brought to bear upon San Francisco to pay for the Funston Avenue Approach, and we in turn appealed to the Highway Commission to assume the obligation upon the theory that the Funston Avenue Approach constitutes a link in the State Highway System through a Federal Reservation.

After some discussion it was agreed between the City and the State that San Francisco should pay up to one-third of the cost of the approach and that the State would bear the remainder of the expense. This agreement was entered into over my vigorous objection for the reason that San Francisco alone was singled out of the six counties comprising the Bridge District to contribute to the cost of the approach when as a matter of fact the project is not a matter of purely local concern, but a necessary adjunct to the Bridge, and for the further reason that the State paid in full for the construction of the Waldo Approach. Regardless of these facts, the agreement was consummated.

Several months ago, it developed that the State, without any knowledge on the part of the City, had sponsored an application to the Federal Government for Public Works Administration assistance in connection with the construction of the Funston Avenue Approach and had been given a grant of 45 per cent of the *total* cost thereof.

Upon becoming cognizant of this fact, I communicated with the State Highway Commission for confirmation of my expectation that the State intended to apportion the money acquired as a result of the P. W. A. Grant, between the City and the State, in the same ratio as the parties had agreed to contribute toward the construction of the approach, whereupon, I was informed that the State had no intention of apportioning any part of the P. W. A. Grant to San Francisco.

The agreement between the State and the City and County of San Francisco provides that the State shall bear two-thirds, and San Francisco one-third, of the *total cost of the project*. A fair and unstrained construction of the terms of such agreement can leave no other conclusion than that the State and the City intended to contribute their respective proportions upon the basis of the *total cost of the project*, estimated at approximately $1,800,000. The *total cost of the project* will be reduced by the P. W. A. Grant of $805,000. Therefore, San Francisco should not be expected to contribute any more than one-third of the *remainder of the total cost*.

When the memorandum of agreement for this project was executed by the City and the State, neither party had conceived the idea of soliciting P. W. A. Federal assistance in connection with it. In all fairness neither party should have had such a plan in mind without in all good conscience divulging it to the other. Quite obviously, San Francisco would never have entered into an agreement which would obligate it to pay a larger sum than the State.

The Highway Commission having applied for and received both San Francisco's share and the State's share of 45 per cent of the *total cost of the Project* precluded San Francisco from making an appli-

cation for 45 per cent P. W. A. assistance on its share of the *total cost of the project.* Undoubtedly San Francisco would have been granted its share of P. W. A. assistance by the Federal Government if the Commission had not applied for it, unknown to San Francisco.

In all justice, the Commission should recognize that it is retaining for its own benefit San Francisco's just share of the P. W. A. Grant amounting to over $247,500.

The Funston Avenue Approach to the Golden Gate Bridge is entirely within the Presidio, a United States Reservation. It is a project of no more local concern to the City and County of San Francisco than is the Waldo Approach to the County of Marin which was constructed in its entirety with State Highway Funds. The Funston Avenue Approach is primarily an adjunct of the bridge, made necessary to increase its revenues, and it also serves as a link between two state highways.

Under no stretch of the imagination can it be assumed by competent engineers that San Francisco would ever entertain a proposal for the construction of the Funston Avenue project through the Presidio had the bridge not been built.

Responsibility for its construction can no more be assumed to be the obligation of San Francisco than that of any or all of the other counties comprising the Golden Gate Bridge and Highway District, yet the Commission not only required San Francisco, individually, to agree to meet one-third of the *total cost of its construction,* but in addition, now takes the arbitrary and decidedly unfair position that San Francisco is not entitled to its proportionate share of the P. W. A. Federal subvention procured through the hypothecation of the first one-quarter cent gas tax fund, which under the law, the Commission is required to allocate for the benefit of San Francisco. For the State to retain for its own benefit San Francisco's just share of the P. W. A. Federal Grant in order to reduce the proportion it had agreed to pay cannot be morally justified, and we believe that you will agree with our contention after mature reflection. In fairness and equity San Francisco is entitled to its one-third of the P. W. A. Federal Grant.

On behalf of the City and County of San Francisco, therefore, I respectfully ask that you give consideration to this matter, to the end that one-third of the P. W. A. subvention for this project, amounting to $247,500, be applied to San Francisco's share of the *total cost of the project.*

Very respectfully yours,

ALFRED RONCOVIERI,
Chairman, Finance Committee,
Board of Supervisors.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Salary Standardization Referendum.

Favoring Transplanting of Shrubs, Trees and Flowers on Treasure Island After Termination of Exposition to John McLaren Park.

(Series of 1939)

Supervisor Schmidt presented:

Resolution No. ————, as follows:

Whereas, the John McLaren Park is for the most part an undeveloped tract of land; and

Whereas, most of the shrubs, trees and flowers now growing on Treasure Island must be removed after the close of the Exposition; and

Whereas, the planting of these shrubs, trees and flowers in the John McLaren Park area will greatly add to the beauty and development of this section as well as adding to the general beauty and attractiveness of San Francisco; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record as favoring the transplanting of the shrubs,

trees and flowers from Treasure Island to John McLaren Park at the close of the Exposition; and be it

Further Resolved, That if sufficient funds are not available that this work be accomplished as a WPA project, and that copies of this resolution be forwarded to his Honor the Mayor, the Board of Park Commissioners and Mr. Clyde Healy.

Referred to Education, Parks and Recreation Committee.

Acceptance of Offer of Facilities of Crystal Palace Baths to School Children.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. ————, as follows:

Whereas, San Francisco has no indoor swimming facilities which are available without charge to school children; and

Whereas, this healthful exercise should be provided our school children not only for the body-building sport which it provides but also as an instructive program to benefit public safety; and

Whereas, a most attractive offer has been submitted to the City and County by the Crystal Palace Salt Water Baths, under the terms of which these baths would be available to certain of our school children, together with bathing suits, towels and instructors during every school day of the year for the nominal sum of $5,000; now, therefore, be it

Resolved, That his Honor, the Mayor, the Board of Education and the Recreation Commission be and are hereby requested to meet and consider this proposal, to the end that the money necessary to take advantage of the offer may be set up in the Annual Appropriation Ordinance for 1939-1940; and be it

Further Resolved, That copies of this resolution be sent to his Honor, the Mayor, to the Board of Education and to the Recreation Commission.

Privilege of the Floor.

Mr. Edward Cerruti, owner of Crystal Palace Salt Water Baths, on being granted the privilege of the floor, explained in detail his offer.

Referred to Finance Committee.

After brief discussion, the entire matter was *referred to the Finance Committee.*

San Francisco Harbor Control.

The following recommendation of the Advisory Committee on State Legislation was taken up:

Resolution Adopted by Advisory Committee on State Legislation.

Whereas, by resolution of the Board of Supervisors adopted September 13, 1937, and approved by his Honor, the Mayor, on September 16, 1937, there was created in accordance with the provisions of Chapter 26 of the statutes of 1935 the Advisory Committee on State Legislation in order to permit the Board of Supervisors to present to the Legislature and its committees information for the purpose of aiding in the passage of any legislation which in the judgment of the Board of Supervisors of the City and County may be deemed beneficial thereto; and

Whereas, at the meeting of the Advisory Committee on State Legislation held on March 10, 1939, there was unanimously approved and referred to the Board of Supervisors a resolution memorializing the Senate, the Assembly and the Governor of the State of California to return control of San Francisco Harbor to the City and County of San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors concurs and adopts as its act the said resolution, a copy of which is attached hereto and made a portion of this record.

Memorializing the State Senate, the State Assembly and the Governor of California to Return Control of San Francisco Harbor to the City and County of San Francisco.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 178, as follows:

Whereas, the harbor of the City and County of San Francisco is owned, controlled and operated by the State of California, the sole management thereof being vested in a Board of Harbor Commissioners, appointed by the Governor; and

Whereas, under control of the State the harbor tonnage in the last ten years has declined to a degree threatening the economic future of the City and County of San Francisco; and

Whereas, the State Board of Harbor Commissioners has failed to provide adequate facilities for agricultural and other shippers and otherwise has failed to develop and promote the harbor in competition with other ports; and

Whereas, under the present State control, all bond issues for the improvement of the waterfront and all laws, rules, regulations and questions of policy for the operation of the harbor ultimately are subject to the approval or disapproval of all the voters of the State of California, including the voters of various communities which own and operate their respective waterfronts in competition with the San Francisco waterfront; and

Whereas, the State of California has none of its funds invested in the San Francisco harbor, having loaned its credit in the form of bonds amortized by harbor revenues, and such revenues will remain pledged to the complete retirement of the bonds; and

Whereas, municipal ownership control is a recognized principle in American governmental affairs, with San Francisco the only large city in the United States (with the exception of New Orleans) which does not enjoy municipal waterfront control; and

Whereas, development of the port of San Francisco and restoration of its volume of tonnage requires the guiding hand of the community which has most at stake—the City and County of San Francisco; and

Whereas, the City and County of San Francisco, by vote of its people in amending the Charter at the March, 1937, special election has provided for a progressive, utility-type of non-political administration of the port, contingent upon transfer of control to the City and County; now, therefore, be it

Resolved by the Board of Supervisors of the City and County of San Francisco, the Mayor of said City and County concurring, that we hereby respectfully memorialize the State Senate, the State Assembly and the Governor of California forthwith to return our waterfront to this City and County by appropriate legislation, subject to such reasonable restrictions as may be necessary to protect the credit of the State and the civil service standing of waterfront employees, and be it

Further Resolved, That we hereby declare the following policy of the City and County with respect to said waterfront;

We believe that the interests of San Francisco, as the distribution center and market place, and rural California, as the producing source, are linked by geographical, historical and economic bonds. We believe that San Francisco cannot prosper without a prosperous rural area and that rural California cannot prosper without a prosperous metropolis, and therefore:

The City and County will launch an aggressive program of port promotion and development, to restore harbor business, with resulting benefit not only to San Francisco but to all of California;

The executive authority over the port shall be lodged in the hands of a qualified port manager, as provided for in the Charter amendment;

The port shall be operated in the best interests of those who use the

harbor facilities, whether as shippers, carriers, passengers or otherwise, and shall be managed and policed by the City and County in a business-like, progressive and orderly manner;

In the interests of agricultural and other shippers, adequate facilities will be provided by the City and County at minimum rates;

The civil service status and pension rights of harbor employees will be protected fully by transfer from the State to the City civil service system, as provided in the Charter amendment;

The State Harbor Commissioners holding office at time of transfer of waterfront control to the City shall be continued in office, as members of the City and County Harbor Commission, with two additional members appointed by the City, as provided in the Charter.

WARREN SHANNON,
Chairman, Advisory Committee on State Legislation.

Explanation of Vote.

Supervisor Colman, after brief discussion of the recommendation of the Advisory Committee on State Legislation, announced that he would vote against adoption of same, because he was not familiar enough with the situation: that is, the shrinkage of revenue, the taking over of bonds, etc. He stated he felt his position to be strengthened by the fact that many of the people most concerned were opposed to local harbor control.

Adopted.

Thereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—8.

Noes—Supervisors Brown, Colman—2.

Absent—Supervisor Roncovieri—1.

ADJOURNMENT.

There being no further business, the Board, at the hour of 6:30 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors April 3, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, APRIL 3, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Monday, April 3, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McGowan, Meyer, Ratto, Shannon, Uhl —7.

Absent—Supervisors McSheehy, Mead, Roncovieri, Schmidt—4.

Quorum present.

President Shannon presiding.

Supervisor McSheehy was noted present at 2:15 p. m.

Supervisor Mead was noted present at 2:18 p. m.

Supervisor Roncovieri was noted present at 2:45 p. m.

Supervisor Schmidt excused because of illness.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of Monday, March 27, 1939, was considered read and approved.

SPECIAL ORDER—2 P. M.

Hearing of protests against assessment for costs and expenses of the work of improvement on Golden Gate Heights, Contract No. 2, by the construction of paving and other work.

No protests being filed, the Clerk was *directed so to notify the Department of Public Works.*

SPECIAL ORDER—2:30 P. M.

Report of Messrs. Ost and Bendel on their recent investigation of street cars, trackless trolleys, gasoline buses, pursuant to motion by Supervisor Uhl, Monday, March 13, 1939.

Communication.

The foregoing Special Order being called up, the Clerk read the following communication:

March 31, 1939.

Mr. David A. Barry, Clerk, Board of Supervisors,
City Hall, San Francisco, Calif.

Dear Mr. Barry: I have your letter of March 30, subject Special Order of Business for Monday, April 3, 1939, on the subject of report on street cars, trackless trolleys, gasoline buses, etc., by Messrs. Ost and Bendel.

As I advised you in my letter of March 15, no such report has been received by the Public Utilities Commission and when it is received it will be in the form of specifications for street cars and trolley buses.

After the Public Utilities Commission passes upon these specifications they will be delivered to the Purchaser of Supplies, with a request that he advertise for public bids to fill the purchase orders which will accompany them.

The first set of specifications for trolley buses is now in the hands of the Purchaser of Supplies. Supervisor Uhl undoubtedly may have a copy of these specifications by applying to the Purchasing Department.

Very truly yours,

E. G. CAHILL, Manager of Utilities.

Consideration Postponed.

Thereupon, Supervisor Uhl stated that he felt the Board of Supervisors were entitled to hear from Messrs. Ost and Bendel. Mr. Uhl wished particularly to know what cities were visited—where trackless trolleys are installed—the differences between the gasoline buses and trackless trolleys, etc., and again requested that the subject matter be made a Special Order of Business at 2:30 p. m., on Monday, April 10, 1939.

So ordered.

During discussion on Supervisor Uhl's request for postponement of consideration of Messrs. Ost and Bendel's report for one week, Supervisor McSheehy called attention to the Charter provision authorizing the Board to subpoena witnesses and suggested Supervisor Uhl exercise that power granted by the Charter. In reply to that suggestion, Supervisor Uhl stated he did not wish to exercise that right at present, but would so do, if necessary, after another request for attendance of Manager of Utilities Cahill and Messrs. Ost and Bendel at the meeting of the Board on April 10, 1939.

Whereupon, Supervisor McSheehy announced his intention of exercising his rights pursuant to Section 21 of the Charter, and would consult with the City Attorney as to the proper method of procedure for such exercise of his rights.

SPECIAL ORDER—2:30 P. M.

The following recommendation of the Public Welfare Committee was taken up:

Providing for and Regulating the Granting of Relief to Non-Resident Indigents.

(Series of 1939)

Bill No. 123, Ordinance No. ....., as follows:

Providing for the granting of emergency relief to dependent non-residents of the City and County of San Francisco, defining certain terms used in this ordinance, determining the amount and character of relief which may be granted to dependent non-residents and authorizing the Public Welfare Commission to administer said relief and to make rules and regulations regarding the granting of said relief and to incur, on behalf of the City and County of San Francisco, the cost of transporting non-resident indigents to another county or state.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A "non-resident" of the City and County of San Francisco, as used in this ordinance, shall mean any person within the said City and County who does not possess all of the qualifications, and who does not come within all of the descriptions contained and specified in Sections 2555 and 2556 of the Welfare and Institutions Code of the State of California.

The term "emergency relief" as used herein shall mean such relief

as, in the judgment of the Director of Public Welfare, may be necessary to relieve the immediate needs of any dependent non-residents.

Section 2. The Board of Supervisors of the City and County of San Francisco does hereby select and designate the Public Welfare Commission of the City and County of San Francisco as its agency for the giving of emergency relief to dependent non-residents in the City and County of San Francisco, and said Public Welfare Commission is hereby authorized and empowered to make such rules and regulations for the giving and granting of said relief, and for the administration thereof, and to determine the conditions under which said relief may be granted or under which said relief may be refused.

Section 3. Said Public Welfare Commission shall not grant any emergency relief to any dependent non-resident of the City and County of San Francisco for a period longer than sixty (60) days except as hereinafter provided; provided, however, that in the case of the illness of any dependent non-resident, or of any member of his or her immediate family, the Public Welfare Commission may extend the granting of said relief to said dependent non-resident for a further period of not more than thirty (30) days.

Section 4. Whenever the Public Welfare Commission shall ascertain that a dependent non-resident is within the City and County of San Francisco and has a place of residence in any other county in the State of California, or in any other state, the said Public Welfare Commission may, in its discretion, provide the necessary funds to return said dependent non-resident to the place of his or her residence; and in cases where any dependent non-resident has relatives or friends residing in another county or in another state who are willing to provide for the care of said dependent non-resident, the Public Welfare Commission may, in its discretion, incur the necessary expense of transporting said non-resident dependent to such place as he or she may be cared for.

Section 5. The Director of Public Welfare may, without the consent of the Public Welfare Commission, grant emergency relief to dependent non-residents as in this ordinance provided for a period of not exceeding ten (10) days when it is not practicable for the Public Welfare Commission to determine the absolute necessity for said relief; provided that the Director of Public Welfare shall make a report to the Public Welfare Commission at its meeting following the granting of said relief, of any relief so granted, and no further relief shall be granted to said non-resident, without the approval of the Commission.

Section 6. Any dependent non-resident who was, on the 15th day of March, 1939, receiving emergency relief through the Board of Supervisors of the City and County of San Francisco or through the Public Welfare Commission thereof, may, if the conditions on which the allowance of said relief was made have not changed, continue to receive said relief through the agency of the Public Welfare Commission until the 1st day of September, 1939, and the Board of Supervisors does hereby declare that said persons, as long as the conditions on which the granting of said relief were based have not changed, are entitled to emergency relief pursuant to the provisions of Section 2501 of the Welfare and Institutions Code, to and until the 1st day of September, 1939, at which time it is presumed that due provisions will have been made by the Federal Government or by the government of the State of California for the care of non-residents who are entitled to emergency relief.

Section 7. The Public Welfare Commission shall make monthly reports to the Board of Supervisors showing the amount of relief granted to dependent non-residents and the character thereof, as well as all expenditures incurred by the said Public Welfare Commission in transporting dependent non-residents to their places of residence or to other places where they may be cared for.

Discussion.

Supervisor Brown, Chairman of the Public Welfare Committee, explained the purport of the proposed ordinance to provide for and regulate the granting of relief to non-resident indigents, and the need for such ordinance.

Motion to Amend.

After further explanation by Dr. Jacques Gray, Director of Public Welfare, as to the necessity of the proposed legislation, and to the provisions thereof, Supervisor Uhl, seconded by Supervisor Ratto, moved that Section 6 thereof be amended by striking out the word "September" appearing twice therein, and substituting therefor the word "June", making that section read as follows:

Section 6. Any dependent non-resident who was, on the 15th day of March, 1939, receiving emergency relief through the Board of Supervisors of the City and County of San Francisco or through the Public Welfare Commission thereof, may, if the conditions on which the allowance of said relief was made have not changed, continue to receive said relief through the agency of the Public Welfare Commission until the 1st day of June, 1939, and the Board of Supervisors does hereby declare that said persons, as long as the conditions on which the granting of said relief were based have not changed, are entitled to emergency relief pursuant to the provisions of Section 2501 of the Welfare and Institutions Code, to and until the 1st day of June, 1939, at which time it is presumed that due provisions will have been made by the Federal Government or by the government of the State of California for the care of non-residents who are entitled to emergency relief.

Motion not pressed and subsequently *withdrawn*.

Motion to Re-refer to Committee.

After further discussion, Supervisor Uhl, seconded by Supervisor Roncovieri, moved the entire matter be re-referred to Committee for further study.

Privilege of the Floor.

Mr. W. P. Shields, representing the Labor Unions Unemployed Council, on being granted the privilege of the floor, on motion by Supervisor Mead, discussed the entire matter at length, and urged the Board not to pass the ordinance in its present form or until assured that those non-residents on relief would be assured of some type of assistance.

Supervisor Brown, replying to Mr. Shields, stated that in his opinion, the passage of the proposed legislation would serve notice to relief agencies that the City and County had done its share in caring for the needy and would so continue to do. However, the continued care of non-resident indigents is not properly a charge against San Francisco, but rather against the State and Federal relief agencies.

Motion for Continuance of Consideration.

Thereupon, Supervisor McSheehy, seconded by Supervisor Mead, moved that the matter remain on the calendar for one week and be made a Special Order of Business for Monday, April 10, 1939, at 2:30 p. m., the Board to sit as a Committee of the Whole at that time.

Previous Motion Withdrawn.

Before the motion just made by Supervisor McSheehy was put, Supervisor Uhl, with the consent of his second, withdrew his motion for re-reference of the entire matter to the Public Welfare Committee.

Motion for Continuance of Consideration Failed.

Following further brief discussion, the roll was called and the foregoing motion, that the matter remain on the calendar for one week, and be made a Special Order of Business for Monday, April 10, 1939, at 2:30

p. m., the Board to sit as a Committee of the Whole at that time, was *defeated* by the following vote:

Ayes—Supervisors McSheehy, Mead, Shannon, Uhl—4.
Noes—Supervisors Brown, Colman, McGowan, Meyer, Ratto, Roncovieri—6.
Absent—Supervisor Schmidt—1.

Passed for Second Reading.

Thereupon, the roll was called and the foregoing bill was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Meyer, Ratto, Shannon—6.
Noes—Supervisors McSheehy, Mead, Uhl—3.
Absent—Supervisors Roncovieri, Schmidt—2.

Explanation of Vote.

Supervisor Uhl, in explanation of vote just taken, stated he had voted *no* because the vote was on passage for second reading. If, before time for final passage, Mr. Shields, or any one else, can advise the Board a suitable amendment can be submitted at that time if it is found necessary to do so.

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Authorizing Sale of City Land in Assessor's Block 5330, Pursuant to Recommendation of the Department of Public Works.

(Series of 1939)

Bill No. 112, Ordinance No. 117, as follows:

Authorizing sale of City land in Assessor's Block 5330, pursuant to recommendation of the Department of Public Works.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Department of Public Works, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned land situated in the City and County of San Francisco, State of California:

(Series of 1939)

Bill No. 120, Ordinance No. ....., as follows:

An ordinance amending the San Francisco Municipal Code by adding Sections 240, 241, 242, 243, 244, 245, 246 and 247 to Article 2, Part III thereof, regulating the operation or use of bicycles propelled wholly or in part by muscular power, upon streets and public highways in the City and County of San Francisco; licensing same, and regulating the business of buying second-hand bicycles; the business of selling new and second-hand bicycles, etc.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The San Francisco Municipal Code be and the same is hereby amended by adding Sections 240, 241, 242, 243, 244, 245, 246 and 247 to Article 2, Part III thereof, the same to read as follows:

Sec. 240. No person shall operate or use a bicycle propelled wholly or in part by muscular power upon any streets or public highways of the City and County of San Francisco, without first obtaining from the Tax Collector, a license therefor.

Sec. 241. The Tax Collector is hereby authorized and directed to issue, upon written application, bicycle licenses which shall be effective for one calendar year. All such licenses shall be dated January 1st of the year issued. When issued, such licenses shall entitle the licensee to operate such bicycle for which the license has been issued, upon all the streets and public highways, exclusive of the sidewalks thereof, in the City and County of San Francisco.

Sec. 242. The Tax Collector shall provide each year metallic license plates and seals, together with registration cards and isinglass holders therefor. Said metallic license plates and registration cards shall have numbers stamped thereon in numerical order, beginning with number 1, and shall indicate the year for which they are issued, and shall have the letters "SFBL" stamped thereon. Such metallic license plates shall be suitable for attachments upon the frames of bicycles. It shall be the duty of the Tax Collector to attach one such metallic license plate to the frame of each bicycle and to issue a corresponding registration card to the licensee upon the payment of the license fee. Such metallic license plate shall remain attached during the valid period of such license. The Tax Collector shall keep a record of the date of issuance of each license, the person to whom issued and the number thereof.

Sec. 243. All persons engaged in the business of buying second-hand bicycles are hereby required to make a daily report to the Chief of Police, giving the name and address of the person from whom each bicycle is purchased, the description of each bicycle purchased, the frame number thereof, and the number of the metallic license plate found thereon, if any. All persons engaged in the business of selling new or second-hand bicycles are hereby required to make a daily report to the Chief of Police, giving a list of all sales made by such dealers, which list shall include the name and address of each person to whom sold, the kind of bicycle sold, together with a description and

frame number thereof, and the number of the metallic license plate attached thereto, if any.

Sec. 244. It shall be the duty of every person who sells or transfers ownership of any bicycle to report such sale or transfer by returning to the Tax Collector the registration card issued to such person as licensee thereof, together with the name and address of the person to whom said bicycle was sold or transferred. Such report shall be made within five (5) days of the date of said sale or transfer. It shall be the duty of the purchaser or transferee of such bicycle to apply for the transfer of registration therefor, within five (5) days of said sale or transfer.

Sec. 245. No persons shall wilfully or maliciously remove, destroy, mutilate or alter the number of any bicycle frame licensed pursuant to this section.

Sec. 246. No person shall remove, destroy, mutilate or alter any license plate, seal or registration card during the time in which said plate, seal or card is operative. Nothing in this section shall prohibit the Tax Collector from stamping numbers on the frame of bicycles on which no serial number can be found, or on which the number is illegible or insufficient for identification purposes.

Sec. 247. For the first annual license issued pursuant to this section, the sum of fifty (50c) cents shall be paid. For each annual renewal of any such license, or for the issuing of a duplicate for a lost, destroyed or defaced license plate, the sum of twenty-five (25c) cents.

Intention to Close and Abandon Portions of Seneca Avenue and Otsego Avenue.

(Series of 1939)

Resolution No. 185, as follows:

Resolved, That the public interest requires that the certain following described portions of Seneca avenue and Otsego avenue be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Seneca avenue and Otsego avenue more particularly described as follows, to-wit:

Beginning at the intersection of the southwesterly line of Oneida avenue with the northwesterly line of Otsego avenue; thence running southwesterly along the said line of Otsego avenue 400 feet to the northeasterly line of Seneca avenue; thence at right angles northwesterly along said line of Seneca avenue 134.302 feet; thence leaving the last-named line of Seneca avenue and running southeasterly on the arc of a curve to the right, tangent to the aforesaid line of Seneca avenue, radius 430 feet, central angle 32 degrees 32 minutes 43 seconds, a distance of 244.250 feet to a point on the northeasterly line of Seneca avenue, said point being the most northerly termination of that certain course of radius 430 feet, central angle 18 degrees 18 minutes 29 seconds and 137.400 feet in length, as shown on Sheet No. 1, Subdivision No. 2, Geneva Terraces, filed December 28, 1928, in Liber "M" of Maps, at pages 5 to 8, inclusive; thence running northwesterly along said line of Seneca avenue and continuing northerly and northeasterly along the northwesterly line of that portion of Seneca avenue previously closed by Resolution No. 32153, New Series, of the San Francisco Board of Supervisors, on the arc of a curve to the right, tangent to the preceding curve at the latter point, radius 80.102 feet

central angle 57 degrees 27 minutes 17 seconds, a distance of 80.325 feet to the tangency with the southeasterly line of Otsego avenue; thence running northeasterly along last-named line of Otsego avenue 400 feet to the aforesaid line of Oneida avenue; thence at right angles northwesterly 60 feet to the point of beginning.

Saving and excepting therefrom a sewer easement 10 feet in width lying 5 feet on each side of the following described centerline: Beginning at a point on the centerline of Seneca avenue, distant thereon 23.495 feet southeasterly from the northwesterly line of Otsego avenue, said point of beginning being on the third course of the above description (a curve to the right of 430-foot radius); thence running southeasterly along said line of Seneca avenue 42.335 feet to the northwesterly line of that portion of Seneca avenue previously closed by the above-mentioned Resolution No. 32153, New Series.

Said closing and abandonment of said portions of Seneca avenue and Otsego avenue shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Seneca avenue and Otsego avenue in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

The following recommendation of the Streets Committee was taken up:

Intention to Close Portion of Oneida Avenue.

(Series of 1939)

Resolution No. 187, as follows:

Resolved, That public interest requires that the following described portion of Oneida avenue in San Francisco, California, be closed and abandoned:

PARCEL A: Beginning at the southeasterly termination of the northeasterly line of Oneida avenue, as shown on West End Map No. 1, as per map thereof filed May 1, 1863, in Map Book 2A and B, at page 45, Records of the City and County of San Francisco, said termination being distant 242.00 feet southeasterly from the southeasterly line of Cayuga avenue; thence running northwesterly along said line of Oneida avenue 17.00 feet to the southeasterly line of the property now or formerly owned by Harry Epstein; thence deflecting 90 degrees to the left and running southwesterly along the southwesterly prolongation of the said property line of Epstein, 7.50 feet to a line parallel with and distant 7.50 feet at right angles to said line of Oneida avenue; thence deflecting 90 degrees to the left and running southeasterly along said parallel line, 4.312 feet to the southeasterly termination line of Oneida avenue; thence deflecting 30 degrees 35 minutes 19 seconds to the left and running easterly along said southeasterly termination line, 14.739 feet to the northeasterly line of Oneida avenue and the point of beginning.

Being a portion of Oneida avenue, as said avenue is shown on the above-mentioned West End Map No. 1.

Further Resolved, That it is the intention of this Board to close and abandon said portion of Oneida avenue in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California; and be it

Further Resolved, That any damage, cost and expense of said closing and abandonment be paid by the City and County of San Francisco.

Upon the final closing of said portion of Oneida avenue, it is understood that the City and County of San Francisco, a municipal corporation, shall convey all interest therein to Northern Counties Title Insurance Company in exchange for the following described parcels of land situated in San Francisco, California, required for the extension of Oneida avenue into Alemany boulevard:

PARCEL 1: Beginning at the southeasterly termination of the southwesterly line of Oneida avenue, as shown on West End Map No. 1, as per map thereof filed May 1, 1863, in Map Book 2A and B, at page 45, Records of the City and County of San Francisco, said termination

being distant 142.5 feet southeasterly from the southeasterly line of Cayuga avenue; thence southeasterly on the prolongation of said line of Oneida avenue 80.5 feet; thence at a right angle northeasterly 47.586 feet to a point on the southeasterly termination of Oneida avenue; thence deflecting 120 degrees 35 minutes 19 seconds to the left and running southwesterly on said termination 93.513 feet to the southwesterly line of Oneida avenue and the point of beginning.

Being a portion of West End Map No. 1.

PARCEL 2: Beginning at a point on the southeasterly termination of Oneida avenue, as shown on West End Map No. 1, as per map thereof filed May 1, 1863, in Map Book 2A and B, page 45, Records of the City and County of San Francisco, said point being distant 223 feet at right angles southeasterly from the southeasterly line of Cayuga avenue, and distant 47.586 feet at right angles northeasterly from the southwesterly line of Oneida avenue produced southeasterly; thence southwesterly and parallel to Cayuga avenue 5.086 feet; thence at a right angle southeasterly 60.03 feet to the northwesterly boundary of the property acquired from Stephano Ventre for Alemany boulevard by the City and County of San Francisco, by deed recorded in Vol. 1862, at page 54, Official Records of said City and County; thence at a right angle northeasterly along said boundary 10 feet; thence at a right angle northwesterly 53.718 feet to the southeasterly termination of Oneida avenue; thence deflecting 30 degrees 35 minutes 19 seconds to the left and running southwesterly on said southeasterly termination 9.656 feet to the point of beginning.

Being a portion of West End Map No. 1.

As a further consideration, it is understood that the City and County of San Francisco shall convey the following described real property to Northern Counties Title Insurance Company, which property is situated in San Francisco, California, and is surplus City-owned land acquired in connection with the opening of Alemany boulevard:

PARCEL B: Commencing at the northeasterly termination of the southeasterly line of Knight's place, and running thence southeasterly along the dividing line between the lands of Stephano Ventre and the lands now or formerly owned by the Ocean Shore Railroad Company, a distance of 33.282 feet to the northwesterly line of the proposed Alemany boulevard and the true point of beginning; thence northeasterly along said northwesterly line, being a curve to the left, tangent to a line deflected to the left 104 degrees 41 minutes and 52 seconds from the preceding course, having a radius of 950 feet and a central angle of 8 degrees 20 minutes 38 seconds a distance of 138.347 feet; thence continuing northeasterly along said northwesterly line, tangent to the curve of the preceding course 69.222 feet to the dividing line between the lands of the City and County of San Francisco and Stephano Ventre; thence southwesterly along said dividing line, being a curve to the right, tangent to a line deflected to the left 176 degrees 48 minutes 57 seconds from the preceding course, having a radius of 2232 feet and a central angle of 5 degrees 13 minutes 49 seconds, a distance of 203.744 feet to the aforementioned dividing line between the lands of Stephano Ventre and the lands now or formerly owned by the Ocean Shore Railroad Company; thence southeasterly along said dividing line 11.431 feet to the northwesterly line of the proposed Alemany boulevard and the true point of beginning.

Being a portion of the Rancho Rincon de las Salinas y Potrero Viejo.

The deed for the conveyance of Parcels A and B to Northern Counties Title Insurance Company shall be executed pursuant to Chapter 690, 1911 Statutes of California.

The Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and said Department is hereby directed to give notice of said contemplated closing and abandonment of said portion of Oneida avenue in the

manner provided by law, and to cause notice thereof to be published in the official newspaper of San Francisco.

Commending the Hon. George R. Reilly and National Commander Stephen F. Chadwick of The American Legion.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 190, as follows:

Whereas, while welcoming National Commander Stephen F. Chadwick, of the American Legion, at Treasure Island on Saturday, April 1, 1939, the Honorable George R. Reilly, representing Governor Olson, eulogized the patriotic work which is being carried on by the Legion; and

Whereas, in his speech, Mr. Reilly placed particular emphasis upon the anti-ism campaign which is being so successfully waged by the Legion; and

Whereas, to loyal democracy-loving Americans any movement for the

substitution of our form of government by the establishment of an ism form of rule is abhorrent and should be decried and repelled; now, therefore, be it

Resolved, That this Board of Supervisors does hereby congratulate both Mr. Reilly and Commander Chadwick upon their timely remarks repudiating those agencies which seek the overthrow of American traditions.

The following recommendation of the Judiciary Committee was presented by Supervisor McSheehy, Chairman:

Amending the San Francisco Municipal Code by Repealing Sections 116 to 130 (Both Numbers Inclusive) of Article 2, Chapter IX, Part II, of said Code, and Declaring That This Ordinance Is an Emergency Measure Within the Meaning of Section 16 of the Charter.

(Series of 1939)

Bill No. 134, Ordinance No. 116, as follows:

Amending the San Francisco Municipal Code by repealing Sections 116 to 130 (both numbers inclusive) of Article 2, Chapter IX, Part II, of said Code, and declaring that this ordinance is an emergency measure within the meaning of Section 16 of the Charter.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 116 to 130 (both numbers inclusive) of Article 2, Chapter IX, Part II, of the San Francisco Municipal Code are hereby repealed.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does by the vote by which this ordinance is passed hereby declare that an actual emergency exists, which makes it necessary that this ordinance should become effective forthwith, the character of said emergency being as follows, to-wit: That the above mentioned Sections of said Code were contained in ordinances enacted prior to the effective date of the present Charter, and are in conflict

with the provisions thereof and are therefore void, and that said Sections interfere with the proper functioning of the several departments of the City and County, and their immediate repeal is necessary for the uninterrupted operations of the several departments of the City and County of San Francisco.

Report on Sidewalk re Protest Miss Mary Tarpy.

Supervisor McSheehy reported on an investigation of sidewalk he had made, following protest by Miss Mary Tarpy against being compelled to pay for sidewalk construction on her property which she did not consider necessary. Supervisor McSheehy stated that in his opinion the sidewalk in question did not need reconstruction, and he felt Miss Tarpy should not be put to such expense. Supervisor McSheehy stated further that in view of the few pedestrians using same, the sidewalk in question could well be cut from fifteen feet to six feet in width, and moved that the Director of Public Works be requested to look into the matter to see if such reduction in sidewalk could properly be made.

Director of Property, Mr. A. D. Wilder, before the motion was put, announced that he would check up the matter, and would do everything possible to refrain from having any unwarranted expenses imposed on Miss Tarpy.

Recess—Good Friday.

(Series of 1939)

Referred to Health Committee.

Report on Meeting of Highway Commission, Sacramento, and Deliberations Concerning Funston Avenue Approach.

Supervisor Brown, chairman of committee appointed to attend meeting of Highway Commission at Sacramento, Friday, March 31,

1939, to urge reconsideration of the Highway Commission's decision on financing the Funston Avenue Approach to the Golden Gate Bridge, reported to the Board the results of the meeting. The Highway Commission indicated that, not being familiar with the existence of the agreement previously entered into by the former Commission, it had been the intention of the present Commission to ask the City of San Francisco to assume approximately one-half the cost of the approach, and it was not the intention to give the City any portion of the W. P. A. funds received from the Federal Government to aid in that construction. However, as a result of the hearing, the Commission took the entire matter under advisement and referred it to its legal department.

Invitation to Spring Barbecue and Picnic.

Communication was received and read from Los Banos Parlor No. 206, N. S. G. W., inviting members of the Board to attend their Spring Barbecue and Picnic to be held at Los Banos Sunday, April 30, 1939.

Communication *filed*.

Certification of Signatures on Salary Standardization Referendum Petition.

Communication received from the Registrar of Voters, certifying the number of bona fide registrants who had signed the referendum covering the Salary Standardization Ordinance to be 25,206, making it mandatory that the ordinance be repealed or submitted to the electors for their approval.

Communication received and read by the Clerk, from Taxpayers Committee Against Charter Violation, requesting action on referendum.

Motion to Recess.

Supervisor McGowan, seconded by Supervisor Mead, moved that the Board recess, to reconvene on Tuesday, April 4, at 2 p. m., to sit as a Committee of the Whole, for the purpose of consideration of salary standardization.

Amendment to Motion.

Supervisor Colman, seconded by Supervisor Brown, moved, as an amendment to the original motion, that the matter be taken up as a Special Order of Business at the next regular meeting of the Board, Monday, April 10, 1939, at 2 p. m.

Motion *failed* by the following vote:

Ayes—Supervisors Brown, Colman, Roncovieri—3.

Noes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Shannon, Uhl—7.

Absent—Supervisor Schmidt.

Roll Call on Original Motion.

Thereupon, after announcement by Supervisor Colman that he had no objection to the Board recessing to reconvene on Tuesday, April 4, except that he would be out of the city and accordingly must be absent, the roll was again called and the original motion to recess was *carried* by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

No—Supervisor Brown—1.

Absent—Supervisor Schmidt—1.

RECESS.

Thereupon, pursuant to motion just passed, the Board, at the hour of 4:20 p. m., recessed, to reconvene on Tuesday, April 4, 1939, at 2 p. m., to reconsider the matter of salary standardization, the Board sitting as a Committee of the Whole.

DAVID A. BARRY, Clerk.

TUESDAY, APRIL 4, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Tuesday, April 4, 1939, 2 p. m.

The Board of Supervisors met pursuant to recess.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

Supervisor Colman on leave.

Supervisor Schmidt ill.

The following telegram was read by the Clerk and made part of the record:

DAVID BARRY,
Clerk, Board of Supervisors, City Hall.

Am compelled to leave city this morning. If I were present at today's meeting I would vote for reconsideration and then vote against so-called standardization ordinance. I desire this statement made part of the record.

JESSE C. COLMAN.

Reconsideration.

Supervisor Uhl, seconded by Supervisor Ratto, moved that the salary standardization ordinance, passed by the Board, be repealed.

Chair, pursuant to advice by the City Attorney, ruled the motion out of order.

Motion to Reconsider Action Whereby the Salary Standardization Ordinance Was Enacted.

Thereupon, following the suggestion of the City Attorney as to correct procedure, Supervisor McSheehy, seconded by Supervisor Mead, moved that the salary standardization ordinance, passed by the Board, be reconsidered.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

Motion to Repeal Salary Standardization Ordinance.

Supervisor Brown, seconded by Supervisor McSheehy (complimentary second), moved that the salary standardization ordinance, heretofore passed by the Board, be repealed.

Committee of the Whole.

On motion duly made and carried, the Board resolved itself into a Committee of the Whole, President Warren Shannon presiding as Chairman.

Privilege of the Floor.

Thereupon, the privilege of the floor was granted all interested citizens.

Mr. William F. Merryman, representing Taypayers' Committee Against Charter Violation, presented a number of objections against the salary standardization ordinance, as passed, mentioning specifically various clerical classifications, Executive Secretary to the Mayor, and janitors.

Mr. E. J. Carroll, representing Apartment House Owners and Lessees

Association, also urged repeal of the salary standardization ordinance. He objected specifically to the wage scales for janitors, stating that the scale for apartment house janitors was $90 per month.

Mrs. Charles B. Porter, of the League of Women Voters, Mrs. Annie Scanlon, Mr. R. J. O'Rourke, San Francisco Property Owners' League, and Mr. P. J. Campbell, representing himself, all opposed the salary standardization ordinance and urged its repeal.

Mr. Alexander Watchman, of the Building Trades Council, Mr. Lawrence Palacio, of San Francisco Labor Council, Mr. Frederick Levy, representing the Federation of Municipal Employees, Mr. Michael Rowan, representing the institutional workers, Mr. James E. Ricketts of the Building Trades Council, and Mr. Cameron King of the Federation of Municipal Employees opposed the repeal of the salary standardization ordinance.

In rebuttal, Mr. Merryman represented the opponents to salary standardization and Mr. Vid Larson represented the proponents.

Mr. Michael Rowan, although speaking in favor of the salary standardization ordinance, also urged that the Board submit to the voters, at the same election, a declaration of policy to provide for a minimum pay of 50 cents per hour, or $106 per month for institutional workers whom he represented.

Committee of the Whole Arises.

Supervisor Mead, seconded by Supervisor McGowan, moved that the Committee of the Whole arise and report.

No objection and *so ordered.*

Reconvening as Board of Supervisors.

On motion duly made and seconded, the Board reconvened as a Board of Supervisors.

Matter in Hands of the Board.

On motion by Supervisor Brown, the entire matter of salary standardization was taken into the hands of the Board.

Discussion.

Supervisor Uhl, in discussing salary standardization, stated it was regrettable that the taxpayers had not appeared before the committee while the matter was under consideration. Perhaps some $50,000 cost of a special election might have been saved. Supervisor Uhl objected to some of the salaries in the higher brackets, and urged the repeal of the ordinance, and requested that the entire matter be re-referred to the Civil Service Commission with the request that the Commission report back to the Board on per diem men, institutional workers, and draftsmen in order that the recommendations for those classifications might be incorporated in the budget for the coming fiscal year.

Supervisor Brown, maker of the motion to repeal the salary standardization ordinance, closed the discussion by replying briefly to arguments advanced, paying special attention to arguments presented by Mr. Larson.

Explanation of Vote.

Supervisor Roncovieri made the following statement in explanation of his vote:

I have taken the position from the very beginning that I want to see the per diem labor men receive the same compensations in City employment as prevail in private employment. My study of Section 71 of the Charter convinces me that if this salary standardization ordinance is repealed now, the labor crafts will not receive the increases that I have always wanted them to have, and over which there is no controversy.

I voted against this salary standardization ordinance because it contains some salaries that exceed those prevailing in private employment and, therefore, violate the Charter. In this I have conscientiously defended the interests of the taxpayers according to my best lights; but a majority of this Board did not see the matter as I did, and the ordinance was duly adopted. I would much have preferred to have separated the sheep from the goats; in other words, I would have preferred on the one hand to see the Board approve salary standardization for the per diem labor crafts and also for those other employments that are admitted to be correct and in conformity with the Charter. This would have established the principle of salary standardization, which is unquestionably in the interest of clean government. And on the other hand I would have reconsidered the salary rates that are claimed to be excessive and in violation of the Charter. Unfortunately the time is now too short and this cannot be done without jeopardizing the per diem craftsmen's wages—and this I will not do!

I consider that it will be an idle act to vote for the repeal of the ordinance at this time; an act which will result in an injustice to the per diem craftsmen and laborers by preventing them from submitting their case to the people.

We are asked to submit this ordinance to the people in its entirety as adopted by a majority of this Board. As one of the minority that voted against this ordinance, I believe that this request is reasonable, and should be granted. I am therefore going to vote against the repeal of the ordinance in order that the entire matter may be submitted to a referendum of the People, who will, I am sure, render a just and final verdict.

Repeal of Salary Standardization Ordinance Refused.

Thereupon, the roll was called and the motion to repeal the salary standardization ordinance *failed* by the following vote:

Ayes—Supervisors Brown, Uhl—2.

Noes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Absent—Supervisors Colman, Schmidt—2.

Submission to the Electors of Salary Standardization Ordinance.

Supervisor McGowan, seconded by Supervisor Mead, moved that the salary standardization ordinance be referred to the electors at a special election to be called on Friday, May 19, 1939.

Amendments to Motion to Submit.

Supervisor Brown, seconded by Supervisor Roncovieri, moved as an amendment to the foregoing motion, that the date of Tuesday, May 23, be substituted for the date of Friday, May 19th.

Amendment to Motion Withdrawn.

However, after explanation by the City Attorney that the date of May 23, 1939, on which to hold the proposed election, would be too late to enable salary standardization to become effective in the fiscal year 1939-1940, Supervisor Brown, with the consent of his second, withdrew his motion.

Supervisor Brown, seconded by Supervisor Uhl, thereupon moved that the date of Tuesday, May 16, be substituted for the date of Friday, May 19, on which to hold the proposed election.

Before the roll was called, the City Attorney informed the Board that the date of May 16 would be satisfactory if the Board did not desire to put any other measure on the ballot.

Thereupon, Supervisor Mead announced that he intended, at the conclusion of the day's business, to move that the Board recess to

reconvene on Thursday, April 6, at 2 p. m., for the purpose of considering the submission of Plan No. 8 to the electors.

The City Attorney, following statement by Supervisor Mead, announced that Tuesday, May 16, 1939, would not give sufficient time for the submission of any Charter amendment to the electors.

Roll Call on Amendment Substituting May 16 in Place of May 19 as Date for Election.

Thereupon, the roll was called, as follows:

Ayes—Supervisors Brown, McSheehy, Ratto, Roncovieri, Uhl—5.
Noes—Supervisors McGowan, Mead, Meyer, Shannon—4.
Absent—Supervisors Colman, Schmidt—2.

Chair ruled the motion had failed, stating that a motion fixing the date of an election required a majority vote of the full Board, or six "Ayes".

Adopted.

Thereupon the following resolution, presented by Supervisor McGowan, was *adopted* by the following vote:

Submitting to the Electors of the City and County of San Francisco for Their Approval or Disapproval, Pursuant to the Provisions of Section 179 of the Charter, Ordinance No. 60 (Series of 1939) Enacted by the Board of Supervisors on the 14th Day of February, 1939, and Approved by the Mayor on March 1st, 1939, Entitled "An Ordinance Fixing Schedules of Salaries and Wages to Be Paid Employees of the City and County Whose Salaries and Wages Are Subject to the Provisions of Section 151 of the Charter, and Providing for the Method of Making Said Compensation Schedules Effective for the Fiscal Year 1939-40."

(Series of 1939)

Resolution No. 192, as follows:

Whereas, the Board of Supervisors did on the 14th day of February, 1939, enact the above entitled ordinance; and

Whereas, the final passage of said ordinance was postponed for one week by reason of a motion to reconsider the same; and

Whereas, said motion to reconsider said ordinance failed; and

Whereas, the Mayor of the City and County of San Francisco approved said ordinance on the 1st day of March, 1939; and

Whereas, within thirty (30) days after the approval of said ordinance by said Mayor, and before said ordinance became effective, there was filed with the Board of Supervisors a petition signed by qualified electors of the City and County of San Francisco equal in number to at least ten per centum of the entire vote cast for all candidates for Mayor at the last preceding general municipal election at which a Mayor was elected, protesting against the passage of said ordinance; and

Whereas, upon the receipt of said petition this Board of Supervisors did reconsider said ordinance; and

Whereas, it was duly moved and seconded at the time of the reconsideration of said ordinance that the same be repealed; and

Whereas, this Board of Supervisors has not entirely repealed said ordinance; now, therefore, be it

Resolved, That this Board of Supervisors does hereby submit to the electors of the City and County of San Francisco the approval or disapproval of said ordinance at a Special Election to be held for that purpose on the 19th day of May, 1939, and this Board of Supervisors does hereby direct and call that a Special Election be held in the City and County of San Francisco on the 19th day of May, 1939, at which said election the aforesaid ordinance shall be submitted to the electors of the said City and County for their approval or disapproval, and this Board of Supervisors does hereby direct the Registrar of

Voters to issue his call for said election and to hold said election in conformity with the provisions of this resolution.

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

No—Supervisor Brown—1.

Absent—Supervisors Colman, Schmidt—2.

Declaration of Policy re Institutional Workers.

Supervisor Uhl presented the following declaration of policy, for submission to the electors at the Special Election to be held on May 19, 1939:

Resolved, That the Board of Supervisors of the City and County of San Francisco should take the necessary proceedings to submit to the electors of the City and County of San Francisco the following proposition:

a. The proposition that the City and County of San Francisco provide a minimum wage for full-time Civil Service institutional employees of the City and County of San Francisco of One Hundred and Six ($106.00) Dollars per month in place of the present minimum payment of Seventy-five ($75.00) to Eighty-five ($85.00) Dollars per month.

Referred to Judiciary Committee.

Supervisor McSheehy, Chairman of the Judiciary Committee, announced a meeting of the Committee for Thursday, April 6, 1939, at 1 p. m., for the purpose of considering the above declaration of policy.

Motion to Recess.

Supervisor Mead, in accordance with announcement of his intention, previously made, moved that the Board recess, to reconvene at 2 p. m., April 6, 1939, sitting as a Committee of the Whole, for the purpose of considering a proposed Charter amendment to provide for the issuance of revenue bonds for the construction or acquisition of electric distribution system in accordance with Plan No. 8 submitted by the Public Utilities Commission.

Motion seconded by Supervisor McGowan, and *carried.*

RECESS.

Thereupon, pursuant to above motion, the Board recessed at the hour of 5:50 p. m., to reconvene at 2 p. m., April 6, 1939.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors April 10, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

THURSDAY, APRIL 6, 1939, 2 P. M.

In Board of Supervisors, Thursday, April 6, 1939, 2 p. m.

The Board of Supervisors met in recessed session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Uhl—7.

Absent—Supervisors Colman, Roncovieri, Schmidt, Shannon—4.

Quorum present.

Supervisor Ratto presiding, on motion by Supervisor Mead.

Supervisor Roncovieri in French Hospital with small broken bone in leg; Supervisor Schmidt ill; Supervisor Colman on leave of absence; Supervisor Shannon out of the city.

Committee of the Whole.

On motion by Supervisor Mead, the Board resolved itself into a Committee of the Whole, Supervisor Ratto presiding as Chairman, to consider submission to the electors of Plan No. 8, for the distribution of Hetch Hetchy power.

Communication From His Honor the Mayor, Urging Submission to a Vote of the People, at Special Election on May 19, of Plan No. 8, for the Distribution of Hetch Hetchy Power.

The following communication from his Honor, the Mayor, was read by the Clerk:

April 6, 1939.

To the Honorable the Board of Supervisors, City Hall, San Francisco. Gentlemen:

You are assembled today to consider whether Power Plan No. 8, approved by the Federal Government, shall be submitted to a vote of the People at the special election called for May 19th.

You are all familiar with the attitude of Secretary of the Interior Harold L. Ickes toward municipal ownership and also his definition of the intent of the Raker Act.

You are all also familiar with the exchange of viewpoints between the Secretary and myself regarding this interpretation.

The Secretary of the Interior believes that the City of San Francisco should go into the business of distributing the power generated at Hetch Hetchy. He has been given repeated assurances by the administration that such a proposal would be submitted to the People at the earliest possible date. The forthcoming special election proves to be the earliest possible date upon which the City and County could comply with the demands of the Secretary of the Interior.

To keep faith with my repeated assurances to the Secretary of the Interior, I urge you to vote favorably on the proposal to submit the power issue at the May 19th election.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

Plan No. 8.

At the request of Supervisor Mead, the Clerk read the following communications:

PUBLIC UTILITIES COMMISSION
CITY AND COUNTY OF SAN FRANCISCO

OFFICE OF MANAGER OF UTILITIES

September 7, 1938.

Subject: Transmittal of Report on Plan 8—Ownership and Operation of Entire San Francisco Electric Supply.

To the Honorable the Board of Supervisors, 235 City Hall, San Francisco, California.

Gentlemen:

I send you herewith copies of the following documents:

1. Recommendation of the Manager of Utilities to the Honorable Public Utilities Commission on the subject of Plan 8—Ownership and Operation of Entire San Francisco Electric Supply.

2. Report of the Manager of Utilities to the Honorable Public Utilities Commission on the above subject.

3. Certified copy of resolution of the Honorable Public Utilities Commission on the above subject.

I am transmitting to you twenty copies of each of these documents so that each member of the Board of Supervisors may have a copy of each document and the Clerk of the Board of Supervisors will have nine copies for his use.

Very truly yours,

E. G. CAHILL,
Manager of Utilities.

PUBLIC UTILITIES COMMISSION
CITY AND COUNTY OF SAN FRANCISCO

OFFICE OF MANAGER OF UTILITIES

September 6, 1938.

Subject: Plan Eight—Ownership and Operation of Entire San Francisco Electric Supply.

To the Honorable Public Utilities Commission of the City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen:

Under date of May 2, 1938, the Honorable the Board of Supervisors of the City and County of San Francisco, by Resolution No. 3928, declared that public interest and necessity demand the acquisition of a municipal distribution system for the purpose of distributing directly to the People of San Francisco the hydro-electric power generated on the Hetch Hetchy Project, and resolved that the Public Utilities Commission of the City and County of San Francisco be requested to submit a report to the Board of Supervisors for the acquisition by the City and County of San Francisco of a distributing system for the purpose of distributing the hydro-electric power generated on the Hetch Hetchy Project.

I submit to you herewith a report known as Plan No. 8, covering a retail distribution system for Hetch Hetchy electric power in accordance with the request of the Board of Supervisors. I deem that no feasible alternate plan exists.

From the enclosed report you will note that on the basis of a

$50,000,000 capital expenditure, the average net surplus, per annum, based on 4 per cent revenue bonds, is estimated to be $4,879,000.

The problem of whether or not to enter into retail distribution of power manufactured by the municipality in the Hetch Hetchy system is a major question of policy which must be decided by the People and, therefore, I recommend to you that you request the Board of Supervisors to submit to the People a bond issue of revenue bonds for the purpose of constructing a distribution system within the confines of the City and County of San Francisco, or for the purpose of acquiring an electric distribution system in the City and County of San Francisco in accordance with Plan No. 8, which I submit herewith.

Respectfully submitted,

E. G. CAHILL,
Manager of Utilities.

Plan Eight: Ownership and Operation of Entire San Francisco Electric Supply.

To the Honorable the Public Utilities Commission of the City and County of San Francisco.

Gentlemen:

Seven plans for disposing of the electric power output of the Hetch Hetchy Project in conformity with the Raker Act have already been presented. The latest of these, No. 7, was approved by the Secretary of the Interior on December 16, 1936, and on March 9, 1937, was submitted to the voters in the form of a Charter amendment authorizing the issuance of revenue bonds for the execution of the plan. At this election 65,762 voted in favor, and 78,101 against the amendment. Following this, suit was filed by the Attorney-General in the United States District Court for the Northern District of California, on April 27, 1937, seeking to enforce the Government's interpretation of Section 6 of the Raker Act, dealing with power disposal. On June 28, 1938, the court decided in favor of the U. S. Government, giving San Francisco until December 28, 1938, to adjust its electric power business to conform with its interpretation of the Raker Act requirements.

Outline of Plan.

In the two years which have elapsed since Plan Seven was presented, there has been opportunity to give further consideration to that plan, and I have found no more feasible or advantageous alternative method of distributing the City's electric energy.

Plan Eight, in conformity with Plan Seven, contemplates purchasing the entire San Francisco distribution system of the Pacific Gas and Electric Company and serving it with Hetch Hetchy power to the full extent of the existing plants and a new City power house at Red Mountain Bar. These City sources cannot fully meet the requirements of the San Francisco load, necessitating that additional power and energy be purchased from the Pacific Gas and Electric Company.

To minimize the initial investment of the City by using existing plant, I planned to lease from the Company transmission and stepdown service to connect the present terminus of the Hetch Hetchy transmission line at Newark with San Francisco.

In all former plans the Sierra and San Francisco Power Company has been excluded because, while operated by the Pacific Gas and Electric Company, it served the Market Street Railway solely, through

separate transmission, stepdown and sub-transmission plant. The Pacific Gas and Electric Company has now acquired and absorbed the Sierra Company, making it necessary to consider the latter company's local property as Pacific Gas and Electric plant.

The data presented herein are based on sales and operating costs for the year 1937, made available by the Pacific Gas and Electric Company.

Capital.

The investment which will have to be made by the City in order to make this plan effective involves the acquisition of the Pacific Gas and Electric Company's San Francisco electric distribution property, construction of Red Mountain Bar power house, and other costs necessary to put the plant on a working basis under City ownership. The estimate of these costs follows:

TABLE I.

Estimate of Cost.

Purchase of San Francisco distribution system of the Pacific Gas and Electric Company, including the Sierra system	$40,500,000
Red Mountain Bar power house	1,125,000
Office, shop, warehouse and equipment	2,000,000
Materials and supplies	175,000
Working cash	700,000
Total	$44,500,000

Distribution System.

Under distribution property is included the Pacific Gas and Electric Company's electric distribution plant within the corporate limits of the City and County of San Francisco, with the exception of that serving Yerba Buena Island, the electric supply to the Bay Bridge trains, 11 K.V. sub-transmission connecting the steam plants with the stepdown stations, and transbay cables, and the plant and equipment jointly used by the Company's gas and electric departments.

The valuation of $40,500,000 for this property is $800,000 above that used in Plan Seven, and, as already stated, includes the Sierra and San Francisco Power Company's property. This increase is less than the value of the Sierra property for the reason that the previously estimated value was made up of historical cost of the Pacific Gas and Electric Company's properties less estimated depreciation, to which was added estimated additions and betterments from 1933 to 1938. The actual cost of these additions and betterments was not available when Plan Seven was prepared. This information has now been furnished by the Company and it is found that the actual expenditures for improvements in the property during the five years was considerably less than was estimated. In the light of the additional information now available, the sum of $40,500,000 is a reasonable valuation on the combined properties.

In June, 1929, the California Railroad Commission made separate evaluations of the San Francisco electric properties of the Pacific Gas and Electric and the Great Western Power companies. Their computations embraced the following elements:

1. Reproduction cost new, less depreciation, as determined by engineering studies.
2. Intangible costs which were fixed by the Commission after hearing testimony.
3. Severance damages, likewise fixed by the Commission.

The sum of these three items fixed the total just compensation to be paid the companies by the City.

The valuation of the two companies combined shows the following results in percentages of reproduction cost new and cost new less depreciation.

	Allowance for Intangible Items	*Allowance for Severance*	*Intangibles and Severance*
Reproduction cost new 100%	10%	17.8%	27.8%
Reproduction cost less depreciation 100%	12.5%	22.4%	34.9%

In my opinion this represented a fair decision by the California Railroad Commission and the just compensation of the companies for the properties proposed to be taken by the City at that time.

In the 1929 valuations of the San Francisco properties of the Pacific Gas and Electric and the Great Western Power companies the total severance damages were 17.8 per cent out of combined reproduction cost new. With these 1929 valuations in hand, Plans Seven and Eight were so drawn as to allow the Pacific Gas and Electric Company to retain those properties on which the Commission had allowed heavy severances.

It would be desirable to purchase the distribution system by direct negotiations with the officials of the company. Such action would insure minimum cost to the City and the company and avoid straining relations between the two to an extent which might militate against full cooperation in necessary future dealings. However, should such direct negotiations be impossible of attainment, legal procedude for acquiring the properties through condemnation would necessitate that the California Railroad Commission fix the value of the property.

Red Mountain Bar Power House.

A power house at Red Mountain Bar can deliver to San Francisco 17,000 kw., which would raise the City's total capacity to 84,000 kw. San Francisco's peak load for the year 1937 was 210,500 kw., so that with a total of 84,000 kw. the City's plants will still be far short of meeting local requirements. This plant is relatively cheap and will pay for itself in about three years.

Office, Shops, Warehouse and Equipment.

The Pacific Gas and Electric Company supplies both gas and electricity to San Francisco and many of its facilities are jointly used by both gas and electric utilities. Generally the properties cannot be subdivided and as the company will continue its gas business, it is not contemplated to take over its office, shops, or warehouses. Money must be provided for these and for operation and maintenance equipment not included in the valuation of the distribution property.

Materials and Supplies.

In assuming responsibility for electric distribution, the City must prepare itself to maintain continuity of service. Much of the material used is not stocked in San Francisco and stores and supplies must be purchased and maintained to meet this obligation to the public. The amount provided is the minimum requirement.

Working Cash.

It is estimated that $700,000 must be available to carry the expense of operation and maintenance for the interval which must elapse between the delivery of electricity and the collection of the bills therefor.

Revenue.

The data in my 1936 report was based on the estimated revenue for the year 1938, which was taken as the time the property would come into the hands of the City. The accuracy of these figures was questioned. To avoid such questioning of this report, the known revenue for the year 1937 and actual cost data have been used in the calculations.

The company's records show that its 1937 receipts from the sale of electricity in San Francisco, excluding sales on Yerba Buena Island

and its own interdepartmental sales, amounted to $15,824,196. As this sum covers the sale of 739,738,702 kw.-hours, the average price was 2.14 cents, which is lower than the previously estimated price of 2.26 cents. This is because of the inclusion of the large amount of energy sold to the Market Street Railway at a low price. The same delivery accounts for the increase in the number of kilowatt-hours sold as compared with Plan Seven.

This revenue of $15,824,000 was earned at the existing company rate schedules. In Plan Seven I suggested that the then existing rates be cut 10 per cent. At this time I am recommending no changes in rates below those of the company, because the two reductions which the company has made within a relatively short time have already given consumers rates approximately identical with those proposed in Plan Seven. In my opinion, it is preferable to continue the present rates rather than reduce them at this time. Later, reductions can be made, giving consumers all of the possible advantages of municipal ownership.

Operating Expenses.

The cost of operating the combined electric production and distribution properties on the basis of the year 1937, under municipal conditions, has been calculated and is shown in Table II.

TABLE II.

Annual Cost of Operation.

	Estimated City Cost
Hetch Hetchy plants, including depreciation	$ 400,000
Red Mountain Bar power house, maintenance and operation	15,000
Distribution and commercial	1,400,000
New business	200,000
General and miscellaneous, less depreciation	600,000
Transmission and stepdown	300,000
Purchased energy	3,000,000
Depreciation, 3 per cent of $43,000,000, valuation of depreciable property	1,290,000
Total	$7,205,000

Hetch Hetchy Plants.

The amount allowed for the operation of the Hetch Hetchy Plants is higher than 1937-38 experience, but is not far from the average annual cost over a period of years.

Distribution, Commercial and New Business.

The company has made available its records of the cost of distribution, commercial and new business accounts for the San Francisco Division for the year 1937. It is found that the company has raised its employees' wages until they are nearly equal to those paid by the City and County of San Francisco under Civil Service schedules. Therefore, it has been unnecessary to greatly increase the actual company costs for the year 1937 in order to show Municipal costs. The figures presented above will fully meet Municipal cost of operation.

The gas and electric accounts of the Pacific Gas and Electric Company are collected simultaneously. Under Municipal ownership of the electric properties the water and electric bills will be collected together, which will result in the cost of collection being comparable.

Transmission and Stepdown.

As all electricity required above that available from the Hetch Hetchy plants is to be purchased from the company, it will retain the same use as at present for its transmission lines and stepdown stations

feeding San Francisco and connecting its San Francisco steam plants with the outside system. For more than 13 years these facilities have brought Hetch Hetchy power into San Francisco and there is no good reason for duplicating this plant. A reasonable amount is therefore allowed to hire transmission and stepdown service from the company, which is more rational than duplicating the present plant of the company at a cost of more than $2,000,000. Secretary Ickes has already stated that he would have no objection to the City's energy being mingled with that of the company in carrying out this procedure.

Purchased Energy.

The San Francisco peak load in 1937 was 210,500 kw. The Hetch Hetchy plants will provide 84,000 kw., requiring that 126,500 kw. of peak capacity be purchased. It will also be necessary to purchase a little over 330,000,000 kw.-hrs. of eneregy. Pricing this service under Schedule P-6 of the California Railroad Commission, which has been revised since Plan Seven was made, the estimated annual cost will be $3,000,000. This is the maximum price the City should be called upon to pay, and a lower price should be secured through contract with the company.

The electric supply of San Francisco now comes from Pacific Gas and Electric Company and Hetch Hetchy power houses. Under this plan, the future supply will come from the same sources, except that the Red Mountain Bar plant will increase the quantity available from Hetch Hetchy. As this new plant will require some time to construct, it is probable that the growth in load between now and the time it is finished will fully absorb its output. Thus the company will continue to dispose of all the power and energy it is now furnishing. The company's steam plants, transbay cables, stepdown stations and the transmission lines connecting San Francisco with its Northern California system, will be continued in use and under the company's control and will not be severed from existing loads or reduced in efficiency.

Standby.

Unwarranted criticism was directed at Plan Seven because no direct allowance was made for the cost of standby, or emergency replacement service, for the Hetch Hetchy plants. For very good reasons no money is provided for this purpose in Plan Eight.

At 6 p. m. on December 28, 1937, the power required to meet San Francisco's needs was 210,500 kw. and at no other time during the year was this maximum peak reached. Under Plan Eight the City would purchase 126,500 kw. of this 210,500 kw. peak, from the Pacific Gas and Electric Company under Schedule P-6. By so doing, the City would obligate itself, under the schedule, to pay demand charges during the succeeding eleven months on not less than 60 per cent of this number of kilowatts, or 75,900, which is more than 90 per cent of the 84,000 kw. of Hetch Hetchy power for which standby is required.

During these eleven months the City could at any time take standby service up to 75,900 kw. without increasing its previously established demand charge. In other words, the purchase of 126,500 kw. of peak power under the P-6 schedule in December, automatically establishes 75,900 kw. as the amount of power the City may requisition throughout the next eleven months without extra charge, so far as the City is concerned, is equivalent to a standby service in this amount.

Under Plan Eight, the company cannot claim obligation to furnish and hold in readiness equipment over and above that which it now has available for San Francisco. It is true that it maintains steam capacity of considerable proportions, but this through transmission line connections, supplies power anywhere in Northern California and has also been used to produce energy for the system in seasons when hydro-electric production is below normal. The San Francisco peak is six months later in the year than the company's system peak. As the company must maintain plant capacity to carry its system peak,

plus a relatively small amount of standby, it will perforce always maintain capacity to insure continuity of service to San Francisco. Under such conditions the company could never substantiate a claim for the full cost of a standby for the Hetch Hetchy plants.

The company itself does not always immediately pick up the entire San Francisco load in case of failure even at hours other than peak load. Operating experience with the Hetch Hetchy plants indicates that the company depends on them as one of its most reliable sources of supply. The past record of the Moccasin Power House and transmission lines, proves that they are no less reliable than the company's own plant. For these reasons nothing is included for standby service because the sum provided herein for the purchase of electricity, will secure the same reliable and continuous power delivery which San Francisco consumers have enjoyed in the past, even during temporary interruptions of Hetch Hetchy power.

Depreciation.

Section 128 of the Charter, dealing with the maintenance of a fund for depreciation, has been modified in the last two years. Under its present terms it is not required that the Public Utilities Commission annually set aside a fixed sum for depreciation. It is required, however, that there be provided out of revenues of the utility, sufficient money to make necessary replacements. It is conservative to include $1,290,000, or 3 per cent on a $43,000,000 valuation, for depreciation. It is more than likely that money required for replacements will run below this amount. Consideration must also be given to the fact that 4 per cent of the total capital investment is being retired each year.

Financial Results.

The financial results of local power distribution on the basis of the capital investment shown in Table I, the company's 1937 electric power revenue from San Francisco proper, and the operating expenses of Table II, have been calculated. My figures contemplate the issuance of 25-year serial revenue bonds and results are given for interest rates of 3 per cent and 4 per cent.

Table III.

Estimated Financial Results.

Interest Rate	3%	4%
Total New Capital	$44,500,000	$44,500,000
Annual Operating Revenue	$15,824,000	$15,824,000
Annual Operating Expense	7,205,000	7,205,000
Annual Operating Income	$ 8,619,000	$ 8,619,000
Bond Interest: Initial Year	$ 1,335,000	$ 1,780,000
Average Year	694,200	925,600
Surplus: Initial Year	7,284,000	6,839,000
Average Year	7,924,800	7,693,400
Annual Bond Retirement	1,780,000	1,780,000
Ratio Surplus to Bond Retirement:		
Initial Year	4.09	3.83
Average Year	4.45	4.30
Estimated annual loss in tax revenue through acquisition	700,000	700,000
Net surplus after deducting bond redemption and taxes lost:		
Initial Year	$ 4,804,000	$ 4,359,000
Average Year	5,444,800	5,213,400

In placing revenue bonds on the ballot to finance Plan Seven, the Honorable Board of Supervisors asked for an authorization of not to exceed $50,000,000 to permit either buying or building distribution plant. With a $50,000,000 capital expenditure, the corresponding net surpluses would be:

	3%	4%
Initial Year	$ 4,439,000	$ 3,919,000
Average Year	5,139,000	4,879,000

Showing the financial results of a $50,000,000 expenditure is not to be construed as a recommendation as to the safety factor which should be provided in asking the voters to authorize revenue bonds for power distribution. The capital requirement of Plan Seven was $43,700,000, but in placing the issue on the ballot, the Supervisors, in the exercise of their discretion, added $6,300,000 as a safety factor to cover any increase in valuation which might be placed on the Pacific Gas and Electric Company's properties by the California Railroad Commission, or any increase in costs due to constructing a new distribution system. I have already stated that my estimate of the cost of purchasing the local properties corresponds in every way to the findings of the California Railroad Commission in their 1929 valuations of the Pacific Gas and Electric and Great Western properties in San Francisco.

However, this report would be incomplete if it did not call attention to the fact that since Plan Seven was drawn the Railroad Commission has rendered two decisions in similar valuation cases, in both of which the present Commission was much more liberal in making allowances for intangible items and severance damages than the 1929 Railroad Commission. The cities involved were Fresno and Redwood City, both of which desired to purchase the local distribution properties of the Pacific Gas and Electric Company.

The Fresno case was decided on November 9, 1936, and the Redwood City case on August 9, 1937. In both instances the values of the physical properties as found by the engineers for the company, the Commission and the cities, differed but slightly. The Railroad Commission added large sums to these physical values in order to derive what it terms "just compensation".

The California State Railroad Commission has fixed the rates governing the sale of electricity in these two towns and these rates in turn govern the earning power of the property. In both these findings the Railroad Commission stated "in valuing the property and rights sought to be condemned we will endeavor to fairly reflect the earning power of the business attached".

Thus the Railroad Commission has in these cases, not only set rates which have produced a high earning capacity, but has awarded the company a high purchase price for the properties becaues of the high earning rates.

It should be noted that the Supreme Court of California has not reviewed the rulings of the Railroad Commission in either the Redwood City or the Fresno case.

In the Fresno case, Commissioner W. J. Carr, a member of the California State Railroad Commission in 1929 when the San Francisco decision was rendered, disagreed with the other four Commissioners and inserted his own figures in the findings which were approximately 15 per cent below those of the other four.

The values of the Fresno and Redwood City properties were relatively small compared with the San Francisco distribution properties. A slight variation in the amount allowed for intangibles on the smaller properties, if used as a percentage and applied to the San Francisco properties, might cause such a distortion as to make any estimates based on findings in the Fresno and Redwood City cases valueless.

Furthermore, the Railroad Commission in its Fresno case order, in

the paragraph headed "Severance Damages", said: "Each case must be determined upon its own facts, and the conclusions in this and every instance, can in no way be taken as a criterion for the determination of just compensation for other properties. There exists no exact measure or yardstick which may be applied in all cases in determining the just compensation to be paid for utility properties. We should point out particularly, that there is no fixed ratio between the elements of just compensation and depreciated cost of property."

It would be much more desirable to fix the amount of the bond issue for power distribution after the determination of just compensation for the properties, but, San Francisco at the present time is facing the possibility of being enjoined from continuing to deliver power under its present contract with the Pacific Gas and Electric Company. To show good faith to the Federal Government and avoid loss of income, it is necessary that definite action be taken by the people at an early date. This involves the authorization of a bond issue for Municipal Distribution of electricity. In view of this necessity and the amounts already included in the estimate of $40,500,000 for the purchase of the San Francisco distribution system, it is probable that an additional margin of $5,000,000 over the $50,000,000 fixed by the Honorable Board of Supervisors when it submitted Plan Seven to the voters would be ample to cover any just compensation which might be fixed. This would mean a total bond issue of $55,000,000. This additional $5,000,000 would, among other items, be required to cover additional intangible values occasioned by taking over the Sierra and San Francisco Power Company's load, and to cover higher capitalization of company losses computed at present low interest rates.

On the basis of the annual operating income shown in Table II the net surpluses after bond redemption and taxes lost on a bond issue of $55,000,000 with interest rates at 3 per cent and 4 per cent would be as follows:

Table IV.

Surpluses resulting after tax losses and bond interest and redemption on $55,000,000 25-year serial bonds at 3 per cent and 4 per cent interest rates.

	3%	4%
Initial Year	$4,069,000	$3,519,000
Average Year	4,861,000	4,575,000

Method of Financing.

As this utility will be self-sustaining, financing by the issuance of revenue bonds is entirely feasible. This type of bond has been used in many places including Los Angeles, Seattle and Tacoma. In every case the rate of interest required has been satisfactorily low. With San Francisco's financial reputation, equally satisfactory rates should be obtained for this project.

Conclusion.

Plan Eight fully meets the requirements of the Raker Act as interpreted by the Department of the Interior. As this plan contemplates taking over the entire electric supply for San Francisco, maximum service and income will be received from the present municipal investment in power and the distribution of electricity in San Francisco will cease to be a vexing problem.

With the completion of the Red Mountain Bar Power House, all of the cheaper power sites of the Hetch Hetchy Project will have been developed. Other plants can only be built economically in conjunction with additional water development at some distant future date.

In approving this proposal the people of San Francisco assume

responsibility for the future as well as the present power supply of the City. Under normal conditions the capacity required will increase each year. Under Plan Eight this additional power must be purchased as the construction of other Hetch Hetchy hydro-electric power plants in the near future, would be economically unsound.

The surpluses created by Plan Eight are ample to care for all normal additions and betterments to the distributing system but the cost of adding to the capacity of the system by new construction must be met by additional bonds.

Acknowledgment.

I am indebted to Mr. Paul J. Ost, General Manager and Chief Engineer, and Mr. L. M. Perrin, Electrical Engineer, of the Electric Power Bureau, and to other members of Mr. Ost's staff, for their efficient work in making the engineering studies and assembling the data upon which this report is based. I am also indebted to Mr. N. R. Ellis, Chief Valuation Engineer of the City Attorney's office for reviewing this data.

Very truly yours,

Public Utilities Commission.

Resolution No. 2845.

Whereas, under date of May 2, 1938, by Resolution No. 3928, the Honorable Board of Supervisors of the City and County of San Francisco declared that public interest and necessity demand the acquisition of a municipal distribution system for the purpose of distributing directly to the people of San Francisco the hydro-electric power generated on the Hetch Hetchy project and requested a report thereon, in accordance with Section 119 of the Charter; and,

Whereas, E. G. Cahill, Manager of Utilities, having heretofore made and presented to this Commission his recommendation in writing for a plan, known as Plan 8, for the distribution to the residents of the City and County of San Francisco, of the hydro-electric power generated on the Hetch Hetchy system, in which said recommendations the Manager of Utilities stated he deemed that no feasible alternate plan existed; and,

Whereas, said Manager of Utilities having recommended the so-called Plan No. 8; now, therefore, be it

Resolved, That this Commission does hereby submit to the Board of Supervisors so-called Plan No. 8, which it does hereby approve, for the distribution to the residents of the City and County of San Francisco, of the hydro-electric power generated on the Hetch Hetchy project, which said plan is a report of the size, character and kind of electric distribution system which said Public Utilities Commission desires to establish, acquire, condemn or construct for the distribution of said hydro-electric power, and which said report contains an estimate of the cost of said plan.

I hereby certify that the foregoing resolution was adopted by the Public Utilities Commission September 6, 1938.

JOHN J. SHARON,
Assistant Secretary.

Charter Amendment No. 1.

Thereupon, Supervisor Mead presented the following proposed Charter amendment:

CHARTER AMENDMENT No. 1

REVENUE BONDS—ELECTRICAL SYSTEM

Describing and setting forth a proposal to the qualified electors of t City and County of San Francisco, State of California, to amend the Chart of the City and County of San Francisco by adding 19 new sections there to be known as Sections 121.1 to 121.19, both inclusive, relating to a syste for the generation and distribution of electric power, and providing for t financing of the cost of said system by the issuance of bonds or other oblig tions payable wholly out of the revenue of said system, in an amount not exceed $55,000,000.

The Board of Supervisors of the City and County of San Francisco here submits to the qualified electors of the City and County at a Special Electi to be held in the City and County of San Francisco on the 19th day of Ma 1939, a proposal to amend, as herein set forth, the Charter of said City a County by adding thereto 19 new sections to be known as Sections 121.1 121.19, both inclusive, relating to the acquisition or construction of a syste for the generation and distribution of electric power, and providing for t financing of the cost of said system by the issuance of bonds or other oblig tions payable wholly out of the revenue of said system, in an amount not exceed $55,000,000.

REVENUE BONDS—ELECTRICAL SYSTEM

Section 121.1. The Public Utilities Commission shall, for the purpose meeting the cost of acquisition, construction and completion by purcha construction or other lawful method, of a system or systems including extensions, betterments and replacements thereto as herein provided for t generation and distribution to the people of the City and County of San Fra cisco, or to the people of any territory adjacent to or adjoining said city a county, of the hydro-electric power generated in the Hetch Hetchy Proje or for the generation or distribution of any other electric power necessary convenient for the purpose of furnishing said city and county, or the peo thereof, or any territory adjacent to said city and county, or to the peo thereof, with heat, light and power, and to borrow money by the issuance revenue bonds or other evidences of indebtedness, payable wholly out of t revenue of said system in such amount or amounts, as may, in the judgme of said public utilities commission, be necessary to meet the cost of the acq sition, extension and completion of said system, provided that the total amou of said money to be so borrowed, or bonds or other evidences of indebtedn issued, shall not exceed in the aggregate the sum of $55,000,000. Said syst to be acquired shall hereafter be referred to as The System.

Section 121.2. Any and all money borrowed, or bond or other evidence indebtedness authorized or issued pursuant to this section, as well as t interest to accrue thereon, shall be payable solely and only out of the rever from The System to be acquired with said moneys so borrowed, or receiv for said bonds or other evidences of indebtedness.

Section 121.3. The public utilities commission shall, except as herein p vided, determine the form, conditions and denominations of all bonds or oth evidences of indebtedness issued under the provisions of this section, a shall fix the maximum rate of interest which said bonds or other evidences indebtedness shall bear, which rate of interest shall not exceed six (6%) p cent per annum, payable semi-annually. The payment of the principal of s

ls or other evidences of indebtedness shall commence not later than five s from the date of issuance, and shall be completed in not more than forty s from date of issuance. Said bonds or other evidences of indebtedness mature and shall be payable at such places and during the period over h said bonds or other evidences of indebtedness are payable and in such unts each year as may be fixed by the commission. All of said bonds or r evidences of indebtedness so issued may, at the option of the owner eof, be registered, as to either principal or interest or both, with the trea- r of the City and County in such manner as may be provided by the com- ion. Said bonds or other evidences of indebtedness may be sold at such and in such amounts as the public utilities commission shall deem proper, ided that said bonds shall not be sold at less than their par value and ued interest at date of delivery. Said bonds or other evidences of indebt- ss may be offered for sale either on the basis of a fixed rate of interest or he basis of the lowest net interest cost and power is hereby given to the mission to fix said rate of interest at any time prior to the delivery of said ls in accordance with the bid of the purchaser thereof. All bonds or other ences of indebtedness issued as herein provided shall be signed by the ident of the public utilities commission or by the manager of utilities, and he secretary of the public utilities commission, and countersigned by the surer of the city and county. The signature of the president of the public ties commission or of the manager of utilities may be by facsimile. Any rest coupon attached to said bonds shall have affixed thereto the facsimile ature of the said treasurer. The official seal of the public utilities com- ion shall be affixed to said bonds or other evidences of indebtedness and uthority is hereby given to said commission to adopt a seal in such form device as it shall deem proper. Each of said bonds or other evidences of btedness so issued shall state plainly on its face that it is payable, both as incipal and interest, only from the special fund created for that purpose, of the revenues of The System and set aside for such payment, and that es not constitute a general indebtedness against the City and County of Francisco. All revenue bonds issued under authority of this Charter shall egotiable instruments and shall have all of the attributes of negotiability r the laws relating to negotiable instruments of this state.

ection 121.4. The public utilities commission shall have power to deter- the method for the acquisition, construction or completion of The Sys- and the determination of said method by said public utilities commission be binding and conclusive. Should said commission determine that The em, or any part thereof, should be acquired other than by construction, same may be acquired by purchase or by any other lawful means. If said ic utilities commission should determine that The System, or any part eof, should be constructed, it shall have full power to proceed with the construction when said method is approved by the board of supervisors. en said public utilities commission shall have determined the manner of iring The System it shall adopt a resolution specifying the method and ner of acquiring the same and shall, in said resolution, fix and determine estimated cost thereof, and shall include in said estimate of cost such unt as said commission shall estimate to be sufficient to pay the interest he bonds or other evidences of indebtedness during the actual period of truction of The System and for six months after the same is in operation aid commission, and if The System is to be acquired by any method other by construction, then said commission shall estimate the cost of said acqui-

sition including the cost of all legal proceedings incident thereto and add t amount of said estimate to the cost of said acquisition, as well as the amount interest on all of said bonds or other evidences of indebtedness which may outstanding during the period of said acquisition, and interest on any bonds other evidences of indebtedness issued or sold to defray the cost of said acq sition for a period of six months after the commencement of the operation The System by said commission, and said commission shall include in the c of The System, whether acquired by construction or otherwise, an amou sufficient to provide working capital as estimated by the commission to sufficient to pay the operating expenses of The System for a period not exce ing six months after the operation of The System shall commence. Not m than fifteen (15%) per cent of the cost of the acquisition or construction said system shall be applied to interest and working capital.

Section 121.5. The public utilities commission is hereby given full po and authority, with the approval of the board of supervisors, given at any t or from time to time, to deviate from said Plan to such extent as may deemed necessary or proper and at the same time enable said commissio carry out the general objects and purposes of said Plan and no change mad said Plan or in the execution of the same shall render invalid or shall h any effect upon the validity of any bond or other evidence of indebtedn authorized or issued to meet the cost of the acquisition, construction and co pletion of The System, and no purchaser or holder of any bond or other dence of indebtedness authorized or issued pursuant to this section shall b required to see to the existence of any of the facts or to the performanc any of the conditions or the taking of any of the proceedings herein requ prior to the issuance of said bonds or other evidences of indebtedness, o to the application of the proceeds thereof.

Section 121.6. When said public utilities commission shall have adop said resolution specifying the manner of the acquisition or construction The System, as well as the total estimated cost thereof, and when the met and cost of the acquisition of The System have been approved by resolu of the board of supervisors, said commission shall adopt an additional res tion authorizing the issuance of the amount of revenue bonds or other dences of indebtedness payable solely out of the revenue of said system ne sary to pay the said estimated cost of acquiring, constructing or comple said system, not to exceed the sum of $55,000,000; provided that if said r lution in fixing the amount of said bonds or other evidences of indebted to be issued, fixes said amount at less than $55,000,000, said commission adopt a subsequent resolution or resolutions authorizing the issuance o additional amount of bonds or other evidences of indebtedness not to ex the difference between the amount theretofore issued and said $55,000,0

Section 121.7. Said resolution shall fix the amount of bonds or other dences of indebtedness to be issued and state generally the purpose the but no purchaser of said bonds shall be required to look to the applicatio the funds derived from the sale of said bonds. Said resolution shall als the number and denomination and maturities of said bonds or other evide of indebtedness, and may provide, all and singular, the conditions t inserted in said bonds or other evidences of indebtedness as well as the in est thereon if said interest is to be fixed, or it may defer the fixing of int until the time of the sale of said bonds, and full power and authority is h given to said commission to cause to be inserted in said bonds or other dences of indebtedness such terms and conditions as it shall deem proper.

l that there shall always be inserted in said bonds or other evidences of
ɔtedness the fact that the same are payable, both as to principal and inter-
solely out of the revenue of The System, set aside for such payment.
aid resolution may also provide, and the public utilities commission is
ɔy authorized and empowered in and by the terms of said resolution to
: with the holders of any of the revenue bonds issued thereunder, so long
ie same shall be outstanding, as follows:

a) That the proceeds of the sale of said revenue bonds shall be deposited
fund separate and apart from all other funds of the City and County and
with any interest accrued thereon, be applied solely and exclusively to
ɔbjects and purposes for which such revenue bonds are authorized to be
d and that any proceeds of the sale of such bonds remaining unused upon
icquisition of such system shall be applied to the retirement of the rev-
bonds outstanding, by purchase in the open market or by call and re-
ɔtion, if the same are by their terms made callable by the commission,
ie case may be, and that none of such moneys shall be transferred to any
: fund of the City and County of San Francisco;

b) That the public utilities commission will maintain and operate The
em constructed from the proceeds of said revenue bonds, in good repair,
:ing order and condition and will, from time to time, make all needful and
er repairs, renewals and replacements, and will continuously operate
ame;

c) That the commission will (subject to all applicable laws of the State
alifornia and the rules and orders of the regulatory bodies of the State
lifornia which may hereafter have jurisdiction over the commission or the
:ct acquired from the proceeds of said revenue bonds) to establish rea-
ble rates for the sale of electric energy distributed through such system
that such rates in the aggregate shall be adequate to enable the commis-
to pay the principal and interest of said revenue bonds as the same become
and all costs of maintenance, operation and repairs of The System, ac-
:d from the proceeds of the sale of such revenue bonds;

d) That accurate books and records of account will be kept and main-
d, showing all payments received by the commission from the operation
he System acquired from the proceeds of the sale of such revenue bonds,
h records shall be open at all times for inspection, while any of the rev-
bonds are outstanding and unpaid, to the holders of any one or more of
revenue bonds or their duly authorized representatives;

e) That if any part of The System shall be taken from the commission'
om the City and County of San Francisco by eminent domain proceed-
or other proceedings authorized by law, the proceeds realized by said
and County or by said commission shall be applied solely and exclu-
y to the payment of the principal and interest of said revenue bonds until
same shall have been paid in full;

f) That neither the commission nor the City and County shall mortgage
therwise encumber, sell, or lease or dispose of The System acquired from
ɔroceeds of the sale of said revenue bonds or any substantial part thereof,
nter into any lease or contract which shall impair the operation of said
em or otherwise impair the right of the holders of any of said revenue
ls to secure payment in full of the principal or interest of said revenue
ls as the same shall mature;

g) That the commission shall maintain insurance on The System ac-
:d from the proceeds of the sale of said revenue bonds, of the kind and

character and in the amount which is usual and customarily carried by p- vate companies engaged in the operation of a system of works similar to th to be acquired from the proceeds of the sale of said revenue bonds:

(h) That none of the facilities of The System shall be furnished free. the event that the City and County of San Francisco, or any departme agency or instrumentality thereof shall avail itself of the facilities afford by The System acquired from the proceeds of the sale of said revenue bon a reasonable charge shall be made against said City and County, agency instrumentality and shall be paid as the services shall accrue;

(i) That any terms, covenants or conditions herein contained or ma a part of any bond issued under authority of this section shall be subject alteration, amendment or modification by agreement between the commissi and the holders of at least eighty (80%) per cent of the principal of t amount of the said bonds then outstanding;

(j) Said commission may also agree to any other terms or conditio whether hereinabove referred to or not, which, in the judgment of the co mission, shall be necessary, advisable or convenient in effecting the sale said revenue bonds; provided, that such conditions do not permit said bo to be sold at less than the par value thereof or increase the rate of inter thereon above six (6%) per cent per annum, payable semi-annually, and p vided further, that none of said covenants, agreements or conditions, nor a thing herein provided shall obligate said commission or the City and Cou of San Francisco to do or perform any of said terms, covenants or conditi by the expenditure of any funds other than those arising from the operat of The System to be acquired from the proceeds of the sale of said reve bonds, and under no circumstances shall the City and County be obligate levy or collect taxes to provide moneys to perform any of the terms or c ditions contained in any of such resolutions, and all obligations assumed said commission which shall require the expenditure of any funds shall be limited solely and exclusively to the funds arising from the operation of sd system.

When said last mentioned resolution is adopted, said public utilities co mission shall have full power and authority to issue and sell the revenue bo or other evidences of indebtedness payable solely out of revenue to the amo specified in said resolution, but not to exceed the sum of $55,000,000.

Section 121.8. The public utilities commission shall regulate the time the issuance of any bonds or other evidences of indebtedness authorized by this section, and may cause the same to be issued as one issue or in succes e issues under the same authorization. Said bonds or other evidences of indebtedness shall be sold by said commission at public sale to the highest and lst bidder therefor, after notice of said sale has been given by the publication notice of said sale for a period of two days in the official newspaper. Said le shall be held not less than five days after the last publication of said not The commission shall require a cashier's or certified check payable to he order of the commission, or other security in such amount as it may d m proper from all bidders to insure the fulfilling of any bid made for said bds or other evidences of indebtedness. When any of said bonds or other evide es of indebtedness are sold, the proceeds of said sale shall be deposited in he treasury of the City and County and shall be used only for the purposes or which the same were approved. If a bid acceptable to the commission shld not be received for said bonds offered for sale the commission may direct at said bonds, or any part thereof, be sold by the Treasurer of the City nd

nty of San Francisco at private sale, at a price not less than par and ued interest at the date of delivery of said bonds to purchaser.

c isition, construction or completion of The System by the sale of bonds r ther evidences of indebtedness payable solely out of revenue; provided, o ever, that nothing herein contained shall prevent the financing or acqui- it n of The System or any additions thereto by general obligation bonds s d as provided by law.

ection 121.17. The System shall be considered a separate utility, and e nue from any other utility shall not be applied to The System unless other- i expressly provided by Charter.

ection 121.18. The board of supervisors may, by ordinance, confer upon a public utilities commission such additional powers not in conflict with this e on as may be necessary to carry out the purposes of this section.

ection 121.19. Upon the taking effect of this amendment the public t ies commission shall immediately proceed to acquire, construct and com- l The System and promptly perform all acts required of said public utili- e commission.

Discussion.

The following excerpts from reporter's transcript of proceedings re submission of Charter amendment to the electors of San Francisco, are, at the request of Supervisors Uhl and McSheehy, made part of the record:

SUPERVISOR McSHEEHY: Mr. O'Toole, you read quite a document there. May I ask, when we had the other bonds in 1937 did you proceed this way? Did you have a similar document that you read to this Board in Plan 7?

(Inaudible discussion between Mr. O'Toole and Supervisor McSheehy.)

SUPERVISOR McSHEEHY: The point I am trying to cover. I realize that these bonds are going to be submitted to the people of San Francisco. I realize we have submitted five different issues to the people of San Francisco; I realize that certain criticism has been made of the bonds. So the point I am trying to cover first today, that if we have changed at all from the set-up that we had a year and a half ago, because some of us might find ourselves in the position that we have to explain to the voters of the City why we have changed from any particular method. The statement made is satisfactory to me. "Why do we change?" "Because the City Attorney feels that our position is stronger." There are one or two matters I think the members of this Board should give some thought to. It is all right to create a bond issue, but it is another story to have a majority of the people acquiesce in the creation. We have to be very careful in what we are submitting here today. There are one or two points where I feel that criticism might take place. The people today, we know, here in our City are not as keen for bond issues as they were in former years, because we have almost reached the bond limit. Of course, these are revenue bonds, I realize that, but I have one or two questions. Supervisor Uhl just asked a question there in reference to the redemption of the bonds. I notice in Mr. O'Toole's reading there, we can issue bonds for the amount of six per cent. We know the conditions of the market today, but a great change might take place; we are living today, and none of us know just exactly where we go. We know the conditions that exist now, so I am just wondering if we cannot reduce the amount of six per cent to four per cent, so it would be mandatory upon this Board, or any other Board that will follow us, that they cannot sell these bonds for six per cent. They are revenue bonds; of course, they will sell for more than obligation bonds. Gentlemen, I am looking at this matter in a sincere way, and I think we all are. We do not want to merely ask the people to vote; we want to submit something to our people that we feel they will vote for, and naturally, there

is going to be criticism, and I can see someone standing up and saying, "You gentlemen here, you are creating a condition here in which you are allowing bonds that can be sold for six per cent." Suppose something happened over in Europe; suppose we took part in it; suppose we found our financial condition a year from now entirely different from what it is today? Now is the time to safeguard that. Suit yourselves, gentlemen, but if I could receive a second, I would amend that so it would be four per cent instead of six per cent.

MR. O'TOOLE: Suppose you were issuing not revenue bonds but general obligation bonds, as our City law and our Charter is written today, you provide in the issue your bonds would not command a rate higher than six per cent. As far as bonds are concerned, the rates they command is determined entirely, first, by the money market of the country, and second, by the security which you have to offer, all you could do would be to write in there that they would not command more than six per cent. That is why we are selling our general obligation bonds today for 1.92, because when those bonds were issued we wrote into the bond issue that those bonds should not command an interest higher than six per cent per annum payable semi-annually. I think the same thing applies to revenue bonds. The Los Angeles bonds sold a little better than the general obligation bonds; I do not know how they are selling now. Los Angeles revenue bonds provided for six per cent, and they are sold, I think, for about three and three-quarters. So those matters, I think, are regulated by powers over which we have no control.

SUPERVISOR McSHEEHY: I am not differing with you in a thousand years on a question of law. This is not a point of law; this is simply a point of difference between two men——

THE CHAIRMAN: Pardon me. Kindly make a motion so we will have something before the Board. Otherwise, you will simply have an argument all the afternoon.

SUPERVISOR McSHEEHY: I won't have any argument with Mr. O'Toole. We are meeting as a Committee of the Whole. That is entirely different than we are meeting as a Board of Supervisors——

THE CHAIRMAN: Pardon me, but I would like to know what we are considering.

SUPERVISOR McSHEEHY: I am trying to consider the matter that is before us. I am trying to show, Mr. President, that we have a question here in which are a number of fundamentals. One of the most important of the fundamentals is the matter of interest. You will go along and pass this just exactly as read, at six per cent, and there will be certain criticism take place. The thought in my mind is: Will the people vote for it? Five times we have placed bond issues before the people, and five times they have been turned down, and they have been turned down on account of certain conditions existing in those bonds. I have a little knowledge of some of these conditions, Mr. President, so I am only saying to you here now we are simply meeting as a Board of Supervisors trying to create a condition under which we can go forth and sell these bonds. If I can receive no second to the reduction, of course six per cent will be written in——

THE CHAIRMAN: It is a good point, Supervisor. I would like to ask Mr. O'Toole, isn't it a fact when we sell bonds that the interest is always brought before the Board and we approve the selling of the bonds on such an interest?

MR. O'TOOLE: Recently you have been doing that, yes. At one time we sold bonds at a fixed interest. Sometimes it was difficult to sell them and sometimes we got a very large premium.

SUPERVISOR McSHEEHY: My point is this, we sell bonds—two weeks ago we sold some bonds at 1.92. I have seen bonds sold here at five and three-quarters because the money market was up. The money market is down. Suppose a condition arose a year from now—I am

not predicting that condition, but if there might arise—I do not want to see this City sell bonds at six per cent. If we place this in here now, we cannot be criticized by some people who are not in favor of these bonds. Suppose you were talking to an improvement club, don't you think you would perhaps convert some of those members that do not want to see a condition created here that they might be held responsible for six per cent bonds? It don't mean anything to me. I am giving my opinion, and I have had experience, and I think perhaps had greater experience on this Board than any member here today. Very well. If I cannot receive a second I will say no more about that point.

I will touch on another point. I just made a few of these notes as Mr. O'Toole read the paper. Mr. O'Toole, you read in there that the receipts, the gross receipts—I am taking it for granted we have not only gross receipts but profits—you read in these sections just how the money was to be paid, and then you come down to what is known as net profits, which I hope you will make, and which we are making in several of our utilities today. Then you refer to Section 129 of the Charter. I will read you Section 129 of the Charter; it is quite short:

"Section 129. If any accumulation in the surplus fund of any utilitiy shall, in any fiscal year, exceed 25 per cent of the total expenditures of such utility for operation, repairs and maintenance for the preceding fiscal year, such excess may be transferred by the Board of Supervisors to the General Fund of the City and County, and such amount shall be deposited by the Commission with the Treasurer to the credit of such General Fund."

SUPERVISOR UHL: What is the point, Supervisor?

MR. O'TOOLE: I think Mr. Cahill can better explain that than I can.

MR. CAHILL: With all due respect to the Charter, Section 129 is not a scientifically drawn article, and it does not cover the actual necessities of the utilities concerned. For example, the sixty-five million dollars, more or less, water department has a very low operating cost, because most of it is done by gravity; the water flows by gravity through pipes, so it does not require a great operating cost, so all we can have on that sixty-five million dollar concern is about $450,000 surplus under that Section 129. Now, take the ten million dollar railway, the operating costs of the railway are something over $3,000,000, and it is only a ten million dollar concern, but inasmuch as the operating cost is over $3,000,000, we can have seven or eight hundred thousand dollars surplus under that law, although we can have only $450,000 in a $65,000,000 concern. The thing is not properly constructed and does not work for that reason, so a $55,000,000 concern should have more than a few thousand dollars as surplus; it should have a cushion of a million and a half dollars.

SUPERVISOR McSHEEHY: Mr. President and Members of the Board, as I said, you will find, from my experience in the past, certain gentlemen advocating this will make no presentation of it to the people of San Francisco. It will be up to the members of this Board. They will tell you their hands are tied through Charter restrictions. It will be up to the members of this Board and their friends to convert the people. You will find in this particular condition the profits to the amount stipulated here will go into the general fund. It will not go into a reduction of the rates. Take anything you want; take, for instance, the Standard Oil Company or the Shell Oil Company, or the chain stores, or any other combination that you please, do you suppose for one moment if the chain stores should have a store over here at McAllister and Van Ness avenue, that store is held entirely responsible to show a profit, and if they find inside of a year it is losing money, you will find that the chain stores will create a condition so they will vacate that particular premises they occupy; they will not attempt to have the store at Twenty-first and Mission street pay for

the losses in that particular store. They could never run their business if they carried it on that way. And how can we run and manage the utilities in the City and County of San Francisco if we are going to have Peter pay Paul? If it is presented to the people, they will not vote for it under those conditions. Also, if the utility makes a profit, it should go to the credit of the utility and reduce the rates of that utility. Very well, gentlemen, it is just as you feel in the matter. I suppose if I make a motion, it will be received as the other one was received, but it is up to you. You are going before the people, and remember, if I can pick a little flaw like that out of it, I am not going to present that to the people in that form, because you are going to have opposition. Gentlemen, think for one moment. Do you think these bonds are going to go over? If they are, I will be greatly surprised. I know what has happened in the past in the five other different bond issues. My motion is to eliminate that section of the paper read by Mr. O'Toole so that automatically those profits will go into the reduction of the rates of the utility.

MR. O'TOOLE: There are many things may happen to an electrical system. If anything happens, your revenues are cut down, you have got something to fall back on, so you do not default in your bonds. San Francisco does not want to default in its bonds. Mr. Cahill has told you that amount is necessary for a proper cushion for possible extraordinary repairs and emergencies that might happen, for instance, a dry year, as we have had at Hetch Hetchy, and not being able to produce your power, having to produce it by steam. If you go out and float a bond issue of this nature, you have got to protect your bonds.

SUPERVISOR McSHEEHY: I can only say, members of the Board, that the placing of a cushion of that kind will bring about conditions just as I have stated. Do not forget you have not reduced the water rates for the people of San Francisco to where they should be, because the surplus we are making we are placing into the general fund. Of course, it creates a condition for that amount of money, but after that cushion is raised to that amount of money—$1,500,000 is a very great sum of money in reference to the particular project that we are going to build. I have no objection to holding up that amount, but after that amount it should go right into the rates. That is the story. I have no objection, I have no desire in any manner or form to create any condition, but I have been forced to try to create a condition when we present this matter to the people of San Francisco they will vote for it. I know who will present it. I have a fairly good idea, because I have taken an active part in five different bond issues. If I can, I would make a motion that that section be amended so that you have that cushion of $1,500,000, but the moment you reach that cushion, the other profits should be reflected in a reduction of the rates.

MR. O'TOOLE: I am not so sure you haven't got that power. Of course, it would take a little larger vote of the Board. Suppose we had set up that cushion; either one of two things happen; it either has to go to a reduction of the rates, or it goes into the general treasury.

SUPERVISOR McSHEEHY: If it goes into the general treasury, that is the general fund, it is reflected in the tax rate. Take the same example I gave you in reference to chain stores or the Standard Oil Company, or any large concern that is operating in a number of communities.

MR. O'TOOLE: Give them some leeway. If you want to reduce the electric rates, you may, but do not put them in the position of it being mandatory to reduce them, to reduce your electric rates on an increase of a couple of million dollars.

SUPERVISOR McSHEEHY: We have a desire to see if we cannot distribute our own power. How are we going to handicap ourselves

with a condition like that? We pay more for power in San Francisco than any other city in the United States.

SUPERVISOR UHL: Wait a minute.

SUPERVISOR McSHEEHY: You can wait. I do not care how long you wait.

SUPERVISOR UHL: 2.14 is the average rate in San Francisco.

SUPERVISOR McSHEEHY: That is another story. The question simply is this. Do you want to create a condition here that this bond issue will pass, or do you want to create a condition that has been created in the past five times when it was defeated? All right, create it. Go ahead. It is all up to the membership of this Board. If I should receive a second, I would move that the cushion of $1,500,000 be placed as a cushion, and then the net profits of the utility be reflected into a reduction of the rates.

SUPERVISOR MEAD: I second the motion.

THE CHAIRMAN: Is there a second to Supervisor McSheehy's motion?

SUPERVISOR McSHEEHY: Supervisor Mead has seconded it, but I am going to ask him to wait. Mr. O'Toole has asked me a question. He has asked me what my motion is. I will see if I can make the motion correct. My motion is that a cushion of $1,500,000 be allowed and then that the net profits be reflected into a reduction of electric rates.

MR. O'TOOLE: If I grasp your idea on that, and you have a perfect right to suggest your own ideas, it is going to reflect right back in a tremendous reduction in electric rates or a tremendous reduction in the tax rate of the people.

MR. CAHILL: Mr. McSheehy, you read a section of the Charter, 129, in which the Charter said we may have 25 per cent of the expenses as surplus. You advocate that rather than the million and a half, do you not? That is all right with me. I have no objection to that at all. I think it is perfectly all right. I think that was your suggestion, was it not?

SUPERVISOR McSHEEHY: Yes.

MR. CAHILL: That is perfectly all right with me. We must have some surplus. You cannot operate a big business with no money in the till. The Charter says 25 per cent. There is no particular reason in this particular case to change that. If the rest of the Board will go along with you, that will be perfectly all right with me.

SUPERVISOR McSHEEHY: I am trying to create a condition here that these bonds will pass. As I said, if it was a point of law, I would not differ with Mr. O'Toole for 100 years, but this is just a matter of opinion.

MR. CAHILL: I think you have a point there. I suggest we go back from the million and a half to Section 129 of the Charter; I mean cut out the million and a half and put in Section 129 of the Charter, meaning that the utility would get just the same treatment as any other utility. If you would rather have it that way, it is perfectly all right with me.

SUPERVISOR McSHEEHY: Members of the Board, may I again read you Section 129:

"If any accumulation in the surplus fund of any utility shall, in any fiscal year, exceed 25 per cent of the total expenditures of such utility for operation, repairs and maintenance for the preceding fiscal year, such excess may be transferred by the Board of Supervisors to the General Fund of the City and County, and such amount shall be deposited by the Commission with the treasurer to the credit of such general fund."

Now, if we take it that the net profits of the utility was $4,000,000; very well—we would have the right to transfer that to the general

fund. If it went into the general fund, it would reflect itself into a reduction of the tax rate. The large owners of property, some who reside outside of our City but who have large holdings, such as the Mills Building, the Crocker Building, and so forth, who pay large taxes, they would be the beneficiaries of that particular section. Now, there are 70,000 small property owners in San Francisco who use electricity, and if it was a reduction in the rates, they would be the direct beneficiaries of this in greater proportion than the man who owns very large holdings downtown. So I say to you, we are passing this this afternoon—I think we are—and if we pass it with certain conditions, those conditions will be well told to us by certain opponents. Therefore, we find ourselves handicapped, so I am calling your attention to this, and of course, my thought, as I said, I never heard the paper until it was read there, my thought is that this section should be stricken entirely from the paper, and showing that these profits should reflect into a reduction of the rates. Gentlemen, we come; we go; we have differences of opinion. I think that we should amend this particular section. I say that to you as my judgment.

THE CHAIRMAN: I would like to hear City Attorney O'Toole pass on your suggestion, and see what effect it will have on this section (d) of the Charter amendment.

SUPERVISOR UHL: Mr. Cahill said he would suggest the amendment of Supervisor McSheehy.

SUPERVISOR McSHEEHY: He said he would accept the elimination of the cushion. I realize that you should have a cushion, but after that cushion is reached, I want to see a reduction in rates. Now, I move we proceed with something else until Mr. O'Toole returns. May I make a suggestion that you might ask any citizens to express themselves if they wish.

THE CHAIRMAN: In fact, I made a statement before you started in to talk that those who are against the Charter amendment, kindly step forward. But let us get this other question settled.

SUPERVISOR UHL: I think Mr. O'Toole should be told what Mr. Cahill stated.

MR. CAHILL: On the matter of the surplus I would just as soon have 25 per cent as $1,500,000, the balance to go into either reduction of rates or a reduction of the tax rate. I might call to the attention of Mr. McSheehy that the Public Utilities' policy has been to cut rates in the water. We have cut rates four times in the last seven years, and it is probable we will make another reduction as soon as we can. The Board has its say about that, Mr. McSheehy. We cannot make a rate without this Board passing on it. To be sure, you have to have eight votes to overrule it.

SUPERVISOR McSHEEHY: I have tried to get eight votes. May I say this, Mr. O'Toole, I know you want to work something out, and I know you want to give clear thought to it. I suggest that we delay this matter and go on with the citizens until you work it out.

MR. O'TOOLE: I want to tell you what the effect of it is going to be. Don't you think when we submit this proposition to the public, that is, the tax paying public, home owners like you and I, they will say, "All right, if the Board of Supervisors are going to use up all this money to reduce rates for the people who own hotels and big apartment houses, I guess we had better let it alone." On the other hand, if it is going to go into a fund which will pay the bond interest on the Hetch Hetchy project, won't the people be better satisfied?

SUPERVISOR McSHEEHY: All I can say is it seems to me that Section 129 states it is mandatory on the Board of Supervisors, and I think Section 129 ought to be stricken out of this bond issue entirely and insert in its place that these profits shall be reflected into a reduction of the rates, and then it is mandatory for these reductions. As I said before, we Supervisors come and go, but the people who are

going to vote on this matter will have to be shown that it is to their interest. I have stood before groups of these people before, I have written statements, and I have spent hours and hours, and I know how the people feel. They want their rates reduced.

MR. O'TOOLE: Yes, but don't they want their tax rate reduced, too?

SUPERVISOR McSHEEHY: Yes, I suggested that point a while ago. But who will receive the benefit of the taxes? The man downtown who owns the Mills Building, the man who owns the Crocker Building, and the large real estate owners will receive the greatest benefits from the taxes. They are the beneficiaries. There are 70,000 small users of electricity here in San Francisco and small property owners, and if the rates are reduced, the 70,000 will receive the reduction in those rates and receive them in greater proportion than the man who owns the big downtown building.

MR. O'TOOLE: Do you take into consideration the merchant who resides in an apartment house and the apartment house furnishes him with electricity and gas, and heat, and everything else, and pit him against the people who own a little home?

SUPERVISOR McSHEEHY: I own one small apartment house. There are only five small apartments in it, and I owe some money on it, but if I received a reduction of the rates for gas and electricity, it amounts to quite a little.

THE CHAIRMAN: What is the pleasure of the Board?

SUPERVISOR McSHEEHY: I have made a motion which has not been seconded. That is all I can say.

Privilege of the Floor.

Mr. E. G. Cahill, Manager of Utilities, was granted the privilege of the floor at the request of Supervisor Mead. Mr. Cahill reported briefly on Plan No. 8, and recommended its submission to the electors. Mr. Cahill explained the provisions of the plan, and answered questions asked by various members of the Board.

Mr. Edward Braunsweiger, speaking for the Rapid Transit and Traffic Association of San Francisco, and Messrs. George Baker and Henry Warfield, representing the Citizens' Voters Unity Council, opposed the submission to the electors of any bond proposal.

Committee of the Whole Arises.

Supervisor Uhl moved that the Committee of the Whole arise and report.

No objection and *so ordered.*

Reconvening as Board of Supervisors.

Whereupon, Supervisor Uhl moved the Board reconvene as a Board of Supervisors.

So ordered.

Explanation of Vote.

Supervisor Uhl, in explanation of his vote on submission to the people of proposed Charter amendment, stated that he was perfectly agreeable that the matter should go to the people, but he wished it to be thoroughly understood that in voting to submit the matter to the people he was not committing himself to revenue bonds. He was, Supervisor Uhl stated, opposed to them.

Amendment Proposed.

Supervisor Brown moved that in lieu of the submission of revenue bonds for the financing of the purchase of the Pacific Gas and Electric properties, that the entire proposition be amended to provide for the issuance of general obligation bonds.

Supervisor Uhl offered complimentary second.

Discussion.

In discussing his proposed amendment, Supervisor Brown stated that the Board had, on several occasions, debated the question of the financing of the purchase of the Pacific Gas and Electric Company plant in San Francisco, and each time that matter had been submitted to the people it had been defeated. He stated further that it was his intention to vote against resubmission to the people, because he thought resubmission to be an idle gesture, but should the question be submitted at all it should be submitted on the basis of general obligation bonds rather than revenue bonds. The people who are going to pay the bill are the people of San Francisco who pay the taxes, and the people of San Francisco who pay the taxes are the people of San Francisco who own property in the City. The provision written into the laws which govern bonded indebtedness of the City and County of San Francisco was written in there advisedly, that a two-thirds majority of the people should be required before a bonded debt is incurred by the City. That provision still stands in the laws that govern our bond operations, and it is clearly, Supervisor Brown stated, to his way of thinking, an attempt to evade that provision of the law to amend the Charter so the City and County of San Francisco may be bonded by a 50 per cent vote of the people instead of by a two-thirds vote. If the Board is going to keep faith with the people who put the members of the Board here by electing them to their office, they should also keep faith with the laws that govern one of the most vital parts of our City life, the laws that govern the submission of bond issues, and if the Board is acting in good faith, it will vote for the submission of this issue on the basis of general obligation bonds instead of revenue bonds.

Supervisor McSheehy, in replying to statements by Supervisor Brown, called attention to the bond limit, which, he claimed, would allow the issuance of only about $15,000,000. However, Supervisor Brown, in answering Supervisor McSheehy, read from a report from the Controller, figures as of December 31, 1938, showing a balance within the bond issue limit of $61,000,000.

Thereupon, Supervisor McSheehy contended that he felt the people might authorize a revenue bond issue for the construction or acquisition of an electric distribution system, but would not vote for general obligation bonds, and, accordingly, urged the submission of the proposed Charter amendment providing for issuance of revenue bonds.

Amendment Failed.

Thereupon, the roll was called, and the amendment to provide for issuance of general obligation bonds rather than revenue bonds *failed* by the following vote:

Aye—Supervisor Brown—1.

Noes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Uhl—6.

Absent—Supervisors Colman, Roncovieri, Schmidt, Shannon—4.

Explanations of Votes.

In explanation of his vote, Supervisor McSheehy made a statement as follows:

"I might state I attempted to make several amendments because I felt that if the amendments were made, we could present our case to the people with better chances of having them vote for the bond issue. Of course, I am going to vote for the issue. My amendments were not accepted by the Board. Very well. But I still think we would have a better chance of presenting them. I think we stand an excellent chance now of having the people of San Francisco agree to pass these revenue bonds because our position is entirely different from what it was before. I think every member of this Board, and I think the entire City administration ought to do everything they can to advocate to the people of San Francisco, advocate the voting of these bonds

so that we can distribute our own hydro-electric power. I think if we show the authorities in Washington that we are in good faith, that we want to distribute our power, I do not think Mr. Ickes will attempt to enforce the Raker Act as it has been written. I do not think we will lose the present moneys we are receiving from Hetch Hetchy. I do not know what might happen if the bonds are defeated, but I think the membership of this Board, under the conditions, should vote for the submission of these bonds. I feel that if we all get together and properly advise the people of this City, I think they will vote favorably for the bonds on the 19th day of May of this year."

Supervisor Uhl, in explanation of his vote, made the following statement:

"Mr. President and Members of the Board, as I stated before—I am explaining my vote now in this respect, and I wish that made part of the record—that I am not averse when matters of this kind come up to voting to place them on the ballot, but I want it distinctly understood I am not committing myself at this time to this revenue bond issue. I am still waiting, hoping that Supervisor McSheehy will bring his facts based upon his statement that he found the rates in Los Angeles, average rates 25 per cent lower, than the domestic and commercial rates in San Francisco. That was last November that he accepted that challenge and said he would furnish the data. I haven't received it yet. Referring to Mr. Cahill's report, referring to the Pacific Gas and Electric Company, he said that the average price was 2.14 cents, which is lower than the price of 2.26 cents. Now, many statements have been made here regarding the very high rates in San Francisco, as Supervisor McSheehy stated today, higher than any city in the United States. I again challenge that statement. The rates I produced are the rates of our expert, Mr. Ellis. The statement I made previously in reply to the Supervisor's statement of 25 per cent lower rates was based on Mr. Randall Ellis' computations, agreed to by Mr. Ost, of the Public Utilities Commission. As stated to me by Mr. Randall Ellis, the rates between the Los Angeles Municipal Company and the Pacific Gas and Electric Company of San Francisco are comparable, practically no difference in the rates. As I said before, I am willing to have this go on the ballot. I will vote for it. If I vote against it today, it would sew the thing up. I have explained my vote, but I am not committing myself to revenue bonds."

Supervisor Brown explained his vote as follows:

"I will be brief in my remarks, because I think most of the members, with the exception of Supervisor McGowan, who was not here the last time, have heard this matter discussed pro and con at great length. This, in its major consideration, is exactly the same plan that was defeated by a vote of the citizens of San Francisco at a recent election. It is, to my mind, an impudent and futile gesture to again submit the same matter to the voters of the City after they, by a very considerable majority, indicated a desire not to permit the issuance of revenue bonds, and not to purchase the Pacific Gas and Electric Company distribution system in San Francisco. To my mind it is further a gesture without foundation to make such submission before the judicial actions now pending before the courts with reference to the Hetch Hetchy situation have been decided, or before, should that court action go against the City, a definite effort is made to secure an amendment of the Raker Act. This Board is put here by the people of the City and County of San Francisco; it is supposed to represent the cross section of the opinions of the people of the City and County of San Francisco, and it has before it a record of six occasions upon which the question of the extension of the City's public utility activities into the distribution of electric power has been before the voters, and the people of the City and County of San Francisco on six different occasions voted down these proposals which were before them. Now, on the last occasion they voted that down when it came before

them in the form of a Charter amendment which required only 50 per cent vote, and it was voted down by a very substantial majority. Now, in the face of that record, the Board persists in submitting this matter to the voters of San Francisco. This Board can think for itself, and I believe that the people of San Francisco can also think for themselves.

Ordered Submitted.

Thereupon, the roll was called and the proposed Charter amendment was *ordered submitted to the electors* by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Uhl—6.
No—Supervisor Brown—1.
Absent—Supervisors Colman, Roncovieri, Schmidt, Shannon—4.

Declaration of Policy Re Institutional Workers.

Supervisor McSheehy, Chairman of the Judiciary Committee, reported to the Board on declaration of policy re institutional workers on the following proposal:

The proposition that the City and County of San Francisco provide a minimum wage for full-time Civil Service institutional employees of the City and County of San Francisco of One Hundred and Six ($106) Dollars per month in place of the present minimum payment of Seventy-five ($75) to Eighty-five ($85) Dollars per month.

Opinion by City Attorney.

During consideration of the foregoing declaration of policy, the City Attorney advised the Board as to Charter requirements for the submission of such declaration to the voters, stating it to be the right of the Board to submit same, but questioned the possibility of making it effective should the people vote therefor.

Privilege of the Floor.

Matthew Tobriner, attorney, representing the institutional workers, and Mr. Michael J. Rowan, Business Agent for Institutional Workers, urged the submission of the declaration to the voters. Mr. Cameron King opposed the presentation to the people at this time, inasmuch as no such declaration of policy, according to the opinion of the City Attorney, could be made effective for the coming fiscal year.

Presentation of Declaration of Policy to the Board.

Supervisor McGowan, in offering to the Board the declaration of Policy, stated that the institutional workers were being underpaid, and so far, it had been impossible to correct the situation. Since all that is being requested is the submission to the people of a declaration of policy, Supervisor McGowan could see no objection.

Refused Submission.

Thereupon, the roll was called and the declaration of policy was *refused submission* at the special election on May 19th, by the following vote:

Ayes—Supervisors Brown, McGowan, McSheehy, Meyer, Ratto—5.
No—Supervisor Mead—1.
Absent—Supervisors Colman, Roncovieri, Schmidt, Shannon, Uhl—5.

Notice of Reconsideration.

However, before the result of the foregoing vote was announced, Supervisor Mead changed his vote from "No" to "Aye" and gave notice of reconsideration at the next meeting of the Board.

The vote then stood:

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto —6.
Absent—Supervisors Colman, Roncovieri, Schmidt, Shannon, Uhl—5.

Discussion of Treasure Island Airport.

Supervisor Brown reported that he had requested Mr. E. G. Cahill, Manager of Utilities, to appear before the Board on Monday, April 10, and inform the Board as to future development of Treasure Island as an airport. Mr. Cahill, Supervisor Brown reported, had signified his willingness to appear, and has requested, because of the regular meeting of his Commission, that a time might be set between 2:45 and 3:30 p. m. Thereupon, on motion by Supervisor Brown, and no objection being offered, discussion thereof was set as a special order of business for 2:45 p. m., on Monday, April 10th.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:10 p. m., adjourned.

DAVID A. BARRY, Clerk.

MONDAY, APRIL 10, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Monday, April 3, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

Quorum present.

President Shannon presiding.

Supervisor Roncovieri excused because of illness.

Correction of Journal.

Supervisor Brown called attention to error in the Journal of Proceedings of the meeting of Monday, April 3, 1939, page 647, in report made by him on meeting of Highway Commission, at Sacramento, referring to "W. P. A. funds received from the Federal Government . . ." stating the Journal should read "P. W. A. funds . . ." and requested such correction to be made.

APPROVAL OF JOURNALS.

Thereupon, the Journals of Proceedings of the meetings of Monday, April 3, 1939, and recessed meeting of April 4, 1939, were considered read and approved.

SPECIAL ORDER—2 P. M.

Hearing of appeals against assessments for the costs and expenses of the work or improvements on Moraga street between Fortieth and Forty-first avenues.

No protests being filed, the Clerk was *directed so to notify the Department of Public Works.*

SPECIAL ORDER—2:30 P. M.

Report of Messrs. Ost and Bendel on their recent investigation of street cars, trackless trolleys, gasoline buses, pursuant to motion by Supervisor Uhl, Monday, March 13, 1939.

At the hour of 2:30, the foregoing Special Order of Business was called up. Mr. E. G. Cahill, Manager of Utilities, not being present

with Messrs. Ost and Bendel, Supervisor Uhl requested that subpoena be issued to compel their attendance before the Board at the next meeting.

On information by the Chair that Mr. Cahill had notified the Clerk that he would be present at 2:45 p. m. to discuss another matter, Supervisor Uhl did not press action on his request.

On his arrival in the chambers, in response to questioning, Mr. Cahill stated that he would not have Mr. Ost or Mr. Bendel appear before the Board at any time unless he himself so desired, and again referred to communications addressed to the Board in response to requests for report on trip east to investigate street cars, trackless trolleys and gasoline buses.

Subsequently during the proceedings, Supervisor Uhl stated that in line with Section 21 of the Charter, since Mr. Cahill had made the definite statement that he would not appear before the Board with Messrs. Ost and Bendel, both of whom are in the employ of the Public Utilities Commission, to furnish information which he requested, he would move that Messrs. Ost and Bendel be subpoenaed to appear before the Board on Monday, April 17, 1939, at 2:30 p. m., to answer questions by members of the Board of Supervisors.

On being questioned as to the method of procedure for the issuance of a subpoena, the City Attorney stated that he doubted if the Board had any right, in this case, to require the presence of these gentlemen before the Board to present any information, but requested that the Board hold the matter over for one week, during which time he would see what he could do.

No objection and *so ordered.*

SPECIAL ORDER—2:45 P. M.

Mr. E. G. Cahill, Manager of Utilities, invited to appear before the Board on Monday, April 10, 1939, at 2:45 p. m., to discuss the development of Treasure Island as an airport at the conclusion of the Exposition.

Supervisor Brown, in stating the reason for inviting Mr. Cahill to appear before the Board, informed Mr. Cahill that the Press indicates that he has abandoned the plan for using Treasure Island as an airport site, and requested information as to the reason for change from policy expressed at the time of the discussion of Treasure Island as the site for the Exposition.

In reply thereto, Mr. Cahill presented the following statement, addressed to Supervisor Brown, which he read to the Board.

PUBLIC UTILITIES COMMISSION
CITY AND COUNTY OF SAN FRANCISCO

OFFICE OF MANAGER OF UTILITIES

April 10, 1939.

Honorable Arthur M. Brown, Jr., Supervisor,
City Hall, San Francisco, Calif.

Dear Sir: You have asked me to come to the Board of Supervisors meeting today and discuss the development of Yerba Buena Shoals, now known as Treasure Island, as a municipally-owned airport and to express my views on this question.

As you know, the shoal lands, upon which Treasure Island has been reclaimed, were acquired by the City and County of San Francisco from the State of California through an act of the Legislature passed in 1933. This act specifies that the land so conveyed shall be used for airport purposes only. If these lands are used for other purposes the property will revert to the State of California.

When the proposal was made that the City acquire title to this property, the Public Utilities Commission made extensive studies as to the desirability of Yerba Buena Shoals as an airport site; as to its pos-

sibility of reclamation, and the practical limits in area which could be economically reclaimed, together with the resulting lengths of runways, surrounding topography, and the general adaptability of the area for airport purposes. The Commission also made estimates of the probable length of time before the area in question would be needed for an airport. These studies were based upon the condition of the aviation industry in 1933 and its development up to that year, together with a projected estimate of possible future air commerce.

These studies indicated that the Yerba Buena Shoals site was desirable from a climatic standpoint; that surrounding obstructions, such as the San Francisco-Oakland Bridge and Yerba Buena Island, would not be insurmountable obstacles to the use of the area as an airport, and that approximately 400 acres of the land could be reclaimed economically. This is the approximate area of Treasure Island today.

Our studies of the development of the aviation industry indicated that if it continued to enlarge at the rate then plotted, San Francisco Airport in San Mateo County, as it then existed, would be fully utilized in about ten years. May I call to your attention that in public statements made at the time of the acquisition of the site, the Public Utilities Commission definitely stated that it was not its intention to reclaim Yerba Buena Shoals for an airport until the development of the aviation industry warranted the large expense of construction and operation of two airports by the City and County of San Francisco.

Since 1933 a number of unpredictable factors have entered into the question of airport development. In the first place, development of the aviation industry has tended to slow down to a certain extent and, secondly, construction of larger and larger transport planes has proceeded unabated, so that planes now in operation and under construction are of a far larger size and possess flying, landing and take-off characteristics which were unheard of in 1933 and which could in no way have been predicted at that time. These two important factors must be considered in settling the question of the future of Yerba Buena Shoals as an airport. They mean that San Francisco Airport in San Mateo County, as it is now being constructed, will not be utilized to its full capacity as early as we estimated it would in 1933. It also means that the length of runway, size of landing area and obstructions contemplated in the development of Yerba Buena Shoals are not applicable to present and future transport plane operation, as we anticipated they would be six years ago. It means that we now require for transport plane operation longer runways, larger fields and more expensive and careful attention to obstruction problems, lighting, drainage, approaches and radio aids to air navigation.

Please do not infer from what I have said that it is impossible in any way to utilize Yerba Buena Shoals as an airport. It can today be developed as an airport fully acceptable and satisfactory for certain types of flying operations and, furthermore, just as we were unable to predict in 1933 what kind of airplanes would be in use in 1939, we are today unable to predict what kind of airplanes will be in use in 1945, and it is entirely possible that development of airplanes in the future will be along lines which will make Yerba Buena Shoals fully acceptable as an airport for all types of airplane operation.

Under date of February 11, 1939, the Aviation Committee of the San Francisco Chamber of Commerce requested a statement from me outlining the relationship between the present San Francisco Airport in San Mateo County and the proposed future Shoals airport. In reply to their inquiry I said, in part:

"I note with interest your statement that you believe United and T.W.A. are interested in operating at the Shoals airport. I have had many conferences with the officials of both lines, including the presidents, operations managers, traffic managers and pilots, and I have as yet not been advised by any of these men that they have any plans in this connection. They have all, however, taken an active interest in the San Francisco Airport in San Mateo County construction program

and have worked closely with us in the design, lay-out, lighting, and particularly the approach and length requirements of runways.

"I would appreciate receiving from you any certain information that you may have that these or any other airline companies have any definite plans at this time for the use of the Shoals airport upon the conclusion of the Fair."

In response to my request at that time the Aviation Committee of the Chamber of Commerce made inquiry of Mr. W. A. Patterson, president of United Air Lines Transport Corporation, requesting a frank expression of his views as to the possibility of using Yerba Buena Shoals as an airport. Mr. Patterson in a telegram directed to the Chamber of Commerce on March 29, 1939, said in part, as follows:

"Mathematically Treasure Island can be used as an airport as laid out at present time. However, practical experience gained in operation of modern equipment during past two years leads us to honestly feel that we should consider some of the practical problems which have confronted us to augment mathematical calculations.

"The south, southwest and southeast runways head an airplane directly for the bridges which under normal conditions may be satisfactory but engine failure or turbulent air conditions as a result of flow over the bridges and Island would require more than mathematical margin for safety. We feel we owe it to sponsors of Treasure Island to point out all factors in order that their judgment may not be subject to criticism at some time in future. Therefore, we are looking into future in making recommendations. The airport should have added 1500 feet for the north, northeast and northwest runways. Runways in strictly westerly direction satisfactory. I can say very definitely that with a satisfactory airport and proper margins of safety United would without question be a tenant on Treasure Island. We would recommend against many additional hangars being constructed as we feel this should be used strictly as an exchange terminal, with Pan-American base the only repair base on the field."

Neither Mr. Patterson nor any other official of the United Air Lines has ever stated to the Public Utilities Commission that his company desired to use Yerba Buena Shoals for its transport operations. No official of T.W.A. has ever stated to the Public Utilities Commission, or, to my knowledge, to anyone else, that that company desired to use Yerba Buena Shoals for its transport operations.

I have had engineers of the Public Utilities Commission prepare estimates of the cost of developing the Shoals site as an airport, including levelling, paving, lighting, drainage, enlargement and filling of certain areas of the land now reclaimed. It will cost approximately $4,940,852 to do the above things and to comply with Mr. Patterson's ideas of the necessary enlargement to make the Shoals site safe for operation of present flying equipment under present safety requirements. However, this does not include the estimated additional cost to extend two runways easterly so as to provide 4500-foot runways in the prevailing wind direction where they would ordinarily be used and where, I am confident, the Civil Aeronautics Authority would require that we make extensions if Yerba Buena is to be used for a transport flying field. This additional enlargement, which I call to your attention, would provide only 4500-foot runways in the prevailing wind direction, as contrasted with 6000-foot runways at San Francisco Airport in San Mateo County, and would cost $1,702,570. Thus the total bond issue required to construct the Shoals airport would be $6,643,422.

In my opinion, and after a careful study by the engineers of the Public Utilities Commission, of all the problems of location, approach, weather, available runway length, operations requirements of both the airlines and the Civil Aeronautics Authority, and all other factors involved, the Shoals airport is not adaptable to the same type of flying operations that the San Francisco Airport in San Mateo County is designed for and is being constructed to handle.

In this I believe we are particularly fortunate inasmuch as when

the congestion of air traffic in this area, together with the federal regulations that will apply to the various classes of traffic, demand a diversion of operations conducted by varying sizes and types of aircraft, we will be in an ideal position to meet all requirements.

What these requirements will be at that time neither myself or any one I have talked to in the aviation industry, the airlines, or the Civil Aeronautics Authority, can predict. San Francisco Airport in San Mateo County, which incidentally is and will be the only airport serving the City of San Francisco directly, for at least three years to come, because at least that time will elapse before the Exposition will be finished, the buildings removed and necessary airport development could be completed at Yerba Buena Shoals, is now being enlarged to meet any present conceivable demand for runways lengths and approaches. It is so located, and comprises sufficient readily reclaimable land, to permit of practically unlimited expansion for flying operations as well as related industrial uses.

The Shoals airport location is ideally central in reference to the Bay Area cities and is quickly accessible from downtown San Francisco, though it will not have an overwhelming advantage in this regard upon the completion of the six-lane high-speed Bay Shore Highway. It is not capable of expansion except at great cost, which would be economically unsound due to the availability of the present airport for operations requiring greater runway lengths, and it is not adapted to industrial uses. It has an excellent seaplane harbor, which, if seaplane operations increase to any considerable activity, will become increasingly important, and it possesses excellent hangar and passenger station facilities.

In the next fiscal year the budget requirement from taxes to operate the present San Francisco Airport in San Mateo County and to pay its bond requirements will be $539,090. In other words, after deducting all possible revenue from airport operation, about 6½ cents in the tax rate will be required to support one airport, on the basis of $80,000 in tax revenue representing one cent in the tax rate.

May I call to your attention that at the present time San Francisco has agreements with United Air Lines, T.W.A. and Pan-American Airways under which we are accommodating, with present facilities, all of the air commerce which these companies find it expedient and desirable to bring into San Francisco. Development of two airports operated by San Francisco would thus practically double the expense of airport operation without any commensurate gain either in convenience or revenue. Today we have about forty air transport operations in and out of San Francisco Airport in San Mateo County daily. The airport at Newark, New Jersey, which is a terminal for the New York area, has a smaller area than the enlarged San Francisco Airport. Newark Airport is accommodating approximately 116 air transport operations daily. This would seem to indicate that San Francisco Airport, as it is now being enlarged, will be capable of conveniently accommodating far more air transport business than is now serving San Francisco.

It is obvious, and I do not believe it is necessary for me to reiterate, that it is now the intention, and has been the intention of the Public Utilities Commission for the past six years, to construct and operate an airport on Yerba Buena Shoals when such an airport is required and when the construction and operation of such an airport would not constitute an extravagance and an unjustified burden on the taxpayers of San Francisco. It is my intention to recommend the construction of this airport when it is required. This construction will require a bond issue of at least $6,643,422 to develop an airport capable of safely handling airplanes with their present operating characteristics. Servicing of this bond issue, if the bonds are matured in ten years as do our present airport bonds, together with operating costs and operating revenues to be expected, based on experience at San Francisco Airport in San Mateo County, would cost an average of $840,000 annually dur-

ing the life of the bonds. This would mean an increase of approximately 10 cents in the tax rate to support a second airport.

In this connection, may I point out that the Yerba Buena Shoals is not designed, nor is it intended, for general air terminal and shop activities. If the Shoals alone were available for an airport for the City of San Francisco, which, at best, could not be accomplished for at least three years, San Francisco would be in the position of maintaining a highly expensive airplane passenger station, with comparatively little available revenue from its operation, while a nearby city enjoys the benefits of large payrolls from the terminal and shop activities of airlines using our new and expensive passenger station. If we were not content with such an arrangement it would be necessary for San Francisco to develop an additional airport, such a San Francisco Airport in San Mateo County, if we expect to receive these revenues and payrolls.

The large operating costs of the Shoals airport are indicated when we recall that the air terminal building on Treasure Island now used as the Administration Building of the Golden Gate International Exposition is about as large and expensive to operate as the Opera House and Veterans' Building of the San Francisco War Memorial. I am advised that this year it will cost about $129,000 to operate these buildings, which are used periodically, whereas the air terminal building at the Shoals would be in constant use.

The question in my mind is whether the citizens of San Francisco can, at the present time and in the face of these facts, afford two airports.

Previous to the last bond issue for development of San Francisco Airport, the plans for this development were inspected, criticized and approved by engineers for United Air Lines, T. W. A. and Pan American Airways. Each of these companies vigorously supported this bond issue, as did the Chamber of Commerce, the Junior Chamber of Commerce, and almost every other civic organization of the City. All three of these companies knew exactly the situation with reference to the Shoals. They knew its size, its possible runway lengths and the other factors vital to its use. In the face of these facts and their knowledge thereof, they chose to support the development of San Francisco Airport in San Mateo County.

I have heard it stated that some of the funds now being expended for the development of San Francisco Airport should be conserved for the development of Yerba Buena Shoals as an airport. Obviously, this would be illegal. The bonds were voted and the ordinances upon which they are based state that the money is to be expended for construction of airport facilities at San Francisco Airport in San Mateo County. It would be unfair to the citizens of San Francisco and no court would permit the diversion of these funds to a use other than that specified when the bonds were voted.

In this connection, I call to your attention that twice in the past six years the voters of San Francisco have overwhelmingly, by voting of bonds, indicated their desire for the development and completion of San Francisco Airport in San Mateo County.

When present construction work at San Francisco Airport in San Mateo County is completed, there will have been expended in development of this air terminal approximately $6,000,000. The field will have the very highest rating of the Federal Civil Aeronautics Authority and it will have available large areas for hangars, shops and airplane industrial development. In my opinion, justification for development of Yerba Buena Shoals as an airport for general transport use can come only through an increase in air traffic in the San Francisco Bay area, and such an increase in traffic can be encouraged and developed only by development of San Francisco Airport in San Mateo County as a great air commerce center which will have the revenue and which will have the payrolls of highly skilled and technical aircraft industries, which will justify the development and operation of

a second airport. Thus, in my opinion, adequate development of San Francisco Airport in San Mateo County inevitably will make earlier the time when it will be possible and economically practical to fully develop Yerba Buena Shoals.

I believe that I have adequately outlined my present opinion of the relationship between the present San Francisco Airport and the future Shoals airport. Future operating requirements of airlines, federal requirements, and modifications in the trend of design of aircraft, may alter conditions on which my present opinions are based.

Landplane operations at the Shoals airport are as yet in the future. Public Utilities Commission engineers have made studies of runway layouts, lighting and other facilities; final determination of these plans can be made very quickly, when needed. When that need will arise will be determined by the economic feasibility of operating two airports and the willingness of our citizens to vote bonds for the construction of these necessary additional facilities.

Very truly yours,
E. G. CAHILL,
Manager of Utilities.

Discussion.

Following the presentation of the statement by Mr. Cahill, Supervisor Brown read a clipping from the San Francisco Examiner of April 5, 1935, purporting to express the views of Mr. Cahill regarding future development of the Yerba Buena Shoals as an airport. In reply to article, Mr. Cahill stated that he did not recall expressing such views, but he would not deny that he had expressed such views; neither could he say that he had not. However, his present views were as just stated, and until such time as the maximum capacity of the San Francisco airport is utilized, he could not defend the expenditure for the development of another airport.

Supervisor Brown, after questioning Mr. Cahill at length as to his plans for the future development of "Mills Field," stated that it seemed to him that any deviation from the representation made at the time the Board committed itself to the policy that the Shoals would be used for airport purposes would be a serious breach of faith with both the state and the federal governments, and expressed the hope that further consideration would be given to the matter before any definite abandonment of the idea of developing Treasure Island as an airport would be put into effect.

Reference to Committee.

Supervisor McSheehy, after brief discussion, moved the entire matter be referred to the Public Welfare Committee for investigation.

On objection by Supervisor Brown that the matter was properly one for the Public Utilities Committee, the Chair ruled the motion by Supervisor McSheehy was out of order, and referred the entire matter to the Public Utilities Committee.

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:.

Appropriation of $400 from Emergency Reserve Fund to Provide for Continuance of Position of City Planning Draftsman in City Planning Commission for Balance of Fiscal Year.

(Series of 1939)

Bill No. 121, Ordinance No. 119, as follows:

Authorizing a supplemental appropriation of $400 out of the Emergency Reserve Fund to the credit of Appropriation No. 861.101.00 for

the purpose of providing funds for the continuance of the position of City Planning Draftsman in the City Planning Commission for the balance of the fiscal year.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $400 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of Appropriation No. 861.101.00 for the purpose of providing funds for the continuance of the position of City Planning Draftsman in the City Planning Commission for the balance of the fiscal year.

Section 2. This appropriation is made necessary to provide funds for the uninterrupted operation of this department.

Approved as to form by John J. O'Toole, City Attorney.

Recommended by Angelo J. Rossi, Mayor.

Recommended by Mark T. Jorgensen, Secretary, City Planning Commission.

Approved as to funds available by Harold J. Boyd, Controller.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

Appropriation of $2,000 from Unallocated County Road Fund for Installation of Lighting Conduits on Ninth Street, Between Folsom and Division Streets.

(Series of 1939)

Also, Bill No. 122, Ordinance No. 120, as follows:

Authorizing a supplemental appropriation of $2,000 from the Unallocated County Road Fund to the credit of Appropriation No. 848.968.00 necessary for the installation of lighting conduits on Ninth street between Folsom and Division streets, said street being widened with funds provided in the budget for 1938-39 from the Special Gas Tax Street Improvement Fund, which fund precludes the expenditure of moneys for street lighting purposes.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $2,000 is hereby appropriated and set aside from Unallocated County Road Fund to the credit of Appropriation No. 848.968.00 necessary for the installation of lighting conduits on Ninth street between Folsom and Division streets, said street being widened with funds provided in the budget for 1938-39 from the Special Gas Tax Street Improvement Fund, which fund precludes the expenditure of moneys for street lighting purposes.

Recommended by A. D. Wilder, Director, Department of Public Works.

Approved by Alfred J. Cleary, Chief Administrative Officer.

Approved as to funds available by Harold J. Boyd, Controller.

Approved by Angelo J. Rossi, Mayor.

Approved as to form by John J. O'Toole, City Attorney.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

NEW BUSINESS.

Adopted.

The following recommendations of the Finance Committee were taken up:

Refunds Erroneous Payments of Taxes.

(Series of 1939)

Resolution No. 193, as follows:

Confirming Sale of Land on Sloat Boulevard to Peter J. McHugh.

(Series of 1939)

Also, Resolution No. 199, as follows:

Whereas, pursuant to Ordinance No. 79, Bill No. 76 (Series of 1939), the Director of Property advertised in the official newspaper that bids or offers would be received by him on March 21, 1939, for the sale of Lots 13 and 14, Assessor's Block 2518, situated in the City and County of San Francisco, State of California, and more particularly described as follows:

Beginning at a point on the northerly line of Sloat boulevard, as last-named line is shown on the Map Showing Widening and Realignment of Sloat Boulevard, filed June 11, 1938, in Map Book "N," at pages 53, 54 and 55, distant thereon 279.213 feet westerly from the westerly line of Thirty-ninth avenue, said point of beginning being on the westerly line of the property now or formerly owned by Frank R. Webb; thence running westerly along the said line of Sloat boulevard on the arc of a curve to the right, radius 1,432.50 feet, central angle 2 degrees 04 minutes 52 seconds, a distance of 52.032 feet to the easterly line of the property now or formerly owned by Edward J. Linehan; thence deflecting 72 degrees 52 minutes 13 seconds to the right from a line tangent to the preceding curve at the latter point and running northerly along last-named property line 30.688 feet to the southerly line of the property now or formerly owned by Peter J. McHugh; thence at right angles easterly along last-named line and the southerly line of the property now or formerly owned by Alice Wegener, 50 feet to the aforementioned Webb property line; thence at right angles southerly along last-named line 45.107 feet to the northerly line of Sloat boulevard and the point of beginning.

Being a portion of Outside Lands Block No. 1279-A.

Whereas, in response to said advertisement, Peter J. McHugh offered to purchase said land for the sum of $400 cash, no higher bids having been made or received; and

Whereas, said sum of $400 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $400; and

Whereas, Peter J. McHugh paid the Director of Property the sum of $50 as deposit in connection with this transaction; and

Whereas, the Department of Public Works has recommended the sale of said land; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a deed for the conveyance of said land to Peter J. McHugh, or his assignee. The buyer shall pay the balance of the purchase price within 30 days after approval of this resolution. The Director of Property shall deliver the deed to the grantee upon receipt of the balance of the purchase price.

Recommended by the Director of Public Works.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Authorizing Payment of $2,700 to John Brusa and Guido Brusa and Conveyance of Certain Real Property to Said Parties in Exchange for Certain Land Required for the Extension of Silver Avenue.

(Series of 1939)

Bill No. 136, Ordinance No. ....., as follows:

Authorizing payment of $2,700 to John Brusa and Guido Brusa and conveyance of certain real property to said parties in exchange for certain land required for the extension of Silver avenue.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter and in accordance with the recommendation of the Department of Public Works, the Director of Property in lieu of sale is hereby authorized and directed to arrange for trading certain City-owned real property situated in the City and County of San Francisco, hereinafter referred to as Parcel "A" to John Brusa and Guido Brusa in exchange for certain land hereinafter referred to as Parcel "B."

Section 2. Said Parcel "A" is situated in the City and County of San Francisco, State of California, and is more particularly described in Ordinance No. 80, Bill No. 77, Series of 1939, approved by the Mayor of San Francisco on March 8, 1939, which parcel was proposed to be sold under the provisions of said Ordinance No. 80.

Section 3. The Director of Property has made an appraisal of the value of said real property and estimates the value of Parcel "A" to be $2,700 less than the value of Parcel "B."

Section 4. Said Parcel "B" hereinbefore referred to is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Beginning at a point on the northeasterly line of Quesada avenue, distant thereon 100 feet northwesterly from the northwesterly line of Quint street, and running thence northwesterly along said line of Quesada avenue 50 feet; thence at a right angle northeasterly 76.676 feet; thence deflecting to the right 32 degrees 34 minutes 36 seconds and running easterly along the proposed northerly line of Silver avenue 27.679 feet to the northeasterly boundary line of the land of John Brusa and Guido Brusa; thence deflecting to the right 57 degrees 25 minutes 24 seconds and running southeasterly along said boundary line 35.097 feet; thence at a right angle southwesterly 100 feet to the point of beginning.

Being a portion of Block No. 333, O'Neil & Haley Tract.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of Parcel "A" to John Brusa and Guido Brusa, or their assignee. The Director of Property shall deliver said deed to the grantee upon receipt of the necessary deed to Parcel "B," and shall record the latter deed. It is understood that the improvements now located on Parcel "B" shall remain the property of John Brusa and Guido Brusa and shall be removed from the premises by said parties at their own expense within thirty (30) days after recording the deed to the City.

Section 6. The Controller is hereby authorized and directed to draw a warrant on the Treasurer in the amount of $2,700, payable from Appropriation No. 877.950.17, in favor of the City Title Insurance Company, as agent for John Brusa and Guido Brusa, to compensate for the difference in valuations referred to in Section 3 of this ordinance. It is understood that no cost of constructing Silver avenue through said Block No. 333, except sidewalks, shall be assessed against John Brusa and Guido Brusa.

Section 7. Said Parcel "B" is required for the extension of Silver avenue, a street of major importance as designated by Resolution No. 3131, adopted by this Board on March 22, 1937.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Establishing Municipal Railway Revolving Fund and Appropriating Moneys Therefor.

(Series of 1939)

Also, Bill No. 137, Ordinance No. ....., as follows:

Establishing Municipal Railway Revolving Fund and appropriating moneys therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby created a Municipal Railway Revolving Fund in the sum of $6,500 for the purpose of paying expenses incident to the conduct of the Municipal Railway which cannot be conveniently paid by warrants drawn by the Controller upon the Treasury of the City and County.

All expenditures from the said Municipal Railway Revolving Fund shall be made in accordance with rules and regulations of the Controller.

Section 2. The Municipal Railway Revolving Fund shall be maintained in such bank or banks as may be designated by the Manager of Utilities, and disbursements therefrom shall be made by checks signed by the Manager of Utilities or his designated representative or representatives.

Section 3. The Manager of Utilities shall cause a full, true and correct account to be kept of all moneys received for or disbursed from said revolving fund, and shall, at least once during each month after the establishment of said fund, render to the Controller a full, true and correct amount of all disbursements made from said fund, together with proper vouchers supporting said disbursements, and upon said disbursements being approved by the Controller, the Controller shall draw his warrant in favor of said revolving fund for the aggregate amount of said disbursements.

Section 4. The sum of $6,500 is hereby appropriated from the surplus existing in Appropriation No. 865.900.02 for the purpose of providing funds for said revolving fund.

The following recommendation of the Finance Committee was taken up:

President to Appoint Committee to Attend U. S. Conference of Mayors and to Represent San Francisco at New York World's Fair on "San Francisco Day."

(Series of 1939)

Resolution No. 200, as follows:

Resolved, That the President of this Board be and is hereby authorized to appoint a committee of three Supervisors to officially represent this Board of Supervisors at the United States Conference of Mayors, to be held in New York on May 15, 16 and 17, as well as to officially represent the City and County of San Francisco at the New York World's Fair on "San Francisco Day."

Explanations of Vote.

Supervisor Colman, in explanation of his vote, stated he desired his vote to be recorded *no* because he felt sending representatives from the Board to attend the U. S. Conference of Mayors and the New York World's Fair would be a waste of money, since the Board can obtain information as to proceedings of the Conference of Mayors by merely requesting same. He stated further, that if the City were not sending ample representation to New York to return Mayor La Guardia's visit, he felt the proposal would have more merit, but that in view of the conditions prevailing here, the number of people on relief, etc., the taxpayers would not look favorably on any appropriation for the proposed purpose.

Supervisor Uhl stated he must vote against the resolution, and that Supervisor Colman had expressed his own reasons therefor.

Supervisor McGowan expressed briefly his reasons for presenting the resolution.

Adopted.

Thereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Shannon—6.

Noes—Supervisors Brown, Colman, Schmidt, Uhl—4.

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

Passed for Second Reading.

The following recommendation of the Streets Committee was taken up:

Creating Underground District—Buena Vista Terrace Between Buena Vista Avenue and Fourteenth Street.

(Series of 1939)

Bill No. 139, Ordinance No. ....., as follows:

An ordinance designating Underground District No. 98—Buena Vista Terrace between Buena Vista avenue and Fourteenth street.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. An additional district in which it shall be unlawful to maintain poles and overhead wires, except trolley poles and wires, six months after the passage of this ordinance, is hereby designated, to-wit:

Underground District No. 98—Buena Vista Terrace between Buena Vista avenue and Fourteenth street.

Passed for second reading by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

Adopted.

The following recommendations of the Public Buildings, Lands and City Planning Committee were taken up:

Rezoning North Side Silver Avenue from Congdon Street to Point 600 Feet Easterly Therefrom, First Residential District Instead of Commercial District.

(Series of 1939)

Resolution No. 201, as follows:

Resolved, That the action of the City Planning Commission by its Resolution No. 1926, passed March 2, 1939, reading as follows:

Resolved, That, subject to the approval of the Board of Supervisors in accordance with Section 117 of the Charter, Section 12 of the Use of Property Zone Maps, constituting a part of the Building Zone Ordinance be and the same is hereby changed so as to place the following

described property in the First Residential District instead of the Commercial District:

The northerly side of Silver avenue, commencing at Congdon street and running thence easterly 600 feet, to the depth of the rear lot lines of lots fronting thereon;

is hereby approved.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

Rezoning North Side Silver Avenue from 246 Feet 9 Inches Easterly from Mission Street to Craut Street, from Commercial District to First Residential District.

(Series of 1939)

Also, Resolution No. 202, as follows:

Resolved, That the action of the City Planning Commission by its Resolution No. 1927, passed March 2, 1939, reading as follows:

Resolved, That, subject to the approval of the Board of Supervisors in accordance with Section 117 of the Charter, Section 12 of the Use of Property Zone Maps, constituting a part of the Building Zone Ordinance be, and the same is hereby changed so as to place the following described property in the First Residential District instead of the Commercial District:

President of the Board to Appoint Committee to Cooperate With Committee of the Native Sons Arranging for the Observance of Admission Day on Treasure Island.

(Series of 1939)

Supervisor McSheehy presented:

Resolution No. 210, as follows:

Resolved, That the President of this Board be and is hereby authorized and requested to appoint a committee of three Supervisors to cooperate with the committee of the Native Sons of the Golden West arranging for the observance of Admission Day, September 9, 1939, on Treasure Island.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

Approving Erection of Statue "The Spirit of Aviation" on City Property.

(Series of 1939)

Supervisor Mead presented:

Resolution No. ..., as follows:

Whereas, since the historic initial flight of the Wright Brothers, pioneers of aviation in our country, thousands of young Americans, imbued with the spirit of adventure, have written their names imperishably on the rolls of those who have piloted their planes not only in this country, but throughout the world; and

Whereas, the Lafayette Esquadrille, and other allied units, include the memorable names of Quentin Roosevelt, Frank Luther, Eddie Rickenbacker, and others; and

Whereas, in later times Charles Lindbergh, Douglas Corrigan and Amelia Earhart blazoned their way over dark and dangerous waters; and

Whereas, certain groups of citizens have signified a desire to aid in the financing of the erection of a statue dedicated to our aviators to be known as "The Spirit of Aviation"; and

Whereas, if sufficient funds can be obtained by private or other subscription, there is a possibility of the remainder of the cost of

said statue being provided for by the Works Progress Administration of the Federal Government; and

Whereas, Mr. Frederick W. Schweigardt has completed a model of a statue typifying the Spirit of Aviation, and glorifying the intrepid acts of the great pioneers of aviation; now, therefore, be it

Resolved, That the Board of Supervisors does hereby approve the erection of said statue upon such property belonging to the City and County as may be available therefor, whenever said statue may be approved by the Art Commission as provided by Charter, and does hereby agree to accept such public contributions as may be made through a citizens' committee to aid in the erection of said statue.

Referred to Education, Parks and Recreation Committee.

Conference With Highway Commission Re Funston Avenue Approach.

At the request of the City Attorney, on behalf of Assistant City Attorney Heidelberg, Supervisor Brown was authorized by the Board to attend a meeting of the Highway Commission, at Sacramento, on Wednesday, April 12, 1939, for further conference regarding the financing of the Funston Avenue Approach to the Golden Gate Bridge.

Protest Against Appropriation by Federal Government of Tidelands Containing Petroleum Deposits.

(Series of 1939)

Supervisor Colman protested against action by Federal Government relative to the establishment of title in the United States to certain submerged lands containing petroleum deposits. Attorney-General Warren is in Washington, in opposition to proposed federal legislation therefor.

After brief presentation of his views thereon, Supervisor Colman presented:

Resolution No. ..., as follows:

Whereas, the Constitution of the State of California, which was adopted by the Constitutional Convention October 10, 1849, and ratified by the people of that State on November 13, 1849, in Article 12 thereof, defines the southern boundary of the State of California to extend "three English miles" into the Pacific Ocean, and the western boundary as running from the most westerly point of said southern boundary "in a northwesterly direction and following the direction of the Pacific Coast, to the forty-second degree of north latitude," and states that within the boundaries of the said State there were included "also all the islands, harbors and bays along and adjacent to the Coast;" and

Whereas, the said western boundary of the State of California, as so defined and described, has been uninterruptedly acquiesced in by the United States of America since September 9, 1850, on which date there was approved by the President of the United States "An Act for the Admission of the State of California into the Union" (see 9 Stats. at Large, chap. L., p. 542); and

Whereas, property interests, both public and private, including Treasure Island, in San Francisco Bay, of enormous value have grown up, in and within the area between low-water mark in the tidal waters of said Pacific Ocean and said western boundary of the State of California along a coast line of more than one thousand miles in length and in the harbors and bays of said coast, during the years intervening since September 9, 1850; and

Whereas, on January 4, 1939, there was referred to the Senate Committee on Public Lands and Surveys of the 76th Congress, First Session, Senate Joint Resolution 24, which is entitled "Joint Resolution relative to the establishment of title of the United States to certain submerged lands containing petroleum deposits," and which states that "all . . . submerged lands below . . . low-water mark and

within (the) three-mile limit lying along the coast of the United States are asserted to be the property of the United States," and directs the Attorney-General of the United States "to assert, maintain, and establish the title and possession of the United States to the submerged lands aforesaid, and all petroleum deposits underlying the same, and to cause and effectuate by proper proceedings the removal and ejection of all persons now or hereafter trespassing upon or otherwise occupying the said submerged lands or removing the petroleum deposits therefrom, without the consent and permission of the United States . . .;" and

Whereas, on February 20, 1939, there was referred to the Committee on Judiciary of the House of Representatives, 76th Congress, First Session, House Joint Resolution 176, entitled "Joint Resolution declaring the conservation of petroleum deposits underlying submerged lands adjacent to and along the coast of California, below low-water mark and under the territorial waters of the United States of America, essential for national defense, maintenance of the Navy, and regulation and protection of interstate and foreign commerce; reserving the same as a naval petroleum reserve, subject to any superior vested right, title, or interest; and authorizing appropriate judicial proceedings to assert, ascertain, establish, and maintain the right and interest of the United States of America in such reserve, and to eject trespassers," which said Joint Resolution purports "in the exercise of the paramount and exclusive powers of sovereignty of the United States," to reserve and set aside as a Naval Petroleum Reserve, any and all petroleum deposits "underlying submerged lands adjacent to and along the coast of the State of California, below low-water mark and under the territorial waters of the United States of America," and would direct the Attorney-General of the United States "to assert, ascertain, establish and maintain the right and interest of the United States in and to such naval petroleum reserve and deposits, and to cause and effectuate by proper judicial proceedings the removal and ejection of all persons now or hereafter trespassing upon or occupying the said submerged lands or removing the petroleum deposits therefrom without any superior right or interest, and without the consent and permission of the United States;" and

Whereas, as early as 1873 the Supreme Court of the United States declared (*Weber* v. *Board of Harbor Commissioners*, 18 Wall. 57, at pp. 65, 66) that: "Upon the admission of California into the Union upon equal footing with the original States, absolute property in, and dominion and sovereignty over, all soils under the tidewaters within her limits passed to the State, with the consequent right to dispose of the title to any part of said soils in such manner as she might deem proper, subject only to the paramount right of navigation over the waters, so far as such navigation might be required by the necessities of commerce with foreign nations or among the several States, the regulation of which was vested in the General government."; and

Whereas, indubitably the area in the Pacific Ocean, and in the harbors and bays along and adjacent to the coast of the State of California, lying between low-water mark and the aforesaid western boundary line of the State of California is not and never has been public land of the United States of America but is and since the date of the Treaty of Guadalupe Hidalgo has been the property of the Territory and State of California (and of such persons other than the United States and the State of California who acquired rights therein from the Republic of Mexico or from the State of California), and there is not and never has been in the United States of America any title to or ownership of said submerged lands except the title of a trustee therein and thereto for the benefit of the future State of California; and

Whereas, the mere assertion by the Congress of the United States of the power purported to be asserted in the aforesaid resolutions necessarily implies that the United States is the owner of said sub-

merged lands, including Treasure Island in San Francisco Bay, and other filled lands, and would inevitably result in what Justice Field, in *Knight* v. *U. S. Land Association*, 142 U. S., at p. 200, called a "frightful unsettlement of titles" along the entire coastal extent of the State of California, and in the harbors, bays, and inlets thereof; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that the passage of the said Joint Resolutions be protested by said Board of Supervisors of the City and County of San Francisco as inimical to the interests of the said City and County of San Francisco, and of the said State of California, and as calculated to result "to the infinite disturbance of its people." (See 142 U. S. at p. 200.)

Referred to Judiciary Committee.

Reconsideration of Policy Re Compensation of Institutional Workers.

Supervisor McGowan referred to declaration of policy re compensation of institutional workers, which he had presented to the Board at its recessed meeting on April 6, 1939, on which action on notice of reconsideration given by Supervisor Mead was pending, and in connection therewith presented a communication from Hospital & Institutional Workers' Union, Local No. 250, M. J. Rowan, Business Agent, agreeing to withdraw the proposal at this time in order to avoid any possible confusion in the minds of the voters on the question of salary standardization.

Reconsideration Granted.

Thereupon, Supervisor Mead, pursuant to notice previously given, moved reconsideration of the entire matter.

No objection and *so ordered.*

Action Rescinded.

Whereupon, on motion by Supervisor Mead, the previous action, whereby the proposed declaration of policy was ordered submitted to the electors on May 19, 1939, was *rescinded* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

Change of Name of Cameron Alley.

Mr. George Chow, secretary of the Chinese Junior Chamber of Commerce, was, at the request of Supervisor Brown, granted the privilege of the floor to present request for change of name of Cameron alley to Old Chinatown. After explanation of the reasons for the requested change of name, the matter was *referred to the Streets Committee.*

Reiteration by Supervisor Colman of His Position on Matter of Submission to the People of Plan No. 8.

Supervisor Colman made a statement regarding the submission to the people at the May 19th election of proposed Charter amendment providing for the authorization of revenue bonds to finance the acquisition or construction of an electric power distribution system. He stated that had he known the matter was to have been considered by the Board at its recessed meeting on April 6, he would have sent a telegram to the Board, expressing his opposition to the submission. However, the matter already having been ordered submitted to the people, he requested the record to state that had he been present at the meeting of April 6th, he would have voted against submission.

Meeting of Redwood Empire Association.

Supervisor Ratto announced a meeting of the directors of the Redwood Empire Association at St. Helena, Friday, April 21, 1939, and, as director, requested the authorization of the Board to attend.

No objection, and Supervisor Ratto's attendance was authorized.

Report on W. P. A. Lay-Offs.

In reply to questions by Supervisor Uhl, Mr. Clyde Healy reported on the situation regarding W. P. A. employments, stating that the reductions of forces, necessitated by lack of funds, amounted to about 2200 so far. However, he felt it to be only a temporary condition, which will be very quickly cleared up by Congress voting additional appropriation of either $100,000,000 or $150,000,000.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:20 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors April 17, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, APRIL 17, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Monday, April 17, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Shannon presiding.

APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of April 6 and April 10, 1939, were considered read and approved.

Report on Transportation Facilities.

Report of Messrs. Ost and Bendel on their recent investigation of street cars, trackless trolleys, gasoline buses, pursuant to motion by Supervisor Uhl, Monday, March 13, 1939.

Report of Messrs. Ost and Bendel.

Pursuant to motion by Supervisor Uhl on Monday, March 13, 1939, Mr. E. G. Cahill, Manager of Utilities, and Mr. Paul J. Ost, General Manager and Chief Engineer, Electric Power Bureau, appeared before the Board. Mr. Cahill presented Mr. Paul J. Ost to the Board, but stated that because of illness, it was impossible for Mr. Bendel to be present.

Thereupon, Mr. Ost read the following report on their recent investigation of street cars, trackless trolleys and gasoline buses.

PUBLIC UTILITIES COMMISSION
CITY AND COUNTY OF SAN FRANCISCO
OFFICE OF MANAGER OF UTILITIES
Mr. E. G. Cahill, Manager of Utilities
City Hall, San Francisco

April 13, 1939.

Dear Sir: Since returning from the East we have given our attention to the preparation of plans and specifications for trolley coaches and street cars. These are now out of the way, in fact, bids are to be received on the trolley coaches on April 14. Specifications for the cars will go out as soon as the mechanical work on them is completed. It is therefore in order for us to make a report on the trip which provided the basic data for the specifications for both equipments.

On January 30, 1939, we submitted a report covering a visit to Los Angeles and San Diego for the purpose of inspecting PCC type street cars. At the end of this report we recommended that we visit the car and equipment manufacturers in the East for the purpose of securing

information necessary to prepare specifications for double-end cars meeting San Francisco's requirements and at the same time get information with relation to trolley buses.

Funds being made available, we left San Francisco on Saturday evening, February 4, on the Overland Limited and reached St. Louis Tuesday morning, February 7. We went immediately to the plant of the St. Louis Car Company, where we discussed the problems incident to double-end construction with the officers and engineers of the company. This company has built all of the 800 PCC cars so far completed and has full size wooden models of both the front and rear ends of the car. Arrangements had been made so that at this plant we met not only the local, but also the factory engineers of the General Electric Company, the Westinghouse Electric and Manufacturing Company, and the Westinghouse Air Brake Company.

The car company's specifications for the standard car were gone over paragraph by paragraph and modifications suggested to secure double-end two-man operation which so far has never been undertaken. Considerable time was spent in discussing double-end control with the electric brake companies' representatives. No conclusion as to what could be furnished was possible until further conferences at the General Electric and Westinghouse plants. The representatives we saw agreed to have their designing engineers give the matter immediate consideration.

Some time was spent in trying to reach a satisfactory arrangement to make the trolley retriever accessible from the inside of the car. The St. Louis Car Company offered to modify the end of the model car for our later consideration.

On the second day the study of the specifications was continued and the specifications for trolley coaches gone into fully.

On the evening of February 8 we left for Pittsburgh, reaching that city early on February 9. We went immediately to the Wilmerding Works of the Westinghouse Air Brake Company and spent the day in conference with the chief engineer and his assistants. This company has designed a Cineston which seemed to possess many of the features required in double end operation. One difficulty which has not been overcome to our satisfaction is its inability to provide for the connection of the main reservoir to the truck brake cylinders while in the "change end" position. This difficulty is not insurmountable and the Westinghouse Air Brake Engineers told us that if we would specify the action which we desired they would modify or add to their Cineston in such a way as to insure the action we wanted.

Some time was spent in discussion of air compressors for the braking system and door operation. We had gone East with the intention of insisting on a unit type compressor with the expectation of being able to save on the maintenance cost at the expense of a little additional weight. Mr. Stuart, chief engineer, who was located in San Francisco for many years and is familiar with our conditions, went into the subject in sufficient detail to convince us that their belt driven air compressor with a built-in anti-ping device, would be equally as cheap to maintain and weigh considerably less than the compressor we had wanted.

As the equipment furnished by the Westinghouse Air Brake Company is closely associated with that furnished by the Westinghouse Electric Company it was agreed that the Air Brake Company engineers would meet with us at the Westinghouse Electric Company's plant on the next day and go further into the matter of control and braking. Consequently, Friday, February 10, was spent at the plant of the Westinghouse Electric and Manufacturing Company in East Pittsburgh where we were shown a complete motor and control equipment for the standard PCC car set up and connected to fly wheels in such a way that it was possible to sit in a dummy motorman's seat and by depressing the pedals accelerate the motors and observe the operation of an ammeter connected into the power circuit. After the motors

have been brought up to a speed equivalent to 35 or 40 m.p.h. relays connected with the accelerating pedal permit a spotting relay to adjust a resistance so that dynamic braking can be applied at any time without shock. The release of the accelerating pedal sets up dynamic braking circuits which the brake pedal puts into operation. After this the kinetic energy in the flywheels was absorbed in a resistance producing heat which is dissipated by the operation of the control resistance cooling blower. The operation of the control was very smooth securing a very low rate of acceleration for the first few seconds after which rates of acceleration varying from 1.25 miles per hour per second to 4.75 miles per hour per second can be had. This variable acceleration is affected through a very ingenious method of changing the tension of the armature retractile spring of the accelerating relay. The design of the equipment is such that after the motors have reached a pre-determined speed with full field, the field is gradually shunted using both indicative and non-indicative shunts. The braking pedal in addition to applying dynamic braking operates a self-lapping service brake valve the effect of which is restrained by a magnet valve until dynamic braking fades to a point below which it is no longer of value, when the air brake shoes are automatically applied to the wheels.

In our Los Angeles report it was stated that the wheels are cushioned with rubber. To use the conventional type of wheel brake in regular service would produce sufficient heat to shorten the life and eventually destroy the rubber in the wheels. This necessitates the use of dynamic brakes in the way described above.

The dynamic brakes are also under the control of the accelerating relay in such a way that the further the braking pedal is depressed the greater the rate of braking. The maximum rate of deceleration with dynamic brakes is 4.75 miles per hour per second. In order to provide braking rates up to 8 or 9 miles per hour per second the brake pedal is designed so that its movement to about three-quarters of its full stroke provides both air and dynamic braking simultaneously. In this position magnetic braking comes into action by means of electro-magnetically operated shoes which are attracted to the head of the rails. The intensity of this magnetic braking is increased by further depression of the brake pedal. Maximum depression of the brake pedal will apply full dynamic, air and magnetic braking simultaneously and in addition cause sand to run on to the rail and balance the doors. This is for use in emergency only.

The PCC cars are fitted with a deadman pedal. The construction of this requires mechanical operation and when operated from the two opposite ends of the car this becomes exceedingly difficult; we suggested the substitution of switches adjacent to both the motorman's and conductor's positions which would open the power circuit and apply the magnetic brakes in case of emergency, thus avoiding the mechanical difficulties incident to the use of the deadman's pedal.

The Westinghouse Electric and Manufacturing Company had in mind a single or double drum type controller as a substitute for the Air Brake Company's Cineston. It was their idea that this device be located under the platform, necessitating pedal operation. To this we objected because with two-man operation the motorman would have nothing whatsoever to do with his hands which would be an uncomfortable and undesirable arrangement. As the Cineston is hand operated, this difficulty would not be encountered were it used. Later conferences with operating officials in Chicago confirmed our belief and we found the Chicago PCC cars were controlled by hand.

One of the big difficulties to overcome with double end operation was the locking of the controls at the conductor's end of the car. Safety demands that the motorman have entire control of the car. This necessitates locking or disconnecting all of the control devices on the opposite end of the car. A lock is embodied in the Cineston. The drum controllers proposed by the Electric Company will either have to have removable operating levers or be blocked in such a way

as to make them inoperative. Considerable discussion was had with relation to how best to accomplish our requirements and definite suggestions were made which would be carried through to completion.

Half a day was spent in discussing safe trolley coach operation on San Francisco's grades. The Westinghouse Company demonstrated that they had motors of ample capacity to operate a 40 seat coach over 14% grade and that they could provide safe dynamic braking up to the limit permitted by the axle builders when operating down hill, this dynamic braking to be available under all conditions and whether trolley power was available or not.

The next morning, Saturday, February 11, we went to the office of the Pittsburgh Railway where we met the president and general manager and vice-president in charge of equipment. This company has been operating PCC cars for two years and has the largest fleet of any property in the country, 200 cars. We went to their Homewood carhouse and shop and saw equipment under repair. We also saw several cars which had been in collision. The Pittsburgh Railway was very well pleased with the performance of these cars. Pittsburgh has a number of hills and finds the cars work very satisfactorily. Some of the minor difficulties which they were having were pointed out and suggestions made which we are including in our specifications. The cars in collision show relatively little damage and can, we think, be relied upon to give a good account of themselves.

Late that afternoon we left for Philadelphia, arriving between 9:00 and 10:00 p. m. The next day, Sunday, February 12, we rode on subways, examined a number of the subway stations, went over the Camden Bridge on trains connecting with the subways and in the afternoon saw some of the City and made a careful examination of one of the Philadelphia Rapid Transit PCC cars of which they have but a few.

On Monday, February 13, we went to the works of the J. G. Brill Company, one of the oldest car manufacturers in the United States. This company has made a light weight, high speed modern car equivalent to the PCC car in every way but employing entirely new design. We discussed some of our problems with the chief engineer and his staff. The difficulties of San Francisco operations would involve considerable change in the Brill Company's designs. The motor and control equipment which they use is the same as that furnished for PCC cars, therefore, the work we did at the Westinghouse plants will be applicable to the Brill cars.

The Brill Company's new car has been used at Atlantic City and instead of being termed PCC, is called "Brilliner." In the afternoon we drove to Atlantic City, going to the carhouse of the street railway. There we inspected the Brilliner, being able to get under it to see the trucks, motors, and control equipment, and made a round trip ride during the rush hours. This car created a very favorable impression. We returned to Philadelphia that night.

Tuesday, February 14, we spent at the Brill plant going over car specifications making notes of necessary changes from the standards. We also went over the specifications for trolley coaches and in the shop examined a number of trolley coaches under construction. As the Brill plant manufactures car and bus seats, we spent some time in this part of the shop.

In the late afternoon we went to the Electric Service Supply Company's plant in Philadelphia for the purpose of seeing the latest designs in street car lighting devices. We also inspected headlights, tail lights, run number signs, destination signs, signal systems and electric gongs, all of which are manufactured by this company. At 5:20 p.m. left for New York City.

Wednesday, February 15—The first thing in the morning went to the office of the Transit Research Corporation. This corporation was formed to carry through the engineering and administrative details of bringing out the PCC car. A good many questions in connection

with the PCC car were discussed with the managing director. This occupied until 3:30 p.m. when we left to catch the 4:10 train for Worcester, Mass.

Thursday, February 16—The Pullman-Standard Car Manufacturing Company, a subsidiary of the Pullman Company, maintains their street car building plant at Worcester. At the time we were there, they were building 41 PCC cars for Baltimore and a number of trolley coaches for the same City. We were able to see both cars and buses in all but the latest stages of construction. This plant is a very complete one and many of the details of design and construction were considerably different from those of the St. Louis Car Company and the Brill Co. The afternoon was spent with the chief engineer in going over car and trolley coach specifications.

We were also able to contact the Heywood-Wakefield Seat Company, manufacturers of all kinds of seats for steam and electric cars and coaches. At this place we found a seat which admirably fits our requirements. With the double end car it is necessary to reverse the seats. The ordinary reversible seat is not only extremely heavy but also relatively uncomfortable and there is no way to avoid this unsatisfactory situation. The Heywood Company had on display a revolving seat which weighs very little more than the standard PCC seat and has all of its comfort and convenience. That night we left for Erie, Pa.

Friday, February 17—Arrived at Erie at 9:30 a. m. At this place the General Electric maintains its railway engineering staff and railway factory. In anticipation of our arrival they had set up a compound wound trolley coach motor and control. This we were able to operate in such a way as to secure acceleration, speed control and dynamic braking, all of which worked very smoothly.

Following this the subject of trolley coach motors and control was gone into in detail. The General Electric Company manufactures three different types of motors for trolley coach service. None of the controls which they offered met our requirements as dynamic service braking was not available on either the two series motor equipment or the single series motor equipment and while it could be had on the single compound wound motor, it was not of a type which would permit what we consider safe operation down our heavy grades. The reason that we considered it unsafe was that the opening of a substation circuit breaker, the opening of the line breaker on the bus, or a dewirement makes the dynamic braking inoperative. For the driver to lose the major part of the retarding effect on a down grade would be disconcerting if not dangerous. We discussed the economy of operation of the double series, single series and single compound wound motors, and find a relatively wide difference. This must be taken into consideration in evaluating bids on any motors for the trolley coaches.

Mr. Bendel left for Cleveland at 8 p. m. to see the engineers of the White Company who have made a considerable number of the motor coaches in use on the Municipal Railway. These coaches are better suited to our San Francisco service than any which we saw operating in the level cities in the East.

Saturday, February 18—Mr. Ost had a conference with the General Electric engineers on the control of the PCC cars. On the previous afternoon both of us had been shown the General Electric PCC car control in operation. This accomplishes approximately the same results as the Westinghouse Company's control but with an entirely different mechanism. The General Electric engineers desired to retain their standard PCC control and in order to avoid the mechanical difficulties incident to double end operation, proposed the use of a hydraulic system involving master and slave cylinders. One master and one slave cylinder had been set up in the shop and operated satisfactorily However, with the use of two master and one slave

cylinders, hydraulic and pneumatic problems were created, some of which might be sufficient to cause failure under certain conditions. The General Electric Company desiring to stay with the hydraulic system, proposed to consult the engineers of the Bendix Corporation with a view to clearing these troubles. The General Electric proposal covered the use of pedals rather than hand controls and these devices do not meet our requirements. Also the matter of locking or enclosing the controls at the rear of the car presents many difficulties.

Mr. Bendel at Cleveland discussed with the mechanical engineering force of the White Company some minor problems of maintenance and repair incident to operating the White Company equipment. The information obtained will be very valuable in taking care of our equipment. From Erie and Cleveland we went to Detroit which was reached between 7 and 8 p.m.

No street cars operate in downtown Detroit after 7:50 p.m. on weekdays and none on Sunday, when all the local transportation is provided by Ford buses. Up to 7:50 p.m. when the real business of the day is being handled, street cars do the work. The number of buses in use was rather astonishing and we noted that they were crowded in a way which would not be accepted in regular service at off peak hours by the people of San Francisco.

Sunday, February 19—This day it rained harder than we ever saw it rain in San Francisco; consequently we stayed in the hotel until 4:50 p.m. when we left for Battle Creek, Michigan.

Monday, February 20, we visited the plant of the Clark Equipment Company at Battle Creek. This plant has made all of the trucks used under the more than 800 PCC cars and at the time we were there it was in the process of manufacturing trucks for 50 cars for Baltimore and Washington. We saw the trucks in all but the final stages of fabrication. The plant is a modern one with the latest equipment and there can be no question that the trucks they are turning out are workmanlike in every respect. We met the engineers of one of the large rubber companies who made the rubber insulation and rubber spring equipment used on the PCC trucks. From him it was possible to gain considerable information with relation to the operation of the rubber parts with the heavier loading which we will put on the Clark trucks. It was his unqualified statement that we need fear no unsatisfactory results. We also inspected the new three unit light weight subway car being completed for the B.M.T. of New York City.

We left Battle Creek at 2:45 p.m. and reached Chicago in time to watch the late peak hour operation of trolley cars and buses in the downtown district. Both street cars and motor buses operate on State Street. The street cars seem to be carrying the major part of the load although the motor coaches were taking up a greater portion of the street surface. At times we saw from 4 to 6 coaches in a block going in the same direction. These materially interfered with the smooth operation of private vehicles as traffic congestion forced them to make several stops in the block in addition to the stop at the street crossing to pick up passengers. Street cars were making much higher schedule speed than the coaches.

Tuesday, February 21—We called on the engineer of the Chicago surface lines responsible for PCC car operation and construction. We discussed with him various features of car operation and construction and learned that the City of Chicago will soon purchase about 1200 cars which will differ very little from those which we propose for San Francisco. These will be longer and wider than the PCC car with doors at both ends and arranged for double end operation with two men. From this engineer we also secured data with relation to trolley coach operation which has been quite successful in some of the outlying districts of Chicago.

In the afternoon we visited the manufacturers of much of the lighting equipment built into the PCC cars. This firm has a very fine

lighting laboratory and demonstrated the latest equipment which they have devised for trolley coach and car use. At 4:50 p.m. we left for St. Louis.

Wednesday, February 22—We went to the plant of the St. Louis Car Company and finished up details of specifications which we were unable to do when first there because of lack of information from the motor and control manufacturers. During our absence the car company had rearranged the mock of the car to show what could be done with relation to opening the end sashes to make the trolley retriever and rope accessible. Their latest specifications for trolley coaches meeting our requirements were handed to us and specifications for street cars embodying the latest in motor control equipment meeting our requirements were in course of preparation.

We left for San Francisco early in the afternoon, reaching San Francisco at 9:30 p.m. Friday, February 24, having been gone for 20 days. Enroute West we consolidated the data which we had gotten and prepared rough drafts of portions of the specifications.

The expenditure for the two of us for the 20 day trip was $746.31. This included $409.30 for railway and pullman fares and $337.01 for meals, hotels, taxis and all other expenses. Our formal accounting, together with a reimbursement check for $1,253.69 equalling the $2,000.00 advance from the Controller, was submitted on March 1.

Respectfully submitted,

PAUL J. OST,
General Manager and Chief Engineer,
Electric Power Bureau.

W. C. BENDEL,
Master Mechanic, Municipal Railway.

Chair ordered the report received and filed.

Discussion.

Following the reading of the foregoing report, Supervisor Uhl questioned Mr. Ost as to his observations regarding trackless trolley coach operations, to which Mr. Ost replied briefly that he observed no trackless trolleys in St. Louis or Pittsburgh, and did not know of any such operation in Cleveland, Detroit or Battle Creek. However, he did observe their operation in Philadelphia, inside the city, and in New York and Chicago in the outlying districts. Mr. Ost then reported that such observations as he had made were contained in the report just read; he and Mr. Bendel had been commissioned to perform a special duty or investigation, and had not made any intensive investigation beyond the scope of their assignment.

Supervisor Colman stated to the Board that the reading of the report by Mr. Ost demonstrated that, as far as he was concerned, it proved that the Board was not equipped to handle such technical problems. Supervisor Colman considered the matter of transportation was in the right hands and that the Board of Supervisors had not the background, the knowledge or the education along lines to enable it to reach an intelligent decision as to the best type of street cars for San Francisco.

Supervisor Mead expressed agreement with the opinion advanced by Supervisor Colman.

In reply to questioning by Supervisor McSheehy, Mr. Ost stated that bids for trolley coaches had been received, ranging from $13,190 highest bid, to $12,345, lowest bid. The estimated cost had been $14,000. The Public Utility Commission's estimate for the cost of trolley cars was $22,000 to $22,500. However, no bids have yet been received, and accordingly the cost to the City for cars cannot yet be determined.

Replying to further questioning by Supervisor McSheehy, Mr. Ost recited the intentions of the Public Utility Commission regarding pro-

posed service on Van Ness Avenue South, stating that $228.000 had been appropriated. That appropriation was intended to cover the purchase of nine trackless trolley coaches (with an option for the purchase of three additional coaches). The appropriation included, also, an estimated amount of $84,000 for the rehabilitation of the street, the installation of trolley wires, connection with the 17th street car barns, etc., for the inauguration of the contemplated service.

Supervisor McSheehy, in reply to Mr. Ost, contended it was a waste of public funds to rehabilitate Van Ness Avenue South, holding such rehabilitation to be the obligation of the Market Street Railway Company.

Supervisor McGowan, pursuant to remarks by Supervisor McSheehy, complimented the Public Utilities Commission on its operation of the Municipal Railway.

Shipbuilding on the Pacific Coast.

Supervisor Uhl, immediately on the conclusion of the foregoing discussion, on being granted permission to take up the matter of shipbuilding on the Pacific Coast out of order, presented the following resolution:

U. S. Maritime Commission Requested to Promote Shipbuilding in Pacific Coast Yards.

(Series of 1939)

Resolution No. 233, as follows:

Whereas, an effective application of a national program of building and maintaining a navy second to none calls for the establishment of an efficient fleet on the Pacific Coast; and

Whereas, a large naval program calls definitely for the availability of adequate shipyards well distributed geographically to meet naval needs in time of war; and

Whereas, the Pacific Coast is greatly lacking in shipyard facilities; and

Whereas, the Pacific Coast private ship yards can only be rehabilitated by new ship construction on continuity program and in the initial stages of rehabilitation these yards need every available assistance from the Government; and

Whereas, the Maritime Commission has expressed its desire to award contracts to Pacific Coast yards as soon as such Pacific Coast yards were available and qualified; and

Whereas, such West Coast yards are now ready, willing and able to take contracts on C-1, C-2 and C-3 type vessels; and

Whereas, it is highly desirable to develop ship building facilities on the Pacific Coast immediately; and

Whereas, a delay of months in offering contracts to those Pacific Coast yards now available might be disastrous from a standpoint of National defense; and

Whereas, the 1936 Maritime Act mandates for national defense and the amended act of 1938 provides specifically in Section 502F a method to allow the Maritime Commission to make awards to Pacific Coast ship builders with the approval of the President for national defense; now, therefore, be it

Resolved, That the Clerk is hereby directed to address the Maritime Commission asking them to make available immediately specifications on the "C" type ships and that the Commission be further requested to make every effort to allocate not less than 25 per cent of all future ship building to Pacific Coast yards due to the urgencies of national defense; and be it

Further Resolved, That if, after sufficient opportunity, private industry is unable to supply adequate facilities, the Maritime Commission be requested to establish Government ship yards wherever needed.

Privilege of the Floor.

Dr. Howard McKinley and Captain Stern, on being granted the privilege of the floor by motion of Supervisor Uhl, explained in detail, the resolution offered and urged its adoption.

Adopted.

Thereupon, the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Adopted.

During consideration of the foregoing resolution Supervisor McSheehy presented the following resolution, which was *adopted* by the following vote:

Memorializing Congress and Senate to Authorize Government Purchase and Development of Hunter's Point Dry Dock.

(Series of 1939)

Resolution No. 228, as follows:

Whereas, press reports are to the effect that Chairman Vinson (Democrat, Georgia), of the House Naval Affairs Committee, on the recommendation of a special naval board, asked Congress on April 13, 1939, to authorize government purchase and development of the Hunter's Point drydock property on San Francisco Bay; and

Whereas, the location of a drydock for the repair of the Fleet at Hunter's Point would be most advantageous from an economical as well as a strategic military standpoint in case of war; and

Whereas, the cost of acquisition of Hunter's Point Dry Dock would be nominal and to the mutual benefit of the United States Government and local industry; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby memorialize the Congress and the Senate of the United States to expedite the passage of legislation looking to the ultimate use of the facilities of Hunter's Point Dry Dock for immediate repairs to tonnage on Pacific waters; and be it

Further Resolved, That Senators Hiram W. Johnson and Sheridan Downey, and Congressmen Rirchard J. Welch and Franck R. Havenner be respectfully requested to add the weight of their arguments in favor of this meritorious measure.

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Adopted.

Supervisor Uhl presented the following resolutions, which were *adopted* by the following vote:

Memorializing Congress to Enact Inter-Coastal Shipping Subsidy H. R. Bill 1010.

(Series of 1939)

Resolution No. 232, as follows:

Whereas, the American Legion, at its 1938 National Convention, went emphatically on record as favoring inter-coastal shipping; and

Whereas, vast differences in cost of materials and labor, which are essential in order to maintain American living standards, make it impossible for American shipping, unaided by Government, to maintain fast inter-coastal service between the two coasts of our nation. There formerly was granted by the Congress, therefor, a mail subsidy to fast inter-coastal boats (boats having a speed of 16½ knots or more). This subsidy was removed by the 1936 Maritime Act under the theory that inter-coastal shipping was protected by law from competition. Subsequent events have demonstrated such operation to be impossible without subsidy.

Whereas, the fast ships which were formerly engaged in the inter-coastal service were of great importance to the Navy because of their size, speed, and immediate availability as Naval Auxiliary vessels in time of war; and

Whereas, these ships can only be restored to inter-coastal operation by a return of the subsidy formerly paid them, and

Whereas, there is now pending before the Congress HR 1010 (Welch) which would make available a subsidy to inter-coastal vessels which are determined by the United States Navy to be, in fact, potential naval auxiliary vessels; now, therefore, be it

Resolved, That this Board of Supervisors does urge upon the Congress the immediate enactment of HR 1010.

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Urging President to Appoint to Maritime Commission a Member From the Pacific Coast.

(Series of 1939)

Also, Resolution No. 231, as follows:

Whereas, according to the policy adopted by the Congress of the United States, the American Merchant Marine is essential for the national development and protection of our commerce; and

Whereas, the United States Maritime Commission, a body of five members appointed by the President of the United States, is in direct control of all the Merchant Marine, coastwise, inter-coastal and off-shore shipping of our country; and

Whereas, the Pacific Coast is one of our country's national maritime units directly controlled by the actions and regulations of the Commission; and

Whereas, during the year 1936, the maritime commerce of the Pacific Coast, including coastwise, inter-coastal and foreign, amounted to a grand total of 94,101,236 tons, with a value of $3,474,674,316; and

Whereas, as many of the problems affected in the commerce and our shipping require familiarity and understanding through contact and association as they concern and relate to the Pacific Coast and Pacific Ocean Area; and

Whereas, the United States Maritime Commission, as now constituted, does not include a member from the Western Area with that specialized knowledge; now, therefore, be it

Resolved, That this Board of Supervisors does urge upon the President of the United States the vital importance and necessity for appointing a representative of the Western Area as a member of the United States Maritime Commission, whose background and training give him an intimate personal knowledge of these problems.

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Authorizing Sale of City Land in Assessor's Block 4008.

(Series of 1939)

Bill No. 124, Ordinance No. 122, as follows:

Authorizing sale of City land in Assessor's Block 4008.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Board of Education, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned real property situated in the City and County of San Francisco, State of California:

Commencing at a point on the easterly line of Rhode Island street, distant thereon 150 feet southerly from the southerly line of Mariposa street; running thence southerly along the easterly line of Rhode Island street 100 feet; thence at a right angle easterly 200 feet to a point on the westerly line of De Haro street; thence at a right angle northerly along last-named line 100 feet; thence at a right angle westerly 200 feet to the easterly line of Rhode Island street and the point of commencement.

Section 2. The above described land shall be sold as a whole or subdivided pursuant to the provisions of Section 92 of the Charter of the City and County of San Francisco.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Authorizing Sale of City-Owned Land in Assessor's Block 4221-A.

(Series of 1939)

Also, Bill No. 125, Ordinance No. 123, as follows:

Authorizing sale of City-owned land in Assessor's Block 4221-A.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Board of Education, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned land situated in the City and County of San Francisco, State of California:

Commencing at a point on the easterly line of Arkansas street, distant thereon 141 feet 6 inches southerly from the southerly line of Twenty-third street; running thence southerly and along said line of Arkansas street 150 feet; thence at a right angle easterly 200 feet to the westerly line of Connecticut street; thence at a right angle northerly along said line of Connecticut street 150 feet; thence at a right angle westerly 200 feet to the point of commencement.

Being part of Potrero Nuevo Block No. 226.

Section 2. The above described land shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Authorizing Sale of City Land in Lot 1, Assessor's Block 6113.
(Series of 1939)

Also, Bill No. 126, Ordinance No. 124, as follows:

Authorizing sale of City land in Lot 1, Assessor's Block 6113.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned land situated in the City and County of San Francisco, State of California:

Commencing at a point on the southeasterly line of Woolsey street, distant thereon 90 feet southwesterly from the southwesterly line of Dartmouth street; running thence southwesterly along the southeasterly line of Woolsey street 30 feet; thence at a right angle southeasterly 100 feet; thence at a right angle northeasterly 30 feet; thence at a right angle northwesterly 100 feet to the point of commencement.

Being a portion of Block No. 60, University Mound Tract Survey.

Section 2. The above described land shall be sold or traded in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Creating War Memorial Reserve Fund.
(Series of 1939)

Also, Bill No. 127, Ordinance No. 125, as follows:

Creating a reserve to be known as the War Memorial Reserve for the purpose of providing funds for the necessary improvements, additions and reconstruction and replacements due to physical and functional depreciation, to either the Opera House or the Veterans Building, and appropriating the funds therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby created within the War Memorial Fund a reserve to be known as the War Memorial Reserve for the purpose of providing funds for necessary improvements, additions and reconstruction and replacements due to physical and functional depreciation, to either the Opera House or the Veterans Building.

Section 2. There shall be appropriated out of the revenues derived from the use of the Opera House and the Veterans Building for the fiscal year 1939-1940 and for each ensuing fiscal year an amount equal to 15 per cent of said annual revenues.

Section 3. Said 15 per cent of said revenues shall be paid into said reserve and shall be used exclusively for the purposes recited in Section 1 hereof and the Board of Trustees of said War Memorial shall have full power and authority to determine the character and the nature of the improvements, additions and reconstruction and replacements due to physical and functional depreciation, to be made from said reserve.

Section 4. Balances remaining in said reserve at the close of any fiscal year shall have been deemed to have been provided for a specific purpose within the meaning of Section 80 of the Charter and shall be carried forward and accumulated in said reserve for the purposes

herein recited, provided that in no event shall the total amount in said reserve exceed $25,000.

Approved as to form by the City Attorney.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Final Passage.

The following recommendations of Streets Committee, heretofore passed for second reading, were taken up:

Creating Underground District, Townsend Street Between The Embarcadero and Fourth Street.

(Series of 1939)

Bill No. 128, Ordinance No. 126, as follows:

Creating Underground District, Townsend street between The Embarcadero and Fourth street, an ordinance designating Underground District No. 97, Townsend street between The Embarcadero and Fourth street.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. An additional district within which it shall be unlawful to maintain poles and overhead wires, except trolley poles and wires, after the improvement by physical widening of Townsend street between The Embarcadero and Fourth street, is hereby designated, to-wit:

Underground District No. 97, Townsend street between The Embarcadero and Fourth street.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Ordering the Improvement of Portions of Thirty-second Avenue (Easterly One-Half) Between Moraga and Noriega Streets.

(Series of 1939)

Also, Bill No. 129, Ordinance No. 127, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the Assessment District, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors, March 27, 1939, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be

paid in ten (10) installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of portions of:

Thirty-second avenue (easterly one-half), between Moraga street and Noriega street. By grading to official line and grade and by the construction of the following:

Item No.	*Item*
1	Asphaltic concrete-rock sub-base pavement, consisting of a 6-inch compacted rock sub-base, a 4-inch asphaltic concrete base and a 2-inch asphaltic concrete wearing surface.
2	Unarmored concrete curb.
3	6-inch vitrified clay pipe side-sewers.
4	Water services.

The Assessment District hereby approved is described as follows:

Within the exterior boundary of all those certain lots delineated, designated, and numbered, respectively, as:

Block 2018, Lots 3, 4, 4A, 4B, 4C, 4D, 4E, 5, 6, 7, 8, 9, 10, 11, 12 and 13; all being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Accepting the Roadway of Taraval Street Between Twelfth Avenue and Montalvo Avenue.

Final Passage.

The following recommendation of the Public Welfare Committee, heretofore passed for second reading, was taken up:

Providing for and Regulating the Granting of Relief to Non-Resident Indigents.

(Series of 1939)

Bill No. 123, Ordinance No. 121, as follows:

Providing for the granting of emergency relief to dependent non-residents of the City and County of San Francisco, defining certain

terms used in this ordinance, determining the amount and character of relief which may be granted to dependent non-residents and authorizing the Public Welfare Commission to administer said relief and to make rules and regulations regarding the granting of said relief and to incur, on behalf of the City and County of San Francisco, the cost of transporting non-resident indigents to another county or state.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A "non-resident" of the City and County of San Francisco, as used in this ordinance, shall mean any person within the said City and County who does not possess all of the qualifications, and who does not come within all of the descriptions contained and specified in Sections 2555 and 2556 of the Welfare and Institutions Code of the State of California.

The term "emergency relief" as used herein shall mean such relief as, in the judgment of the Director of Public Welfare, may be necessary to relieve the immediate needs of any dependent non-residents.

Section 2. The Board of Supervisors of the City and County of San Francisco does hereby select and designate the Public Welfare Commission of the City and County of San Francisco as its agency for the giving of emergency relief to dependent non-residents in the City and County of San Francisco, and said Public Welfare Commission is hereby authorized and empowered to make such rules and regulations for the giving and granting of said relief, and for the administration thereof, and to determine the conditions under which said relief may be granted or under which said relief may be refused.

Section 3. Said Public Welfare Commission shall not grant any emergency relief to any dependent non-resident of the City and County of San Francisco for a period longer than sixty (60) days except as hereinafter provided; provided, however, that in the case of the illness of any dependent non-resident, or of any member of his or her immediate family, the Public Welfare Commission may extend the granting of said relief to said dependent non-resident for a further period of not more than thirty (30) days.

Section 4. Whenever the Public Welfare Commission shall ascertain that a dependent non-resident is within the City and County of San Francisco and has a place of residence in any other county in the State of California, or in any other state, the said Public Welfare Commission may, in its discretion, provide the necessary funds to return said dependent non-resident to the place of his or her residence; and in cases where any dependent non-resident has relatives or friends residing in another county or in another state who are willing to provide for the care of said dependent non-resident, the Public Welfare Commission may, in its discretion, incur the necessary expense of transporting said non-resident dependent to such place as he or she may be cared for.

Section 5. The Director of Public Welfare may, without the consent of the Public Welfare Commission, grant emergency relief to dependent non-residents as in this ordinance provided for a period of not exceeding ten (10) days when it is not practicable for the Public Welfare Commission to determine the absolute necessity for said relief; provided that the Director of Public Welfare shall make a report to the Public Welfare Commission at its meeting following the granting of said relief, of any relief so granted, and no further relief shall be granted to said non-resident, without the approval of the Commission.

Section 6. Any dependent non-resident who was, on the 15th day of March, 1939, receiving emergency relief through the Board of Supervisors of the City and County of San Francisco or through the Public Welfare Commission thereof, may, if the conditions on which the allowance of said relief was made have not changed, continue to receive said relief through the agency of the Public Welfare Commission until

the 1st day of September, 1939, and the Board of Supervisors does hereby declare that said persons, as long as the conditions on which the granting of said relief were based have not changed, are entitled to emergency relief pursuant to the provisions of Section 2501 of the Welfare and Institutions Code, to and until the 1st day of September, 1939, at which time it is presumed that due provisions will have been made by the Federal Government or by the government of the State of California for the care of non-residents who are entitled to emergency relief.

Section 7. The Public Welfare Commission shall make monthly reports to the Board of Supervisors showing the amount of relief granted to dependent non-residents and the character thereof, as well as all expenditures incurred by the said Public Welfare Commission in transporting dependent non-residents to their places of residence or to other places where they may be cared for.

Discussion.

Supervisor McSheehy presented a communication from W. P. Shields, Secretary, Labor Unions Unemployed Council, transmitting suggested amendments to Sections 3 and 6 of the foregoing bill, and requested the privilege of the floor for Mr. Shields to explain his suggested amendments.

Privilege of the Floor.

Thereupon, Mr. Shields, on being granted the privilege of the floor, presented the following suggested amendments, explained them at length, and urged their approval by the Board:

Proposed Amendment to Section 3.

Mr. Shields requested that Section 3 be amended to read as follows:

"Section 3. Said Public Welfare Commission may grant emergency relief to any dependent non-resident of the City and County of San Francisco for a period of 60 days, or until such time as proper legal residence is determined or established, and arrangements for return have been completed; provided, however, that in the case of illness of any dependent non-resident, or of any member of his or her immediate family, the Public Welfare Commission may extend the granting of said relief to such dependent non-resident for a further period of not more than 30 days."

Proposed Amendment to Section 6.

Also, Mr. Shields requested that Section 6 be amended to read as follows:

"Section 6. Any dependent non-resident who was, on the 15th day of March, 1939, receiving emergency relief through the Board of Supervisors of the City and County of San Francisco, or through the Public Welfare Commission thereof, may, if the conditions on which the allowance of said relief was made have not changed, continue to receive said relief through the agency of the Public Welfare Commission until the 1st day of September, 1939, and the Board of Supervisors does hereby declare that said persons, as long as the conditions on which the granting of said relief were based have not changed, are entitled to emergency relief pursuant to the provisions of Section 2501 of the Welfare and Institutions Code, to and until the 1st day of September, 1939, or until such time as due provisions have been made by the Federal Government or by the Government of the State of California for the care of non-residents who are entitled to emergency relief."

Dr. Jacques Gray, Director of Public Welfare, on being questioned by Supervisor Ratto, opposed the adoption of the foregoing amendments, stating they would make it permissive for granting of relief for an indeterminate period of time.

Supervisor Uhl expressed opposition to amending the recommendation of the Public Welfare Commission, stating that the bill emanated from that Commission, and before any amendments should be agreed to, he felt it should be re-referred to that Commission for its recommendation.

Thereupon, Mr. Shields presented, as further argument for adoption of his proposed amendments, the following communication:

CALIFORNIA STATE RELIEF ADMINISTRATION
180 New Montgomery Street, San Francisco, California

April 12, 1939.

Mr. Warren Shannon, Board of Supervisors,
City Hall, Civic Center, San Francisco, California.

My Dear Sir:

We are writing at the request of Mr. W. P. Shields to inform you that the Act for Unemployment Relief under which we operate specifically precludes us from being able to assist in any way, any person classified as unemployable.

If, therefore, your proposed ordinance concerning emergency relief to dependent non-residents, passes, there will be a large group of clients who will be ineligible to any type of care from any existing agency. We would like to call your attention to the fact that this group would include many people who may not qualify under the Public Welfare Act, but at the same time have been in the State of California for several years and have lost residence in any other state; they have not gained residence in California because of technicalities in the California laws pertaining to residence.

The State Relief Administration is greatly concerned since it is felt that this situation will be deleterious both to the people involved and to the community. We sincerely hope that this problem may be solved in another manner.

Yours very truly,
GRANT FRIEL,
Acting Deputy Administrator.

Miss Amelia Baer, of the American Association of Social Workers; Mrs. Florence Haviland, representing herself as a woman voter; Mr. Milano Rispoli, of the Italian Board of Relief of San Francisco, and Miss Eunice Martin, representing the Inter-Professional Association, all expressed opposition to final passage of the proposed bill.

In Hands of the Board.

On motion by Supervisor Uhl, the matter was taken into the hands of the Board.

Supervisors Uhl, McGowan and Brown expressed themselves as in sympathy with those whose conditions necessitated relief, but felt that the ordinance should be finally passed as presented.

Motion for Reference to Joint Committee.

Supervisor McSheehy, seconded by Supervisor Mead, moved that the entire matter be referred to a joint committee, composed of the Public Welfare Committee and another committee to be designated by the President, to be reported back to the Board at its next meeting and made a special order of business at 3 p. m.

Motion Failed.

Following objection to re-reference to Committee made by Supervisors Colman and Brown, who held that the matter had been thoroughly discussed and all objections thereto had received due con-

sideration, the roll was called and the foregoing motion *failed* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Shannon—4.
Noes—Supervisors Brown, Colman, McGowan, Ratto, Roncovieri, Schmidt, Uhl—7.

Proposed Elimination of Section 3.

Supervisor Uhl expressed himself as feeling that Section 3 would permit anyone who had lost residence elsewhere to come to San Francisco and obtain relief for a period of possibly ninety days, to which he was opposed, although he was agreeable to providing relief for a limited period of time to those people already here, and accordingly moved that Section 3 be deleted.

Motion *failed* by the following vote:

Aye—Supervisor McSheehy—1.
Noes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Amendment to Section 6.

The roll was then called on proposed amendment to Section 6, which *failed* by the following vote:

Ayes—Supervisors McSheehy, Shannon—2.
Noes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Final Passage.

Thereupon, the roll was again called and the recommendation of the Public Welfare Committee was *finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.
Noes—Supervisors McSheehy, Mead—2.

Notice of Reconsideration.

Before the result of the foregoing vote was announced, Supervisor McSheehy changed his vote from "No" to "Aye" and gave notice of reconsideration at the next meeting of the Board.

Suspension of the Rules for the Purpose of Immediate Reconsideration.

Thereupon, Supervisor Brown moved for suspension of the rules for the purpose of Immediate reconsideration, which *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
Noes—Supervisors McSheehy, Mead, Shannon—3.

Reconsideration Refused.

Whereupon, the roll was again called and reconsideration was *refused* by the following vote:

Ayes—Supervisors McSheehy, Mead—2.
Noes—Supervisors Brown, Colman, McGowan, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Reconsideration having been denied, the vote on final passage of the foregoing ordinance stood as follows:

Ayes—Supervisors Brown, Colman, McGown, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.
No—Supervisor Mead—1.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned real property situated in the County of Alameda, State of California:

Commencing at an iron pipe monument set in the southerly line of a 40-foot road known as Pleasanton avenue at its intersection with the westerly line of the 50-foot strip of land of the City and County of San Francisco extending approximately north and south as described in Parcel 71, Alameda County Lands, in deed to City and County of San Francisco by Spring Valley Water Company dated March 3, 1930, and recorded in the office of the County Recorder of Alameda County, March 3, 1930, in Liber 2350 of Official Records at page 1, said monument marking the northeast corner of the 26.064-acre tract of land conveyed to Helena C. Busch, et al., by Spring Valley Company, Ltd., by deed dated May 11, 1936, and said monument being distant along said southerly line of Pleasanton avenue north 89 degrees 30 minutes east 1,566.27 feet from the intersection of said line with the northeasterly line of right of way of the Southern Pacific Company (San Ramon Branch); running thence from said point of commencement along the westerly line of said 50-foot strip of land north 0 degrees 19 minutes east 20.00 feet to the center line of said Pleasanton avenue; thence along said center line north 89 degrees 30

minutes east 50.01 feet to its intersection with the easterly line of said 50-foot strip of land; thence along said easterly line south 0 degrees 19 minutes west 20.00 feet to a 6-inch cast iron pipe monument on the southerly line of Pleasanton avenue at the northwest corner of the 19.252-acre tract of land conveyed to Helena C. Busch, et al., by Spring Valley Company, Ltd., by deed dated November 29, 1930; thence along the common boundary line between said last-mentioned tract of land and said 50-foot strip of land of the City and County of San Francisco south 0 degrees 19 minutes west 1,496.17 feet to the northeasterly line of right of way of the Southern Pacific Company (San Ramon Branch); thence along said right of way line north 47 degrees 20 minutes west 67.66 feet; thence along the common boundary line between the first hereinabove mentioned 26.064-acre tract of land conveyed to Helena C. Busch, et al., and the 50-foot strip of land of the City and County of San Francisco north 0 degrees 19 minutes east 1,449.88 feet to the point of commencement.

Containing 1.714 acres.

Section 2. The above described land shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco, subject to the following reservations and conditions:

1. In order that connections can be made between the remaining portions of the 100-foot and 50-foot strips of land known as the Strips of Land for Pleasanton Wells of the City and County of San Francisco, the City hereby reserves a right of way easement to lay, relay, construct, reconstruct, maintain, operate, patrol, repair, renew, replace, remove, increase and/or change the number and size of pipes, pipe lines, conduits and/or connections, appurtenances and appliances for the conveyance, distribution, supply and/or sale of water and to construct, reconstruct, operate, patrol, repair, renew, replace, remove, increase and/or change the number of electric transmission lines and/or telephone lines, consisting of wires supported on poles, with the usual and necessary fittings and appurtenances thereto, along and/or across the hereinabove described 50-foot strip of land extending northerly from the northeasterly line of the right of way of the Southern Pacific Company (San Ramon Branch) to the center line of Pleasanton avenue.

2. There is also hereby expressly reserved unto the City, its successors and assigns, as against the parcel of land hereinabove described, all water which may or might flow in any stream or water course to which said land or any portion thereof is or may be riparian; and the right to withdraw, drain and divert to any point such water from any such stream or water course at any point above or below said land; also the right to take by pumps or other means located on any lands other than the parcel of land hereinabove described, from the subterranean strata underlying said parcel of land, such water as it may now or hereafter desire for use or disposal either upon such lands or elsewhere. However, the grantee, subject to the foregoing paramount rights of the City, its successors and assigns, shall have the right to sink a well or wells on said parcel of land and to use the water therefrom on said parcel of land, but the said water shall not be used or disposed of for use elsewhere by the grantee.

3. Subject to the reservations of the Spring Valley Water Company as set forth in Parcel 71, Alameda County Lands in the hereinabove mentioned deed from the Spring Valley Water Company to the City and County of San Francisco.

Changing and Re-Establishing Grades on First Street Between Harrison and Bryant Streets.

(Series of 1939)

Also, Bill No. 142, Ordinance No. ....., as follows:

Changing and re-establishing the official grades on First street between Harrison and Bryant streets.

Whereas, the Board of Supervisors, on the written recommendation of the Director of Public Works, did on the 20th day of February, 1939, by Resolution No. 108 (Series of 1939) declare its intention to change and re-establish the grades on First street between Harrison and Bryant streets.

Whereas, said resolution was so published for two days, and the Director of Public Works within ten days after the first publication of said resolution of intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than thirty days have elapsed since the first publication of said resolution of intention; therefore,

The following recommendation of the Judiciary Committee was taken up:

Protestation of the Establishment of Title of the United States to Certain Submerged Lands Containing Petroleum Deposits.

(Series of 1939)

Resolution No. 223, as follows:

Whereas, the Constitution of the State of California, which was adopted by the Constitutional Convention, October 10, 1849, and ratified by the people of that State on November 13, 1849, in Article 12 thereof, defines the southern boundary of the State of California to extend "three English miles" into the Pacific Ocean, and the western boundary as running from the most westerly point of said southern boundary "in a northwesterly direction and following the direction of the Pacific Coast, to the forty-second degree of north latitude", and states that within the boundaries of the said State there were included "also all the islands, harbors and bays along and adjacent to the Coast"; and

Whereas, the said western boundary of the State of California, as so defined and described, has been uninterruptedly acquiesced in by the United States of America since September 9, 1850, on which date there was approved by the President of the United States "An Act for the Admission of the State of California into the Union" (see 9 Stats. at Large, Chap. L., p. 542); and

Whereas, property interests, both public and private, including Treasure Island, in San Francisco Bay, of enormous value have grown up in and within the area between lowwater mark in the tidal waters of said Pacific Ocean and said western boundary of the State of California along a coast line of more than one thousand miles in length and in the harbors and bays of said coast, during the years intervening since September 9, 1850; and

Whereas, on January 4, 1939, there was referred to the Senate Committee on Public Lands and Surveys of the 76th Congress, First Session, Senate Joint Resolution No. 24 which is entitled "Joint Resolution relative to the establishment of title of the United States to certain submerged lands containing petroleum deposits", and which states that "all . . . submerged lands below . . . low-water mark and within (the) three-mile limit lying along the coast of the United States are asserted to be the property of the United States", and directs the Attorney General of the United States "to assert, maintain, and esablish the title and possession of the United States to the submerged lands aforesaid, and all petroleum deposits underlying the same, and to cause and effectuate by proper proceedings the removal and ejection of all persons now or hereafter trespassing upon or otherwise occupying the said submerged lands or removing the petroleum deposits therefrom, without the consent and permission of the United States . . ."; and

Whereas, on February 20, 1939, there was referred to the Committee on Judiciary of the House of Representatives, 76th Congress, First Session, House Joint Resolution No. 176, entitled "Joint Resolution declaring the conservation of petroleum deposits underlying submerged lands adjacent to and along the coast of California, below low-water mark and under the territorial waters of the United States

of America, essential for national defense, maintenance of the Navy, and regulation and protection of interstate and foreign commerce; reserving the same as a naval petroleum reserve, subject to any superior vested right, title, or interest; and authorizing appropriate judicial proceedings to assert, ascertain, establish, and maintain the right and interest of the United States of America in such reserve, and to eject trespassers", which said Joint Resolution purports "in the exercise of the paramount and exclusive powers of sovereignty of the United States", to reserve and set aside as a Naval Petroleum Reserve, any and all petroleum deposits "underlying submerged lands adjacent to and along the coast of the State of California, below low-water mark and under the territorial waters of the United States of America", and would direct the Attorney General of the United States "to assert, ascertain, establish and maintain the right and interest of the United States in and to such naval petroluem reserve and deposits, and to cause and effectuate by proper judicial proceedings the removal and ejection of all persons now or hereafter trespassing upon or occupying the said submerged lands or removing the petroleum deposits therefrom without any superior right or interest, and without the consent and permission of the United States"; and

Whereas, as early as 1873 the Supreme Court of the United States declared (*Webber* v. *Board of Harbor Commissioners*, 18 Wall. 57, at pp. 65, 66) that, "Upon the admission of California into the Union upon equal footing with the original States, absolute property in, and dominion and sovereignty over, all soils under the tidewaters within her limits passed to the State, with the consequent right to dispose of the title to any part of said soils in such manner as she might deem proper, subject only to the paramount right of navigation over the waters, so far as such navigation might be required by the necessities of commerce with foreign nations or among the several States, the regulation of which was vested in the General government." And

Whereas, indubitably the area in the Pacific Ocean, and in the harbors and bays along and adjacent to the coast of the State of California, lying between low-water mark and the aforesaid western boundary line of the State of California is not and never has been public land of the United States of America but is and since the date of the Treaty of Guadalupe Hidalgo has been the property of the Territory and State of California (and of such persons other than the United States and the State of California who acquired rights therein from the Republic of Mexico or from the State of California), and there is not and never has been in the United States of America any title to or ownership of said submerged lands except the title of a trustee therein and thereto for the benefit of the future State of California; and

Whereas, the mere assertion by the Congress of the United States of the power purported to be asserted in the aforesaid resolutions necessarily implies that the United States is the owner of said submerged lands, including Treasure Island in San Francisco Bay, and other filled lands, and would inevitably result in what Justice Field, in *Knight* v. *U. S. Land Association*, 142 U. S. at p. 200, called a "frightful unsettlement of titles" along the entire coastal extent of the State of California, and in the harbors, bays, and inlets thereof; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, that the passage of the said Joint Resolutions be protested by said Board of Supervisors of the City and County of San Francisco as inimical to the interests of the said City and County of San Francisco, and of the said State of California, and as calculated to result "to the infinite disturbance of the peace of its people." (See 142 U. S. at p. 200.)

Re-referred to Committee.

The following recommendation of Committee on Fire, Safety and Police was, on motion by Supervisor McGowan, *re-referred to Committee*:

Regulating the Storage of Motor Vehicles in Garages and Parking Lots.

(Series of 1939)

Bill No ..... Ordinance No. ....., as follows:

Amending Chapter IV, Part II, of the San Francisco Municipal Code by adding to said Part and Chapter six additional Sections to be designated as Sections 277, 278, 279, 280, 281 and 282, regulating the storage of motor vehicles in garages and parking lots and regulating persons soliciting the storage of motor vehicles in garages and parking lots and providing for the licensing of and the issuing of permits to said persons and providing a charge therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Chapter IV, Part II of the San Francisco Municipal Code is hereby amended by adding the following Sections thereto:

Section 277. Whenever any owner or driver or person in charge of any automobile or motor vehicle offers the same for storage, temporary or permanent, in any garage or parking lot in the City and County of San Francisco it shall be the duty of the owner, operator or person in charge of said garage or parking lot to care for said automobile or motor vehicle in said garage or parking lot unless said garage or parking lot is incapable of receiving or storing any additional automobiles or motor vehicles, whereupon, if said fact is known to the owner, operator or person in charge of said garage or parking lot, it shall be his duty to advise the person driving, operating or in charge of said automobile or motor vehicle that said garage or parking lot is filled and that said garage or parking lot cannot receive, care for or store said automobile or motor vehicle; and if said owner, operator or person in charge of said garage or parking lot fails to so notify the owner, operator or person in charge of said automobile or motor vehicle that said garage or parking lot is incapable of receiving any additional automobiles or motor vehicles for storage or parking, it shall be his duty to store or park said automobile or motor vehicle in the nearest garage or parking lot in which storage space is available, and if said automobile or motor vehicle is offered for parking at any garage or parking lot, then it must be parked in the nearest garage or parking lot in which storage space is available. It shall be the duty of the owner, operator or person in charge of said garage or parking lot to return said automobile or motor vehicle to the owner, operator or person in charge thereof at the garage or parking lot where the same is offered for storage and it shall be unlawful for the owner of any garage or parking lot at which any automobile or motor vehicle is offered for storage or parking to park, or permit the same to be parked, on any public street, square, alley or public place irrespective of the fact that said garage or parking lot is incapable of receiving additional automobiles or motor vehicles for storage, or parking; provided, however, that nothing in this ordinance contained shall prevent the owner of any garage or parking lot from storing said automobiles or motor vehicles in any other garage or parking lot owned by him or under his control, provided, however, that said automobile or motor vehicle parked in other places must be returned to the original garage or parking lot when called for by the owner, operator or person in charge thereof.

Section 278. No owner of any garage or parking lot shall accept the storage or parking of any automobile or motor vehicle at a distance of more than one block from the entrance of his garage or park-

ing lot, except when said automobile or motor vehicle is offered for storage or care through any hotel at which the owner or operator of said automobile or motor vehicle is, or is about to become, a bona fide guest; nor shall any person solicit or accept the parking of any automobile or motor vehicle for any garage or parking lot at a distance of more than one block from the entrance thereof unless said person is licensed to do so by the Chief of Police. Any person soliciting or accepting the care or parking of automobiles or motor vehicles in any garage or parking lot which is distant more than one block from the place of solicitation or acceptance of said automobile or motor vehicle shall be licensed so to do by the Chief of Police; said person so soliciting, accepting or caring for the storage of any automobile or motor vehicle shall wear conspicuously upon his person a badge or insignia bearing the number of his license and the name of the garage or parking lot which he represents; and it shall be unlawful for said person to park or leave said automobile or motor vehicle so accepted on any public street, lane, alley, square or place but it shall be his duty to take said automobile or motor vehicle, without undue delay, to the garage or parking lot which he represents and said owner of said garage or parking lot shall be responsible for the safekeeping or care of said automobile or motor vehicle from the time when it is given into the hands of said solicitor until it is returned to the hands of the owner, operator or person in charge thereof.

Section 279. Any person acting as a solicitor for any garage or parking lot, or accepting motor vehicles for storage in any garage or parking lot when said motor vehicles are accepted within one block from said garage or parking lot, shall first obtain a permit from the Chief of Police to so do. No charge shall be made for said permit and any person desiring to obtain the same shall file an application with the Chief of Police setting forth in detail such information as may be required by said Chief of Police to enable him to determine the fitness and qualifications of the person to receive, accept and deliver said automobiles or motor vehicles; and if upon investigation the Chief of Police is satisfied that said applicant is a person of good moral character and is qualified in every respect to receive and deliver said automobiles and motor vehicles, he shall issue a permit authorizing said person so to do.

Any person receiving from the Chief of Police said permit shall also receive a badge authorizing him to solicit the acceptance of automobiles and/or motor vehicles for parking as in this ordinance provided and said person receiving said permit and badge shall pay the cost of said badge, not to exceed the sum of Two ($2.00) Dollars which said sum shall not be returned to the applicant therefor. Said badge shall not be transferrable and if any person to whom any such badge has been issued shall transfer the same or permit the same to be used by any other person such transfer or use shall be sufficient grounds for the revocation of such permit and badge. Each of said badges shall bear a number and the Police Department shall keep a record of each badge issued and the name of the person to whom it is issued.

Said permit shall remain in full force and effect until revoked by said Chief of Police, which revocation may be made upon a violation of any rule or regulation regarding the conduct of such solicitor, and full power and authority is hereby given to said Chief of Police to make all reasonable rules and regulations as to the reception, parking and delivery of automobiles and motor vehicles received by said solicitor.

Section 280. No person shall be granted a solicitor's permit or badge except at the request of the owner or operator of a garage or parking lot, and said solicitor must be a bona fide employee of said garage or parking lot.

Section 281. Nothing in this ordinance shall apply to the parking

or storage, or the soliciting of the parking or storage of disabled motor vehicles.

Section 282. The owner or operator of any garage or parking lot shall at all times keep posted in a conspicuous place in said garage or on said parking lot a list of the charges to be made for the storage or parking of any motor vehicle, and said owner or operator shall not charge any higher price, rate or fee for the storing or parking of any motor vehicle than the price so listed. Every solicitor for the storage or parking of any motor vehicle shall, on request of the owner or operator thereof, give to said owner or operator of any said motor vehicle as accepted for storage or parking, a receipt for said motor vehicle accepted for storage or parking, which said receipt shall show the name and location of the garage or parking lot in which said motor vehicle is to be stored or parked.

Adopted.

The following recommendation of Exposition Affairs and Commercial and Industrial Development Committee was taken up:

Directing the City Attorney to Obtain an Injunction Against the Further Operation and Occupancy of the "S.S. Fort Sutter," Moored at Treasure Island.

(Series of 1939)

Resolution No. 224, as follows:

Whereas, the Exposition Company has granted permission to the United States Commission to moor at Treasure Island adjacent to the Federal exhibit a dilapidated river boat, the "S.S. Fort Sutter," to be used as sleeping and eating quarters; and

Whereas, Section 4 (g) of Ordinance No. 5,951, Bill No. 1483, known as the "Golden Gate International Exposition Building Ordinance" provides "that in matters affecting the public health the Exposition Company shall cooperate with, and be subject to, the inspection and approval of the health officer of the City and County of San Francisco"; and

Whereas, the Director of Health of the City and County of San Francisco has denied approval for occupancy of this boat because of refusal of its operators to comply with the most primary and elementary requirements of sanitation laws; and

Whereas, Section 8 of the State Housing Act provides: "In every incorporated City and County, it shall be unlawful to occupy or permit to be occupied any apartment house or hotel hereafter erected, constructed, reconstructed, altered, converted or moved, as the case may be, or any portion thereof, for human habitation until the issuance of a 'Certificate of final completion' and a 'permit of occupancy' by the department or departments charged with the enforcement of this act"; and

Whereas, the "S.S. Fort Sutter," to all intents and purposes, is being used as a hotel, and upon investigation it has been disclosed that the water supply distribution system and plumbing installation is unequaled in obsolescence anywhere in the City and County of San Francisco and constitutes a serious menace to public health, corroborating the charges made by the Director of Health, and moreover, other investigations disclose serious menace to life by reason of deficient and inadequate electric wiring as well as lack of fire prevention regulations; now, therefore, be it

Resolved, That the operators of the "S. S. Fort Sutter" are hereby directed to comply with the following health and safety requirements now lacking on said boat:

1. Connection with the established sewer system at the Exposition, which at a tremendous cost has been put in under the supervision of the Department of Public Health.

2. Rehabilitation of the plumbing to conform with the Plumbing

Ordinance of the City and County of San Francisco.

3. Elimination of any direct connection with the drinking water supply at Treasure Island.

4. Rehabilitation of restaurant facilities, storage of foods, refrigeration, etc.

5. Compliance with the State Housing Act for Hotels.

6. Provision of all safety factors to remove people in case of fire.

And Be It Further Resolved, That the City Attorney be and he is hereby directed to proceed at once to obtain an injunction against the further operation and occupancy of the "S. S. Fort Sutter", moored at Treasure Island, until all of the above requirements of the Department of Public Health are fully complied with, and a final certificate of approval from the Department of Electricity is received by the operators of the "S.S. Fort Sutter".

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

In Memoriam—Peter D. Conley.

(Series of 1939)

Supervisor Colman presented:

Resolution No. 225, as follows:

Whereas, Peter D. Conley has answered the summons of our Heavenly Father; and

Whereas, Peter Conley, well-known and beloved manager of the San Francisco Symphony Orchestra and the San Francisco Musical and Opera Association and the Art Commission Symphony Series Concerts; leader of many musical enterprises and leading impresario in the West, won the admiration of all music lovers by his unceasing efforts in maintaining at all times the very highest standard of repertoire available for the music-loving public of San Francisco; and by the honest conduct of his office, his gentle, kindly and affable manner, endeared himself in the hearts of all who were privileged to know him; now, therefore, be it

Resolved, That this Board of Supervisors notes with deep sorrow the passing of Peter D. Conley, and extends its profound sympathy to his bereaved widow; and be it

Further Resolved, That a copy of this resolution be sent to the widow of the late Peter D. Conley, and that when this Board adjourns it does so out of respect to his revered memory.

(Series of 1939)

Resolution No. 234, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Hon. William M. Coffman, member of the Recreation Commission, is hereby granted a leave of absence for a period of one month, commencing April 17, 1939, with permission to leave the State.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Final Passage.

The following emergency ordinance, recommended by the Finance Committee, was taken up:

Appropriation $9,700 From Emergency Reserve Fund to Meet Cost of Special Election, May 19th. Emergency Ordinance.

(Series of 1939)

Bill No. 143, Ordinance No. 132, as follows:

Authorizing an appropriation of $9,700 from the Emergency Reserve Fund to the credit of the Special Election Fund for the purpose of providing sufficient funds for the holding of the special election on May 19, 1939, an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $9,700 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of the Special Election Fund for the purpose of providing sufficient funds for the holding of the special election on May 19, 1939.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists in order to provide for the uninterrupted operation of the departments involved and to comply with the time limitations established by law in connection with the holding of the special election on May 19, 1939, as the $50,000 provided to the Special Election Fund under the provisions of Section 181 of the Charter is insufficient for the purpose.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Passed for Second Reading.

The following recommendation of the Finance Committee was taken up:

Appropriation $33,000 From Surplus in Municipal Railway Funds to Provide for Additional Employments to Meet Demands for Increased Service.

Authorizing an appropriation of $33,000 out of the surplus existing in Appropriation Number 865.103.00 of the Municipal Railway to the credit of Appropriation Number 865.103.00 and creating certain positions to meet demands for increased railway service.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $33,000 is hereby appropriated and set aside out of the surplus existing in Appropriation Number 865.103.00 of the Municipal Railway to the credit of Appropriation Number 865.103.00.

Section 2. The following positions are hereby created to meet the demands for increased railway service:

30 S102 Conductors, at 75c per hour.
30 S104 Motormen, at 75c per hour.
40 S106 Bus Operators, at 80c per hour.

Passed for second reading by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11

Funston Avenue Approach.

Supervisor Brown reported on conference with the State Highway Commission, Thursday, April 13, 1939, at Sacramento, which he attended as authorized by the Board. He reported a very satisfactory discussion. The matter of the Funston Avenue approach will be considered again when the Highway Commission meets in San Francisco, at the Hotel Bellevue, at 9 a. m., April 28, 1939, and suggested that as many members of the Board, as possible, attend this meeting.

Supervisor Ratto, following Supervisor Brown's report, moved that the Chief Administrative Officer be requested to provide for luncheon for the highway commissioners, and for members of the Board who desired to attend.

Motion *carried.*

Directional Signs to Golden Gate Bridge.

Supervisor Brown called attention to the State Highway Commission's refusal to allow directional signs to be installed at Cordelia, at the Napa "Y" and at the junction of the Napa-Vallejo road with the Sears Point road, thus compelling the Golden Gate Bridge and Highway District to rent sites for signs directing motorists to the Golden Gate Bridge.

Supervisor Brown, thereupon, moved that the committee appointed to confer with the State Highway Commission regarding the Funston Avenue approach, be authorized to discuss with the Commission, the question of directional signs at the aforementioned various intersections.

No objection and *so ordered.*

Use of Chambers of Board by City Wide Citizens Power Committee.

Supervisor McSheehy presented a resolution, authorizing the use of the Chambers of the Board of Supervisors by "City Wide Citizens Power Committee", at 7:30 P. M. on April 25, May 2, May 9 and May 16, 1939, for the purpose of public meetings of citizens who are members of said Citizens Committee or who may be interested in the function of said Citizens Committee, which is to sponsor, support and campaign for Municipal power distribution in the City and County of San Francisco, and with this end in view, to advocate the passage of Charter Amendment No. 1 (Plan 8) at the Special Election to be held on May 19 of this year.

Referred to Director of Property.

Inspection Tour Nine Northern Counties.

Supervisor Ratto called attention to proposed inspection of northern nine counties by the State Highway Commission, with the Redwood Empire Association, and moved that the President appoint a member of the Board to accompany the Highway Commission on the inspection tour, April 28, 29 and 30. Seconded by Supervisor McSheehy.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Schmidt, Shannon—7.
No—Supervisor Uhl—1.
Absent—Supervisors McGowan, Mead, Roncovieri—3.

Thereupon, President Shannon appointed Supervisor Mead or Supervisor McGowan to accompany the Highway Commission on the trip, the Clerk to contact the two Supervisors to determine which one could attend.

Inspection Ocean Shore Highway.

Supervisor Ratto announced that an inspection of the Ocean Shore Highway had been planned on Thursday, April 20, and that the Ocean Shore Highway Association, composed of members from San Mateo and Santa Cruz counties was inviting members of the Board of Supervisors to accompany them on this trip, to start at Santa Cruz and come north, ending at Half Moon Bay, and to be the guests of the Association at a luncheon at the Petromi House at Princeton, at 1 p. m.

The Clerk, thereupon, read a telegram from Mr. George E. Dunn, of the Ocean Shore Highway Association, inviting members of the Board to accompany the association over the route and inspect the work being done on the highway, and to be guests at dinner, as outlined by Supervisor Ratto.

At the request of the President, the Clerk polled the Board and Supervisor Ratto signified that he could attend.

Redwood Empire Conference at Tucker Farm Center.

Supervisor Ratto presented communication from the Redwood Empire Association, urging attendance at the Tucker Farm Center, north of St. Helena, Wednesday, April 19, at 8 p. m., to hear discussion of benefits derived by Napa County from Redwood Empire Association participation, and moved that a representative of the Board be appointed to attend.

No objection being offered, the President appointed Supervisor Ratto to attend as the Board's representative.

Petition From Women's Municipal Association Re Temporary Positions.

Supervisor Shannon presented communication from the Women's Municipal Association asking for an interpretation from the City Attorney as to how long a temporary position must remain in that status before it receives a permanent standing.

Referred to City Attorney for opinion.

Soil Conservation District, San Mateo County.

Supervisor Uhl presented communication from Eugene J. Riordan, Assistant Director of Property, requesting conference to discuss San Francisco's participation in Soil Conservation District, San Mateo County.

Referred to Public Buildings, Lands and City Planning Committee.

Underground Garage, Union Square.

Supervisor Uhl presented communications requesting the Board to consider the proposition of putting a garage under Union Square.

Referred to Public Buildings, Lands and City Planning Committee.

Water Department Employments Outside San Francisco.

Supervisor Uhl requested that the Clerk request from Mr. Cahill, Manager of Utilities, information as to residence of employees of the Water Department, employed outside of San Francisco. Supervisor Uhl stated he had been informed that the City of Oakland demands all its water department employees to be residents of Oakland.

Appointment of Representatives to Attend U. S. Conference of Mayors in New York.

President Shannon announced the appointment of Supervisors Mead and McGowan to represent the Board at the U. S. Conference of Mayors, in New York, pursuant to resolution previously adopted. An additional appointment would be made later on.

ADJOURNMENT.

There being no further business, the Board, at the hour of 6 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors April 24, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of April 17, 1939, was considered read and approved.

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Authorizing Payment of $2,700 to John Brusa and Guido Brusa and Conveyance of Certain Real Property to Said Parties in Exchange for Certain Land Required for the Extension of Silver Avenue.

(Series of 1939)

Bill No. 136, Ordinance No. 140, as follows:

Authorizing payment of $2,700 to John Brusa and Guido Brusa and conveyance of certain real property to said parties in exchange for certain land required for the extension of Silver avenue.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter and in accordance with the recommendation of the Department of Public Works, the Director of Property in lieu of sale is hereby authorized and directed to arrange for trading certain City-owned real property situated in the City and County of San Francisco, hereinafter referred to as Parcel "A" to John Brusa and Guido Brusa in exchange for certain land hereinafter referred to as Parcel "B."

Section 2. Said Parcel "A" is situated in the City and County of San Francisco, State of California, and is more particularly described in Ordinance No. 80, Bill No. 77, Series of 1939, approved by the Mayor of San Francisco on March 8, 1939, which parcel was proposed to be sold under the provisions of said Ordinance No. 80.

Section 3. The Director of Property has made an appraisal of the value of said real property and estimates the value of Parcel "A" to be $2,700 less than the value of Parcel "B."

Section 4. Said Parcel "B" hereinbefore referred to is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Beginning at a point on the northeasterly line of Quesada avenue, distant thereon 100 feet northwesterly from the northwesterly line of Quint street, and running thence northwesterly along said line of Quesada avenue 50 feet; thence at a right angle northeasterly 76.676 feet; thence deflecting to the right 32 degrees 34 minutes 36 seconds and running easterly along the proposed northerly line of Silver avenue 27.679 feet to the northeasterly boundary line of the land of John Brusa and Guido Brusa; thence deflecting to the right 57 degrees 25 minutes 24 seconds and running southeasterly along said boundary line 35.097 feet; thence at a right angle southwesterly 100 feet to the point of beginning.

Being a portion of Block No. 333, O'Neil & Haley Tract.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of Parcel "A" to John Brusa and Guido Brusa, or their assignee. The Director of Property shall deliver said deed to the grantee upon receipt of the necessary deed to Parcel "B," and shall record the latter deed. It is understood that the improvements now located on Parcel "B" shall remain the property of John Brusa and Guido Brusa and shall be removed from the premises by said parties at their own expense within thirty (30) days after recording the deed to the City.

Section 6. The Controller is hereby authorized and directed to draw a warrant on the Treasurer in the amount of $2,700, payable from Appropriation No. 877.950.17, in favor of the City Title Insurance Company, as agent for John Brusa and Guido Brusa, to compensate for the difference in valuations referred to in Section 3 of this ordinance. It is understood that no cost of constructing Silver avenue through said Block No. 333, except sidewalks, shall be assessed against John Brusa and Guido Brusa.

Section 7. Said Parcel "B" is required for the extension of Silver avenue, a street of major importance as designated by Resolution No. 3131, adopted by this Board on March 22, 1937.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Establishing Municipal Railway Revolving Fund and Appropriating Moneys Therefor.

(Series of 1939)

Also, Bill No. 137, Ordinance No. 133, as follows:

Establishing Municipal Railway Revolving Fund and appropriating moneys therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby created a Municipal Railway Revolving Fund in the sum of $6,500 for the purpose of paying expenses incident to the conduct of the Municipal Railway which cannot be conveniently paid by warrants drawn by the Controller upon the Treasury of the City and County.

All expenditures from the said Municipal Railway Revolving Fund shall be made in accordance with rules and regulations of the Controller.

Section 2. The Municipal Railway Revolving Fund shall be maintained in such bank or banks as may be designated by the Manager of Utilities, and disbursements therefrom shall be made by checks signed by the Manager of Utilities or his designated representative or representatives.

Section 3. The Manager of Utilities shall cause a full, true and

correct account to be kept of all moneys received for or disbursed from said revolving fund, and shall, at least once during each month after the establishment of said fund, render to the Controller a full, true and correct amount of all disbursements made from said fund, together with proper vouchers supporting said disbursements, and upon said disbursements being approved by the Controller, the Controller shall draw his warrant in favor of said revolving fund for the aggregate amount of said disbursements.

Section 4. The sum of $6,500 is hereby appropriated from the surplus existing in Appropriation No. 865.900.02 for the purpose of providing funds for said revolving fund.

Approved as to form by the City Attorney.
Approved as to funds available by the Controller.
Recommended by the Manager of Utilities.
Approved by the Public Utilities Commission.
Approved by the Mayor.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Release of Lien Filed re Old Age Security, Anna Marie and Henry Haab.

(Series of 1939)

Also, Resolution No. 235, as follows:

Whereas, notices of aid have been recorded in this County pursuant to Section 4 of the Old Age Security Act and Section 2225 of the Welfare and Institutions Code; and

Whereas, the filing of such notices created a lien on the property of the recipients of such aid; and

Whereas, the recipients of such aid, on payment of the debt secured by such lien, are entitled to receive a release thereof; and

Whereas, a lien has been placed by the Board of Supervisors of the City and County of San Francisco, on recommendation of the County Welfare Department, against property described as follows:

Property Anna Marie and Henry Haab. Lien recorded August 12, 1938, in Book 797, Official Records, San Mateo County, page 403, for Old Age assistance granted Henry Haab; also, similar lien recorded on August 12, 1938, Book 797, Official Records, San Mateo County, page 404, for old age assistance granted Anna Marie Haab.

Now, Therefore, Be It Resolved, That upon receipt of all money secured by said lien, David A. Barry, Clerk of the Board of Supervisors, is hereby authorized to execute and deliver on behalf of and in the name of said Board, a release of such liens.

Authorizing Lease of Space in Building at 812-814 Mission Street for W. P. A. Project.

(Series of 1939)

Also, Resolution No. 236, as follows:

Resolved, That the City and County of San Francisco, a municipal corporation, as lessee, enter into a written lease with Daily News Company, Ltd., as lessor, of 5,000 square feet of space on the fifth floor of the building at 812-814 Mission street, San Francisco, California, required for a W. P. A. Project, Real Property Survey, on a month-to-month basis, beginning May 1, 1939, at a rental of $300 per month, payable from such funds as may be appropriated by this Board for said purposes. The City shall have the right to rent additional space on said fifth floor on a month-to-month basis at the rate of 1,000 square feet at a time at 6 cents per square foot per month.

The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute the necessary lease on behalf of the City and County of San Francisco, a municipal corporation.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Authorizing the Controller to Draw His Warrant for the Payment of One Lost Coupon.

(Series of 1939)

Also, Resolution No. 238, as follows:

Whereas, proof having been made to the satisfaction of the Board of Supervisors that Alma M. Myers is, and at all times herein mentioned was, the owner of a coupon in the amount of $28.75, detached from City and County Hetch Hetchy Bond No. 945 issued in 1932, which coupon was No. 10 and payable June 1, 1937; and

Whereas, diligent search has been made for said coupon but the same cannot be found, and therefore has been lost, destroyed or stolen; and

Whereas, since said day said coupon has never been heard of or presented for payment and that a stop payment order has been placed against it by the Treasurer of the City and County of San Francisco, said coupon is hereby declared to have been lost or destroyed within the meaning of the Act of the Legislature of the State of California, entitled: "An Act to provide for the issuance of duplicate of bonds, warrants and other evidences of indebtedness of counties and municipal and other corporations," Chapter 822, Statutes of 1933; and

Whereas, said Alma M. Myers having made application to this Board of Supervisors for payment of said coupon without presentation thereof, it being a condition of such payment to Alma M. Myers that said Alma M. Myers will guarantee and indemnify the City and County of San Francisco, the Controller, the Treasurer and the Board of Supervisors against any loss or damage of any kind or character arising out of any subsequent presentation, demand or payment of said coupon; and

Whereas, in view of the small amount involved in comparison to the high cost of lithographing, it would be uneconomic to have a duplicate

coupon made, and that the payment of said coupon under afore-mentioned warranty and without presentation thereof is well within the spirit and intent of the provision of said Chapter 822, Statutes of 1933; now, therefore, be it

Resolved, That the Controller of the City and County of San Francisco is hereby authorized and directed to draw his warrant for the payment of said coupon in favor of Alma M. Myers, upon condition that Alma M. Myers deliver to said Controller a satisfactory guaranty indemnifying the City and County of San Francisco, the Controller, the Treasurer and the Board of Supervisors against any loss or damages of any kind or character, arising out of any subsequent presentation, demand or payment of said coupon.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Referring to His Honor the Mayor, Board of Education and Recreation Commission Offer to Make Available to School Children Facilities of Crystal Palace Salt Water Baths on School Days.

(Series of 1939)

Also, Resolution No. 239, as follows:

Whereas, San Francisco has no indoor swimming facilities which are available without charge to school children; and

Whereas, this healthful exercise should be provided our school children not only for the body-building sport which it provides but also as an instructive program to benefit public safety; and

Whereas, a most attractive offer has been submitted to the City and County by the Crystal Palace Salt Water Baths, under the terms of which these baths would be available to certain of our school children, together with bathing suits, towels and instructors during every school day of the year for the nominal sum of $5,000; now, therefore, be it

Resolved, That his Honor the Mayor, the Board of Education and the Recreation Commission be and are hereby requested to meet and consider this proposal, to the end that the money necessary to take advantage of the offer may be set up in the Annual Appropriation Ordinance for 1939-1940; and be it

Further Resolved, That copies of this resolution be sent to his Honor the Mayor, to the Board of Education and to the Recreation Commission.

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Communication.

Supervisor Ratto, following the adoption of the foregoing resolution, presented the following communication, which he requested be referred to the City Engineer in order that proper legal steps might be taken in the matter:

SPRING VALLEY COMPANY, LTD.
320 Market Street

San Francisco, California, April 21, 1939.

Honorable John Ratto, Supervisor, City and County of San Francisco, City Hall, San Francisco, California.

Dear Sir: In response to your suggestion that Spring Valley Company, Ltd., as owner of the land embraced within the first gulch located southerly of Eucalyptus drive and westerly of Junipero Serra boulevard, in the City and County of San Francisco, should deed to the City a strip of land along the westerly boundary of said boulevard for street and parking purposes. The strip to be of the same width and to connect the present inside service streets along Junipero Serra boulevard in the north and south units of Lakeside Subdivision No. 2.

Please be advised that we are prepared to give such a deed to the City and County of San Francisco to be used for public and parking purposes. We will, accordingly, proceed with the preparation of such deed for these purposes.

Yours very truly,

SPRING VALLEY COMPANY, LTD.
By S. P. EASTMAN.

Final Passage.

The following emergency ordinances, recommended by the Finance Committee, were taken up:

Appropriation of $360 from Emergency Reserve Fund, Payment of Auto Hire, Horticultural Inspection Department; an Emergency Ordinance.

(Series of 1939)

Bill No. 145, Ordinance No. 136, as follows:

Authorizing an appropriation of $360 out of the Emergency Reserve Fund to the credit of Appropriation No. 833.203.58 for the purpose of providing funds for auto hire in the Horticultural Inspection Department; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $360 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of Appropriation No. 833.203.58 for the purpose of providing funds for auto hire in the Horticultural Inspection Department.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists and funds must be immediately provided for the uninterrupted operation of this department. The funds provided in the annual appropriation ordinance for this department were, in error, insufficient by the amount reflected herein.

Recommended by the Horticultural Inspection Department.

Approved as to form by the City Attorney.

Approved by the Chief Administrative Officer.

Approved by the Mayor.

Approved as to funds available by the Controller.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Appropriation of $70 from Emergency Reserve Fund for Telephone Expense, Public Defender; an Emergency Ordinance.

(Series of 1939)

Also, Bill No. 146, Ordinance No. 137, as follows:

Authorizing an appropriation of $70 out of the Emergency Reserve Fund, $40 to the credit of Appropriation No. 833.328.08 for the purchase of materials and supplies, and $30 to the credit of Appropriation No. 833.225.08 for telephone expense for the office of the Public Defender; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $70 is hereby appropriated and set aside out of the Emergency Reserve Fund, $40 to the credit of Appropriation No. 833.328.08 for the purchase of materials and supplies, and $30 to the credit of Appropriation No. 833.225.08 for telephone expense for the office of the Public Defender.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, as the funds heretofore appropriated for these purposes are not sufficient to provide for the uninterrupted operation of this department.

Recommended by the Public Defender.

Approved by the Mayor.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Finally passed by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

The following recommendation of the Committee on Education, Parks and Recreation was taken up:

Approving Erection of Statue, "The Spirit of Aviation".

(Series of 1939)

Resolution No. 247, as follows:

Whereas, since the historic initial flight of the Wright Brothers, pioneers of aviation in our country, thousands of young Americans, imbued with the spirit of adventure, have written their names imperishably on the rolls of those who have piloted their planes, not only in this country, but throughout the world; and

Whereas, the Lafayette Esquadrille, and other Allied units, include the memorable names of Quentin Roosevelt, Frank Luther, Eddie Rickenbacker, and others; and

Whereas, in later times Charles Lindbergh, Douglas Corrigan and Amelia Earhart blazoned their way over dark and dangerous waters; and

Whereas, certain groups of citizens have signified a desire to aid in the financing of the erection of a statue dedicated to our aviators to be known as "The Spirit of Aviation"; and

Whereas, if sufficient funds can be obtained by private or other subscription, there is a possibility of the remainder of the cost of said statue being provided for by the Works Progress Administration of the Federal Government; and

Whereas, Mr. Frederick W. Schweigardt has completed a model of a statue typifying the Spirit of Aviation, and glorifying the intrepid acts of the great pioneers of aviation; now, therefore, be it

Resolved, That the Board of Supervisors does hereby approve the erection of said statue upon such property belonging to the City and County as may be available therefor, whenever said statue may be approved by the Art Commission as provided by Charter, and does hereby agree to accept such public contributions as may be made through a citizens' committee to aid in the erection of said statue.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Presentation of Model of Statue, "The Spirit of Aviation."

Supervisor Uhl, under his name at "Roll Call," introduced Mr. Frederick W. Schweigardt, sculptor, who exhibited to the Board, with explanation thereof, his model of "The Spirit of Aviation."

The following recommendation of Committee on Fire, Safety and Police was taken up:

Regulating Storage and Parking of Automobiles.

(Series of 1939)

Bill No. 153, Ordinance No. ....., as follows:

An ordinance amending Chapter VIII, Part II, of the San Francisco Municipal Code by adding Sections 825, 826, 827, 828, 829, 830, 831 and 832 to Article 12 thereof, regulating the storage of motor vehicles in garages and parking lots; regulating persons soliciting the storage of motor vehicles in garages and parking lots; providing for the licensing of and the issuing of permits to said persons and providing a charge therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The San Francisco Municipal Code is hereby amended by adding to Article 12, Chapter VIII, Part II thereof, the following Sections which read as follows:

Section 825. **Duties of Owner, Etc., of Garage or Parking Lot.** Whenever any owner or driver or person in charge of any automobile or motor vehicle offers the same for storage, temporary or permanent, in any public garage or parking lot in the City and County of San Francisco it shall be the duty of the owner, proprietor or person in charge of said garage or parking lot to care for said automobile or motor vehicle in said garage or parking lot unless said garage or parking lot is incapable of receiving or storing any additional automobiles or motor vehicles, whereupon, if said fact is known to the owner, proprietor or person in charge of said garage or parking lot, it shall be the duty of said owner, proprietor or person in charge of said garage or parking lot to advise the person driving, operating or in charge of said automobile or motor vehicle that said garage or parking lot cannot receive, care for, or store said automobile or motor vehicle; and if, with the consent of the owner, operator or person in charge of said automobile or motor vehicle, said owner, proprietor or person in charge of said garage or parking lot accepts the storage or parking of said automobile or motor vehicle, it shall be the duty of said owner, proprietor or person in charge of said garage or parking lot to store or park said automobile or motor vehicle in the nearest garage or parking lot in which storage space is available unless otherwise directed by the owner or operator of said automobile or motor vehicle; and it shall be the duty of the owner, proprietor or person in charge of said garage or parking lot at which said automobile or

motor vehicle is offered for storage or parking, when called upon to so do, to return said automobile or motor vehicle to the owner, operator or person in charge thereof who offered the same for storage or parking at the garage or parking lot where the same was offered for storage or parking; and it shall be unlawful for the owner, proprietor or person in charge of any garage or parking lot at which any automobile or motor vehicle is offered for storage or parking to park, or permit the same to be parked, on any public street, square, alley or other public place; provided, however, that nothing in Sections 825 to 832, inclusive, of this Article shall prevent the owner of any garage or parking lot from storing said automobile or motor vehicle in any other garage or parking lot owned by him or under his control.

Section 826. **Conditions for Acceptance for Storage or Parking. Solicitors. Permit. Wearing Badge and Name of Garage or Parking Lot.** No owner, proprietor or person in charge of any garage or parking lot shall accept the storage or parking of any automobile or motor vehicle in any garage or parking lot unless the said automobile or motor vehicle is offered for storage or parking by the owner or operator thereof, except when said automobile or motor vehicle is offered for storage or care through any hotel at which the owner or operator of said automobile or motor vehicle is, or is about to become, a bona fide guest; and also except when said automobile or motor vehicle is offered for storage or parking by any duly permitted and authorized solicitor whose appointment is provided for in Section 827 of this Article. Any person soliciting or accepting any automobile or motor vehicle for storage or parking in any garage or parking lot shall first obtain a permit to so do from the Chief of Police; said person so soliciting, accepting or caring for the storage of any automobile or motor vehicle shall wear conspicuously upon his person the badge provided for in Section 828 of this Article, and shall also wear upon his person the name of the garage or parking lot for which he is soliciting or accepting the storage or parking of said automobile or motor vehicle.

Section 827. **Requiring Solicitor's Permit. Investigation of Application. Authorization. Notice Required.** No person within the City and County of San Francisco shall solicit the storage or parking of any automobile or motor vehicle unless he is the holder of a valid and unrevoked permit to so do, which said permit shall have been issued by the Chief of Police as provided in Section 826 of this Article. Any person desiring to obtain such a permit shall make application to the Chief of Police therefor upon such application blanks as the Chief of Police may provide. The Chief of Police shall investigate all applications and, when satisfied that the applicant is a person of good moral character and is competent and licensed to operate a motor vehicle under the laws of the State of California, may issue a license to said person to act as a solicitor for the storage or parking of automobiles or other motor vehicles. No person shall act as a solicitor for the storage or parking of automobiles or other motor vehicles except with the written authorization of the owner or proprietor of the garage or parking lot in which said automobile or motor vehicle is to be stored or parked. When any solicitor for the storage or parking of automobiles or other motor vehicles shall cease to be employed by the owner or proprietor of any garage or parking lot, it shall be the duty of said owner or proprietor to notify the Chief of Police, in writing, of said fact and when said solicitor is employed by the owner or proprietor of any other garage or parking lot, it shall be the duty of said owner and operator to likewise notify said Chief of Police.

Section 828. **Issuance of Badge With Permit. Cost of Badge. Permit Revocation.** The Chief of Police shall issue with each permit a badge in suitable form and device, each of which said badges shall be separately numbered; and the Chief of Police shall maintain a record of the number of each badge and the name of the person to whom it is issued; a charge of Two ($2.00) Dollars shall be made by the Chief of Police for each badge issued and duplicates thereof shall

be issued only upon the payment of a like sum. Any permit issued to any solicitor may be revoked by the Chief of Police for the violation of any rules made by the Chief of Police governing the conduct and operations of said solicitor, and full power and authority is hereby given to said Chief of Police to make all necessary rules and regulations governing the conduct and operations of said solicitors to carry out the purposes of Sections 825 to 832, inclusive, of this Article.

Section 829. **Duty of Solicitor. Responsibility of Owner, Etc.** Whenever any duly permitted and authorized solicitor shall accept any automobile or motor vehicle for storage or parking in any garage or parking lot, it shall be the duty of said solicitor to forthwith, and by the most direct route to take said automobile or motor vehicle to the garage or parking lot which he represents, and said solicitor shall be deemed, for the purpose of so taking said automobile or motor vehicle to said garage or parking lot, to be the agent of the owner or proprietor thereof and said owner or proprietor shall be responsible for the operation and safe keeping and care of said automobile or motor vehicle from the time that it is given into the hands of said solicitor until it is returned to said owner or operator thereof.

Section 830. **Request for Solicitor's Permit or Badge. Bona Fide Employee.** No person shall be granted a solicitor's permit or badge except at the request of the owner or operator of a garage or parking lot, and said solicitor must be a bona fide employee of said garage or parking lot.

Section 831. **Exception as to Disabled Motor Vehicle.** Nothing in Sections 825 to 832, inclusive, of this Article shall apply to the parking or storage, or to the soliciting of the parking or storage of disabled motor vehicles.

Section 832. **Notice of Charges to Be Posted. Receipt for Vehicle.** The owner of proprietor of any garage or parking lot shall at all times keep posted in a conspicuous place in said garage or on said parking lot a list of the charges to be made for the storage or parking of any motor vehicle, and said owner or proprietor shall not charge any higher price, rate or fee for the storing or parking of any motor vehicle than the price so listed. Every solicitor for the storage or parking of any motor vehicle shall, on request of the owner or operator thereof, give to said owner or operator of any said motor vehicle accepted for storage or parking, a receipt for said motor vehicle accepted for storage or parking, which said receipt shall show the name and location of the garage or parking lot in which said motor vehicle is to be stored or parked.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Approving Congressional Bill H. R. 3794 for the Establishment of the John Muir-Kings Canyon National Park.

(Series of 1939)

Supervisor Colman presented:

Resolution No. ....., as follows:

Whereas, there is pending in Congress a bill for the establishment of the John Muir-Kings Canyon National Park in California, an area embracing the region of the scenic canyons of the Kings River and the sequoia forests of the General Grant National Park and Redwood Mountains, into one National Park; and

Whereas, the establishment of such a park would insure permanent

preservation of scenic values for posterity and would serve as a place of inspiration and recreation for all America; and

Whereas, the national prestige accorded such a National Park would attract tourists to California, thereby indirectly benefiting our City of San Francisco; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record as favoring the passage of Congressional Bill H. R. 3794 for the establishment of the John Muir-Kings Canyon National Park; and be it

Further Resolved, That a copy of this resolution be sent to the President of the United States and to the United States Senators and Congressmen from California.

Referred to Education, Parks and Recreation Committee.

Requesting His Honor the Mayor to Proclaim Period May 5th to May 21st as "World's Fair Fiesta" and to Appoint a Citizens' Committee in Celebration Thereof.

(Series of 1939)

Supervisor Ratto presented:

Resolution No. 248, as follows:

Whereas, the World's Fair Rodeo will be held on Treasure Island from May 12th to May 21st; and

Whereas, this rodeo will be a tremendous spectacle, the biggest and greatest rodeo ever held in the West; and

Whereas, there will be more real champion bronc riders, bull riders, steer wrestlers and ropers at this contest than have ever gathered together at any one round-up in the world; now, therefore, be it

Resolved, That his Honor the Mayor be and he is hereby requested to proclaim the period from May 5th to May 21st as "World's Fair Fiesta" and to invite the world to visit San Francisco and the World's Fair and "Come Western"; and be it

Further Resolved, That his Honor the Mayor be and he is hereby requested to appoint a Citizens' Committee to arrange for the proper celebration of the "World's Fair Fiesta".

Appointment of Committee to Represent San Francisco at Tournament of Roses, Pasadena, in January, 1940.

(Series of 1939)

Supervisor Ratto presented:

Resolution No. ....., as follows:

Resolved, That the President of this Board of Supervisors be and he is hereby authorized and requested to appoint a Committee of three members of this Board to attend and officially represent the City and County of San Francisco at the Tournament of Roses to be held in Pasadena, California, early in January, 1940.

Referred to Finance Committee.

In Memoriam—Patrick W. Meherin.

(Series of 1939)

Supervisor McSheehy presented:

Resolution No. 249, as follows:

Whereas, death has taken from our midst Patrick W. Meherin, prominent insurance man and well-known figure in the political, fraternal and business life of San Francisco; and

Whereas, Patrick Meherin's untiring efforts for the betterment of San Francisco, brought about recognition of his eminent qualifications and his appointment to membership on the Fire Commission where he served for six years; and later in 1931, he received further recognition by appointment under our late Governor James Rolph, Jr., to the Board of State Harbor Commissioners, where he served as its president for eight years and continued to merit the admiration and respect of his many friends; and

Whereas, in the death of Patrick Meherin, San Francisco loses a man of sterling character, a distinguished citizen and one of its foremost political leaders; now, therefore, be it

Resolved, That this Board of Supervisors expresses its profound sorrow at the passing of Patrick W. Meherin, and extends to his bereaved family its hearfelt condolences; and be it

Further Resolved, That when this Board adjourns, it does so out of respect to the memory of the late Patrick W. Meherin.

Unanimously adopted by rising vote.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, MAY 1, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Monday, May 1, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

Quorum present.

President Shannon presiding.

Supervisor Brown was noted present at 2:18 p. m.

Supervisor Meyer was excused from the meeting at 2:10 p. m., but returned to the chambers at 2:37 p. m.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of April 24, 1939, was considered read and approved.

SPECIAL ORDER—2:30 P. M.

The following resolution, presented by Supervisor Uhl on March 12, 1939, and referred to the Public Utilities Committee, having been called out from Committee by Supervisor Uhl on April 24, 1939, was taken up:

Preparation of Transportation Plan for San Francisco by State Railroad Commission.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, transit conditions in San Francisco are deplorable; and

Whereas, at the earliest possible date a plan for transportation for San Francisco should be completed; and

Whereas, the Railroad Commission of the State of California has the facilities for making a complete plan for transportation; and

Whereas, the Railroad Commission is not empowered to offer its services gratis to the City and County of San Francisco for making a plan for transportation; now, therefore, be it

Resolved, That the Board of Supervisors memorialize His Excellency Culbert L. Olson, Governor of California, requesting

1. At what cost will the Railroad Commission make a plan of transportation for the City and County of San Francisco upon the assumption that no transit facilities exist in the City and County of San Francisco.

2. The approximate time necessary to make such a plan.

and be it

Further Resolved, That the Board of Supervisors express its appreciation to His Excellency Culbert L. Olson for his co-operation in this vital matter.

Discussion.

Supervisor Uhl, in urging the adoption of the foregoing resolution, explained his reasons for presenting same, and held that its purpose was merely to secure information, and that by its adoption the Board was not making any commitments.

Supervisor Colman, in opposing adoption, stated that normally he had no objection to any member obtaining information, but that in this case, as the result of his own inquiries, he felt that no information could be obtained from the Railroad Commission, and that that Commission could not do the job suggested.

Supervisor Uhl, in closing, reiterated his previous statements, and urged the adoption of the resolution.

Supervisor McSheehy, seconded by Supervisor Ratto, moved the matter go back to Committee.

Thereupon, Supervisor Uhl stated he had no objection to re-reference to Committee if the Committee would agree to report same back to the Board at its next meeting.

Supervisor McSheehy expressed opposition to any agreement to report on the resolution at the next meeting of the Board.

Motion Failed.

Thereupon, the roll was called and the foregoing motion was *lost* by the following vote:

Ayes—Supervisors McSheehy, Ratto—2.
Noes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Roncovieri, Shannon, Uhl—8.
Absent—Supervisor Schmidt—1.

Refused Adoption.

Whereupon, the roll was again called and the foregoing resolution was *refused adoption* by the following vote:

Ayes—Supervisors Mead, Uhl—2.
Noes—Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Roncovieri, Shannon, Uhl—8.
Absent—Supervisor Schmidt—1.

SPECIAL ORDER—3:30 P. M.

The following communication from the executive secretary to the Mayor was read by the Clerk:

May 1, 1939.

To the Honorable the Board of Supervisors, City Hall.

Gentlemen: Mayor Angelo J. Rossi requests the privilege of addressing your Board this afternoon at 3:30 p. m. as a Special Order of Business on the 1939-40 Budget.

The Mayor in requesting this particular time be set aside, desires me to draw your attention to the fact that it is made necessary because of his attendance at the funeral of Mrs. Hunter Liggett.

Yours sincerely,

E. CULLENWARD,
Executive Secretary.

No objection being offered, the Mayor's request was granted and the presentation to the Board by the Mayor of the Budget for the Fiscal Year 1939-1940 was made a Special Order of Business as requested.

Presentation of Budget.

At 3:30 p. m. his Honor the Mayor entered the chambers and in presenting the Budget, which was subsequently referred to the Finance Committee, addressed the Board as follows:

Transmission of Annual Budget Estimates and Annual Appropriation Ordinance for the Fiscal Year 1939-1940 in Accordance With the Provisions of Section 72 of the Charter.

May 1, 1939.

To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen:

There has been delivered to the Clerk of your Honorable Board the documents and supporting data as required by the referenced Charter section.

In addition to those documents I desire at this time to comment briefly on the general budget problem.

Unemployment.

In San Francisco, as in every other community of the Nation, the most difficult problem of all is that presented by the continued unemployment of thousands of our fellow citizens. Those elemental needs of human beings—food, clothing and shelter—are here involved. The City, the State and the Federal Government have struggled for ten years with this problem. Throughout the Nation billions of dollars have been spent without solving the problem, but we cannot abandon our efforts. We cannot do this because of the humanitarian aspect of the problem, and, finally, we cannot abandon our efforts because to do so would bring disaster in a strictly material sense to all classes of our citizens. If, for example, there were a curtailment of the security wage received by employees on the projects of the W. P. A. there would be a similar curtailment on the income of merchants and landlords with whom the W. P. A. pay checks are now spent.

I have included in the budget which is submitted to you an item of $300,000 for W. P. A. participation. This sum is identical with the amount included last year. I do not presume to state that this is sufficient. I do know that from funds allocated to the various departments of local government in the current year, various W. P. A. projects were sponsored, and I do know that the total W. P. A. sponsorship costs to San Francisco during the current fiscal year will, in the aggregate, total around $900,000.

Just how we should proceed in order to cope with this problem of unemployment during the enusing fiscal year I cannot say, at this time. It is a problem in which the administrative, executive and legislative branches of local government have an equal and continuing responsibility. Because of that joint responsibility, in so far as local government is concerned, and because of the participation of State and Federal governments in this problem, a meeting is to be held on Wednesday of this week to bring about an improved coordination of effort during the ensuing fiscal year and to work out a project program. It is my intention to attend the National Conference of Mayors in New York, at which time this problem will be discussed and, following the National Conference of Mayors, there will be a series of meetings with officials of the Federal government in Washington, D. C. Prior to the final day for action by your Honorable Board on the budget, I will be back in San Francisco and it may be that as a result of the New York and Washington meetings, plus the coordinated efforts locally, that I will be able to make a more detailed recommendation on this problem.

I urge that in your budget discussions and deliberations in the meantime you give your earnest and studious consideration to this matter.

Welfare Activities.

The provision made in this budget for the humanitarian activities which are under the direction of the Public Welfare Department is premised upon existing laws. The Legislature has pending before it many measures which if enacted will affect the provisions made in this

budget for these activities. The situation is identical with that which confronted us in 1937 at budget time and the members of the Board will recall that on the advice of the City Attorney, based on court decisions, the obligations of local government with respect to these needs were met in September at the time of the tax levy. The City Attorney will advise you, as he has advised me, that we must follow that same course this year.

Municipal Salaries.

In view of the fact that the question of salaries of municipal employees is to be passed on by the voters on May 19, I have revised the budget estimates as submitted, wherever it was necessary so to do in order that the salary schedule reflected in this budget will conform to the present salaries now being paid to municipal employees. I have made but one exception to this policy: that one exception has to do with the car and auto painters of the Municipal Railway. Their present salary is $9.00 per day. Other men doing exactly the same work in other municipal departments are receiving $10.00 per day. The disparity between these two groups is the result of a defect in budget procedure in the year 1937. The Appellate Court recently ruled that the 1937 attempt to correct this disparity was not in accordance with the procedure laid down by the provisions of the Charter. I feel that substantial justice can be served now—in view of the court decisions—by recommending a one dollar per day increase for this group in order to bring them up to the level of their fellow craftsmen in other municipal departments. I do so recommend. This is the only salary increase contained in the revised budget which is now before you. The total involved is infinitesimal but I direct your attention to this fact because it is in truth and in fact a salary increase and the only one, as I have said, in the revised budget.

The General Problem.

The Charter provides that a tax must be levied each year, the proceeds of which, together with the revenues from all other sources, will be sufficient to meet all appropriations made by the annual appropriation ordinance.

The principal revenues from sources other than property taxes may be generally classified as follows:

1. Provided by State law.
2. Provided by Federal law.
3. Provided by vote of the people.
4. Utility revenue.
5. Regulation and inspection charges.
6. Franchise taxes.
7. Rents and sales.

Some of these sources of revenue are not under local control, some are restricted by local law, many are based on related expenditures, and nearly all are inflexible.

It is apparent that the prime flexible source of revenue for general purposes is the property tax. Budget inclusions which are not cared for by specific revenues from sources other than taxes must be supported by a property tax levy.

Your local government is in no different position than the local government of every large city in America. All municipalities face a grave fiscal problem because the activities of local governments have been greatly expanded by reason of public demand for additional governmental services and by reason of urgent necessity for additional governmental subsidies due to disturbed economic conditions. In your studies of the budget request you will find that this trend continues. The difficulty and the danger is that, apart from the aid which local government receives from State and Federal governments, the principal source of revenue open to local government continues to be a tax levy against the property of local citizens. Unfortunately, requests

for more service—that is, the need for more local revenue—conflict directly with the citizens' increasingly aggressive demand for lower taxes. The problem is the joint problem, finally, in a strictly local sense, of the administrative, executive and legislative branches of local government. In that problem this year as in other years we will, I feel certain, extend to one another the maximum of cooperative endeavor.

The request of departments and of the public for the extension of existing services and for new services, if acceded to, would have created a very large additional tax burden. It was therefore necessary that I limit my recommendations to essential necessities rather than allow demands for many desirable services and extensions.

This I have done and the following indicates that requirements from taxes to balance my recommendations will be less than for the current fiscal year.

Amount Required From Taxes, Fscal Years 1939-40 and 1938-39

	1939-40 Budget	*1938-39 Budget*	*Increase *Decrease*
Amount required from taxes—General City and County purposes	$27,560,504	$28,137,604	*$577,100
Amount required from taxes—Schools	5,648,463	5,180,695	467,768
Total tax requirements	$33,208,967	$33,318,299	*$109,332

The Controller's office, the Civil Service Commission, and the Purchaser of Supplies have been of material assistance to me in my study of the budget requests and in those studies have accumulated a complete file of statistical data which I know will be of benefit to your Board in your consideration of the budget problem. I know that these divisions of the administrative branch of local government will, as always, be at your service during your budget deliberations.

Yours very truly,

ANGELO J. ROSSI,
Mayor.

UNFINISHED BUSINESS.

Confirming Lease of Certain San Francisco Airport Land to Frank Zwissig.
(Series of 1939)

Also, Resolution No. 254, as follows:

Whereas, pursuant to Ordinance No. 109, Bill No. 92 (Series of 1939), the Director of Property advertised in the official newspaper that bids or offers would be received by him on April 14, 1939, for leasing the following described City-owned land situated in the County of San Mateo, State of California:

All that portion of the San Francisco Airport lands as described in Agreement between Mills Estate, Inc., and City and County of San Francisco, dated August 16, 1930, and recorded September 4, 1930, in Book 559, page 1, Official Records of San Mateo County, lying west of the Bay Shore Highway.

Containing 555 acres, more or less.

Whereas, in response to said advertisement, Frank Zwissig offered to lease said property for a period of four years at a rental of $200 per month, no higher bids having been made or received; and

Whereas, Frank Zwissig has paid the sum of $250 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Public Utilities Commission has recommended that the property be rented subject to the above-mentioned terms and conditions; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be and are hereby authorized and directed to execute the necessary lease on behalf of the City and County of San Francisco, a municipal corporation.

If the lessee fails to enter into the lease then the Director of Property may retain all or a portion of the deposit of $250 to defray the cost of advertising and the services of the Real Estate Department. The lease shall not become effective until the City obtains title to all of said property.

Authorizing and Directing Cancellation of Taxes on Property Acquired by the Housing Authority of the City and County of San Francisco.

(Series of 1939)

Also, Resolution No. 256, as follows:

Resolution declaring that in all cases where property is acquired by the Housing Authority of the City and County of San Francisco subject to the lien for taxes effective on the first Monday in March 1939, that said taxes be cancelled pursuant to the provisions of Section 3804a of the Political Code of the State of California.

Whereas, the Housing Authority of the City and County of San Francisco is about to acquire various parcels of real property in said City and County for the purpose of carrying out the provisions of law under which said Authority was organized; and

Whereas, all taxes for the fiscal year 1939-40 on said property to be so acquired by said Authority became a lien thereon on the first Monday in March, 1939; and

Whereas, the amount of said taxes on said property cannot be determined until the tax rate is fixed during the month of September, 1939; and

Whereas, pursuant to the provisions of Section 2, Chapter I of the Laws passed at the special session of the Legislature of the State of California in 1938, approved March 21, 1938, it was by act provided that the property of Housing Authorities shall be exempt from all taxes and special assessments of the State, or any city, city and county, county, town or political subdivision of the State; and

Whereas, in the Municipal Co-operation Agreement between the City and County of San Francisco and the Housing Authority of the City and County of San Francisco, it is provided:

"The City agrees that during the period commencing with the date of the acquisition of any part of the site or sites for each project and continuing throughout the useful life of such project, it will not levy, impose, or charge any taxes or special assessments against the project or against the Authority. . . ."

Whereas, the City Attorney of the City and County of San Francisco has given his written consent to the cancellation of such taxes and special assessments as provided in Section 3804a of the Political Code of the State of California; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that the lien for taxes for the fiscal year 1939-40 on any property acquired by the Housing Authority of the City and County of San Francisco for the purposes for which said Authority has been organized, be, upon said Authority's acquiring title thereto, and the same is hereby, cancelled in conformity with the provisions of Section 3804a of the Political Code of the State of California, and the Assessor, Tax Collector, and all public officers having custody of the records of said taxes are hereby ordered and directed to cancel the same and to take no action for the collection thereof.

Changing the Name of Cameron Alley to Old Chinatown Lane.

(Series of 1939)

The following recommendation of the Streets Committee was taken up:

Resolution No. 257, as follows:

Resolved, That the name of Cameron alley be and is hereby changed to Old Chinatown lane.

Protest Against Change of Name Cameron Alley to Old Chinatown Lane.

The following protest against the change of name Cameron alley to Old Chinatown lane was read by the Clerk:

San Francisco, April 27, 1939.

Board of Supervisors, San Francisco.

Please register my protest against changing the name of Cameron alley. Donaldina Cameron has devoted her life to freeing Chinatown from its slave girl traffic and has received little enough recognition for

her noble efforts. Cannot the tiny street, Cameron alley, continue to carry her name as a small memorial to her unselfish devotion to our young Chinese girls? Just what pressure has been brought to bear to effect a change of name, and what is the real reason for change?

I vigorously protest a change of name. Do leave it as it is.

Sincerely,

MRS. HILARY CRAWFORD.

Following statements by Supervisors Schmidt and Colman, in which they reported on observations made by themselves as to the development of that so-called alley, and the contemplated erection of a plaque honoring Donaldina Cameron.

Closing and Abandoning Portion of Oneida Avenue.

(Series of 1939)

The following recommendations of the Streets Committe were taken up:

Resolution No. ....., as follows:

Whereas, on the 3rd day of April, 1939, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 187 (Series of 1939), which resolution was presented to his Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 6th day of April, 1939; said resolution being in words and figures as follows:

Intention to Close Portion of Oneida Avenue.

(Series of 1939)

Resolution No. 187, as follows:

Resolved, That public interest requires that the following described portion of Oneida avenue in San Francisco, California, be closed and abandoned:

PARCEL A: Beginning at the southeasterly termination of the northeasterly line of Oneida avenue, as shown on West End Map No. 1, as per map thereof filed May 1, 1863, in Map Book 2A and B, at page 45, Records of the City and County of San Francisco, said termination being distant 242.00 feet southeasterly from the southeasterly line of Cayuga avenue; thence running northwesterly along said line of Oneida avenue 17.00 feet to the southeasterly line of the property now or formerly owned by Harry Epstein; thence deflecting 90 degrees to the left and running southwesterly along the southwesterly prolongation of the said property line of Epstein, 7.50 feet to a line parallel with and distant 7.50 feet at right angles to said line of Oneida avenue; thence deflecting 90 degrees to the left and running southeasterly along said parallel line, 4.312 feet to the southeasterly termination line of Oneida avenue; thence deflecting 30 degrees 35 minutes 19 seconds to the left and running easterly along said southeasterly termination line, 14.739 feet to the northeasterly line of Oneida avenue and the point of beginning.

Being a portion of Oneida avenue, as said avenue is shown on the above-mentioned West End Map No. 1.

Further Resolved, That it is the intention of this Board to close and abandon said portion of Oneida avenue in accordance with the

provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California; and be it

Further Resolved, That any damage, cost and expense of said closing and abandonment be paid by the City and County of San Francisco.

Upon the final closing of said portion of Oneida avenue, it is understood that the City and County of San Francisco, a municipal corporation, shall convey all interest therein to Northern Counties Title Insurance Company in exchange for the following described parcels of land situated in San Francisco, California, required for the extension of Oneida avenue into Alemany boulevard:

PARCEL 1: Beginning at the southeasterly termination of the southwesterly line of Oneida avenue, as shown on West End Map No. 1, as per map thereof filed May 1, 1863, in Map Book 2A and B, at page 45, Records of the City and County of San Francisco, said termination being distant 142.5 feet southeasterly from the southeasterly line of Cayuga avenue; thence southeasterly on the prolongation of said line of Oneida avenue 80.5 feet; thence at a right angle northeasterly 47.586 feet to a point on the southeasterly termination of Oneida avenue; thence deflecting 120 degrees 35 minutes 19 seconds to the left and running southwesterly on said termination 93.513 feet to the southwesterly line of Oneida avenue and the point of beginning.

Being a portion of West End Map No. 1.

PARCEL 2: Beginning at a point on the southeasterly termination of Oneida avenue, as shown on West End Map No. 1, as per map thereof filed May 1, 1863, in Map Book 2A and B, page 45, Records of the City and County of San Francisco, said point being distant 223 feet at right angles southeasterly from the southeasterly line of Cayuga avenue, and distant 47.586 feet at right angles northeasterly from the southwesterly line of Oneida avenue produced southeasterly; thence southwesterly and parallel to Cayuga avenue 5.086 feet; thence at a right angle southeasterly 60.03 feet to the northwesterly boundary of the property acquired from Stephano Ventre for Alemany boulevard by the City and County of San Francisco, by deed recorded in Vol. 1862, at page 54, Official Records of said City and County; thence at a right angle northeasterly along said boundary 10 feet; thence at a right angle northwesterly 53.718 feet to the southeasterly termination of Oneida avenue; thence deflecting 30 degrees 35 minutes 19 seconds to the left and running southwesterly on said southeasterly termination 9.656 feet to the point of beginning.

Being a portion of West End Map No. 1.

As a further consideration, it is understood that the City and County of San Francisco shall convey the following described real property to Northern Counties Title Insurance Company, which property is situated in San Francisco, California, and is surplus City-owned land acquired in connection with the opening of Alemany boulevard:

PARCEL B: Commencing at the northeasterly termination of the southeasterly line of Knight's place, and running thence southeasterly along the dividing line between the lands of Stephano Ventre and the lands now or formerly owned by the Ocean Shore Railroad Company, a distance of 33.282 feet to the northwesterly line of the proposed Alemany boulevard and the true point of beginning; thence northeasterly along said northwesterly line, being a curve to the left, tangent to a line deflected to the left 104 degrees 41 minutes and 52 seconds from the preceding course, having a radius of 950 feet and a central angle of 8 degrees 20 minutes 38 seconds a distance of 138.347 feet; thence continuing northeasterly along said northwesterly line, tangent to the curve of the preceding course 69.222 feet to the dividing line between the lands of the City and County of San Francisco and Stephano Ventre; thence southwesterly along said dividing line, being

a curve to the right, tangent to a line deflected to the left 176 degrees 48 minutes 57 seconds from the preceding course, having a radius of 2232 feet and a central angle of 5 degrees 13 minutes 49 seconds, a distance of 203.744 feet to the aforementioned dividing line between the lands of Stephano Ventre and the lands now or formerly owned by the Ocean Shore Railroad Company; thence southeasterly along said dividing line 11.431 feet to the northwesterly line of the proposed Alemany boulevard and the true point of beginning.

Being a portion of the Rancho Rincon de las Salinas y Potrero Viejo.

The deed for the conveyance of Parcels A and B to Northern Counties Title Insurance Company shall be executed pursuant to Chapter 690, 1911 Statutes of California.

The Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and said Department is hereby directed to give notice of said contemplated closing and abandonment of said portion of Oneida avenue in the manner provided by law, and to cause notice thereof to be published in the official newspaper of San Francisco.

Adopted—Board of Supervisors, San Francisco, April 3, 1939.

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Shannon, Uhl.

Absent: Supervisors Roncovieri, Schmidt.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

DAVID A. BARRY, Clerk.

Approved, San Francisco, April 6, 1939.

ANGELO J. ROSSI, Mayor.

And Whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 187 (Series of 1939); and

Whereas, the Supervisors have acquired jurisdiction to order that the portion of Oneida avenue, described in Resolution No. 187 (Series of 1939), be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portion of Oneida avenue, specifically described and proposed in said Resolution No. 187 (Series of 1939), be closed and abandoned; and be it

Further Resolved, That the entire damages, costs and expenses of closing said portion of said street described in Resolution No. 187 (Series of 1939), shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution No. 187 (Series of 1939); and be it

Further Resolved, That the said closing and abandonment of said portion of said street described in Resolution No. 187 (Series of 1939), shall be done in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco and the General Laws of the State of California; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that the Department of Public Works be instructed to proceed thereafter

as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Meyer—1.

Re-referred to Streets Committee.

Subsequently during the proceedings, because sufficient time since the adoption of the resolution of intention as incorporated in the foregoing resolution had not elapsed, on motion duly made and seconded, the action whereby the foregoing resolution was adopted was rescinded and the resolution was *re-referred to the Streets Committee.*

Closing and Abandoning Portions of Seneca Avenue and Otsego Avenue.

(Series of 1939)

Also, Resolution No. ....., as follows:

Whereas, on the 3rd day of April, 1939, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 185 (Series of 1939), which resolution was presented to his Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 6th day of April, 1939; said resolution being in words and figures as follows:

Intention to Close and Abandon Portions of Seneca Avenue and Otsego Avenue.

(Series of 1939)

Resolution No. 185, as follows:

Resolved, That the public interest requires that the certain following described portions of Seneca avenue and Otsego avenue be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Seneca avenue and Otsego avenue more particularly described as follows, to-wit:

Beginning at the intersection of the southwesterly line of Oneida avenue with the northwesterly line of Otsego avenue; thence running southwesterly along the said line of Otsego avenue 400 feet to the northeasterly line of Seneca avenue; thence at right angles northwesterly along said line of Seneca avenue 134.302 feet; thence leaving the last-named line of Seneca avenue and running southeasterly on the arc of a curve to the right, tangent to the aforesaid line of Seneca avenue, radius 430 feet, central angle 32 degrees 32 minutes 43 seconds, a distance of 244.250 feet to a point on the northeasterly line of Seneca avenue, said point being the most northerly termination of that certain course of radius 430 feet, central angle 18 degrees 18 minutes 29 seconds and 137.400 feet in length, as shown on Sheet No. 1, Subdivision No. 2, Geneva Terraces, filed December 28, 1928, in Liber "M" of Maps, at pages 5 to 8, inclusive; thence running northwesterly along said line of Seneca avenue and continuing northerly and northeasterly along the northwesterly line of that portion of Seneca avenue previously closed by Resolution No. 32153, New Series, of the San Francisco Board of Supervisors, on the arc of a curve to the right, tangent to the preceding curve at the latter point, radius 80.102 feet, central angle 57 degrees 27 minutes 17 seconds, a distance of 80.325 feet to tangency with the southeasterly line of Otsego avenue; thence running northeasterly along last-named line of Otsego avenue 400 feet to the aforesaid line of Oneida avenue; thence at right angles northwesterly 60 feet to the point of beginning.

Saving and excepting therefrom a sewer easement 10 feet in width lying 5 feet on each side of the following described centerline: Beginning at a point on the centerline of Seneca avenue, distant thereon

23.495 feet southeasterly from the northwesterly line of Otsego avenue, said point of beginning being on the third course of the above description (a curve to the right of 430-foot radius); thence running southeasterly along said line of Seneca avenue 42.335 feet to the northwesterly line of that portion of Seneca avenue previously closed by the above-mentioned Resolution No. 32153, New Series.

Said closing and abandonment of said portions of Seneca avenue and Otsego avenue shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Seneca avenue and Otsego avenue in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Funston Avenue Approach.

Supervisor Brown, Chairman of Committee to Confer With the State Highway Commission re Funston Avenue Approach, reported on meeting with the Commission at the Bellevue Hotel, San Francisco, on Friday, April 28, 1939. The Highway Commission, reported Supervisor Brown, has receded from its previously expressed position, and agreed not to charge the balance of the proportion of the cost of the approach against San Francisco's portion of the 1½ cent gas tax. However, the Commission refused to share the federal funds received with San Francisco. The total cost of the construction of the approach, because of the lowness of the bids received, being less than $1,500,000, San Francisco's share will be about $480,000.

Supervisor Roncovieri also reported on meeting with the Highway Commission, agreeing with statement made by Supervisor Brown. He recited in detail, the facts concerning the construction of the Waldo Approach and the agreement of the State Highway Commission with respect to the Funston Avenue Approach. Supervisor Roncovieri objected emphatically to the Commission's retention of the full amount of the Federal appropriation of 45 per cent of the cost of the proposed construction, holding that the City was entitled morally, if not legally, under the terms of its contract with the Highway Commission, to one-third of that appropriaion, and that the Commission's plea of lack of funds was no excuse for is failure to share with San Francisco the aid received by the federal government.

Assistant City Attorney Henry Heidelberg explained to the Board the terms of the contract with the Highway Commission regarding the construction of the Funston Avenue Approach. He reviewed, also, the

Highway Commission's contention that it could spend the money as it wished to. However, Mr. Heidelberg stated further, the courts have ruled that the Presidio is not within the City and County of San Francisco; neither is it part of the State of California. Therefore, in his opinion, the Commission could not spend San Francisco's share of gas tax money outside of San Francisco, and San Francisco could well make claim on the Highway Commission to share the $800,000, odd, received from the federal government. The State has not the right to change the terms of the contract entered into with the City, without the consent of the City.

Supervisor Brown, thereupon, in closing his report on the conference with the Highway Commission, agreed with Supervisor Roncovieri and with Mr. Heidelberg regarding the legal status of the City and the obligation of the Commission to live up to the terms of its contract. He stated, however, that the practical result, if the City continued to press for a share of the P. W. A. grant, that work on the project might be stopped.

Re-reference to Committee.

Thereupon, at the suggestion of the Chair, Supervisor Brown, Chairman of the Special Committee, requested that the entire matter be rereferred to that Committee, and that the Committee meet on Monday, May 8, at 11 a. m., for further consideration thereof.

No objection, and *so ordered.*

Subsequently during the proceedings, Supervisor Uhl, under his name on Roll Call, inquired if an opinion had been requested from the City Attorney as to the rights of the Board to bring suit against the State Highway Commission, or what action the Board should take in the matter.

Supervisor Brown stated that an official communication from the Highway Commission, notifying the Board of its intention regarding the financing of the Funston Avenue Approach was expected, and requested the Clerk, on receipt of said communication, to refer same to the City Attorney for his opinion as to the rights of the Board in the matter, and to request his opinion in time for the Committee's meeting on Monday, May 8, at 11 a. m.

Golden Gate International Exposition Commemorative Aeroplane Stamps of the Government of El Salvador.

(Series of 1939)

Supervisor Brown presented:

Resolution No. 262, as follows:

Whereas, the government of El Salvador has recently honored San Francisco by the issuance of air mail stamps commemorative of the Golden Gate International Expositon. The stamps are in three series, fifteen cent, thirty cent and forty cent stamps, and were put into service on Pan-American Day, April 14, 1939, on the occasion of the First Inter-American Congress held in San Francisco on that day. The stamps contain the great seal and coat of arms of El Salvador and the seal of the State of California and depict the Golden Gate Bridge with an aeroplane passing above and the words "Correo de El Salvador—Exposicion Internacional de la Puerta de Oro"; therefore, be it

Resolved, By the Board of Supervisors that we express to the government of El Salvador our deepest gratitude for this most timely, friendly and courteous gesture which does honor to our City and cements a spirit of good will and cooperation between our peoples; and be it

Further Resolved, That copies of this resolution of appreciation be sent to the President of the government of El Salvador and to his representative in San Francisco, Consul General Senor Jorge Ramirez.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Requesting Public Utilities Commission to Reestablish Bus Service on Ocean Beach Highway.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. ....., as follows:

Whereas, the residents, property owners and business people in the western portions of San Francisco are greatly in need of adequate cross-town transportation along the Ocean Beach; and

Whereas, the citizens of San Francisco who visit the show sections along the Ocean Beach are inconvenienced by the lack of municipal transportation connecting Fleishhacker Zoo, Playgrounds and Swimming Pool with the Cliff House, Seal Rocks, and Playland at the Beach; and

Whereas, civic organizations such as the Great Highway Club, the Parkside Improvement Club, the Ingleside Boosters Club, and the Sunset Heights Improvement Club whole-heartedly endorse the reestablishment of the municipal bus connecting the northern end of San Francisco's Ocean Beach with the southern end; now, therefore, be it

Resolved, That the Public Utilities Commission be and is hereby requested to furnish this Board with report, recommendation and estimate of cost in connection with the reestablishment of municipal bus service along the Ocean Beach, connecting the "B" "N" and "L" carline terminals.

Referred to Public Utilities Committee.

Memorializing the Assembly of the State Legislature to Pass Assembly Bill No. 1148, Known as "California Youth Commission Act."

(Series of 1939)

Supervisor Mead presented:

Resolution No. ....., as follows:

Whereas, there has been introduced in the State Legislature by Messrs. Atkinson, Rosenthal, Dills, Turner, Del Mutolo, Reaves, Richie, Hawkins and Tenney, members of the State Legislature, Assembly Bill No. 1148, An act to provide for the establishment and operation of a California Youth Commission, specifying the functions thereof, with respect to study and solution of problems of youth, and making an appropriation therefor; and

Whereas, this bill is designed to coordinate the activities of youth agencies already in the field in the interests of maximum economy and as a means of improving their effectiveness; and

Whereas, this bill will provide the necessary facilities for the guidance, placement and general social welfare of young men and women and will serve the best interests of San Francisco's 102,000 young citizens; now, therefore, be it

Resolved, That this Board of Supervisors memorialize the Assembly of the State Legislature to pass Assembly Bill No. 1148, known as "California Youth Commission Act."

Referred to Judiciary Committee.

Budget Meeting, Board of Supervisors.

(Series of 1939)

Supervisor Roncovieri presented:

Resolution No. 263, as follows:

Resolved, That the Board of Supervisors meet on May 11th, 1939, at 2 p. m. in the Chambers of the Board, City Hall, for public hearings

on the Budget Estimates, 1939-1940, as submitted by his Honor the Mayor.

All interested persons are invited to attend this meeting.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Board to Inquire of Public Utilities Commission If a Survey Has Been Made of the Outer Mission District Looking to Better Municipal Railway Transportation Facilities.

(Series of 1939)

Supervisor Schmidt presented:

Resolution No. ....., as follows:

Whereas, numerous complaints have been made by residents of the Outer Mission District relative to the inadequacy of street transportation facilities now serving this section; and

Whereas, the citizens of this area of San Francisco are desirous of having a comprehensive transportation survey made, if one is not now contained in the files of the Public Utilities Commission, which has for its purpose the extension of Municipal Railway facilities into this section at the earliest possible date; and

Whereas, the residents of this district are anxious to know when they can reasonably expect extension of Municipal Railway transportation facilities into their area; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco address a letter of inquiry to the Public Utilities Commission asking if a transportation survey covering the Outer Mission District has been made and, if so, at what time the residents of this section can reasonably expect inauguration of improved Municipal transportation facilities.

Referred to Public Utilities Committee.

Appointment of Committee to Bring National Democratic Political Convention to San Francisco.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 264, as follows:

Whereas, the National Convention of the Democratic Party is to be held in 1940 to nominate candidates for President and Vice-President of the United States; and

Whereas, the Democratic Party held its national convention in San Francisco in 1920 and was most generously received, and expressed great satisfaction with the treatment accorded all the delegates; and

Whereas, San Francisco offers unexcelled advantages for the holding of national conventions; climatic conditions, and hotel accommodations at reasonable rates which cannot be excelled; and

Whereas, the San Francisco Exposition Auditorium is unquestionably the finest and most convenient convention hall in the United States and is at the disposal of national conventions without cost; now, therefore, be it

Resolved, That the Board of Supervisors, representing the people of San Francisco, hereby extends a cordial invitation to the Democratic National Committee to designate San Francisco as the meeting place of the 1940 convention, and assures the delegates to that convention the fullest expression of San Francisco's hospitality and courtesy; and be it

Further Resolved, That his Honor the Mayor appoint an appropriate

committee of citizens to make arrangements and transmit this invitation to the Democratic National Committee.

Adopted by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

Appointment of Committee to Bring Republican National Political Convention to San Francisco.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 265, as follows:

Whereas, the National Convention of the Republican Party is to be held in 1940 to nominate candidates for President and Vice-President of the United States; and

Whereas, San Francisco offers unexcelled advantages for the holding of national conventions: climatic conditions, and hotel accommodations at reasonable rates which cannot be excelled; and

Whereas, the San Francisco Exposition Auditorium is unquestionably the finest and most convenient convention hall in the United States, and is at the disposal of national conventions without cost; now, therefore, be it

Resolved, That the Board of Supervisors, representing the people of San Francisco, hereby extends a cordial invitation to the Republican National Committee to designate San Francisco as the meeting place of the 1940 convention, and assures the delegates to that convention the fullest expression of San Francisco's hospitality and courtesy; and be it

Further Resolved, That his Honor the Mayor appoint an appropriate committee of citizens to make arrangements and transmit this invitation to the Republican National Committee.

Adopted by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

In Memoriam—George F. Bunner.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. 266, as follows:

Whereas, George F. Bunner has been summoned to his eternal reward; and

Whereas, George Bunner's life was one of devotion to his family and of faithful service to our City as a former member of the San Francisco Fire Department for thirty-four years from which he retired as Lieutenant in 1923; now, therefore, be it

Resolved, That this Board of Supervisors notes with deep regret the passing of George F. Bunner, and expresses its sincere condolences to his widow and family; and be it

Further Resolved, That when this Board adjourns this day, it does so out of respect to the memory of the late George F. Bunner.

Unanimously adopted by rising vote.

In Memoriam—Mrs. Hunter Liggett.

(Series of 1939)

Supervisor Colman presented:

Resolution No. 267, as follows:

Whereas, death has summoned to her eternal reward Mrs. Harriet Lane Liggett, widow of the late Lieutenant General Hunter Liggett, famed war hero; and

Whereas, Mrs. Harriet Liggett, during her entire wedded life, was the faithful companion of her late husband, and in the war against the Sioux Indians and in his assignments in the Philippines and in all his other campaigns she shared with him all the rigors of military life, until he rose to the rank of Major General. After he returned from the World War she shared the honors bestowed him in his retirement as a hero of the World War; now, therefore, be it

Resolved, That this Board of Supervisors expresses profound sorrow at the passing of Mrs. Harriet Lane Liggett, devoted wife of a brave, noble and distinguished soldier of the United States Army, and upon adjourning today, this Board does so out of respect to her revered memory.

Unanimously adopted by rising vote.

The following recommendation of Committee on Fire, Safety and Police, heretofore passed for second reading, was taken up:

Regulating Storage and Parking of Automobiles.
(Series of 1939)

Bill No. 153, Ordinance No. 151, as follows:

An ordinance amending Chapter VIII, Part II, of the San Francisco Municipal Code by adding Sections 825, 826, 827, 828, 829, 830, 831 and 832 to Article 12 thereof, regulating the storage of motor vehicles in garages and parking lots; regulating persons soliciting the storage of motor vehicles in garages and parking lots; providing for the licensing of and the issuing of permits to said persons and providing a charge therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The San Francisco Municipal Code is hereby amended by adding to Article 12, Chapter VIII, Part II thereof, the following Sections which read as follows:

Section 825. **Duties of Owner, Etc., of Garage or Parking Lot.** Whenever any owner or driver or person in charge of any automobile or motor vehicle offers the same for storage, temporary or permanent, in any public garage or parking lot in the City and County of San Francisco it shall be the duty of the owner, proprietor or person in charge of said garage or parking lot to care for said automobile or motor vehicle in said garage or parking lot unless said garage or parking lot is incapable of receiving or storing any additional automobiles or motor vehicles, whereupon, if said fact is known to the owner, proprietor or person in charge of said garage or parking lot, it shall be the duty of said owner, proprietor or person in charge of said garage or parking lot to advise the person driving, operating or in charge of said automobile or motor vehicle that said garage or parking lot cannot receive, care for, or store said automobile or motor vehicle; and if, with the consent of the owner, operator or person

in charge of said automobile or motor vehicle, said owner, proprietor or person in charge of said garage or parking lot accepts the storage or parking of said automobile or motor vehicle, it shall be the duty of said owner, proprietor or person in charge of said garage or parking lot to store or park said automobile or motor vehicle in the nearest garage or parking lot in which storage space is available unless otherwise directed by the owner or operator of said automobile or motor vehicle; and it shall be the duty of the owner, proprietor or person in charge of said garage or parking lot at which said automobile or motor vehicle is offered for storage or parking, when called upon to so do, to return said automobile or motor vehicle to the owner, operator or person in charge thereof who offered the same for storage or parking at the garage or parking lot where the same was offered for storage or parking; and it shall be unlawful for the owner, proprietor or person in charge of any garage or parking lot at which any automobile or motor vehicle is offered for storage or parking to park, or permit the same to be parked, on any public street, square, alley or other public place; provided, however, that nothing in Sections 825 to 832, inclusive, of this Article shall prevent the owner of any garage or parking lot from storing said automobile or motor vehicle in any other garage or parking lot owned by him or under his control.

Section 826. **Conditions for Acceptance for Storage or Parking. Solicitors. Permit. Wearing Badge and Name of Garage or Parking Lot.** No owner, proprietor or person in charge of any garage or parking lot shall accept the storage or parking of any automobile or motor vehicle in any garage or parking lot unless the said automobile or motor vehicle is offered for storage or parking by the owner or operator thereof, except when said automobile or motor vehicle is offered for storage or care through any hotel at which the owner or operator of said automobile or motor vehicle is, or is about to become, a bona fide guest; and also except when said automobile or motor vehicle is offered for storage or parking by any duly permitted and authorized solicitor whose appointment is provided for in Section 827 of this Article. Any person soliciting or accepting any automobile or motor vehicle for storage or parking in any garage or parking lot shall first obtain a permit to so do from the Chief of Police; said person so soliciting, accepting or caring for the storage of any automobile or motor vehicle shall wear conspicuously upon his person the badge provided for in Section 828 of this Article, and shall also wear upon his person the name of the garage or parking lot for which he is soliciting or accepting the storage or parking of said automobile or motor vehicle.

Section 827. **Requiring Solicitor's Permit. Investigation of Application. Authorization. Notice Required.** No person within the City and County of San Francisco shall solicit the storage or parking of any automobile or motor vehicle unless he is the holder of a valid and unrevoked permit to so do, which said permit shall have been issued by the Chief of Police as provided in Section 826 of this Article. Any person desiring to obtain such a permit shall make application to the Chief of Police therefor upon such application blanks as the Chief of Police may provide. The Chief of Police shall investigate all applications and, when satisfied that the applicant is a person of good moral character and is competent and licensed to operate a motor vehicle under the laws of the State of California, may issue a license to said person to act as a solicitor for the storage or parking of automobiles or other motor vehicles. No person shall act as a solicitor for the storage or parking of automobiles or other motor vehicles except with the written authorization of the owner or proprietor of the garage or parking lot in which said automobile or motor vehicle is to be stored or parked. When any solicitor for the storage or parking of automobiles or other motor vehicles shall cease to be employed by the owner or proprietor of any garage or parking lot, it shall be the duty of said owner or proprietor to notify the Chief of Police, in writing, of said fact and when said solicitor is employed by the owner or

proprietor of any other garage or parking lot, it shall be the duty of said owner and operator to likewise notify said Chief of Police.

Section 828. **Issuance of Badge With Permit. Cost of Badge. Permit Revocation.** The Chief of Police shall issue with each permit a badge in suitable form and device, each of which said badges shall be separately numbered; and the Chief of Police shall maintain a record of the number of each badge and the name of the person to whom it is issued; a charge of Two ($2.00) Dollars shall be made by the Chief of Police for each badge issued and duplicates thereof shall be issued only upon the payment of a like sum. Any permit issued to any solicitor may be revoked by the Chief of Police for the violation of any rules made by the Chief of Police governing the conduct and operations of said solicitor, and full power and authority is hereby given to said Chief of Police to make all necessary rules and regulations governing the conduct and operations of said solicitors to carry out the purposes of Sections 825 to 832, inclusive, of this Article.

Section 829. **Duty of Solicitor. Responsibility of Owner, Etc.** Whenever any duly permitted and authorized solicitor shall accept any automobile or motor vehicle for storage or parking in any garage or parking lot, it shall be the duty of said solicitor to forthwith, and by the most direct route to take said automobile or motor vehicle to the garage or parking lot which he represents, and said solicitor shall be deemed, for the purpose of so taking said automobile or motor vehicle to said garage or parking lot, to be the agent of the owner or proprietor thereof and said owner or proprietor shall be responsible for the operation and safe keeping and care of said automobile or motor vehicle from the time that it is given into the hands of said solicitor until it is returned to said owner or operator thereof.

Section 830. **Request for Solicitor's Permit or Badge. Bona Fide Employee.** No person shall be granted a solicitor's permit or badge except at the request of the owner or operator of a garage or parking lot, and said solicitor must be a bona fide employee of said garage or parking lot.

Section 831. **Exception as to Disabled Motor Vehicle.** Nothing in Sections 825 to 832, inclusive, of this Article shall apply to the parking or storage, or to the soliciting of the parking or storage of disabled motor vehicles.

Section 832. **Notice of Charges to Be Posted. Receipt for Vehicle.** The owner of proprietor of any garage or parking lot shall at all times keep posted in a conspicuous place in said garage or on said parking lot a list of the charges to be made for the storage or parking of any motor vehicle, and said owner or proprietor shall not charge any higher price, rate or fee for the storing or parking of any motor vehicle than the price so listed. Every solicitor for the storage or parking of any motor vehicle shall, on request of the owner or operator thereof, give to said owner or operator of any said motor vehicle accepted for storage or parking, a receipt for said motor vehicle accepted for storage or parking, which said receipt shall show the name and location of the garage or parking lot in which said motor vehicle is to be stored or parked.

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Six-Hour Work Day on Public Contracts.

During the consideration of the foregoing resolution, Supervisor McSheehy called attention to legislation formerly enacted by the Board providing for a six-hour day for work on public contracts, which legislation was subsequently amended to provide for an eight-hour day, and suggested the re-enactment of legislation to provide for a six-hour day on public contracts.

Privilege of the Floor.

Mr. James E. Ricketts, Business Manager of the Building Trades Council, at the request of President Shannon, was granted the privilege of the floor, and expressed agreement with Supervisor McSheehy's suggestion.

Thereupon, Supervisor McSheehy announced that he would not object to the adoption of the foregoing resolution, but would report at the next meeting of the Board regarding a six-hour day for work on public contracts.

Adopted.

The following recommendations of Judiciary Committee were taken up:

Exempting Position of Consulting Sanitary Engineer from Residential Qualifications Provided in Section 7 of the Charter.

(Series of 1939)

Resolution No. 277, as follows:

Resolved, That in accordance with the recommendation of the Director of Public Health, the Civil Service Commission and his Honor the Mayor, the position of Consulting Sanitary Engineer be and is hereby exempted from the residential qualifications provided in Section 7 of the Charter.

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Memorializing the Assembly of the State Legislature to Pass Assembly Bill No. 1148, Known as "California Youth Commission Act."

(Series of 1939)

Resolution No. 278, as follows:

Whereas, there has been introduced in the State Legislature by Messrs. Atkinson, Rosenthal, Dills, Turner, Del Mutolo, Reaves, Richie, Hawkins and Tenney, members of the State Legislature, Assembly Bill No. 1148, an Act to provide for the establishment and operation of a California Youth Commission, specifying the functions thereof, with respect to study and solution of problems of youth, and making an appropriation therefor; and

Whereas, this Bill is designed to coordinate the activities of Youth Agencies already in the field in the interests of maximum economy and as a means of improving their effectiveness; and

Whereas, this Bill will provide the necessary facilities for the guidance, placement and general social welfare of young men and women and will serve the best interests of San Francisco's 102,000 young citizens; now, therefore, be it

Resolved, That this Board of Supervisors memorialize the Assembly of the State Legislature to pass Assembly Bill No. 1148, known as "California Youth Commission Act."

Privilege of the Floor.

Mr. Charles Rosenthal, representing San Francisco Youth Council, was granted the privilege of the floor, on motion by Supervisor McSheehy. He explained fully the need for a State Youth Commission, and urged the endorsement of Assembly Bill No. 1148, known as the "California Youth Commission Act," by the Board.

Thereupon, the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Adopted.

The following recommendations of Public Utilities Committee were taken up:

Requesting Public Utilities Commission to Reestablish Bus Service on Ocean Beach Highway.

(Series of 1939)

Resolution No. 279, as follows:

Whereas, the residents, property owners and business people in the western portions of San Francisco are greatly in need of adequate cross-town transportation along the Ocean Beach; and

Whereas, the citizens of San Francisco who visit the show sections along the Ocean Beach are inconvenienced by the lack of municipal transportation connecting Fleishhacker Zoo, Playgrounds and Swimming Pool with the Cliff House, Seal Rocks, and Playland at the Beach; and

Whereas, visitors to the Golden Gate International Exposition who tour the points of interest along San Francisco's beach are hampered by the absence of municipal transportation connecting Fleishhacker Zoo, Playground and Swimming Pool with the Seal Rocks, Cliff House, and Playland at the Beach; and

Whereas, civic organizations such as the Great Highway Club, the Parkside Improvement Club, the Ingleside Boosters Club, and the Sunset Heights Improvement Club whole-heartedly endorse the reestablishment of the municipal bus connecting the northern end of San Francisco's Ocean Beach with the southern end; now, therefore, be it

Resolved, That the Public Utilities Commission be and is hereby requested to furnish this Board with report, recommendation and estimate of cost in connection with the reestablishment of municipal bus service along the Ocean Beach, connecting the "B", "N" and "L" carline terminals.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Board to Inquire of Public Utilities Commission If a Survey Has Been Made of the Outer Mission District Looking to Better Municipal Railway Transportation Facilities.

(Series of 1939)

Also, Resolution No. 280, as follows:

Whereas, numerous complaints have been made by residents of the Outer Mission District relative to the inadequacy of street transportation facilities now serving this section; and

Whereas, the citizens of this area of San Francisco are desirous of having a comprehensive transportation survey made, if one is not now contained in the files of the Public Utilities Commission, which has for its purpose the extension of Municipal Railway facilities into this section at the earliest possible date; and

Whereas, the residents of this district are anxious to know when they can reasonably expect extension of Municipal Railway transportation facilities into their area; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco address a letter of inquiry to the Public Utilities Commission asking if a transportation survey covering the Outer Mission District has been made and, if so, at what time the residents of this section can reasonably expect inauguration of improved municipal transportation facilities.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Adopted.

The following recommendation of Public Buildings, Lands and City Planning Committee was taken up:

Rezoning Southwesterly Corner of Chestnut Street and Webster Street From Commercial District to Second Residential District.

(Series of 1939)

Resolution No. 281, as follows:

Resolved, That the action of the City Planning Commission by its Resolution No. 1954, passed April 6, 1939, reading as follows:

Resolved, That Section 2 of the Use of Property Zone Maps, constituting a part of the Building Zone Ordinance, be, and the same is hereby changed so as to place the following described property in the Second Residential District instead of the Commercial District:

The southwesterly corner of Chestnut street and Webster street; for a distance of 67' 6" on Chestnut street and 87' 6" on Webster street,

is hereby approved.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Mayor to Appoint Citizens' Committee for Reception to Postmaster General James A. Farley.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 284, as follows:

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to appoint a Citizens' Committee for reception to Postmaster General James A. Farley on his visit to San Francisco on or about May 20, 1939.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Request for Preparation of Legislation Regulating the Towing of Wrecked Automobiles.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. ...., as follows:

Whereas, charges have been recently made, which, if substantiated, indicate that gross irregularities exist in the towing of automobiles involved in accidents in this City and County; and

Whereas, it is essential to public welfare that the conditions which make possible said irregularities should be immediately removed through legislation which can be enforced by our Police Department; therefore, be it

Resolved, That this Board does hereby request the City Attorney to prepare suitable legislation governing the matter, and that in the preparation of said material the heads of the Police Department, the Fire Department, the Department of Public Works, and the Division of Motor Vehicles be consulted to the end that when said legislation is effective, it will be rigidly and strictly enforced by the responsible departments.

Referred to Fire, Safety and Police Committee.

Commending Representative Martin Dies and Mr. William Randolph Hearst for Their Stand Against Un-American Subversive Influences.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 285, as follows:

Whereas, the citizens of San Francisco were recently hosts to Representative Martin Dies of Texas, chairman of the Congressional Committee Investigating Un-American Activities; and

Whereas, Representative Dies, in an address to our citizens at the "Stand By America" rally in the Civic Auditorium, made an impressive appeal to our people to have faith in America; and

Whereas, as a direct result of Representative Dies' speech, the thousands who attended that great patriotic rally adopted resolutions to "Stand By American Principles and Historic Policies"; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco commends Representative Martin Dies of Texas for his stirring speech at the "Stand By America" rally in the Civic Auditorium in San Francisco, and for his courageous fight against un-American subversive influences in the United States; and be it

Further Resolved, That the Board of Supervisors commends William Randolph Hearst for his staunch Americanism, and his loyalty to our American ideals and institutions, and the work which he is directing in his newspapers throughout our country to support the "Stand By America" movement and combat those forces which would ruin and destroy all American principles of individual initiative and right; and be it

Further Resolved, That copies of this resolution be sent to Representative Dies and Mr. William Randolph Hearst.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Reduction of Rates of Admission to Exposition.

Supervisor McGowan presented:

Resolution No. ...., as follows:

Whereas, the Golden Gate International Exposition has established an admission rate of 25 cents for children up to the age of 12, and 50 cents for adults; and

Whereas, many families are unable to afford the cost of visiting the Exposition because of the present admission rates, in addition to transportation costs to reach Treasure Island from the mainland; and

Whereas, the public and private schools of San Francisco will soon close for the summer vacation; and

Whereas, all children should have an opportunity to attend the Exposition at popular rates and to visit the many scientific, industrial, art and cultural and other exhibits of interest to them as part of their education; and

Whereas, all citizens of San Francisco and other visitors to our City should likewise have the opportunity to visit the Exposition at the least possible expense; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby goes on record favoring a five-cent admission rate at all times for children under the age of 12 years to the Golden Gate International Exposition; frequent designation of "Dime Days" when the admission rate to the Exposition for adults shall be ten cents; and also a reduction in the regular 50-cent admission for adults; and, be it

Further Resolved, That a Committee of three members of said Board of Supervisors be appointed by the President of the Board to confer with the Board of Management of the Exposition to take up this matter of lowering admission rates at the earliest possible date.

Referred to Public Welfare Committee.

Demand of E. J. Long for Commencement of Actions Against Pacific Gas and Electric Company, Relating to Unauthorized Use of Streets.

The following demand of E. J. Long, taxpayer, for Commencement of Actions against Pacific Gas and Electric Company, a corporation, relating to Unauthorized Use of Streets, was presented by Supervisor McSheehy and read by the Clerk:

To the Honorable the Mayor, the Board of Supervisors, and the City Attorney of the City and County of San Francisco:

E. J. Long, a citizen, resident, freeholder and taxpayer of the City and County of San Francisco hereby respectfully makes demand upon you and each of you that you take all necessary or appropriate proceedings to authorize, commence and maintain to final judgment and enforcement thereof, an action or actions against Pacific Gas and Electric Company, a corporation, to enjoin said corporation from using or continuing to use the public streets and thoroughfares of the City and County of San Francisco in any manner not expressly authorized

by the franchises held by said corporation, or by the Constitution and laws of the State of California, the Charter of the City and County of San Francisco, or the valid ordinances of the Board of Supervisors now in force and effect, and particularly to enjoin said corporation from using said streets and thoroughfares for supplying heat or power by gas or electricity, or for any purpose other than supplying the City and County of San Francisco and the inhabitants thereof with gaslight or other illuminating light, and to recover from said corporation for the City and County of San Francisco, the sum of Five Million Dollars ($5,000,000), or other appropriate sum, as and for the value of, compensation for and damages and penalties arising out of such unauthorized use of said streets and thoroughfares, and that you do all things necessary or proper in the premises to the end that such unauthorized use be forever prohibited and that the City and County of San Francisco, and the inhabitants and taxpayers thereof may derive the just benefits and values accruing from such use now pursued without authority or recompense, to the detriment and loss of the City and County of San Francisco and the inhabitants thereof.

You are further notified that if you do not proceed in the premises with reasonable dispatch your failure so to do will be deemed a refusal of this demand, and the undersigned will thereupon institute the necessary or appropriate proceedings, as a taxpayer, on behalf of the City and County of San Francisco.

Dated: May 6, 1939.

(Signed) E. J. LONG.

Following the reading of the above demand, Supervisor McSheehy presented the following resolution:

Institution of Proceedings Enjoining Pacific Gas and Electric Company from Use of Streets for Distribution of Gas and Electricity for Other Than Lighting Purposes, Without a Franchise.

(Series of 1939)

Resolution No. ...., as follows:

Whereas, Pacific Gas and Electric Company is now using the streets and thoroughfares of the City and County of San Francisco for supplying heat and power by gas and electricity; and

Whereas, the franchises and the provisions of the State Constitution under which Pacific Gas and Electric Company is now operating authorize the use of said streets and thoroughfares only for the purpose of supplying gas and electricity for illuminating purposes; and

Whereas, Pacific Gas and Electric Company is using said streets and thoroughfares for supplying heat and power without compensation or remuneration of any kind to the City and County of San Francisco for such use, and the City and County of San Francisco is thereby deprived of the just benefits and values accruing from such use now pursued without authority or recompense, to the detriment and loss of the City and County of San Francisco and the inhabitants and taxpayers thereof; and

Whereas, by reason of such prior unauthorized use Pacific Gas and Electric Company has become indebted to the City and County for the reasonable value thereof; therefore, be it

Resolved, That the City Attorney be and he is hereby authorized and directed to take all necessary or appropriate proceedings to commence and maintain to final judgment and enforcement thereof, an action or actions against Pacific Gas and Electric Company to enjoin said corporation from using or continuing to use the public streets and thoroughfares of the City and County of San Francisco in any manner not expressly authorized by the franchises held by said corporation, or by the Constitution and laws of the State of California, and particularly to enjoin said corporation from using said streets and thoroughfares from supplying heat or power, or for any purpose other than

supplying the City and County of San Francisco and the inhabitants thereof with gaslight or other illuminating light and to recover from said corporation for the City and County of San Francisco the sum of Five Million Dollars ($5,000,000), or other appropriate sum, as and for the value of compensation for and damages and penalties arising out of such unauthorized use of said streets and thoroughfares, and do all things necessary or proper in the premises to the end that such unauthorized use be forever prohibited and that the City and County of San Francisco, and the inhabitants and taxpayers thereof may derive the just benefits and values accruing from such use now pursued without authority or recompense, to the detriment and loss of the City and County of San Francisco and the inhabitants and taxpayers thereof.

Referred to Joint Finance and Public Utilities Committee.

Report of Special Committee on Funston Avenue Approach.

Supervisor McSheehy reported on the meeting of the Special Committee on Funston Avenue Approach, May 8, 1939, at 11 a. m., stating that Assistant City Attorney Henry Heidelberg and Director of Public Works A. D. Wilder were appointed to interview the State Highway Commission on Tuesday, May 9, 1939, and that after their report had been received another meeting of the Committee would be called.

Request for Additional Fire and Building Codes.
(Series of 1939)

Supervisor Mead presented:

Resolution No. 286, as follows:

Whereas, promotive examinations will be held in the near future for ranking positions in the Fire Department; and

Whereas, because the supply of Fire and Building Codes, recently published, is exhausted, many of the candidates for these positions find it impossible to acquaint themselves with laws upon which they will be examined; now, therefore, be it

Resolved, That the City Attorney, the Controller and the Purchaser of Supplies be and are hereby requested to confer and to devise ways and means whereby copies of the aforementioned codes may be made available.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Passed for Second Reading.

The following matter presented by Supervisor Meyer for Public Utilities Committee was taken up:

Authorizing Market Street Railway Company to Abandon and Discontinue Its Railway Street Car Service and Remove Its Railway Tracks From Ninth Street Between Bryant Street and Brannan Street in the City and County of San Francisco.

Bill No. 170, Ordinance No. ...., as follows:

Authorizing Market Street Railway Company to Abandon and Discontinue its Railway Street Car Service and Remove Its Railway Tracks from Ninth Street Between Bryant Street and Brannan Street in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Market Street Railway Company, who is the owner and holder of a permit to operate a street railway over and along Ninth street between Bryant street and Brannan street in the City and County of San Francisco, which said street railway is now in operation, having in writing petitioned the Board of Supervisors of

the City and County of San Francisco for permission to discontinue the operation of its street railway line along the said above mentioned portion of Ninth street, and the said Board of Supervisors having given consideration to the said petition of said Market Street Railway Company to abandon its said street car service and remove its said railway tracks from said above mentioned portion of Ninth street, said Board of Supervisors does hereby find that the public interest will not be injured and will not suffer by said abandonment of said street car service.

Section 2. In view of the provisions and findings contained in Section 1 of this ordinance, the Board of Supervisors does hereby authorize said Market Street Railway Company to abandon its street car service and to remove its railway tracks on Ninth Street from Bryant street to Brannan street; and such abandonment shall be without prejudice to any of the other rights now owned or held by said Market Street Railway Company under the operating permit issued to said Company on the 9th day of February, 1931.

Section 3. That in lieu of said street car service heretofore maintained by said Market Street Railway Company over the aforesaid portion of Ninth street, said company will provide transportation over said portion of said street by means of buses authorized under Resolution No. 93, Series of 1939, heretofore adopted by this Board of Supervisors and approved by the Mayor on the 15th day of February, 1939.

Passed for second reading by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

In Memoriam, William R. Lowery.

(Series of 1939)

Supervisor Roncovieri presented:

Resolution No. 287, as follows:

Whereas, William R. Lowery, a prominent alumnus of Saint Mary's College, one of San Francisco's outstanding attorneys and an associate of one of our former colleagues, has rested his case before the Chief Justice in the Supreme Court of the Universe; and

Whereas, the life of William R. Lowery has ever been the exemplification of steadfast adherence to the highest ideals which move men to devote their lives to the mental, moral and spiritual welfare of their fellows; and

Whereas, in the passing of William R. Lowery, his city, his legion of friends and his family suffer an irreparable loss, lessened somewhat, and partly compensated for, by the knowledge that the influence of his memory will long be an inspiration to those who knew and loved him; therefore, be it

Resolved, That when this Board adjourns, it does so out of respect to the memory of William R. Lowery, and that an expression of the sympathy of this Board be sent to his family.

Unanimously adopted by rising vote.

Authorizing the Mayor to Appoint a Committee of Officials of the City and County to Coordinate All Work Relief Projects to Be Undertaken by the City and to Formulate a Plan for Said City and County, and to Provide for the Management and Execution of Said Plan.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. ...., as follows:

Authorizing the Mayor to Appoint a Committee of Officials of the City and County to Coordinate All Work Relief Projects to Be Undertaken by the City and to Formulate a Plan for Said City and County, and to Provide for the Management and Execution of Said Plan.

Whereas, it is necessary, from time to time, for the several officers of the City and County of San Francisco to undertake and sponsor work relief projects for which funds from the Government of the United States have or will be made available; and

Whereas, said work relief projects can be more efficiently handled, managed and executed, and the greatest number of persons can be employed on said projects if the efforts of the several officers and departments of the City and County are coordinated; now, therefore, be it

Resolved, That the Mayor be and he is hereby authorized to appoint a committee on work relief projects, which said committee shall consist of the following officials: The Mayor, the President of the Board of Supervisors, the Chief Administrative Officer, the Controller, the Manager of Utilities and the City Attorney. Should any of said officials be unable at any time to join in the performance of the work of said committee, said official may appoint someone from his department to represent him on said committee.

It shall be the duty of said committee to coordinate the work of all departments in so far as work relief projects are concerned, and to formulate a Works Progress Administration Program and to cause the same to be properly sponsored, managed and executed to the end that unemployed persons in the City and County may be afforded employment on Relief Projects at such kind and character of work as may be suitable to their respective stations in life.

Said committee shall forthwith investigate all possible work relief projects and select those which are best suited to meet the needs of the unemployed and recommend to the Mayor that those selected be undertaken by the City and that the necessary funds be provided therefor.

Said committee shall to the fullest extent cooperate with the several departments and officials to the end that all projects for which funds have been made available may be properly managed, operated and concluded.

Said committee may, in accordance with the fiscal and budgetary procedure provided in the Charter employ such persons as may be necessary to aid in carrying out its work.

Said committee shall meet at least once a month, which said meeting shall be open to the public.

Discussion.

President Shannon, after the presentation of the foregoing resolution stated that the resolution was the result of several meetings with representatives of labor organizations, who were dissatisfied with the lack of work provided during the current year. By putting work relief projects into the hands of the proposed coordinating committee, it is felt that the projects will be enumerated and the amounts set up for each project, and that the proper amount of work will be allocated for the people, principally the white collar workers.

The City Attorney explained that the proposal was merely to guarantee the various work projects and get them under way. It would take none of the power respecting appropriations away from the Board.

Supervisor McSheehy, also, urged the adoption of the foregoing resolution.

On objection to immediate consideration of the proposed resolution, by Supervisor Colman, who urged reference to committee, President Shannon stated that the resolution had a direct bearing on the Finance Committee's budget problem, and, therefore, urged its immediate adoption.

Thereupon, Supervisor McSheehy further explained the proposed legislation, and requested the privilege of the floor for Mr. W. P. Shields, representing Labor Unions Unemployed Council.

Referred to Committee.

However, Supervisor Colman objecting to the privilege of the floor, and being supported by Supervisor Roncovieri, in objecting to the

immediate consideration of the proposed resolution, the Chair referred same to the Public Welfare Committee.

Subsequently during the meeting, Supervisor Colman called attention to a resolution adopted by the Board, authorizing the City Attorney to bring suit against the Pacific Gas and Electric Company, after which a letter had been received from the company, in which settlement was offered by the company. Pursuant thereto, in order to avoid expensive litigation, the former action of the Board was rescinded.

Thereupon, the Chair requested that legislation referred to be brought before the Joint Committee.

Protest Against Proposed Municipal Garage and Workshop for Municipal Buses on Seventh Avenue.

Supervisor Ratto presented protest against proposed construction of municipal bus garage and workshop on Seventh avenue.

Privilege of the Floor.

Mr. Eustace Cullinan, attorney, representing the Little Sisters of the Poor, owners of property on Seventh avenue, for which sale and development is planned, protested against the proposed garage.

Following the presentation by Mr. Cullinan, the City Attorney expressed doubt as to the possibility of preventing such construction by the Public Utilities Committee, but suggested that he and Mr. Cullinan both study the matter for a week and try to reach some conclusion thereon.

Invitation to Inspect Winterland.

Supervisor Shannon presented communication from Frank De Carlo, Manager of Dreamland Auditorium, inviting the members of the Board, and the Press, to attend "open house" and inspect the premises, which had just been converted to an ice rink, to be known as "Winterland," on the evening of May 8, 1939.

Employment of State Engineers by Cities and Counties.

Supervisor Uhl requested information from the City Attorney concerning proposed state legislation which would permit the engagement by a city or county, of the service of state engineers as a full-time consultant, on traffic, transportation or other matters.

In reply thereto, the City Attorney stated that he was not responsible for the proposed legislation, nor did he know who drafted it. The legislation, he explained, was merely permissive, not binding. It would permit any city or county to call on a state engineer either in an advisory capacity, or direct capacity for the preparation of such plans as might be required.

Invitation to Inspect Central Valley Project.

William Coghlin, representative of the Associated General Contractors, invited the Board to attend a meeting of his association on Saturday, May 13, 1939, at Redding, following which would be an inspection of the Central Valley Project.

Appointment of President Warren Shannon as Acting Mayor.

The following communication from his Honor, the Mayor, was read by the Clerk:

May 8, 1939.

To the Honorable the Board of Supervisors, City Hall.

Gentlemen:

Conforming with the requirements of Section 25 of the Charter, I hereby designate Honorable Warren Shannon, President of the Board of Supervisors, to serve as Acting Mayor during the period of my absence from San Francisco, commencing May 10th.

As your Honorable Board is aware, I am leaving for New York to

attend the annual meeting of the United States Conference of Mayors, and at its termination will continue on to Washington, D. C., for the purpose of meeting with Federal officials on matters of importance to San Francisco.

Very truly yours,

ANGELO J. ROSSI,
Mayor.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:45 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors May 15, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

THURSDAY, MAY 11, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Thursday, May 11, 1939, 2 p. m.

The Board of Supervisors met in special session pursuant to Charter provisions and Resolution No. 263, for public hearings on the Budget Estimates, 1939-1940, as submitted by his Honor the Mayor.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present: Supervisors McSheehy, Meyer, Ratto, Roncovieri, Shannon, Uhl—6.

Absent—Supervisors Brown, Colman, McGowan, Mead, Schmidt—5.

Quorum present.

President Warren Shannon presiding.

Supervisor Colman was noted present at 3 p. m.

Supervisor Brown was noted present at 3:05 p. m.

Supervisors McGowan and Mead on leave of absence.

Adopted.

Before the beginning of public hearings on the budget, Supervisor Meyer requested permission to present, out of order, the following resolution:

Appointment of Citizens' Committee to Assist Benevolent and Protective Order of Elks in Flag Day Ceremonial, Treasure Island, Sunday, June 18, 1939.

(Series of 1939)

Resolution No. 288, as follows:

Resolved, That his Honor the Mayor be and is hereby requested to appoint a Citizens' Committee to assist and cooperate with the Benevolent and Protective Order of Elks in its Flag Day Ceremonial to be held on Treasure Island, Sunday, June 18, 1939.

Adopted by the following vote:

Ayes—Supervisors McSheehy, Meyer, Ratto, Roncovieri, Shannon, Uhl—6.

Absent—Supervisors Brown, Colman, McGowan, Mead, Schmidt—5.

Public Hearing on Budget.

The Chair, having announced the purpose of the meeting, the privilege of the floor was granted to the following citizens:

Mr. Dick Lynden, representing District 1, Local 6, International Longshoremen and Warehousemen's Union, requested an increase of $60,000 in the Recreation Commission budget to permit night lighting on playgrounds.

Mr. Mack Posey, president of Workers' Alliance, requested the sum of $1,500,000, or an increase of $1,200,000, be provided in the budget for the next fiscal year for sponsorship of W. P. A. jobs.

Mr. W. P. Shields, representing Labor Unions' Unemployed Council,

and Miss Oleta O'Connor, County Chairman of the Communist Party, supported the request made by Mr. Posey.

Mr. Walter Ploslinsky, representing the students of Mission High School, urged that a sufficient amount be allowed in the budget for the installation of a heating plant at the Mission Swimming Pool, at Nineteenth and Angelica streets, to enable the maintenance thereof on an all-year basis.

Mr. Jerry Calahan, member of the South of Market Boys, supported the request of Mr. Ploslinsky.

Mrs. Catherine Foley, representing Greater Excelsior Improvement District, requested $25,000 for the purchase of land for McLaren Park. she requested, also, appropriation for sewer construction in the district.

Supervisor McSheehy confirmed the statement by Mrs. Foley as to the great need for sewer in the district, and requested the Clerk to ascertain from the Department of Public Works an estimate as to cost of such sewer.

Mr. E. P. Troy, representing himself, requested that an appropriation be set up in the budget to permit the proper ventilation of the Chambers of the Board. He requested, also, a reduction of force in the Police Department and in the Mayor's office.

Mrs. Vernon Hughes ox, representing the Second District, Parent-Teachers' Association, urged an appropriation of $4,000 to provide protection for children in neighborhood parks and squares.

Supervisor Shannon, pursuant to above request, directed the Clerk to ascertain from the City Attorney what the Board could do to furnish the needed protection for children. He requested, also, that Mrs. Cox communicate with him, in the Mayor's office, to ascertain the City Attorney's advice in the matter.

Mr. Edward J. Dollard, president of San Francisco Yacht Harbor Association, requested an appropriation of $80,000 in the budget of the Park Commission for the completion of the first unit of the San Francisco Yacht Harbor Extension. In support of his request he presented a list of 126 applications for mooring license at the Yacht Harbor for which there are, at present, no facilities.

Mr. Eric Moeller, representing property owners in the Fairmont District, requested an appropriation of $13,000 for sewer construction in that district.

Mr. Tiel Messer supported the request of Mr. Moeller.

Mrs. A. B. Baumann, representing the Eureka Valley Promotion Association, asked for an increase to the $20,000 already recommended in the budget, for purchase of land for a playground in her district. She requested, also, an appropriation of $64,000 for the widening of Eureka street and the removal of cobblestones on Caselli avenue.

Mr. T. R. Best, representing Francis Scott Key Parent-Teachers' Association, protested the elimination of $332,500 for buildings, structures and improvements for San Francisco Unified School District, with the threatened reduction in appropriation for the cost of the Francis Scott Key Elementary School auditorium.

Supervisor Uhl, thereupon, requested the Clerk to obtain from the Board of Education a breakdown of the amount of $332,500 originally requested in the budget, but later eliminated. Supervisor Uhl requested, also, that the Clerk obtain from the City Attorney an opinion as to the right of the Board to include that amount, or any part of it, in the budget as a capital expenditure.

Mrs. Lerner, chairman, Recreation Committee of the Ocean View Improvement Club, requested inclusion in the budget of $50,000 for construction of clubhouse at playground in the district.

Mrs. P. McGuire, in supporting the request of Mrs. Lerner, stated that a fully equipped club house will cost about $140,000, but that Mr. Clyde Healy had stated that he thought about $40,000 could be

obtained for gymnasium and offices. Mrs. McGuire also informed the Board that Miss Randall, of the Recreation Department, had stated that if money could be obtained for materials, about $65,000 worth of work could be done.

Mr. Alexander Hoar, representing property owners in the 200 block on Filbert street, between Sansome and Montgomery streets, requested an appropriation of $4,531, in addition to the amount already available, for the improvement of that portion of Filbert street.

Mr. Ed Kenny, representing the Geary Boulevard Merchants' Association, requested that sufficient money be provided to permit the restoration of about 1200 watts per block on Geary boulevard, from Presidio avenue to the beach. This increased lighting, stated Mr. Kenny, would cost about $6 per night.

Supervisor Shannon, replying to Mr. Kenny, stated that the lighting of public streets was, of course, under the jurisdiction of the Public Utilities Commission, but he had in mind asking Mr. Cahill to appear before the Finance Committee to see what could be done in the matter.

Privilege of the Floor.

Mr. W. P. Shields, formerly heard in connection with request for an increased appropriation for sponsorship of W. P. A. jobs, was, at the request of Supervisor Uhl, again granted the privilege of the floor, and in reply to questions by Supervisor Uhl stated that money appropriated by the City and County for sponsorship of W. P. A. jobs was, for the most part, spent for materials, although some portion was given to supervisorial work. This expenditure for material, Mr. Shields stated, could, of course, be included in the budget by the Board.

Referred to Finance Committee.

Thereupon, no more citizens desiring to be heard, the budget, together with requests of citizens, was referred to the Finance Committee for its consideration and report to the Board, the Committee to report its recommendations thereon on May 22, 1939.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:40 p. m., adjourned.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Authorizing Exchange of Crystal Springs Watershed Lands with Panama Realty Company.

(Series of 1939)

Bill No. 154, Ordinance No. 161, as follows:

Authorizing exchange of Crystal Springs watershed lands with Panama Realty Company.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the charter and in accordance with the recommendation of the Public Utilities Commission, the Director of Property, in lieu of sale, is hereby authorized to arrange for trading certain real property hereinafter described as Parcels 1 and 2 to Panama Realty Company in exchange for certain lands hereinafter described as Parcels A and B. Said parcels are situated in the County of San Mateo, State of California, and are more particularly described as follows:

PARCEL 1. Authorizing a Supplemental Appropriation of $400 from the Unallocated County Road Fund for City Aid Necessary for Street Construction Work in Thirty-eighth Avenue, Lawton to Moraga Street; Said Work to Be Performed Under the Street Improvement Ordinance of 1934.

(Series of 1939)

Bill No. 171, Ordinance No. ....., as follows:

Authorizing a supplemental appropriation of $400 from the Unallocated County Road Fund, Appropriation No. 848.900.00 to the credit of Appropriation No. 848.965.00 for City aid necessary for street construction work in Thirty-eighth avenue, Lawton to Moraga street; said work to be performed under the Street Improvement Ordinance of 1934.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $400 is hereby appropriated and set aside from the Unallocated County Road Fund, Appropriation No. 848.900.00 to the credit of Appropriation No. 848.965.00 for City aid necessary for street construction work in Thirty-eighth avenue, Lawton to Moraga street; said work to be performed under the Street Improvement Ordinance of 1934.

Section 111 of the Charter provides that when street assessments are authorized to be paid in installments over a period not to exceed ten years, no annual installment payment shall exceed 25 per cent of the assessed value of the land against which the assessment is levied; therefore, this appropriation is necessary to make the assessment valid.

Authorizing Payment of $225 and Conveyance of Certain Real Property to Marie A. Guiraud in Exchange for Certain Land Required for the Extension of Silver Avenue.

(Series of 1939)

Also, Bill No. 172, Ordinance No. ....., as follows:

Authorizing payment of $225 and conveyance of certain real property to Marie A. Guiraud in exchange for certain land required for the extension of Silver avenue.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter and in accordance with the recommendation of the Department of Public Works, the Director of Property in lieu of sale is hereby authorized and directed to arrange for trading certain City-owned real property situated in the City and County of San Francisco, hereinafter referred to as Parcel "A" to Marie A. Guiraud in exchange for certain land hereinafter referred to as Parcel "B."

Section 2. Said Parcel "A" is situated in the City and County of San Francisco, State of California, and is more particularly described in Ordinance No. 117, Bill No. 112, Series of 1939, approved by the Mayor of San Francisco on April 6, 1939, which parcel was proposed to be sold under the provisions of said Ordinance No. 117.

Section 3. The Director of Property has made an appraisal of the value of said real property and estimates the value of Parcel "A" to be $225 less than the value of Parcel "B."

Section 4. Said Parcel "B" hereinbefore referred to is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Beginning at a point distant northwesterly at right angles 125 feet from the northwesterly line of Quint street and distant southwesterly at right angles 84.198 feet from the southwesterly line of Palou avenue and running thence southwesterly at right angles to said southwesterly line of Palou avenue 15.802 feet; thence at right angles southeasterly 25 feet; thence at right angles northeasterly 54.929 feet; thence deflecting to the left 147 degrees 25 minutes 24 seconds and running southwesterly 46.432 feet to the point of beginning.

Being a portion of Block 333 of the O'Neill and Haley Tract, as per map thereof recorded in Map Book "2A and B," page 27, Records of the City and County of San Francisco.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of Parcel "A" to Marie A. Guiraud, or her assignee. The Director of Property shall deliver said deed to the grantee upon receipt of the necessary deed to Parcel "B," and shall record the latter deed.

Section 6. The Controller is hereby authorized and directed to draw a warrant on the Treasurer in the amount of $225, payable from Appropriation No. 877.950.17, in favor of the City Title Insurance Company, as agent for Marie A. Guiraud, to compensate for the difference in valuations referred to in Section 3 of this ordinance. It is understood that no cost of constructing Silver avenue through said Block No. 333, except sidewalks, shall be assessed against Marie A. Guiraud.

Section 7. Said Parcel "B" is required for the extension of Silver avenue, a street of major importance as designated by Resolution No. 3131, adopted by this Board on March 22, 1937.

The following recommendation of the Public Utilities Committee was taken up:

Requesting the Public Utilities Commission to Investigate the Effect of Resumption of the San Francisco-Alameda Ferry Service.

(Series of 1939)

Resolution No. 293, as follows:

Whereas, the Alameda Municipal Transportation League has petitioned this Board of Supervisors in connection with its commuter traffic problem, requesting the assistance and cooperation of San Francisco in its proposal for solution thereof, and in support of said petition alleges as follows:

1. That since the abandonment of the San Francisco-Alameda ferry service and the inauguration of the exclusive Bay Bridge train service, the City of Alameda, which is geographically closer to San Francisco than any of its neighboring cities across the bay, finds itself in a position which is tantamount to isolation.

2. That to commute between San Francisco and Alameda, a trip which formerly took from 25 to 35 minutes by way of ferry and train, now consumes from 45 to 55 minutes.

3. That about 3,000 commuters, all potential customers for San Francisco, and approximately 1,000 of whom are taxpayers in San Francisco, make this journey daily and are greatly inconvenienced not only through the loss of time incident to the new method of transportation, but also through the physical discomfort experienced by the total lack of lavatory facilities on the trains which serve them.

4. That as a result of the abandonment of the ferry service; the inauguration of the present train service, and the consequent greatly increased time necessary to consummate this inter-city trip, the City of Alameda finds itself facing a loss of population; a severe diminution in property values, and the opportunity to shop in and patronize San Francisco's entertainment world.

5. That, due to Alameda's geographical location, south of the Estuary, over which, because of the close proximity of the Alameda Air Base, the City has been enjoined from constructing a high bridge and, under which, because of the impossibly excessive cost, no tube may be constructed, the only solution to Alameda's problem lies in the restoration of the ferry service by which it was formerly served.

6. That the people of Alameda, after having studied this problem, are unanimous in their desire to re-establish the ferries; to operate in conjunction therewith an electric train service, and to accomplish this through the inauguration of such a system, municipally owned and operated, by the City of Alameda.

7. That the re-establishment of the San Francisco-Alameda ferry service will redound to the benefit of San Francisco in that: (a) It will insure to San Francisco the same number, or more, commuter shoppers, workers and entertainment seekers as in the past; (b) It will insure to San Francisco its commuter shoppers and entertainment seekers who, though preferring to visit and patronize San Francisco, are being compelled, through the loss of time and inconvenience experienced under the present system, to seek other marts closer to the City of Alameda; (c) It will have a tendency to rehabilitate business and property values in that area of San Francisco along Market street from the Ferry Building to the Commercial and Financial Districts, which has suffered so severely through the loss of patrons since the inauguration of trans-bay train service to the terminal at Mission and Fremont; (d) It will be of particular benefit to the several thousand San Francisco artisans who will shortly be employed in the construction and operation of the new Alameda Naval Air Base (to procure which San Francisco contributed not only its political and moral support, but also the sum of $10,000), by conserving their traveling time and it will lessen the likelihood of their moving to Alameda County because of slow and inadequate transportation facilities.

8. It will in no way adversely affect the interests or welfare of San Francisco but, on the contrary, will redound to its benefit and will tend to promote the friendship and co-operation of our sister city, Alameda; now, therefore, be it

Resolved, That this Board of Supervisors, being unfamiliar with the merits of the allegations contained in the petition of the Alameda Municipal Transportation League, but being desirous of co-operation in a spirit of friendship and neighborliness and concerned with the plight of the City of Alameda, as represented by the League, does hereby refer this matter to the Public Utilities Commission with the request that an investigation be made of the representations herein contained and to submit its report and recommendation to this Board at as early a date as possible; and be it

Further Resolved, That if it be found by the Public Utilities Commission that the resumption of the San Francisco-Alameda ferry service will constitute no detriment to this City, but will be a benefit to it, then and in that event the Clerk of this Board shall prepare a resolution approving Alameda's plan for the restoration of ferry service and providing for the co-operation with the City of Alameda in the consummation of such plan in every manner possible, except financially, for which type of assistance Alameda does not ask.

Report on Committee's Findings on Foregoing.

At the request of Supervisor Ratto for information concerning the effect of the re-establishment of ferry service between San Francisco and Alameda, Supervisor Brown, member of the Public Utilities Committee, repeated to the Board the arguments advanced in Committee which prompted the Committee's recommendation, and pointed out that the trip between San Francisco and Alameda, which formerly took about 30 to 35 minutes, now, because of the longer trip made necessary since the inauguration of train service over the San Francisco-Oakland Bay Bridge, takes about 55 minutes.

Supervisor McSheehy, also a member of the Public Utilities Committee, confirmed the statement by Supervisor Brown, and added that the former route between the two cities was only about six miles, whereas now, by way of the present route, it is 17 miles.

Thereupon, the roll was called and the foregoing resolution was adopted by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors McGown, Mead—2.

Authorizing the Mayor to Appoint a Committee of Officials of the City and County to Coordinate All Work Relief Projects to Be Undertaken by the City and to Formulate a Plan for Said City and County, and to Provide for the Management and Execution of Said Plan.

(Series of 1939)

The following recommendation of the Public Welfare Committee was taken up:

Resolution No. 294, as follows:

Whereas, it is necessary, from time to time, for the several officers of the City and County of San Francisco to undertake and sponsor work relief projects for which funds from the Government of the United States have or will be made available; and

Whereas, said work relief projects can be more efficiently handled, managed and executed, and the greatest number of persons can be employed on said projects if the efforts of the several officers and departments of the City and County are co-ordinated; now, therefore, be it

Resolved, That the Mayor be and he is hereby authorized to appoint a Committee on work relief projects, which said Committee shall consist of the following officials: The Mayor, the President of the Board of Supervisors, the Chief Administrative Officer, the Controller, the Manager of Utilities, the City Attorney and the President of the Public Welfare Commission. Should any of said officials be unable at any time to join in the performance of the work of said Committee, said official may appoint someone from his department to represent him on said Committee.

It shall be the duty of said Committee to co-ordinate the work of all departments in so far as work relief projects are concerned, and to formulate a Works Progress Administration Program and to cause the same to be properly sponsored, managed and executed to the end that unemployed persons in the City and County may be afforded employment on relief projects at such kind and character of work as may be suitable to their respective stations in life.

Said Committee shall forthwith investigate all possible work relief projects and select those which are best suited to meet the needs of the unemployed and recommend to the Mayor that those selected be undertaken by the City and that the necessary funds be provided therefor.

Said Committee shall to the fullest extent co-operate with the several departments and officials to the end that all projects for which funds have been made available may be properly managed, operated and concluded.

Said Committee may, in accordance with the fiscal and budgetary procedure provided in the Charter employ such persons as may be necessary to aid in carrying out its work.

Said Committee shall meet at least once a month, which said meeting shall be open to the public.

Discussion.

In reply to Supervisor Roncovieri, who inquired as to why the above proposed legislation was necessary, Supervisor Brown, Chairman of the Public Welfare Committee, reported fully on the deliberations of the Committee with respect thereto. Supervisor Brown stated that the proposed Coordinating Committee had the approval of Mr. Clyde Healy, Assistant City Engineer in charge of W. P. A. matters.

Supervisor Roncovieri, however, questioned the advisability of giving authority to the proposed Committee to appoint employees, but after further discussion thereon proposed that the next to the last paragraph be amended by the insertion therein, after the words "Said Committee may," the phrase "with the approval of the Board of Supervisors."

Adopted.

Thereupon, the Committee accepted the amendment and the following resolution, as amended, was *adopted* by the following vote:

Authorizing the Mayor to Appoint a Committee of Officials of the City and County to Coordinate All Work Relief Projects to Be Undertaken by the City and to Formulate a Plan for Said City and County, and to Provide for the Management and Execution of Said Plan.

(Series of 1939)

Resolution No. 294, as follows:

Whereas, it is necessary, from time to time, for the several officers of the City and County of San Francisco to undertake and sponsor work relief projects for which funds from the Government of the United States have or will be made available; and

Whereas, said work relief projects can be more efficiently handled, managed and executed, and the greatest number of persons can be employed on said projects if the efforts of the several officers and departments of the City and County are coordinated; now, therefore, be it

Resolved, That the Mayor be and he is hereby authorized to appoint a Committee on work relief projects, which said Committee shall consist of the following officials: The Mayor, the President of the Board of Supervisors, the Chief Administrative Officer, the Controller, the Manager of Utilities, the City Attorney and the President of the Public Welfare Commission. Should any of said officials be unable at any time to join in the performance of the work of said Committee, said official may appoint someone from his department to represent him on said Committee.

It shall be the duty of said Committee to coordinate the work of all departments in so far as work relief projects are concerned, and to formulate a Works Progress Administration program and to cause the same to be properly sponsored, managed and executed to the end that unemployed persons in the City and County may be afforded employment on relief projects at such kind and character of work as may be suitable to their respective stations in life.

Said Committee shall forthwith investigate all possible work relief projects and select those which are best suited to meet the needs of the unemployed and recommend to the Mayor that those selected be undertaken by the City and that the necessary funds be provided therefor.

Said Committee shall to the fullest extent cooperate with the several departments and officials to the end that all projects for which funds have been made available may be properly managed, operated and concluded.

Said Committee may, with the approval of the Board of Supervisors, in accordance with the fiscal and budgetary procedure provided in the Charter, employ such persons as may be necessary to aid in carrying out its work.

Said Committee shall meet at least once a month, which said meeting shall be open to the public.

(Series of 1939)

The Finance Committee presented:

Resolution No. 297, as follows:

Resolved, That pursuant to Section 1278 of the Political Code of the State of California, 1937, the Registrar of Voters is hereby directed to proceed immediately to canvass the returns of the Special Municipal Election held on Friday, May 19, 1939, and that the following clerks are designated to serve on the said canvass:

C. H. King, L. Stern, M. Fahey, E. Sheble, Wm. Monahan, E. R. Faucompre, R. Tyson, J. Dawson, B. Whitehead, H. Braun, A. Kelleher, A. Allan, R. Bean, R. Moore, M. Pimentel.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors McGowan, Mead—2.

Reduction of Tolls on Bridge for Exposition Bound Traffic.

Supervisor Brown reported on meeting of the Public Welfare Committee, at which consideration was given to motion by Supervisor McGowan with reference to request for reductions of admissions to the Exposition, stating that prior to the receipt of certain information from the Exposition authorities, no recommendation could be made on Supervisor McGowan's motion. However, Supervisor Brown continued, a reduction of the cost of attending the Fair could be effected by a reduction of tolls on the Bay Bridge for Exposition-bound traffic.

Adopted.

Thereupon, Supervisor Brown presented the following resolution, which, after explanation of reasons prompting its presentation had been given, was *adopted* by the following vote:

Requesting the California Toll Bridge Authority to Reduce Bridge Tolls to Exposition Bound Automobile Traffic.

(Series of 1939)

Resolution No. 298, as follows:

Resolved, That this Board of Supervisors request the California Toll Bridge Authority to reduce the bridge tolls now charged to Exposition-bound automobile traffic by one-half.

Ayes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.
Absent—Supervisors McGowan, Mead—2.

Subsequent to the adoption of the foregoing resolution, and at the suggestion of Supervisor Ratto, Supervisor Brown moved that copies thereof be sent to the Toll Bridge Authority and to the City Councils and County Boards of Supervisors in the Bay Area, with request that they take similar action.

No objection and *so ordered.*

Operation of Traffic Signals on Sundays and Holidays.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. ....., as follows:

Whereas, traffic on the streets of San Francisco on Sundays and holidays is not comparable with traffic conditions on week-days; and
Whereas, it might be that on Sundays and holidays traffic signals can be dispensed with; now, therefore, be it
Resolved, That the Chief of Police be requested to inform the Board of Supervisors:
1. Can all traffic signals be dispensed with on Sundays and holidays?
2. Where, if necessary, should traffic signals be operated on Sundays and holidays, and at what hour?

Referred to Streets Committee.

Authorizing Committee Attendance at Hearing by Tulare and Fresno Counties Boards of Supervisors on Proposed John Muir-Kings Canyon National Park Project.

Supervisor Colman moved that the Board authorize the attendance of the Education, Parks and Recreation Committee at a hearing by the Boards of Supervisors of Tulare and Fresno Counties, to be held at Visalia, May 16, 1939, at 10 a. m., and that the use of one of the Supervisors' cars be authorized therefor.

No objection and *so ordered.*

Franchise for Distribution of Gas and Electricity Energy for Other Than Lighting Purposes.

Supervisor McSheehy asked Supervisor Roncovieri if he desired to make a report on the Joint Finance and Public Utilities Committee hearing on his resolution with reference to the distribution of gas and electric energy by the Pacific Gas and Electric Company, without a franchise so to do.

After reply by Supervisor Roncovieri that he would be glad to make such report, if the Board so desired. Supervisor McSheehy offered to the Board a report thereon, which he had prepared.

Ruled Out of Order.

Thereupon, the Chair ruled the presentation of such report to be out of order, since the matter had been sent to the City Attorney for investigation and report and no consideration thereon could be given by the Board at that time.

Allocation of Funds for W. P. A. Sponsorship.

Supervisor McSheehy announced that he had requested from the Controller information as to the allocation of funds for W. P. A. sponsorship, and presented to the Board a copy of his communication thereon, which, at his request, the Clerk read. Following the reading of the communication, Supervisor McSheehy requested that, inasmuch as he had not yet received the information desired, the communication be sent to the Controller, by the Board. Subsequently during the meeting, the Controller entered the Chambers and informed the Board that due to the press of other work in connection with the Budget and the amount of work required in checking the accounts of the various City departments, his reply to Supervisor McSheehy was not yet ready. The Controller announced, also, that his Honor, the Mayor, had requested the same information, and that his report would be ready within a few days.

Installation of Officers, Southern Council of Civic Clubs.

Communication received from the Southern Council of Civic Clubs inviting members of the Board to attend their annual installation of officers, Friday evening, May 19, 1939, at Guadaloupe Hall.

Copy of invitation to be sent to each member.

Invitation to Attend Meeting of Peninsula Division, League of California Municipalities.

Invitation received from Peninsula Division, League of California Municipalities, inviting members of the Board to attend meeting and dinner at Oliver's Cafe, South San Francisco, Thursday, May 18th, 1939, at 6:30 p. m. The Board was polled and Supervisor Uhl indicated his intention to attend.

Communication filed.

"Stand by America" Rally.

Supervisor Shannon presented communication from Mr. John P. O'Brien, Commander, San Francisco Council, American Legion, expressing gratitude to the Hearst publications for the publicity given the "Stand By America" rally at the Civic Auditorium which the American Legion had sponsored.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:25 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors May 22, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

The following recommendation of the Public Utilites Committee, heretofore passed for second reading was taken up:

Authorizing Market Street Railway Company to Abandon and Discontinue Its Railway Street Car Service and Remove Its Railway Tracks From Ninth Street Between Bryant Street and Brannan Street in the City and County of San Francisco.

(Series of 1939)

Bill No. 170, Ordinance No. 170, as follows:

Authorizing Market Street Railway Company to Abandon and Discontinue its Railway Street Car Service and Remove Its Railway Tracks from Ninth Street Between Bryant Street and Brannan Street in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Market Street Railway Company, who is the owner and holder of a permit to operate a street railway over and along Ninth street between Bryant street and Brannan street in the City and County of San Francisco, which said street railway is now in operation, having in writing petitioned the Board of Supervisors of the City and County of San Francisco for permission to discontinue the operation of its street railway line along the said above mentioned portion of Ninth street, and the said Board of Supervisors having given consideration to the said petition of said Market Street Railway Company to abandon its said street car service and remove its said railway tracks from said above mentioned portion of Ninth street, said Board of Supervisors does hereby find that the public interest will not be injured and will not suffer by said abandonment of said street car service.

Section 2. In view of the provisions and findings contained in Section 1 of this ordinance, the Board of Supervisors does hereby authorize said Market Street Railway Company to abandon its street car service and to remove its railway tracks on Ninth Street from Bryant street to Brannan street; and such abandonment shall be without prejudice to any of the other rights now owned or held by said Market Street Railway Company under the operating permit issued to said Company on the 9th day of February, 1931.

Section 3. That in lieu of said street car service heretofore maintained by said Market Street Railway Company over the aforesaid portion of Ninth street, said company will provide transportation over said portion of said street by means of buses authorized under Resolution No. 93, Series of 1939, heretofore adopted by this Board of Supervisors and approved by the Mayor on the 15th day of February, 1939.

Finally passed by the following vote:

The following recommendations of the Streets Committee were taken up:

Closing and Abandoning Portion of Oneida Avenue and Authorizing Exchange of Lands with Northern Counties Title Insurance Company.

(Series of 1939)

Resolution No. 303, as follows:

Whereas, on the 3rd day of April, 1939, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 187 (Series of 1939), which resolution was presented to his Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 6th day of April, 1939; said resolution being in words and figures as follows:

Intention to Close Portion of Oneida Avenue.

(Series of 1939)

Resolution No. 187, as follows:

Resolved, That public interest requires that the following described portion of Oneida avenue in San Francisco, California, be closed and abandoned:

PARCEL A: Beginning at the southeasterly termination of the northeasterly line of Oneida avenue, as shown on West End Map No. 1, as per map thereof filed May 1, 1863, in Map Book 2A and B, at page 45, Records of the City and County of San Francisco, said termination being distant 242.00 feet southeasterly from the southeasterly line of Cayuga avenue; thence running northwesterly along said line of Oneida avenue 17.00 feet to the southeasterly line of the property now or formerly owned by Harry Epstein; thence deflecting 90 degrees to the left and running southwesterly along the southwesterly prolongation of the said property line of Epstein, 7.50 feet to a line parallel with and distant 7.50 feet at right angles to said line of Oneida avenue; thence deflecting 90 degrees to the left and running southeasterly along said parallel line, 4.312 feet to the southeasterly termination line of Oneida avenue; thence deflecting 30 degrees 35 minutes 19 seconds to the left and running easterly along said southeasterly termination line, 14.739 feet to the northeasterly line of Oneida avenue and the point of beginning.

Being a portion of Oneida avenue, as said avenue is shown on the above-mentioned West End Map No. 1.

Further Resolved, That it is the intention of this Board to close and abandon said portion of Oneida avenue in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California; and be it

Further Resolved, That any damage, cost and expense of said closing and abandonment be paid by the City and County of San Francisco.

Upon the final closing of said portion of Oneida avenue, it is understood that the City and County of San Francisco, a municipal corporation, shall convey all interest therein to Northern Counties Title Insurance Company in exchange for the following described parcels of land situated in San Francisco, California, required for the extension of Oneida avenue into Alemany boulevard:

PARCEL 1: Beginning at the southeasterly termination of the southwesterly line of Oneida avenue, as shown on West End Map No. 1, as per map thereof filed May 1, 1863, in Map Book 2A and B, at page 45, Records of the City and County of San Francisco, said termination

being distant 142.5 feet southeasterly from the southeasterly line of Cayuga avenue; thence southeasterly on the prolongation of said line of Oneida avenue 80.5 feet; thence at a right angle northeasterly 47.586 feet to a point on the southeasterly termination of Oneida avenue; thence deflecting 120 degrees 35 minutes 19 seconds to the left and running southwesterly on said termination 93.513 feet to the southwesterly line of Oneida avenue and the point of beginning.

Being a portion of West End Map No. 1.

PARCEL 2: Beginning at a point on the southeasterly termination of Oneida avenue, as shown on West End Map No. 1, as per map thereof filed May 1, 1863, in Map Book 2A and B, page 45, Records of the City and County of San Francisco, said point being distant 223 feet at right angles southeasterly from the southeasterly line of Cayuga avenue, and distant 47.586 feet at right angles northeasterly from the southwesterly line of Oneida avenue produced southeasterly; thence southwesterly and parallel to Cayuga avenue 5.086 feet; thence at a right angle southeasterly 60.03 feet to the northwesterly boundary of the property acquired from Stephano Ventre for Alemany boulevard by the City and County of San Francisco, by deed recorded in Vol. 1862, at page 54, Official Records of said City and County; thence at a right angle northeasterly along said boundary 10 feet; thence at a right angle northwesterly 53.718 feet to the southeasterly termination of Oneida avenue; thence deflecting 30 degrees 35 minutes 19 seconds to the left and running southwesterly on said southeasterly termination 9.656 feet to the point of beginning.

Being a portion of West End Map No. 1.

As a further consideration, it is understood that the City and County of San Francisco shall convey the following described real property to Northern Counties Title Insurance Company, which property is situated in San Francisco, California, and is surplus City-owned land acquired in connection with the opening of Alemany boulevard:

PARCEL B: Commencing at the northeasterly termination of the southeasterly line of Knight's place, and running thence southeasterly along the dividing line between the lands of Stephano Ventre and the lands now or formerly owned by the Ocean Shore Railroad Company, a distance of 33.282 feet to the northwesterly line of the proposed Alemany boulevard and the true point of beginning; thence northeasterly along said northwesterly line, being a curve to the left, tangent to a line deflected to the left 104 degrees 41 minutes and 52 seconds from the preceding course, having a radius of 950 feet and a central angle of 8 degrees 20 minutes 38 seconds a distance of 138.347 feet; thence continuing northeasterly along said northwesterly line, tangent to the curve of the preceding course 69.222 feet to the dividing line between the lands of the City and County of San Francisco and Stephano Ventre; thence southwesterly along said dividing line, being a curve to the right, tangent to a line deflected to the left 176 degrees 48 minutes 57 seconds from the preceding course, having a radius of 2232 feet and a central angle of 5 degrees 13 minutes 49 seconds, a distance of 203.744 feet to the aforementioned dividing line between the lands of Stephano Ventre and the lands now or formerly owned by the Ocean Shore Railroad Company; thence southeasterly along said dividing line 11.431 feet to the northwesterly line of the proposed Alemany boulevard and the true point of beginning.

Being a portion of the Rancho Rincon de las Salinas y Potrero Viejo.

The deed for the conveyance of Parcels A and B to Northern Counties Title Insurance Company shall be executed pursuant to Chapter 690, 1911 Statutes of California.

The Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and said Department is hereby directed to give notice of said contemplated closing and abandonment of said portion of Oneida avenue in the

manner provided by law, and to cause notice thereof to be published in the official newspaper of San Francisco.

Adopted—Board of Supervisors, San Francisco, April 3, 1939.

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Shannon, Uhl.

Absent: Supervisors Roncovieri, Schmidt.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

DAVID A. BARRY, Clerk.

Approved, San Francisco, April 6, 1939.

ANGELO J. ROSSI, Mayor.

And Whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 187 (Series of 1939); and

Whereas, the Supervisors have acquired jurisdiction to order that the portion of Oneida avenue, described in Resolution No. 187 (Series of 1939), be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portion of Oneida avenue, specifically described and proposed in said Resolution No. 187 (Series of 1939), be closed and abandoned, subject to the hereinafter mentioned conditions; and be it

Further Resolved, That the entire damages, costs and expenses of closing said portion of said street described in Resolution No. 187 (Series of 1939), shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution No. 187 (Series of 1939); and be it

Further Resolved, That the said closing and abandonment of said portion of said street described in Resolution No. 187 (Series of 1939), shall be done in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco and the General Laws of the State of California; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that the Department of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute the necessary deed for the conveyance of Parcels A and B to Northern Counties Title Insurance Company. The Director of Property shall deliver said deed to the grantee upon receipt of the necessary deed conveying Parcels 1 and 2 to the City, and is hereby authorized to accept and record the latter deed. The final closing and abandonment of said portion of Oneida avenue shall not become effective until the deed or deeds to said Parcels A, B, 1 and 2 shall have been recorded in the County Recorder's Office of the City and County of San Francisco.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.

(Series of 1939)

Resolution No. 185, as follows:

Resolved, That the public interest requires that the certain following described portions of Seneca avenue and Otsego avenue be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Seneca avenue and Otsego avenue more particularly described as follows, to-wit:

Beginning at the intersection of the southwesterly line of Oneida avenue with the northwesterly line of Otsego avenue; thence running southwesterly along the said line of Otsego avenue 400 feet to the northeasterly line of Seneca avenue; thence at right angles northwesterly along said line of Seneca avenue 134.302 feet; thence leaving the last-named line of Seneca avenue and running southeasterly on the arc of a curve to the right, tangent to the aforesaid line of Seneca avenue, radius 430 feet, central angle 32 degrees 32 minutes 43 seconds, a distance of 244.250 feet to a point on the northeasterly line of Seneca avenue, said point being the most northerly termination of that certain course of radius 430 feet, central angle 18 degrees 18 minutes 29 seconds and 137.400 feet in length, as shown on Sheet No. 1, Subdivision No. 2, Geneva Terraces, filed December 28, 1928, in Liber "M" of Maps, at pages 5 to 8, inclusive; thence running northwesterly along said line of Seneca avenue and continuing northerly and northeasterly along the northwesterly line of that portion of Seneca avenue previously closed by Resolution No. 32153, New Series, of the San Francisco Board of Supervisors, on the arc of a curve to the right, tangent to the preceding curve at the latter point, radius 80.102 feet, central angle 57 degrees 27 minutes 17 seconds, a distance of 80.325 feet to tangency with the southeasterly line of Otsego avenue; thence running northeasterly along last-named line of Otsego avenue 400 feet to the aforesaid line of Oneida avenue; thence at right angles northwesterly 60 feet to the point of beginning.

Saving and excepting therefrom a sewer easement 10 feet in width lying 5 feet on each side of the following described centerline: Beginning at a point on the centerline of Seneca avenue, distant thereon 23.495 feet southeasterly from the northwesterly line of Otsego avenue, said point of beginning being on the third course of the above description (a curve to the right of 430-foot radius); thence running southeasterly along said line of Seneca avenue 42.335 feet to the northwesterly line of that portion of Seneca avenue previously closed by the above-mentioned Resolution No. 32153, New Series.

Said closing and abandonment of said portions of Seneca avenue and Otsego avenue shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Seneca avenue and Otsego avenue in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

Adopted—Board of Supervisors, San Francisco, April 3, 1939.

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Shannon, Uhl.
Absent: Supervisors Roncovieri, Schmidt.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

DAVID A. BARRY, Clerk.

Approved, San Francisco, April 6, 1939.

ANGELO J. ROSSI, Mayor.

And Whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 185 (Series of 1939); and

Whereas, the Supervisors have acquired jurisdiction to order that the portions of Seneca avenue and Otsego avenue, described in Resolution No. 185 (Series of 1939), be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portions of Seneca avenue and Otsego avenue, specifically described and proposed in said Resolution No. 185 (Series of 1939), be closed and abandoned; and be it

Further Resolved, That the entire damages, costs and expenses of closing said portions of said streets described in Resolution No. 185 (Series of 1939), shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution No. 185 (Series of 1939); and be it

Further Resolved, That the said closing and abandonment of said portions of said streets described in Resolution No. 185 (Series of 1939), shall be done in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco and the General Laws of the State of California; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that the Department of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

Authorizing the City and County of San Francisco to Convey to the United States of America Certain Real Property in the San Francisco Airport at Mills Field to Be Used by the Said United States of America as a Coast Guard Aviation Station.

(Series of 1939)

The following recommendation of the Public Utilities Committee was taken up:

Resolution No. 306, as follows:

Whereas, pursuant to Resolution No. 3222 of the Public Utilities Commission, the Board of Supervisors of the City and County of San Francisco has found that it is desirable and for the general welfare and benefit of the people of the City and County of San Francisco, and for the interest of said City and County, to convey to the United States of America the hereinafter described real property belonging to the City and County of San Francisco for the construction thereon by the Treasury Department of a United States Coast Guard Aviation Station; now, therefore, be it

Resolved, That the City and County of San Francisco convey to the United States of America the following described real property, situate in the County of San Mateo, State of California, and described as follows, to-wit:

Beginning at point "1", which is located by running from the northwest corner of said Section 34, east along the north line of said Section 34, 4221.27 feet, and thence at right angles to said north line of Section 34, south 617.77 feet to point "1", the point of beginning of this boundary line description; thence north 66 degrees 45 minutes 10 seconds east 310.90 feet to point "2"; thence south 72 degrees 14 minutes 57 seconds east 723.52 feet to point "3"; thence south 1119.35 feet to point "4"; thence west 451.84 feet to point "5"; thence north 23 degrees 14 minutes 50 seconds west 1324.79 feet to point "1"; the point of beginning; containing 20.53 acres.

Being a portion of Section 34, Township 3 South, Range 5 West, M. D. B. & M.,

for the construction thereon by the Treasury Department of the United States of a Coast Guard Aviation Station;

And Be It Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors be and they are hereby authorized and directed to execute a good and sufficient deed

to the United States of America in such form as may be satisfactory to the Government of the United States, conveying to the United States of America for the aforementioned purpose, all and singular the hereinbefore described real property; and be it

Further Resolved, That any deed executed in conformity with this resolution shall contain the following conditions:

The said deed shall contain, (a) the right to use, in common with other parties, the seaplane harbor or turning basin, and the channel approach thereto, to be constructed to the east of the above described land; (b) the right to use, in common with other parties, a suitable road, to be constructed under arrangements mutually satisfactory to the City and County and the Secretary of the Treasury, extending from Bayshore Highway to the hereinbefore described tract, across lands of the City and County, within a strip of land 60 feet in width, the center line of which strip is described as follows:

Beginning at a point in the easterly line of Bayshore Highway, distant 300 feet southerly at right angles from the north line of said Section 34; thence east, parallel to said north line of Section 34, 2210 feet, more or less, to a point 850 feet, more or less, east of the west boundary of said Section 34; thence southerly, parallel to the easterly line of Bayshore Highway 210 feet, more or less, to a point in the northerly boundary of the hereinbefore described tract.

Provided, that the cost of construction and maintenance of said road, together with necessary culverts and other structures appurtenant to said road, shall be shared equally between the City and County and the Treasury Department; and provided further, that until said road has been constructed the Treasury Department shall have the right to use, in common with others, the existing road extending from Bayshore Highway to the hereinbefore described tract; (c) a perpetual easement for the construction, maintenance and operation, by and at the expense of the United States, of telephone lines and gas mains extending from Bayshore Highway to the hereinbefore described tract, at suitable locations within the sixty-foot strip of land described in (b) above, at such depths as shall be mutually agreed upon by said City and County and the Secretary of the Treasury, or his authorized representative, below the surface grade planned for the ultimate development of the ground in which said telephone lines and gas mains are to be constructed; (d) a perpetual easement for the construction, operation and maintenance by and at the expense of the United States, across lands of said City and County, of a water main, which shall be installed at such depth as shall be mutually agreed upon by said City and County and the Secretary of the Treasury, or his authorized representative, below the surface grade planned for the ultimate development of the ground in which said water main is to be installed; said water main to be installed as nearly as practicable in the following location:

Beginning at a point of connection to the water main of the City and County, which point is 70 feet, more or less, easterly at right angles from a point in the easterly line of Bayshore Highway, distant along said easterly line 3577 feet, more or less, from the north line of said Section 34; thence westerly along a line at right angles to said easterly line of Bayshore Highway 55 feet, more or less; thence northerly parallel to said easterly line of said highway 1750 feet, more or less; thence deflecting 45 degrees to the right, 124 feet, more or less; thence deflecting 45 degrees to the left and continuing parallel to said easterly line of said highway 442 feet, more or less; thence deflecting 90 degrees to the right 1570 feet, more or less; thence southerly parallel to the easterly line of said highway 80 feet, more or less, to a point lying in the northerly boundary of the hereinbefore described tract.

Provided, that all water delivered through said connection shall be paid for by the United States at legally established rates; and provided further, that in the event the City and County should decide, before or after the installation of said water main, or any portion of same, that all or any portion thereof, installed in the location last above described,

would interfere with the development or expansion of the San Francisco Airport, such easement shall be amended to provide for any change in location that may be necessary and mutually agreed upon by the City and County and the Secretary of the Treasury, or his authorized representative; and provided further, that should any change in said location be so required after installation of said water main, or any portion thereof, the expense of any necessary reinstallation in the new location involved shall be borne by the City and County; (e) the right to connect with an electric light and power line which the City and County shall extend to the northerly boundary of the hereinbefore described tract at such termination as shall be mutually agreed upon by the City and County and the Secretary of the Treasury, or his authorized representative; all electric energy delivered through said connection to be paid for by the United States at legally established rates; (f) the right to use, in common with other parties, the landing field of the San Francisco Airport as the same now exists or may be hereafter constructed by the City and County, which landing field is adjacent to the hereinbefore described tract and the use of which said field shall be necessary for the landing and taking off and other movements of aircraft in connection with the operations of the Coast Guard, said use by the Coast Guard to be subject to field rules of the City and County governing the use of the landing field. And be it

Further Resolved, That Resolution No. 4368 adopted by this Board of Supervisors on November 7, 1938, and approved by the Mayor of the City and County of San Francisco on November 10, 1938, be and the same is hereby annulled and set aside, and this resolution is adopted in lieu of said Resolution No. 4368.

Approved as to form by Jno. J. O'Toole, City Attorney.

Discussion.

City Attorney O'Toole explained the purpose of the foregoing resolution stating that the Board had already authorized the conveyance of some 21 acres of Airport land to the Federal government for a coast guard station, in connection with which the Federal government had requested certain concessions, or rights to lay water pipes, erect transmission lines, etc., such improvements to be paid for by the government. The land belonged to the City and County, and there would be no expense, at all, to the City.

At the suggestion by Supervisor Uhl that a "recapture clause" be inserted in the deed of the land to the Federal government, providing for the return of said land to the City should the government not use same for a coast guard station, or should the government cease the operation of such station there, the City Attorney stated that some $500,000 was to be expended in the construction and equipment of the proposed coast guard station, at which there woud be a complement of about 60 men, and that the government would accept no such proposed restrictions.

Request for Postponement.

Thereupon, Supervisor McSheehy moved that further consideration be postponed until Wednesday, May 24, 1939, stating he desired to investigate the entire matter.

Motion *failed for want of a second.*

Adopted.

Whereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—9.

No—Supervisor McSheehy—1.

Absent—Supervisor Roncovieri—1.

Adopted.

The following recommendation of the Public Health Committee was taken up:

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

Adopted.

The following recommendation of his Honor the Acting Mayor was taken up:

Leave of Absence—Mr. Emerson Knight, Member Art Commission.

(Series of 1939)

Resolution No. 308, as follows:

Resolved, That in accordance with the recommendation of his Honor, Acting Mayor Warren Shannon, Mr. Emerson Knight, member of the Art Commission, is hereby granted a leave of absence for a period of two weeks, commencing May 19, 1939, with permission to leave the State.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—10.
Absent—Supervisor Roncovieri—1.

In Memoriam—Dr. Alfred Roncovieri, Jr.—Sixth Anniversary.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 311, as follows:

Whereas, May 16, 1939, marked the sixth anniversary of the death of Dr. Alfred Roncovieri, Jr., son of Supervisor Alfred Roncovieri, Chairman of the Finance Committee, and was observed by the family with appropriate religious services in remembrance of the dear one departed; therefore, be it

Resolved, That this Board of Supervisors, mindful of the estimable and distinguished character of the bereaved son of our esteemed colleague, joins with Supervisor Roncovieri and his family in memory of this sad event, and when we adjourn today we do so in commemoration of one who, though still young in years rose to distinction in his profession, with promise for a brilliant future, and as a citizen served his country with valor and distinction in the great World War.

Unanimously adopted by rising vote.

Reduction of Tolls for Exposition-Bound Traffic Over San Francisco-Oakland Bay Bridge.

Supervisor Brown presented copies of communications addressed to him by Ralph A. Tudor, principal bridge engineer of San Francisco-Oakland Bay Bridge, and by A. H. Henderson of the State Department of Public Works, acknowledging receipt of inquiries as to a possible reduction of bridge tolls for automobiles Exposition bound. Supervisor Brown also called attention to news stories on the same subject and suggested that the Board interest itself in the matter, to the end that parking tolls on Treasure Island be reduced, and in connection therewith presented the following resolution:

Requesting the Golden Gate International Exposition to Reduce Parking Tolls on Treasure Island.

(Series of 1939)

Resolution No. ....., as follows:

Resolved, That this Board of Supervisors request the Golden Gate International Exposition to give immediate consideration to the reduction of parking tolls on the island by the expedient of waiving their percentage participation in those tolls or by any other means.

Referred to Public Welfare Committee.

Proposed Amendment to the Raker Act.

Supervisor Brown, after calling attention to the result of the vote at the election on Friday, May 19, 1939, on the proposed Charter Amendment to permit the acquisition or construction of an electric distribution system to be financed by revenue bonds, announced that if the Public Utilities Committee did not hold a meeting for the consideration of resolution presented by him and referred thereto, for the memorialization of Congress to amend the Raker Act, it would be his intention to call same out from Committee on Monday, May 29, 1939, it having been in Committee longer than thirty days.

Supervisor Meyer, Chairman of the Public Utilities Committee, thereupon reminded Supervisor Brown that due to his own request no hearings on his resolution had been held, but that he would call a meeting of the Committee on Friday, May 26, 1939, at 4 p. m.

Salary Standardization.

Supervisor Brown also called attention to the result of the vote at the election on Friday, May 19, 1939, on salary standardization, and after reiterating previous statements made by him as to his position thereon, moved that the Board request his Honor the Mayor to give

further consideration to salary and wage scales for hospital workers and per diem men and request that his department heads study and recommend back to him salary scales that will reflect the proposed increases. Seconded by Supervisor Uhl.

Consideration of the foregoing motion, which had subsequently been postponed awaiting the arrival of the City Attorney, was subsequently again taken up.

The City Attorney, on being questioned as to the right of the Board to act on the foregoing motion, stated that if it is a question of asking the Mayor to make recommendation on salaries that can be raised without salary standardization, the Board would be within its rights so to do, but for salaries subject to standardization, the Mayor could do nothing until salary standardization had been adopted, partially, at least. However, he stated, he thought there were many salaries that could be raised without standardization.

Mr. W. L. Henderson, Secretary of the Civil Service Commission, informed the Board that few, if any of the per diem workers' salaries or the salaries of the laborers could be changed. However, hospital workers' salaries could be adjusted.

Amendment to Motion.

Thereupon, Supervisor Brown suggested, as an amendment to his motion, that there be added thereto the following: "This shall apply to salaries which can be so treated legally," making his motion read: "I move that the Board request his Honor the Mayor to give further consideration to salary and wage scales for hospital workers and per diem men and request that his department heads study and recommend back to him salary scales that will reflect the proposed increases. This shall apply to salaries which can be so treated legally." Amendment accepted by Supervisor Uhl.

Discussion.

Supervisor Colman, in discussing the motion, expressed opposition thereto. He stated he was in accord with the views expressed by him during the campaign. However, it was not his duty as a Supervisor to tell the Mayor what to do in the matter, but that when the matter came before the Board for determination he would consider it and vote on its merits. Supervisor Colman held, further, that the wages for which these groups were asking were voted on by the people, the same as all other rates, and in view of what had taken place, he could not deem it his duty to tell the Mayor what to do in the situation.

Motion Carried.

Thereupon, the roll was called and the foregoing motion was carried by the following vote:

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—9.
No—Supervisor Colman—1.
Absent—Supervisor Roncovieri—1.

Report on Meeting of United States Conference of Mayors.

Supervisor McGowan reported briefly on his attendance at the meeting of the United States Conference of Mayors, and announced that he would present to the Board, at its meeting on Monday, May 29, 1939, a more detailed report thereon.

Report on Hearing at Visalia on John Muir-Kings Canyon National Park Proposal.

Supervisor Colman reported on meeting at Visalia, at which the proposed John Muir-Kings Canyon National Park project was discussed by the Tulare and Kings Counties' Boards of Supervisors. Super-

visor Colman announced that he would call a meeting of the Education, Parks and Recreation Committee on Thursday, May 25, 1939, at 4 p. m., for further consideration of the subject, and would report to the Board its findings, on Monday, May 29th.

Following his report on the hearing at Visalia, Supervisor Colman suggested that it might be advisable if similar trips to other counties were organized, it would do much to create good will toward San Francisco. He felt that a great deal of good for San Francisco could be accomplished by such good will trips.

Supervisor Brown, in reporting on the meeting at Visalia, expressed agreement with report by Supervisor Colman.

Report on Meeting of Peninsula Division of California League of Municipalities.

Supervisor Uhl reported on meeting of the Peninsular Division of the California League of Municipalities, held at South San Francisco, Thursday, May 18, 1939. There was an attendance of about sixty present. Supervisor Uhl conveyed the greetings of the San Francisco Board to the group, and suggested that the next meeting be held in San Francisco, which suggestion met with unanimous approval. Supervisor Uhl expressed agreement with the views of Supervisors Brown and Colman that a closer contact with our neighboring counties and their officials will prove very beneficial to San Francisco.

Mayor to Appoint Committee to Procure Financial Pledges Necessary to the Submission of a Bid for the Holding of the Democratic National Convention.

(Series of 1939)

Supervisor McSheehy presented:

Resolution No. ....., as follows:

Resolved, That his Honor, Acting Mayor Warren Shannon, be and is hereby requested to appoint a Citizens' Committee, whose duty it shall be to devise ways and means to procure the financial pledges necessary to the submission of a bona fide bid for the holding of the Democratic National Convention in San Francisco next year.

Discussion.

After the presentation of the foregoing resolution, Supervisor Shannon called attention to resolutions presented by him, bearing on the same subject, and requesting his Honor the Mayor to appoint a Citizens' Committee to assist in the endeavor to bring to San Francisco next year both the Republican and Democratic National Conventions. After the reading of his resolution by the Clerk, Supervisor Shannon explained the purpose of his resolution, pointing out that the making of arrangements to secure the conventions for San Francisco must necessarily include the raising of funds therefor.

Thereupon, Supervisor McSheehy did not press adoption of the resolution presented by him.

Controller Requested to Submit Itemized Statement as to Surplus of $1,700,000 Budget for Fiscal Year 1939-40.

(Series of 1939)

Supervisor McSheehy presented:

Resolution No. ....., as follows:

Whereas, on May 2, 1939, a letter was sent by me to Controller Harold J. Boyd, requesting information as to an expenditure of about $1,500,000. The annual budget of 1938-39 called for only $300,000 and sums of money from the Airport Bonds, County Road Fund, Tax Funds, Park Bonds and budget items allocated to the City departmental appropriations, made up the difference of $1,200,000 of which I have

been informed that about that sum was expended to March 31, leaving a balance of $300,000 to be expended on relief for the months of April, May and June; and

Whereas, to this date, May 22, 1939, I have received no answer in writing to my letter from Controller Boyd; and

Whereas, on May 19, at a meeting of the Southern Council of Civic Clubs which I attended, Acting Mayor, Supervisor Warren Shannon, a member of the Finance Committee, stated to all present that $1,400,000 would be added to the present $300,000 that has been recommended by the Mayor in next year's budget for relief here in San Francisco. This would make a total of $2,000,000, according to his statement, that could be expended for relief in our City. He stated that Controller Boyd, in Committee, had stated that there was a surplus in this year's budget that would amount to $1,700,000, and that this money could be used and added to the sum of $300,000 set up in the coming year's budget for Relief; and

Whereas, the Charter requires that the budget must be passed by the Board of Supervisors and signed by the Mayor on or before June 1, 1939; and

Whereas, we will only have as a Board of Supervisors about four days from and after this 22nd day of May to pass this budget and there is contained therein some 30,000 items calling for an expenditure of $63,239,605 which is a huge sum; now, therefore, be it

Resolved, That Controller Boyd submit to this Board an itemized statement showing in detail where a surplus of $1,700,000 exists in the budget for next year so that the same can be considered by the Board of Supervisors in making up the budget for the fiscal year 1939-40.

Point of Order.

Following the presentation of the foregoing resolution, and after brief explanation thereof by Supervisor McSheehy, with the statement that he had just received from the Controller a statement as to surpluses which might be used for WPA sponsorship during the coming fiscal year, which statement, however, did not furnish the information requested, Supervisor Uhl raised the point of order that Supervisor McSheehy was discussing the budget, a subject which was not at the time in the hands of the Board for discussion.

Point of Order Well Taken.

Thereupon, the Chair ruled the point of order well taken, the budget not being before the Board for consideration at this time.

Invitation to Attend National Association of County Officers' Convention at Ogden, Utah.

Supervisor Brown presented a communication, addressed to himself, to attend the convention of the National Association of County Officers, at Ogden, Utah, July 17, 18 and 19, 1939, and suggested that the San Francisco Tourist and Convention Bureau endeavor to secure the next year's convention of this organization for San Francisco.

Transportation in Sunset-Parkside District.

Petition was presented, and read by the Clerk, from the Sunset Community Improvement Club, requesting additional and improved transportation for the Sunset-Parkside district.

Referred to Public Utilities Commission.

RECESS.

There being no further business, the Board, at the hour of 3:30 p. m., on motion by Supervisor McSheehy, recessed, to reconvene on Tuesday, May 23, 1939, at 10 a. m., for the purpose of consideration of the budget.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors May 29, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date therein stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

TUESDAY, MAY 23, 1939, 10 A. M.

In Board of Supervisors, San Francisco, Tuesday, May 23, 1939, 10 a. m.

The Board of Supervisors met pursuant to recess.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, McSheehy, Mead, Meyer, Schmidt, Shannon, Uhl—7.

Absent—Supervisors Colman, McGowan, Ratto, Roncovieri—4.

Supervisors Colman and McGowan were noted present at 10:20 a. m.

Supervisor Roncovieri was noted present at 11:15 a. m.

Supervisor Ratto excused because of illness.

President Warren Shannon presiding.

Quorum present.

Presentation of Budget.

President Shannon announced the object of the meeting, and in the absence of Supervisor Roncovieri, Chairman of the Finance Committee, presented the following statement from the committee:

Your Finance Committee has reviewed and analyzed the proposed budget for 1939-1940, which is now before you.

Your Finance Committee is prepared to report in detail by departments the result of this review and analysis.

The staff of the Controller's office and of the Civil Service Commission, jointly, provided the data requested by the Finance Committee with relation to personal service requirements of the proposed budget.

Non-personal service items were analyzed for your Finance Committee by the Purchaser of Supplies and the staff of the Controller's office.

Your Finance Committee suggests that in giving consideration to the proposed budget the procedure of former years—that of examining departmental requests in the numerical order that they appear in the proposed budget—be followed this year.

Following the reading of the foregoing statement, and in reply to questioning by Supervisor McSheehy, the Chair stated that the budget was being presented by the Committee, without recommendation.

Budget to Be Considered Seriatim.

Supervisor Schmidt, pursuant to suggestion by the Finance Committee, moved that the Board proceed in its consideration of the budget, the same to be taken up seriatim, by departments.

No objection being raised, it was *so ordered.*

Relinquishment of the Chair by the President.

Before the budget hearing commenced, President Shannon relinquished the chair, in order to present and explain, as a member of the Finance Committee, the various budget recommendations of the Mayor. Supervisor Mead, at his request, took the chair.

Board of Supervisors (Index No. 1).

Whereupon, the Board of Supervisors proceeded to the consideration of Index No. 1, Board of Supervisors.

No new positions and no salary increases in the recommended budget for this department. Decrease of $1,620 in the budget, due to changes caused by death of the former Clerk.

Supervisor Schmidt moved passage.

No objection, and *so ordered.*

Mayor (Index No. 2).

Supervisor Shannon explained the recommended changes as follows: No salary increases and no new positions in recommended budget. An increase of $500 for materials and supplies (Index No. 2, Sheet No. 1, Line 5) based on present experience.

Supervisor Uhl moved passage of Sheets 1 and 2, Index 2, and requested temporary postponement of Sheet 3, Index 2, Line 24, WPA Projects, $300,000 until Mr. Clyde Healy, Assistant City Engineer in charge of WPA projects, could inform the Board on proposed projects to be prosecuted during the coming fiscal year.

Subsequently during the proceedings, Mr. Healy being present, consideration of the recommended appropriation of $300,000 for WPA Projects was resumed.

Controller Harold J. Boyd, at the request of Supervisor Uhl, informed the Board that about $750,000 of bond funds had been expended for WPA sponsorship at the Airport, supplemented by about five times that amount of federal money. In connection with and in support of his remarks, the Controller presented and explained the following comparative statement of WPA funds made available during 1938-1939, with estimates for 1939-1940, as follows:

May 18, 1939.

HAROLD J. BOYD, Controller.

The Controller stated further, in reply to questions by Supervisor Uhl, that he had the assurance of the Public Utilities Commission that bond money would be ear-marked for WPA sponsorship at the Airport, but that the Board had no right to demand or request the Commission so to do.

Supervisor Colman objected to the use of Airport Bond funds for WPA sponsorship, stating that while he was in agreement with the principle of doing everything possible to furnish funds for employment, but was not in favor of diverting funds voted for one purpose, to be used for another purpose, stating that the public, in voting the Airport bonds, did not vote them for the purpose of providing WPA relief. Supervisor Colman held that any possible surplus in bonds should be retired or canceled, thus obviating the necessity of paying interest on funds used for unemployment relief. Funds for sponsorship of WPA projects should be provided in the tax rate.

At the request of Supervisor McSheehy, the Clerk read portions of the legislation stating the purposes for which the Airport bonds were issued, following which, Supervisor Shannon announced that the bond funds were being expended for the definite purposes for which they had been voted, the only difference being that instead of being done by contract, the work was being done by WPA and the city was saving a great deal of money because of governmental participation.

Mr. Clyde Healy, Assistant City Engineer, explained the situation, stating that the improvements to be made at the airport, as set up in the bond legislation, were being made. The bond legislation did not provide for any specific method of doing that work. However, by the method being pursued, any work that might have been done under contract is now being augmented, and that the public is receiving everything for which they voted, plus an additional amount of money in salaries and wages paid to WPA employees.

In reply to questioning by Supervisor McSheehy as to the right of the Board to earmark funds for WPA sponsorship, the Controller explained that the Board had absolute control over the County Road fund and Gas Tax funds, but not over bond money.

Allocation of Airport Bond Funds by Public Utilites Commission.

Thereupon, Supervisor McSheehy, seconded by Supervisor Uhl, moved temporary postponement of further consideration, and that the Public Utilities Commission be requested to adopt a resolution, earmarking $1,000,000 from Airport Bonds funds for sponsorship of WPA projects at the Airport.

Whereupon, the Controller announced that the Public Utilities Commission would not meet before the following Monday, and could not, therefore, adopt such a resolution before the adoption of the budget. However, the Commission are committed, by their signature on file with the federal government, to spend some $750,000 during the coming fiscal year on WPA projects at the airport, and there can be no question of their good faith. The Commission has indicated its intention to spend a million dollars, and it is obligated to spend $750,000.

Supervisor Uhl, thereupon, stated that he was satisfied with the statement by the Controller and requested the Controller to present to the Board, a letter stating what had passed between him and the Commission.

Supervisor McSheehy, renewing his request for postponement of further consideration, moved for postponement to a later date, and that the Clerk contact the Public Utilities Commission in reference to the entire matter, asking the Commission, either by resolution or by letter, to signify its intention to earmark funds for WPA projects at the airport.

Supervisor Uhl suggested, as an amendment that the matter be postponed till Thursday, May 25, 1939, at which time, if no information is received from the Public Utilities Commission, it would again be taken up, and so moved.

Supervisor McSheehy, the maker of the original motion for postponement agreeing, the roll was called and the motion to postpone till Thursday, May 25, 1939, was defeated by the following vote:

Ayes—Supervisors McSheehy, Uhl—2.

Noes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon—8.

Absent—Supervisor Ratto—1.

Agricultural District 1A.

Supervisor Uhl called attention to a letter on file regarding a request for $50,000 for the "cow palace," and requested same be read by the Clerk.

Whereupon, Supervisor Shannon stated that such request would go to the Coordinating Committee, and had no effect on the budget.

However, Supervisor Uhl stated that he felt any amount in the $300,000 set up in the Mayor's budget for WPA projects should be earmarked, and that the Board should have a breakdown of that item indicating projects and appropriations therefor to be financed from that $300,000 appropriation.

Thereupon, Supervisor McSheehy, seconded by Supervisor Uhl, moved that the Board recommend that the Coordinating Committee cooperate with the federal and state governments toward the end that the agricultural pavilion in Agricultural District 1A be completed in the most expeditious manner possible during the ensuing fiscal year.

Privilege of the Floor.

Mr. A. Watchman, Director of Agricultural District 1A, on motion by Supervisor McSheehy, being granted the privilege of the floor, urged the favorable consideration of the Board, stating the pavilion to be the most ambitious undertaking in the United States, with the exception of Louisville. The greater portion of the funds appropriated would be spent for direct labor. The completed investment would be some four or five million dollars.

Mr. George Allen, president of the Visitacion Valley Improvement Club, stated that his association was anxious to have the City cooperate and get the project completed. The City and County of San Francisco would benefit greatly from even the first year's operation of the project.

Supervisor Roncovieri expressed opposition to the proposed appropriation, stating that he felt there were many projects within the city where $50,000 could be expended to greater advantage, and recited at length the history of previous actions taken in voting an appropriation of $250,000 for the project. He signified his intention to vote against the appropriation, stating that the project did not belong to the City at all, but to the State, and that the City had no voice in its management, that being left to a Board of Directors appointed by the Governor.

Motion Carried.

Thereupon, the question on the motion by Supervisor McSheehy that the Board recommend that the Coordinating Committee cooperate with the federal and state governments toward the end that the agricultural pavilion in Agricultural District 1A be completed in the most expeditious manner possible during the ensuing fiscal year, being called, and no objection thereto being voiced, the Chair declared same *carried.*

Thereupon, Supervisor Shannon moved passage of the Mayor's budget.

Explanation of Vote.

Supervisor McSheehy announced his intention to vote "No" on the Mayor's budget, stating he would present his reasons therefor in writing, at the time of final passage of the Appropriation Ordinance.

Call for Explanation of Mayor's Budget.

At the request of Supervisor Colman, Supervisor Shannon, in explanation of the Mayor's budget, stated that there were no salary increases and no new positions therein. There was an increase of $500 for materials and supplies.

Explanation of Vote.

Thereupon, Supervisor Colman announced his intention to vote for the Mayor's budget, although he still believed, as he had previously expressed himself, that the use of bond funds for WPA projects was improper, and although the vote was not directly upon the appropriation from Airport Bonds, the fact that only $300,000 was set up in the Mayor's budget for WPA projects was due to intention of taking a million dollars from Airport Bonds for WPA sponsorship at the airport.

Mayor's Budget Approved.

Thereupon, the roll was called and the Mayor's budget was *approved* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—8.

No—Supervisor McSheehy—1.

Absent—Supervisors Brown, Ratto—2.

Assessor (Index No. 3).

Supervisor Shannon explained, stating there were no salary increases and no new positions. There was a net increase in the Assessor's budget of $10,539, composed of increase in Personal Services, Temporary, sheet 1, line 5, $5,000; contractual services, sheet 1, line 6, due to installation of equipment in Real Estate Department, Convention Expense, Telephone and Telegraph, Horse and Buggy Hire, $5,970; Materials and Supplies, Mapping Project, $1,000; Tires and Tubes, $100; Equipment, sheet 1, line 8, Filing Equipment for Land and Building Survey, WPA Maps, $2,000; Fixed Charges, sheet 1, line 9, to restore item erroneously disallowed in 1938-1939 budget, $69. There was a net decrease in Personal Services, Permanent, sheet 1, line 4, of $3,600.

Supervisor Uhl objected to the item for Horse and Buggy Hire, stating that he felt there should be purchased an automobile for that employee, and moved that an amount sufficient to take care of the purchase of an automobile, to replace the horse and buggy, be set up in the Assessor's budget.

Motion *failed for want of a second.*

Thereupon, Supervisor Schmidt moved passage of Assessor's budget.

No objection and *so ordered.*

City Attorney (Index No. 4).

Supervisor Shannon explained. One new position of General Clerk Stenographer, and corresponding reduction made in temporary salary appropriation from which this employment has been paid. There is a net increase in budget of $700.

Supervisor Colman moved passage.

No objection and *so ordered.*

District Attorney (Index No. 5).

Supervisor Shannon explained. No salary increases and no new positions. A decrease of $120 in Personal Services, Temporary.

Supervisor Shannon moved passage.

Sheriff (Index No. 7).

Supervisor Shannon explained. No salary increases and no new positions. Net increase of $6,876, as the result of the following: Decreases: $1,913, made up of Personal Services, Permanent, sheet 1, line 2, $864; Fixed Charges, sheet 1, line 21, $1,039. Increases: Personal Services, Temporary, sheet 1, line 3, on basis of present experience, $840; Contractual Services, sheet 1, line 8, on basis of present experience, $1,775; Materials and Supplies, sheet 1, line 13, on basis of present experience, $3,000; Buildings, Structures and Improvements, sheet 1, line 20, Repairs to County Jail No. 2, $2,000; Services of Other Departments, sheet 1, line 2, Maintenance and Repairs of Elevators, County Jails No. 1 and No. 2, $300.

Supervisor Shannon moved passage.

No objection and *so ordered.*

Public Defender (Index No. 8).

Supervisor Shannon explained. No salary increases and no new positions. An increase of $5 in Contractual Services, sheet 1, line 5, and $100 increase in Materials and Supplies, sheet 1, line 6, making a total increase of $105.

Supervisor Shannon moved passage.

No objection and *so ordered.*

Supervisor Meyer Excused.

Before the Board recessed, Supervisor Meyer, at his own request, was excused from attendance until 3 P. M.

RECESS.

Thereupon, on motion by Supervisor Shannon, the Board, at the hour of 12:15 P. M., recessed, to reconvene at 2 P. M.

DAVID A. BARRY, Clerk.

TUESDAY, MAY 23, 1939, 2 P. M.

Net Increase	$4,940	

Supervisor McSheehy called attention to the double asterisks (**) appearing as a footnote to Section 11 of the Salary Ordinance for the current fiscal year, affecting appointments of Police Sergeants, declaring that in his opinion, the language appearing in the footnotes designated by the asterisks should be stricken out and that vacancies in the ranks of Sergeants should be filled by appointees from the Civil Service list.

Following the remarks by Supervisor McSheehy, Mr. William Henderson, in reply to questioning by Supervisor Shannon, explained that the effect of eliminating the aforementioned footnotes from the salary ordinance would mean the necessity of amending the salary ordinance whenever there was a vacancy in the rank of sergeant which the Police Department did not wish to fill. The Department feels that it is overstaffed with sergeants and desires that every other vacancy in that rank be not filled, but an appointment of patrolman be made in lieu of that of sergeant.

Motion to Strike Out Language in Footnote.

Supervisor McGowan expressed agreement with the thought advanced by Supervisor McSheehy, and moved that the language wherein it provides "In the event of a vacancy in this rank the position may be abolished and the number of policemen correspondingly increased without amendment of this ordinance and the policeman's position may be filled subject to the provisions of Sections 1 and 2 hereof" be stricken out. Motion seconded by Supervisor McSheehy.

Temporary Postponement of Further Consideration.

Thereupon, Supervisor Shannon suggested that the Chief of Police be invited to explain the situation, and that further consideration of Police Departments budget be postponed temporarily until he could be present.

No objection and *so ordered.*

Fire Department—Exposition

Supervisor Shannon explained as follows:

	1938-1939	*1939-1940*	*Increase*
Total Budget	$3,295,656	$3,301,351	$ 5,695

This increase is the result of the following:

Supervisor Shannon moved passage.

No objection.

Park Department (Index No. 12).

Supervisor Shannon explained, as follows:

Personal Service

There are no salary increases and no new positions in the recommended budget for this department.

The operating budget of the Park is equal to the minimum of ten and one-quarter cents in the tax rate plus its own revenues.

In addition thereto, the Mayor has recommended the following appropriations:

Soil and Fertilizer—sheet 3, line 12	$ 25,000
Public Liability Insurance—sheet 3, line 15	4,500
Sewage Filtration Plant Equipment—sheet 3, line 16	2,000

Rehabilitation of the "Gjoa", Index 12, Sheet 4, Line 16.

Supervisor Shannon announced that the Mayor had recommended the re-insertion of $25,000, previously deleted by him, for the rehabilitation of the "Gjoa."

On motion duly made and seconded, further consideration of the Park Department budget was *temporarily postponed.*

Consideration Resumed.

Subsequently during the proceedings, the Park Budget was again taken up.

Mr. Clyde Healey, who had been sent for at the request of Supervisor Uhl, informed the Board that he estimated that the "Gjoa" could be put in proper condition for $12,000 to $15,000.

Motion.

Thereupon, Supervisor Uhl, seconded by Supervisor McGowan, moved that the Mayor's recommendation for the re-insertion of $25,000 for the rehabilitation of the "Gjoa" be approved, substituting, however, in place of the amount recommended, the sum of $15,000.

However, on presentation of Mr. Clyde Healey, Assistant City Engineer in charge of WPA projects, that he had been present in the Mayor's office when he was waited on by a group of Norwegian people interested in the rehabilitation of the "Gjoa" when it had been agreed that the boat could be put in first-class condition for the sum of $12,500, Supervisor Uhl accepted that amount in place of the $15,000 named in his motion.

Motion Carried.

Thereupon, no objection being offered, the motion, as amended, to provide for the provision in the budget of $12,500 for the rehabilitation of the "Gjoa" was *carried.*

Recreation Department (Index No. 13).

Supervisor Shannon explained as follows:

Personal Service

There are no salary increases in the recommended budget for this department.

The following new positions have been allowed in the recommended budget:

1 Playground Director at $145	$1,740
(Offset by reduction in temporary salaries)	
3 Playground Caretakers at $145	5,220
1 Gardener at $135	1,620
1 Playground Director at $145	1,740
(Required for new playground areas)	

The operating budget of the Recreation Department, including Camp Mather, and including the purchase of $81,500 land, is equal to the minimum of seven cents in the tax rate plus its own revenues and the transfer of $44,500 from the Reserve for Land Purchase Fund.

At the request of Supervisor Colman, consideration of the Recreation Department budget was postponed until the representatives of that Department could appear before the Board to explain its desires, and recommendations, particularly with respect to increases for land purchases at the cost of curtailment of operation of some of the playgrounds.

Library (Index No. 14).

Supervisor Shannon explained as follows:

Personal Service

There are no salary increases and no new positions in the recommended budget for this department.

	1938-1939	*1939-1940*	*Decrease*
Total Budget	$418,790	$409,515	$9,275

The amount recommended for the Library is estimated to be 4.8 cents in the tax rate, plus its own revenues. The Charter minimum for this department is 4 cents.

At the suggestion of Supervisor Shannon, consideration of the Library budget was postponed until Mr. Rea, Librarian, could appear and present requests for certain changes therein.

Consideration Resumed.

Subsequently during the proceedings, Mr. Rea, Librarian, appeared before the Board and was granted the privilege of the floor. Mr. Rea called attention to the requirements for librarians, and contract between the librarians and the Board of Library Trustees. Librarians must be university graduates. Their salaries are: 1st year, $100 per month; 2d year, $120 per month; 3d year, $130 per month. To advance higher, they must pass examination for Senior Librarian, after which

their salaries gradually advance to $160, by steps of $10 yearly. Last year no salaries were advanced. This year, the Board of Library Trustees desire to allow these automatic increases to the librarians, and request permission to pay the salaries, as originally recommended in the Department's budget. The cost of this change, amounting to about $10,000 for this year, to come out of the four cents in the tax rate provided for the libraries, by Charter.

Supervisor Shannon, thereupon, requested Mr. Rea to send a letter to the Mayor's office, pointing out these several items.

Supervisor Uhl requested Mr. Rea to furnish the Board with the number of employees in the various brackets.

Mr. Rea called attention, also, to the newly opened West Portal Branch Library, stating that janitors for that building were greatly underpaid. Also, the department needs replacement of one children's librarian, one having passed away and the position having been cut out from the budget.

Supervisor Shannon, following Mr. Rea's presentation, moved approval of the budget for the Library, subject, of course, to re-opening if so desired.

No objection.

War Memorial (Index No. 15).

Supervisor Shannon explained as follows:

Personal Service

There are no salary increases and no new positions in the recommended budget for this department.

Standardization of Salaries for Per Diem and Other Classifications.

Supervisor McSheehy announced, before consideration of the foregoing, he would like to take up out of order, and no objection being offered, he presented the following resolution, which the Clerk read:

Providing for Salary Standardization for Per Diem and Other Classifications.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, pursuant to Section 151 of the Charter, the Civil Service Commission, on February 16, 1938, submitted to this Board a proposed schedule of compensations, and on January 6, 1939, also submitted to this Board a proposed supplement to said proposed schedule; and

Whereas, this Board, by Ordinance No. 60, approved said schedule as so supplemented; and

Whereas, on May 19, 1939, said ordinance was rejected by the electors at a referendum election on said ordinance; and

Whereas, in the only argument of opponents of said ordinance, accompanying the sample ballots for said referendum election distributed to the electors, it was conceded that the rates of compensation set forth in said schedule as so supplemented and hereinafter referred to are justifiable, in order to equalize the rates now payable to the employees affected by said justifiable rates with the pay received in similar lines of employment outside of the City and County service; and

Whereas, it was also generally conceded during the campaign preceding said referendum election that the hereinabove mentioned rates in said proposed schedule as so supplemented are justifiable; now, therefore, be it

Resolved, That it is hereby proposed to amend said proposed schedule as so supplemented, by striking therefrom all the rates set forth therein except the rates for Division A (building trades service), Division E (electrical trades service), Division I (institutional service), Division J (labor service), Division M (metal trades service), Division

O (miscellaneous trades service), and classifications included in Division U (water service) which are fixed therein on a per diem basis, and by approving said proposed schedule as so supplemented and as hereby proposed to be amended by striking therefrom all rates except those for said Divisions A, E, I, J, M and per diem rates included in Division U.

That the compensations of all employments and classifications of the City and County service, other than those set forth under Divisions A, E, I, J, M, O, and the per diem rates included in Division U, of said proposed schedule, be and they are hereby continued at the same amounts as are fixed in the report of the Civil Service Commission, dated April 9, 1930, and subject to the provisions of Section 71 of the Charter;

That this proposed amendment of said proposed schedule as so supplemented be and it hereby is referred to the Civil Service Commission for report as to what other changes, and the cost thereof, this proposed amendment would require to maintain an equitable relationship with other rates in said schedule.

Inasmuch as adoption of compensation schedules as herein set forth must be accomplished on or before May 26, 1939, said Civil Service Commission is hereby requested to make said report on or before May 25, 1939.

Suspension of the Rules.

Following the reading of the foregoing resolution, Supervisor McSheehy moved suspension of the rules for the immediate consideration thereof.

However, further consideration of the proposed resolution was temporarily postponed, awaiting the arrival of the City Attorney, whose presence was requested by Supervisor Shannon.

Subsequently during the proceedings, the City Attorney being present, again requested the reading of the resolution which he had presented, after which he again moved suspension of the rules for the immediate consideration thereof.

Opinion of City Attorney.

The City Attorney, his opinion as to the right of the Board to adopt such resolution having been requested, stated that he saw no objection to the adoption of the resolution. However, his opinion carried nothing beyond the adoption of the resolution. Later on, the report of the Civil Service Commission would have to receive special consideration from his department. The resolution constituted an amendment to the Standardization Report of the Civil Service Commission. The question of making any ordinance effective, however, in time for the ensuing budget would have to receive his consideration after the receipt of the report from the Civil Service Commission.

Following are excerpts from transcript of proceedings re proposed partial standardization of salaries:

A. J. GALLAGHER (privilege of the floor at request of Supervisor McSheehy): How will park employees be affected? Are they not affected adversely by the terms of this resolution?

MR. HENDERSON: Park employees are not subject to standardization.

GROVER O'CONNOR (privilege of the floor at request of Supervisor Uhl): This amendment was introduced at the request of the Building Trades and Labor Councils. It merely proposes to amend the salary schedule still before your Board.

SUPERVISOR COLMAN: I understood the City Attorney to say that the ordinance was not in existence.

CITY ATTORNEY: The report is in existence. It is in the same condition it was.

SUPERVISOR UHL: Mr. Henderson, can the report be back here before Friday.

MR. HENDERSON: I think it can. I see no reason why it cannot be. You are asking us only for the effect of the adoption of certain rates.

SUPERVISOR UHL: Dr. Geiger, are institutional workers subject to call twelve hours. Do they work eight hours in twelve?

DR. GEIGER: I do not know whether that is true or not.

SUPERVISOR COLMAN: I am in accord, and so stated in the campaign, with the points made by Mr. O'Connor, but I cannot understand how we can amend that by restoring some things that the public has voted down. Could we restore one-half or two-thirds of it?

CITY ATTORNEY: You cannot adopt the same ordinance or one so similar that there is no material difference, but if you were to cut out one-half of the ordinance I think you would have the right to do it, if you saw fit to do so.

SUPERVISOR UHL: If the resolution goes to the Civil Service Commission, what rates will be given the institutional workers?

MR. HENDERSON: You are not asking for us to make any changes in rates as set up.

SUPERVISOR UHL: Why not ask the Chief Administrative Officer to make a recommendation for these men. It seems to me, on the institutional workers——

SUPERVISOR COLMAN: I rise to a point of order. We are not discussing the institutional workers, we are discussing the per diem and crafts not being paid the amount paid on the outside.

SUPERVISOR McSHEEHY: I rise to a point of order. I think our City Attorney and Mr. Henderson has told us all the exact status of the resolution I introduced. When we receive the report from the Civil Service Commission we can act on it.

SUPERVISOR SHANNON: The Chief Administrative Officer was addressed a letter by myself, and by Dr. Geiger as a subordinate of Mr. Cleary. When Mr. Cleary's report is received I think it will be plenty of time to have the letter read. I make that as a point of order.

SUPERVISOR COLMAN: I think the Board should just consider that this Board of Supervisors passed the salary standardization ordinance, as presented by the Civil Service Commission, but over 25,000 voters protested. That caused a special election to be held last Friday. 173,881 qualified voters went to the polls and voted on the question. 42,314 voted "Yes" and 129,706 voted against it. I will bear that fact in mind—that the electorate has spoken. Their wishes must be respected. I am not opposed to suspension of the rules. One vote would force reference to committee. My reason for not voting on suspension of the rules is that I believe the people of San Francisco have no objection to these particular changes that are to be made. Had the people been voting on that question alone it is my opinion they would have voted approval. I am asking for information only. My vote will be determined on the circumstances as presented to the Board at that time.

SUPERVISOR McGOWAN: I am not going to object to suspension of the rules, but I want it definitely understood that it does not bind me to any vote.

SUPERVISOR RONCOVIERI: Supervisor McSheehy's resolution demands the same information that I requested of the Civil Service Commission last February. At that time I was trying to bring about the approval of the wage schedules for the per diem men and for the institutional workers. I proposed a resolution similar in purpose to Supervisor McSheehy's present resolution. My resolution asked the Civil Service Commission, through Mr. Henderson, to return to this Board of Supervisors the wage schedules for all the per diem men and institutional workers in order that these wage scales could be adopted

in time to become a part of the budget for the ensuing fiscal year, and a referendum avoided. Mr. Henderson replied that he could not complete the work made necessary by my resolution in time to be of any value. But just a moment ago, in answer to Mr. Uhl's question, Mr. Henderson says he can prepare such a report in a day or two. Yes, I believe he can prepare the report in a day or two, and I also believe that he could have prepared it in a day or two when I asked it of him in February. Had my recommendations prevailed, I believe there would have been no referendum on the wages of the per diem men and the institutional workers. The people emphatically expressed themselves against the salary standardization ordinance as a whole by the overwhelming vote of 130,000. Mr. McSheehy's resolution will seriously complicate matters at this time if not carefully studied. I believe it should be referred to a committee for careful investigation. The people will not brook hasty and careless action in this grave matter. I therefore will vote against suspension of the rules for the consideration of Mr. McSheehy's ordinance, and vote to refer it to a committee for study and report.

SUPERVISOR UHL: Unless you correct these institutional workers I won't go along with that. You are leaving them where they are, at $75 per month, and I won't go along with that. I am not satisfied with that and the people I have talked to are not satisfied. At eight hours out of twelve, $90 is not a fair wage. Unless that is taken care of I will vote against suspension of the rules.

SUPERVISOR COLMAN: This resolution is either tantamount to telling Dr. Geiger what he should put in his recommendation, or we will force it on him. I am not in favor of that.

MR. HENDERSON: In the absence of salary standardization it must be recommended by the department head. Once you have adopted salary standardization—you might ask the City Attorney if it is not mandatory that those salaries set up must be paid.

CITY ATTORNEY: It becomes a mandate when your ordinance becomes effective.

SUPERVISOR COLMAN: As I see it now, salary standardization is dead. The schedule is a dead issue. I think we are getting deeper and deeper into this thing. I will not go along on this. I will vote "No" and it will go to the committee.

Supervisor Uhl requested that Dr. Geiger's letter be read.

SUPERVISOR SHANNON: I object to its reading.

THE CLERK: The letter is addressed to a newspaper editor.

SUPERVISOR UHL: Were the reports of this morning's paper correct?

DR. GEIGER: I stick by my written statement and I would like my written statement to be presented as a whole.

Thereupon, a roll call was requested. Supervisor Colman objected.

SUPERVISOR COLMAN: I think this should go to committee so we can find out where we stand. The matter is too important, and following directly the vote of the people, we should know where we are going. I am voting "No".

SUPERVISOR UHL: I am positively not bound by any report that may come from the Civil Service Commission, to any commitment on my part.

Thereupon, the roll was called on suspension of the rules, as follows:

Ayes—Supervisors McSheehy, Mead, Meyer, Schmidt, Uhl—5.
Noes—Supervisors Colman, McGowan, Roncovieri, Shannon—4.
Absent—Supervisors Brown, Ratto—2.

The Chair thereupon declared the motion *failed*, and the proposed resolution was *referred to the Finance Committee.*

Dr. J. C. Geiger, Director of Public Health, in reply to questioning by Supervisor Uhl, stated that there had never been a year during which all his budget requests had been allowed, nor did he expect there ever would be. Dr. Geiger called attention to the overcrowded condition of the San Francisco Hospital. He mentioned several desirable employments which had not been allowed in the budget.

In reply, Supervisor Uhl stated he felt there should be a five-year program for the San Francisco Hospital to take care of the increased demands for medical attention, and offered, if there was anything that Dr. Geiger desired, he would be glad to present his requests to the Board. However, no specific requests were made.

The budget requests and recommendations for the several services and departments of the Health Department were explained as follows by Supervisor Shannon:

Endorsing Improvement of Crescent City Harbor. (Series of 1939)

Supervisor McGowan presented:

Resolution No. 309, as follows:

Whereas, the existing project for the improvement of Crescent City Harbor provides for a breakwater, 3000 feet in length, and for the maintenance, dredging, etc., of a harbor basin 1800 feet long and 1400 feet wide to a depth of 20 feet at mean lower low water, except where the existence of rock prevents that depth being obtained; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco in a spirit of good will and cooperation endorse one hundred per cent the proposed improvement of Crescent City Harbor.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Ratto—1.

RECESS.

On motion by Supervisor McSheehy, the Board at the hour of 4:50 p. m. recessed to reconvene on May 25, 1939, at 10 a. m.

DAVID A. BARRY, Clerk.

THURSDAY, MAY 25, 1939, 10 A. M.

In Board of Supervisors, Thursday, May 25, 1939, 10 A. M.

The Board of Supervisors reassembeld for the purpose of continuing consideration of the proposed budget of municipal expenditures for the fiscal year 1939-1940.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Schmidt, Uhl—7.

Absent—Supervisors Brown, Ratto, Roncovieri, Shannon—4.

Police Department (Index No. 9).

Consideration of the Police Department budget, which had previously been continued, was resumed.

Privilege of the Floor.

Chief of Police William J. Quinn, in speaking on policy of gradual reduction of the number of sergeants in the Police Department by the appointment of patrolmen, stated that the suggestion of such policy did not originate with the Police Department or the Police Commission, but from the late Leonard S. Leavy, then Controller.

Thereupon, Supervisor McGowan renewed his motion, that the language wherein is provided "In event of a vacancy in this rank (Sergeant, Q50), the position may be abolished and the number of Policemen correspondingly increased without amendment of this ordinance and the Policemen's position may be filled subject to the provisions of Sections 1 and 2 hereof," be stricken out and the language "In the event of a vacancy in this rank the position shall be filled immediately from the existing Civil Service eligible list," be substituted therefor.

Following his renewal of the above motion, Supervisor McGowan again stated his reasons therefor.

Chief of Police Quinn, in reply to further questioning, stated that the Police Commission had adopted the policy, during the life of the present Civil Service list for Sergeants, that each alternate position of Sergeant, as it becomes vacant, be abolished, and a patrolman be appointed in lieu thereof. He continued, stating that the Department was overstaffed with sergeants, there now being in the Department 158 sergeants.

Mr. William L. Henderson, supplementing the statement made by Chief Quinn, stated that a survey made by the Civil Service Commission showed that the actual number of sergeants in the Department should be about 90.

Mr. Edgar A. Hills, Chairman of Police Committee of the Grand Jury, on being granted the privilege of the floor by motion of Supervisor McSheehy, presented to the Board some of the findings of his Committee: promotions within the Department not being filled, and ambition thereby being stifled, the morale of the Department was suffering. The Grand Jury Committee also feels that various police stations should be re-established. The vacating of various stations was one of the contributing factors to the alleged over-staffing of the Department with positions of Sergeants.

Mr. Harold Brown, also on motion by Supervisor McSheehy, was granted the privilege of the floor. He stated that for the past eighteen months he had been on the Advisory Board of the "Police Signal", stated that his experience indicated there was a need for more Sergeants, rather than fewer, but if there must be a policy of curtailment, why make the present list suffer it entirely. Such curtailment should be gradual. During the life of the present list, seventeen vacancies have already been abolished, which, he felt, was sufficient curtailment for the present list.

Mr. Fred Levey, President of Federation of Municipal Employees, urged the adoption of the motion by Supervisor McGowan.

Supervisor Uhl, following the above presentations, explained his stand in the matter by saying that while he was in sympathy with the men on the current list of eligibles for promotion to positions of Sergeants, he must necessarily be guided by the recommendations of those on whose shoulders lay the responsibility of the conduct of the Department, and, therefore, must vote against the motion.

Supervisor Uhl, in further discussion of the proposed motion, announced, that in view of statements that had been made, he would be satisfied to go along with the complement of 164 men, and when the present list had expired, then a policy of curtailment could be established.

Opinion From City Attorney.

The City Attorney, whose opinion was requested as to the rights of the Board, expressed the opinion that in the adoption of such motion, the Board would be running very close to Section 22 of the Charter. However, the Board could strike out the language objected to, but had no right to say that positions "shall be filled immediately."

Amendment to Motion.

Thereupon, Supervisor McGowan, with the consent of his second, amended his motion by striking out that portion providing for the immediate filling of vacancies in the rank of Sergeant from the existing Civil Service eligible list.

Supervisor Colman expressed his unwillingness to interfere with the management of the Police Department and his intention to sustain the head of the Department, and accordingly would vote against the motion proposed.

Supervisor Roncovieri, in expressing his views, felt that vacancies should be filled from the Civil Service eligible list as they occur. If there are too many Sergeants in the police service no more examinations should be held until the number has been reduced, but, having held the examination, and there being vacancies, faith should be kept with the eligibles on the list and appointments should be made as the vacancies occur.

Motion Carried.

Thereupon the roll was called, and the motion as amended, and reading as follows "that the language wherein is provided 'In event of a vacancy in this rank, the position may be abolished and the number of Policemen correspondingly increased without amendment of this ordinance and the Policeman's position may be filled subject to the provisions of Sections 1 and 2 hereof,' be stricken out" *carried* by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—7.

No—Supervisor Colman—1.

Absent—Supervisors Brown, Ratto, Shannon—3.

Tabulating Numerical Key Punch Operators.

Mr. A. M. Gallagher, on being granted the privilege of the floor at the request of Supervisor McSheehy, opposed the reclassification of two positions of Tabulating Numerical Key Punch Operators from temporary to permanent status.

Mr. Henderson, representing the Civil Service Commission, stated the positions to be, in fact, permanent, and the Commission had so classified them. Any deletion of the two permanent positions, as requested, would not accomplish what was desired.

No action taken.

Supervisor McGowan moved adoption.

No objection.

Joint Highway District No. 9 (Index No. 47-48).

Supervisor Uhl moved that in Column 22, Item No. 21, County Road Fund, sheet 1, Index No. 47-48, the amount of $66,000 be inserted. Motion seconded by Supervisor Meyer.

In making the foregoing motion, Supervisor Uhl announced that he was making the same for Supervisor Ratto, who was absent because of illness. He stated further that the City Attorney has ruled that the Board has complete authority to budget moneys received in the County Road Fund in whatever manner the Board sees fit, without regard to the recommendations of other officers or commissions.

San Francisco is a participating County in Joint Highway District No. 9 and has declared as its policy, under Resolution No. 4300 of the Board of Supervisors, that it will contribute during the next four ensuing years the sum of $66,000 annually as its share towards the construction of the next unit of Joint Highway District No. 9.

He thereupon urged the members of the Board to concur in and adopt his motion.

Privilege of the Floor.

Mr. Ray Judah, former Chairman of the State Highway Commission, on being granted the privilege of the floor at the request of Supervisor Uhl, requested the inclusion in the budget of the amount requested in accordance with the policy as set forth in Resolution No. 4300 of the Board.

Postponement.

Supervisor Colman requested postponement of further consideration until the afternoon's meeting.

No objection and *so ordered.*

Purchase of Hunters Point Drydock by Navy Department.

The Clerk presented a telegram received from Congressman Richard J. Welch, stating that the bill containing provision for the purchase of Hunters Point Drydock by the Navy Department had passed both Houses of Congress and was on its way to the President for his approval.

Whereupon, on motion by Supervisor Uhl, seconded by Supervisor McGowan, the Clerk was directed to extend to Congressman Welch the congratulations of the Board.

Motion to Recess.

Supervisor Uhl, seconded by Supervisor Ronconvieri, moved that the Board recess, to reconvene at 2 p. m.

Prima Facie Parking Bill.

Chief of Police, William J. Quinn, on being granted the privilege of the floor urged the Board to endorse Senate Bill No. 19, Prima Facie Automobile Parking Bill, and urge the Governor to sign same.

No objection.

Amendment to Motion to Recess.

Pursuant to statement by Supervisor Ronconvieri that the Controller needed time to work on the budget, and would prefer postponement of further hearings until Friday morning, and that he would, for that reason vote against recessing until 2 p. m., although he had seconded the motion, Supervisor McGowan moved, as an amendment to the previous motion, that the Board recess to reconvene at 10 a. m., Friday. Motion seconded by Supervisor McSheehy.

RECESS.

Whereupon, no objection being voiced, the Board, at the hour of 12:10 p. m., recessed, to reconvene on May 26, 1939, at 10 a. m.

DAVID A. BARRY, Clerk.

FRIDAY, MAY 26, 1939, 10 A. M.

Rescinding of Previous Action and Temporary Postponement of Further Consideration of Park Department Budget.

On motion by Supervisor Uhl, previous action on the budget for the Park Department was *rescinded*, and further consideration thereof *temporarily postponed.*

Public Welfare Department (Index No. 56).

Dr. Jacques Gray, Director of Public Welfare, being present, consideration of the budget for the Public Welfare Department was resumed. Dr. Gray, in reply to questioning by Supervisor Uhl, stated the number of cases handled by the Department, and in explanation of the apparent increased number of permanent employees called attention to the fact that many of the employments now listed as permanent have been in the past but temporary employments, and were, during the present fiscal year covered by appropriations for temporary employments.

Thereupon, no objection being raised, the Public Welfare Department's budget was *approved.*

Public Utilities.

Consideration of the budgets for the Public Utilities Commission and for the several utilities were *temporarily postponed.*

Civil Service Commission (Index No. 71).

In the absence of Supervisor Shannon, Controller Boyd explained as follows:

			$4,412
Decrease			
Temporary Salaries—sheet 1, line 3			2,180
Net Increase			$2,232

No objection being voiced, budget was *approved.*

San Francisco City and County Employees' Retirement System (Index No. 72).

Controller Boyd explained as follows:

	1938-1939	*1939-1940*	*Increase*
Total budget	$2,537,379	$2,686,375	$148,996

There are two new positions in this Department—1 Asst. Secretary Actuary at $300—$3,600, and 1 General Clerk Stenographer at $155—$1,860. The latter position is offset by a corresponding reduction in temporary salaries.

The other increases in this Department are based on experience.

Supervisor Brown, in connection with the foregoing budget estimate, asked if any effort was being made to bring the fund to the proper amount.

On motion by Supervisor McSheehy, consideration was *postponed* and the presence of the Actuary was requested in order that an answer to Supervisor Brown's query might be had.

Public Pound (Index No. 73).

Controller Boyd explained as follows:

	1938-1939	*1939-1940*
Total budget	$18,000	$18,000

No change.

No objection and budget *approved.*

Coordinating Council (Index No. 75).

Controller Boyd explained as follows:

This Commission was created during year by the Board of Supervisors, Bill No. 1792, Ordinance No. 19.101.

	1938-1939	*1939-1940*	*Increase*
Total budget		$7,080	$7,080

No objection and budget *approved.*

Park Department (Index No. 12).

Consideration of the budget for the Park Department, which had previously been postponed, was again taken up:

Supervisor Uhl called attention to Watchmen at Yacht Harbor, index 12, sheet 7, line 34, 2 Watchmen at $125 per month, and the difference in compensations allowed as compared to other like positions. However, the Controller advised that he believed the Board to be without any jurisdiction in the matter.

Supervisor Uhl requested information about Land Purchases, Yacht Harbor, index 12, sheet 4, line 24, for which $20,000 is recommended.

In explanation thereof, the Director of Property stated this appropriation to provide for the initial purchase of four blocks in the Marina district, the total cost of which would be $400,000 to $450,000.

Supervisor Uhl expressed objection thereto, the total cost for the proposed acquisition of property not yet being known, no negotiations with the owners of the property having been held.

Thereupon, the Director of Property stated that the Pacific Gas and Electric Company, the principal owner of the property sought to be acquired, had refused even to discuss the matter until money was available for at least a preliminary payment toward the contemplated land purchase.

Supervisor Colman urged that the item be retained in the budget, stating that the Board had virtually agreed on the policy of long-time purchase of property in question and should keep faith with the people of the district. Supervisors McSheehy and Schmidt expressed agreement with the contentions of Supervisor Colman.

Motion to Delete.

Supervisor Uhl moved to delete from the Park Department's budget the item of $20,000 for land purchase for the Yacht Harbor Extension.

Motion *failed for lack of a second.*

Approval of Sheet No. 4 of Park Department Budget.

On motion by Supervisor Colman, the roll was called and sheet No. 4 of the Park Department budget was *approved* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt—8.

No—Supervisor Uhl—1.

Absent—Supervisors Ratto, Shannon—2.

Explanations of Votes.

Supervisor Roncovieri stated that he had voted "Aye" on the foregoing motion because there was a gentlemen's agreement to purchase the property in question. However, he expected that the Director of Property would, at a later date, inform the Board as to the total amount involved in the acquisition of the desired property.

Supervisor Uhl stated he was not opposed to the acquisition of the property, but he was opposed to the manner in which its acquisition is contemplated, and he could see no reason why the owners of the property should refuse to give the Board an option on the property.

He stated further that he was not opposed to the Park Department budget with the exception of the one item on which he had just expressed his views.

Thereupon, on motion by Supervisor McSheehy, the Park Department budget was *approved*.

Recreation Commission (Index No. 13).

Consideration of the budget for the Recreation Commission, which had previously been postponed, was again taken up.

Privilege of the Floor.

Mr. William M. Coffman, Recreation Commissioner, being granted the privilege of the floor at the request of Supervisor Colman, stated that the Commission, in conformity with the desire for economy, had resolved early in the year to keep within the Charter limit of seven cents in the tax rate. The Commission, he stated, could not make land purchases this year out of the seven-cent limit, nor could it operate additional playgrounds, with the one exception of Sigmund Stern Grove. The Commission, of course, would be glad to receive additional funds for land purchase, but did not request them.

Miss Josephine Randall informed the Board that the amount of $35,501 had been set up in the budget for land purchases, exclusive of Sigmund Stern Grove, which amount was within the seven-cent Charter limit for the Commission.

Motion.

Supervisor Colman, seconded by Supervisor Brown, moved that the sum of $35,501 to provide for land purchases, as mentioned by Miss Randall, be deleted from the budget, but that the amount for land purchases so deleted be left in the budget to be used in the discretion of the Commission.

Supervisor Roncovieri objected to the motion, stating that thereby the budget, as recommended by the Mayor, would be increased by $35,501, and the Commission would be receiving that amount above the amount produced by the seven cents allowed, plus revenues from other sources.

In reply, Mr. Coffman stated that the Charter provides that his Commission shall spend at its own discretion for the maintenance of its properties a certain sum of money. The Commission had presented its budget projected on the rate of seven cents. The Commission did not ask for additional funds for land purchases, and if such funds be appropriated in addition to the amount provided by Charter, that is not the business of the Commission. The Commission asks though for the withdrawal of the sum of $35,501, set up for land purchase, from its budget.

Supervisor Roncovieri repeated his objection to providing for land purchases for the Recreation Department, unless such land purchases came within the seven-cent rate provided by Charter. He called attention, also, to the increase of amount produced by a seven-cent rate, proportionate to the increase in the assessment roll.

Supervisor Brown, after lengthy discussion, expressed agreement with the thoughts voiced by Supervisor Roncovieri, stating that the people had fixed the amount to be spent by the Recreation Commission, and had provided for the increase of amount to be allowed that Commission as the population and the assessment roll increased.

Motion Defeated.

Thereupon, the roll was called and the motion by Supervisor Colman was *defeated* by the following vote:

Aye—Supervisor Colman—1.

Noes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—8.

Absent—Supervisors Ratto, Shannon—2.

Improvement of Miguel and Other Streets.

Supervisor McSheehy called attention to the need for improvement of Miguel street, for which $13,000 had been requested by citizens in the district affected, which amount, he felt, could come out of the Special Gas Tax Fund, and requested the opinion of the Controller thereon.

Controller Harold Boyd, in reply thereto, stated that the desired appropriation could not be made from the Special Gas Tax Fund, because expenditures from that fund are limited to streets of major importance.

Supervisor Uhl called attention to several other streets, among which were Gates and Brunswick streets, for which he felt improvements should be provided. Also, $66,000 should be provided for the ensuing fiscal years allotment to Joint Highway District No. 9, and suggested that deletions should be made from other recommendations so that these matters could be taken care of out of County Roads Fund.

Subsequently during the proceedings, the Director of Public Works being present, the question of appropriations from the County Road Fund was again taken up. Mr. A. D. Wilder, Director of Public Works, announced that the improvement of Miguel would be undertaken as soon as the money was available. At the present time there is only $86,000, plus $12,500 unallocated. It is his intention to recommend that Miguel street and similar jobs be undertaken out of unallocated funds and balances remaining from appropriations for other work. He did not want to use that $86,000 which he intended to use for the widening of Pacific, Eureka and Capp streets.

Motion.

Supervisor McSheehy, seconded by Supervisor Uhl, moved that the Board reduce the $86,000 (Index No. 47-48, sheet 1, line 28) by $12,000 and set up an item of $12,000 for the purpose of the improvement on Miguel street.

Whereupon, the Director of Public Works recommended against using any portion of the $86,000 mentioned, which if done, would make impossible the prosecution of larger jobs, but called attention to item in Index No. 47-48, sheet 1, line 28, Unallocated, $12,376, and suggested that the Board signify its intention to ear-mark this item for the proposed Miguel Street Improvement.

Substitute Motion.

Thereupon, Supervisor McSheehy, seconded by Supervisors Colman and Uhl, moved that the item, as recommended by Mr. Wilder, be ear-marked for the purpose of improvement of Miguel street.

Supervisor Roncovieri, in speaking on the above motion, stated he had no objection thereto, but there were a number of other streets in the same situation, and he wished to treat them all alike, and requested the Clerk of the Streets Committee to inform the Board regarding other jobs that should be done as well as Miguel street, in order that the Board might have the whole picture before approving Miguel Street Improvement.

Thereupon, Mr. McGrath announced that for the past several years requests have come in from people who want street improvements made. These requests have been denied on the ground that there was no money available. Approving Miguel street would give people a precedent over people who have been waiting for improvements for many years.

The Director of Works expressed agreement with the statement by Mr. McGrath, and announced that there were other improvements of equal urgency, advising the Board to keep this amount open so that the Board could consider the entire matter later on, at its leisure, instead of now.

Supervisor Colman expressed agreement with the Director of Works, stating that he must have misunderstood him before, and that the matter should be considered at a later date.

Privilege of the Floor.

Mr. Tiel Messer and a Mr. Miller, residents of the Miguel Street district, urged the Board to approve this item for the improvement of their street. They called attention to the lack of pavement, and accordingly the lack of fire protection for the district. Sewers are needed in the district, thus doing away with the obnoxious cesspools now existing there.

W. D. Coghlin, representing the Associated General Contractors, discussed at length the condition of the County Road Fund, and contended there was actually a surplus of $273,000, out of which Miguel and other streets could be cared for.

Controller Harold Boyd, in answer to Mr. Coghlin, stated that the Controller is the accounting officer of the City and County, and his office does not work toward some desired result, as do the contractors, nor is it interested as to how the funds are budgeted. He further stated that the Controller's estimates were based on the result of the year 1938-1939, nor would he, for the benefit of anyone, over-estimate expected revenues, and any estimates made would be made only after taking into account safety factors for the protection not only of the Board and the taxpayers, but for the protection of his own office.

Motion to Recess.

Supervisor McSheehy moved that the Board recess until 2 P. M., and that Mr. Coghlin be allowed the privilege of the floor at that time.

Point of Order.

Supervisor McGowan raised the point of order that a motion is already before the Board and that the Board is entirely off the discussion.

Chair ruled the *point of order well taken.*

RECESS.

Thereupon, Supervisor McSheehy moved recess till 2 P. M., whereupon the Board, at the hour of 12 noon, recessed, to reconvene at 2 P. M.

Expressing Regret at the Sinking of the "Squalus."
(Series of 1939)

Supervisor McGowan presented:

Resolution No. 312, as follows:

Whereas, the United States Navy has been visited by appalling tragedy through the sinking of the submarine "Squalus"; and

Whereas, this momentous disaster leaves the nation with mingled feelings; heartfelt sorrow for the loss of those intrepid sailors whom fate designated for the Last Great Voyage; boundless joy for the rescue of the survivors, and profound respect and admiration for the discipline and heroism displayed not only by the crew of the ill-fated submarine but also for the timely and effective endeavors of those whose actions made the rescue of the survivors possible; and

Whereas, through the pall which hangs over the nation as a result of this tragedy there shines through, only one assuaging light—that bravery and gallantry which denotes the indomitable spirit of the United States Navy; now, therefore, be it

Resolved, That this Board of Supervisors views this tragic occurrence with deepest regret and takes this opportunity, through the Navy Department, to express its heartfelt condolences to the bereaved families of those fine men who lost their lives in their Country's service; and, be it

Further Resolved, That this Board of Supervisors, through the Navy Department, convey to the survivors and to the men who rescued them expressions of highest commendation for their heroism throughout this terrible ordeal, and joins with the survivors in the happiness which is theirs for having been rescued; and, be it

Further Resolved, That copies of this resolution be sent to the Navy Department.

Adopted by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Uhl—7.

Absent—Supervisors Brown, Ratto, Schmidt, Shannon—4.

In Memoriam—Captain Wm. J. Keneally.
(Series of 1939)

Supervisor McSheehy presented:

Resolution No. 313, as follows:

Whereas, Captain Wm. J. Keneally of the San Francisco Fire Department has been summoned to his eternal reward; and

Whereas, during his forty-three years of service in the Fire Department, until his retirement as Captain in 1932, he rendered valuable service to this City. Captain Keneally distinguished himself for a courage and devotion to duty that won for him the respect and admiration of all who knew him. As President of the Veteran Firemen's Association for over a quarter of a century, he established a record that will stand for all time. His understanding, tolerance, charity and good will endeared him to all who now deplore his loss; therefore, be it

Resolved, That this Board of Supervisors joins with the thousands of friends who mourn the passing of Captain Wm. J. Keneally, and when this Board adjourns today it does so out of respect to his revered memory.

Unanimously adopted by rising vote.

County Road Fund Appropriations.

Discussion of appropriations from the County Road Fund for the improvement of Miguel and other streets was resumed, upon the reassembling of the Board.

Privilege of the Floor.

Wm. D. Coghlin, representing the Associated General Contractors, on being granted the privilege of the floor, stated that there were streets other than Miguel street, which needed attention, and suggested that there be set up a list of streets for improvement, placing Miguel street, however, at the head of such list.

Mr. Andrew J. Gallagher, on being granted the privilege of the floor by motion of Supervisor McSheehy, stated that the Department of Public Works could take care of Miguel street, if it so desired and had the money. Funds for such improvement did not have to be earmarked.

The Director of Public Works, in reply to question by Supervisor McSheehy, stated that there were other important streets where improvements were needed, citing Eureka, Brunswick and other streets.

Motion.

Supervisor McSheehy, seconded by Supervisor Uhl, moved that the list as set up by Director of Works, Mr. A. D. Wilder, be followed as the money becomes available for street work, putting Miguel street, however, first on such list.

Motion *carried*.

Proposed Amendment to County Road Fund Budget.

Supervisor Roncovieri, seconded by Supervisor McGowan, moved that the County Road Fund Budget (Index No. 47-48, sheet 1) be amended by the insertion of a new item to be numbered 24½, Joint Highway District No. 10, W. P. A. Sponsorship Contribution, $36,550. This pursuant to Resolution No. 161 (Series of 1939) adopted by the Board of Supervisors March 20, 1939.

Privilege of the Floor.

Mr. Andrew J. Gallagher, on being granted the privilege of the floor, discussed the proposed motion at length, and urged its approval, stating the Board had agreed to this provided the State would provide $43,000 for its portion, which it had done.

Appropriation for Joint Highway District No. 10.

In discussing the above motion, Supervisor Uhl announced that he would be opposed thereto unless proper provision was also made for Joint Highway District No. 10, to which the Board had agreed by resolution in October, 1938.

Continuing his discussion of appropriations for Joint Highway Districts, Supervisor Uhl stated he could not support the motion for an appropriation for Joint Highway District No. 9, because, as he understood from the statement by the Director of Works, the amount requested would have to come from the item of $86,000 for W. P. A. Sponsorship.

The Controller, in reply to questioning, stated that there was not at the present time, sufficient money to take care of the request, but that no harm could come from putting the amount in the budget, for if the money does not come in, of course, it could not be used.

Thereupon, Supervisor Uhl announced that he was satisfied to vote for the appropriation requested.

Amendment to Motion.

Supervisor McSheehy moved to amend the motion made by Supervisor Roncovieri for the insertion of a new item for Joint Highway District No. 10, W. P. A. Sponsorship Contribution, $36,550 by the addition of the following: "The funds appropriated by this ordinance shall be expended on the basis of competitive bidding as provided by Section 95 of the Charter, for rental of equipment and purchase of

material exclusively for the specific project herein set forth, and none of these funds shall be expended except through the medium of private industry, and no portion of the funds herein mentioned shall be allocated to or expended by any governmental agency not operating under or bound by the provisions of Section 95 of the Charter of the City and County of San Francisco."

Motion to amend *failed* for want of a second.

Motion Carried.

Thereupon, the roll was called and the motion by Supervisor Roncovieri for the insertion in the County Road Fund Budget of a new item to be numbered 24½, Joint Highway District No. 10, W. P. A. Sponsorship Contribution, $36,500, *carried* by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Shannon, Uhl—8.

Absent—Supervisors Brown, Ratto, Schmidt—3.

Joint Highway District No. 9.

Supervisor Uhl, seconded by Supervisor McGowan, moved that the Board provide in the budget of the County Road Fund, an appropriation of $66,000 to cover agreement previously made with respect to Joint Highway District No. 9.

Supervisor Roncovieri discussed briefly the proposed appropriation, stating it to be his understanding that if sufficient money should not be available to cover the full appropriation, Joint Highway District No. 9 should be treated the same as District No. 10. That is, if 100 per cent of the anticipated revenues is realized, then the Joint Highway Districts would each receive the full amount set up for them; if sufficient money is received to provide for only 50 per cent of the appropriations set up, then each District should receive only 50 per cent of that amount set up.

Supervisor McSheehy, in discussing the proposed appropriation for Joint Highway District No. 9, referred to deletions from several of the County Road Fund appropriations that were suggested by Supervisor Uhl during the discussion on appropriation for Joint Highway District No. 10, stating that he would not make any commitments for expenditure on the promise that certain other deletions should be made from the budget as submitted by the Mayor.

Motions for Deletions from County Road Fund Budget.

Thereupon, Supervisor Uhl moved that item Street Signs—New and Repair, $10,000, index No. 47-48, line 16, be deleted.

No second.

Supervisor Uhl moved that the item, Traffic Striping, Special Gas Tax Street Improvement Fund, index No. 77, sheet No. 2, line 16, be deleted.

No second.

Motion for Deletion of Item for Traffic Consultant.

Supervisor Uhl moved that item, Traffic Consultant, $22,500, County Road Fund, index No. 47-48, line 19, be deleted. Motion seconded by Supervisor McSheehy.

Discussion.

Supervisor McSheehy, in explaining his reason for seconding the above motion, stated that he felt the employment of a traffic expert was a waste of public funds. There are engineers and experts already in the City employ.

Supervisor Colman opposed the deletion of the item, stating that he believed the proposed employment of Mr. Purcell to be one of the most constructive things ever done in the effort to solve the traffic problem in San Francisco.

Motion Defeated.

Thereupon, the roll was called and the motion to delete from the budget the item to provide $22,500 for the employment of a traffic consultant was *defeated* by the following vote:

Ayes—Supervisors McSheehy, Uhl—2.
Noes—Supervisors Colman, McGowan, Mead, Meyer, Roncovieri, Shannon—6.
Absent—Supervisors Brown, Ratto, Schmidt—3.

Appropriation for Joint Highway District No. 9 Approved.

Thereupon, the roll was again called and the motion by Supervisor Uhl to provide in the County Road Fund budget an appropriation of $66,000 for Highway District No. 9 was *carried* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Roncovieri, Shannon, Uhl—7.
No—Supervisor McSheehy—1.
Absent—Supervisors Brown, Ratto, Schmidt—3.

County Road Fund Budget Approved.

Whereupon, the County Road Fund Budget was *approved* by the following vote:
Ayes—Supervisors Colman, McGowan, Mead, Meyer, Roncovieri, Shannon—6.
Noes—Supervisors McSheehy, Uhl—2.
Absent—Supervisors Brown, Ratto, Schmidt—3.

Action on Park Commission Budget Rescinded.

Supervisor Uhl called attention to the Park Commission Budget, Special Appropriation for Huddart Park Survey and Fencing, Index 12, sheet 3, line 21, which item had been deleted by the Mayor, and moved that the previous action of the Board, in approving the Park Commission Budget, be rescinded in order that this item might be considered. Seconded by Supervisor McSheehy.

Thereupon, Supervisor Uhl moved that the Park Commission budget be reopened.

No objection and *so ordered*.

Public Utilities Commission, San Francisco Airport (Index No. 64).

Supervisor Shannon explained as follows:

Eight votes required to pass this budget.

Personal Service

There are no salary increases and no new positions in the recommended budget for this department.

	1938-1939	*1939-1940*	*Decrease*
Total Budget	$76,761	$75,470	$1,291

This decrease is the result of the following:

Decreases		
Contractual Services—sheet 1, lines 19 and 20	$1,050	
Services of Other Departments—sheet 1, line 12	500	$1,550
Increases		
Fixed Charges—sheet 1, line 10		259
Net Decrease		$1,291

Discussion.

Mr. J. J. Sharon, representing the Public Utilities Commission, in reply to questioning by Supervisor Uhl, explained fully the duties of Mr. Lloyd T. McAfee.

Whereupon, Supervisor Uhl stated that it had been agreed that the employment of Mr. McAfee would terminate upon the completion of the O'Shaughnessy Dam. Accordingly, Supervisor Uhl disapproved his employment at the Airport.

Supervisor Colman disagreed emphatically with any suggestion of the dismissal of Mr. McAfee, stating that he, and others in the employ of the Public Utilities Commission, were men of the highest type and they were paid far less than the prevailing salaries paid in private employment for similar work performed.

Supervisor McSheehy, in expressing his views, stated that he knew of no man connected with the entire Hetch Hetchy project as competent as is Mr. McAfee, in whom he had the greatest confidence.

Supervisor Uhl, however, moved to delete from the budget of Hetch Hetchy Water Supply, Index No. 68, sheet No. 3, line 7, the item reading Utilities Engineer, $8,400.

Motion *failed for want of a second.*

Public Utilities Commission, Municipal Railway (Index No. 65).

Supervisor Shannon explained as follows:

Personal Service

There are no salary increases in the recommended budget for the department.

	1938-1939	*1939-1940*	*Increase*
Total Budget	$3,592,874	$4,370,019	$777,145

All of the proposed expenditures for the Municipal Railway are to be provided from its own revenues. The operating increases are necessitated by increased service.

Increases

Total Personal Services—sheet 1, line 7		$361,615
The greater portion of this increase represents new conductors, motormen and bus drivers who have been employed during the year on account of increased service. Other employments which were added have been filled on a temporary basis. The positions have been approved by the Civil Service Commission.		
Contractual Services—sheet 1, line 9 (Increased Requirements)		111,691
Materials and Supplies—sheet 1, line 10 (Increased Requirements)		41,452
Equipment—sheet 1, line 10		1,110
Services of Other Departments and Retirement Allowances—sheet 1, lines 23 to 35		25,686
Additions and Betterments—sheet 2, line 3		240,110
Railway Proportion of Cost of Traffic and Transit Investigation, sheet 2, line 6		11,700
		$793,364
Decrease		
Fixed Charges—sheet 1, line 21		16,219
Total Increase		$777,145

Explanation of Vote.

Supervisor McSheehy, after questioning Mr. Sharon as to the revenues and expenditures of the Municipal Railway, announced that he

would vote against the budget for the Municipal Railway, as presented, and would, at a subsequent date, present his reasons therefor in writing.

Before the roll was called on the Municipal Railway budget, Supervisor Shannon announced that there were salary increases recommended except for car and auto painters, of which the Board had already been informed by his Honor the Mayor at the time of the presentation of the budget to the Board.

Approval of Municipal Railway Budget.

Thereupon, the roll was called and the budget of the Municipal Railway was *approved* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—8.
No—Supervisor McSheehy—1.
Absent—Supervisors Brown, Ratto—2.

Public Utilities Commission, San Francisco Water Department (Index No. 66).

Supervisor Shannon explained as follows:

Personal Service

There are no salary increases in the recommended budget for this department.

Increase of 1 new Meter Reader at $150, which is offset by a reduction in temporary salaries—See sheet 11, line 10.

The rest of the budget is based on present experience.

Supervisor Uhl requested information as to several new employments indicated on sheet 9 of Index No. 66, lines 5, 6, 7, 8, 9, 10 and 11. In reply thereto, Mr. Sharon announced that there were ten new employments, eight of them those referred to by Supervisor Uhl, and two others in another portion of the budget, but that all these employments had been on "as needed" or "functional" basis and had been permanent employees of the Spring Valley Water Company.

Budget Approved.

Thereupon, the roll was called and the Water Department Budget was *approved* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—8.
No—Supervisor McSheehy—1.
Absent—Supervisors Brown, Ratto—2.

Explanation of Vote.

Supervisor McSheehy announced that he would, at a subsequent date, present in writing his reasons for voting against the foregoing budget.

Public Utilities Commission, Hetch Hetchy Power Operative (Index No. 67).

Supervisor Shannon explained as follows:

Personal Services

There are no salary increases and no new positions in the recommended budget for this department.

	1938-1939	*1939-1940*	*Increase*
Total Budget	$270,614	$290,122	$19,508

Increases

Plant Maintenance—sheet 1, line 5.....$	850
(Increased Requirements)	
Heat, Light and Power—sheet 1, line 2.....	50
(Increased Requirements)	

	1938-1939	1939-1940	Increase
Buildings, Structures and Improvements—sheet 1, line 16 (Lightning Arresters)		996	
Accident Compensation—sheet 1, line 18		19	
Pension and Retirement Allowance—sheet 1, line 19		77	
Provision for Replacement and Reconstruction—sheet 1, line 21		6,409	
Public Utilities Commission—sheet 1, line 24		1,200	
Hetch Hetchy Water Supply—sheet 1, line 27		13,357	$22,958
Decreases			
Permanent Salaries—sheet 1, line 2		$ 450	
Routine Transmission Maintenance		3,000	3,450
Net Increase—sheet 1, line 28			$19,508

Supervisor Uhl announced his intention to vote to approve the Hetch Hetchy Power Operative Budget, but requested a breakdown of the item on sheet 1, Index No. 67, line 21, Provision for Replacement and Reconstruction, $39,701.

Supervisor McSheehy announced his intention to vote "No" on the foregoing budget, and repeated his statement that he would at a subsequent date, present his reasons in writing therefor.

Hetch Hetchy Power Operative Budget Approved.

Thereupon, the roll was called and the Hetch Hetchy Power Operative Budget was *approved* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—8.

No—Supervisor McSheehy—1.

Absent—Supervisors Brown, Ratto—2.

Public Utilities Commission, Hetch Hetchy Water Supply (Index No. 68).

Supervisor Shannon explained as follows:

Eight votes are required to pass this budget:

Personal Services

There are no salary increases in the recommended budget for this department.

	1938-1939	1939-1940	Increase
Total Budget	$192,280	$220,267	$27,987

The funds for the operation of this department are supplied by the Hetch Hetchy Power Operative and the Water Department and the budget is based on present experience.

The only essential change in the department is the setting up of six positions on a permanent basis. This increase is offset by a corresponding decrease in the functional appropriations.

Discussion.

In reply to questioning by Supervisor Uhl, Mr. Sharon stated that there was, in San Francisco Water Department Budget, provision for Bond Interest and Redemption, the amount of $447,000 having been set up.

Explanation of Vote.

Supervisor McSheehy, in explanation of his vote, stated he intended to vote "No" on the above, and would submit his statement thereon, setting forth his reasons, at a later date.

Thereupon, the roll was called and the Hetch Hetchy Water Supply Budget was *approved* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—8.

No—Supervisor McSheehy—1.

Absent—Supervisors Brown, Ratto—2.

Public Utilities Commission, Electric Power Bureau (Index No. 69).

Supervisor Shannon explained as follows:

This is the first time that a budget has been submitted for this Bureau. Heretofore and during the current year the services for this Bureau have been provided on a functional or "as needed" basis for the Bureau of Engineering.

The funds for this department are provided by Street and Public Building Lighting, Municipal Railway and Hetch Hetchy Power.

There is one new B4 Bookkeeper position at $175 in this Bureau; the remainder of employments have been transferred from "interdepartmental service."

Explanation of Vote.

Supervisor McSheehy, in explanation of his vote, stated he intended to vote "No" on the above, and would submit his statement thereon, setting forth his reasons, at a later date.

Thereupon, the roll was called and the Electric Power Bureau Budget was *approved* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—8.

No—Supervisor McSheehy—1.

Absent—Supervisors Brown, Ratto—2.

San Francisco City and County Employees' Retirement System (Index No. 72).

Consideration of the Retirement System Budget, which had previously been postponed, was again taken up.

The Controller reported that the Secretary-Actuary was out of the city, and not being available, he, the Controller, had secured a report of the Certified Public Accountants on the condition of the system. The Controller, in reply to question by Supervisor Shannon, stated that there was in the fund $21,635,892.28, one-half of which had been contributed by the taxpayers.

On motion by Supervisor Shannon, the Retirement System Budget was *approved*.

RECESS.

Thereupon, the Board, at the hour of 6 p. m., recessed, to reconvene at 8 p. m.

DAVID A. BARRY, Clerk.

FRIDAY, MAY 26, 1939, 8 P. M.

In Board of Supervisors, Friday, May 26, 1939, 8 p. m.

The Board of Supervisors reassembled pursuant to recess.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Ratto—2.

Quorum present.

President Shannon presiding.

San Francisco Unified School District (Index No. 70).

Supervisor Shannon explained as follows:

	1938-1939	*1939-1940*	*Increase*
Total Budget	$10,413,812	$10,464,213	$50,401

It must be recognized that this is a tentative budget subject to revision prior to the submission of the final budget of the San Francisco Unified School District, to be transmitted prior to August 15, 1939, as required by State Law.

On motion by Supervisor Roncovieri, seconded by Supervisor McGowan, *approved* as presented.

Recommendation of Finance Committee.

The following report and recommendation of the Finance Committee on the proposed budget of municipal expenses for the fiscal year 1939-1940 was presented and read by the Clerk:

The supplemental budget requests acted on by the Finance Committee fall into four classes:

I. Corrections of clerical errors in the preparation of the budget. It is manifest that the preparation of a budget as extensive and detailed as our Charter prescribes would entail certain minor inaccuracies and clerical errors, subject to correction.

II. Additions to the permanent personnel—new positions.

III. The complicated problem forced upon the Department of Public Health by reason of the recent decision of the Superior Court wherein the court decided that the City must pay cash in lieu of maintenance to those employees who did not avail themselves of the maintenance offer.

IV. Salary increases.

Your Finance Committee has prepared and submits herewith specific recommendations under each of these classifications.

I. Correction of Errors—The following errors, omissions and necessary corrections have been brought to the attention of your Finance Committee, properly approved. Your Finance Committee recommends the following corrective action:

Materials and Supplies, Chief Administrative Officer	$ 450
3 Seamstresses, Health Department	2,268
Operating room nurses, Health Department	120
Water Department worker, Public Utilities	120
Salary adjustment 1 general clerk, Tax Collector's Office	60
	$ 3,018
Deduct: Personnel changes, Public Welfare Department	—300
	$ 2,718

II. Certain additions to the permanent personnel (new positions) have been recommended by the department heads and approved by the Mayor, or the Acting Mayor. Your Finance Committee, after consideration, recommends the inclusion in the budget of the following positions:

1 Chauffeur (part time), Chief Administrative Officer	$ 300
1 B4 Bookkeeper at $175, Public Administrator	2,100
2 Veterinarians at $200, Health Department	4,800
1 Plumbing Inspector at $225, Health Department	2,700
2 Housing Inspectors at $175, Health Department	4,200
1 Inspector Disinterment at $175, Health Department	2,100
2 X-Ray Technicians at $135, Health Department	2,400
(—$35)	
	$18,600

III. The Chief Administrative Officer has recommended that the sum of $75,000 be provided in the budget in order to provide cash in lieu

of maintenance for certain of the employees of the Department of Public Health. Your Finance Committee believes that because of the stated inability of the Chief Administrative Officer to determine the ultimate effect of the decision of the Superior Court in this regard that no addition should be made to the budget at this time.

It is the considered opinion and the recommendation of the Finance Committee that as the needs are developed in this connection each month during the ensuing fiscal year that the Mayor should recommend, and that the Board should approve, monthly appropriations from the Emergency Fund to meet this situation. Your Finance Committee believes it would be unwise in the absence of specific data to provide $75,000 at this time. There is nothing before the Finance Committee to justify the inclusion of this amount. It is the considered opinion of your Finance Committee that far greater care will be exercised by the officials concerned if each month the request were to be subject to the joint action of the Mayor and nine members of this Board, as an appropriation from the Emergency Fund.

IV. Salary Increases—On May 19, one week ago today, the People of San Francisco voiced their sentiment with respect to the salary question. In the opinion of your Finance Committee we are without authority to attempt to interpret the will of the People by alleging that they did not mean what they said, or they only meant part of what they said. For that reason all requests for salary increases which came before the Finance Committee were rejected by the Committee with the single exception of the institutional workers.

The Chief Administrative Officer has recommended and the Acting Mayor has approved a $5 per month increase for these, the lowest paid workers on the City pay roll. Certain of these employees receive $75 per month, some of them receive $85 per month. Your Finance Committee believes that the Chief Administrative Officer and the Acting Mayor did a commendable thing in recommending this salary increase. The salary increase recommended is $5 per month and we urge the concurrence of the Board in this recommendation.

We believe that the People of San Francisco will not begrudge a $5 monthly increase to these men and women who are now being paid $75 and $85 a month.

Motion for Adoption of Report.

Supervisor Shannon, seconded by Supervisor Roncovieri, moved adoption of the foregoing report.

Discussion.

Supervisor Colman, in discussing the foregoing report, expressed agreement with everything contained therein, and stated he was heartily in accord with the belief that San Francisco would not begrudge the small increase for institutional workers' salaries, although he understood the recommendations for such increase were not concurred in by Dr. Geiger, although they had been recommended by the Chief Administrative Officer.

The Controller, in reply thereto, stated that the Committee, on the advice of the City Attorney, recognized the right of the Chief Administrative Officer to make certain recommendations for the Health Department.

Thereupon, Supervisor Colman, in continuing, said: I would like the opinion of the City Attorney on this question, if it is convenient for him to come here. I want to say that I am in accord with the recommendations of the Finance Committee. However, I cannot view with approval, and do not, the fact of Dr. Geiger's decision having been reversed. To me one of the most outstanding men in the City's employ is Dr. Geiger. I think his record is one to be very proud of. Although I do not agree, I cannot help but publicly commend the courage and splendid action of Dr. Geiger in sticking to what he thinks is the best thing for San Francisco; that is, if these raises are given, there are others just as worthy in his department, and

possibly more so. Also, he feels that if the Board of Supervisors wants to grant him this amount, he could use it to establish other things in his department which he thinks of more value to the people of San Francisco. For that reason, I do not like to see any of his recommendations overruled. However, in the campaign, the very statement was made, that there was no question about the justice of this, and I am going to vote for it. Again, I want to say that I think the statement of the Finance Committee a very fine one, and I commend the Committee for it.

Supervisor Roncovieri, thereupon, stated that he understood, although evidently he had been mistaken, that the decision regarding the increased salaries for institutional workers had been mutually arrived at by Dr. Geiger and the Chief Administrative Officer. However, he still believed the proposed increases should be granted, and if Dr. Geiger wished to extend any part of his department, the funds should be given to him—or, at least, they should not be taken out of these men's salaries. There are about 500 employees affected, at $60 per year, or $30,000. If that amount would help Dr. Geiger's department otherwise, Supervisor Roncovieri stated, he would rather vote that addition to the budget than to take it from these low-salaried employees.

The City Attorney, who had arrived in the Chambers during the discussion, informed the Board that on the recommendation of the Chief Administrative Officer and with the concurrence of the Acting Mayor, it could, without doubt, approve the suggested salary increases for institutional workers.

City Architect (Index No. 36).

Supervisor Meyer called attention to the position, City Architect, index 36, sheet 1, line 11, requesting an adjustment in the salary for that position. He stated that the former architect received a salary of $600 per month; that the present City Architect was receiving but $400 per month, whereas he had been promised a salary of $500. The proposed increase in compensation, he considered, was not an increase in salary, but an adjustment, and he requested the Board to concur in his recommendation. The proposed increase had been recommended by the Chief Administrative Officer and approved by the Acting Mayor.

Thereupon, Supervisor Shannon, Acting Mayor, in reply to Supervisor Meyer, stated that there had been so many similar requests received that were worthy of consideration that the Finance Committee had recommended against them all, without exception.

Supervisor Colman, in discussing the request, and the statement by Supervisor Meyer that were the City Architect privately employed, he would, for the same responsibilities, receive a far greater salary than even the proposed $500 per month, called attention to other City officials who would, in private employment, or in private practice of their professions, also receive a much greater compensation.

Supervisor Roncovieri called attention to the fact that the City employs other architects than the City Architect, and that the City Architect does not do all the creative work necessary precedent to the construction of public buildings, but, even were that so, the Mayor having deleted from the budget the requested $100 increase in salary, the Board could not replace it.

Motion.

Supervisor Meyer, seconded by Supervisor McSheehy, moved that the Board recommend to the Mayor that he make to the Board a supplemental recommendation that the salary of the City Architect be increased to $500 per month.

Supervisor McSheehy and Director of Public Works Wilder supported the motion by Supervisor Meyer.

Supervisor McGowan stated that while he felt the proposed increase in salary was a worthy one, nevertheless, he was opposed to the motion.

Motion Lost.

Thereupon, the roll was called and the foregoing motion *failed* by the following vote:

Ayes—Supervisors McSheehy, Meyer—2.
Noes—Supervisors Brown, Colman, McGowan, Mead, Roncovieri, Schmidt, Shannon, Uhl—8.
Absent—Supervisor Ratto—1.

Recommendation of Finance Committee Approved.

Whereupon, the roll was called and the recommendation of the Finance Committee was *approved* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Roncovieri, Schmidt, Shannon, Uhl—9.
No—Supervisor Meyer—1.
Absent—Supervisor Ratto—1.

Privilege of the Floor.

The privilege of the floor was granted Mr. Robert Rae, Librarian, who again presented his request for authorization to permit the "automatic" increases for librarians in accordance with their agreement with the Board of Library Trustees. In support of his request, Mr. Rae stated that the salaries in question were not subject to standardization, nor would they affect the tax rate, as he had previously pointed out.

Opinion from City Attorney.

In reply to request by Supervisor Shannon, the City Attorney expressed the opinion that while the Library Commission had a great deal of control over its own funds, he did not think the proposed salaries could be increased without the recommendation of the Mayor or the Acting Mayor, and the approval of the Board.

Correction of Annual Salary Ordinance to Reflect Reclassifications of Positions Made During Current Fiscal Year.

Mr. Alberts, representing the Civil Service Commission, called attention to reclassifications of positions, effective on July 1st, and requested corrections be made in the Annual Salary Ordinance to reflect such reclassifications. No salary increases to arise from such reclassifications.

Thereupon, Supervisor Uhl moved to include such changes in the budget and salary ordinance as recommended by the Civil Service Commission.

No objection, and *so ordered.*

Approval of Budget.

Supervisor Roncovieri, seconded by Supervisor Colman, moved that the budget of municipal expenditures for the fiscal year 1939-1940, as amended by the Board, be approved.

Statement of Vote.

Supervisor McSheehy announced that inasmuch as he had voted against many of the recommendations in the budget, he would vote against approval thereof, and he would present his reasons therefor, in writing, at the time of final passage of the Annual Appropriation Ordinance.

Thereupon, the roll was called and the budget was *approved* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—9.
No—Supervisor McSheehy—1.
Absent—Supervisor Ratto—1.

Passage for Second Reading.

Thereupon, the following recommendation of the Finance Committee was taken up:

Annual Salary Ordinance

Fiscal Year Ending June 30, 1940

Bill No. 192, Ordinance No. 186, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1940; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1940. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated, but no appointment to such temporary or seasonal position shall be made until the Controller shall certify that funds are available and the Mayor shall approve, and no such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor or the Controller, the Civil Service Commission may investigate and report on the necessity for such temporary or seasonal services.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position herein established and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation, and the Mayor shall approve.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1939-40 in the class title or number of classification of the duties of a position herein enumerated shall be reported within thirty days by the Civil Service Commission to the Mayor, the Board of Supervisors, the Controller, and the head of the department concerned, in order that the Board of Supervisors may amend the Salary Ordinance to conform to the changes made by the Civil Service Commission.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of com-

pensations issued by the Civil Service Commission under date of April 9, 1930, except as such proposed schedule of compensation is amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein and the salary shall remain at the said entrance rate during the current fiscal year; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the Prevailing Wage Resolution and in effect at the time of the award of said contract shall be paid to employees performing work under such contract.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided. The compensations fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter includes the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on payrolls and timerolls.

Charges for any and all maintenance furnished and accepted by employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on timerolls and payrolls, and deductions for such maintenance shall be indicated and made on timerolls and payrolls in accordance with the following schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

The following recommendation of the Finance Committee was taken up:

ANNUAL APPROPRIATION ORDINANCE 1939-1940

BILL NO. 165, ORDINANCE NO. 185, as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES FOR THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1940.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1940, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made is hereby authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, in the manner provided by law.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further, that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

The Controller shall make available the amount of actual receipts for items of proposed expenditures that are designated herein as appropriated for Symphony Concerts, Collection of Rents (Real Estate Department), Tearing Up Streets, Inspection Fees (Engineering), and Advertising Fees (Engineering).

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of and the salary or wage for, employments in each class as enumerated in the Annual Salary Ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available for the compensation of the appointee, and the Mayor shall approve the appointment.

Appointing officers shall not make appointments to seasonable or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding amounts deposited in the treasury in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

Explanation of Vote.

Supervisor McSheehy, in explanation of his vote, stated that he intended to vote against the Annual Appropriation Ordinance, and in his explanation of vote against the budget he would cover both matters.

Explanation of "Receipts from Surplus."

At the request by Supervisor Colman, the Controller, in explaining "Receipts from Surplus," page 17 of the Annual Appropriation Ordinance, stated that it was the practice of the City and County for a number of years to provide money in advance for the payment of bond interest and redemption. However, the Supreme Court has ruled that to be illegal, and this amount in the Annual Appropriation is money that has accrued by virtue of the court decision.

Privilege of the Floor.

Mr. William H. Nanry, representing the Bureau of Governmental Research, on being granted the privilege of the floor by motion of Supervisor Colman, stated that he did not disagree as to the legal right of the City to handle bond interest and redemption in this manner, but the City is not forced so to do, according to the advice received by the Bureau from its attorneys. A petition has been filed for rehearing, which petition has been granted. That has the effect of holding up the decision and making it binding on no one. This proposed procedure is possible under the decision, but is not enforced by it.

Passage for Second Reading.

Thereupon, the roll was called and the Annual Appropriation Ordinance was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—9.

No—Supervisor McSheehy—1.

Absent—Supervisor Ratto—1.

Regrets for Illness of Supervisor Ratto.

Supervisor Colman called attention to the fact that for the first time since he has been a member of the Board, Supervisor Ratto was not present, due to illness, and moved that the Board send him its regrets and the sincere hope that he will soon be back, and let him know that he is missed.

Unanimously adopted.

Suggestion for Local Participation re Relief.

The Clerk presented and read a telegram from his Excellency, Governor Olson, re relief situation and the need for increased local participation.

Referred to Special Legislative Advisory Committee.

Widening of Hyde Street.

Supervisor Uhl presented a petition for the widening of Hyde street, between California and Lombard streets.

Referred to Streets Committee.

ADJOURNMENT.

There being no further business, the Board, at the hour of 10:25 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors July 5, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Authorizing a Supplemental Appropriation of $400 from the Unallocated County Road Fund for City Aid Necessary for Street Construction Work in Thirty-eighth Avenue, Lawton to Moraga Street; Said Work to Be Performed Under the Street Improvement Ordinance of 1934.

(Series of 1939)

Bill No. 171, Ordinance No. 171, as follows:

Authorizing a supplemental appropriation of $400 from the Unallocated County Road Fund, Appropriation No. 848.900.00 to the credit of Appropriation No. 848.965.00 for City aid necessary for street construction work in Thirty-eighth avenue, Lawton to Moraga street; said work to be performed under the Street Improvement Ordinance of 1934.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $400 is hereby appropriated and set aside from the Unallocated County Road Fund, Appropriation No. 848.900.00 to the credit of Appropriation No. 848.965.00 for City aid necessary for street construction work in Thirty-eighth avenue, Lawton to Moraga street; said work to be performed under the Street Improvement Ordinance of 1934.

Section 111 of the Charter provides that when street assessments are

authorized to be paid in installments over a period not to exceed ten years, no annual installment payment shall exceed 25 per cent of the assessed value of the land against which the assessment is levied; therefore, this appropriation is necessary to make the assessment valid.

Recommended by A. D. Wilder, Director, Department of Public Works.

Approved by Alfred J. Cleary, Chief Administrative Officer.

Approved as to funds available by Harold J. Boyd, Controller.

Approved by Angelo J. Rossi, Mayor.

Approved as to form by John J. O'Toole, City Attorney.

Finally passed by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—7.

Absent—Supervisors Brown, Colman, Ratto, Shannon—4.

Authorizing Payment of $225 and Conveyance of Certain Real Property to Marie A. Guiraud in Exchange for Certain Land Required for the Extension of Silver Avenue.

(Series of 1939)

Also, Bill No. 172, Ordinance No. 172, as follows:

Authorizing payment of $225 and conveyance of certain real property to Marie A. Guiraud in exchange for certain land required for the extension of Silver avenue.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter and in accordance with the recommendation of the Department of Public Works, the Director of Property in lieu of sale is hereby authorized and directed to arrange for trading certain City-owned real property situated in the City and County of San Francisco, hereinafter referred to as Parcel "A" to Marie A. Guiraud in exchange for certain land hereinafter referred to as Parcel "B."

Section 2. Said Parcel "A" is situated in the City and County of San Francisco, State of California, and is more particularly described in Ordinance No. 117, Bill No. 112, Series of 1939, approved by the Mayor of San Francisco on April 6, 1939, which parcel was proposed to be sold under the provisions of said Ordinance No. 117.

Section 3. The Director of Property has made an appraisal of the value of said real property and estimates the value of Parcel "A" to be $225 less than the value of Parcel "B."

Section 4. Said Parcel "B" hereinbefore referred to is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Beginning at a point distant northwesterly at right angles 125 feet from the northwesterly line of Quint street and distant southwesterly at right angles 84.198 feet from the southwesterly line of Palou avenue and running thence southwesterly at right angles to said southwesterly line of Palou avenue 15.802 feet; thence at right angles southeasterly 25 feet; thence at right angles northeasterly 54.929 feet; thence deflecting to the left 147 degrees 25 minutes 24 seconds and running southwesterly 46.432 feet to the point of beginning.

Being a portion of Block 333 of the O'Neill and Haley Tract, as per map thereof recorded in Map Book "2A and B," page 27, Records of the City and County of San Francisco.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of Parcel "A" to Marie A. Guiraud, or her

assignee. The Director of Property shall deliver said deed to the grantee upon receipt of the necessary deed to Parcel "B," and shall record the latter deed.

Section 6. The Controller is hereby authorized and directed to draw a warrant on the Treasurer in the amount of $225, payable from Appropriation No. 877.950.17, in favor of the City Title Insurance Company, as agent for Marie A. Guiraud, to compensate for the difference in valuations referred to in Section 3 of this ordinance. It is understood that no cost of constructing Silver avenue through said Block No. 333, except sidewalks, shall be assessed against Marie A. Guiraud.

Section 7. Said Parcel "B" is required for the extension of Silver avenue, a street of major importance as designated by Resolution No. 3131, adopted by this Board on March 22, 1937.

Recommended by the Director of Public Works.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Finally passed by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—7.

Absent—Supervisors Brown, Colman, Ratto, Shannon—4.

Re-referred to Streets Committee.

The following recommendation of the Streets Committee, heretofore passed for second reading was, on motion by Supervisor Uhl, *re-referred to the Streets Committee*, in order that people in the district affected might have an opportunity to be heard thereon:

Changing and Establishing Grades on Lyon Street Between Beach Street and the Marina Boulevard, and on Jefferson Street Between Baker Street and Lyon Street.

(Series of 1939)

Bill No. 174, Ordinance No. ....., as follows:

Changing and re-establishing the official grades on Lyon street between Beach street and the Marina boulevard, and on Jefferson street between Baker street and Lyon street.

Whereas, the Board of Supervisors, on the written recommendation of the Director of Public Works, did on the 20th day of February, 1939, by Resolution No. 109 (Series of 1939) declare its intention to change and re-establish the grades on Lyon street between Beach street and the Marina boulevard, and on Jefferson street between Baker street and Lyon street; and

Whereas, said resolution was so published for two days, and the Director of Public Works within ten days after the first publication of said Resolution of Intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than thirty days have elapsed since the first publication of said Resolution of Intention; therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The grades on the following named streets at the points hereinafter named and at the elevations above City base as hereinafter stated, are hereby changed and established as follows:

Lyon Street:	*Feet*

Proposed Amendment of Raker Act Re: Sale of Electric Energy.

(Series of 1939)

The following resolution, presented by the Public Utilities Committee without recommendation, was taken up:

Resolution No. ....., as follows:

Whereas, the litigation over distribution of Hetch Hetchy power under the provisions of the Raker Act has resulted, thus far, unfavorably to the City and County of San Francisco; and

Whereas, the City and County of San Francisco faces a loss of over $2,000,000 in revenue annually should a reversal of the court's decision not be secured in the higher courts; and

Whereas, such loss will mean an increase of approximately 30 cents in the tax rate; and

Whereas, Federal hydro-electric projects elsewhere are allowed to dispose of part or all of their power output to privately owned power companies; and

Whereas, there exists an ambiguity in Section 6 of the Raker Act, concerning which ambiguity the above-mentioned litigation is being conducted; now, therefore, be it

Resolved, That it is the sense of the Board of Supervisors of the City and County of San Francisco that the Act of Congress, approved on December 19, 1913, and commonly known as the Raker Act, should be amended by amending Section 6 thereof so that the ambiguity contained in said Section 6 restricting the City and County of San Francisco from selling its electric energy generated on the Hetch Hetchy project should be amended to the end that the City and County of San Francisco may sell and dispose of its electric energy as may be determined by its local officers; and be it

Further Resolved, That this Board of Supervisors memorialize the Congress of the United States to so amend said Raker Act.

Re-reference to Committee.

Supervisor McSheehy, member of the Public Utilities Committee, explained to the Board that because of the absence of Supervisor Brown, a member of the Public Utilities Committee and the author of the foregoing resolution, no hearing had been held by the Committee on Friday, May 26, 1939, and moved that the Committee meeting be held on Fri-

day, June 2, 1939, at 4 p. m., and that all members of the Committee be so notified and that they be requested to be present. Seconded by Supervisor Meyer.

Motion for Temporary Postponement.

Supervisor Uhl moved as an amendment to the foregoing motion that the entire matter be temporarily postponed, awaiting arrival of Supervisor Brown, stating that should not Supervisor Brown appear, he would offer no objection to re-reference to Committee. However, Supervisor Brown being noted present at 2:30 p. m., Supervisor Uhl withdrew his motion.

Committee of the Whole.

Supervisor Brown moved, as a substitute to the above motion, that the Board resolve itself into a Committee of the Whole and proceed with the hearing on the question of proposed amendment to the Raker Act re sale of electric energy.

Point of Order.

Supervisor McSheehy objected to motion that the Board resolve itself into a Committee of the Whole, stating that the matter properly belonged in the Public Utilities Committee, it never having been heard in Committee.

Point of Order Not Well Taken.

Thereupon, the Chair ruled the point of order not well taken, and that the motion by Supervisor Brown was properly before the Board.

The roll being called, the motion for the Board to resolve itself into a Committee of the Whole was *carried* by the following vote:

Ayes—Supervisors Brown, McGowan, Mead, Roncovieri, Schmidt, Uhl—6.

Noes—Supervisors McSheehy, Meyer—2.

Absent—Supervisors Colman, Ratto, Shannon—3.

Whereupon, Supervisor Brown moved that the same chairman retain the chair.

No objection and *so ordered*.

Telegrams.

The following telegrams, addressed to the Board, were read by the Clerk:

San Francisco, California,
May 29, 2:45 P. M.

Honorable Board of Supervisors in Meeting, City Hall.

The Marina Merchants Association again wish to go on record and urge you to recommend unanimously to our Senators and Congressmen the immediate amendment to Raker Act that the city may legally make use of the electric power as laid down by the citizens' verdict at our recent election.

BUD WEISER, President.
MADAM LORETTA F. WHITEFORD,
Secretary.

San Francisco, May 29, 1:15 P. M.

Board of Supervisors, City Hall.

The Maritime Federation of the Pacific is absolutely opposed to any changes or amendments to the Raker Act. We do not believe that the unbridled monopoly enjoyed by the private concerns in the public utility fields should be supported in any manner by you or any other public official.

MARITIME FEDERATION OF THE PACIFIC,
BRUCE HANNON, Secretary.

San Francisco, California,

May 29, 1:21 P. M.

Chairman, Board of Supervisors, City Hall.

District Council Two, Maritime Federation, representing more than twenty thousand of your constituency reaffirm our position of being utterly opposed to any amendment to the Raker Act.

Z. R. BROWN, Secretary.

The following item, from the Henry F. Budde Publications, was presented by Supervisor Brown and read by the Clerk:

WE SEND TWO TELEGRAMS

Immediately after the results of the election of Friday, May 19, were known, the Henry F. Budde Publications sent the following telegrams, which are self-explanatory. Replies of Congressmen Welch and Havenner are appended.

San Francisco, May 20, 1939.

Hon. Richard J. Welch,
House of Representatives,
Washington, D. C.

San Francisco has decisively rejected purchase of power transmission facilities of Pacific Gas and Electric Company through revenue bonds by vote of two and one-half to one. It thereby obligates San Francisco's Congressmen to actively press move to amend Raker Act. Believe this clarifies situation for you and trust you will carry out mandate of people, and assure San Francisco the uninterrupted income from sale of Hetch Hetchy power to Pacific Gas and Electric Company. Please advise what action you propose. Ample space will be given in the Henry F. Budde Publications for any statement you desire. Immediate reply would be appreciated.

HENRY F. BUDDE,
Publisher Henry F. Budde Publications,
San Francisco.

Telegram received. Future policy in dealing with matter referred to should be determined by San Francisco city administration. Suggest wait until return of Mayor Rossi. As you know matter is now before courts.

RICHARD J. WELCH, M. C.

San Francisco, May 20, 1939.

Hon. Franck R. Havenner,
House of Representatives,
Washington, D. C.

San Francisco has decisively rejected purchase of power transmission facilities of Pacific Gas and Electric Company through revenue bonds by vote of two and one-half to one. It thereby obligates San Francisco's Congressmen to actively press move to amend Raker Act. Whatever your personal views, as a duly elected Representative from the Fourth District, failure to instantly move for such amending might be considered dereliction of your duty as a representative of the people of San Francisco. Please advise what action you will take. Ample space will be given in the Henry F. Budde Publications for any statement you desire. Immediate reply would be appreciated.

Re tel: The Raker Act is a contract between the United States government and the City and County of San Francisco whereby San Francisco is granted the privilege of developing a municipal water supply in the Yosemite National Park upon the express condition that San Francisco will not permit the natural resources of that national park to be exploited for private profit. This is a fundamental Federal policy which Congress has guarded jealously throughout our nation's history. Of course, the Congress will consider no amendment to the Raker Act unless it is officially endorsed by the City and County of San Francisco, through its governing body, or by the Secretary of the Interior who is the representative of the United States government responsible for the enforcement of the Raker Act. If and when an amendmnt to that act is officially endorsed by either of these agencies I shall immediately give it my attention. Thus far no such amendment has been officially proposed. In your telegram you speak of dereliction of duty to the people of San Francisco. Those of us who have endeavored to tell the truth to the people of San Francisco about the City's solemn obligation under the Raker Act have no qualms of conscience about the performance of our duty in this matter. But certain newspapers, including your own, which have deliberately misrepresented the facts to the people for many years past, and which have denied to us an opportunity to tell the truth through their columns, cannot escape full responsibility for the grave predicament in which our City finds itself today. As a public official I have always endeavored to hold the public interest of San Francisco uppermost in my considerations, and I shall continue to do so. For those who would subordinate the public interest to private profit I have nothing but contempt.

FRANCK R. HAVENNER.

Status of Litigation Re Legality of Agency Contract With Pacific Gas and Electric Company.

At the request of Supervisor Uhl, the City Attorney explained to the Board the status of litigation as to the legality of the present contract with the Pacific Gas and Electric Company providing for the disposal of Hetch Hetchy generated electric energy, stating it would be about three months before any decision thereon could be reached in court. The City Attorney explained, also, that it would be impossible to have any bill proposing the amendment of the Raker Act considered in the present session of Congress, but that the policy of requesting such proposed amendment was a matter for the Board itself to consider.

Privilege of the Floor.

On motion by Supervisor Brown, the privilege of the floor was granted all citizens who wished to discuss the proposed amendment to the Raker Act, the time of each citizen to be limited to ten minutes.

Proponents.

Mr. Benjamin J. Henley, representing the San Francisco Real Estate Board; Mr. Edward J. Lynch, attorney for the San Francisco Retail Association; Mr. Joseph M. Cumming, representing the Down Town Association; Mr. Eugene Pfaeffle, representing San Francisco Retailers Protective Association; Adolph Petry for the Haight-Fillmore District, Inc.; Lloyd Taylor of the Market Street Merchants Association; R. J. O'Rourke, president of San Francisco Property Owners Association; Mr. Newell J. Hoey, representing the Northern California Hotel Association; Mr. Wesley McKenzie of the Central Council of Civic Clubs; Mr. J. F. Clavery, secretary of Mission Improvement Club; Mr. George W. Kempfer of the West of Twin Peaks Association; Mr. George Baker of the Citizens' Voters' Unity Council; Mr. Henry Warfield of the Citi-

zens' Voters' Unity Council; and Mr. Donald Bruce, representing taxpayers, were heard in favor of the proposed amendment to the Raker Act.

Mr. George Gearhardt of the Central Council of Civic Clubs was also heard in favor of the proposed amendment. He suggested, also, the advisability of seeking amendment to the 24-hour clause in the Act, feeling its elimination would result in the possibility of a definite term contract whereby the city could obtain a better price for the electricity sold to the company.

Opponents.

Mr. John S. Mulpeter, representing himself, as a small business man; Mr. George W. Schultz, consulting engineer, American Political Economy Association; Mr. Henry Stuyvelaar, secretary, San Francisco Industrial Union; Charles H. Bowen, Labors' Non-Partisan League; and Mr. W. P. Shields, also representing Labors' Non-Partisan League, opposed the proposed amendment.

Mrs. Audrey Lauria Strohmann, representing herself, urged that any proposed amendment of the Raker Act be deferred until the voters are fully informed in the matter.

Question of Personal Privilege.

Supervisor McGowan, immediately following the foregoing presentations, rose to a question of personal privilege, stating that he resented being insulted by anyone. He objected strongly to the remarks of one of the speakers that the Mayor and two members of the Board had gone to New York to attend the Exposition there and had not remained at San Francisco on the firing line. Supervisor McGowan stated further, that he was not going to ignore the mandate of the people, and felt that the people had spoken, and the only thing to do was to ask Congress to amend the Raker Act in order that San Francisco might retain the revenue now being received for the Hetch Hetchy electric energy.

Motion for Postponement of Further Consideration.

Supervisor Roncovieri, seconded by Supervisor Uhl, moved that the entire matter be taken under advisement, and no vote be taken thereon until all members of the Board were present. He moved further that the Board be under call, and further consideration be made a Special Order of Business on Monday, June 5, 1939, at 3:30 p. m.

Discussion.

Supervisor Brown stated he had no objection to the postponement of further consideration on his proposal to amend the Raker Act, but, because no mention of the results of the election of May 19, 1939, was made in the resolution under consideration, he desired to redraft same.

Whereupon, Supervisor McSheehy announced he would object to any proposed amendment to the resolution under consideration without rereference to Committee.

Amendment Offered.

Thereupon, Supervisor Brown presented the following as a substitute for the "Whereases" in the resolution as originally presented, announcing that he intended to request the suspension of the rules for the presentation of the resolution as amended:

Whereas, the United States Government has brought suit in the United States District Court against the City and County of San Francisco to enjoin it from disposing of electric energy developed on the Hetch Hetchy project through an agency contract with the Pacific Gas

and Electric Company, on the ground that such distribution is in violation of Section 6 of the Act of Congress, approved December 19, 1913, known as the Raker Act; and

Whereas, the City and County of San Francisco through the operation of said agency contract has received the total sum of $28,570,015.46 up to December 31, 1938, from said distribution of Hetch Hetchy power, or an average of $2,116,000 per year since July 1, 1925, and the latter sum represents a saving to the taxpayers of San Francisco of 26 cents annually in the tax rate; and

Whereas, as shown by the report of the Public Utilities Commission upon its Plan 8, the City would be required to make an initial expenditure of $55,000,000 to provide even a partial and incomplete electrical system with the certainty that many more millions would later have to be voted by the people of San Francisco for completion and extensions; and

Whereas, the voters of San Francisco having on six previous occasions defeated similar proposals, at a special election held on May 19, 1939, voted 122,517 NO to 49,801 YES against the authorization of $55,000,000 revenue bonds to embark the City upon a plan of municipal distribution of Hetch Hetchy power, and at said election every voting district of the City returned a large majority against said measure, as shown by the tabulation of the returns of said election attached hereto and marked Exhibit "A"; and

Whereas, San Francisco is faced with the urgent necessity of finding a solution of its transportation and traffic control problems at a cost of many millions of dollars that can be financed only by increased bonded indebtedness, and it is well recognized that our citizens in the recent election indicated their determination not to authorize further indebtedness or municipal budget increases except for imperative civic needs; and

Whereas, in recognition of sound economic practice which under many conditions require governmental agencies producing power as incidental to or a by-product of water development to dispose of such power through existing agencies or facilities, acts of Congress of the United States have in recent years authorized the disposition of such power by sale to individuals, industrial corporations and public utilities where it is to the greater economic advantage of the particular project, as at the Bonneville Dam on the Columbia River in Oregon, at Boulder Dam, and on the Tennessee Valley Project, on the Grand Coulee Project in Washington, and on the Fort Peck Project on the Missouri River in Montana; and furthermore, the East Bay Municipal Utility District which provides water to Oakland, Berkeley and other cities and towns in Alameda County across the Bay from San Francisco, sells to the Pacific Gas and Electric Company hydro-electric power developed upon lands on the Mokelumne River granted to it by Act of Congress dated April 27, 1934; and furthermore, the Department of the Interior for several years has been disposing of surplus power from its Yosemite Valley generating plant to the San Joaquin Light and Power Company which was formerly a subsidiary of and is now a part of the Pacific Gas and Electric Company; and the Turlock and Modesto Irrigation Districts now sell to the Pacific Gas and Electric Company, or its subsidiaries, power generated by the very same Tuolumne River water that is stored and used for the generation of Hetch Hetchy power; and

Whereas, about seventy-six civic and improvement clubs and organizations representing every section of the City and every element of our community have filed with this Board of Supervisors resolutions endorsing the proposal to memorialize Congress for an amendment of the Raker Act, a list of which organizations so endorsing this proposal is attached hereto as Exhibit "B"; and

Whereas, the Mayor and the Board of Supervisors of the City and County of San Francisco and our citizenship are confident that the Congress of the United States will deal fairly with San Francisco and will not arbitrarily refuse its reasonable request for economic freedom

of action in the matter of the distribution of Hetch Hetchy power, but will recognize the practical economic problems involved by granting to San Francisco the right, enjoyed by the federal projects and municipal agencies as above set forth, to decide as a matter of sound financial and governmental policy how Hetch Hetchy power should be disposed of to the best advantage of the City; now, therefore, be it

Supervisor McSheehy thereupon suggested that since the Board was sitting as a Committee of the Whole that Supervisor Brown withdraw his proposed resolution, holding it to be such rather than an amendment, that the Committee of the Whole rise and report to the Board, after which the proposed amendment might be reintroduced.

Supervisor Brown, in reply thereto, stated that since the Board was sitting as a Committee of the Whole, he had the right to introduce a resolution or an amendment; such resolution or amendment required no second; that the consideration of such resolution or amendment complied with the rules of the Board as to committee hearings; that his proposed resolution constituted an amendment in committee and complied with the terms of the Charter that upon objection by any member of the Board a committee hearing must be had.

The Chair, following further objections raised by Supervisor McSheehy, ruled that Supervisor Brown was within his rights in presenting his proposed amendment.

Committee of the Whole to Arise.

Thereupon, Supervisor Brown announced that he had presented this amendment, and he moved that the Committee of the Whole arise and report progress thereon to the Board.

Motion not pressed and *no action taken.*

Reference to Public Utilities Committee.

In reply to query by Supervisor Uhl as to the right of the Board, sitting as a Committee of the Whole without reference to other committee, the Chair ruled that the matter should be referred to committee, and, if possible, the committee report back to the Board at its meeting on Monday, June 5, 1939.

Call of the Board.

Thereupon, Supervisor McSheehy suggested that the Board meet under call at its next regular meeting.

Resolution Withdrawn.

Thereupon, Supervisor Brown withdrew his resolution presented to the Committee of the Whole.

Committee of the Whole Arises.

Whereupon, Supervisor McSheehy moved that the Committee of the Whole arise and reconvene as a Board of Supervisors.

No objection and *so ordered.*

Reintroduction of Resolution and Reference to Committee.

Supervisor Brown thereupon reintroduced to the Board the language presented to the Committee of the Whole as an amendment to the resolution under consideration, requested same to be referred to the Public Utilities Committee with instructions to the Committee to report thereon to the Board at its meeting on June 5, 1939, as a Special Order at 3:30 p. m.

No objection and *so ordered.*

Adopted.

The following recommendations of the Public Utilities Committee were taken up:

Confirming Sale of Land Near Pleasanton to Helena C. Busch et al.

(Series of 1939)

Resolution No. 317, as follows:

Whereas, pursuant to Ordinance No. 142, Bill No. 140, Series of 1939, the Director of Property advertised in the official newspaper that bids would be received by him on May 18, 1939, for the sale of the following described City-owned real property situated in the County of Alameda, State of California:

Commencing at an iron pipe monument set in the southerly line of a 40-foot road known as Pleasanton avenue at its intersection with the westerly line of the 50-foot strip of land of the City and County of San Francisco extending approximately north and south as described in Parcel 71 Alameda County Lands in deed to City and County of San Francisco by Spring Valley Water Company dated March 3, 1930 and recorded in the office of the County Recorder of Alameda County March 3, 1930 in Liber 2350 of Official Records at page 1, said monument marking the northeast corner of the 26.064 acre tract of land conveyed to Helena C. Busch et al. by Spring Valley Company, Ltd., by deed dated May 11, 1936, and said monument being distant along said southerly line of Pleasanton avenue north 89° 30′ east 1566.27 feet from the intersection of said line with the northeasterly line of right of way of the Southern Pacific Company (San Ramon Branch); running thence from said point of commencement along the westerly line of said 50-foot strip of land north 0° 19′ east 20.00 feet to the center line of said Pleasanton avenue; thence along said center line north 89° 30′ east 50.01 feet to its intersection with the easterly line of said 50-foot strip of land; thence along said easterly line south 0° 19′ west 20.00 feet to a 6″ cast iron pipe monument on the southerly line of Pleasanton avenue at the northwest corner of the 19.252 acre tract of land conveyed to Helena C. Busch et al. by Spring Valley Company, Ltd., by deed dated November 29, 1930; thence along the common boundary line between said last mentioned tract of land and said 50-foot strip of land of the City and County of San Francisco south 0° 19′ west 1496.17 feet to the northeasterly line of right of way of the Southern Pacific Company (San Ramon Branch); thence along said right of way line north 47° 20′ west 67.66 feet; thence along the common boundary line between the first hereinabove mentioned 26.064 acre tract of land conveyed to Helena C. Busch et al. and the 50-foot strip of land of the City and County of San Francisco North 0° 19′ east 1,449.88 feet to the point of commencement.

Containing 1.714 acres.

Whereas, in response to said advertisement, Helena C. Busch, John G. Busch and William Busch offered to purchase said property for the sum of $514.20, subject to the reservations and conditions set forth in said ordinance, no higher bids having been made or received; and

Whereas, said sum of $514.20 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $514.20; and

Whereas, said parties have paid the sum of $55.00 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Public Utilities Commission has recommended the sale of said property for the sum of $514.20; now, therefore, be it

Resolved, That said offer be and is hereby accepted.

Be it Further Resolved, That the City and County of San Francisco, a municipal corporation, convey said property to Helena C. Busch, John G. Busch and William Busch, or their assignee, subject to the reservations and conditions set forth in said ordinance, and that the Mayor and the Clerk of the Board of Supervisors be and are hereby

authorized and directed to execute the necessary deed on behalf of said municipal corporation. The buyers must pay the balance of the consideration within thirty days after approval of this resolution. The Director of Property shall deliver the deed to the Grantees upon receipt of the balance of the purchase price.

Adopted by the following vote:

Ayes—Supervisors Brown, McSheehy, McGowan, Mead, Meyer, Roncovieri, Schmidt, Uhl—8.
Absent—Supervisors Colman, Ratto, Shannon—3.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

In Memoriam—Mrs. Minnie E. McCallum.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 321, as follows:

Whereas, Almighty God in his infinite wisdom, has summoned Mrs. Minnie E. McCallum, wife of John H. McCallum, member of the Public Utilities Commission, to her eternal rest; and

Whereas, Mrs. McCallum was active in the fraternal and religious life of this City and her passing will be mourned by her many friends, who will long remember her as an arduous worker for the betterment of the social life of San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors expresses profound sorrow at the passing of Mrs. Minnie E. McCallum and extends to her bereaved family its heartfelt condolences, and when this Board adjourns this day, it does so out of respect to the loving memory of Mrs. Minnie E. McCallum.

Unanimously adopted by rising vote.

Endorsing Proposed Kings Canyon National Park and Recommending Bill Providing for Passage of Same Out for Passage by Congress.

(Series of 1939)

Supervisor Meyer presented:

Resolution No. ....., as follows:

Whereas, the Committee on Public Lands of the House of Representatives of the 76th Congress has recently by a large majority approved Bill H. R. 3794, by Congressman Gearhart, establishing portions of Kings Canyon as a National Park and recommended the same out for passsage by Congress; and

Whereas, this Board is informed that the record of the proceedings before this Public Lands Committee satisfactorily shows that it is the intention of the federal authorities to amply protect the users of water and power in the San Joaquin Valley; and

Whereas, the site of the proposed Kings Canyon National Park is one of natural beauty unrivaled anywhere else in the world, and its development as a National Park under the National Park Service will, through encouragement of tourist travel, be of great commercial advantage to all of California, including the San Francisco Bay region; Resolved, That the Board of Supervisors of the City and County of San Francisco go on record as favoring the proposed park and the adoption by the 76th Congress of H. R. 3794 now pending there.

Consideration Postponed.

Supervisor Brown, after request by Supervisor Meyer for suspension of the rules and immediate consideration of the foregoing proposed resolution, reported again on the meeting at Visalia, which he and Supervisor Colman had attended, at which the question of the proposed national park was discussed, and suggested, that due to the feeling expressed at that meeting the Board take no action on the matter, either for or against. Supervisor Brown suggested further, that should the matter be discussed, both the proponents and the opponents should be given the privilege of being heard.

Mr. Robert L. Mann, at whose request Supervisor Meyer had presented the resolution, having been granted the privilege of the floor on motion by Supervisor Uhl, requested temporary postponement.

Subsequently during the proceedings, on motion by Supervisor Brown, consideration was *postponed until Monday, June* 5, 1939, *and made a Special Order of Business at* 2:30 *p. m.*

Defining a Tow Car, Providing for the Licensing of Drivers and Operators Thereof, and Fixing Fees for Towage.

(Series of 1939)

Supervisor Uhl presented:

Bill No. ....., Ordinance No. ....., as follows:

Defining a tow car, providing for the licensing of drivers and operators thereof, and fixing fees for towage.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A tow car is every motor vehicle designed and equipped for and exclusively used in the business of towing or otherwise rendering assistance to disabled or other vehicles. Said tow car shall at all times be equipped with two warning signals, of uniform type, prescribed by the Department of Motor Vehicles, which shall be so designed as to be visible by both day and night. Said tow car shall be so equipped as to render all proper and necessary towage aid to disabled motor vehicles and trucks.

Section 2. No person shall be permitted to act as a driver or chauffeur of any tow car within the City and County of San Francisco unless he holds a permit from the Board of Police Commissioners, a chauffeur's permit from the State of California, and a license as required by this or other ordinances of the City and County of San Francisco. Such licenses shall be issued as of the first day of January of each and every year, and shall be valid, unless revoked for good cause, up to and including the thirty-first day of December next succeeding.

The Board of Police Commissioners may cause the renewal of said driver's license from year to year, by appropriate endorsement of said Board of Police Commissioners upon the application for renewal and payment of the annual fee. Any driver in applying for the renewal of his license shall make such application upon a form to be furnished by the Police Department of said City and County of San Francisco, and shall contain the full name and address of the applicant, together with a statement of the date upon which his original license was granted and the number thereon.

In addition to the permit heretofore required, there shall be furnished to each licensed driver of a tow car a metal badge of such form and style as the Tax Collector may prescribe, with the license number of such driver thereon, and the year said badge is issued, which must under penalty of revocation of the license be constantly and conspicuously displayed outside the driver's coat when he is engaged in his employment, and shall only be worn by the person to whom said badge is issued.

Each applicant for said driver's permit from the Board of Police Commissioners must:

(a) Be a citizen of the United States in good moral character;

(b) Be of the age of twenty-one years or over;

(c) Be of sound physique, with good eyesight, and not subject to any infirmity of the body or mind, and not be addicted to the use of intoxicating liquor or narcotics, which might render him unfit for the safe operation of said tow car;

(d) Be able to read and write the English language;

(e) Produce certificate of his good character from two reputable citizens of the City and County of San Francisco who have known him personally and have observed his conduct during one year next preceding the date of his application;

(f) Fill out upon a blank form, to be provided by the Board of Police Commissioners, a statement giving his full name, residence, place of residence for five years next preceding the date of his application, age, color, height, color of eyes and hair, place of birth, length

of time he has resided in the City and County of San Francisco, whether a citizen of the United States, place of previous employment covering five years next preceding the date of his employment, whether married or single, whether he has ever been convicted of a felony, whether he has been previously licensed as a chauffeur or driver of any motor vehicle and, if so, whether his license has ever been revoked and for what cause; said statement shall be signed by the applicant and filed with the Police Commission as a permanent record.

Said application shall be accompanied by two photographs of himself of a size that may be easily attached to his license, one of which shall be attached to his license, when issued, and carried by such licensed driver at all times. When driving a tow car, such photograph shall be so attached to the license that it cannot be removed and another photograph substituted without detection, and which licensed driver shall, upon demand by any police officer, exhibit his license and photograph for inspection.

Each applicant for such driver's permit shall be examined by a police officer, designated by the Chief of Police, as to his knowledge of the provisions of this ordinance, the California Vehicle Act, the traffic regulations of the City and County of San Francisco, and upon his qualifications to act as a tow car driver; and if the result of such examination be unsatisfactory, he shall be refused a permit, and the Board of Police Commissioners shall have power, in the exercise of a sound and reasonable discretion, when the public interest and safety may require, to revoke any permit issued under the provisions of this ordinance.

Section 3. Tow cars, as defined herein, shall not charge more than two dollars and fifty cents ($2.50) for the towing of any one vehicle from the point of commencement of said towing to any place within the City and County of San Francisco, and no person, firm or corporation owning, operating or controlling any such tow car shall charge more than the tow charge hereinabove provided.

Section 4. Every person, firm or corporation violating the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding five hundred dollars ($500.00), or by imprisonment in the County Jail not exceeding six months, or by both such fine and imprisonment.

Referred to Fire, Safety and Police Committee.

Ocean Beach Clean-up.

Supervisor Schmidt read to the Board an editorial from the San Francisco News of May 26th, entitled "Not Even an Alibi", referring to the neglect and uncleanliness of the Ocean Beach, and inquired of Captain Lamb, secretary to the Park Commission, whose presence had previously been requested, what provisions had been made by the Park Commission to take care of the situation.

In reply thereto, Captain Lamb stated that there was a crew of about twenty-five men which made periodic clean-ups at the beach, but that frequently the beach was cluttered up by garbage and other flotsam brought in by the tides which made it almost impossible always to keep the beach in the desired condition. Last year an appropriation of $5,000 for the purchase of receptacles and a truck for this purpose had been eliminated from the budget. The Commission felt it to be a useless gesture to request such appropriation this year, but the aim of the Commission would be to keep the beach as reasonably clean as possible with the labor and equipment available.

San Francisco Urged to Support the Drive of Watsonville in Disposing of the Excessive Supply of Pippin Apples of the Pajaro Valley District.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 322, as follows:

Whereas, our good neighbors of Watsonville are now faced with the problem of a surplus of pippin apples; and

Whereas, the drive to help dispose of the surplus of this luscious fruit officially started in San Francisco today; and

Whereas, the success of the apple growers of Watsonville's Pajaro valley in disposing of their excess products is very closely woven in with our own success and prosperity; and

Whereas, the early pippin apple, grown in the community of Watsonville, may well be said to be one of the finest pieces of food available, full of energy absorbed from the health-giving rays of Pajaro valley sunshine; therefore, be it

Resolved, That the Board of Supervisors urge the people of San Francisco to support the drive of our neighbors of the Pajaro Valley District in the sale and distribution of some 300,000 boxes of this surplus of their agricultural product.

Adopted by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Roncovieri, Shannon, Uhl—7.

Absent—Supervisors Brown, Colman, Ratto, Schmidt—4.

Shipbuilding in Pacific Coast Yards.

Supervisor Uhl announced that Dr. Howard McKinley had phoned him in relation to the matter of shipbuilding on the Pacific Coast, stating that the Bethlehem Shipbuilding Corporation, in bidding on the construction of two torpedo boats had bid about $1,000,000 higher than necessary, which would mean no award would be made for their construction to Pacific Coast shipbuilding yards. Dr. McKinley had stated that a meeting was to be held in the Mayor's office during the afternoon in order to draw up a resolution requesting the President to follow the provisions of Section 11, Public 52875, 5th Congress, H. R. 2918, permitting him to allocate to the Pacific Coast yards, contract for building one or more of the boats in question.

Subsequently during the proceedings, Mr. Eric Cullenward, Executive Secretary to the Mayor, appeared before the Board, stating that his Honor the Mayor had sent to the President a telegram making such request.

Motion

Thereupon, Supervisor Uhl moved that the Board of Supervisors immediately wire the President of the United States a similar telegram stating that the members of the Board of Supervisors unanimously request his action in the matter. Motion seconded by Supervisor McSheehy.

Discussion.

Supervisor Roncovieri, in discussing the motion, stated that he felt one telegram should be sufficient, but suggested that the Board include the Board of Supervisors in his wire.

Amendment to Motion.

Supervisor Roncovieri, after brief discussion by Supervisors McSheehy and Uhl, moved that the foregoing motion be amended by stating that the Board of Supervisors of San Francisco heartily endorses the telegram sent by his Honor, Mayor Rossi.

Amendment *accepted* by Supervisors Uhl and McSheehy, and *unanimously carried.*

Closing of Jefferson Street Between Baker and Lyon Streets.

Supervisor Mead called the Board's attention to the prospective construction of three houses on the northeast corner of Jefferson and Lyon streets, on property contiguous to that now occupied by the Palace of Fine Arts, to which the residents of the district were strenuously opposed, and presented resolution requesting the Director of Public Works to report on the feasibility of closing a portion of Jefferson street, between Baker and Lyon streets.

Discussion.

Supervisor Roncovieri, in discussing the proposed resolution, stated that he felt the resolution did not go far enough, and he wished to protect the Palace of Fine Arts in every way possible. He felt that it was, of course, feasible to close that portion of Jefferson street, if the Board so desired, but there was more involved. It was a question of policy that should be decided by the Board. The Board, he held, should assert that it did not want the street closed, but should have a plan showing the lay of the land and then go into the matter very carefully in its endeavor to protect the Palace of Fine Arts.

Supervisor Mead, in explaining his attitude in the matter, stated that his reason for the presentation of the resolution was to block any action while the resolution was in the hands of the Streets Committee.

Amendment.

Supervisor Shannon suggested as an amendment, that the word "desirability" be substituted for the word "feasibility."

Supervisor Roncovieri, in reply to the suggestion favored the amendment, but still felt the resolution did not go far enough, and recommended that the Department of Public Works be requested not to grant any building permit for that property until further notice.

Supervisor Roncovieri, following extended discussion, called attention to the fact that in closing a street, the portion of the street so closed would go to the adjoining property owners, and suggested that instead of closing that portion of Jefferson street, the City should negotiate for the purchase of the property on which the proposed construction was contemplated, in which case, should the street ever be closed, the property would revert to the City. He suggested that further consideration be temporarily postponed and the City Attorney's presence requested.

Subsequently during the meeting, the City Attorney being present, consideration of the foregoing matter was resumed.

Privilege of the Floor.

Mr. Eugene Auregay, of 3005 Baker street, on being granted the privilege of the floor by motion of Supervisor Mead, suggested that too much stress had been placed on the question of closing the street. He considered that the City should purchase the property, in which case there would be no necessity for closing the street. The danger in closing the street would be the reversion of property to the contiguous property owner.

Thereupon, the City Attorney suggested the drafting of such resolution directing the Director of Property to investigate the acquisition of the property, rather than the closing of the street.

Miss Violet Fowler, on being granted the privilege of the floor stated that work was being done on the property and suggested that the Board request information thereon from the Department of Public Works. Thereupon, Mr. Auregay, who had previously addressed the Board, explained that sewer construction was being done.

Supervisor Uhl informed the City Attorney that a suggestion had been made to institute proceedings to change the zone to one of Heavy Industrial classification, thereby halting any granting of permits for building while such proposal was under consideration.

Establishing Set-Back Line.

The City Attorney, following brief discussion on various proposals made after presentation of resolution as re-drafted, instructing the Director of Property to investigate and report on the desirability of purchasing the property in question, suggested that set-back line on Jefferson street be proposed. Such proposal would necessarily go to the City Planning Commission for report and recommendation, and during that time no building permit could be issued. The City Attorney suggested that the Board be presented such ordinance at its next meeting.

Whereupon, Supervisor Mead announced his intention of presenting said ordinance, which he requested the City Attorney to draft.

Adopted.

Thereupon, the roll was called on the following resolution, presented by Supervisor Mead, which was *adopted* by the following vote:

Requesting the Director of Property to Investigate and Report on the Desirability of Purchasing Certain Property on Northeast Corner of Jefferson and Lyon Streets.

(Series of 1939)

Resolution No. 323, as follows:

Resolved, That the Director of Property be and he is hereby requested to investigate and report on the desirability of purchasing that certain piece of property 50 x 119 feet 6 inches on the northeast corner of Jefferson and Lyon streets.

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—9.
Absent—Supervisors Colman, Ratto—2.

UNFINISHED BUSINESS.

Final Passage.

The following recommendation of the Finance Committee, heretofore passed for second reading, was taken up:

ANNUAL APPROPRIATION ORDINANCE 1939-1940

BILL NO. 165, ORDINANCE NO. 185, as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES FOR THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1940.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1940, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made is hereby authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, in the manner provided by law.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further, that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

The Controller shall make available the amount of actual receipts for items of proposed expenditures that are designated herein as appropriated for Symphony Concerts, Collection of Rents (Real Estate Department), Tearing Up Streets, Inspection Fees (Engineering), and Advertising Fees (Engineering).

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount provided [illegible] in the said allotment schedule so established, unless an additional allotment is made, as herein

the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of and the salary or wage for, employments in each class as enumerated in the Annual Salary Ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available for the compensation of the appointee, and the Mayor shall approve the appointment.

Appointing officers shall not make appointments to seasonable or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding amounts deposited in the treasury in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

Finally passed by the following vote:

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Colman, Ratto—2.

Explanation of Vote.

Subsequent to the vote on final passage on the Annual Appropriation Ordinance, Supervisor McSheehy announced that he had voted against the budget and had voted "No" on the Annual Appropriation Ordinance on passage for second reading, and had at that time announced that he would vote "No" on final passage thereof, at which time he would present a written statement in explanation of his vote.

Request for Reconsideration of Vote.

Thereupon he requested reconsideration of the vote whereby the Annual Appropriation Ordinance had been finally passed, in order that he might change his vote thereon, stated that he had voted "Aye" under a misapprehension, thinking he was voting on the Annual Salary Ordinance.

At the suggestion of the Chair, on the advice of the City Attorney that while he did not feel a vote of reconsideration would jeopardize the budget, but thought it most inadvisable to take such a chance, Supervisor McSheehy did not press his request for reconsideration, but presented and read, as he had previously indicated he would, the following statement of his intended vote against the ordinance.

San Francisco, Calif., June 1, 1939.

To the Honorable the Board of Supervisors.

Gentlemen: On May 26, 1939, I voted "no" on the all-inclusive budget as presented to this Board by his Honor Mayor Rossi, and in doing so I find it anything but an all-inclusive budget. There are some 30,000 items set up in this budget, calling for an expenditure of $63,214.605, which is $889,515 more than called for in last year's budget, and, according to newspaper reports, would show a decrease in the tax rate of one cent, showing conclusively that it is not a balanced or an all-inclusive budget.

In the budget set up for the Mayor's office there is an allowance of $300,000 for this fiscal year for WPA projects. There was spent approximately $1,500,000 for WPA this fiscal year. Controller Boyd states he estimates as available during the coming fiscal year of 1939-40 the sum of $1,736,284 for WPA projects. In other words, there will be spent for the two years the sum of $3,236,284, of which sum the Mayor budgeted only $300,000 in each of the two fiscal years. The Federal government for the fiscal year 1938-39 spent seven and one-half million dollars, five times the amount we spent, and it is predicted that the WPA for the coming fiscal year of 1939-40, will do likewise, but if some citizen should enjoin the Controller during this next fiscal year from spending any part of this $1,736,284, except the amount certified to in the budget ($300,000), we would find ourselves in a very precarious position in reference to taking care of our unemployed, especially those on WPA projects, who have been certified to as being on relief.

Index 65 to 69 inclusive, refer to the Municipal Railway, San Francisco Water Department, Hetch Hetchy Power Operative, Hetch Hetchy Water Supply and the Electric Power Bureau. These five departments are set up in the budget under the direction of the Public Utilities Commission, who are directly responsible to the Mayor, as they are all his appointees. To maintain these departments for the fiscal year of 1939-40 it will require $13,585,530. Of that sum approximately $902,000 is represented as profit from the Water Department, which sum is reflected into the tax rate to the amount of eleven cents, creating a condition here in San Francisco that we have not in any city of comparable size in the United States, as we have 114,000 meter users and they are paying more for water than in any large city in the United States; and, there is running into the ocean every day in the year about 70,000,000 gallons of water that could be used by the people in their homes and for the beautification of our streets,

as we have less trees on our streets than any large city in the United States.

About $600,000 will be the net profits of our Municipal Railway for 1938-39. At the same ratio for the coming fiscal year, it is estimated that the profits will be about $700,000. This sum should be set up in the Mayor's budget for the purchase of gasoline buses, as we have the most wretched transportation of any city in this country.

In the bond interest and redemption fund as set up in the 1939-40 budget there is a transfer from surplus of several years of $1,814,860, on account of the payment in advance of interest. This was allowed to accumulate, thereby giving a credit to the 1939-40 tax rate that amounts to an increase of 22 cents in the tax rate, or, in other words, if we did not have this credit we would have a tax rate of $4.25, and not $4.03.

I have often heard the Mayor and other public officials state that we have one of the lowest tax rates of any large city in the United States. This is a positive misstatement. There is no other city of comparable size in the United States that has an all-inclusive budget that runs to the huge sum of $63,214,605, and where profits of utilities are reflected into the budgets instead of a reduction of the utilities to the consumer.

As a member of this Board for the past 22 years I have helped prepare 22 budgets; some I have voted for and some I have voted against. I never was asked to pass on a budget that was as complicated as this one, and as unbalanced, in which statements were made that huge sums of money were appropriated for specific purposes, and we are told that they are to be spent for other purposes.

For these reasons I have voted "no", and I wish my vote so recorded, and that this statement be printed in the Journal and be made part of the record.

Sincerely,

JAMES B. McSHEEHY,
Supervisor.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:25 p. m., adjourned.

DAVID A. BARRY, Clerk.

MONDAY, JUNE 5, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Monday, June 5, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—7.

Absent—Supervisors Brown, Colman, Ratto, Shannon—4.

Quorum present.

Supervisor Meyer presiding on motion by Supervisor McSheehy.

Supervisor Mead was noted present at 2:15 p. m.

Supervisor Brown was noted present at 2:20 p. m.

Supervisor Colman on leave of absence.

Supervisor Ratto ill.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of May 29, 1939, was considered read and approved.

SPECIAL ORDER—2:30 P. M.

The following matter was taken up:

Endorsing Proposed Kings Canyon National Park and Recommending Bill Providing for Passage of Same Out for Passage by Congress.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the Committee on Public Lands of the House of Representatives of the Seventy-sixth Congress has recently by a large majority approved Bill H. R. 3794 by Congressman Gearhart, establishing portions of Kings Canyon as a National Park and recommended the same out for passage by Congress; and

Whereas, this Board is informed that the record of the proceedings before this Public Lands Committee satisfactorily shows that it is the intention of the federal authorities to amply protect the users of water and power in the San Joaquin Valley; and

Whereas, the site of the proposed Kings Canyon National Park is one of natural beauty unrivaled anywhere else in the world, and its development as a National Park under the National Park Service will, through encouragement of tourist travel, be of great commercial advantage to all of California, including the San Francisco Bay region; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record as favoring the proposed park and the adoption by the Seventy-sixth Congress of H. R. 3794 now pending there.

Privilege of the Floor.

Hon. William Denman explained at length the desirability of creation of the proposed King's Canyon National Park, and urged the endorsement thereof by the Board of Supervisors. Mr. Albert W. Scott, Jr., from the Civic League of Improvement Clubs; Mr. Mamby, representing the National Parks Bureau; Mr. Robert L. Mann, representing the Sierra Club, all urged the passage of the foregoing resolution presented by Supervisor Meyer.

Matter Taken Into the Hands of the Board.

Following the foregoing presentations, all citizens having been heard who had expressed the desire to address the Board, the entire matter, on motion by Supervisor Brown, seconded by Supervisor Uhl, was taken into the hands of the Board.

Discussion.

Supervisor Uhl presented the thought that involved in the proposed creation of a new national park, was the question of water rights, in which Tulare County and San Joaquin County were greatly interested. The endorsement of the project would, he believed, positively antagonize the people affected, and he felt the Board should keep "hands off".

Supervisor Brown repeated statements he had previously made regarding the visit he and Supervisor Colman had made and the objections presented thereto at the meeting in Visalia. He stated that while there were a great many organizations in favor of the proposed new national park creation, there were also many in opposition thereto, and agreed with Supervisor Uhl that it would be unwise for the Board to inject itself into a neighbor's controversy, but should rather take no action.

Motion to Re-refer to Committee.

Thereupon, Supervisor Brown, seconded by Supervisor Uhl, moved the entire matter be re-referred to the Public Welfare Committee.

Substitute for Above Motion.

Supervisor Brown, following objection expressed by Supervisors McSheehy and McGowan, with the consent of his second, Supervisor Uhl, moved as a substitute to the foregoing motion that the matter be tabled.

Whereupon, the roll was called and the motion to table the entire matter *failed* by the following vote:

Ayes—Supervisors Brown, Schmidt, Uhl—3.
Noes—Supervisors McGowan, McSheehy, Mead, Meyer, Roncovieri—5.
Absent—Supervisors Colman, Ratto, Shannon—3.

Action Postponed.

Thereupon, Supervisor McSheehy, seconded by Supervisor Mead, moved that the matter be postponed for one week, remain on the calendar and be made a Special Order of Business for 2:30 p. m., Monday, June 12, 1939.

Motion *carried* by the following vote:

Ayes—Supervisors McGowan, McSheehy, Mead, Meyer, Roncovieri—5.
Noes—Supervisors Brown, Schmidt, Uhl—3.
Absent—Supervisors Colman, Ratto, Shannon—3.

SPECIAL ORDER—3:30 P. M.

The following matter, presented by the Public Utilities Committee without recommendation, was taken up:

Proposed Amendment of Raker Act Re: Sale of Electric Energy.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the United States Government has brought suit in the United States District Court against the City and County of San Francisco to enjoin it from disposing of electric energy developed on the Hetch Hetchy project through an agency contract with the Pacific Gas and Electric Company, on the ground that such distribution is in violation of Section 6 of the Act of Congress, approved December 19, 1913, known as the Raker Act; and

Whereas, the City and County of San Francisco through the operation of said agency contract has received the total sum of $28,570,015.46

up to December 31, 1938, from said distribution of Hetch Hetchy power, or an average of $2,116,000 per year since July 1, 1925, and the latter sum represents a saving to the taxpayers of San Francisco of 26 cents annually in the tax rate; and

Whereas, as shown by the report of the Public Utilities Commission upon its Plan 8, the City would be required to make an initial expenditure of $55,000,000 to provide even a partial and incomplete electrical system with the certainty that many more millions would later have to be voted by the people of San Francisco for completion and extensions; and

Whereas, the voters of San Francisco having on six previous occasions defeated similar proposals, at a special election held on May 19, 1939, voted 122,517 NO to 49,801 YES against the authorization of $55,000,000 revenue bonds to embark the City upon a plan of municipal distribution of Hetch Hetchy power, and at said election every voting district of the City returned a large majority against said measure, as shown by the tabulation of the returns of said election attached hereto and marked Exhibit "A"; and

Whereas, San Francisco is faced with the urgent necessity of finding a solution of its transportation and traffic control problems at a cost of many millions of dollars that can be financed only by increased bonded indebtedness, and it is well recognized that our citizens in the recent election indicated their determination not to authorize further indebtedness or municipal budget increases except for imperative civic needs; and

Whereas, in recognition of sound economic practice which under many conditions require governmental agencies producing power as incidental to or a by-product of water development to dispose of such power through existing agencies or facilities, acts of Congress of the United States have in recent years authorized the disposition of such power by sale to individuals, industrial corporations and public utilities where it is to the greater economic advantage of the particular project, as at the Bonneville Dam on the Columbia River in Oregon, at Boulder Dam, and on the Tennessee Valley Project, on the Grand Coulee Project in Washington, and on the Fort Peck Project on the Missouri River in Montana; and furthermore, the East Bay Municipal Utility District which provides water to Oakland, Berkeley and other cities and towns in Alameda County across the Bay from San Francisco, sells to the Pacific Gas and Electric Company hydro-electric power developed upon lands on the Mokelumne River granted to it by Act of Congress dated April 27, 1934; and furthermore, the Department of the Interior for several years has been disposing of surplus power from its Yosemite Valley generating plant to the San Joaquin Light and Power Company which was formerly a subsidiary of and is now a part of the Pacific Gas and Electric Company; and the Turlock and Modesto Irrigation Districts now sell to the Pacific Gas and Electric Company, or its subsidiaries, power generated by the very same Tuolumne River water that is stored and used for the generation of Hetch Hetchy power; and

Whereas, about seventy-six civic and improvement clubs and organizations representing every section of the City have filed with this Board of Supervisors resolutions endorsing the proposal to memorialize Congress for an amendment of the Raker Act, a list of which organizations so endorsing this proposal is attached hereto as Exhibit "B"; and

Whereas, the Mayor and the Board of Supervisors of the City and County of San Francisco and our citizenship are confident that the Congress of the United States will deal fairly with San Francisco and will not arbitrarily refuse its reasonable request for economic freedom of action in the matter of the distribution of Hetch Hetchy power, but will recognize the practical economic problems involved by granting to San Francisco the right, enjoyed by the federal projects and municipal agencies as above set forth, to decide as a matter of sound financial and governmental policy how Hetch Hetchy power should be disposed of to the best advantage of the City; now, therefore, be it

Resolved, That it is the sense of the Board of Supervisors of the City and County of San Francisco that the Act of Congress, approved on December 19, 1913, and commonly known as the Raker Act, should be amended by amending Section 6 thereof so that the ambiguity contained in said Section 6 restricting the City and County of San Francisco from selling energy generated on the Hetch Hetchy project should be amended to the end that the City and County of San Francisco may sell and dispose of its electric energy as may be determined by its local officers; and be it

Further Resolved, That this Board of Supervisors memorialize the Congress of the United States to so amend said Raker Act.

Committee of the Whole.

Supervisor McSheehy objected to the procedure proposed by Supervisor Brown, that since the foregoing matter had been debated both before the Public Utilities Committee and the Board, and that he felt that in the interest of saving time, the matter should be taken into the hands of the Board, and moved, seconded by Supervisor Mead, that the Board resolve itself into a Committee of the Whole for the purpose of hearing both proponents and opponents to the proposed resolution.

No objection, and *so ordered*.

Appointment of Chairman of Committee.

On motion by Supervisor McSheehy, Supervisor Meyer was retained as chairman of the Committee of the Whole.

By motions duly made and seconded, it was agreed that thirty minutes be allotted to debate by both sides of the question, that speakers' time be limited to five minutes unless an extension of time be granted by the Board, and that the matter be taken into the hands of the Board at 5:30 p. m.

Protest Too Much.

The following editorial from the San Francisco News was presented by the Chair and read by the Clerk:

"The over-zealous way in which some proponents of amending or repealing the Raker Act are rushing the ball along makes us skeptical of their sincerity.

"Do they mean what they say when they plead that the city would not thereby be prohibited from going into the business of municipal power distribution? Do they believe their own words when they insist that the Raker Act, as it stands, is a barrier to the city undertaking such an enterprise on an even footing with other private or public power projects?

"Forgive us if we read into their attitude far more desire to clinch the P. G. & E.'s monopoly on Hetch Hetchy power, and possibly Central Valley power later, than any desire to leave San Francisco free to engage in municipal power distribution if it wants to.

"And we are just skeptical enough also to think that some of these Raker Act amenders would love to have an alibi if and when the city loses its $2,000,000 annual revenue from sale of Hetch Hetchy power under the agency contract."

Privilege of the Floor.

The following citizens were granted the privilege of the floor:

Proponents.

Mr. John L. Stoney, representing real estate interests of San Francisco; Mr. Joseph A. Brown, attorney; Mr. Jerry Watkins, of the Nob Hill Protective Association; R. J. O'Rourke, President, San Francisco Property Owners League; Mr. Joseph Martini, representing the California Northern Hotel Association; W. Merryman, representing the Municipal Conference Committee of the Chamber of Commerce, the Junior Chamber of Commerce, Down Town Association, Building and

Managers Association, the Real Estate Board and the Retail Merchants Association; Mr. Lloyd Taylor, representing the Market Street Association; all urged adoption of the proposed resolution.

Opponents.

Mr. E. P. Troy, representing himself; Mr. Herman Stuyvelaar, Secretary, San Francisco Industrial Union; and Mr. George W. Schultz opposed the adoption of the resolution under discussion.

Committee of the Whole Arises and Matter Taken Into the Hands of the Board.

Following a series of motions duly made by Supervisor Brown, and seconded by Supervisor Uhl, the Committee of the Whole arose, the Board reconvened as a Board of Supervisors, the same chairman presiding, and the entire matter was taken into the hands of the Board.

Explanations of Votes.

Supervisor Uhl, in explanation of his vote on the proposed resolution memorializing Congress to amend the Raker Act, called attention to the possible results should the courts decide against San Francisco in the pending litigation, and stated that the common sense thing to do was to ask Congress to amend the Act. Should the courts decide that the City is violating the terms of the Raker Act, the $2,000,000 income now being enjoyed would stop. In the request for the amendment of the Act, the City should point out that the electric rates in San Francisco are lower than those in Los Angeles where they have municipally distributed power. In amending the Raker Act, the people are not being deprived of an opportunity to enter into the power distribution business in the future, if they should so desire, and the City would lose nothing by asking Congress to amend the Raker Act.

Supervisor McGowan announced his intention to vote in favor of the proposed resolution, and stated that while he did vote to submit so-called Plan No. 8 to the voters, they had turned it down and he considered the vote of more than 129,000 against the proposal to be a mandate of the people, and that the people, at this time, did not wish to go into the business of distribution of electric energy, and he deemed it to be the duty of the Board to request an amendment to the Raker Act in order that the City might continue to enjoy the revenue it has been receiving for the Hetch Hetchy generated electric power.

Statement by Supervisor Roncovieri.

My public record will show that from the beginning, and over a period of many years, I have on every occasion, consistently voted for public ownership and public distribution of Hetch Hetchy electric energy, in accordance with the terms of the Raker Act.

In this, I joined those stalwart public officials, Mayor, and later Senator, James D. Phelan, and, City Attorney, and later Secretary of the Interior, Franklin K. Lane, and other outstanding officials, who wrote the Raker Act.

I have never wavered in my belief that the people would be the beneficiaries of this policy; and I am still a staunch believer in carrying out the mandate of the Raker Act.

But, after voting as a Supervisor, to submit the question of distribution of electric power to the judgment of the people in ten different forms, and after ten consecutive and overwhelming rebuffs from the electorate, showing most conclusively each time by increasing majorities, that the people do not want to distribute their own electric power, I believe the time has definitely come to request the Congress to amend the Raker Act.

I interpret the court decision against the City, and the refusal of the people to provide the funds necessary to distribute our Hetch Hetchy power, as a most serious situation confronting San Francisco,

and I can see but one alternative left, and that is to amend the Raker Act.

There is nothing inconsistent in my determination to save $2,300,000 annually for the taxpayers.

I can see nothing in the proposed amendment to the Raker Act that will interfere in any way with eventual municipal distribution of Hetch Hetchy power.

The Raker Act can be amended without in the least preventing the people from owning their own distribution system whenever it may please them.

The proposed amendment to the Raker Act if approved by Congress, will not by one iota prevent San Francisco from going into the power business, at any time, when and if the people will make the decision.

The amendment permitting the sale of the City's power, is simply an alternative method of disposing of it. A method that will save $2,300,000 annually for the benefit of the people of San Francisco, if the Congress will adopt it.

It should be remembered that conditions have greatly changed since the Raker Act was passed. At that time the Federal Government was not in the power business. It could not foresee the great changes that have developed since then. Such changes as the Boulder Dam; the Bonneville Dam; the Tennessee Valley Project; the Grand Coulee Project; the Fort Peck Project; the East Bay Municipal District, and many such power developments, none of which existed at the time that the Raker Act was passed by the Congress.

Since the building of these great power plants the government has changed its policy of public distribution of power, and it now sells all this electric energy to private companies for purposes of resale. The government is actually violating the very essense of the principle which it has imposed on San Francisco through the Raker Act, namely, —never to sell electricity to any private corporation for purposes of resale.

Now after the voters have ten times overwhelmingly repudiated the present requirements of the Raker Act, and seventy-six of our civic and improvement clubs and organizations, representing a great cross-section of every element of our City have petitioned the Board of Supervisors to memorialize Congress to amend the Raker Act, we, as the servants of the people, can do no less than obey the command of the people, or prove unworthy of their trust. The evidence is in! For my part, I have heard the voice of the people, and I shall cast my vote in obedience to their will, in the solemn belief that this amendment to the Raker Act is only an added alternative which will in nowise interfere with, or preclude, the City from later distributing its own power.

Supervisor Roncovieri presented also the following data on elections at which proposals for public distribution of electricity were submitted to the electors:

Date	*Purpose and Amount*	*Vote Yes*	*Vote No*
Nov. 8, 1927	Transmission Lines Bonds, $2,000,000	57,607	55,940

May 19, 1939	Revenue Bonds, Charter Amendment (Bonds not to exceed $55,000,000)	50,283	123,118

Supervisor Schmidt stated that he believed Supervisor Roncovieri had very ably summed up the situation and he merely wanted to say that he believed the Board had a very clear mandate from the people as to just what their wishes were in the matter. The people do want the Raker Act amended, and they understand that such amendment will not interfere with the future engaging in the business of municipal distribution of power. Supervisor Schmidt further stated that in accordance with the mandate of the people, he would vote in favor of the proposed amendment of the Raker Act.

Before Supervisor Brown, author of the resolution spoke, Supervisor McSheehy took the floor, contending: (1) That there has been no mandate of the people expressed at the latest election. The people simply stated that they did not wish to issue $55,000,000 worth of bonds; (2) In a suit in the federal courts a decision has been rendered against the City. The City Attorney is now appealing from that decision, and this proposal to amend the Raker Act is a tacit admission that the City is violating the terms of the Raker Act, which it is now trying to have amended; (3) In the event of a final decision against the City, Congress might attempt to confiscate and take away our entire investment in Hetch Hetchy.

Statement by City Attorney.

The City Attorney, in reply to the foregoing statement by Supervisor McSheehy, with respect to the case now before the United States Court of Appeals, the City Attorney stated that he wished to assure the Board that the court would pay no attention to anything being done in this regard. The court will realize the fact that if this Board of Supervisors wants to ask Congress to amend the Raker Act, that is the business of this Board. The court looks to the present, not to the future and the request by the Board to have the Raker Act amended will have no effect whatsoever on the pending decision.

Amendment Proposed.

Supervisor Roncovieri proposed amending the resolution as presented by striking out the word "the" and substituting therefor the word "any" in the phrase in about the middle of the next to the last "Resolve" of the resolution, reading "so that the ambiguity contained in said Section 6——", and inserting at the end of the same paragraph, immediately after the semi-colon (;) the words "provided that all other conditions of the act remain unchanged;" making that paragraph read as follows:

"Resolved, That it is the sense of the Board of Supervisors of the City and County of San Francisco that the Act of Congress, approved on December 19, 1913, and commonly known as the Raker Act, should be amended by amending Section 6 thereof so that any ambiguity contained in said Section 6 restricting the City and County of San Francisco from selling its electric energy generated on the Hetch Hetchy project should be amended to the end that the City and County of San Franisco may sell and dispose of its electric energy as may be determined by its local officers; provided that all other conditions of the Act remain unchanged; and be it"

Supervisor Brown and Supervisor Meyer, members of the Public Utilities Committee, accepted the proposed amendment.

Supervisor McSheehy requested re-reference to committee, holding that the resolution, as amended, had not been considered in com-

mittee, which it should, under the rules of the Board, one member objecting thereto.

Point of Order.

The Chair, in reply to a point of order, raised by Supervisor Brown, ruled that the resolution, as amended, constituted a committee report and was properly before the Board as such, and did not change the intent of the resolution as presented.

Supervisor Brown, in closing the debate, recited the history of the passage of the Raker Act. He contended that the Raker Act could be amended, and that the first suggestion for amendment came from Secretary Wilbur in 1930. Secretary Ickes and others have also recognized the feasibility of amendment.

Adopted.

Thereupon, the roll was called and the following resolution, as amended, was *adopted* by the following vote:

Proposed Amendment of Raker Act Re: Sale of Electric Energy.
(Series of 1939)

Resolution No. ....., as follows:

Whereas, the United States Government has brought suit in the United States District Court against the City and County of San Francisco to enjoin it from disposing of electric energy developed on the Hetch Hetchy project through an agency contract with the Pacific Gas and Electric Company, on the ground that such distribution is in violation of Section 6 of the Act of Congress approved December 19, 1913, known as the Raker Act; and

Whereas, the City and County of San Francisco, through the operation of said agency contract, has received the total sum of $28,570,-015.46 up to December 31, 1938, from said distribution of Hetch Hetchy power, or an average of $2,116,000 per year since July 1, 1925, and the latter sum represents a saving to the taxpayers of San Francisco of 26 cents annually in the tax rate; and

Whereas, as shown by the report of the Public Utilities Commission upon its Plan 8, the City would be required to make an initial expenditure of $55,000,000 to provide even a partial and incomplete electrical system with the certainty that many more millions would later have to be voted by the people of San Francisco for completion and extensions; and

Whereas, the voters of San Francisco having on six previous occasions defeated similar proposals, at a special election held on May 19, 1939, voted 122,517 "No" to 49,801 "Yes" against the authorization of $55,000,000 revenue bonds to embark the City upon a plan of municipal distribution of Hetch Hetchy power, and at said election every voting district of the City returned a large majority against said measure, as shown by the tabulation of the returns of said election attached hereto and marked Exhibit "A"; and

Whereas, San Francisco is faced with the urgent necessity of finding a solution of its transportation and traffic control problems at a cost of many millions of dollars that can be financed only by increased bonded indebtedness, and it is well recognized that our citizens in the recent election indicated their determination not to authorize further indebtedness or municipal budget increases except for imperative City needs; and

Whereas, in recognition of sound economic practice which under many conditions requires governmental agencies producing power as incidental to or a by-product of water development to dispose of such power through existing agencies or facilities, Acts of Congress of the United States have in recent years authorized the disposition of such power by sale to individuals, industrial corporations and public utilities where it is to the greater economic advantage of the particular project, as at the Bonneville Dam on the Columbia River in Oregon, at Boulder Dam, and on the Tennessee Valley Project, on the Grand

Coulee Project in Washington, and on the Fort Peck Project on the Missouri River in Montana; and furthermore, the East Bay Municipal Utility District, which provides water to Oakland, Berkeley and other cities and towns in Alameda County across the bay from San Francisco, sells to the Pacific Gas and Electric Company hydro-electric power developed upon lands on the Mokelumne River granted to it by Act of Congress dated April 27, 1934; and furthermore, the Department of the Interior for several years has been disposing of surplus power from its Yosemite Valley generating plant to the San Joaquin Light and Power Company which was formerly a subsidiary of and is now a part of the Pacific Gas and Electric Company; and the Turlock and Modesto Irrigation Districts now sell to the Pacific Gas and Electric Company, or its subsidiaries, power generated by the very same Tuolumne River water that is stored and used for the generation of Hetch Hetchy power; and

Whereas, about seventy-six civic and improvement clubs and organizations representing every section of the City have filed with this Board of Supervisors resolutions endorsing the proposal to memorialize Congress for an amendment of the Raker Act, a list of which organizations so endorsing this proposal is attached hereto as Exhibit "B"; and

Whereas, the Mayor and the Board of Supervisors of the City and County of San Francisco and our citizenship are confident that the Congress of the United States will deal fairly with San Francisco and will not arbitrarily refuse its reasonable request for economic freedom of action in the matter of the distribution of Hetch Hetchy power, but will recognize the practical economic problems involved by granting to San Francisco the right, enjoyed by the Federal projects and municipal agencies as above set forth, to decide as a matter of sound financial and governmental policy how Hetch Hetchy power should be disposed of to the best advantage of the City; now, therefore, be it

Resolved, That it is the sense of the Board of Supervisors of the City and County of San Francisco that the Act of Congress, approved on December 19, 1913, and commonly known as the Raker Act, should be amended by amending Section 6 thereof so that any ambiguity contained in said Section 6 restricting the City and County of San Francisco from selling its electric energy generated on the Hetch Hetchy project should be amended to the end that the City and County of San Francisco may sell and dispose of its electric energy as may be determined by its local officers; provided that all other conditions of the act remain unchanged; and be it

Further Resolved, That this Board of Supervisors memorialize the Congress of the United States to so amend said Raker Act.

Ayes—Supervisors Brown, McGowan, Meyer, Roncovieri, Schmidt, Uhl—6.

Noes—Supervisors McSheehy, Mead—2.

Absent—Supervisors Colman, Ratto, Shannon—3.

Notice of Reconsideration.

Before the result of the foregoing vote was announced, Supervisor McSheehy changed his vote from "*no*" to "*aye*" and gave notice that he would move for reconsideration at the next meeting of the Board.

Thereupon, the vote stood:

Ayes—Supervisors Brown, McGowan, McSheehy, Meyer, Roncovieri, Schmidt, Uhl—7.

No—Supervisor Mead—1.

Absent—Supervisors Colman, Ratto, Shannon—3.

UNFINISHED BUSINESS.

Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Annual Salary Ordinance

Fiscal Year Ending June 30, 1940

Bill No. 192, Ordinance No. 186, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1940; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1940. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated, but no appointment to such temporary or seasonal position shall be made until the Controller shall certify that funds are available and the Mayor shall approve, and no such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor or the Controller, the Civil Service Commission may investigate and report on the necessity for such temporary or seasonal services.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position herein established and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation, and the Mayor shall approve.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1939-40 in the class title or number of classification of the duties of a position herein enumerated shall be reported within thirty days by the Civil Service Commission to the Mayor, the Board of Supervisors, the Controller, and the head of the department concerned, in order that the Board of Supervisors may amend the Salary Ordinance to conform to the changes made by the Civil Service Commission.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of com-

pensations issued by the Civil Service Commission under date of April 9, 1930, except as such proposed schedule of compensation is amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein and the salary shall remain at the said entrance rate during the current fiscal year; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the Prevailing Wage Resolution and in effect at the time of the award of said contract shall be paid to employees performing work under such contract.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided. The compensations fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter includes the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on payrolls and timerolls.

Charges for any and all maintenance furnished and accepted by employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on timerolls and payrolls, and deductions for such maintenance shall be indicated and made on timerolls and payrolls in accordance with the following schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

Confirming Lease of Lake Merced Property to Thomas P. Cusick.

(Series of 1939)

Also, Resolution No. 330, as follows:

Whereas, pursuant to Ordinance No. 65, Bill No. 66, Series of 1939, the Director of Property advertised in the official newspaper that bids would be received by him on May 12, 1939, for leasing certain City-owned land at Lake Merced, San Francisco, California, together with the right and privilege of operating boats for pleasure and fishing on said lake and to conduct on the premises other business activities incidental thereto; and

Whereas, in response to said advertisement, Thomas P. Cusick offered to lease said property for a period of ten years and to pay the City as rental for said land and privileges 6 per cent of the gross receipts per month derived by him under the terms of the lease, California sales tax and fees for fishing permits to be excluded from the gross receipts, provided, however, that the minimum rental shall be $100 per month, no other bids having been made or received; and

Whereas, Thomas P. Cusick has paid the sum of $600 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Public Utilities Commission has recommended that the property be leased under the above terms; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be and are hereby authorized and directed to execute the necessary lease on behalf of the City and County of San Francisco, a municipal corporation.

If the lessee fails or refuses to enter into the lease then the Director of Property may retain all or a portion of the deposit of $600 to defray the cost of advertising and the services of the Real Estate Department.

Directing Mayor to Cancel Lease of Hawley Forge & Manufacturing Company of Property on East Line of Kansas Street, South of Army.

(Series of 1939)

Also, Resolution No. 331, as follows:

Whereas, pursuant to Resolution No. 3074, adopted by the Board of Supervisors on February 8, 1937, the City and County of San Fran-

cisco entered into a lease with Virgil Hawley, Andrew Olson and Gerald Hawley, doing business under the name of Hawley Forge & Manufacturing Company, wherein and whereby the said City and County leased to said persons the following described real property, situate, lying and being in the City and County of San Francisco, and described as follows, to-wit:

Commencing at a point on the easterly line of Kansas street, distant thereon 274 feet southerly from the southerly line of Army street, running thence southerly along the easterly line of Kansas street, 150 feet; thence at a right angle easterly 200 feet; thence at a right angle northerly 150 feet; thence at a right angle westerly 200 feet to the point of commencement.

Whereas, in paragraph 3 of said lease it is provided that the City shall have the right to terminate the said lease for the failure of any breach of a covenant contained in said lease, and in view of said termination all improvements, machinery or equipment installed or erected in the demised premises shall become the property of the City; and

Whereas, the lessees above named have not paid their rental which became due on the first day of June, 1939; and

Whereas, said lessees have made certain improvements on said demised premises to the amount and value of $2,439.07; and

Whereas, said lessees are unable to utilize the said demised premises for the purposes for which said premises were leased; now, therefore, be it

Resolved, That the Mayor of the City and County of San Francisco be and he is hereby directed to cancel aforesaid lease and the Director of Property is hereby authorized and directed to take into his possession all and singular the improvements made by the lessees on said demised premises, and the said Mayor and said Director of Property are authorized to execute, for and on behalf of the City and County of San Francisco, the necessary documents for the purpose of terminating said lease.

Confirming Sale of Land in Assessor's Block 1520 to Matie Natov.

(Series of 1939)

Also, Resolution No. 332, as follows:

Whereas, pursuant to Ordinance No. 12.172217, Bill No. 1640, the Director of Property advertised in the official newspaper that bids or offers would be received by him on May 31, 1939, for the sale of the following described City-owned real property situated in the City and County of San Francisco, State of California:

Commencing at a point on the westerly line of Twenty-fourth avenue, distant thereon 225 feet southerly from the southerly line of Geary boulevard; running thence southerly along said line of Twenty-fourth avenue 75 feet; thence at a right angle westerly 120 feet; thence at a right angle northerly 75 feet; thence at a right angle easterly 120 feet to the point of commencement.

Being a portion of Outside Land Block No. 260.

Whereas, in response to said advertisement, Matie Natov offered to purchase said land for the sum of $5,500 cash, no higher bids having been made or received; and

Whereas, said sum of $5,500 is more than 90 per cent of the pre-

liminary appraisal of said land as made by the Director of Property, the amount of said appraisal being $6,000; and

Whereas, Matie Natov has paid the Director of Property the sum of $600 as a deposit in connection with this transaction; and

Whereas, the Board of Education has recommended selling the property for the amount of $5,500; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the City and County of San Francisco, a municipal corporation, convey said land to Matie Natov. The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute the necessary deed on behalf of said municipal corporation. The buyer shall pay the balance of the purchase price within thirty days after approval of this resolution. The Director of Property shall deliver the deed to the grantee.

An Ordinance Providing for the Inspection and Regulation of Paint and Lacquer Spraying Shops.

(Series of 1939)

Bill No. ....., Ordinance No. ....., as follows:

Providing for the inspection and regulation of paint and lacquer spraying shops in the City and County of San Francisco; defining certain terms used in this ordinance; authorizing the Chief of the Division of Fire Prevention and Investigation of the Fire Department of the City and County of San Francisco to adopt, promulgate, and enforce rules and regulations governing such inspection; providing for the issuance of permits by the Chief of the Division of Fire Prevention and Investigation, subject to the prior approval of the City Planning Commission, the Chief of the Department of Electricity, and the Director of Public Health, to conduct such paint and lacquer spraying shop; providing for the payment and collection of fees to defray the cost of such inspection; repealing conflicting ordinances; and providing penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. As used in this ordinance, the following words shall have the following respective meanings:

"Paint shop" shall mean a shop where the spraying of paint or lacquer materials is permanently established on the premises.

"Spray room" shall mean a room or booth or any division of a paint shop separated from the remainder of the paint shop by fire-resistant materials approved by the Division of Fire Prevention and Investigation.

"Storage room" shall mean any room or compartment in a paint shop wherein any paint or lacquer materials of a combustible nature are regularly stored or kept.

"Mixing bench" shall mean a bench or table in a paint shop whereupon paint or lacquer materials are mixed, combined or prepared for application.

"Paint and lacquer materials" shall mean all inflammable and com-

bustible material used in the process of painting, spraying, finishing and refinishing.

"Person" shall mean any corporation, association, syndicate, joint stock company, partnership, club, Massachusetts business or common law trust, society or individual.

"Chief" shall mean the Chief of the Division of Fire Prevention and Investigation of the Fire Department of the City and County of San Francisco.

"City Planning Commission", "Department of Electricity", "Department of Public Health", and "Tax Collector". These terms shall apply respectively to the City and County of San Francisco.

Section 2. The Chief is hereby authorized to adopt, promulgate, and enforce such rules and regulations relative to paint shops as will enable the Division of Fire Prevention and Investigation to enforce and carry out the meaning and intent of this ordinance.

Section 3. (a) No paint shop shall hereafter, from the date of passage of this ordinance, be established in any building other than a Class "A", "B", "C" or mill-constructed building as defined by the building ordinances of the City and County of San Francisco. If hereafter established in a building of Class "C" *or mill construction*, the ceiling shall be of not less than three-quarters (¾) inch plaster on metal lath, and the floor shall be of cement at least two (2) inches thick, or other approved fire resistive material.

(b) No paint shop shall hereafter be established in any building which is used or occupied in whole or in part as a residence, dwelling, hotel, or apartment house, as defined by the California State Housing Act; or as a hospital, theater, or place of public assemblage. "Paint shop", as defined in this ordinance, shall not apply to any building or structure, or any portion thereof, in the course of construction, alteration or repair. *Provided, however, that nothing in this section contained shall prevent the owner or occupant of any hotel or apartment house from spraying furniture, under such regulations as may be provided by the Chief when said furniture is actually used in said hotel or apartment house.*

(c) No paint shop shall be established hereafter below the level of the ground floor of any building other than of Class "A" or "B" construction.

(d) All windows in paint shops hereafter established shall be of wire glass in metal frames and sash or wooden frame and sash covered with metal, except windows facing a street or public space. The glazing of skylights shall be as approved by the Division of Fire Prevention and Investigation.

(e) Every paint shop shall have the following accommodations conveniently located to the paint shop for employees: toilet, running water for drinking purposes, and general sanitary conditions that meet the requirements of the Department of Public Health.

(f) No spraying of paint or lacquer materials shall be conducted within a paint shop except in a spray room; provided, however, the Chief may at his discretion issue a written permit to the owner or operator of a paint shop to do minor spraying within said paint shop outside of said spray room. Said permit shall be revocable at the discretion of the Chief without the necessity of a public hearing.

(g) No open flame or spark-emitting device of any kind shall be permitted to be used in any storage room or spray room or paint shop, or in close proximity to any spraying operation. Only indirect heating systems, approved by the City and County of San Francisco, shall be used for heating purposes.

(h) Every spray room shall be equipped with fans capable of changing the air in such spray room every six (6) minutes. The number of fans, inlet and exhaust ducts required, and the location of

same, shall be determined jointly by the Division of Fire Prevention and Investigation and the Department of Public Health.

(i) The construction and design of all fans and the installation of all electrical devices and appliances in paint shops and spray rooms shall be approved by the Department of Electricity.

(j) The spraying of paint or lacquer materials shall not be conducted unless the fan or fans are in operation; and said fan or fans shall continue to remain in operation until the conclusion of such spraying.

(k) The amount of paint or lacquer material stored or kept, and the manner of its storage in a spray room or storage room, shall be prescribed and approved by the Division of Fire Prevention and Investigation.

(l) A mixing bench shall be permitted in each spray room, provided that such bench shall have a working surface covered with sheet zinc or nonsparking or absorbing material. A limited amount of paint and lacquer material shall be permitted to remain on such bench for the purpose of mixing or the matching or color. Such bench shall be kept clean and free from accumulated drippings, waste paint, or lacquer. Tightly fitting metal covers shall be provided for all containers.

(m) Metal waste cans with self-closing covers shall be provided, not less than one (1) for each spray room, to accommodate rags and other waste.

(n) Signs containing the words "SMOKING STRICTLY PROHIBITED" in black letters not less than three (3) inches in height upon a white background shall be conspicuously displayed in storage and spray room.

(o) Each paint shop shall be equipped with fire extinguishers of such number and kind, and so located, as shall be determined by the Division of Fire Prevention and Investigation; but in no case shall there be less than two (2) of said fire extinguishers. At least one (1) barrel of clean dry sand containing a scoop, or at least four (4) metal buckets of clean dry sand, shall be kept on the premises at all times.

(p) Every sprayman or painter shall be provided with a mask while spraying, which mask shall be of a type approved by the Department of Public Health.

Section 4. Every spray room and storage room shall be kept free from all unnecessary combustible materials. The use of sawdust for absorbing waste material or for cleaning of floors is strictly prohibited.

Section 5. Whenever any paint or lacquer material is to be strayed or applied to a motor vehicle, or parts thereof, the battery of said motor vehicle shall be disconnected and shall remain disconnected until such time as the room has been cleared of vapor.

Section 6. It shall be unlawful for any person to conduct, operate or maintain a paint shop as defined in this ordinance of the City and County of San Francisco without first obtaining a permit so to do as set forth in this ordinance.

Section 7. Every person desiring to establish, conduct, or operate a paint shop in the City and County of San Francisco shall make application for a permit so to do to the Division of Fire Prevention and Investigation on forms provided by the Division of Fire Prevention and Investigation, and shall pay to the Division of Fire Prevention and Investigation a fee of $..... in advance to cover the cost to the City and County of San Francisco of the necessary investigations provided for in this ordinance prior to the approval or disapproval of said application.

Any person engaged in the business of conducting or operating a paint shop in the City and County of San Francisco prior to the enforcement date of this ordinance, and who desires to continue the

conducting or operation of said paint shop, shall make application for a permit so to do as hereinabove provided within thirty (30) days subsequent to the effective date of this ordinance and shall pay the fee as set forth above.

This fee shall be in addition to any and all fees required to be paid by any ordinance or ordinances of the City and County of San Francisco for the erection or alteration of any such paint shop or the installation of any equipment therein.

An application for a paint shop permit shall be acted upon within ten (10) days after the filing of such application and the fee collected shall be retained by the Division of Fire Prevention and Investigation whether the permit is granted or denied or the application is withdrawn.

Section 8. Upon receipt of said application provided for in the preceding section, the Chief shall cause to be investigated the facts as set forth in the application and the premises for which the permit is requested. The Chief shall cause to be forwarded copies of said application to the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity for investigation by their respective departments as to whether the ordinances, rules, and regulations of the City and County of San Francisco, pertaining to their departments, are complied with. The City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity shall after such investigation either approve or disapprove such application and return same within seven (7) days after receipt with such endorsement thereon to the Division of Fire Prevention and Investigation. If the application is disapproved the reason or reasons for such disapproval shall be stated.

In the event that the application for a paint shop permit is disapproved, the Chief shall give the reason for such disapproval. Upon receiving such written notice from the Chief, such person shall have the opportunity of correcting such conditions in and about the premises wherein the paint shop is located and the equipment used therein as have been decided hazardous. This work shall be completed within thirty (30) days after receipt of such written notice, and if said conditions have been corrected to the satisfaction of the departments involved said permit may be issued.

Section 9. The Chief may issue a permit to said applicant, subject to the above approval of the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity as above provided, which permit shall be serially numbered and shall expire on ..... of the current fiscal year; or, in the exercise of sound discretion, he may deny said permit.

The Chief shall cause to be forwarded to the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity written notice of his granting or denial of the permit.

Section 10. When any permit is issued under the provisions of this ordinance, the Chief shall cause said permit to be forwarded to the office of the Tax Collector for delivery to the permittee upon the payment of an annual license fee of $..... in advance to defray the cost to the City and County of San Francisco of the necessary inspection and regulation as provided for in this ordinance.

The Tax Collector shall issue a license for each paint shop for which the fee was paid, showing thereon: (a) Name and address of the permittee. (b) Address of the paint shop. (c) Number of the permit. (d) Expiration date of the license, which date shall be the expiration date of the permit.

Any person establishing, conducting or operating a paint shop subsequent to ..... of any year shall pay one-half of the annual fee provided for that fiscal year.

Section 11. The permit and license herein provided shall not be transferable. If the paint shop is discontinued no refund shall be made.

Section 12. Application for renewal of a permit shall be made in the same manner as provided for the original application for a permit, and shall be made within thirty (30) days prior to the expiration of the current permit and shall be accompanied by a fee of $....., which fee shall be retained by the Division of Fire Prevention and Investigation whether the permit is granted or denied or the application is withdrawn. The same procedure as set forth in Section 8 of this ordinance shall be followed.

Section 13. After written notice to the permittee and after due and proper hearing the Chief shall have the power to revoke or suspend any permit issued under the provisions of this ordinance for violation by the permittee, or by any of the permittee's servants, agents, or employees, or any of the provisions of this ordinance, or when the Chief shall determine that the permittee in the use thereof is violating or attempting to violate any ordinance, rule or regulation of the City and County of San Francisco or any department thereof; or if in the opinion of the Chief it is deemed necessary for the protection of the public.

The Chief shall cause to be forwarded to the Tax Collector, the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity written notice of any revocation, suspension, or reinstatement of any permit herein provided for.

Section 14. Every permit and license issued under the provisions of this ordinance shall be plainly posted in a conspicuous place for the public to see, on the premises for which the permit and license was issued.

Section 15. It shall be the duty of the Chief to ascertain that all of the provisions of this ordinance and any ordinances, rules or regulations of the City and County of San Francisco or any department thereof pertaining to paint shops and the equipment used therein are strictly complied with, and for that purpose the inspectors or representatives of the Division of Fire Prevention and Inspection, the Department of Public Health, and the Department of Electricity shall have access to any paint shop at any reasonable hour.

Section 16. Every person paying the fees provided for in this ordinance shall be exempt from the provisions of Ordinance No. 5132 (N. S.), Section 75, in so far as paint spraying shops are concerned, any and all ordinances, or parts thereof, in conflict with the provisions of this ordinance are hereby repealed but only to such extent as conflict may exist.

Whereas, the people of San Francisco have always taken a keen interest in their presence and preservation; and

Whereas, there is now pending in the California Legislature, Assembly Bill No. 1365 which will endanger the existence of this herd; now, therefore, be it

Resolved, That this Board of Supervisors go on record asking that the bill be so amended that there will be no danger of causing extermination of this seal herd; and be it

Further Resolved, That the Chairman of the Board appoint a committee of three to appear before the California Legislature in behalf of this resolution.

Adopted by the following vote:

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—8.

Absent—Supervisors Colman, Ratto, Shannon—3.

Livermore Rodeo, Supervisors' Committee.

(Series of 1939)

Supervisor Brown presented:

Resolution No. 338, as follows:

Resolved, That the President of the Board of Supervisors be and is hereby authorized to appoint a committee of Supervisors to attend the Rodeo at Livermore, as representatives of San Francisco, June 10 and 11, 1939.

Adopted by the following vote:

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—8.

Absent—Supervisors Colman, Ratto, Shannon—3.

In conformity with the foregoing resolution, the Chair appointed Supervisors Brown and McSheehy to attend the Livermore Rodeo.

Mayor to Appoint Citizens' Committee for the Observance of "Young Citizens Day", June 11, 1939.

(Series of 1939)

Supervisor McGowan presented:

Resolution No. 339, as follows:

Whereas, in the past, little public attention has been paid to the occasion of our young people's emergence from minority; and

Whereas, this turning point in the lives of our young Americans, bringing as it does the sacred and vital right of voting, should be marked, like graduations and other milestones in young lives, with ceremonies arranged for the observance of this important and happy occasion; and

Whereas, pursuant to popular demand for such a movement, his

Honor the Mayor has issued a proclamation declaring Sunday, June 11th, "Young Citizens Day"; now, therefore, be it

Resolved, That his Honor Mayor Rossi be and is hereby requested to appoint a Citizens' Committee to cooperate in the arrangements for the observance of this momentous occasion.

Adopted by the following vote:

Ayes—Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—8.

Absent—Supervisors Colman, Ratto, Shannon—3.

Providing a Set-Back Line on the Northerly Line of Jefferson Street Between Baker and Lyon Streets in the City and County of San Francisco.

(Series of 1939)

Supervisor Mead presented:

Bill No. ....., Ordinance No. ....., as follows:

Providing a set-back line on the northerly line of Jefferson street between Baker and Lyon streets in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby created on the southerly frontage of Jefferson street between Baker and Lyon streets in the City and County of San Francisco, a set-back line of 20 feet over the boundary of the northerly line of Jefferson street, and that all buildings constructed fronting on Jefferson street between Baker and Lyon streets shall be set back 20 feet from the northerly line of Jefferson street.

Referred to City Planning Commission for recommendation.

Transportation to Transbay Bridge Terminal.

Supervisor Uhl called attention to inadequate street car service to the Transbay Bridge Terminal during the mid-day hours by both the Market Street and the Municipal Railways, and stated that he felt that every other car of the Municipal Railway at least should be routed to the terminal and should be so marked. He stated further that with the consent of the Board he would ask the City Attorney if it is within the jurisdiction of the Board to give service to the terminal.

No objection voiced.

Item in Mayor's Budget—Other Exposition Expense, $100,000.

Supervisor Uhl called attention to item in Mayor's budget (Index 2, Sheet 3, Line 14), Other Exposition Expense, $100,000, approved by the Board, and moved, seconded by Supervisor Mead, that his Honor the Mayor be requested to furnish the Board with a break down of that item.

Motion *carried.*

Refinancing Transbay Bridge Bonds.

Supervisor Brown discussed the possibility of formation of a utilities district of bay district areas affected by the San Francisco-Oakland Bay Bridge, for the purpose of refinancing the bridge bonds, with the view, if possible, of refinancing the bonds on a basis much nearer approaching the 2.90 to 3.10 per cent interest at which the Golden Gate Bridge bonds are sold. The need for State enabling legislation and the imminence of proposed financing by eastern capital would necessitate early action by the Board.

Presentation of Colored Motion Picture Guide Entitled "San Francisco Salutes You".

Supervisor Brown transmitted to the Board an offer by Mr. M. L. Richards to present and to explain to the Board at the end of its

meeting on Monday, June 12, 1939, its colored motion picture guide entitled "San Francisco Salutes You," covering principally the 49 Mile Scenic Drive, and stressing San Francisco as an all-year vacation playground.

Offer accepted by the Board.

ADJOURNMENT.

There being no further business, the Board at the hour of 7 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors June 12, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

Endorsing Proposed Kings Canyon National Park and Recommending Bill Providing for Passage of Same Out for Passage by Congress.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the Committee on Public Lands of the House of Repre-

sentatives of the Seventy-sixth Congress has recently by a large majority approved Bill H. R. 3794 by Congressman Gearhart, establishing portions of Kings Canyon as a National Park and recommended the same out for passage by Congress; and

Whereas, this Board is informed that the record of the proceedings before this Public Lands Committee satisfactorily shows that it is the intention of the federal authorities to amply protect the users of water and power in the San Joaquin Valley; and

Whereas, the site of the proposed Kings Canyon National Park is one of natural beauty unrivaled anywhere else in the world, and its development as a National Park under the National Park Service will, through encouragement of tourist travel, be of great commercial advantage to all of California, including the San Francisco Bay region; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record as favoring the proposed park and the adoption by the Seventy-sixth Congress of H. R. 3794 now pending there.

SPECIAL ORDER—3 P. M.

The following matter from Fire, Safety and Police Committee without recommendation, was taken up and consideration *postponed and made a Special Order of Business for June* 19, 1939, *at* 3 *p. m.*:

An Ordinance Providing for the Inspection and Regulation of Paint and Lacquer Spraying Shops.

(Series of 1939)

Bill No. ....., Ordinance No. ....., as follows:

Providing for the inspection and regulation of paint and lacquer spraying shops in the City and County of San Francisco; defining certain terms used in this ordinance; authorizing the Chief of the Division of Fire Prevention and Investigation of the Fire Department of the City and County of San Francisco to adopt, promulgate, and enforce rules and regulations governing such inspection; providing for the issuance of permits by the Chief of the Division of Fire Prevention and Investigation, subject to the prior approval of the City Planning Commission, the Chief of the Department of Electricity, and the Director of Public Health, to conduct such paint and lacquer spraying shop; providing for the payment and collection of fees to defray the cost of such inspection; repealing conflicting ordinances; and providing penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. As used in this ordinance, the following words shall have the following respective meanings:

"Paint shop" shall mean a shop where the spraying of paint or lacquer materials is permanently established on the premises.

"Spray room" shall mean a room or booth or any division of a paint shop separated from the remainder of the paint shop by fire-resistant materials approved by the Division of Fire Prevention and Investigation.

"Storage room" shall mean any room or compartment in a paint shop wherein any paint or lacquer materials of a combustible nature are regularly stored or kept.

"Mixing bench" shall mean a bench or table in a paint shop whereupon paint or lacquer materials are mixed, combined or prepared for application.

"Paint and lacquer materials" shall mean all inflammable and combustible material used in the process of painting, spraying, finishing and refinishing.

"Person" shall mean any corporation, association, syndicate, joint

stock company, partnership, club, Massachusetts business or common law trust, society or individual.

"Chief" shall mean the Chief of the Division of Fire Prevention and Investigation of the Fire Department of the City and County of San Francisco.

"City Planning Commission", "Department of Electricity", "Department of Public Health", and "Tax Collector". These terms shall apply respectively to the City and County of San Francisco.

Section 2. The Chief is hereby authorized to adopt, promulgate, and enforce such rules and regulations relative to paint shops as will enable the Division of Fire Prevention and Investigation to enforce and carry out the meaning and intent of this ordinance.

Section 3. (a) No paint shop shall hereafter, from the date of passage of this ordinance, be established in any building other than a Class "A", "B", "C" or mill-constructed building as defined by the building ordinances of the City and County of San Francisco. If hereafter established in a building of Class "C" *or mill construction*, the ceiling shall be of not less than three-quarters (¾) inch plaster on metal lath, and the floor shall be of cement at least two (2) inches thick, or other approved fire resistive material.

(b) No paint shop shall hereafter be established in any building which is used or occupied in whole or in part as a residence, dwelling, hotel, or apartment house, as defined by the California State Housing Act; or as a hospital, theater, or place of public assemblage. "Paint shop", as defined in this ordinance, shall not apply to any building or structure, or any portion thereof, in the course of construction, alteration or repair. *Provided, however, that nothing in this section contained shall prevent the owner or occupant of any hotel or apartment house from spraying furniture, under such regulations as may be provided by the Chief when said furniture is actually used in said hotel or apartment house.*

(c) No paint shop shall be established hereafter below the level of the ground floor of any building other than of Class "A" or "B" construction.

(d) All windows in paint shops hereafter established shall be of wire glass in metal frames and sash or wooden frame and sash covered with metal, except windows facing a street or public space. The glazing of skylights shall be as approved by the Division of Fire Prevention and Investigation.

(e) Every paint shop shall have the following accommodations conveniently located to the paint shop for employees: toilet, running water for drinking purposes, and general sanitary conditions that meet the requirements of the Department of Public Health.

(f) No spraying of paint or lacquer materials shall be conducted within a paint shop except in a spray room; provided, however, the Chief may at his discretion issue a written permit to the owner or operator of a paint shop to do minor spraying within said paint shop outside of said spray room. Said permit shall be revocable at the discretion of the Chief without the necessity of a public hearing.

(g) No open flame or spark-emitting device of any kind shall be permitted to be used in any storage room or spray room or paint shop, or in close proximity to any spraying operation. Only indirect heating systems, approved by the City and County of San Francisco, shall be used for heating purposes.

(h) Every spray room shall be equipped with fans capable of changing the air in such spray room every six (6) minutes. The number of fans, inlet and exhaust ducts required, and the location of same, shall be determined jointly by the Division of Fire Prevention and Investigation and the Department of Public Health.

(i) The construction and design of all fans and the installation of

all electrical devices and appliances in paint shops and spray rooms shall be approved by the Department of Electricity.

(j) The spraying of paint or lacquer materials shall not be conducted unless the fan or fans are in operation; and said fan or fans shall continue to remain in operation until the conclusion of such spraying.

(k) The amount of paint or lacquer material stored or kept, and the manner of its storage in a spray room or storage room, shall be prescribed and approved by the Division of Fire Prevention and Investigation.

(l) A mixing bench shall be permitted in each spray room, provided that such bench shall have a working surface covered with sheet zinc or nonsparking or absorbing material. A limited amount of paint and lacquer material shall be permitted to remain on such bench for the purpose of mixing or the matching or color. Such bench shall be kept clean and free from accumulated drippings, waste paint, or lacquer. Tightly fitting metal covers shall be provided for all containers.

(m) Metal waste cans with self-closing covers shall be provided, not less than one (1) for each spray room, to accommodate rags and other waste.

(n) Signs containing the words "SMOKING STRICTLY PROHIBITED" in black letters not less than three (3) inches in height upon a white background shall be conspicuously displayed in storage and spray room.

(o) Each paint shop shall be equipped with fire extinguishers of such number and kind, and so located, as shall be determined by the Division of Fire Prevention and Investigation; but in no case shall there be less than two (2) of said fire extinguishers. At least one (1) barrel of clean dry sand containing a scoop, or at least four (4) metal buckets of clean dry sand, shall be kept on the premises at all times.

(p) Every sprayman or painter shall be provided with a mask while spraying, which mask shall be of a type approved by the Department of Public Health.

Section 4. Every spray room and storage room shall be kept free from all unnecessary combustible materials. The use of sawdust for absorbing waste material or for cleaning of floors is strictly prohibited.

Section 5. Whenever any paint or lacquer material is to be strayed or applied to a motor vehicle, or parts thereof, the battery of said motor vehicle shall be disconnected and shall remain disconnected until such time as the room has been cleared of vapor.

Section 6. It shall be unlawful for any person to conduct, operate or maintain a paint shop as defined in this ordinance of the City and County of San Francisco without first obtaining a permit so to do as set forth in this ordinance.

Section 7. Every person desiring to establish, conduct, or operate a paint shop in the City and County of San Francisco shall make application for a permit so to do to the Division of Fire Prevention and Investigation on forms provided by the Division of Fire Prevention and Investigation, and shall pay to the Division of Fire Prevention and Investigation a fee of $..... in advance to cover the cost to the City and County of San Francisco of the necessary investigations provided for in this ordinance prior to the approval or disapproval of said application.

Any person engaged in the business of conducting or operating a paint shop in the City and County of San Francisco prior to the enforcement date of this ordinance, and who desires to continue the conducting or operation of said paint shop, shall make application for a permit so to do as hereinabove provided within thirty (30) days subsequent to the effective date of this ordinance and shall pay the fee as set forth above.

This fee shall be in addition to any and all fees required to be paid by any ordinance or ordinances of the City and County of San Francisco for the erection or alteration of any such paint shop or the installation of any equipment therein.

An application for a paint shop permit shall be acted upon within ten (10) days after the filing of such application and the fee collected shall be retained by the Division of Fire Prevention and Investigation whether the permit is granted or denied or the application is withdrawn.

Section 8. Upon receipt of said application provided for in the preceding section, the Chief shall cause to be investigated the facts as set forth in the application and the premises for which the permit is requested. The Chief shall cause to be forwarded copies of said application to the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity for investigation by their respective departments as to whether the ordinances, rules, and regulations of the City and County of San Francisco, pertaining to their departments, are complied with. The City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity shall after such investigation either approve or disapprove such application and return same within seven (7) days after receipt with such endorsement thereon to the Division of Fire Prevention and Investigation. If the application is disapproved the reason or reasons for such disapproval shall be stated.

In the event that the application for a paint shop permit is disapproved, the Chief shall give the reason for such disapproval. Upon receiving such written notice from the Chief, such person shall have the opportunity of correcting such conditions in and about the premises wherein the paint shop is located and the equipment used therein as have been decided hazardous. This work shall be completed within thirty (30) days after receipt of such written notice, and if said conditions have been corrected to the satisfaction of the departments involved said permit may be issued.

Section 9. The Chief may issue a permit to said applicant, subject to the above approval of the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity as above provided, which permit shall be serially numbered and shall expire on ..... of the current fiscal year; or, in the exercise of sound discretion, he may deny said permit.

The Chief shall cause to be forwarded to the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity written notice of his granting or denial of the permit.

Section 10. When any permit is issued under the provisions of this ordinance, the Chief shall cause said permit to be forwarded to the office of the Tax Collector for delivery to the permittee upon the payment of an annual license fee of $..... in advance to defray the cost to the City and County of San Francisco of the necessary inspection and regulation as provided for in this ordinance.

The Tax Collector shall issue a license for each paint shop for which the fee was paid, showing thereon: (a) Name and address of the permittee. (b) Address of the paint shop. (c) Number of the permit. (d) Expiration date of the license, which date shall be the expiration date of the permit.

Any person establishing, conducting or operating a paint shop subsequent to ..... of any year shall pay one-half of the annual fee provided for that fiscal year.

Section 11. The permit and license herein provided shall not be transferable. If the paint shop is discontinued no refund shall be made.

Section 12. Application for renewal of a permit shall be made in the same manner as provided for the original application for a permit,

and shall be made within thirty (30) days prior to the expiration of the current permit and shall be accompanied by a fee of $....., which fee shall be retained by the Division of Fire Prevention and Investigation whether the permit is granted or denied or the application is withdrawn. The same procedure as set forth in Section 8 of this ordinance shall be followed.

Section 13. After written notice to the permittee and after due and proper hearing the Chief shall have the power to revoke or suspend any permit issued under the provisions of this ordinance for violation by the permittee, or by any of the permittee's servants, agents, or employees, or any of the provisions of this ordinance, or when the Chief shall determine that the permittee in the use thereof is violating or attempting to violate any ordinance, rule or regulation of the City and County of San Francisco or any department thereof; or if in the opinion of the Chief it is deemed necessary for the protection of the public.

The Chief shall cause to be forwarded to the Tax Collector, the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity written notice of any revocation, suspension, or reinstatement of any permit herein provided for.

Section 14. Every permit and license issued under the provisions of this ordinance shall be plainly posted in a conspicuous place for the public to see, on the premises for which the permit and license was issued.

Section 15. It shall be the duty of the Chief to ascertain that all of the provisions of this ordinance and any ordinances, rules or regulations of the City and County of San Francisco or any department thereof pertaining to paint shops and the equipment used therein are strictly complied with, and for that purpose the inspectors or representatives of the Division of Fire Prevention and Inspection, the Department of Public Health, and the Department of Electricity shall have access to any paint shop at any reasonable hour.

Section 16. Every person paying the fees provided for in this ordinance shall be exempt from the provisions of Ordinance No. 5132 (N. S.), Section 75, in so far as paint spraying shops are concerned, any and all ordinances, or parts thereof, in conflict with the provisions of this ordinance are hereby repealed but only to such extent as conflict may exist.

MOTION TO RECONSIDER.

The following matter was taken up:

Proposed Amendment of Raker Act Re: Sale of Electric Energy. (Series of 1939)

Resolution No. ....., as follows:

Whereas, the United States Government has brought suit in the United States District Court against the City and County of San Francisco to enjoin it from disposing of electric energy developed on the Hetch Hetchy project through an agency contract with the Pacific Gas and Electric Company, on the ground that such distribution is in violation of Section 6 of the Act of Congress approved December 19, 1913, known as the Raker Act; and

Whereas, the City and County of San Francisco, through the operation of said agency contract, has received the total sum of $28,570,-015.46 up to December 31, 1938, from said distribution of Hetch Hetchy power, or an average of $2,116,000 per year since July 1, 1925, and the latter sum represents a saving to the taxpayers of San Francisco of 26 cents annually in the tax rate; and

Whereas, as shown by the report of the Public Utilities Commission upon its Plan 8, the City would be required to make an initial expenditure of $55,000,000 to provide even a partial and incomplete electrical system with the certainty that many more millions would

later have to be voted by the people of San Francisco for completion and extensions; and

Whereas, the voters of San Francisco having on six previous occasions defeated similar proposals, at a special election held on May 19, 1939, voted 123,118 "No" to 50,283 "Yes" against the authorization of $55,000,000 revenue bonds to embark the City upon a plan of municipal distribution of Hetch Hetchy power, and at said election every voting district of the City returned a large majority against said measure, as shown by the tabulation of the returns of said election attached hereto and marked Exhibit "A"; and

Whereas, San Francisco is faced with the urgent necessity of finding a solution of its transportation and traffic control problems at a cost of many millions of dollars that can be financed only by increased bonded indebtedness, and it is well recognized that our citizens in the recent election indicated their determination not to authorize further indebtedness or municipal budget increases except for imperative City needs; and

Whereas, in recognition of sound economic practice which under many conditions requires governmental agencies producing power as incidental to or a by-product of water development to dispose of such power through existing agencies or facilities, Acts of Congress of the United States have in recent years authorized the disposition of such power by sale to individuals, industrial corporations and public utilities where it is to the greater economic advantage of the particular project, as at the Bonneville Dam on the Columbia River in Oregon, at Boulder Dam, and on the Tennessee Valley Project, on the Grand Coulee Project in Washington, and on the Fort Peck Project on the Missouri River in Montana; and furthermore, the East Bay Municipal Utility District, which provides water to Oakland, Berkeley and other cities and towns in Alameda County across the bay from San Francisco, sells to the Pacific Gas and Electric Company hydro-electric power developed upon lands on the Mokelumne River granted to it by Act of Congress dated April 27, 1934; and furthermore, the Department of the Interior for several years has been disposing of surplus power from its Yosemite Valley generating plant to the San Joaquin Light and Power Company which was formerly a subsidiary of and is now a part of the Pacific Gas and Electric Company; and the Turlock and Modesto Irrigation Districts now sell to the Pacific Gas and Electric Company, or its subsidiaries, power generated by the very same Tuolumne River water that is stored and used for the generation of Hetch Hetchy power; and

Whereas, about seventy-six civic and improvement clubs and organizations representing every section of the City have filed with this Board of Supervisors resolutions endorsing the proposal to memorialize Congress for an amendment of the Raker Act, a list of which organizations so endorsing this proposal is attached hereto as Exhibit "B"; and

Whereas, the Mayor and the Board of Supervisors of the City and County of San Francisco and our citizenship are confident that the Congress of the United States will deal fairly with San Francisco and will not arbitrarily refuse its reasonable request for economic freedom of action in the matter of the distribution of Hetch Hetchy power, but will recognize the practical economic problems involved by granting to San Francisco the right, enjoyed by the Federal projects and municipal agencies as above set forth, to decide as a matter of sound financial and governmental policy how Hetch Hetchy power should be disposed of to the best advantage of the City; now, therefore, be it

Resolved, That it is the sense of the Board of Supervisors of the City and County of San Francisco that the Act of Congress, approved on December 19, 1913, and commonly known as the Raker Act, should be amended by amending Section 6 thereof so that any ambiguity contained in said Section 6 restricting the City and County of San Francisco from selling its electric energy generated on the Hetch

Hetchy project should be amended to the end that the City and County of San Francisco may sell and dispose of its electric energy as may be determined by its local officers; provided that all other conditions of the act remain unchanged; and be it

Further Resolved, That this Board of Supervisors memorialize the Congress of the United States to so amend said Raker Act.

June 5, 1939—*Adopted* by the following vote:

Ayes—Supervisors Brown, McGowan, Meyer, Roncovieri, Schmidt, Uhl—6.

Noes—Supervisors McSheehy, Mead—2.

Absent—Supervisors Colman, Ratto, Shannon—3.

Notice of Reconsideration.

Before the result of the foregoing vote was announced, Supervisor McSheehy changed his vote from "*no*" to "*aye*" and gave notice that he would move for reconsideration at the next meeting of the Board.

Thereupon, the vote stood:

Ayes—Supervisors Brown, McGowan, McSheehy, Meyer, Roncovieri, Schmidt, Uhl—7.

No—Supervisor Mead—1.

Absent—Supervisors Colman, Ratto, Shannon—3.

Statement by Supervisor McSheehy.

Supervisor McSheehy, prior to his moving for reconsideration of the vote by which the foregoing resolution was adopted at the meeting of June 5, 1939, presented his reasons for asking for reconsideration, as follows:

The resolution, Supervisor McSheehy held, was amended in two particulars, and as amended, was never considered by committee; much stress was laid on the point that an election took place on May 19, 1939, but that election was on a matter entirely different from the amendment of the Raker Act; a request for amendment to the Raker Act is tantamount to an admission of error with respect to the disposal of Hetch Hetchy electric energy.

Motion to Reconsider.

Supervisor McSheehy, seconded by Supervisor Mead, moved reconsideration of the resolution requesting amendment of the Raker Act.

Privilege of the Floor.

The privilege of the floor was granted as follows, to citizens who had not previously been heard in the matter:

Mr. John O'Connell, Secretary, San Francisco Labor Council and Mr. H. S. Foley, representing Municipal Carmen's Union were heard in support of the motion for reconsideration.

Mr. H. A. Barbor, private citizen; Mr. Chas. A. Christin, representing Owners and Lessees Apartment House Association; Mrs. A. B. Baumann, representing the Eureka Valley Promotion Association; and Mrs. Annie Scanlon opposed reconsideration.

Statement by Supervisor Colman.

Supervisor Colman, in explanation of his vote on the motion for reconsideration, stated that had he been present at the meeting of June 5, 1939, he would have voted in favor of the proposed amendment to the Raker Act; that he had always felt, and still did so feel, that the City and County were reasonably complying with the terms of the Raker Act; that the Board has a command from the citizens, by their several votes on the question of public distribution of electric energy, that the Board endeavor to clear up any ambiguity that exists in the Raker Act.

Statement by Supervisor Brown.

In explanation of his proposed vote, Supervisor Brown stated that the Raker Act, in Section 6, provides for the distribution of Hetch Hetchy generated electric power, but there is some doubt, even in the minds of very learned and well-trained legal gentlemen just what Section 6 of the Act really means, so much doubt that we have a variety of opinions from the City Attorney and his colleagues and from the Council of the government, and that doubt is very apt, in the long run, to produce a loss to San Francisco. There is no way now of knowing what the final decision of the Supreme Court will be in the present litigation, and must continue in a state of uncertainty of the final outcome until the decision is handed down. The decision may come without warning and may not give the City time for any action were it adverse to the City's interest. The proposed amendment to the Raker Act will make it clear that the City has the right to do with Hetch Hetchy power what the United States government is doing with power generated in national parks and other federal ventures. We are merely asking for the same right to do with our power what the United States government is doing with its power, and there is nothing unreasonable with such request. The amendment is made necessary because of change in conditions since 1913, the time of the enactment of the Raker Act. The City faces a loss of $2,200,000 per year revenue; it faces a possible cancellation of the entire Hetch Hetchy grant. All this can be prevented by change in the Raker Act itself. Therefore, he urged the Board to vote against reconsideration.

Supervisor McSheehy, in closing, recited the attempts made by the City and County to distribute its own power, and the opposition thereto, emanating principally from the Pacific Gas and Electric Company. He repeated his belief that the vote at the election on May 19, 1939, was not a mandate for the amendment of the Raker Act, but merely a vote of disapproval of the specific plan proposed for the distribution of Hetch Hetchy generated power.

Reconsideration Denied.

Thereupon, the roll was called and the motion for reconsideration *failed* by the following vote:

Ayes—Supervisors McSheehy, Mead—2.

Noes—Supervisors Brown, Colman, Meyer, Roncovieri, Schmidt Uhl—6.

Absent—Supervisors McGowan, Ratto, Shannon—3.

Authorizing the Director of Property to Petition San Mateo County Supervisors Requesting Formation of Colma Creek Soil Conservation District.

(Series of 1939)

Also, Resolution No. 346, as follows:

Whereas, the County of San Mateo is sponsoring the formation of a soil conservation district in the drainage area of Colma Creek and tributaries, said conservation district being formed under the provisions of Assembly Act No. 31; and

Whereas, it is necessary in the formation of this district that at least 50 per cent of the owners of land in the district representing 50 per cent of the acreage, petition the Board of Supervisors of San Mateo County to form such a district; and

Whereas, the City and County of San Francisco is the owner of approximately 731 acres, comprised of the following tracts, that lie within the boundaries of this district:

Salada Lake Plat
Merced Lake Plat
Lots 68F368-78-80-81-82
Sharp Park
Jail Farm; and

Whereas, the formation of this district will be for the benefit of the property of the City and County of San Francisco; and

Whereas, the cost thereof to the City would not exceed $9.09 per year; now, therefore, be it

Resolved, That the Director of Property is hereby authorized on behalf of the City and County of San Francisco to petition the Supervisors of San Mateo County requesting the formation of the Colma Creek soil conservation district.

Rejection of Offer re Funston Avenue Approach to the Golden Gate Bridge.

(Series of 1939)

The following recommendation of the Finance Committee was taken up:

Resolution No. 349, as follows:

Resolved, That the offer of the California Highway Commission made May 1, 1939, re Funston avenue approach to the Golden Gate Bridge, be and the same is hereby rejected, and that a letter to that effect be sent to the California Highway Commission.

Privilege of the Floor.

Assistant City Attorney, Henry Heidelberg, at the request of Supervisor McSheehy, explained the situation with regard to financing the Funston Avenue approach to the Golden Gate Bridge, whereupon, the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—8.

Absent—Supervisors McGowan, Ratto, Shannon—3.

Approval of Communication to Be Sent to the State Highway Commission.

Thereupon, the following draft of letter suggested to be sent by the Board of Supervisors to the State Highway Commission, pursuant to resolution just adopted, was read by the Clerk:

San Francisco, June ——, 1939.

California Highway Commission, Sacramento, Calif.
Attention: Mr. Byron N. Scott, Secretary.

Gentlemen:

Referring to your letter of May 1 to the Board of Supervisors, in which you suggest a basis for the division of cost of the Funston Avenue approach lying within the Presidio Military Reservation between the City and County of San Francisco and the State of California:

The charge proposed to be made by you to the ¼c. gas tax funds for highways within the City and County of San Francisco for the construction of the Funston Avenue approach is not acceptable to the City. The amount is in accord with neither the spirit nor the letter of the agreement between the City and the Department—executed by the City on the 26th day of March, 1938, and by the Department on the 1st day of April, 1938; and, in our opinion, exceeds the sum that you may legally charge.

The Presidio Military Reservatfon is not a part of the City and County of San Francisco. This has been determined by the Supreme Court of the United States. None of the funds accruing to the ¼c. gas tax, which is reserved for the construction and maintenance of State Highways within the City and County of San Francisco, may be expended for the construction of highways outside of the City unless the City requests such expenditure.

By the agreement just above mentioned the City did agree with the Highway Commission and the State Department of Public Works to permit the charging of a certain proportion of the cost of the construction of the Funston Avenue approach through the Presidio to San Francisco's ¼c. gas tax fund. This agreement estimated the cost of the Funston avenue approach as $1,650,000, and, of this estimated cost, tentatively allotted $550,000 to the San Francisco ¼c. Highway Fund, and $1,100,000 by the State out of Highway Funds; and specifically stated that "should the final cost of Project 21" (the Funston Avenue approach) "including preliminary engineering, construction, engineering and inspection be increased or decreased from the total amount shown in Article I hereof, such increase or decrease in cost shall be divided between the State and the City in the proportion of 2/3 to the State and 1/3 to the City."

Subsequent to the execution of the above-mentioned agreement between the City and the State Department of Public Works—namely, on July 12, 1938, an application was made to P. W. A. for a grant to aid in the construction of the Funston Avenue approach, and on August 13, 1938, the P. W. A. offered to aid in this specific construction by making a grant in the amount of 45 per cent of the cost of the project not to exceed $805,095.

Such grant will, when received, reduce the cost of this project to the State by 45 per cent of its total cost up to a maximum amount of $805,095.

Under the agreement between the Department and the City, any increase or decrease in the final cost of the project is to be divided between the Department and the City in the proportion of 2/3 to the Department and 1/3 to the City.

The only charges that may be made to San Francisco's ¼c. gas tax fund for the construction of the Funston Avenue approach are those requested by the City in the above-mentioned agreement. Since the P. W. A. grant was made for the specific purpose of reducing the cost of the Funston Avenue approach, it is clear that any charges to the City's ¼c. gas tax fund in excess of 1/3 of the net cost to the State for the construction of this project would not be in accordance with the above-mentioned agreement, and would therefore be illegal.

The agreement between the Department and the City further provides that "within sixty days after the completion of the work on

Projects 21 and 24, as set forth in Article I hereof, the Department will file with the City a final report of expenditures paid for each project."

We wish to advise you, therefore, that if, and when such report shall have been made by the Department, it shows charges against San Francisco's ¼c. gas tax fund greater than consented to by the City, we intend instructing our City Attorney to take such action as may be necessary to reduce such charges to the amount that may be legally made.

Very truly yours,

BOARD OF SUPERVISORS.
By David A. Barry, Clerk.

Unanimously approved.

The following recommendation of the Finance Committee was taken up:

Controller to File with U. S. Commissioner of Internal Revenue Reports Required by Revenue Act of 1938 and Public Salary Tax Act of 1939.

(Series of 1939)

Bill No. 194, Ordinance No. ....., as follows:

Authorizing and directing the Controller to file with the Commissioner of Internal Revenue, Treasury Department of the United States information and reports as required by the "Revenue Act of 1938" and the "Public Salary Tax Act of 1939" and authorizing and directing the Controller to prescribe the procedure for the departmental accounting and reporting required thereunder.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to the provisions of Section 147, "Revenue Act of 1938," and the regulations issued thereunder, and as the same has been extended by the provisions of the "Public Salary Tax Act of 1939" the Controller is hereby directed, and it shall be his duty to file with the Commissioner of Internal Revenue such returns regarding "Information at Source" under such regulation and in such manner and form and to such extent as may be prescribed by the Commissioner of Internal Revenue, Treasury Department of the United States.

Section 2. The Controller is hereby directed and it shall be his duty to prescribe the procedure for the accounting and reporting required hereunder, such procedure when established by the Controller shall constitute a part hereof.

Section 3. All officers, Boards and Commissions of the City and County of San Francisco shall keep such records and render to the Controller such reports that said Controller may require to comply with the provisions of Section No. 1 of this ordinance. The failure of any officer to keep such records and to furnish said reports to the Controller upon the demand of the latter shall be deemed dereliction of duty and said failure shall be reported by the Controller to the Mayor.

Approved as to form by the City Attorney.

Amending Ordinance No. 9.051540 to Provide for Purchase of Five Street Cars Instead of Four.

(Series of 1939)

The following recommendation of the Finance Committee was taken up:

Bill No. 195, Ordinance No. ....., as follows:

Amending Ordinance No. 9.051540, entitled: "Authorizing a Supplemental Appropriation of $112,000 from the Municipal Railway Re-

construction and Replacement Fund for Purchase of Four New Street Cars and Incidental Expenses in Connection Therewith," by amending Section 1 thereof to provide for the purchase of five street cars instead of four, as follows:

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 9.051540, the title of which is recited above, is hereby amended to read as follows:

Section 1. The sum of $112,000 is hereby appropriated out of the Municipal Railway Reconstruction and Replacement Fund to the credit of Appropriation No. 65.913.14, to provide funds for the purchase of five new street cars, spare parts therefor and the engineering and traveling expenses in connection with the preparation of plans, specifications and the inspection of construction of said cars, upon the condition that the said purchase will not require any additional appropriation.

Approved as to form by the City Attorney.

Recommended by the Manager of Utilities.

Approved by the Public Utilities Commission (Resolution No. 3250).

Approved as to funds available by the Controller.

Approved by the Mayor.

Privilege of the Floor.

Mr. Sharon, representing the Public Utilities Commission, explained the circumstances whereby San Francisco could obtain five street cars instead of four for the appropriation of $112,000 already been made by the Board, and presented a written communication from the Manager of Utilities, listing bids received from the several companies.

Explanation of Vote.

Supervisor McSheehy, in explanation of his vote, announced that he did not believe in the purchase of street cars, believing that for the same amount of money, three times as many buses could be purchased, thus giving three times as much service, and since he had voted against the original appropriation for $112,000, he would vote against the proposed amendment thereto.

Passed for Second Reading.

Thereupon, the roll was called and the foregoing bill was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Roncovieri, Schmidt, Uhl—7.

No—Supervisor McSheehy—1.

Authorizing sale of certain San Francisco Water Department land near Pleasanton, Alameda County.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned real property situated in the County of Alameda, State of California:

Commencing at a point in the easterly boundary line of that certain 200-foot strip of land described in Parcel 70 of Alameda County Lands, in deed from Spring Valley Water Company to the City and County of San Francisco, dated March 3, 1930, and recorded March 3, 1930, in the office of the County Recorder of Alameda County, State of California, in Liber 2350 of Official Records at page 1; said point of commencement being distant north 1314.09 feet and north 89 degrees 52 minutes 30 seconds west 523.35 feet from an iron monument set in the center of County Road No. 2000 at the southwest corner of the McKenzie property, which is also the southeast corner of Parcel XXV of deed from Suburban Company to Spring Valley Water Works, dated November 1, 1902, and recorded December 20, 1902, in Book 881, at page 172, Alameda County Records; running thence from said point of commencement northerly along said easterly boundary line of said 200-foot strip north 0 degrees 07 minutes 30 seconds east 100 feet; thence along the northerly boundary line of said 200-foot strip north 89 degrees 52 minutes 30 seconds west 1148.87 feet; thence leaving said northerly boundary line south 0 degrees 07 minutes 30 seconds west 200.00 feet to a point in the southerly boundary line of said 200-foot strip; thence along said southerly boundary line south 89 degrees 52 minutes 30 seconds east 1148.87 feet to said easterly boundary line of said 200-foot strip; thence along said easterly boundary line north 0 degrees 07 minutes 30 seconds east 100 feet to the point of commencement.

Containing 5.275 acres.

Section 2. The above described land shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco, subject to the following reservations and conditions:

1. There is hereby expressly reserved by the City, its successors and assigns, as against the parcel of land hereinbefore described, all

water which may or might flow in a stream or water course to which said land or any portion thereof is or may be riparian; and the right to withdraw, drain and divert to any point such water from any such stream or water course at any point above or below said land; also the right to take by pumps or other means located on any lands of the City other than the parcel of land hereinabove described, from the subterranean strata, underlying said parcel of land, such water as it may now or hereafter desire for use or disposal either upon such lands or elsewhere.

2. The City hereby reserves the right to take and divert 15,000,000 gallons of water daily from those certain lands in the vicinity of Pleasanton as set forth in deed from Spring Valley Water Company, dated March 3, 1930, and recorded March 3, 1930, in Liber 2350 of Official Records, at page 1, Alameda County Records. This reservation shall not be construed to prohibit the grantee from withdrawing water by means of wells from the hereinabove described parcel of land for use on said parcel of land or upon lands of the grantee immediately adjoining said parcel, or on other contiguous lands that may be acquired by said grantee; provided that such withdrawal by the grantee shall be understood and agreed to be in lieu of an equivalent amount of water which the grantee may be entitled to withdraw from said adjoining and contiguous lands. The provisions of this paragraph shall never be construed to limit or abridge the rights of the City to take and divert said 15,000,000 gallons of water daily when required.

3. Those certain reservations of the Spring Valley Water Company as set forth in Parcel 71, Alameda County Lands, in the hereinabove mentioned deed from the Spring Valley Water Company to the City and County of San Francisco.

Resolution Determining to Eliminate Unsafe or Insanitary Dwelling Units in the City and County of San Francisco, Approving the Form of a Contract with the Housing Authority of the City and County of San Francisco with Respect Thereto and Authorizing the Execution Thereof.

(Series of 1939)

The following matter, presented by the Finance Committee, without recommendation, was taken up:

Resolution No. ....., as follows:

Whereas, pursuant to Resolution No. 4051 of this Board, the City and County of San Francisco (herein called "the City and County") entered into an agreement with the Housing Authority of the City and County of San Francisco (herein called "the Authority"), dated the 20th day of July, 1938, wherein the City and County agreed to eliminate in the manner therein provided, unsafe or insanitary dwelling units of a number at least equal to the number of new dwelling units to be provided in Holly Park-Potrero Projects Cal. 1-1, Cal. 1-2 and Cal. 1-7, therein referred to as "the Project," but in no event to exceed 660 unsafe or insanitary dwelling units; and

Whereas, the Authority proposes to develop and administer further low-rent housing projects (herein called "the Projects") within the territorial limits of the City and County of San Francisco, including in the aggregate approximately three thousand (3000) dwelling units; and

Whereas, in connection with the development of the projects, the Authority desires to eliminate unsafe and insanitary dwelling units situated within the territorial limits of the City and County substantially equal in number to the number of new dwelling units to be constructed by the Authority; and

Whereas, the Authority has requested the City and County to cooperate with it and assist in the elimination of such unsafe and insanitary dwelling units;

Now, Therefore, Be It Resolved:

1. That the City and County hereby determines that for the purpose of aiding said Authority in its efforts to eliminate unsafe or insanitary dwelling units in the City and County, the City and County shall cooperate with the Authority by eliminating unsafe or insanitary dwelling units within the territorial limits of the City and County at least equal to the number of newly constructed dwelling units to be provided by the Projects (less the number of unsafe or insanitary dwelling units to be eliminated from the site or sites of the Projects by the Authority during the development of the Projects), but in no event to exceed three thousand (3000) unsafe or insanitary dwelling units.

2. That the City and County shall enter into a contract with the Authority substantially in the following form: AGREEMENT BETWEEN THE CITY AND COUNTY OF SAN FRANCISCO AND THE HOUSING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO.

In consideration of the mutual promises of the City and County of San Francisco (herein called "the City and County"), the Housing

Authority of the City and County of San Francisco (herein called "the Authority") hereinafter set forth, the City and County and the Authority agree as follows:

1. The City and County agrees to eliminate unsafe or insanitary dwelling units of a number at least equal to the number of new dwelling units to be provided in the low-rent housing projects (herein collectively called the "Projects," which term is more specifically defined in paragraph 12) to be undertaken by the Authority (less the number, if any, of unsafe or insanitary dwelling units to be eliminated from the site or sites of the Projects by the Authority during the development of the Projects), but in no event to exceed three thousand (3000) unsafe or insanitary dwelling units.

2. The City and County agrees to eliminate such unsafe or insanitary dwelling units within the territorial limits of the City and County.

3. The City and County agrees to eliminate such unsafe or insanitary dwelling units in one or the other of the following ways, or partly in one of these ways and partly in another:

(a) By demolishing dwelling units which are on land acquired by the City and County by purchase or otherwise, including demolition of such dwelling units on laud purchased for any public uses; or

(b) By causing the compulsory demolition, effective closing, repair or improvement of such unsafe and insanitary dwelling units; or

(c) By inducing private owners voluntarily to eliminate such dwelling units.

4. In computing the number of unsafe or insanitary dwelling units eliminated under the terms of this agreement, there shall be included all unsafe or insanitary dwelling units eliminated under this agreement from the date hereof and those unsafe or insanitary dwelling units eliminated from and after July 20, 1938, in anticipation of the execution of this agreement, exclusive of those unsafe or insanitary dwelling units which have been and are being eliminated in connection with the development of the Holly Park and the Potrero Projects in pursuance of the provisions of the Equivalent Elimination Agreement between the City and County and the Authority, dated the 20th day of July, 1938.

5. In computing the number of unsafe or insanitary dwelling units eliminated under the terms of this agreement, the remedying of violations of local building codes or ordinances by compulsory action of the City and County, in so far as it results in the elimination of unsafe or insanitary dwelling units, shall be considered as elimination. The voluntary remedying of such violations shall not be considered as elimination.

6. For the purpose of this agreement a dwelling unit shall be considered unsafe or insanitary whenever by reason of dilapidation, faulty arrangement or design, lack of ventilation, light or sanitation facilities, or any combination of these factors, it is detrimental to safety, health or morals.

7. The Authority agrees:

(a) To advise the officers in charge of appropriate departments of the City and County of the existence of any unsafe or insanitary dwelling units in the City and County, which the Authority finds as a result of its surveys or studies;

(b) To make reports to the City and County, from time to time, regarding such matters; and

(c) To cooperate with the City and County in securing the elimination of unsafe or insanitary dwelling units required hereunder.

8. The City and County agrees to cause its officers in charge of appropriate departments to make reports to the Authority from time to time regarding:

(a) The action taken by the City and County in the elimination or repair of unsafe or insanitary dwelling units hereunder;

(b) The dates of such action;

(c) The location of such dwelling units; and

(d) The condition of such dwelling units which made them unsafe or insanitary.

9. The Authority and the City and County agree that the elimination undertaken and required hereunder shall be considered as a part of the Projects.

10. The City and County agrees to complete the elimination of unsafe and insanitary dwelling units required hereunder at such a rate that, in connection with each Project, a number at least equal to the number of new dwelling units constructed in each Project shall be eliminated within one (1) year from the date of the physical completion of that Project.

11. The Authority agrees that it will use its best efforts to develop the Projects as rapidly as possible, to operate and maintain such Projects for families of low income, and to keep the City and County fully informed as to the status of the Projects.

12. The term "Projects" as used in this agreement shall mean any low-rent housing projects now or hereafter undertaken within the City and County by the Authority with respect to which a contract or contracts to obtain Federal annual contributions have been made, or will be made with the United States Housing Authority. The term "Project" shall mean any one of such Projects which is to be aided under a separate Annual Contributions Contract between the Authority and the United States Housing Authority relating solely to annual contributions on that particular project.

In witness whereof, the City and County of San Francisco, California, and the Housing Authority of the City and County of San Francisco have, respectively, caused this agreement to be duly executed, in triplicate, as of the.....day of....., 1939.

CITY AND COUNTY OF SAN FRANCISCO,

3. That the Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute, in quadruplicate, a contract substantially in the form set forth in Section 2 hereof on behalf of the City and County.

4. This resolution shall take effect immediately.

Approved as to Form:

.....
City Attorney.

Privilege of the Floor.

Mr. O'Brien, attorney for the Housing Authority of the City and County of San Francisco, explained in detail, the provisions of the foregoing resolution, and answered questions raised by members of the Board.

Mr. Albert J. Evers, Secretary of the Housing Authority, and Mr. A. Watchman, member of the Authority, also addressed the Board, explaining the proposed measure, answering questions asked and urging the approval thereof by the Board of Supervisors.

Messrs. Joseph A. Brown and Charles A. Christin, representing the apartment house industry, opposed adoption of the proposed resolution.

Mr. Brown objected to the lack of a clear-cut definition of the term "unit," fearing that the Authority could erect "units" of several rooms to replace demolished "units" of single rooms equipped with makeshift kitchen and bathroom facilities. In his remarks, he stated that his thought was that a contract should be entered into to build 3000 units; that in a contract, the term "unit" should be defined; that the area wherein it was proposed to build each unit be specified; that in the contract it be specified that buildings or units be torn down, within a year after the completion of a project, to the number of buildings or units in the project; that there be no increased housing until there have been completely filled all the rooms in each project. Should that be done, Mr. Brown stated, he would have no objection to each project.

Mr. Christin objected to the removal of some $15,000,000 from the assessment roll, thus spreading the tax on the balance of the property owners of San Francisco. He objected further on the grounds that the projects would not benefit those whom it was designed to benefit; that is, those of very low income. He also announced that a writ of prohibition would be filed within the next five days, with the Supreme Court of California, and requested delay in action on the proposed resolution pending the court's decision in regards to same.

Supervisor Uhl objected strongly to blanket authorizations, stating he would be willing to agree to the elimination of sufficient "units" to take care of the projects already authorized. He felt that each proposed project should receive the consideration of the Board. He objected further to any project on the site of the Calvary cemetery.

Mr. O'Brien, in answering objections raised, stated that there would be no $15,000,000 of taxable property removed from the assessment roll, as feared by Mr. Christin, pointing out, for example, that the real property purchased by the Authority for the Holly Park project, having been City property, under the jurisdiction of the Board of Education, was not on the assessment rolls at all. The buildings purchased and demolished for the Potrero Hill project were, for the most part, little more than shacks, and of extremely low assessed valuation. As to rental, that is not discretionary with the Authority, but fixed within certain limits by Congress. It is estimated that the shelter rent (Holly Park Project) will average about $4.07 per room per month, excluding heat, gas and electricity for tenants' individual use. Regarding protests against a possible low cost housing project on the Calvary Cemetery site, stated that of course consideration would be given to those protests. The character and standing of the members of the Authority should satisfy the Board that every consideration would be given to the welfare of the City as a whole. However, he felt, that once the public had learned just what was intended to be done, and the character of proposed improvements, opposition would not be as strong as now contemplated.

Motion for Postponement.

Supervisor Uhl, seconded by Supervisor Roncovieri, moved that the matter remain on the Calendar for two weeks; that the Health De-

partment submit a detailed statement of the number of units that have been found unsanitary, where they are, and how many have been demolished.

Discussion.

Supervisor Colman stated that he felt that if members of the Board are in favor of this low cost housing they must vote that way. If low cost housing is not done by subsidy it can not be done at all, and the people whom it is designed to help will have to continue to live in sub-standard dwellings. No matter how people may differ with the policies of the President, Supervisor Colman continued, practically no one differs with him on this particular idea. As far as taxes are concerned, it has not been the experience that it will raise the taxes. Because of the elimination of sub-standard housing areas, the cost of government has sharply shrunken. The cost for fire, police and health protection in sub-standard areas is far greater than in other sections of communities. Low cost housing has been a decided success where it has been tried over a period of years, and good dwellings, at low prices, encourage the building of other homes. The effect of spreading of taxes has not been definitely worked out. However, we have created this particular department, which has come here in good faith and we should approve its request.

Mr. A. Watchman, member of the Housing Authority, pointed out that delay simply meant more expense to the Authority, and stated that he felt that the minds of the Supervisors were virtually made up and that a two weeks' delay would not cause any change.

Supervisor Uhl objected to statement just made, saying that his mind was not made up. However, he would be willing to approve immediately the elimination of 750 units needed for the proposed McLaren Park project, but would not approve a blanket authorization for 3000 units as requested.

Amendment to Motion.

Supervisor Colman moved that the pending motion be amended to provide for a one week's postponement in lieu of the two weeks as requested.

Amendment accepted by Supervisor Uhl.

Supervisor Schmidt called attention to the fact that there are localities in San Francisco where citizens object to the establishment of these projects, and asked if it would endanger the funds coming from the government if the resolution were amended to read 3000 units for elimination, and requests for further elimination be brought before the Board at a later date.

Mr. O'Brien, in reply, stated that it would seriously embarrass the program, and that the government at Washington is urging action.

Supervisor McSheehy expressed agreement with the views of Supervisor Colman, and in view of the week's postponement requested, suggested that plans be presented to the Board re the proposed development at McLaren Park.

Further Consideration Postponed.

Thereupon, no further objection being heard, further consideration, pursuant to motion, was *postponed for one week and made a Special Order of Business for Monday, June* 19, 1939, *at* 3:30 *p. m.*

Request for Information.

Supervisor Roncovieri announced his opposition to Calvary Cemetery as a site for a proposed project. However, he requested, at the next meeting, information as to the buildings that are to be demolished; the location of the various projects—where they are going to be established.

An Ordinance Repealing Sections 205 and 206, Chapter V, Part II, San Francisco Municipal Code, Relating to Interment of Decedents, and Sections 967 and 968, Chapter VIII, Part II, San Francisco Municipal Code, Relating to Rock-Crushing Machines.

(Series of 1939)

The following recommendations of Judiciary Committee were taken up:

Bill No. ....., Ordinance No. ....., as follows:

Section 2. Sections 967 and 968, Chapter VIII, Part II, San Francisco Municipal Code, be and the same are hereby repealed.

Consideration Postponed.

At the request of Supervisor McSheehy, Chairman of the Judiciary Committee, consideration of the foregoing bill *was postponed to June* 19, 1939.

An Ordinance Adding Section 270 to Article 3, Chapter VIII, Part II of the San Francisco Municipal Code, Restoring Section Giving Definitions Concerning Bucket Shops.

(Series of 1939)

Also, Bill No. ....., Ordinance No. ....., as follows:

An ordinance adding Section 270 to Article 3, Chapter VIII, Part II of the San Francisco Municipal Code, giving definitions concerning bucket shops.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 270 is hereby added to Article 3, Chapter VIII, Part II of the San Francisco Municipal Code, to read as follows:

SEC. 270. **Definitions in Connection With Bucket Shops.** The following words and phrases used in Sections 271 and 272, Article 3, Chapter VIII, Part II of the San Francisco Municipal Code shall unless a different meaning is plainly required by the context, have the following meanings:

"Person" shall mean an individual, corporation, partnership or association, whether acting in his, its or their own right or as the officer, agent, servant, employee, correspondent or representative of another.

"Contract" shall mean any agreement, trade, contract or transaction.

"Securities" shall mean all evidences of debt or property and options for the purchase or sale thereof, shares in any corporation or association, bonds, coupons, scrip, rights, choses in action, and other evidences of debt or property and options for the purchase or sale thereof.

"Commodities" shall mean anything movable that is bought and sold.

"Bucket Shop" shall mean any room, office, store, building or other place where any contract is made or offered to be made.

"Keeper" shall mean any person owning, keeping, managing, operating or promoting a bucket shop, or assisting to keep, manage, operate or promote a bucket shop.

"Bucketing" or "Bucket Shopping" shall mean (a) The making of or offering to make any contract respecting the purchase or sale of

any securities or commodities, wherein both parties thereto intend, or such keeper intends, that such contract shall be, or may be, terminated, closed or settled according to or upon the basis of the public market quotations of prices made on any board of trade or exchange upon which said securities or commodities are dealt in and without a bona fide purchase or sale of the same; or (b) the making of or offering to make any contract respecting the purchase or sale of any securities or commodities, wherein both parties thereto intend, or such keeper intends, that such contract shall be, or may be, deemed terminated, closed or settled when such public market quotations of prices for the securities or commodities named in such contract shall reach a certain figure without a bona fide purchase or sale of the same; or (c) the making of or offering to make any contract respecting the purchase or sale of any securities or commodities, wherein both parties thereto do not intend, or such keeper does not intend, the actual or bona fide receipt or delivery of such securities or commodities, but do intend, or such keeper does intend, a settlement of such contract based upon the differences in such public market quotations of prices at which said securities or commodities are or are asserted to be bought and sold.

Consideration Postponed.

At the request of Supervisor McSheehy, Chairman of the Judiciary Committee, consideration of the foregoing bill *was postponed to June* 19, 1939.

An Ordinance Amending Sections 4 and 5 of Ordinance No. 1528 (New Series), Relating to Bucket Shops, Restating Penalty Clause.

(Series of 1939)

Also, Bill No. ....., Ordinance No. ....., as follows:

An Ordinance amending Sections 4 and 5 of Ordinance No. 1528 (New Series), approved April 14, 1911, restating penalty clause.

Whereas, in repealing Sections 1, 2 and 3 of Ordinance No. 1528 (New Series) by Bill No. 1 (Series of 1939), Ordinance No. 1 (Series of 1939), approved January 4, 1939, the penalty provisions set forth in said Section 2 should have been carried forward in Sections 4 and 5 of said Ordinance No. 1528 (New Series), which said Sections 4 and 5 now appear as Sections 271 and 272, Article 3, Chapter VIII, Part II, of the San Francisco Municipal Code, with the exact language of the penalty provisions of said Section 2 and not by reference, so as to conform to the language of said Code Sections 271 and 272, therefore

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 4 of Ordinance No. 1528 (New Series) is hereby amended to read as follows:

SEC. 4. **Visiting Bucket Shops, Etc., Prohibited—Penalty.** Any person who shall, within the City and County of San Francisco, enter or visit or be or remain in any room or premises or place used in whole or in part as a place for conducting or carrying on a bucket shop or bucketing or bucket shopping, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than One Hundred ($100.00) Dollars, nor more than Five Hundred ($500.00) Dollars, or by imprisonment in the County Jail for not less than thirty (30) days nor more than six (6) months.

Section 2. Section 5 of Ordinance No. 1528 (New Series) is hereby amended to read as follows:

SEC. 5. **Use of Premises, Etc., for Bucket Shops Prohibited—Penalty.** Any person who shall, within the City and County of San Francisco, knowingly permit any house, room, apartment, premises or place owned by him or under his charge or control, to be used in

whole or in part as a place for conducting or carrying on a bucket shop or bucketing or bucket shopping, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than One Hundred ($100.00) Dollars nor more than Five Hundred ($500.00) Dollars, or by imprisonment in the County Jail for not less than thirty (30) days nor more than six (6) months.

Consideration Postponed.

At the request of Supervisor McSheehy, Chairman of the Judiciary Committee, consideration of the foregoing bill *was postponed to June* 19, 1939.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Requesting San Mateo County Officials to Correct Conditions on Bay Shore Boulevard Responsible for Recent Deaths on That Thoroughfare.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. ....., as follows:

Whereas, a number of deaths have occurred on Bay Shore boulevard at the county line; and

Whereas, said deaths have been due

(1) To existence of unused street railway tracks and absence of traffic lines; and

Whereas, the globe on the existing electrolier due to height and adjacent street lights is hardly discernible; and

Whereas, there should be cooperation between San Francisco and San Mateo Counties to correct existing conditions responsible for the fatalities; now, therefore, be it

Resolved, That Chief Administrative Officer Alfred J. Cleary take this matter up with San Mateo County officials to correct conditions responsible for fatalities of, not alone San Francisco citizens, but of the public in general.

Referred to Fire, Safety and Police Committee.

Repealing Section 100, Chapter XI, Part II, San Francisco Municipal Code, Relating to Early Morning Parking.

(Series of 1939)

Supervisor Uhl presented:

Bill No. ....., Ordinance No. ....., as follows:

An ordinance repealing Section 100, Chapter XI, Part II, San Francisco Municipal Code, relating to early morning parking.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 100, Chapter XI, Part II, San Francisco Municipal Code, relating to early morning parking, is hereby repealed.

Report of Public Utilities Committee on Formation of Bay Bridge Utility District.

Supervisor Brown presented report of Public Utilities Committee, signed by himself and Supervisor McSheehy, members of the Committee, re possibility of formation of a Utilities District of bay district areas affected by the San Francisco-Oakland Bay Bridge, for the purpose of refinancing bridge bonds, stating that no action can be taken

by the Board at the present time, but recommending that the matter be given further study prior to March 1, 1945, at which time the bonds now authorized are callable.

Food Stamps for Surplus Commodities.

Supervisor Brown presented article from Business Week, May 27, 1939, entitled "Food Stamps' First Week," and suggested that San Francisco endeavor to be included as a locality for the experimental distribution of such food stamps.

Referred to Public Welfare Committee.

International Congress for Housing and Town Planning.

Supervisor Uhl presented a communication from the Junior Chamber of Commerce, requesting support in bringing the International Congress for Housing and Town Planning to San Francisco in 1941, and asking the Board to memorialize the State Legislature to pass Assembly Bill No. 950, which would appropriate $25,000 to defray part of the cost of the Congress.

Supervisor Uhl, seconded by Supervisor Colman, moved that that Board by telegram so memorialize the State Legislature to approve Assembly Bill No. 950, as requested.

No objection and *so ordered.*

Commending Police Department for Effective Work in Recent Kidnapping.

Pursuant to suggestion by the Mayor, the Board authorized a letter to be sent to the Chief of Police, extending to the men who worked on the recent kidnapping case, commendations for their splendid work and congratulations for the apprehension of the kidnapper of Krehe Osborn.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, JUNE 19, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Monday, June 19, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Ratto, Shannon—2.

Quorum present.

Supervisor Ratto ill.

Supervisor Meyer presiding, on motion by Supervisor Mead.

President Warren Shannon was noted present at 2:35 p. m. when he took the chair.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of June 12, 1939, was considered read and approved.

SPECIAL ORDER—2 P. M.

Hearing of Appeal, Rezoning of Southeasterly Corner of Greenwich and Steiner Streets.

Appeal from the decision of the City Planning Commission by its Resolution No. 1958 dated April 20, 1939, disapproving application to rezone from Second Residential District to Commercial District, property located at the southeasterly corner of Greenwich and Steiner streets.

Privilege of the Floor.

Mr. William Klein, attorney, representing the Mendo Corporation, urged the appeal be granted and the decision of the City Planning Commission be disapproved.

Mr. Mark Jorgensen appeared for the City Planning Commission and explained the situation and the reasons prompting the Commission to deny the rezoning of the property in question.

Explanation of Vote.

Supervisor Colman, in explanation of his vote, stated that he had inspected the property sought to be rezoned and had found the position of the City Planning Commission to be well taken. There are, he stated, nonconforming uses of property in the vicinity, but, in his opinion, there was no need for additional commercial rezoning in the district and that the Commission should be sustained.

Refused Adoption.

Thereupon, the following resolution, presented by the Committee on Public Buildings, Lands and City Planning Commission, was *refused adoption* by the following vote:

Rezoning Southeasterly Corner Greenwich and Steiner Streets. (Series of 1939)

Resolution No. ....., as follows:

Resolved, That the decision of the City Planning Commission by its Resolution No. 1958 dated April 20, 1939, disapproving application to rezone from Second Residential District to Commercial District property located at the southeasterly corner of Greenwich and Steiner streets is hereby disapproved.

Refused adoption by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—7.

Noes—Supervisors Brown, Colman, McGowan—3.

Absent—Supervisor Ratto—1.

SPECIAL ORDER—2:30 P. M.

Endorsing Proposed Kings Canyon National Park and Recommending Bill Providing for Passage of Same Out for Passage by Congress. (Series of 1939)

Resolution No. ....., as follows:

Whereas, the Committee on Public Lands of the House of Representatives of the Seventy-sixth Congress has recently by a large majority approved Bill H. R. 3794 by Congressman Gearhart, establishing portions of Kings Canyon as a National Park and recommended the same out for passage by Congress; and

Whereas, this Board is informed that the record of the proceedings before this Public Lands Committee satisfactorily shows that it is the intention of the federal authorities to amply protect the users of water and power in the San Joaquin Valley; and

Whereas, the site of the proposed Kings Canyon National Park is one of natural beauty unrivaled anywhere else in the world, and its development as a National Park under the National Park Service will, through encouragement of tourist travel, be of great commercial advantage to all of California, including the San Francisco Bay region; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record as favoring the proposed park and the adoption by the Seventy-sixth Congress of H. R. 3794 now pending there.

Privilege of the Floor.

Mr. Robert L. Mann, Attorney, representing the Sierra Club; Mr. Arthur Scott, Attorney, representing the Civic League of Improvement Clubs; Mrs. Edwin Brown, representing the Golden Gate Branch of the American Penwomen; and Mrs. Edna Calhan all urged the adoption of the proposed resolution memorializing Congress to enact the Bill establishing portions of Kings Canyon as a National Park.

Mr. W. E. Stewart of the State Chamber of Commerce and Mr. Edward F. Wallace, representing Tulare County Farm Bureau and other organizations opposed the proposed legislation.

In Hands of the Board.

After all citizens had been heard, on motion by Supervisor Colman the *matter was taken into the hands of the Board.*

Explanations of Votes.

Supervisor Colman, in explanations of his vote, recited the history of the proposed measure before the Board, stating that he had first presented the matter to the Board and urged its approval, believing there to be no objection thereto. However, subsequent hearings demonstrated his first belief to be in error, and as the result of com-

mittee hearings and the hearing at Visalia, which he and Supervisor Brown attended, he was opposed to the adoption of the proposed resolution.

Supervisor Uhl announced that he had previously been opposed to the proposed resolution, but, having learned that the act in Congress had been amended to permit the construction of dams within the proposed park area, that vital objection of Tulare county had been met, and he intended to vote for the resolution.

Supervisor Brown, in explaining his vote, stated that at the hearing at Visalia many of the speakers were fearful regarding water rights in the event of the establishment of a national park in the district, and that there is a wide divergence of opinion in the San Joaquin Valley regarding this proposed national park. Whatever action San Francisco should take in the matter might engender ill will, but, he felt, San Francisco should take no action in the matter.

Privilege of the Floor.

On motion by Supervisor McSheehy, seconded by President Shannon, the privilege of the floor was granted to Mrs. Edwin Brown, who, it had been stated by one of the speakers, was a "paid lobbyist" working for the endorsement of this measure by the Board. Mrs. Brown, in explaining her status, stated that while she was employed by the National Park Service, for which employment she did receive a salary, she was appearing before the Board in behalf of her club, and without any compensation therefor.

Motion to Lay on the Table.

Supervisor Brown, seconded by Supervisor Colman, moved to lay the entire matter on the table.

Point of Order.

Supervisor McSheehy raised a point of order, that the *motion was out of order*, the same motion being made three weeks previously by the same Supervisor, and defeated at that time.

Supervisor Brown, in answer to Supervisor McSheehy, held there is nothing to prevent another motion to "lay on the table" at a subsequent meeting.

The chair decided the *point of order not well taken.*

Motion Carried.

Whereupon, the roll was called and the motion to "lay on the table" *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Roncovieri, Schmidt, Shannon—6.

Noes—Supervisors McSheehy, Mead, Meyer, Uhl—4.

Absent—Supervisor Ratto—1.

SPECIAL ORDER—3 P. M.

Consideration Postponed.

The following matter from Fire, Safety and Police Committee without recommendation was taken up and on motion by Supervisor Uhl consideration was *postponed to July* 3, 1939, *and made a Special Order of Business at* 2:30 *p. m.*

An Ordinance Providing for the Inspection and Regulation of Paint and Lacquer Spraying Shops.

(Series of 1939)

Bill No. ....., Ordinance No. ....., as follows:

Providing for the inspection and regulation of paint and lacquer spraying shops in the City and County of San Francisco; defining

certain terms used in this ordinance; authorizing the Chief of the Division of Fire Prevention and Investigation of the Fire Department of the City and County of San Francisco to adopt, promulgate, and enforce rules and regulations governing such inspection; providing for the issuance of permits by the Chief of the Division of Fire Prevention and Investigation, subject to the prior approval of the City Planning Commission, the Chief of the Department of Electricity, and the Director of Public Health, to conduct such paint and lacquer spraying shop; providing for the payment and collection of fees to defray the cost of such inspection; repealing conflicting ordinances; and providing penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. As used in this ordinance, the following words shall have the following respective meanings:

"Paint shop" shall mean a shop where the spraying of paint or lacquer materials is permanently established on the premises.

"Spray room" shall mean a room or booth or any division of a paint shop separated from the remainder of the paint shop by fire-resistant materials approved by the Division of Fire Prevention and Investigation.

"Storage room" shall mean any room or compartment in a paint shop wherein any paint or lacquer materials of a combustible nature are regularly stored or kept.

"Mixing bench" shall mean a bench or table in a paint shop whereupon paint or lacquer materials are mixed, combined or prepared for application.

"Paint and lacquer materials" shall mean all inflammable and combustible material used in the process of painting, spraying, finishing and refinishing.

"Person" shall mean any corporation, association, syndicate, joint stock company, partnership, club, Massachusetts business or common law trust, society or individual.

"Chief" shall mean the Chief of the Division of Fire Prevention and Investigation of the Fire Department of the City and County of San Francisco.

"City Planning Commission", "Department of Electricity", "Department of Public Health", and "Tax Collector". These terms shall apply respectively to the City and County of San Francisco.

Section 2. The Chief is hereby authorized to adopt, promulgate, and enforce such rules and regulations relative to paint shops as will enable the Division of Fire Prevention and Investigation to enforce and carry out the meaning and intent of this ordinance.

Section 3. (a) No paint shop shall hereafter, from the date of passage of this ordinance, be established in any building other than a Class "A", "B", "C" or mill-constructed building as defined by the building ordinances of the City and County of San Francisco. If hereafter established in a building of Class "C" *or mill construction*, the ceiling shall be of not less than three-quarters (¾) inch plaster on metal lath, and the floor shall be of cement at least two (2) inches thick, or other approved fire resistive material.

(b) No paint shop shall hereafter be established in any building which is used or occupied in whole or in part as a residence, dwelling, hotel, or apartment house, as defined by the California State Housing Act; or as a hospital, theater, or place of public assemblage. "Paint shop", as defined in this ordinance, shall not apply to any building or structure, or any portion thereof, in the course of construction, alteration or repair. *Provided, however, that nothing in this section contained shall prevent the owner or occupant of any hotel or apartment house from spraying furniture, under such regulations as may be provided by the Chief when said furniture is actually used in said hotel or apartment house.*

(c) No paint shop shall be established hereafter below the level of the ground floor of any building other than of Class "A" or "B" construction.

(d) All windows in paint shops hereafter established shall be of wire glass in metal frames and sash or wooden frame and sash covered with metal, except windows facing a street or public space. The glazing of skylights shall be as approved by the Division of Fire Prevention and Investigation.

(e) Every paint shop shall have the following accommodations conveniently located to the paint shop for employees: toilet, running water for drinking purposes, and general sanitary conditions that meet the requirements of the Department of Public Health.

(f) No spraying of paint or lacquer materials shall be conducted within a paint shop except in a spray room; provided, however, the Chief may at his discretion issue a written permit to the owner or operator of a paint shop to do minor spraying within said paint shop outside of said spray room. Said permit shall be revocable at the discretion of the Chief without the necessity of a public hearing.

(g) No open flame or spark-emitting device of any kind shall be permitted to be used in any storage room or spray room or paint shop, or in close proximity to any spraying operation. Only indirect heating systems, approved by the City and County of San Francisco, shall be used for heating purposes.

(h) Every spray room shall be equipped with fans capable of changing the air in such spray room every six (6) minutes. The number of fans, inlet and exhaust ducts required, and the location of same, shall be determined jointly by the Division of Fire Prevention and Investigation and the Department of Public Health.

(i) The construction and design of all fans and the installation of all electrical devices and appliances in paint shops and spray rooms shall be approved by the Department of Electricity.

(j) The spraying of paint or lacquer materials shall not be conducted unless the fan or fans are in operation; and said fan or fans shall continue to remain in operation until the conclusion of such spraying.

(k) The amount of paint or lacquer material stored or kept, and the manner of its storage in a spray room or storage room, shall be prescribed and approved by the Division of Fire Prevention and Investigation.

(l) A mixing bench shall be permitted in each spray room, provided that such bench shall have a working surface covered with sheet zinc or nonsparking or absorbing material. A limited amount of paint and lacquer material shall be permitted to remain on such bench for the purpose of mixing or the matching or color. Such bench shall be kept clean and free from accumulated drippings, waste paint, or lacquer. Tightly fitting metal covers shall be provided for all containers.

(m) Metal waste cans with self-closing covers shall be provided, not less than one (1) for each spray room, to accommodate rags and other waste.

(n) Signs containing the words "SMOKING STRICTLY PROHIBITED" in black letters not less than three (3) inches in height upon a white background shall be conspicuously displayed in storage and spray room.

(o) Each paint shop shall be equipped with fire extinguishers of such number and kind, and so located, as shall be determined by the Division of Fire Prevention and Investigation; but in no case shall there be less than two (2) of said fire extinguishers. At least one (1) barrel of clean dry sand containing a scoop, or at least four (4) metal buckets of clean dry sand, shall be kept on the premises at all times.

(p) Every sprayman or painter shall be provided with a mask

while spraying, which mask shall be of a type approved by the Department of Public Health.

Section 4. Every spray room and storage room shall be kept free from all unnecessary combustible materials. The use of sawdust for absorbing waste material or for cleaning of floors is strictly prohibited.

Section 5. Whenever any paint or lacquer material is to be strayed or applied to a motor vehicle, or parts thereof, the battery of said motor vehicle shall be disconnected and shall remain disconnected until such time as the room has been cleared of vapor.

Section 6. It shall be unlawful for any person to conduct, operate or maintain a paint shop as defined in this ordinance of the City and County of San Francisco without first obtaining a permit so to do as set forth in this ordinance.

Section 7. Every person desiring to establish, conduct, or operate a paint shop in the City and County of San Francisco shall make application for a permit so to do to the Division of Fire Prevention and Investigation on forms provided by the Division of Fire Prevention and Investigation, and shall pay to the Division of Fire Prevention and Investigation a fee of $..... in advance to cover the cost to the City and County of San Francisco of the necessary investigations provided for in this ordinance prior to the approval or disapproval of said application.

Any person engaged in the business of conducting or operating a paint shop in the City and County of San Francisco prior to the enforcement date of this ordinance, and who desires to continue the conducting or operation of said paint shop, shall make application for a permit so to do as hereinabove provided within thirty (30) days subsequent to the effective date of this ordinance and shall pay the fee as set forth above.

This fee shall be in addition to any and all fees required to be paid by any ordinance or ordinances of the City and County of San Francisco for the erection or alteration of any such paint shop or the installation of any equipment therein.

An application for a paint shop permit shall be acted upon within ten (10) days after the filing of such application and the fee collected shall be retained by the Division of Fire Prevention and Investigation whether the permit is granted or denied or the application is withdrawn.

Section 8. Upon receipt of said application provided for in the preceding section, the Chief shall cause to be investigated the facts as set forth in the application and the premises for which the permit is requested. The Chief shall cause to be forwarded copies of said application to the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity for investigation by their respective departments as to whether the ordinances, rules, and regulations of the City and County of San Francisco, pertaining to their departments, are complied with. The City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity shall after such investigation either approve or disapprove such application and return same within seven (7) days after receipt with such endorsement thereon to the Division of Fire Prevention and Investigation. If the application is disapproved the reason or reasons for such disapproval shall be stated.

In the event that the application for a paint shop permit is disapproved, the Chief shall give the reason for such disapproval. Upon receiving such written notice from the Chief, such person shall have the opportunity of correcting such conditions in and about the premises wherein the paint shop is located and the equipment used therein as have been decided hazardous. This work shall be completed within thirty (30) days after receipt of such written notice, and if said conditions have been corrected to the satisfaction of the departments involved said permit may be issued.

Section 9. The Chief may issue a permit to said applicant, subject to the above approval of the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity as above provided, which permit shall be serially numbered and shall expire on ..... of the current fiscal year; or, in the exercise of sound discretion, he may deny said permit.

The Chief shall cause to be forwarded to the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity written notice of his granting or denial of the permit.

Section 10. When any permit is issued under the provisions of this ordinance, the Chief shall cause said permit to be forwarded to the office of the Tax Collector for delivery to the permittee upon the payment of an annual license fee of $..... in advance to defray the cost to the City and County of San Francisco of the necessary inspection and regulation as provided for in this ordinance.

The Tax Collector shall issue a license for each paint shop for which the fee was paid, showing thereon: (a) Name and address of the permittee. (b) Address of the paint shop. (c) Number of the permit. (d) Expiration date of the license, which date shall be the expiration date of the permit.

Any person establishing, conducting or operating a paint shop subsequent to ..... of any year shall pay one-half of the annual fee provided for that fiscal year.

Section 11. The permit and license herein provided shall not be transferable. If the paint shop is discontinued no refund shall be made.

Section 12. Application for renewal of a permit shall be made in the same manner as provided for the original application for a permit, and shall be made within thirty (30) days prior to the expiration of the current permit and shall be accompanied by a fee of $....., which fee shall be retained by the Division of Fire Prevention and Investigation whether the permit is granted or denied or the application is withdrawn. The same procedure as set forth in Section 8 of this ordinance shall be followed.

Section 13. After written notice to the permittee and after due and proper hearing the Chief shall have the power to revoke or suspend any permit issued under the provisions of this ordinance for violation by the permittee, or by any of the permittee's servants, agents, or employees, or any of the provisions of this ordinance, or when the Chief shall determine that the permittee in the use thereof is violating or attempting to violate any ordinance, rule or regulation of the City and County of San Francisco or any department thereof; or if in the opinion of the Chief it is deemed necessary for the protection of the public.

The Chief shall cause to be forwarded to the Tax Collector, the City Planning Commission, the Director of Public Health, and the Chief of the Department of Electricity written notice of any revocation, suspension, or reinstatement of any permit herein provided for.

Section 14. Every permit and license issued under the provisions of this ordinance shall be plainly posted in a conspicuous place for the public to see, on the premises for which the permit and license was issued.

Section 15. It shall be the duty of the Chief to ascertain that all of the provisions of this ordinance and any ordinances, rules or regulations of the City and County of San Francisco or any department thereof pertaining to paint shops and the equipment used therein are strictly complied with, and for that purpose the inspectors or representatives of the Division of Fire Prevention and Inspection, the Department of Public Health, and the Department of Electricity shall have access to any paint shop at any reasonable hour.

Section 16. Every person paying the fees provided for in this ordinance shall be exempt from the provisions of Ordinance No. 5132

(N. S.), Section 75, in so far as paint spraying shops are concerned, any and all ordinances, or parts thereof, in conflict with the provisions of this ordinance are hereby repealed but only to such extent as conflict may exist.

SPECIAL ORDER—3:30 P. M.

The following matter, presented without recommendation by the Finance Committee, was taken up:

Resolution Determining to Eliminate Unsafe or Insanitary Dwelling Units in the City and County of San Francisco, Approving the Form of a Contract with the Housing Authority of the City and County of San Francisco with Respect Thereto and Authorizing the Execution Thereof.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, pursuant to Resolution No. 4051 of this Board, the City and County of San Francisco (herein called "the City and County") entered into an agreement with the Housing Authority of the City and County of San Francisco (herein called "the Authority"), dated the 20th day of July, 1938, wherein the City and County agreed to eliminate in the manner therein provided, unsafe or insanitary dwelling units of a number at least equal to the number of new dwelling units to be provided in Holly Park-Potrero Projects Cal. 1-1, Cal. 1-2 and Cal. 1-7, therein referred to as "the Project," but in no event to exceed 660 unsafe or insanitary dwelling units; and

Whereas, the Authority proposes to develop and administer further low-rent housing projects (herein called "the Projects") within the territorial limits of the City and County of San Francisco, including in the aggregate approximately three thousand (3000) dwelling units; and

Whereas, in connection with the development of the projects, the Authority desires to eliminate unsafe and insanitary dwelling units situated within the territorial limits of the City and County substantially equal in number to the number of new dwelling units to be constructed by the Authority; and

Whereas, the Authority has requested the City and County to cooperate with it and assist in the elimination of such unsafe and insanitary dwelling units;

Now, Therefore, Be It Resolved:

1. That the City and County hereby determines that for the purpose of aiding said Authority in its efforts to eliminate unsafe or insanitary dwelling units in the City and County, the City and County shall cooperate with the Authority by eliminating unsafe or insanitary dwelling units within the territorial limits of the City and County at least equal to the number of newly constructed dwelling units to be provided by the Projects (less the number of unsafe or insanitary dwelling units to be eliminated from the site or sites of the Projects by the Authority during the development of the Projects), but in no event to exceed three thousand (3000) unsafe or insanitary dwelling units.

2. That the City and County shall enter into a contract with the Authority substantially in the following form: AGREEMENT BETWEEN THE CITY AND COUNTY OF SAN FRANCISCO AND THE HOUSING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO.

In consideration of the mutual promises of the City and County of San Francisco (herein called "the City and County"), the Housing Authority of the City and County of San Francisco (herein called "the Authority") hereinafter set forth, the City and County and the Authority agree as follows:

1. The City and County agrees to eliminate unsafe or insanitary dwelling units of a number at least equal to the number of new dwelling units to be provided in the low-rent housing projects (herein collectively called the "Projects," which term is more specifically defined in paragraph 12) to be undertaken by the Authority (less the number, if any, of unsafe or insanitary dwelling units to be eliminated from the site or sites of the Projects by the Authority during the development of the Projects), but in no event to exceed three thousand (3000) unsafe or insanitary dwelling units.

2. The City and County agrees to eliminate such unsafe or insanitary dwelling units within the territorial limits of the City and County.

3. The City and County agrees to eliminate such unsafe or insanitary dwelling units in one or the other of the following ways, or partly in one of these ways and partly in another:

(a) By demolishing dwelling units which are on land acquired by the City and County by purchase or otherwise, including demolition of such dwelling units on land purchased for any public uses; or

(b) By causing the compulsory demolition, effective closing, repair or improvement of such unsafe and insanitary dwelling units; or

(c) By inducing private owners voluntarily to eliminate such dwelling units.

4. In computing the number of unsafe or insanitary dwelling units eliminated under the terms of this agreement, there shall be included all unsafe or insanitary dwelling units eliminated under this agreement from the date hereof and those unsafe or insanitary dwelling units eliminated from and after July 20, 1938, in anticipation of the execution of this agreement, exclusive of those unsafe or insanitary dwelling units which have been and are being eliminated in connection with the development of the Holly Park and the Potrero Projects in pursuance of the provisions of the Equivalent Elimination Agreement between the City and County and the Authority, dated the 20th day of July, 1938.

5. In computing the number of unsafe or insanitary dwelling units eliminated under the terms of this agreement, the remedying of violations of local building codes or ordinances by compulsory action of the City and County, in so far as it results in the elimination of unsafe or insanitary dwelling units, shall be considered as elimination. The voluntary remedying of such violations shall not be considered as elimination.

6. For the purpose of this agreement a dwelling unit shall be considered unsafe or insanitary whenever by reason of dilapidation, faulty arrangement or design, lack of ventilation, light or sanitation facilities, or any combination of these factors, it is detrimental to safety, health or morals.

7. The Authority agrees:

(a) To advise the officers in charge of appropriate departments of the City and County of the existence of any unsafe or insanitary dwelling units in the City and County, which the Authority finds as a result of its surveys or studies;

(b) To make reports to the City and County, from time to time, regarding such matters; and

(c) To cooperate with the City and County in securing the elimination of unsafe or insanitary dwelling units required hereunder.

8. The City and County agrees to cause its officers in charge of appropriate departments to make reports to the Authority from time to time regarding:

(a) The action taken by the City and County in the elimination or repair of unsafe or insanitary dwelling units hereunder;

(b) The dates of such action;

(c) The location of such dwelling units; and

(d) The condition of such dwelling units which made them unsafe or insanitary.

9. The Authority and the City and County agree that the elimina-

tion undertaken and required hereunder shall be considered as a part of the Projects.

10. The City and County agrees to complete the elimination of unsafe and insanitary dwelling units required hereunder at such a rate that, in connection with each Project, a number at least equal to the number of new dwelling units constructed in each Project shall be eliminated within one (1) year from the date of the physical completion of that Project.

11. The Authority agrees that it will use its best efforts to develop the Projects as rapidly as possible, to operate and maintain such Projects for families of low income, and to keep the City and County fully informed as to the status of the Projects.

12. The term "Projects" as used in this agreement shall mean any low-rent housing projects now or hereafter undertaken within the City and County by the Authority with respect to which a contract or contracts to obtain Federal annual contributions have been made, or will be made with the United States Housing Authority. The term "Project" shall mean any one of such Projects which is to be aided under a separate Annual Contributions Contract between the Authority and the United States Housing Authority relating solely to annual contributions on that particular project.

In witness whereof, the City and County of San Francisco, California, and the Housing Authority of the City and County of San Francisco have, respectively, caused this agreement to be duly executed, in triplicate, as of the.....day of....., 1939.

CITY AND COUNTY OF SAN FRANCISCO,

By.....
Mayor.

By.....
Clerk of the Board of Supervisors.

Attest:

.....
Clerk of the Board of Supervisors.

HOUSING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO,

By.....
Chairman.

Attest:

.....
Secretary.

3. That the Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute, in quadruplicate, a contract substantially in the form set forth in Section 2 hereof on behalf of the City and County.

4. This resolution shall take effect immediately.

Approved as to Form:

.....
City Attorney.

Re-reference to Committee.

Supervisor Roncovieri requested re-reference of the foregoing resolution to Finance Committee, stating that he had many questions for which he would like answers. He strongly urged every member of the Board to read the Act itself, providing for low cost housing, and to read the remarks thereon by Mr. Nathan Strauss. Supervisor Ron-

covieri stated that while he, and no doubt all the members of the Board were in favor of low cost housing, the objection underlying slum clearance and the removal of sub-standard dwellings has a noble and humanitarian purpose. All the Supervisors favor the principle of improving the lot of our under-privileged citizens who are living under slum conditions. Slum clearance must proceed, as fast as the cancer of slum areas and sub-standard dwellings can be destroyed and replaced by modern, safe and sanitary structures. Slum clearance must continue apace until the entire fifteen million dollars of Federal grant shall be exhausted. To build new structures on vacant lands, and permit the slum areas to continue to exist, would be, in his opinion, a damnable shame. Such a policy would not benefit the underprivileged for whom the Housing Act was passed by Congress. Clear out these cancerous areas and build upon them modern, up-to-date, sanitary dwellings before permitting new buildings to be erected on vacant lands which are susceptible of high class development. He was more concerned, Supervisor Roncovieri continued, with the policy of erecting new buildings upon areas that have been cleared of the old unsanitary slum dwellings than he was in seeing these new dwellings erected on vacant sites far removed from the slum areas. If the policy of erecting new buildings on vacant sites is pursued we will still have the slum conditions remaining and all the evils of these slum conditions will continue unabated.

Motion.

Thereupon, Supervisor Roncovieri moved that the entire matter be re-referred to the Finance Committee.

Motion *failed for lack of a second.*

Committee of the Whole.

On motion by Supervisor Colman, the Board resolved itself into a Committee of the Whole, President Shannon presiding as Chairman.

Amendments Offered.

Supervisor Brown expressed objection to the matter as presented, and presented a series of amendments, as follows, which would remove his objections. Thereupon, he moved, seconded by Supervisor Uhl, that the following amendments be approved:

1st. In the second "Whereas," 2d line, to strike out the words "projects (herein called 'the Projects')" and to substitute in lieu thereof the words "project (to be known as the McLaren Park Project)" and in the 4th line, to strike out the figures in parentheses "(3000)" and to substitute therefor the figures in parentheses, as follows, "(750)", making that "Whereas" read as follows:

Whereas, the Authority proposes to develop and administer further low-rent housing project (to be known as the McLaren Park Project) within the territorial limits of the City and County of San Francisco, including in the aggregate approximately seven hundred and fifty (750) dwelling units; and

2. In the third "Whereas," first line, strike out the word "the" appearing just before the word "projects," and substitute therefor the word "these." Also, to make the same change throughout the entire resolution, wherever the same combination (the projects) of words appear. The third "Whereas" would then read as follows:

Whereas, in connection with the development of these projects, the Authority desires to eliminate unsafe and insanitary dwelling units situated within the territorial limits of the City and County substantially equal in number to the number of new dwelling units to be constructed by the Authority; and

3d. In section 1 of the "Resolve" in the 7th, 8th and 9th lines, where the words "the Projects" appear, strike out the word "the" and substitute therefor the word "these." Also, in the 10th line, strike

out the figures "3000" and insert therefor the figures "1410." The paragraph will then read as follows:

1. That the City and County hereby determines that for the purpose of aiding said Authority in its efforts to eliminate unsafe or insanitary dwelling units in the City and County, the City and County shall cooperate with the Authority by eliminating unsafe or insanitary dwelling units within the territorial limits of the City and County at least equal to the number of newly constructed dwelling units to be provided by these Projects (less the number of unsafe or insanitary dwelling units to be eliminated from the site or sites of these Projects by the Authority during the development of these Projects), but in no event to exceed one thousand four hundred and ten (1410) unsafe or insanitary dwelling units.

4th. In Section 1 of the "Agreement," in lines 7 and 8, in the words "the Projects" strike out the word "the" and substitute therefor the word "these." Also, in line 9, strike out the figures "3000" and substitute therefor, the figures "750," making that paragraph read as follows:

1. The City and County agrees to eliminate unsafe or insanitary dwelling units of a number at least equal to the number of new dwelling units to be provided in the low-rent housing projects (herein collectively called the "Projects," which term is more specifically defined in paragraph 12) to be undertaken by the Authority (less the number if any, of unsafe or insanitary dwelling units to be eliminated from the site or sites of these Projects by the Authority during the development of these Projects), but in no event to exceed one thousand four hundred and ten (1410) unsafe or insanitary dwelling units.

5th. In paragraph (6) of Section 3 of the "Agreement" in first line, insert the word "or" before the word "effective," making that paragraph read as follows:

(b) By causing the compulsory demolition, or effective closing, repair or improvement of such unsafe and insanitary dwelling units; or

6th. In paragraph (c) of section 3 of the "Agreement" strike out the word "eliminate" and substitute therefor, the word "demolish," making that paragraph read as follows:

(c) By inducing private owners voluntarily to demolish such dwelling units.

7th. In section 11 of the "Agreement," lines 2 and 4, strike out the word "the" appearing in the combination of words "the Projects," and substitute therefor, in each case, the word "these," making that section read as follows:

11. The Authority agrees that it will use its best efforts to develop these Projects as rapidly as possible, to operate and maintain such Projects for families of low income, and to keep the City and County fully informed as to the status of these Projects.

8th. In section 12 of the "Agreement," strike out the entire first sentence and substitute therefor the following: "The term 'Projects' as used in this agreement shall mean the Holly Park-Potrero Projects, California 1-1, California 1-2, California 1-7, and the McLaren Park Project. Section 12 will then read as follows:

Section 12. The term "Projects" as used in this agreement shall mean the Holly Park-Potrero Projects, California 1-1, California 1-2, California 1-7, and the McLaren Park Project. The term "Project" shall mean any one of such Projects which is to be aided under a separate Annual Contributions Contract between the Authority and the United States Housing Authority relating solely to annual contributions on that particular Project.

Privilege of the Floor.

Mr. Morse Erskine, Attorney, representing the San Francisco Housing Association; Mrs. DeVoto, representing the San Francisco Center.

League of Women Voters; Mr. A. C. Nelson, of the Carpenters' Union; Mrs. Audrienny Laurier Stroman, representing the San Francisco Housing Council; Rev. Lloyd R. Kerrick, President of Protestant Church Federation; Mr. Paul G. Pinsky, representing the Federation of Architects for Low Cost Housing; Mr. Daniel Del Carlo; Mr. A. Watchman, representing Labor and the local Authority; Mr. W. P. Shields, representing Labor Unions Unemployed Council and Labor's Non-Partisan League; Miss Alice Griffith, member of the local agency of the Housing Authority; Mr. William O'Brien, Attorney for the Authority; and Mr. Albert Evers, Secretary of the Authority, addressed the Board, opposing the proposed amendments and urging favorable action by the Board on the resolution as presented, authorizing the execution of the proposed elimination agreement.

Mr. George T. Baker, representing Citizens' Voters Unity Council; Mr. R. J. O'Rourke, President San Francisco Property Owners League; Mr. M. J. Kelly, representing Central Council of Improvement Clubs; Mr. A. T. McGinty, resident and taxpayer, and member of the Divisadero Improvement Club; and Mr. Arthur H. Conley, representing himself as taxpayer, opposed the adoption of the resolution as presented.

Committee of the Whole Arises.

Supervisor Colman moved that the Committee of the Whole arise and report to the Board.

No objection and so ordered.

Amendments to Be Considered as a Whole.

Supervisor Brown moved that the amendments offered by him be considered as a unit, unless some one wished them to be taken up seriatim.

No objection.

Discussion.

Supervisor Colman opposed the proposed amendments and presented arguments in favor of the resolution as presented, stating that substandard dwellings do exist and every member of the Board knows their locations. Dr. Geiger recognizes that there are dwellings in which the danger of sickness and disease is very great. The Chief of Police recognizes that there are such dwellings in which a large percentage of crime breeds due to crowding and lack of proper facilities. A large proportion of probationary cases come from these places. It is impossible for private capital to build dwellings for the extremely low income group, and the only way it can be done is by Federal subsidy. We have accepted federal money for the housing of our swimmers at the Aquatic Park, for art at the De Young Memorial Museum and for animals at Fleishhacker Zoo, and now the Federal government proposes to spend money to house human beings. If the Board favors this proposal there is only one way to do it, and that is by voting in favor of it. Supervisor Colman continued his remarks by stating that the Board was not voting on the various details of the details of the low cost housing program, but on the bigger basic question itself. He disagreed, also, with the thought advanced during the discussions by some of the speakers and members of the Board that the establishment of low cost housing projects would depreciate surrounding property, but would, on the other hand, help to stabilize real estate values. The cost to San Francisco, in tax exemption or otherwise, would be extremely low for the benefits to be derived, and when business cannot deal with the situation and cure the evil, and the Federal government comes through with a generous humanitarian proposition like this, it would be a crime not to accept it. Supervisor Colman concluded his remarks with the following quotation from the writings of Charles Dickens, presented in a speech by Mr. Nathan

Strauss, on June 2, 1939: "It behooves every journalist at this time to warn his readers, whatsoever be their ranks and conditions, that unless they set themselves in earnest to improve the towns in which they live and to improve the dwellings of the poor they are guilty, before God, of wholesale murder."

Supervisor Uhl expressed agreement with the principle of low cost housing for the under-privileged, and was in full accord with the demolishing of some of the places in Hayes Valley. He was also in favor of the proposed Cogswell Project. There are many places also near 16th and Mission streets, South Van Ness avenue, Harrison street, etc., where projects could be built, but instead of such places it is contemplated in going into places where there are no homes, citing for example, Calvary Cemetery, and stated he could not go along with such proposals.

Supervisor McSheehy expressed opposition to the proposed amendments.

Supervisor Schmidt favored the proposed amendments. He was in favor of the principle of low cost housing. He had no objection to the Holly Park-Potrero Projects nor to the McLaren Park Project nor to Hayes Valley, but was opposed to Calvary Cemetery as a building site for Low Cost Housing.

Supervisor Roncovieri, in stating his views, expressed agreement with Dr. Schmidt and Supervisor Uhl, regarding proper housing for the under-privileged. Of course, he wanted proper housing. However, if he could see an improvement in the proposed resolution that will benefit the underprivileged housing, he would vote for it.

In reply to questions by Supervisor Roncovieri as to the need for approval of the entire program now, much of which had not been definitely worked out, Mr. Evers explained that the local agency had to set up its program in order to show that it could use the money to be allocated, otherwise there would be danger that the money would be given to some other community. Mr. Langdon Post, of the United States Housing Authority confirmed the statement made by Mr. Evers.

Supervisor Roncovieri, continuing, stated he had done his best to have the members of the Board see the matter in the same light as did he; that the Board should consider, from time to time, a series of resolutions, one after another, as fast as the Housing Authority could come to the Board. He pledged himself to vote progressively for each authority as the Board presented it.

Supervisor Brown, in closing, urged the Board to adopt a course of moderation, pointing out that he was not asking that the program be discontinued. He did feel, though, very definitely, that the Board was going too far in giving carte blanche authority to eliminate 3000 units without knowing more about each project contemplated. His amendments would not interfere with any of the objectives as stated by the representatives of the Housing Authority.

Amendments Defeated.

Thereupon, the roll was called and the proposed amendments were *defeated* by the following vote:

Ayes—Supervisors Brown, Roncovieri, Schmidt, Uhl—4.

Noes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Uhl —6.

Absent—Supervisor Ratto—1.

Explanations of Vote on Resolution.

Supervisor Brown, in explanation of his vote on the proposed resolution, stated that he was not opposed to partial carrying out of the program of the Housing Authority. However, he did believe that the

Board should have adopted the proposed amendments and thus given moderation to the program. He could see no justification for the blanket authority for the elimination of 3000 units at this time, and would, therefore, vote against the resolution.

Supervisor Schmidt stated that he was in favor of low cost housing but he wanted it to be taken by degrees.

Supervisor Uhl explained his vote by saying he was absolutely for the low cost housing, provided there would be demolition of substandard dwellings and cleaning up of various districts. For that reason he intended to vote "No" on the resolution.

Supervisor Roncovieri stated he had voted for the amendments because he thought it the better way to carry out the low cost housing program. However, he would not vote against the proposal to provide for the under-privileged people. Although the amendments had lost, the purposes underlying the low cost housing, he felt, must prevail and differences of opinion as to details and methods should not prevent the Board from adopting the resolution as presented. He would, therefore, in the higher interest and welfare of San Francisco's underprivileged people, vote so that the program might progress apace.

Adopted.

Thereupon, the resolution, as presented, was *adopted* by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Shannon—7.
Noes—Supervisors Brown, Schmidt, Uhl—3.
Absent—Supervisor Ratto—1.

Amending Annual Salary Ordinance to Provide for Use of Short Title Upon Any Ordinance Amendatory Thereof.

(Series of 1939)

Also, Bill No. 202, Ordinance No. ....., as follows:

Amending Ordinance No. 186 (Series of 1939), entitled "An Ordinance Enumerating All Positions Continued and/or Created by the Board of Supervisors in Adopting the Annual Budget and Appropriation Ordinance for the Fiscal Year Ending June 30, 1940; Continuing, and/or Creating and/or Establishing These Positions; Enumerating and Including Therein All Positions Created by Charter or State Law for Which Salaries Are Appropriated in the Said Annual Appropriation Ordinance; Specifying and Fixing the Compensation of Incumbents Therein, and Providing for Maximum Compensation of Persons Appointed to Positions Herein Enumerated Which May Become Vacant During the Fiscal Year;" by adding a new paragraph to Section 1

thereof to provide for the use of a short title upon any ordinance amendatory thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Ordinance No. 186 (Series of 1939) the title of which is recited above is hereby amended to read as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1940. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established; provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated, but no appointment to such temporary or seasonal position shall be made until the Controller shall certify that funds are available and the Mayor shall approve, and no such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor or the Controller, the Civil Service Commission may investigate and report on the necessity for such temporary or seasonal services.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position herein established and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation, and the Mayor shall approve.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1939-40 in the class title or number of classification of the duties of a position herein enumerated shall be reported within thirty days by the Civil Service Commission to the Mayor, the Board of Supervisors, the Controller, and the head of the department concerned, in order that the Board of Supervisors may amend the Salary Ordinance to conform to the changes made by the Civil Service Commission.

In the amendment of this ordinance it shall be sufficient in the title of the amendatory ordinance to refer to this ordinance as the "Annual Salary Ordinance."

Approved as to form by the City Attorney.

Procedure for Leasing Land and Improvements, City and County of San Francisco, Lessee.

(Series of 1939)

Also, Bill No. 203, Ordinance No. ....., as follows:

Procedure for leasing land and improvements, City and County of San Francisco, lessee.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Each department of the City and County of San Francisco authorized by the approval of bond issues or by annual or supplemental appropriation ordinances to lease land and improvements needed for the purpose of such department shall make such leases

through the Director of Property, except as otherwise specifically provided by the Charter. The Director of Property is the head of the Real Estate Department.

Section 2. Where the rental value of such property is $50 or less per month, the Director of Property may execute written month-to-month leases in behalf of the City and County of San Francisco, a municipal corporation, as lessee, subject, however, to the written approval of the City Attorney and the head of the department concerned. The Director of Property shall determine the rental value of such property. Such month-to-month leases shall remain in force until the property is vacated by the City or until revoked. The department concerned shall give written notice to the Director of Property when such month-to-month leases shall be revoked by the City.

Section 3. Except as otherwise specifically provided by the Charter, all other leases of land and improvements entered into by the City and County of San Francisco, a municipal corporation, as lessee, shall be executed by the Mayor and the Clerk of the Board of Supervisors, pursuant to resolutions hereafter adopted by the Board of Supervisors. Before adoption, such resolutions must be approved by the Director of Property, the City Attorney and the head of the department concerned.

Section 4. The Real Estate Department shall be entitled to payment of expenses in connection with negotiating leases and incidental work performed under the provisions of this ordinance. The department concerned shall pay the Real Estate Department for such expenses by interdepartmental work order or other means.

Bill No. 208, Ordinance No. ....., as follows,

An ordinance adding Section 270 to Article 3, Chapter VIII, Part II of the San Francisco Municipal Code, giving definitions concerning bucket shops.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 270 is hereby added to Article 3, Chapter VIII, Part II of the San Francisco Municipal Code, to read as follows:

SEC. 270. **Definitions in Connection With Bucket Shops.** The following words and phrases used in Sections 271 and 272, Article 3, Chapter VIII, Part II of the San Francisco Municipal Code shall unless a different meaning is plainly required by the context, have the following meanings:

"Person" shall mean an individual, corporation, partnership or association, whether acting in his, its or their own right or as the officer, agent, servant, employee, correspondent or representative of another.

"Contract" shall mean any agreement, trade, contract or transaction.

"Securities" shall mean all evidences of debt or property and options for the purchase or sale thereof, shares in any corporation or association, bonds, coupons, scrip, rights, choses in action, and other evidences of debt or property and options for the purchase or sale thereof.

"Commodities" shall mean anything movable that is bought and sold.

"Bucket Shop" shall mean any room, office, store, building or other place where any contract is made or offered to be made.

"Keeper" shall mean any person owning, keeping, managing, operating or promoting a bucket shop, or assisting to keep, manage, operate or promote a bucket shop.

"Bucketing" or "Bucket Shopping" shall mean (a) The making of or offering to make any contract respecting the purchase or sale of any securities or commodities, wherein both parties thereto intend, or such keeper intends, that such contract shall be, or may be, terminated, closed or settled according to or upon the basis of the public market quotations of prices made on any board of trade or exchange upon which said securities or commodities are dealt in and without a bona fide purchase or sale of the same; or (b) the making of or offering to make any contract respecting the purchase or sale of any securities or commodities, wherein both parties thereto intend, or such keeper intends, that such contract shall be, or may be, deemed terminated, closed or settled when such public market quotations of prices for the securities or commodities named in such contract shall reach a certain figure without a bona fide purchase or sale of the same; or (c) the making of or offering to make any contract respecting the purchase or sale of any securities or commodities, wherein both parties thereto do not intend, or such keeper does not intend, the actual or bona fide receipt or delivery of such securities or commodities, but do intend, or such keeper does intend, a settlement of such contract based upon the differences in such public market quotations of prices at which said securities or commodities are or are asserted to be bought and sold.

Consideration Postponed.

Consideration of the following recommendation of the Judiciary Committee was *postponed for one week*:

An Ordinance Amending Sections 4 and 5 of Ordinance No. 1528 (New Series), Relating to Bucket Shops, Restating Penalty Clause.

(Series of 1939)

Bill No. 209, Ordinance No. ....., as follows:

An Ordinance amending Sections 4 and 5 of Ordinance No. 1528 (New Series), approved April 14, 1911, restating penalty clause.

Whereas, in repealing Sections 1, 2 and 3 of Ordinance No. 1528 (New Series) by Bill No. 1 (Series of 1939), Ordinance No. 1 (Series of 1939), approved January 4, 1939, the penalty provisions set forth in said Section 2 should have been carried forward in Sections 4 and 5 of said Ordinance No. 1528 (New Series), which said Sections 4 and 5 now appear as Sections 271 and 272, Article 3, Chapter VIII, Part II, of the San Francisco Municipal Code, with the exact language of the penalty provisions of said Section 2 and not by reference, so as to conform to the language of said Code Sections 271 and 272, therefore

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 4 of Ordinance No. 1528 (New Series) is hereby amended to read as follows:

SEC. 4. **Visiting Bucket Shops, Etc., Prohibited—Penalty.** Any person who shall, within the City and County of San Francisco, enter or visit or be or remain in any room or premises or place used in whole or in part as a place for conducting or carrying on a bucket shop or bucketing or bucket shopping, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than One Hundred ($100.00) Dollars, nor more than Five Hundred ($500.00) Dollars, or by imprisonment in the County Jail for not less than thirty (30) days nor more than six (6) months.

Section 2. Section 5 of Ordinance No. 1528 (New Series) is hereby amended to read as follows:

SEC. 5. **Use of Premises, Etc., for Bucket Shops Prohibited—Penalty.** Any person who shall, within the City and County of San Francisco, knowingly permit any house, room, apartment, premises or place owned by him or under his charge or control, to be used in whole or in part as a place for conducting or carrying on a bucket shop or bucketing or bucket shopping, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than One Hundred ($100.00) Dollars nor more than Five Hundred ($500.00) Dollars, or by imprisonment in the County Jail for not less than thirty (30) days nor more than six (6) months.

Adopted.

The following recommendation of his Honor the Mayor was taken up:

Endorsing Continuation of Federal Theatre and Art Projects.

(Series of 1939)

Supervisors Mead and Meyer presented:

Resolution No. 360, as follows:

Whereas, the Federal Theatre and other Art Projects sponsored with Federal funds as subdivisions of the Works Progress Administration have been in existence since 1935, during which time they have contributed greatly to the cultural life of the community and have become an integral part thereof; and

Whereas, the Federal Theatre and other Art Projects have been and are the means of livelihood for many of our citizens; and

Whereas, the discontinuance of these programs at this time will create a serious relief problem involving many persons not qualified for other types of work, will eliminate a large payroll here in San Francisco, and will be reflected in a reduced sales field for our merchants; and

Whereas, the United States Senate Appropriations Committee tomorrow will have under consideration the relief appropriation bill for the coming fiscal year; now, therefore, be it

Resolved, That this Board of Supervisors go on record as favoring the continuation of the Federal Theatre and other Art Projects and their inclusion in the relief appropriation bill; and be it

Further Resolved, That the Clerk of this Board be and he is hereby directed to inform our Congressional representatives to that effect.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—10.

Extending Greetings to Mid-Summer Market Week of Western Furniture Exchange and Merchandise Mart, June 26, 1939.

(Series of 1939)

Resolution No. 361, as follows:

Whereas, the Western Furniture Exchange and Merchandise Mart will hold its Mid-Summer Market Week commencing June 26th and concluding on July 1st; and

Whereas, this event embodies six important gatherings in one, including in the following schedule every branch of home furnishings industry:

48th Western Furniture Market;
13th Western Floor Covering Opening;
10th Western Radio and Appliance Show;
Western Housewares, Lamp and Giftwares Show;
Western Curtain and Drapery Show;
Linens, Domestics and Bedding Market; and

Whereas, the 600 firms permanently housed in the Merchandise Mart are responsible for approximately $90,000,000 in annual sales throughout the West, thus rendering valuable aid to San Francisco by attracting nearly 5000 home furnishings dealers and buyers from all over the nation to participate in "Market Week"; now, therefore, be it

Resolved, That this Board of Supervisors, representing the people of the City and County of San Francisco, does hereby extend greetings to the visitors who will enjoy the benefits of this Mid-Summer Market Week and joins in paying tribute to the foresight and persistent efforts of those who pioneered this great institution, thus giving to San Francisco its remarkable and outstanding Merchandise Mart.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—10.

Amendment to Raker Act.

The following telegram from Congressmen Welch and Havenner, re proposed amendment to the Raker Act, was read by the Clerk:

June 19, 3:42 p. m.

Hon. David A. Barry, Clerk Board of Supervisors, City Hall.

With reference to Board of Supervisors' resolution memoralizing Congress to amend Raker Act, we respectfully suggest City Attorney be instructed to prepare exact amendment desired and that Board of Supervisors appoint committee to appear before Committee on Public Lands of House of Representatives which will have jurisdiction over such an amendment and assist in presenting the facts. If hearing is desired during this session of Congress immediate action will be necessary.

Franck R. Havenner, M.C.
Richard J. Welch, M.C.

Motion.

Following the reading of the above telegram, Supervisor Brown, seconded by Supervisor Colman, moved that the City Attorney be requested to prepare language for the desired amendment to Section 6 of the Raker Act, and that the Mayor be requested to appoint a committee, to include at least two members of the Board of Supervisors, to go to Washington as requested by Congressmen Welch and Havenner.

Amendment to Motion.

At the request of Supervisor McSheehy, and with the consent of Supervisors Brown and Colman, motion was amended to provide for the immediate instruction to the City Attorney to prepare the language for the proposed amendment and that the Board would meet on Thursday, June 22, at 10 a. m., to consider same.

No objection and *so ordered*.

At the suggestion of Supervisor Uhl, the Clerk was directed to notify Congressmen Welch and Havenner, by wire, of the action just taken.

Repeal of Parking Meter Ordinance.

Supervisor Uhl moved that the Board repeal the Parking Meter Ordinance, finally passed by the Board on August 10, 1936.

Motion *referred to Streets Committee*.

Communication From City Attorney O'Toole on Distribution of Gas and Electricity by the Pacific Gas and Electric Company for Cooking and Heating Purposes, and Recommending That Negotiations Be Commenced With the Company for Immediate Application for a Franchise and for the Payment of Back Compensation to the City.

Consideration of the following communication was postponed till Thursday, June 22, 1939.

San Francisco, California, June 19, 1939.

Honorable Board of Supervisors,
City Hall, San Francisco, California.

Gentlemen: In accordance with your instructions I have conferred (in fact I have had several conferences) with the representatives of the Pacific Gas and Electric Company in reference to the fact that said Company is distributing gas and electricity for other than lighting purposes without the proper municipal franchise therefor.

The result of the last discussion is set forth in the following memorandum to the conference. The memorandum was prepared by the Company and submitted to me and is hereto attached.

It is needless for me to state that I have not concurred in the claims of the Company for the following reasons:

1. We admit that the Company has the constitutional franchise to use the city streets for pipes and conduits for the supplying of gas light and other illuminating light. We contend, however, that there is a well-defined line of demarcation where the supplying of light ends and the supplying of either gas or electric power for other purposes commences, and that while the Company has the right to use the streets for the supplying of light, that such right does not carry with it the right to use said streets for supplying either heat or power, and, therefore, an additional franchise will have to be obtained by the Company for the distribution of gas and electricity for heating and power purposes.

2. The amount which the Company offers to pay is not entirely in accord with what it has been paying in other cities, and, therefore, the offer should not be accepted without further negotiation. In San Mateo the Company's franchise provides for the payment of one-half of one per cent on electricity and one per cent on gas. This is the minimum amount called for in the act.

In Oakland two per cent is paid on electricity, and nothing is paid on gas.

In San Jose one-half of one per cent is paid on electricity for the first fifteen years of the franchise and then the amount increases to one per cent. One per cent is paid on gas.

The San Jose and Oakland franchises seem to afford a greater revenue to the city than is offered in the memoranda submitted by the Company for San Francisco.

In previous discussions of this matter before your Board it seems to have been taken for granted that the 1937 Franchise Act provides for a minimum payment of two per cent of the gross annual receipts of the applicant for the franchise for the distribution of electricity. This is not conceded by the Company nor has it been allowed to any other city, with the exception of Oakland, and in that city nothing is paid for the privilege of distributing gas. I direct your attention to the language of the act, Section 2:

"That the applicant if granted a franchise will pay to such municipality two per cent of the gross annual receipts of applicant *arising for the operation or possession of the franchise.*"

In the case of *County of Tulare* v. *City of Dinuba*, 188 Cal. 654, the Supreme Court in construing similar language in the Broughton Act held that a county which has awarded to a corporation a franchise to use the county's highways for the transmission of electricity is not entitled to any portion of the corporation's gross receipts attributable to the use, occupation, operation or possession of power and private rights of way.

Therefore, it may be possible that the sum which we will receive for the distribution will be less than two per cent of gross receipts as has been the case in other cities.

To conclude, I would recommend to the Board that this whole matter be referred to proper committees and that such committee at once open negotiations with the Company for an immediate application of a franchise for the distribution of gas and power for purposes other than lighting, and for the payment of an adequate amount for compensation for the use of the streets for past years.

Yours very truly,

JNO. J. O'TOOLE, City Attorney.

Memorandum on Conference With John P. Coghlan and Thos. J. Straub of Pacific Gas and Electric Company on Company's Gas and Electric Franchises in San Francisco.

Company has constitutional franchises for using the city streets for laying down all pipes, conduits and connections necessary for supplying gas light and other illuminating light.

Company claims other rights and franchises and does not concede, but on the contrary denies, that its franchises are limited to the sale of gas and electricity for illuminating purposes only. It furthermore does not concede, but on the contrary denies, that its operations have involved or do now involve loss or damage to the City and County in any sum whatsoever.

The gas and electric systems—poles, wires, pipes, conduits, etc.—were installed in the streets under the constitutional franchises and the other rights and franchises claimed by Company. It is claimed by Company that the fact that the consumers have used the gas and electricity for all kinds of purposes has not caused any damage to the streets or loss to the City.

The City claims, however, that an additional or supplementary franchise is required to cover the service of supplying gas and electricity for heat, power, cooking and all other purposes except lighting.

From 1905 to 1937 all franchises, if granted under a general law, were granted under the so-called Broughton Act. This act provided for the payment of two per cent of the gross receipts arising from the use of the franchise.

In interpreting the Broughton Act, the Supreme Court in a case arising in Dinuba held that the two per cent should not be computed on the gross receipts from sales made within a given city, but on a portion of the gross receipts of the entire system, according to the investment and other charges outside as well as within the city. This results in payment of much less than two per cent of the gross receipts derived from sales within the City—in many cases only a fraction of one per cent.

In order to give the cities a simpler and more generous basis of payment the Legislature of 1937, at the instance of the League of Municipalities, passed a new and alternative franchise act known as the Franchise Act of 1937. This act authorizes the granting of what may be called supplementary franchises, that is, franchises to supplement the constitutional franchise. Although retaining the two per cent provisions of the Broughton Act, the new act to get around the Dinuba case provided that:

1. Where a supplementary electric franchise is granted to permit the consumers of a company to use its electricity for heat and power purposes, the payment to be made shall be a sum not less than one-half of one per cent of the gross annual receipts from all sales of electricity within the city; and

2. Where a similar gas franchise is granted the payment to be made shall be a sum not less than one per cent of the gross annual receipts derived from sales of gas within the city.

In 1938 according to reports submitted by Company, Company's gross receipts from electric service within the City and County of San Francisco were $15,769,006.69. Approximately 64 per cent of these receipts were derived from lighting service and 36 per cent from the sale of electric energy for heat and power. If Company were producing all the electricity consumed in the City and if the percentage were fixed in accordance with the Dinuba decision the sum that would be payable annually to the City and County for heat and power sales would be $6,122.38. If, however, the percentage were fixed as specified in the Franchise Act of 1937 (and if Company were producing all the electricity consumed in the City), the sum to be paid the City and County annually would be $78,845.03 (viz.: a sum equivalent to one-half of one per cent of the total gross annual electric revenue).

Gross receipts for gas service within the City and County in 1938, according to Company's reports, were $8,148,985.04. If the percentage were fixed according to the Dinuba decision the sum that would be payable to the City and County would be $30,055.23. If, however, the percentage were fixed as specified in the Franchise Act of 1937, that is, a sum equivalent to one per cent of the gross annual gas revenue, the sum so to be paid the City would be $81,489.85.

Some fifty municipalities in Northern California have granted fran-

chises to Company under the Franchise Act of 1937, including Alameda, Emeryville, Redwood City, Salinas, San Mateo, Santa Rosa and South San Francisco. All of these have been granted on the percentages fixed in the act. Each franchise provides that it shall remain in effect until voluntarily surrendered or until the state or the municipality "shall purchase by voluntary agreement, or shall condemn and take under the power of eminent domain, all property actually used and useful in the exercise of the franchise".

Franchise payments like taxes are an expense of operation and must necessarily be reflected in gas and electric rates. They go into Company's operating expenses and must be provided for through the rates which the consumers pay for the utility service rendered.

In this connection it was pointed out that Company's tax payments for the fiscal year 1938-1939 now drawing to a close, total $1,638,781.00. Of this sum $995,023.39 was paid on electric properties, $486,441.71 on gas properties, and the balance $157,315.90 on solvent credits and other property.

The Franchise Act of 1937 provides:

1. That any franchise granted thereunder shall not in any way or to any extent impair or affect the right of the City to acquire the property of Company or any part of it hereafter, either by purchase or eminent domain; and

2. That the franchise shall not be given any value before any court or other public authority in any proceeding of any character in excess of the cost of acquiring the same. (Such cost would include the amount bid and paid for the franchise when granted.)

Mr. Coghlan and Mr. Straub agreed to recommend to Company:

1. That (to avoid long litigation, expensive alike to the City and County, and to Company, and in harmony with the course which has been followed by Company in a number of other cities and towns) Company apply, if the City and County so desires, for supplementary franchises for both gas and electricity under the terms of the Franchise Act of 1937.

2. That Company consider the payment of a lump sum to the City and County upon the franchises coming into operation, regardless of any liability existing or thought to exist by reason of operations of Company to the time of the taking effect of such franchises for gas and electricity. Discussion and payment, if any is made, shall be without recognition, express or implied, of liability to make such a payment or any payment.

3. That Company ask for no specific term in the franchises, but accept them to run until the state or the City shall purchase the properties by voluntary agreement or condemn and take them over under the power of eminent domain.

Mr. Coghlan and Mr. Straub calculated the lump sum payment to be made for each of the franchises in the amount that would have been payable for the year 1938 if the franchise has been in effect at that time. In the case of the gas franchise lighting revenue was not separated from the revenue derived from the sale of gas for heat and power. On this basis the first annual payment for the gas franchise was estimated at $81,489.85. Payment of this amount for the franchise when granted, and a corresponding payment prior to April 30, 1940, for the calendar year 1939 will amount to approximately $162,979.70.

In the case of the electric franchise no specific amount was suggested because:

1. Company under the agency agreement is now distributing Hetch Hetchy energy for the account of the City and County. This service, it was claimed, would exclude from the percentage calculation, the gross receipts from consigned power. That is, Mr. Coghlan and Mr. Straub claimed the calculation should be made only upon Company's gross receipts from its own power. Specific figures were not available.

2. As the City and County employs Company as its agent to distribute Hetch Hetchy energy for all purposes (heat and power as well as lighting) there is a question as to whether this action by the City

is recognition by it of Company's right to use and occupy the streets for all purposes. Mr. Coghlan and Mr. Straub claim it is and that the City is foreclosed from making any claim for alleged losses or damages arising in the past.

Mr. Coghlan and Mr. Straub agreed to consider whether Company could without waiving any of its rights include the total gross receipts from the sale of Hetch Hetchy energy in San Francisco in calculating the annual percentages to be paid.

This matter and the question of the City's right to make a claim for alleged losses or damages arising in the past will be the subject of further discussion.

Funston Avenue Approach.

For record purposes, the following communication from the California Highway Commission, re financing the Funston Avenue Approach to the Golden Gate Bridge, together with the reply thereto, authorized to be sent to the Highway Commission at the meeting of the Board of Supervisors on June 12, 1939, is printed in the Journal of Proceedings.

CALIFORNIA HIGHWAY COMMISSION.
Byron N. Scott, Secretary,

P. O. Box 1499, Sacramento, California.

May 1, 1939.

Board of Supervisors, City and County of San Francisco,
San Francisco, California.

Gentlemen: Referring to the matter of the division of cost of the Funston Avenue Approach lying within the Presidio Military Reservation between the City and County of San Francisco and the State of California, as represented by this Commission, may we suggest the following basis for clarification of the situation for consideration by your Honorable Board:

The Commission to delete from the State Highway budget for the ensuing biennium the amount of $357,000, which was proposed to be taken from the quarter-cent State Highway allocation to the City and County of San Francisco.

In other words, the City and County of San Francisco will thus be placed in the position of having said sum of $357,000 used on other State highways located within its boundaries.

Furthermore, that the City and County of San Francisco shall not be called upon to contribute towards the construction of said Funston Avenue Approach any sum in addition to that of $550,000, which has already been charged to it.

In the event that the final cost of said approach shall be less than estimated, the City and County of San Francisco shall be charged with only one-third of the final cost and shall be credited with its one-third share of any savings that may be effected.

It is to be understood further that the P. W. A. grant to the State of California in connection with said approach is to be applied by the State entirely to its own two-thirds share of the cost of the project.

On its part the Commission will confirm an agreement negotiated between a former Commission and representatives of your City and County whereby the State will bear two-thirds of the cost of such project and the City and County of San Francisco will bear one-third of such cost, the latter's share, however, not to exceed the sum of $550,000 already charged to it.

In conclusion, may we advise that this Commission has carefully considered the arguments presented by the representatives of the City and County of San Francisco, as well as past agreements, minute entries and correspondence in our files relating to this subject, and hope that this offer will meet with your approval in order that we

may unite in doing everything possible to expedite the completion of this important project.

Very sincerely yours,

CALIFORNIA HIGHWAY COMMISSION.
By (Signed): Byron N. Scott.
BYRON N. SCOTT, Secretary.

Draft of Letter Authorized to Be Sent by Board of Supervisors to State Highway Commission.

San Francisco, Calif., June ——, 1939.

California Highway Commission Sacramento, Calif.

Attention: Mr. Byron N. Scott, Secretary.

Gentlemen: Referring to your letter of May 1 to the Board of Supervisors, in which you suggest a basis for the division of cost of the Funston Avenue Approach lying within the Presidio Military Reservation between the City and County of San Francisco and the State of California:

The charge proposed to be made by you to the ¼c gas tax funds for highways within the City and County of San Francisco for the construction of the Funston Avenue Approach is not acceptable to the City. The amount is in accord with neither the spirit nor the letter of the agreement between the City and the Department—executed by the City on the 26th day of March, 1938, and by the Department on the 1st day of April, 1938; and, in our opinion, exceeds the sum that you may legally charge.

The Presidio Military Reservation is not a part of the City and County of San Francisco. This has been determined by the Supreme Court of the United States. None of the funds accruing to the ¼c. gas tax, which is reserved for the construction and maintenance of State Highways within the City and County of San Francisco, may be expended for the construction of highways outside of the City unless the City requests such expenditure.

By the agreement just above mentioned the City did agree with the Highway Commission and the State Department of Public Works to permit the charging of a certain proportion of the cost of the construction of the Funston Avenue Approach through the Presidio to San Francisco's ¼c. gas tax fund. This agreement estimated the cost of the Funston Avenue Approach as $1,650,000, and, of this estimated cost, tentatively allotted $550,000 to the San Francisco ¼c. Highway Fund, and $1,100,000 by the State out of Highway Funds; and specifically stated that "should the final cost of Project 21" (the Funston Avenue Approach) "including preliminary engineering, construction, engineering and inspection be increased or decreased from the total amount shown in Article I hereof, such increase or decrease in cost shall be divided between the State and the City in the proportion of 2/3 to the State and 1/3 to the City."

Subsequent to the execution of the above-mentioned agreement between the City and the State Department of Public Works—namely, on July 12, 1938, an application was made to P. W. A. for a grant to aid in the construction of the Funston Avenue Approach, and on August 13, 1938, the P. W. A. offered to aid in this specific construction by making a grant in the amount of 45 per cent of the cost of the project not to exceed $805,095.

Such grant will, when received, reduce the cost of this project to the State by 45 per cent of its total cost up to a maximum amount of $805,095.

Under the agreement between the Department and the City, any increase or decrease in the final cost of the project is to be divided between the Department and the City in the proportion of 2/3 to the Department and 1/3 to the City.

The only charges that may be made to San Francisco's ¼c. gas tax fund for the construction of the Funston Avenue Approach are those requested by the City in the above-mentioned agreement. Since the P. W. A. grant was made for the specific purpose of reducing the cost of the Funston Avenue Approach, it is clear that any charges to the City's ¼c. gas tax fund in excess of 1/3 of the net cost to the State for the construction of this project would not be in accordance with the above-mentioned agreement, and would therefore be illegal.

The agreement between the Department and the City further provides that "within sixty days after the completion of the work on Projects 21 and 24, as set forth in Article I hereof, the Department will file with the City a final report of expenditures paid for each project."

We wish to advise you, therefore, that if, and when such report shall have been made by the Department, it shows charges against San Francisco's ¼c. gas tax fund greater than consented to by the City, we intend instructing our City Attorney to take such action as may be necessary to reduce such charges to the amount that may be legally made.

In reply to request made by Supervisor McGowan that Mr. Cahill come to the Board to answer questions regarding a requested bus line along the Great Highway, from Fleishhacker's Playfield to the Cliff House, the following communication from Mr. Cahill was read by the Clerk:

PUBLIC UTILITIES COMMISSION

CITY AND COUNTY OF SAN FRANCISCO

June 21, 1939.

Subject: Request of Great Highway Club for Bus Service.

The Honorable, the Board of Supervisors, City Hall, San Francisco, California.

Attention: Mr. David A. Barry, Clerk.

Gentlemen: It has been brought to my attention that Supervisor McGowan has asked for a report on the subject of a Municipal Railway bus line for the Great Highway in the Sunset District. The reason I have not made any report on this subject is as follows:

1. In the course of the last six or eight months your Honorable Board has appropriated approximately $600,000 from the Municipal Railway surplus and depreciation funds for the purpose of extending Municipal Railway service. These appropriations have practically exhausted the funds available at the present time for extensions.

2. The Public Utilities Commission has approximately thirty requests similar to that of the Great Highway District, for extensions of Municipal Railway service in various portions of the City and County of San Francisco.

3. Anticipating the employment of Mr. Charles Purcell as consulting traffic engineer by the City and County of San Francisco, the Public Utilities Commission has not gone into the subject of further service at this time because:

(a) The Public Utilities Commission desires the advice and recommendations of Mr. Purcell.

(b) Money is not available at the present time to establish additional service.

Your Honorable Board is, of course, aware that the only sources from which we can derive moneys to be used for extending any utility are: (1) a bond issue; (2) surplus earnings.

As neither the one nor the other is available now, the Public Utilities Commission has thought best to await the advice of Mr. Charles Purcell.

Very truly yours,
(Sgd) E. G. CAHILL,
Manager of Utilities.

Food Stamps for Distribution of Surplus Food Commodities to the Needy.

Supervisor Brown called attention to the use of food stamps for distribution of surplus food commodities to the needy, which subject matter on its previous presentation to the Board by him had been referred to the Welfare Committee, and announced that Mr. Hadeler, of the Retail Grocers Association of San Francisco, who is attending a convention in the east, had requested postponement of consideration thereof until his return in about two weeks' time. The Committee would have a complete report to make thereon at a later date.

Motion Picture, "San Francisco Salutes You."

Supervisor Brown called attention to the motion picture, "San Francisco Salutes You," shown to the members after the meeting of June 12, 1939, and moved that the Board recommend same to the Chief Administrative Officer as a worth-while production with the request that he investigate the picture with the view of having the City sponsor it if he sees fit so to do.

No objection and *so ordered.*

Supervisor Brown requested, also, that Mr. M. L. Richards be notified of the action just taken by the Board.

So ordered.

Parking Meters.

Supervisor Uhl called attention to his motion for the repeal of the Parking Meter Ordinance, which had been referred to the Streets Committee, and requested that, due to the illness of the Chairman of the Streets Committee, the matter be brought back to the Board for consideration.

In reply thereto, Supervisor Shannon, member of the Streets Committee, stated he thought there should be a committee hearing on the matter, and announced a meeting of Streets Committee for Wednesday, June 28, 1939, and the motion by Supervisor Uhl would be placed at the head of the Calendar.

On his arrival in the Chambers, Mr. Cahill, Manager of Utilities, stated that there were pending in his office a large number of requests for transportation, some of them with more names than the petition for the bus line along the Great Highway. However, there is no money available for new bus lines at present, and awaiting a report from Mr. Purcell, who is to undertake a traffic and transportation survey, and after study of all requests for bus lines.

Supervisor McGowan, thereupon, explained to interested citizens present the inability of the Supervisors to act in their behalf, and he requested that a copy of the communication from Mr. Cahill, in answer to his letter, be sent to the various improvement clubs in the Sunset District.

Amendment to the Raker Act.

The City Attorney, in reply to statement by the Chair as to the purpose of the recessed meeting, stated that not knowing just what the Board desired in the proposed amendment to the Raker Act, had no legislation ready for discussion. However, he would have the language of the desired amendment ready for consideration of the Board at its meeting on Monday, June 26th, 1939.

Motion.

Supervisor McGowan suggested a possible bad effect should a committee be appointed to go to Washington to advocate a proposed amendment to the Raker Act, and Congress should adjourn before any action could be taken thereon, and moved that a telegram be directed to Congressmen Welch and Havenner, asking their opinion as to when Congress would adjourn, and if an attempt should be made to have Congress consider the proposed amendment at this session. Motion seconded by Supervisor Brown.

Amendment to Motion.

After lengthy discussion and several suggestions, the motion, as amended, to direct a telegram to Congressmen Welch and Havenner, asking their opinion as to when Congress will adjourn and the possibility of a hearing in Committee and consideration in Congress during the present session, and notifying them that copy of proposed amendment will be forwarded to them on Monday, June 26, 1939. The telegram should also request that they confer with Senator Johnson, with the view of having a companion bill introduced in the Senate. Reply to be requested in time for the meeting of the Board on Monday, June 26, 1939.

Motion, as Amended, Adopted.

Thereupon, the roll was called, and the motion, as amended, was *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Mead, Schmidt, Shannon, Uhl—7.

No—Supervisor McSheehy—1.

Absent—Supervisors Meyer, Ratto, Roncovieri—3.

Motion.

Supervisor McGowan moved that a telegram be directed to Congressmen Havenner and Welch asking their opinion as to when they believe Congress will adjourn, and if an attempt should be made at this time to have a hearing before a committee and before Congress at this session.

Supervisor Brown announced he would second the motion, provided reference to "hearing at this time" were deleted.

Proposed deletion *accepted*.

Supervisor Uhl suggested that there be added to telegram that answer before Monday is requested. Amend by notifying Congressmen that City Attorney will present amendment on Monday.

Supervisor Colman suggested that the better verbiage would be to say "copy of amendment will follow," making the telegram read as follows:

Telegram should be sent, asking, to the best of their ability, when Congress will adjourn, and if we will get a hearing at this session. Answer requested before Monday. Copy of amendment will follow.

Supervisor Brown moved that the Board add to the telegram addressed to Congressmen Havenner and Welch request that they immediately confer with Senator Johnson with the view of a companion bill being introduced in the Senate when we supply them with the language of the desired amendment.

Supervisor McGowan moved a telegram be sent to Senator Johnson advising him of the action of the Board so he will be familiar with the matter.

Explanation of Vote.

Supervisor McSheehy, in explanation of his vote on the foregoing motion, reiterated his objection to the amendment of the Raker Act, and repeated statements previously made that the people, at the election on May 19, 1939, were not voting on the Raker Act or on the public distribution of electric energy, but were voting on a $55,000,000 bond issue. He felt that asking Congress to amend the Raker Act

would be a mistake and would have a bad effect on San Francisco's case now pending in court. For that reason, as he had previously voted against amendment of the Raker Act, he would, to be consistent, vote against sending any telegram to our representatives in Washington, or to the appointment of any committee to present the matter before Congress or any committee of Congress.

Draft of Telegram Sent to Congressmen Welch and Havenner Pursuant to Foregoing Motion.

June 22, 1939.

Hon Richard J. Welch, M. C.,
House Office Building,
Washington, D. C.

Hon. Franck R. Havenner, M. C.,
House Office Building,
Washington, D. C.

Board of Supervisors today gave consideration to recommendations as to amendment of Raker Act. City Attorney has been directed to prepare congressional amendment to be submitted to Board for approval on Monday. Amendment will allow City to sell power for resale. Will you indicate possibility of a hearing before House Public Lands Committee during present session. If bill dies in committee or amendment is not adopted will bill lay over until next session or must City present new bill? Proposed copy of amendment will be forwarded to you on Monday. The Board by motion also requested that you confer with Senator Johnson with a view having him introduce a companion bill in the Senate. Any amendments submitted are of course subject to your approval. Would you advise submission at this time or wait new session of Congress? Wire answer collect in time for action on Monday.

David A. Barry,
Clerk, Board of Supervisors.

Notification to Senator Johnson of Action Taken by Board.

Supervisor McGowan moved that a telegram be sent to Senator Johnson advising him of the action of the Board, in order that he might be familiar with the matter.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, Mead, Schmidt, Shannon, Uhl—7.

No—Supervisor McSheehy—1.

Absent—Supervisors Meyer, Ratto, Roncovieri—3.

Draft of Telegram Sent to Senator Hiram Johnson, Pursuant to Foregoing Motion.

June 22, 1939.

Senator Hiram W. Johnson,
Senate Office Building,
Washington, D. C.

Board of Supervisors has today directed sending following telegram to Representatives Welch and Havenner reading as follows: "Hon. Richard J. Welch, M. C., Hon Franck R. Havenner, M. C., Board of Supervisors today gave consideration to recommendations as to amendment of Raker Act. City Attorney has been directed to prepare Congressional Amendment to be submitted to Board for approval on Monday. Amendment will allow City to sell power for resale. Will you indicate possibility of a hearing before House Public Lands Committee during present session. If bill dies in committee or amendment is not adopted will bill lay over until next session or must City present new bill? Proposed copy of amendment will be forwarded to you on Monday. The Board by motion also requested that you confer with Senator Johnson with a view having him introduce a companion bill

in the Senate. Any amendments submitted are, of course, subject to your approval. Would you advise submission at this time or wait new session of Congress? Wire answer collect in time for action on Monday." Board would be very glad to have your views on possibility of having requested amendment considered at present session of Congress and likewise to be advised if you could present and recommend amendment in the Senate. Your views as to whether amendment should be presented now or in time for new session will be appreciated. Wire answer collect in time for Monday's meeting.

DAVID A. BARRY,
Clerk, Board of Supervisors.

Discussion on Amendment to the Raker Act to Be Proposed.

In discussing the proposed amendment to the Raker Act, the City Attorney called attention to the possible effect of Subdivisions (m) and (o) of Section 9 of the Raker Act. However, the consensus of opinion expressed was that any amendment requested be as simple as possible, with the view to clearing up any ambiguity in Section 6 of the Raker Act, and to permit the disposal of electricity by San Francisco in any manner desired.

At the suggestion of Supervisor Colman, the City Attorney was instructed to prepare an amendment to Section 6 of the Raker Act, by omitting any reference to electricity energy, which amendment, if approved by Congress would remove any prohibitions against San Francisco disposing of its electric energy as desired.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Supervisor Brown presented a communication from the San Francisco Real Estate Board, transmitting a copy of resolution adopted by that organization, endorsing the proposed amendment to the Raker Act and requesting that only those people be appointed on a committee to go to Washington in behalf of the proposed amendment who are known to be in favor thereof.

Communication *filed*.

In Memoriam—Edmond Godchaux.
(Series of 1939)

Supervisor Colman presented:

Resolution No. 367, as follows:

Whereas, the Honorable Edmond Godchaux, veteran Recorder of the City and County of San Francisco, has yielded up his official position and gone to his eternal reward, there to have his own name recorded in the Book of Gold; and

Whereas, during almost half a century spent in the service of San Francisco, Edmond Godchaux comported himself with gracious dignity and conducted the affairs of his office with integrity and efficiency; and

Whereas, in his private life, Edmond Godchaux was an affable and courteous gentleman, a conscientious and patriotic citizen, a modest and charitable man; and

Whereas, the friends and business acquaintances of Mr. Godchaux, as well as the people of San Francisco generally, will long mourn and ever cherish the memory of this estimable and beloved character, whose demise leaves a void in their hearts; now, therefore, be it

Resolved, That this Board of Supervisors observes with profound regret the passing of Edmond Godchaux and takes this opportunity to pay tribute to his memory and to express its heartfelt condolences to the members of his bereaved family; and be it

Further Resolved, That when the Board of Supervisors adjourns this day, it does so out of respect to the revered memory of the late Edmond Godchaux.

Unanimously adopted by rising vote.

Adopted.

The following recommendation of the Fire, Safety and Police Committee was taken up:

Requesting San Mateo County Officials to Correct Conditions on Bay Shore Boulevard Responsible for Recent Deaths on That Thoroughfare.

(Series of 1939)

Resolution No. 364, as follows:

Whereas, a number of deaths have occurred on Bay Shore boulevard at the county line; and

Whereas, said deaths have been due to existence of unused street railway tracks and absence of traffic lines; and

Whereas, the globe on the existing electrolier due to height and adjacent street lights is hardly discernible; and

Whereas, there should be cooperation between San Francisco and San Mateo Counties to correct existing conditions responsible for the fatalities; now, therefore, be it

Resolved, That Chief Administrative Officer Alfred J. Cleary take this matter up with San Mateo County officials to correct conditions responsible for fatalities of, not alone San Francisco citizens, but of the public in general.

Adopted by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

Land Acquisition—Ingleside Terraces.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. 365, as follows:

Whereas, on May 6, 1939, Urban Realty Improvement Co., a corporation, executed a quitclaim deed to the City and County of San Francisco, a municipal corporation, for the conveyance of three small parcels of land in Ingleside Terraces, San Francisco; and

Whereas, Ingleside Terraces Homes Association, a non-profit California corporation, by letter dated May 2, 1939, agreed to keep said property landscaped and in good condition if the City accepts title thereto; now, therefore, be it

Resolved, in accordance with the recommendation of the Department of Public Works, that the City and County of San Francisco, a municipal corporation, accept said deed dated May 6, 1939, subject to the above mentioned conditions.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Meyer, Ratto—2.

Adopted.

The following recommendation of his Honor the Mayor, was taken up:

Leave of Absence, Supervisor Arthur M. Brown.

(Series of 1939)

Resolution No. 366, as follows:

Resolved, That in accordance with recommendation of his Honor,

the Mayor, Honorable Arthur M. Brown, member of the Board of Supervisors, be and he is hereby granted a leave of absence for a period of one week, commencing June 23, 1939, with permission to leave the State.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Meyer, Ratto—2.

ADJOURNMENT.

There being no further business, the Board, at the hour of 12:10 p. m., adjourned.

DAVID A. BARRY, Clerk.

MONDAY, JUNE 26, 1939, 2 P. M.

In Board of Supervisors, San Francisco, Monday, June 26, 1939, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Roncovieri—2.

Quorum present.

President Shannon presiding.

Supervisor Roncovieri was noted present at 2:20 p. m.

Supervisor Brown on leave.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of June 19, 1939, was considered read and approved.

SPECIAL ORDER—2 P. M.

Hearing of appeal against assessments for costs and expenses of the improvement on La Salle avenue between Mendell and Third streets, by paving and other work.

No protests received and the Clerk was *directed so to notify the Department of Public Works.*

Consideration of Proposed Amendment to the Raker Act.

City Attorney to submit language of proposed amendment.

Telegrams.

The following telegrams were presented and read by the Clerk:

June 24, 1939.

David Barry, Clerk, Board of Supervisors, City Hall, San Francisco.

Your telegram received. Will consult Chairman of House Public Lands Committee and advise you as soon as he decides whether hearing can be held during present session. If bill is introduced now and not acted upon adversely it will remain alive until next session. Rules of House do not permit joint authorship of any bill. It will therefore be necessary for Board of Supervisors to designate the member

whom they desire to introduce bill. Have advised Senator Johnson of receipt of your telegram, but suggest Board wire him direct.

FRANCK R. HAVENNER, M. C.

June 23, 1939.

Hon. David A. Barry, Clerk, Board of Supervisors, City Hall.

Re your wire when amendment to Raker Act arrives it will be introduced immediately and following procedure it will be referred to Committee on Public Lands. In meantime will take up with Committee and make every effort to obtain a hearing before adjournment, which is indefinite. Bills introduced at this session will carry over to the next session, which will be the last half of the Seventy-sixth Congress. While I have no hesitancy in asking Senator Johnson to introduce a companion bill, it occurs to me by reason of the importance of the matter that it would be better form if request would come directly from Board.

RICHARD J. WELCH, M. C.

Motion.

Supervisor Colman, following the reading of the foregoing telegram, moved that in accordance with suggestions contained in the telegram just read, that the Clerk wire Senator Johnson directly, requesting that he introduce a companion bill in the Senate, and that the Senator be requested to advise the Board, as soon as possible, as to the probable time the matter could be heard. Seconded by Supervisor McGowan.

Motion *carried* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.
No—Supervisor McSheehy—1.
Absent—Supervisor Brown—1.

Supervisor Colman thereupon stated that he thought it better to go ahead and push the matter at the earliest possible moment, consistent with good judgment and the opinion received. Congress does not adjourn, but carries over, and therefore, nothing can be lost in the matter, but opportunity would be afforded, after the introduction of the bill, to acquaint the various members of the Committee to which the matter would be referred with the facts in the case.

Motion.

Supervisor Colman, following the above preliminary statement, moved that the Board of Supervisors request Congressman Richard J. Welch, in view of his seniority, to introduce the proposed amendment as submitted by the City Attorney.

Motion Out of Order.

Whereupon, the Chair declared the motion to be not in order, stating that it would be in order after action had been taken on the proposed amendment.

Adopted.

Thereupon, the following resolution, drafted by the City Attorney, at the request of the Board, was *adopted* by the following vote:

Requesting Presentation in Congress of Proposed Amendment to the Raker Act.

(Series of 1939)

Resolution No. 380, as follows:

Resolved, That the Representatives in the Congress of the United States from the City and County of San Francisco be and they are hereby requested to offer to the Congress a bill in practically the following form to amend the "Raker Act":

AN ACT.

H. B. No. .....

Amending Section 6 of the Act entitled, "An Act Granting to the City and County of San Francisco Certain Rights of Way In, Over and Through Certain Public Lands, the Yosemite National Park and Stanislaus National Forest, and Certain Lands in the Yosemite National Park, the Stanislaus National Forest and the Public Lands in the State of California, and for Other Purposes." Approved December 19, 1913 (38 Stat. 242).

Be It Enacted by the Senate and the House of Representatives of the United States of America in Congress Assembled:

Section 6 of the Act approved December 19, 1913, and entitled as above set forth, is hereby amended to read as follows:

That the words "or the electric energy" be and the same are hereby stricken from the following provision contained in Section 6 of the above entitled Act approved December 19, 1913, and said provision shall henceforth read as follows:

"That the grantee is prohibited from ever selling or letting to any corporation or individual, except a municipality or a municipal water district or irrigation district, the right to sell or sublet the water sold or given to it or him by the said grantee: Provided, that the rights hereby granted shall not be sold, assigned or transferred to any private person, corporation or association, and in case of any attempt to so sell, assign, transfer or convey, this grant shall revert to the Government of the United States."

Adopted by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

No—Supervisor McSheehy—1.

Absent—Supervisor Brown—1.

Explanation of Vote.

Before the preceding roll was called, Supervisor McSheehy explained his vote as follows:

San Francisco, California, June 26, 1939.

To the Honorable the Board of Supervisors.

Gentlemen: On June 19, 1939, a telegram was received from the Honorable Congressmen Welch and Havenner, which reads as follows:

Washington, D. C., June 19, 1939.

With reference to Board of Supervisors' resolution memorializing Congress to amend Raker Act, we respectfully suggest City Attorney be instructed to prepare exact amendments desired and that Board of Supervisors appoint Committee to appear before the Committee on Public Lands of House of Representatives which will have jurisdiction over such amendments and assist in presenting the facts. If hearing is desired this session of Congress immediate action will be necessary.

RICHARD J. WELCH, M. C.,
FRANCK R. HAVENNER, M. C.

May I state that a great mistake would be made in sending this Committee for the following reasons:

1. The Honorable Harold Ickes, Secretary of the Interior, notified this Board that the City and County of San Francisco was not complying with Section 6 of the Raker Act, which is a contract between the City and County of San Francisco and the United States Government, in which the City and County of San Francisco is allowed to

2. An injunction was issued by the Federal Court prohibiting the use the waters from Hetch Hetchy, which is part of the Yosemite National Park, for our water supply and for generating power.

sale of power by the City and County of San Francisco to the Pacific Gas and Electric Company. This was followed by action of a majority of this Board of Supervisors instructing the City Attorney to appeal from the decision of the Federal Court.

3. On June 12 by resolution of a majority of the members of this Board, Congress was memorialized to amend Section 6 of the Raker Act and by so doing placed itself in a contradictory position of seeking to amend a section which the repeal contends does not prohibit the City from the sale of electric energy to the private power company. Or, in other words, gentlemen, the resolution which a majority of this Board has passed, acknowledges something which the appeal denies.

4. You have before you this afternoon, gentlemen, a resolution authorizing the appointment of a Committee to go to Washington and appear before a Congressional Committee in support of the proposed amendments. This action, if followed, will jeopardize the appeal and act to arouse resistance from a President, a Secretary of the Interior and a Congress with a record of a favorable attitude toward ownership and operation by political subdivisions of water, power and other natural resources.

For these reasons, gentlemen, I am voting NO on this resolution and I wish my vote so recorded, printed in the Journal and made a part of the record.

Respectfully,

JAMES B. McSHEEHY, Supervisor.

Renewal of Motion.

Whereupon, Supervisor Colman, seconded by Supervisor McGowan, renewed his motion, previously declared out of order, that the Board request the senior Representative in Congress, Honorable Richard J. Welch, to introduce this proposed bill in Congress.

Motion *carried* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.
No—Supervisor McSheehy—1.
Absent—Supervisor Brown—1.

Motion.

Supervisor Uhl moved that the Clerk wire Congressman Havenner, advising him of the above action taken by the Board.

Motion *carried* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.
No—Supervisor McSheehy—1.
Absent—Supervisor Brown—1.

Motion.

Supervisor Colman moved that we wire both Congressmen, Welch and Havenner, that it is the desire of the Board to press this proposed amendment, if possible, at the present session of Congress, and to inquire as to the possibility of such action.

Motion *carried* by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.
No—Supervisor McSheehy—1.
Absent—Supervisor Brown—1.

UNFINISHED BUSINESS.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

Controller to File with U. S. Commissioner of Internal Revenue Reports Required by Revenue Act of 1938 and Public Salary Tax Act of 1939.

(Series of 1939)

Bill No. 194, Ordinance No. 193, as follows:

Authorizing and directing the Controller to file with the Commissioner of Internal Revenue, Treasury Department of the United States information and reports as required by the "Revenue Act of 1938" and the "Public Salary Tax Act of 1939" and authorizing and directing the Controller to prescribe the procedure for the departmental accounting and reporting required thereunder.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to the provisions of Section 147, "Revenue Act of 1938," and the regulations issued thereunder, and as the same has been extended by the provisions of the "Public Salary Tax Act of 1939" the Controller is hereby directed, and it shall be his duty to file with the Commissioner of Internal Revenue such returns regarding "Information at Source" under such regulation and in such manner and form and to such extent as may be prescribed by the Commissioner of Internal Revenue, Treasury Department of the United States.

Section 2. The Controller is hereby directed and it shall be his duty to prescribe the procedure for the accounting and reporting required hereunder, such procedure when established by the Controller shall constitute a part hereof.

Section 3. All officers, Boards and Commissions of the City and County of San Francisco shall keep such records and render to the Controller such reports that said Controller may require to comply with the provisions of Section No. 1 of this ordinance. The failure of any officer to keep such records and to furnish said reports to the Controller upon the demand of the latter shall be deemed dereliction of duty and said failure shall be reported by the Controller to the Mayor.

Approved as to form by the City Attorney.

Finally passed by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—9.
Absent—Supervisors Brown, Roncovieri—2.

Amending Ordinance No. 9.051540 to Provide for Purchase of Five Street Cars Instead of Four.

(Series of 1939)

Also, Bill No. 195, Ordinance No. 194, as follows:

Amending Ordinance No. 9.051540, entitled: "Authorizing a Supplemental Appropriation of $112,000 from the Municipal Railway Reconstruction and Replacement Fund for Purchase of Four New Street Cars and Incidental Expenses in Connection Therewith," by amending Section 1 thereof to provide for the purchase of five street cars instead of four, as follows:

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 9.051540, the title of which is recited above, is hereby amended to read as follows:

Section 1. The sum of $112,000 is hereby appropriated out of the Municipal Railway Reconstruction and Replacement Fund to the credit of Appropriation No. 65.913.14, to provide funds for the purchase of five new street cars, spare parts therefor and the engineering and traveling expenses in connection with the preparation of plans, speci-

fications and the inspection of construction of said cars, upon the condition that the said purchase will not require any additional appropriation.

Approved as to form by the City Attorney.

Recommended by the Manager of Utilities.

Approved by the Public Utilities Commission (Resolution No. 3250).

Approved as to funds available by the Controller.

Approved by the Mayor.

Finally passed by the following vote:

Ayes—Supervisors Colman, McGowan, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, McSheehy, Roncovieri—3.

Statement by Supervisor McSheehy.

Subsequently during the proceedings, Supervisor McSheehy requested the record to show that he had been called out from the meeting at the time of the consideration of the foregoing bill, but that had he been present, he would have voted "No" thereon.

Appropriation of $3,000 from 1937 Park Fund Surplus for Purchase of Miscellaneous Equipment for Golden Gate Park and Other Parks and Squares.

(Series of 1939)

Also, Bill No. 196, Ordinance No. 195, as follows:

Appropriating $3,000 out of the surplus existing in Appropriation No. 712.000.00 to the credit of Appropriation No. 812.400.01, to provide funds for the purchase of miscellaneous equipment, required for the maintenance and operation of Golden Gate Park and the various parks and squares.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $3,000 is hereby appropriated out of the surplus existing in Appropriation No. 712.000.00 to the credit of Appropriation No. 812.400.01, to provide funds for the purchase of miscellaneous equipment required for the maintenance and operation of Golden Gate Park and the various parks and squares.

Section 2. The above described land shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco, subject to the following reservations and conditions:

1. There is hereby expressly reserved by the City, its successors and assigns, as against the parcel of land hereinbefore described, all water which may or might flow in a stream or water course to which said land or any portion thereof is or may be riparian; and the right to withdraw, drain and divert to any point such water from any such stream or water course at any point above or below said land; also the right to take by pumps or other means located on any lands of the City other than the parcel of land hereinabove described, from the subterranean strata, underlying said parcel of land, such water as it may now or hereafter desire for use or disposal either upon such lands or elsewhere.

2. The City hereby reserves the right to take and divert 15,000,000 gallons of water daily from those certain lands in the vicinity of Pleasanton as set forth in deed from Spring Valley Water Company, dated March 3, 1930, and recorded March 3, 1930, in Liber 2350 of Official Records, at page 1, Alameda County Records. This reservation shall not be construed to prohibit the grantee from withdrawing water by means of wells from the hereinabove described parcel of land for use on said parcel of land or upon lands of the grantee immediately adjoining said parcel, or on other contiguous lands that may be acquired by said grantee; provided that such withdrawal by the grantee shall be understood and agreed to be in lieu of an equivalent amount of water which the grantee may be entitled to withdraw from said adjoining and contiguous lands. The provisions of this paragraph shall never be construed to limit or abridge the rights of the City to take and divert said 15,000,000 gallons of water daily when required.

3. Those certain reservations of the Spring Valley Water Company as set forth in Parcel 71, Alameda County Lands, in the hereinabove mentioned deed from the Spring Valley Water Company to the City and County of San Francisco.

Requesting His Excellency Governor Olson to Declare Monday, July 3, 1939, a Legal Holiday.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 368, as follows:

Whereas, Independence Day, July 4th, falls this year on Tuesday, after the first Monday in July; and

Whereas, the great national holiday which we celebrate each year upon the Fourth of July commemorating as it does, the Declaration of Independence, constitutes the occasion for reverent and enthusiastic ceremonies designed for the proper observance of this historic event and to inculcate and promote in our people a deep love of country and spirit of patriotism; and

Whereas, because one day intervenes between the first week-end in July, and the Fourth of July, the opportunity for a three- or four-day celebration is precluded the people thus depriving them of the chance uninterruptedly to visit and remain in the country; and

Whereas, many organizations, including the Building Trades Council have already made arrangements which will permit their members a holiday on Monday, July 3rd, as well as July 4th; now, therefore, be it

Resolved, That this Board of Supervisors does hereby petition His Excellency Governor Olson and does respectfully urge that he exercise that prerogative vested in him by virtue of his office, to the end that Monday, July 3rd, 1939, may be declared a legal holiday; and be it

Further Resolved, That a copy of this resolution be immediately sent to Governor Culbert L. Olson.

Adopted by the following vote:

Ayes—Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

Intention to Change and Establish Grades on Twenty-fourth Avenue Between Quintara and Rivera Streets.

(Series of 1939)

Supervisor Ratto presented:

Resolution No. 379, as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Order No. 10,782, of the Director of Public Works dated June 16, 1939, making written recommendation of said action, filed with said Board January 20, 1939, to-wit:

Twenty-fourth Avenue.

Quintara street ..... 423 ft.
(The same being the present official grade.)
Rivera street ..... 404 ft.
(The same being the present official grade.)

On Twenty-fourth avenue between Quintara and Rivera streets be changed and established to conform to true gradients between the grade elevations above given therefor.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades.

The Director of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

These proceedings are instituted in accordance with the "Change of Grade Act of 1909." The San Francisco News is hereby designated as the newspaper in which this resolution shall be published.

Supervisor Uhl called attention to week-end collision on the San Francisco-Oakland Bay Bridge, resulting in the death of the driver of one of the colliding machines, and in connection therewith, called attention, also, to resolution presented by himself and adopted by the Board, in which the Governor was requested to recommend to the Toll Bridge Authority a proposal for separation of traffic on the

bridge. In connection therewith, Supervisor Uhl requested that the Clerk inquire as to the status of the matter.

Reconsideration of Low Cost Housing Elimination Agreement.

Supervisor Uhl moved that Consideration of Rescinding action whereby Resolution No. 362, authorizing the execution of an agreement for the elimination of unsafe and insanitary dwelling units, be placed on the Calendar for the next meeting of the Board, and made a Special Order of Business for 2:30 p. m.

No objection, and *so ordered.*

Condemnation of Property at Grove and Cole Streets.

Supervisor Uhl called attention to property at Grove and Cole streets, condemned and ordered removed several years ago, which order, due to a technicality, had not been carried out. The Clerk presented a petition from residents of the neighborhood requesting the institution of proceedings to compel the condemnation and removal of property in question.

Referred to Health Committee.

Postponement of Consideration of Paint Spray Ordinance.

In view of the possibility of no meeting of the Board on Monday, July 3, 1939, and pursuant to request by the Pacific American Steamship Association, Supervisor Uhl, seconded by Supervisor McGowan, moved that consideration of the proposed Paint Spray Ordinance, previously set as a special order of business for Monday, July 3, 1939, be postponed until Monday, July 10, 1939, and made a Special Order of Business at 2:30 p. m.

No objection and *so ordered.*

Supervisor Schmidt Excused from Attendance at Meetings.

At his own request, Supervisor Schmidt was excused from attendance at meetings of the Board for a two weeks' period.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:15 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors July 5, 1939.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.
